Delaware Investments Colorado Insured Municipal Income Fund, Inc. Adjourns Annual Shareholder Meeting with Respect to a Proposal to Change Certain Fundamental Investment Policies

PHILADELPHIA, September 13, 2007 - Delaware Investments Colorado Insured Municipal Income Fund, Inc. (ASE: VCF) (the "Fund") today announced the adjournment of its Annual Meeting of Shareholders (the "Annual Meeting") until September 27, 2007 at 3:00 p.m., local time, at which time it will be reconvened at the offices of Delaware Investments, One Commerce Square, 2005 Market Street, 30th Floor Board Room, Philadelphia, PA. The Annual Meeting was adjourned to give the Fund additional time to solicit proxies for a proposal to change certain of its fundamental investment policies.

Shareholders of the Fund are being asked to vote on a proposal to eliminate a fundamental investment policy requiring the Fund to invest primarily in insured Colorado municipal securities rated AAA, and permitting the Fund, as a non-fundamental investment policy, to invest without limitation in uninsured, investment grade Colorado municipal securities (including those rated below AAA). If these changes to the fundamental investment policy are approved, the Fund may invest up to 20% of its net assets in non-investment grade Colorado municipal securities as a non-fundamental investment policy. If the proposed changes are approved by shareholders, the Fund will be renamed the Delaware Investments Colorado Municipal Income Fund, Inc., consistent with its new, uninsured investment strategy.

If these changes are approved by the Fund's shareholders, the investment

objective of the Fund, which is non-fundamental, will continue to be to provide current income exempt from regular federal income tax and Colorado state income tax, consistent with the preservation of capital. Under normal circumstances, the Fund will invest at least 80% of its net assets in investment grade quality Colorado municipal bonds. The Fund will be able to invest up to 20% of its net assets in municipal obligations issued by or on behalf of territories of the United States - such as Guam, the U.S. Virgin Islands or Puerto Rico - that are exempt from Colorado and federal income tax, subject to the Fund's fundamental investment policy to invest 80% of its net assets in Colorado municipal obligations. Additionally, the Fund will be able to invest up to 20% of its net assets in municipal bonds with an investment rating of Ba/BB or lower, or that are unrated but judged to be of comparable quality by the Fund's investment adviser. Investment in municipal bonds of below investment grade quality involves special risks as compared with investment in higher grade municipal bonds. These risks include greater sensitivity to economic downturns in Colorado or in the United States generally. Securities rated below investment grade are commonly known as "junk bonds." These securities are regarded as predominantly speculative with respect to the issuer's ability to pay interest and repay principal owed.

The management of the Fund believe that permitting the Fund to invest without limitation in investment grade Colorado municipal securities (those rated BBB or above) and up to 20% of its net assets in non-investment grade municipal securities will allow the portfolio managers and research analysts to take greater advantage of investment opportunities that may generate higher current yield for the Fund's shareholders. Management believes that broadening the Fund's authority to invest in this area will improve the portfolio managers' flexibility in meeting the Fund's investment objective.
