Zurich, March 24, 2011 The Board of Directors of Credit Suisse Group AG today announced its proposals for the Annual General Meeting of April 29, 2011. Credit Suisse Group AG today published its 2010 Annual Report, which includes the Compensation Report, as well as its Corporate Responsibility Report and Company Profile.

For the Annual General Meeting of April 29, 2011 the Board of Directors of Credit Suisse Group AG proposes, as previously announced, the distribution of CHF 1.30 per registered share against reserves from capital contributions. If the motion is approved by the Annual General Meeting, the distribution will be made on May 6, 2011.

2010 Compensation Report

The 2010 Compensation Report, which forms part of Credit Suisse Group AG's Annual Report, will be presented to the Annual General Meeting for a consultative vote.

Increase of conditional capital for the purpose of contingent convertible bonds

The Board of Directors proposes that additional conditional capital be created for the purpose of contingent convertible bonds and that the Articles of Association are amended accordingly. This responds to legislative proposals which include using additional sources of capital, namely contingent capital, to fulfill new bank capital adequacy rules. Credit Suisse supports these proposals and is convinced that contingent

Out of the remaining 400 million shares, if authorized, the Board of Directors will allocate a further 300 million shares to the Tier 1 Buffer Capital Notes sold in a forward transaction to two strategic investors in February 2011.

capital can be a material source of capital for the banking industry. Credit Suisse has endeavored to create clarity for its shareholders by acting decisively to implement the necessary measures.

The Board of Directors proposes that the Articles of Association are amended to provide for a conditional capital increase from the current level of CHF 4,000,000 (equivalent to 100 million shares) up to a maximum of CHF 20,000,000 (equivalent to 500 million shares) of which at least CHF 16,000,000 (equivalent to 400 million shares) may be used exclusively in connection with contingent convertible bonds. Contingent convertible bonds will be used exclusively to strengthen the bank's equity capital base in order to comply with regulatory requirements.

100 million shares from the conditional capital that have already been issued were allocated to the issuance in February 2011 of USD 2 billion Tier 2 Buffer Capital Notes. Out of the remaining 400 million shares, if authorized, the Board of Directors will allocate a further 300 million shares to the Tier 1 Buffer Capital Notes sold in a forward transaction to two strategic investors in February 2011.

Renewal of authorized capital

The Board of Directors proposes that the authorized capital of CHF 4,000,000 (equivalent to 100 million shares) be renewed and that the Articles of Association are amended to provide for an extension of the availability of the authorized capital at a current level from April 24, 2011 to April 29, 2013.
