Item 7.01. Regulation FD Disclosure.

In November 2007, representatives of HealthSouth Corporation, a Delaware corporation (the Company), will make presentations at investment banking conferences using slides containing the information attached to this Current Report on Form 8-K as Exhibit 99. The presentation will provide an overview of the post-acute care marketplace and will address the Company's post-acute strategy and growth expectations.

References herein to we, our, or us refer to the Company and its subsidiaries unless otherwise stated or indicated by context. The information in this Current Report on Form 8-K, including the information set forth in Exhibit 99, shall not be deemed filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the Exchange Act), nor shall it be incorporated by reference in any filing under the Securities Act of 1933, as amended, or the Exchange Act, except as expressly set forth by reference in such a filing.

Note Regarding Presentation of Non-GAAP Financial Measures

The financial data contained in the presentation includes non-GAAP financial measures, including Adjusted Consolidated EBITDA. The Company continues to believe Adjusted Consolidated EBITDA under its Credit Agreement is a measure of leverage capacity, its ability to service our debt, and its ability to make capital expenditures. However, as we continue to deleverage our balance sheet and the large, non-ordinary course charges related to the sins of the past are behind us, this measure will become less significant.

We use Adjusted Consolidated EBITDA on a consolidated basis as a liquidity measure. We believe this financial measure on a consolidated basis is important in analyzing our liquidity because it is the key component of certain material covenants contained within our Credit Agreement, which is discussed in more detail in the Company's Current Report on Form 8-K filed on March 30, 2007 (the March 2007 Form 8-K). These covenants are material terms of the Credit Agreement, and the Credit Agreement represents a substantial portion of our capitalization.

In general terms, the definition of Adjusted Consolidated EBITDA, per our Credit Agreement, allows us to add back to Adjusted Consolidated EBITDA all unusual non-cash items or non-recurring items. These items include, but may not be limited to, (1) expenses associated with government, class action, and related settlements, (2) fees, costs, and expenses related to our recapitalization transactions, (3) any losses from discontinued operations and closed locations, (4) charges in respect of professional fees for reconstruction and restatement of financial statements, including fees paid to outside professional firms for matters related to internal controls and legal fees for continued litigation defense and support matters discussed in Note 25, *Contingencies and Other Commitments*, to the consolidated financial statements included in our March 2007 Form 8-K, (5) compensation expenses recorded in accordance with FASB Statement No. 123 (R), *Share-Based Payment*, (6) investment and other income (including interest income), and (7) fees associated with our divestiture activities. We reconcile Adjusted Consolidated EBITDA to *Net income (loss)*.

However, Adjusted Consolidated EBITDA is not a measure of financial performance under generally accepted accounting principles in the United States of America (GAAP), and the items excluded from Adjusted Consolidated EBITDA are significant components in understanding and assessing financial performance. Therefore, Adjusted Consolidated EBITDA should not be considered a substitute for *Net income (loss)* or cash flows from operating, investing, or financing activities. Because Adjusted Consolidated EBITDA is not a measurement determined in accordance with GAAP and is thus susceptible to varying calculations, Adjusted Consolidated EBITDA, as presented, may not be comparable to other similarly titled measures of other companies. Revenues and expenses are measured in accordance with the policies and procedures described in the March 2007 Form 8-K.
