STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

Certain statements in this Quarterly Report on Form 10-Q (this “10-Q”) contain “forward-looking” information as that term is defined by the Private Securities Litigation Reform Act of 1995. Any statements that do not relate to historical or current facts or matters are forward-looking statements. Examples of forward-looking statements include all statements regarding our expected future financial position, results of operations, cash flows, liquidity, financing plans, business strategy, budgets, the expected amounts and timing of dividends and other distributions, projected expenses and capital expenditures, competitive position, growth opportunities, potential investments, plans and objectives for future operations, and compliance with and changes in governmental regulations. You can identify some of the forward-looking statements by the use of forward-looking words such as “anticipate,” “believe,” “plan,” “estimate,” “expect,” “intend,” “should,” “may” and other similar expressions, although not all forward-looking statements contain these identifying words.

Our actual results may differ materially from those projected or contemplated by our forward-looking statements as a result of various factors, including, among others, the following:

- our dependence on Genesis Healthcare, Inc. (“Genesis”) and certain wholly owned subsidiaries of Holiday AL Holdings LP (collectively, “Holiday”) until we are able to further diversify our portfolio;
- our dependence on the operating success of our tenants;
- the significant amount of and our ability to service our indebtedness;
- covenants in our debt agreements that may restrict our ability to pay dividends, make investments, incur additional indebtedness and refinance indebtedness on favorable terms;
- increases in market interest rates;
- changes in foreign currency exchange rates;
- our ability to raise capital through equity and debt financings;
- the impact of required regulatory approvals of transfers of healthcare properties;
- the effect of increasing healthcare regulation and enforcement on our tenants and the dependence of our tenants on reimbursement from governmental and other third-party payors;
- the relatively illiquid nature of real estate investments;
- competitive conditions in our industry;
- the loss of key management personnel or other employees;
- the impact of litigation and rising insurance costs on the business of our tenants;
- the effect of our tenants declaring bankruptcy or becoming insolvent;
- uninsured or underinsured losses affecting our properties and the possibility of environmental compliance costs and liabilities;
- the ownership limits and anti-takeover defenses in our governing documents and Maryland law, which may restrict change of control or business combination opportunities;
- the impact of a failure or security breach of information technology in our operations;
- our ability to find replacement tenants and the impact of unforeseen costs in acquiring new properties;
- our ability to maintain our status as a real estate investment trust (“REIT”); and
- compliance with REIT requirements and certain tax and tax regulatory matters related to our status as a REIT.

We urge you to carefully consider these risks and review the additional disclosures we make concerning risks and other factors that may materially affect the outcome of our forward-looking statements and our future business and operating results, including those made in Part I, Item 1A, “Risk Factors” of our Annual Report on Form 10-K for the year ended December 31, 2015 (our “2015 Annual Report on Form 10-K”), as such risk factors may be amended, supplemented or superseded from time to time by other reports we file with the Securities and Exchange Commission (the “SEC”), including subsequent Annual Reports on Form 10-K and Quarterly Reports on Form 10-Q. We caution you that any forward-looking statements made in this 10-Q are not guarantees of future performance, events or results, and you should not place undue reliance on these forward-looking statements, which speak only as of the date of this

report. We do not intend, and we undertake no obligation, to update any forward-looking information to reflect events or circumstances after the date of this 10-Q or to reflect the occurrence of unanticipated events, unless required by law to do so.

SABRA HEALTH CARE REIT, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

(unaudited)

1. BUSINESS

Overview

Sabra Health Care REIT, Inc. (“Sabra” or the “Company”) was incorporated on May 10, 2010 as a wholly owned subsidiary of Sun Healthcare Group, Inc. (“Sun”) and commenced operations on November 15, 2010 following Sabra's separation from Sun (the "Separation Date"). Sabra elected to be treated as a real estate investment trust (“REIT”) with the filing of its U.S. federal income tax return for the taxable year beginning January 1, 2011. Sabra believes that it has been organized and operated, and it intends to continue to operate, in a manner to qualify as a REIT. Sabra’s primary business consists of acquiring, financing and owning real estate property to be leased to third party tenants in the healthcare sector. Sabra primarily generates revenues by leasing properties to tenants and operators throughout the United States and Canada. Sabra owns substantially all of its assets and properties and conducts its operations through Sabra Health Care Limited Partnership, a Delaware limited partnership (the “Operating Partnership”), of which Sabra is the sole general partner and Sabra's wholly owned subsidiaries are currently the only limited partners, or by subsidiaries of the Operating Partnership. The Company’s investment portfolio is primarily comprised of skilled nursing/transitional care facilities, senior housing facilities, an acute care hospital, investments in loans receivable and preferred equity investments.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Principles of Consolidation and Basis of Presentation

The accompanying condensed consolidated financial statements include the accounts of Sabra and its wholly owned subsidiaries as of June 30, 2016 and December 31, 2015 and for the periods ended June 30, 2016 and 2015. All significant intercompany transactions and balances have been eliminated in consolidation.

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with U.S. generally accepted accounting principles (“GAAP”) for interim financial information as contained within the Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) and the rules and regulations of the Securities and Exchange Commission (the “SEC”), including the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, the unaudited condensed consolidated financial statements do not include all of the information and footnotes required by GAAP for financial statements. In the opinion of management, the financial statements for the unaudited interim periods presented include all adjustments, which are of a normal and recurring nature, necessary for a fair statement of the results for such periods. Operating results for the three and six months ended June 30, 2016 are not necessarily indicative of the results that may be expected for the year ending December 31, 2016. For further information, refer to the Company’s consolidated financial statements and notes thereto for the year ended December 31, 2015 included in the Company’s 2015 Annual Report on Form 10-K filed with the SEC.

GAAP requires the Company to identify entities for which control is achieved through voting rights or other means and to determine which business enterprise is the primary beneficiary of variable interest entities (“VIEs”). A VIE is broadly defined as an entity with one or more of the following characteristics: (a) the total equity investment at risk is insufficient to finance the entity's activities without additional subordinated financial support; (b) as a group, the holders of the equity investment at risk lack (i) the ability to make decisions about the entity's activities through voting or similar rights, (ii) the obligation to absorb the expected losses of the entity, or (iii) the right to receive the expected residual returns of the entity; or (c) the equity investors have voting rights that are not proportional to their economic interests, and substantially all of the entity's activities either involve, or are conducted on behalf of, an investor that has disproportionately few voting rights. If the Company were determined to be the primary beneficiary of the VIE, the Company would consolidate investments in the VIE. The Company may change its original assessment of a VIE due to events such as modifications of contractual arrangements that affect the characteristics or adequacy of the entity's equity investments at risk and the disposal of all or a portion of an interest held by the primary beneficiary.

The Company identifies the primary beneficiary of a VIE as the enterprise that has both: (i) the power to direct the activities of the VIE that most significantly impact the entity's economic performance; and (ii) the obligation to absorb losses or the right to receive benefits of the VIE that could be significant to the entity. The Company performs this analysis on an ongoing basis.

As of June 30, 2016, the Company determined it was the primary beneficiary of two senior housing facilities and has

8

Table of Contents

consolidated the operations of the facilities in the accompanying condensed consolidated financial statements. As of June 30, 2016, the Company determined that operations of the facilities were not material to the Company's results of operations, financial condition or cash flows.

As it relates to investments in loans, in addition to the Company's assessment of VIEs and whether the Company is the primary beneficiary of those VIEs, the Company evaluates the loan terms and other pertinent facts to determine if the loan investment should be accounted for as a loan or as a real estate joint venture. If an investment has the characteristics of a real estate joint venture, including if the Company participates in the majority of the borrower's expected residual profit, the Company would account for the investment as an investment in a real estate joint venture and not as a loan investment. Expected residual profit is defined as the amount of profit, whether called interest or another name, such as an equity kicker, above a reasonable amount of interest and fees expected to be earned by a lender. At June 30, 2016, none of the Company's investments in loans are accounted for as real estate joint ventures. As it relates to investments in joint ventures, the Company assesses any limited partners' rights and their impact on the presumption of control of the limited partnership by any single partner. The Company reassesses its determination of which entity controls the joint venture if: there is a change to the terms or in the exercisability of the rights of any partners, the sole general partner increases or decreases its ownership of limited partnership interests, or there is an increase or decrease in the number of outstanding limited partnership interests. The Company also applies this guidance to managing member interests in limited liability companies.

Use of Estimates

The preparation of the condensed consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the condensed consolidated financial statements and accompanying notes. Actual results could materially differ from those estimates.

Reclassifications

Certain amounts in the Company's condensed consolidated financial statements for prior periods have been reclassified to conform to the current period presentation. These reclassifications have not changed the results of operations of prior periods. As a result, certain reclassifications were made to the condensed consolidated balance sheets and condensed consolidated statements of income. As of December 31, 2015, there was \$17.3 million of deferred financing costs related to the Company's mortgage notes, term loans and senior unsecured notes that were previously reported within "prepaid expenses, deferred financing costs and other assets, net" that were reclassified in accordance with ASU 2015-03 to their respective debt liability financial statement line items on the Company's condensed consolidated balance sheet.

Recently Issued Accounting Standards Update

In January 2016, the FASB issued ASU 2016-01, Financial Instruments—Overall (Subtopic 825-10) ("ASU 2016-01"). ASU 2016-01 updates guidance related to recognition and measurement of financial assets and financial liabilities. ASU 2016-01 requires all equity investments to be measured at fair value with changes in the fair value recognized through net income (other than those accounted for under the equity method of accounting or those that result in consolidation of the investee). The amendments in ASU 2016-01 also require an entity to present separately in other comprehensive income the portion of the total change in the fair value of a liability resulting from a change in the instrument-specific credit risk when the entity has elected to measure the liability at fair value in accordance with the fair value option for financial instruments. In addition, the amendments in ASU 2016-01 eliminate the requirement to disclose the methods and significant assumptions used to estimate the fair value that is required to be disclosed for financial instruments measured at amortized cost on the balance sheet for public business entities. ASU 2016-01 is effective for fiscal years and interim periods within those years beginning after December 15, 2017, with early adoption permitted. The Company is currently evaluating the impact this guidance will have on its consolidated financial statements when adopted.

In February 2016, the FASB issued ASU 2016-02, Leases (Topic 842) ("ASU 2016-02"). ASU 2016-02 supersedes guidance related to accounting for leases. ASU 2016-02 updates guidance around the recognition of lease assets and lease liabilities by lessees for those leases classified as operating leases under previous GAAP. The objective of ASU 2016-02 is to establish the principles that lessees and lessors shall apply to report useful information to users of financial statements about the amount, timing, and uncertainty of cash flows arising from a lease. ASU 2016-02 does

not fundamentally change lessor accounting, however, some changes have been made to lessor accounting to conform and align that guidance with the lessee guidance and other areas within GAAP. ASU 2016-02 is effective for fiscal years and interim periods within those years beginning after December 15, 2018, with early adoption permitted. The Company is currently evaluating the impact this guidance will have on its consolidated financial statements when adopted.

Table of Contents

In March 2016, the FASB issued ASU 2016-07, Equity Method and Joint Ventures (Topic 323) (“ASU 2016-07”). ASU 2016-07 simplifies the accounting for equity method investments. ASU 2016-07 eliminates the requirement in Topic 323 that an entity retroactively adopt the equity method of accounting if an investment qualifies for use of the equity method as a result of an increase in the level of ownership or degree of influence. The amendments require that the equity method investor add the cost of acquiring the additional interest in the investee to the current basis of the investor’s previously held interest and adopt the equity method of accounting as of the date the investment becomes qualified for equity method accounting. ASU 2016-07 is effective for fiscal years and interim periods within those years beginning after December 15, 2016, with early adoption permitted. The Company is currently evaluating the impact this guidance will have on its consolidated financial statements when adopted.

In March 2016, the FASB issued ASU 2016-09, Stock Compensation (Topic 718): Improvements to Employee Share-Based Payment Accounting (“ASU 2016-09”). ASU 2016-09 simplifies several aspects of the accounting for employee share-based payment transactions, including the income tax consequences, classification of awards as either equity or liabilities, and classification on the statement of cash flows. In addition, the amendments in ASU 2016-09 eliminate the guidance in Topic 718 that was indefinitely deferred shortly after the issuance of FASB Statement No. 123 (revised 2004), Share-Based Payment. ASU 2016-09 is effective for fiscal years and interim periods within those years beginning after December 15, 2016, with early adoption permitted. The Company is currently evaluating the impact this guidance will have on its consolidated financial statements when adopted.

In June 2016, the FASB issued ASU 2016-13, Financial Instruments—Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments (“ASU 2016-13”). ASU 2016-13 requires that a financial asset (or a group of financial assets) measured at amortized cost basis be presented at the net amount expected to be collected. The allowance for credit losses is a valuation account that is deducted from the amortized cost basis of the financial asset(s) to present the net carrying value at the amount expected to be collected on the financial asset. The amendments in ASU 2016-13 are an improvement because they eliminate the probable initial recognition threshold in current GAAP and, instead, reflect an entity’s current estimate of all expected credit losses. Previously, when credit losses were measured under GAAP, an entity generally only considered past events and current conditions in measuring the incurred loss. ASU 2016-13 is effective for fiscal years and interim periods within those years beginning after December 15, 2019, with early adoption permitted as of the fiscal years beginning after December 15, 2018. An entity will apply the amendments in this update through a cumulative-effect adjustment to retained earnings as of the beginning of the first reporting period in which the guidance is effective (that is, a modified-retrospective approach). The Company is currently evaluating the impact this guidance will have on its consolidated financial statements when adopted.

	\$1,908,667	\$2,039,616

Contingent Consideration Arrangements

In connection with four of its real estate acquisitions, the Company entered into contingent consideration arrangements. Under the contingent consideration arrangements, the Company may pay out additional amounts based on incremental value created through the improvement of operations of the acquired facility (a contingent consideration liability) or may be entitled to receive a portion of the original purchase price of the acquired facility if the facility does not meet certain performance hurdles (a contingent consideration asset). The estimated value of the contingent consideration liabilities at the time of purchase was \$3.2 million. The estimated value of the contingent consideration asset at the time of purchase was \$0. The contingent consideration amounts would be determined based on portfolio performance and the tenant achieving certain performance hurdles during 2016 through 2018. To determine the value of the contingent consideration, the Company used significant inputs not observable in the market to estimate the contingent consideration, made assumptions regarding the probability of the portfolio achieving the incremental value and then applied an appropriate discount rate. As of June 30, 2016, based on the potential future performance of these facilities, the contingent consideration liabilities had an estimated value of \$2.3 million, which amount is included in accounts payable in the accompanying condensed consolidated balance sheet, and the

contingent consideration asset had an estimated value of \$0. During the three and six months ended June 30, 2016, the Company recorded an adjustment to decrease the contingent consideration arrangements by \$0.1 million and included this amount in other income (expense) on the accompanying condensed consolidated statements of income.

Table of Contents

Operating Leases

As of June 30, 2016, all of the Company's real estate properties were leased under triple-net operating leases with expirations ranging from one to 16 years. As of June 30, 2016, the leases had a weighted-average remaining term of 9 years. The leases include provisions to extend the lease terms and other negotiated terms and conditions. The Company, through its subsidiaries, retains substantially all of the risks and benefits of ownership of the real estate assets leased to the tenants. In addition, the Company may receive additional security under these operating leases in the form of letters of credit and security deposits from the lessee or guarantees from the parent of the lessee. Security deposits received in cash related to tenant leases are included in accounts payable and accrued liabilities in the accompanying condensed consolidated balance sheets and totaled \$1.6 million as of June 30, 2016 and \$1.3 million as of December 31, 2015. As of June 30, 2016, the Company had a \$3.5 million reserve for unpaid cash rents and a \$1.3 million reserve associated with accumulated straight-line rental income. As of December 31, 2015, the Company had a \$3.5 million reserve for unpaid cash rents and a \$5.3 million reserve associated with accumulated straight-line rental income. As of June 30, 2016, the Company's three largest tenants, Genesis, Holiday and NMS Healthcare, represented 33.6%, 16.6% and 10.4%, respectively, of the Company's annualized revenues. Other than these three tenants, none of the Company's tenants individually represented 10% or more of the Company's annualized revenues as of June 30, 2016.

The Company monitors the creditworthiness of its tenants by reviewing credit ratings (if available) and evaluating the ability of the tenants to meet their lease obligations to the Company based on the tenants' financial performance, including the evaluation of any parent guarantees (or the guarantees of other related parties) of tenant lease obligations. Because formal credit ratings may not be available for most of the Company's tenants, the primary basis for the Company's evaluation of the credit quality of its tenants (and more specifically the tenants' ability to pay their rent obligations to the Company) is the tenants' lease coverage ratios. These coverage ratios include earnings before interest, taxes, depreciation, amortization and rent ("EBITDAR") to rent and earnings before interest, taxes, depreciation, amortization, rent and management fees ("EBITDARM") to rent at the lease level and consolidated EBITDAR to total fixed charges at the parent guarantor level when such a guarantee exists. The Company obtains various financial and operational information from its tenants each month and reviews this information in conjunction with the above-described coverage metrics to identify financial and operational trends, evaluate the impact of the industry's operational and financial environment (including the impact of government reimbursement), and evaluate the management of the tenant's operations. These metrics help the Company identify potential areas of concern relative to its tenants' credit quality and ultimately the tenants' ability to generate sufficient liquidity to meet its obligations, including its obligation to continue to pay the rent due to the Company.

As of June 30, 2016, the future minimum rental payments from the Company's properties held for investment under non-cancelable operating leases was as follows (in thousands):

July 1, 2016 through December 31, 2016	\$101,102
2017	206,293
2018	211,753
2019	217,878
2020	223,849
Thereafter	1,175,118
	\$2,135,993

4. DISPOSITIONS

2016 Dispositions

During the six months ended June 30, 2016, the Company completed the sale of one skilled nursing facility and one acute care hospital for aggregate consideration of \$75.5 million after selling expenses of \$2.2 million. The net carrying value of the assets and liabilities of these facilities, after the impairment loss of \$29.8 million recognized in relation to the acute care hospital, was \$80.1 million, resulting in an aggregate \$4.7 million loss on sale.

Excluding the loss on sale and real estate impairment, the Company recognized \$1.2 million and \$0.3 million of net loss from these facilities during the six months ended June 30, 2016 and 2015, respectively. The sale of these facilities does not represent a strategic shift that has or will have a major effect on the Company's operations and financial results and therefore the results of operations attributable to these facilities have remained in continuing operations.

Table of Contents

2015 Dispositions

During the six months ended June 30, 2015, the Company completed the sale of one skilled nursing facility for consideration of \$1.8 million. The carrying value of the assets and liabilities of this facility was \$0.1 million, which resulted in a \$1.7 million gain.

5. LOANS RECEIVABLE AND OTHER INVESTMENTS

As of June 30, 2016 and December 31, 2015, the Company's loans receivable and other investments consisted of the following (dollars in thousands):

Investment	Quantity	Facility Type	Principal Balance as of June 30, 2016 ⁽¹⁾	Book Value as of June 30, 2016	Book Value as of December 31, 2015	June 30, 2016		Maturity Dates
						Weighted Average Contract Interest Rate of Return	Weighted Average Annualized Effective Interest Rate of Return	
Loans Receivable:								
Mortgage	6	Skilled Nursing / Senior Housing	\$54,211	\$54,282	\$166,277	9.1 %	8.9 %	8/12/16-4/30/18
Construction	3	Senior Housing	15,339	15,444	75,201	9.9 %	9.8 %	10/31/18-3/31/21
Mezzanine	1	Skilled Nursing / Senior Housing	9,640	9,666	15,613	11.0 %	10.8 %	08/31/17
Pre-development	3	Senior Housing	3,847	3,895	3,768	9.0 %	7.7 %	1/28/17 - 9/09/17
Debtor-in-possession	1	Acute Care Hospital	2,216	2,216	13,625	5.0 %	5.0 %	NA
	14		85,253	85,503	274,484	9.4 %	9.1 %	
Loan loss reserve			—	(6,160)	(4,300)			
			\$85,253	\$79,343	\$270,184			
Other Investments:								
Preferred Equity	11	Skilled Nursing / Senior Housing	40,599	40,957	29,993	12.9 %	12.9 %	N/A
Total	25		\$125,852	\$120,300	\$300,177	10.5 %	10.3 %	

⁽¹⁾ Principal balance includes amounts funded and accrued but unpaid interest / preferred return and excludes capitalizable fees.

During the six months ended June 30, 2016, the Company received aggregate proceeds of \$196.1 million, consisting of outstanding principal balance of \$170.8 million and \$25.3 million of accrued and unpaid interest and fees, in final repayments of the Forest Park - Fort Worth construction loan and the Forest Park - Dallas mortgage loan.

As of June 30, 2016, the Company considered four loan receivable investments with principal balances totaling \$32.2 million to be impaired and recorded a provision for loan losses related to these loans of \$1.0 million and \$3.3 million during the three and six months ended June 30, 2016, respectively. As of June 30, 2016, these four loan receivable investments were on nonaccrual status. During the three and six months ended June 30, 2016, the Company decreased its provision for portfolio-based loan losses by \$1.5 million and \$1.4 million, respectively. The Company's specific loan loss reserve and portfolio-based loan loss reserve were \$5.9 million and \$0.3 million, respectively, as of

June 30, 2016. The Company did not record any specific loan loss reserve or portfolio-based loan loss reserve during the three and six months ended June 30, 2015.

Table of Contents

6. DEBT

Mortgage Indebtedness

The Company's mortgage notes payable consist of the following (dollars in thousands):

Interest Rate Type	Principal Balance as of June 30, 2016 ⁽¹⁾	Principal Balance as of December 31, 2015 ⁽¹⁾	Weighted Average Effective Interest Rate at June 30, 2016 ⁽²⁾	Maturity Date
Fixed Rate	\$ 176,996	\$ 177,850	4.01 %	December 2021 - August 2051

⁽¹⁾ Principal balance does not include deferred financing costs of \$2.9 million and \$3.0 million as of June 30, 2016 and December 31, 2015, respectively.

⁽²⁾ Weighted average effective interest rate includes private mortgage insurance.

Senior Unsecured Notes

The Company's senior unsecured notes consist of the following (dollars in thousands):

Title	Maturity Date	Principal Balance as of	
		June 30, 2016 ⁽¹⁾	December 31, 2015 ⁽¹⁾
5.5% senior unsecured notes due 2021 ("2021 Notes")	February 1, 2021	\$ 500,000	\$ 500,000
5.375% senior unsecured notes due 2023 ("2023 Notes")	June 1, 2023	200,000	200,000
		\$ 700,000	\$ 700,000

⁽¹⁾ Principal balance does not include discount of \$0.6 million as of June 30, 2016 and December 31, 2015 and also excludes deferred financing costs of \$12.5 million and \$13.7 million as of June 30, 2016 and December 31, 2015, respectively.

The 2021 Notes and the 2023 Notes (collectively, the "Senior Notes") were issued by the Operating Partnership and Sabra Capital Corporation, wholly owned subsidiaries of the Company (the "Issuers"). The 2021 Notes accrue interest at a rate of 5.5% per annum payable semiannually on February 1 and August 1 of each year and the 2023 Notes accrue interest at a rate of 5.375% per annum payable semiannually on June 1 and December 1 of each year.

The obligations under the Senior Notes are fully and unconditionally guaranteed, jointly and severally, on an unsecured basis, by Sabra and certain of Sabra's other existing and, subject to certain exceptions, future material subsidiaries; provided, however, that such guarantees are subject to release under certain customary circumstances. See Note 11, "Summarized Condensed Consolidating Information" for additional information concerning the circumstances pursuant to which the guarantors will be automatically and unconditionally released from their obligations under the guarantees.

The indentures governing the Senior Notes (the "Senior Notes Indentures") include customary events of default and require us to comply with specified restrictive covenants. As of June 30, 2016, the Company was in compliance with all applicable financial covenants under the Senior Notes Indentures.

Revolving Credit Facility and Term Loans

On September 10, 2014, the Operating Partnership entered into an unsecured revolving credit facility (the “Prior Revolving Credit Facility”) that provided for a borrowing capacity of \$650.0 million and provided an accordion feature allowing for an additional \$100.0 million of capacity, subject to terms and conditions. On October 10, 2014, the Operating Partnership converted \$200.0 million of the outstanding borrowings under the Prior Revolving Credit Facility to a term loan. Concurrent with the term loan conversion, the Company entered into a five-year interest rate cap contract that caps LIBOR at 2.0%.

Borrowings under the Prior Revolving Credit Facility bore interest on the outstanding principal amount at a rate equal to an applicable percentage plus, at the Operating Partnership's option, either (a) LIBOR or (b) a base rate determined as the greater of (i) the federal funds rate plus 0.5%, (ii) the prime rate, and (iii) one-month LIBOR plus 1.0% (referred to as the “Base Rate”). The applicable percentage for borrowings varied based on the Consolidated Leverage Ratio, as defined in the credit agreement for the Prior Revolving Credit Facility, and ranged from 2.00% to 2.60% per annum for LIBOR based borrowings and 1.00% to 1.60% per annum for borrowings at the Base Rate. In addition, the Operating Partnership was required to pay an unused fee to the lenders equal to 0.25% or 0.35% per annum based on the amount of unused borrowings under the Prior Revolving Credit Facility.

Table of Contents

On June 10, 2015, Sabra Canadian Holdings, LLC, a wholly-owned subsidiary of the Company, entered into a new Canadian dollar denominated term loan of CAD \$90.0 million (U.S. \$73.2 million) (the "Prior Canadian Term Loan") that bore a variable interest rate of the Canadian Dollar Offer Rate ("CDOR") plus 2.00%-2.60% depending on the Company's consolidated leverage ratio. Concurrently with entering into the Prior Canadian Term Loan, the Company entered into an interest rate swap agreement to fix the CDOR portion of the interest rate for this term loan at 1.59%. In addition, the Prior Canadian Term Loan was designated as a net investment hedge (see Note 7, "Derivative and Hedging Instruments" for further information).

On January 14, 2016, the Operating Partnership and Sabra Canadian Holdings, LLC (together, the "Borrowers"), entered into a third amended and restated unsecured credit facility (the "Credit Facility"). The Credit Facility amends and restates the Prior Revolving Credit Facility and replaces the Prior Canadian Term Loan.

The Credit Facility includes a revolving credit facility (the "Revolving Credit Facility") and U.S. dollar and Canadian dollar term loans (collectively, the "Term Loans"). The Revolving Credit Facility provides for a borrowing capacity of \$500.0 million and, in addition, increases the Company's U.S. dollar and Canadian dollar term loans to \$245.0 million and CAD \$125.0 million, respectively. Further, up to \$125.0 million of the Revolving Credit Facility may be used for borrowings in certain foreign currencies. The Credit Facility also contains an accordion feature that can increase the total available borrowings to \$1.25 billion, subject to terms and conditions. In addition, the Canadian dollar term loan was re-designated as a net investment hedge (see Note 7, "Derivative and Hedging Instruments" for further information).

The Revolving Credit Facility has a maturity date of January 14, 2020, and includes two six-month extension options. The Term Loans have a maturity date of January 14, 2021.

As of June 30, 2016, there were no amounts outstanding under the Revolving Credit Facility and \$500.0 million available for borrowing.

Borrowings under the Revolving Credit Facility bear interest on the outstanding principal amount at a rate equal to an applicable percentage plus, at the Operating Partnership's option, either (a) LIBOR or (b) a base rate determined as the greater of (i) the federal funds rate plus 0.5%, (ii) the prime rate, and (iii) one-month LIBOR plus 1.0% (the "Base Rate"). The applicable percentage for borrowings will vary based on the Consolidated Leverage Ratio, as defined in the credit agreement, and will range from 1.80% to 2.40% per annum for LIBOR based borrowings and 0.80% to 1.40% per annum for borrowings at the Base Rate. As of June 30, 2016, the interest rate on the Revolving Credit Facility was 2.47%. In addition, the Operating Partnership pays an unused facility fee to the lenders equal to 0.25% or 0.30% per annum, which is determined by usage under the Revolving Credit Facility. During the three and six months ended June 30, 2016, the Company incurred \$0.7 million and \$2.2 million, respectively, in interest expense on amounts outstanding under the Revolving Credit Facility. During the three and six months ended June 30, 2016, the Company incurred \$0.3 million and \$0.5 million, respectively, of unused facility fees.

The U.S. dollar term loan bears interest on the outstanding principal amount at a rate equal to an applicable percentage plus, at the Operating Partnership's option, either (a) LIBOR or (b) the Base Rate. The applicable percentage for borrowings will vary based on the Consolidated Leverage Ratio, as defined in the credit agreement, and will range from 1.75% to 2.35% per annum for LIBOR based borrowings and 0.75% to 1.35% per annum for borrowings at the Base Rate. The Canadian dollar term loan bears interest on the outstanding principal amount at a rate equal to the Canadian Dollar Offer Rate ("CDOR") plus 1.75% to 2.35% depending on the Consolidated Leverage Ratio.

In the event that Sabra achieves investment grade ratings from at least two of S&P, Moody's and/or Fitch, the Operating Partnership can elect to reduce the applicable percentage for LIBOR or Base Rate borrowings. If the Operating Partnership makes this election, the applicable percentage for borrowings will vary based on the Debt Ratings at each Pricing Level, as defined in the credit agreement, and will range from 0.90% to 1.70% per annum for LIBOR based borrowings under the Revolving Credit Facility, 1.00% to 1.95% per annum for LIBOR or CDOR

based borrowings under the Term Loans, 0.00% to 0.70% per annum for borrowings at the Base Rate under the Revolving Credit Facility, and 0.00% to 0.95% per annum for borrowings at the Base Rate under the U.S. dollar term loan. In addition, should the Operating Partnership elect this option, the unused fee will no longer apply and a facility fee ranging between 0.125% and 0.300% per annum will take effect based on the borrowing capacity regardless of amounts outstanding under the Revolving Credit Facility.

The obligations of the Borrowers under the Credit Facility are guaranteed by Sabra and certain subsidiaries of Sabra. The Credit Facility contains customary covenants that include restrictions or limitations on the ability to make acquisitions and other investments, pay dividends, incur additional indebtedness, engage in non-healthcare related business activities, enter into transactions with affiliates and sell or otherwise transfer certain assets as well as customary events of default. The Credit Facility also requires Sabra, through the Operating Partnership, to comply with specified financial

Table of Contents

covenants, which include a maximum leverage ratio, a minimum fixed charge coverage ratio and a minimum tangible net worth requirement. As of June 30, 2016, the Company was in compliance with all applicable financial covenants under the Credit Facility.

Interest Expense

During the three and six months ended June 30, 2016, the Company incurred interest expense of \$16.4 million and \$33.3 million, respectively, and \$14.1 million and \$27.9 million during the three and six months ended June 30, 2015, respectively. Interest expense includes financing costs amortization of \$1.3 million and \$2.5 million for the three and six months ended June 30, 2016, respectively, and \$1.3 million and \$2.5 million for the three and six months ended June 30, 2015, respectively. As of June 30, 2016 and December 31, 2015, the Company had \$13.5 million and \$13.3 million, respectively, of accrued interest included in accounts payable and accrued liabilities on the accompanying condensed consolidated balance sheets.

Maturities

The following is a schedule of maturities for the Company's outstanding debt as of June 30, 2016 (in thousands):

	Mortgage Indebtedness	Term Loans	Senior Notes	Total
July 1, 2016 through December 31, 2016	\$ 2,101	\$—	\$—	\$2,101
2017	4,311	—	—	4,311
2018	4,459	—	—	4,459
2019	4,612	—	—	4,612
2020	4,771	—	—	4,771
Thereafter	156,742	341,475	700,000	1,198,217
Total Principal Balance	176,996	341,475	700,000	1,218,471
Discount	—	—	(570)	(570)
Deferred financing costs	(2,943)	(2,615)	(12,462)	(18,020)
Total Debt, net	\$ 174,053	\$ 338,860	\$ 686,968	\$ 1,199,881

⁽¹⁾ Revolving Credit Facility is subject to two six-month extension options.

7. DERIVATIVE AND HEDGING INSTRUMENTS

The Company is exposed to various market risks, including the potential loss arising from adverse changes in interest rates and foreign exchange rates. The Company enters into derivative financial instruments to manage exposures that arise from business activities that result in the receipt or payment of future known and uncertain cash amounts, the value of which are determined by interest rates and foreign exchange rates. The Company's derivative financial instruments are used to manage differences in the amount of the Company's known or expected cash receipts and its known or expected cash payments principally related to the Company's investments and borrowings.

Certain of the Company's foreign operations expose the Company to fluctuations of foreign interest rates and exchange rates. These fluctuations may impact the value in the Company's functional currency, the U.S. dollar, of the Company's investment in foreign operations, the cash receipts and payments related to these foreign operations and payments of interest and principal under Canadian dollar denominated debt. The Company enters into derivative financial instruments to protect the value of its foreign investments and fix a portion of the interest payments for certain debt obligations. The Company does not enter into derivatives for speculative purposes.

Cash Flow Hedges

The Company's objectives in using interest rate derivatives are to add stability to interest expense and to manage its exposure to interest rate movements. To accomplish these objectives, the Company primarily uses interest rate swaps and caps as part of its interest rate risk management strategy. The notional value of the Company's interest rate cap was \$200.0 million as of both June 30, 2016 and December 31, 2015. The notional value of the Company's interest rate swap was CAD \$90.0 million as of both June 30, 2016 and December 31, 2015 (U.S. \$69.5 million and U.S. \$64.9 million as of June 30, 2016 and December 31, 2015, respectively). Approximately \$1.5 million of losses, which are included in accumulated other comprehensive loss, as of June 30, 2016, are expected to be reclassified into

earnings in the next 12 months.

Net Investment Hedges

16

Table of Contents

The Company is exposed to fluctuations in foreign exchange rates on investments it holds in Canada. The Company uses cross currency interest rate swaps to hedge its exposure to changes in foreign exchange rates on these foreign investments. The notional value of these contracts were CAD \$56.3 million as of June 30, 2016 and December 31, 2015 (U.S. \$43.5 million and U.S. \$40.6 million as of June 30, 2016 and December 31, 2015, respectively). The Company also holds a CAD \$125.0 million (U.S. \$96.5 million as of June 30, 2016) term loan which was designated as a net investment hedge.

The following is a summary of the derivative and financial instruments designated as hedging instruments held by the Company at June 30, 2016 and December 31, 2015 (in thousands):

Type	Designation	Count	June 30, December		Maturity Dates	Balance Sheet Location
			2016	31, 2015		
Assets:						
Interest rate cap	Cash Flow	1	\$275	\$1,695	2019	Prepaid expenses, deferred financing costs and other assets, net
Cross currency interest rate swaps	Net Investment	2	3,102	5,392	2025	Prepaid expenses, deferred financing costs and other assets, net
			\$3,377	\$7,087		
Liabilities:						
Interest rate swap	Cash Flow	1	\$1,896	\$1,468	2020	Accounts payable and accrued liabilities
CAD Term Loan	Net Investment	1	96,475	64,890	2020	Term loans, net
			\$98,371	\$66,358		

The following presents the effect of the Company's derivative financial instruments on the condensed consolidated statements of income and the condensed consolidated statements of equity for the three and six months ended June 30, 2016:

	Gain (Loss) Recognized in Other Comprehensive Income (Effective Portion)				Income Statement Location

During the three and six months ended June 30, 2016, the Company recorded no hedge ineffectiveness in the condensed consolidated statements income.

Table of Contents

Offsetting Derivatives

The Company enters into master netting arrangements, which reduce credit risk by permitting net settlement of transactions with the same counterparty. The table below presents a gross presentation, the effects of offsetting, and a net presentation of the Company's derivatives as of June 30, 2016 and December 31, 2015:

As of June 30, 2016

	Gross Amounts of Recognized Assets / Liabilities	Gross Amounts Offset in the Balance Sheet	Net Amounts of Assets / Liabilities presented in the Balance Sheet	Gross Amounts Not Offset in the Balance Sheet	Financial Instruments	Cash Collateral Received	Net Amount
Offsetting Assets:							
Derivatives	\$3,377	\$	—\$ 3,377	\$(1,544)	\$		—\$ 1,833
Offsetting Liabilities:							
Derivatives	\$1,896	\$	—\$ 1,896	\$(1,544)	\$		—\$ 352

As of December 31, 2015

	Gross Amounts of Recognized Assets / Liabilities	Gross Amounts Offset in the Balance Sheet	Net Amounts of Assets / Liabilities presented in the Balance Sheet	Gross Amounts Not Offset in the Balance Sheet	Financial Instruments	Cash Collateral Received	Net Amount
Offsetting Assets:							
Derivatives	\$7,087	\$	—\$ 7,087	\$(1,468)	\$		—\$ 5,619
Offsetting Liabilities:							
Derivatives	\$1,468	\$	—\$ 1,468	\$(1,468)	\$		—\$ —

Credit-risk-related Contingent Features

The Company has agreements with each of its derivative counterparties that contain a provision where if the Company defaults on any of its indebtedness, including a default where repayment of the indebtedness has not been accelerated by the lender, then the Company could also be declared in default on its derivative obligations.

As of June 30, 2016, the fair value of derivatives in a net liability position, which includes accrued interest but excludes any adjustment for nonperformance risk, related to these agreements was \$0.8 million. As of June 30, 2016, the Company has not posted any collateral related to these agreements. If the Company had breached any of these provisions at June 30, 2016, it could have been required to settle its obligations under the agreements at their termination value of \$0.8 million.

8. FAIR VALUE DISCLOSURES

Financial Instruments

The fair value for certain financial instruments is derived using a combination of market quotes, pricing models and other valuation techniques that involve significant management judgment. The price transparency of financial instruments is a key determinant of the degree of judgment involved in determining the fair value of the Company's financial instruments.

Financial instruments for which actively quoted prices or pricing parameters are available and whose markets contain orderly transactions will generally have a higher degree of price transparency than financial instruments whose markets are inactive or consist of non-orderly trades. The Company evaluates several factors when determining if a market is inactive or when market transactions are not orderly. The carrying values of cash and cash equivalents, restricted cash, accounts payable, accrued liabilities and the Credit Facility are reasonable estimates of fair value because of the short-term maturities of these instruments. Fair values for other financial instruments are derived as follows:

Loans receivable: These instruments are presented in the accompanying condensed consolidated balance sheets at their amortized cost and not at fair value. The fair value of the loans receivable were estimated using an internal valuation model that

Table of Contents

considered the expected cash flows for the loans receivable, the underlying collateral value and other credit enhancements. As such, the Company classifies these instruments as Level 3.

Preferred equity investments: These instruments are presented in the accompanying condensed consolidated balance sheets at their cost and not at fair value. The fair value of the preferred equity investments were estimated using an internal valuation model that considered the expected future cash flows for the preferred equity investment, the underlying collateral value and other credit enhancements. As such, the Company classifies these instruments as Level 3.

Derivative instruments: The Company's derivative instruments are presented at fair value on the accompanying condensed consolidated balance sheets. The Company estimates the fair value of derivative instruments, including its interest rate cap, interest rate swap and cross currency swaps, using the assistance of a third party using inputs that are observable in the market, which includes forward yield curves and other relevant information. Although the Company has determined that the majority of the inputs used to value its derivative financial instruments fall within level 2 of the fair value hierarchy, the credit valuation adjustments associated with its derivative financial instruments utilize level 3 inputs, such as estimates of current credit spreads to evaluate the likelihood of default by itself and its counterparties. The Company has assessed the significance of the impact of the credit valuation adjustments on the overall valuation of its derivative positions and has determined that the credit valuation adjustments are not significant to the overall valuation of its derivative financial instruments. As a result, the Company has determined that its derivative financial instruments valuations in their entirety are classified in level 2 of the fair value hierarchy.

Senior Notes: These instruments are presented in the accompanying condensed consolidated balance sheets at their outstanding principal balance, net of unamortized deferred financing costs and premiums (discounts) and not at fair value. The fair values of the Senior Notes were determined using third-party market quotes derived from orderly trades. As such, the Company classifies these instruments as Level 2.

Mortgage indebtedness: These instruments are presented in the accompanying condensed consolidated balance sheets at their outstanding principal balance, net of unamortized deferred financing costs and premiums (discounts) and not at fair value. The fair values of the Company's mortgage notes payable were estimated using a discounted cash flow analysis based on management's estimates of current market interest rates for instruments with similar characteristics, including remaining loan term, loan-to-value ratio, type of collateral and other credit enhancements. As such, the Company classifies these instruments as Level 3.

The following are the face values, carrying amounts and fair values of the Company's financial instruments as of June 30, 2016 and December 31, 2015 whose carrying amounts do not approximate their fair value (in thousands):

	June 30, 2016		December 31, 2015			
	Carrying Amount (1)	Fair Value (2)	Fair Value	Carrying Amount (1)	Face Value (2)	Fair Value
Financial assets:						
Loans receivable	\$85,503	\$85,253	\$83,902	\$270,184	\$273,811	\$274,628
Preferred equity investments	40,957	40,599	43,781	29,993	29,643	30,838
Financial liabilities:						
Senior Notes	686,968	700,000	708,750	685,704	700,000	718,500
Mortgage indebtedness	174,053	176,996	175,852	174,846	177,850	165,296

(1) Carrying amounts represent the book value of financial instruments and are net of unamortized premiums (discounts) and deferred financing costs.

(2) Face value represents amounts contractually due under the terms of the respective agreements.

The Company determined the fair value of financial instruments as of June 30, 2016 whose carrying amounts do not approximate their fair value with valuation methods utilizing the following types of inputs (in thousands):

19

Table of Contents

	Fair Value Measurements Using Quoted Prices in Significant Markets for Identical Assets (Level 1) (Level 2) (Level 3)		
Total	Other Observable Inputs	Significant Unobservable Inputs	
Financial assets:			
Loans receivable	\$83,902	\$—	—\$ 83,902
Preferred equity investments	43,781	—	43,781
Financial liabilities:			
Senior Notes	708,750	—	708,750
Mortgage indebtedness	175,852	—	175,852

Disclosure of the fair value of financial instruments is based on pertinent information available to the Company at the applicable dates and requires a significant amount of judgment. Despite increased capital market and credit market activity, transaction volume for certain financial instruments remains relatively low. This has made the estimation of fair values difficult and, therefore, both the actual results and the Company's estimate of fair value at a future date could be materially different.

Items Measured at Fair Value on a Recurring Basis

During the six months ended June 30, 2016, the Company recorded the following amounts measured at fair value (in thousands):

	Fair Value Measurements Using Quoted Prices in Significant Markets for Identical Assets (Level 1) (Level 2) (Level 3)		
Total	Other Observable Inputs	Significant Unobservable Inputs	
Recurring Basis:			
Financial assets:			
Interest rate cap	\$275	\$—	275
Cross currency swap	3,102	—	3,102
Financial liabilities:			
Contingent consideration liability	2,300	—	2,300
Interest rate swap	1,896	—	1,896

The Company entered into contingent consideration arrangements as a result of four acquisitions of real estate (see Note 3, "Real Estate Properties Held for Investment"). In order to determine the fair value of the Company's contingent consideration arrangements, the Company used significant inputs not observable in the market to estimate the contingent consideration. In addition to using an appropriate discount rate, the Company used projections provided by

the facilities to estimate future earnings at the facilities, then developed probability-weighted scenarios of the potential future performance of the tenant and the resulting payout from these scenarios. As of June 30, 2016, the total contingent consideration liability was valued at \$2.3 million and the contingent consideration asset was valued at \$0. The following reconciliation provides the details of activity for contingent consideration liability recorded at fair value using Level 3 inputs (in thousands):

Balance as of December 31, 2015	\$2,700
Decrease in contingent consideration liability (400)	
Balance as of June 30, 2016	\$2,300

The following reconciliation provides the details of activity for contingent consideration asset recorded at fair value using Level 3 inputs (in thousands):

Balance as of December 31, 2015	\$350
Decrease in contingent consideration asset (350)	
Balance as of June 30, 2016	\$—

Table of Contents

A corresponding amount equal to the decrease in contingent consideration liability and asset were included as other income on the accompanying condensed consolidated statements of income for the six months ended June 30, 2016.

9. EQUITY**Preferred Stock**

On March 21, 2013, the Company completed an underwritten public offering of 5.8 million shares of 7.125% Series A Cumulative Redeemable Preferred Stock (the "Series A Preferred Stock") at a price of \$25.00 per share, pursuant to an effective registration statement. The Company received net proceeds of \$138.3 million from the offering, after deducting underwriting discounts and other offering expenses. The Company classified the par value as preferred equity on its condensed consolidated balance sheets with the balance of the liquidation preference, net of any issuance costs, recorded as an increase in paid-in capital.

The holders of the Company's Series A Preferred Stock rank senior to the Company's common stock with respect to dividend rights and rights upon the Company's liquidation, dissolution or winding up of its affairs. At June 30, 2016, there were no dividends in arrears.

The Series A Preferred Stock does not have a stated maturity date, but the Company may redeem the Series A Preferred Stock on or after March 21, 2018, for \$25.00 per share, plus any accrued and unpaid dividends. The Company may redeem the Series A Preferred Stock prior to March 21, 2018, in limited circumstances to preserve its status as a REIT or pursuant to a specified change of control. Upon the occurrence of a specified change of control, each holder of Series A Preferred Stock will have the right to convert some or all of the shares of Series A Preferred Stock held by such holder into a number of shares of the Company's common stock equivalent to \$25.00 plus accrued and unpaid dividends, but not to exceed a cap of 1.7864 shares of common stock per share of Series A Preferred Stock (subject to certain adjustments).

Common Stock

The following table lists the cash dividends on common stock declared and paid by the Company during the six months ended June 30, 2016:

Declaration Date	Record Date	Amount Per Share	Dividend Payable Date
February 3, 2016	February 16, 2016	\$ 0.41	February 29, 2016
May 2, 2016	May 16, 2016	\$ 0.42	May 31, 2016

During the six months ended June 30, 2016, the Company issued 0.1 million shares of common stock as a result of restricted stock unit vestings and in connection with amounts payable under the Company's 2015 Bonus Plan pursuant to an election by certain participants to receive their bonus in the form of an equity award.

Upon any payment of shares as a result of restricted stock unit vestings, the participant is required to satisfy the related tax withholding obligation. The 2009 Performance Incentive Plan provides that the Company has the right at its option to (a) require the participant to pay such tax withholding or (b) reduce the number of shares to be delivered by a number of shares necessary to satisfy the related minimum applicable statutory tax withholding obligation. During the six months ended June 30, 2016, pursuant to advance elections made by certain participants, the Company incurred \$1.1 million in tax withholding obligations on behalf of its employees that were satisfied through a reduction in the number of shares delivered to those participants.

Accumulated Other Comprehensive Loss

The following is a summary of the Company's accumulated other comprehensive loss (in thousands):

	June 30, 2016	December 31, 2015
Foreign currency translation	\$(1,682)	\$(1,433)
Unrealized losses on cash flow hedges	(7,598)	(5,900)
Total accumulated other comprehensive loss	\$(9,280)	\$(7,333)

Table of Contents

10. EARNINGS PER COMMON SHARE

The following table illustrates the computation of basic and diluted earnings per share for the three and six months ended June 30, 2016 and 2015 (in thousands, except share and per share amounts):

	Three Months		Six Months Ended	
	Ended June 30, 2016	2015	June 30, 2016	2015
Numerator				
Net income attributable to common stockholders	\$34,915	\$ 14,275	\$ 16,643	\$ 31,164
Denominator				
Basic weighted average common shares and common equivalents	65,303,059	59,323,799	65,274,845	59,254,895
Dilutive restricted stock units	200,326	219,982	179,492	255,269
Diluted weighted average common shares	65,503,385	59,543,781	65,454,337	59,510,164
Net income attributable to common stockholders, per:				
Basic common share	\$0.53	\$ 0.24	\$0.25	\$ 0.53
Diluted common share	\$0.53	\$ 0.24	\$0.25	\$ 0.52

During the three and six months ended June 30, 2016, approximately 24,200 and 31,200 restricted stock units, respectively, were not included in computing diluted earnings per share because they were considered anti-dilutive. During the three and six months ended June 30, 2015, approximately 10,700 and 11,000 restricted stock units, respectively, were not included because they were considered anti-dilutive.

11. SUMMARIZED CONDENSED CONSOLIDATING INFORMATION

In connection with the offerings of the Senior Notes by the Issuers, the Company and certain 100% owned subsidiaries of the Company (the "Guarantors") have, jointly and severally, fully and unconditionally guaranteed the Senior Notes, subject to release under certain customary circumstances as described below. These guarantees are subordinated to all existing and future senior debt and senior guarantees of the Guarantors and are unsecured. The Company conducts all of its business through and derives virtually all of its income from its subsidiaries. Therefore, the Company's ability to make required payments with respect to its indebtedness (including the Senior Notes) and other obligations depends on the financial results and condition of its subsidiaries and its ability to receive funds from its subsidiaries.

A Guarantor will be automatically and unconditionally released from its obligations under the guarantees with respect to the Senior Notes in the event of:

- Any sale of the subsidiary Guarantor or of all or substantially all of its assets;
- A merger or consolidation of a subsidiary Guarantor with an issuer of the Senior Notes or another Guarantor, provided that the surviving entity remains a Guarantor;
- A subsidiary Guarantor is declared "unrestricted" for covenant purposes under the Senior Notes Indentures;
- The requirements for legal defeasance or covenant defeasance or to discharge the Senior Notes Indentures have been satisfied;
- A liquidation or dissolution, to the extent permitted under the Senior Notes Indentures, of a subsidiary Guarantor; and
- The release or discharge of the guaranty that resulted in the creation of the subsidiary guaranty, except a discharge or release by or as a result of payment under such guaranty.

Pursuant to Rule 3-10 of Regulation S-X, the following summarized condensed consolidating information is provided for the Company (the "Parent Company"), the Issuers, the Guarantors, and the Company's non-Guarantor subsidiaries with respect to the Senior Notes. This summarized financial information has been prepared from the books and records maintained by the Company, the Issuers, the Guarantors and the non-Guarantor subsidiaries. The summarized

financial information may not necessarily be indicative of the results of operations or financial position had the Issuers, the Guarantors or non-Guarantor subsidiaries operated as independent entities. Sabra's investments in its consolidated subsidiaries are presented based upon Sabra's proportionate share of each subsidiary's net assets. The Guarantor subsidiaries' investments in the non-Guarantor subsidiaries and non-Guarantor subsidiaries' investments in Guarantor subsidiaries are presented under the equity method of

Table of Contents

accounting. Intercompany activities between subsidiaries and the Parent Company are presented within operating activities on the condensed consolidating statement of cash flows.

Condensed consolidating financial statements for the Company and its subsidiaries, including the Parent Company only, the Issuers, the combined Guarantor subsidiaries and the combined non-Guarantor subsidiaries, are as follows:

12. PRO FORMA FINANCIAL INFORMATION

The following table summarizes, on an unaudited pro forma basis, the consolidated results of operations of the Company for the three and six months ended June 30, 2015. The Company acquired three skilled nursing/transitional care facilities and 10 senior housing facilities during the six months ended June 30, 2015. The following unaudited pro forma information has been prepared to give effect to these acquisitions as if these acquisitions occurred on January 1, 2014. This pro forma information does not purport to represent what the actual results of operations of the Company would have been had these acquisitions occurred on January 1, 2014, nor does it purport to predict the results of operations for future periods.

13. COMMITMENTS AND CONTINGENCIES

Environmental

As an owner of real estate, the Company is subject to various environmental laws of federal, state and local governments. The Company is not aware of any environmental liability that could have a material adverse effect on its financial condition or results of operations. However, changes in applicable environmental laws and regulations, the uses and conditions of properties in the vicinity of the Company's properties, the activities of its tenants and other environmental conditions of which the Company is unaware with respect to the properties could result in future environmental liabilities. As of June 30, 2016, the Company does not expect that compliance with existing environmental laws will have a material adverse effect on the Company's financial condition and results of operations.

Income Taxes

As a result of the Company's separation from Sun effective November 15, 2010 (the "Separation Date"), the Company is the surviving taxpayer for income tax purposes. Accordingly, tax positions taken prior to the Separation Date remained the Company's obligations after the Separation Date. Sun agreed to indemnify the Company against, among other things, federal, state and local taxes (including penalties and interest) related to periods prior to the Separation Date to the extent the deferred tax assets allocated to the Company are not sufficient and/or cannot be utilized to satisfy these taxes.

Effective December 1, 2012, Sun was acquired by Genesis HealthCare LLC. As a result of its acquisition of Sun, Genesis HealthCare LLC became successor to the obligations of Sun described above. Effective February 2, 2015, Genesis HealthCare LLC combined with Skilled Healthcare Group, Inc. and now operates under the name Genesis Healthcare, Inc.

Legal Matters

From time to time, the Company is party to legal proceedings that arise in the ordinary course of its business. Management is not aware of any legal proceedings where the likelihood of a loss contingency is reasonably possible and the amount or range of reasonably possible losses is material to the Company's results of operations, financial condition or cash flows.

Table of Contents

14. SUBSEQUENT EVENTS

The Company evaluates subsequent events up until the date the condensed consolidated financial statements are issued.

Dividend Declaration

On August 1, 2016, the Company announced that its board of directors declared a quarterly cash dividend of \$0.42 per share of common stock. The dividend will be paid on August 31, 2016 to common stockholders of record as of the close of business on August 15, 2016.

On August 1, 2016, the Company also announced that its board of directors declared a quarterly cash dividend of \$0.4453125 per share of Series A Preferred Stock. The dividend will be paid on August 31, 2016 to preferred stockholders of record as of the close of business on August 15, 2016.

Genesis Sales

On July 29, 2016, the Company entered into a memorandum of understanding with Genesis to market for sale up to 29 facilities currently leased to Genesis. Upon the sales of the facilities, annual rental amounts paid to the Company by Genesis will be reduced by an amount equal to 7.5% of the net proceeds that the Company receives on the sales. In addition, the memorandum of understanding calls for the laddering of maturities under leases with Genesis, resulting in 30% of revenues from Genesis leases maturing by the end of 2021, compared to 77% currently. Unless extended, the memorandum of understanding will automatically terminate with respect to any remaining facilities if a contract for the sale of such facilities has not been executed and consummated on or before October 31, 2017. If these sales and the previously announced Genesis asset sales are completed, the number of facilities leased to Genesis will decrease to 43, compared to 78 as of June 30, 2016.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

The discussion below contains forward-looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of various factors, including those which are discussed in the "Risk Factors" section in Part I, Item 1A of our 2015 Annual Report on Form 10-K. Also see "Statement Regarding Forward-Looking Statements" preceding Part I.

The following discussion and analysis should be read in conjunction with our accompanying condensed consolidated financial statements and the notes thereto.

Our Management's Discussion and Analysis of Financial Condition and Results of Operations is organized as follows:

Overview

Critical Accounting Policies

Recently Issued Accounting Standards Update

Results of Operations

Liquidity and Capital Resources

Concentration of Credit Risk

Skilled Nursing Facility Reimbursement Rates

Obligations and Commitments

Off-Balance Sheet Arrangements

Overview

We operate as a self-administered, self-managed REIT that, through our subsidiaries, owns and invests in real estate serving the healthcare industry.

Our primary business consists of acquiring, financing and owning real estate property to be leased to third party tenants in the healthcare sector. We primarily generate revenues by leasing properties to tenants and operators throughout the United States and Canada.

Our investment portfolio is primarily comprised of skilled nursing/transitional care facilities, senior housing facilities, an acute care hospital, debt investments and preferred equity investments.

Our objectives are to grow our investment portfolio while diversifying our portfolio by tenant, asset class and geography within the healthcare sector. We plan to achieve these objectives primarily through making investments directly or indirectly in healthcare real estate. We may also achieve our objective of diversifying our portfolio by tenant and asset class through select asset sales and other arrangements with Genesis.

We expect to continue to grow our portfolio primarily through the acquisition of assisted living, independent living and memory care facilities in the U.S. and Canada and with a secondary focus on acquiring skilled nursing and transitional care facilities in the U.S. We have and will continue to opportunistically acquire other types of healthcare real estate, originate financing secured directly or indirectly by healthcare facilities and invest in the development of senior housing and skilled nursing/transitional care facilities. We also expect to expand our portfolio through the development of purpose-built healthcare facilities through pipeline agreements and other arrangements with select developers. We further expect to work with existing operators to identify strategic development opportunities. These opportunities may involve replacing or renovating facilities in our portfolio that may have become less competitive and new development opportunities that present attractive risk-adjusted returns. In addition to pursuing acquisitions with triple-net leases, we expect to continue to pursue other forms of investment, including investments in senior housing through RIDEA-compliant structures, mezzanine and secured debt investments, and joint ventures for senior housing and skilled nursing/transitional care facilities.

In general, we originate loans and make preferred equity investments when an attractive investment opportunity is presented and either (a) the property is in or near the development phase or (b) the development of the property is completed but the operations of the facility are not yet stabilized. A key component of our strategy related to loan originations and preferred equity investments is our having the option to purchase the underlying real estate that is owned by our borrowers (and that directly or indirectly secures our loan investments) or by the entity in which we have an investment. These options become exercisable upon the occurrence of various criteria, such as the passage of time or the achievement of certain operating goals, and the method to determine the purchase price upon exercise of

the option is set in advance based on the same valuation methods we use to value our investments in healthcare real estate. This strategy allows us to diversify our revenue streams and build relationships with operators and developers, and provides us with the option to add new properties to our existing real

38

Table of Contents

estate portfolio if we determine that those properties enhance our investment portfolio and stockholder value at the time the options are exercisable.

We employ a disciplined, opportunistic approach in our healthcare real estate investment strategy by investing in assets that provide attractive opportunities for dividend growth and appreciation of asset values, while maintaining balance sheet strength and liquidity, thereby creating long-term stockholder value.

We elected to be treated as a REIT with the filing of our U.S. federal income tax return for the taxable year beginning January 1, 2011. We believe that we have been organized and have operated, and we intend to continue to operate, in a manner to qualify as a REIT. We operate through an umbrella partnership (commonly referred to as an UPREIT) structure in which substantially all of our properties and assets are held by Sabra Health Care Limited Partnership, a Delaware limited partnership (the “Operating Partnership”), in which we are the sole general partner and our wholly owned subsidiaries are currently the only limited partners, or by subsidiaries of the Operating Partnership.

Genesis Sales

On July 29, 2016, we entered into a memorandum of understanding with Genesis to market for sale up to 29 facilities currently leased to Genesis. Upon the sales of the facilities, annual rental amounts paid to us by Genesis will be reduced by an amount equal to 7.5% of the net proceeds that we receive on the sales. In addition, the memorandum of understanding calls for the laddering of maturities under leases with Genesis, resulting in 30% of revenues from Genesis leases maturing by the end of 2021, compared to 77% currently. Unless extended, the memorandum of understanding will automatically terminate with respect to any remaining facilities if a contract for the sale of such facilities has not been executed and consummated on or before October 31, 2017. If these sales and the previously announced Genesis asset sales are completed, the number of facilities leased to Genesis will decrease to 43, compared to 78 as of June 30, 2016. Finally, after completion of these sales, we expect our Genesis and Skilled Nursing/Transitional Care revenue concentrations to decrease to 27.1% and 55.6% respectively, and 24.9% and 51.1%, respectively, after sales proceeds are reinvested.

Loan Receivable Repayments

During the six months ended June 30, 2016, we received aggregate proceeds of \$196.1 million, consisting of outstanding principal balance of \$170.8 million and \$25.3 million of accrued and unpaid interest and fees, in final repayments of the Forest Park - Fort Worth construction loan and the Forest Park - Dallas mortgage loan. In addition, during the six months ended June 30, 2016, we received aggregate repayments of \$17.1 million related to the debtor-in-possession loan to the operator of the Forest Park Medical Center - Frisco hospital and \$2.2 million remains outstanding.

Dispositions

During the six months ended June 30, 2016, we completed the sale of one skilled nursing facility and one acute care hospital for aggregate consideration of \$75.5 million after selling expenses of \$2.2 million. The net carrying value of the assets and liabilities of these facilities, after the impairment loss of \$29.8 million recognized in relation to the acute care hospital, was \$80.1 million, resulting in an aggregate \$4.7 million loss on sale.

Credit Facility

On January 14, 2016, the Operating Partnership and Sabra Canadian Holdings, LLC, also a wholly owned subsidiary of the Company (together, the “Borrowers”), entered into a third amended and restated unsecured credit facility (the “Credit Facility”). The Credit Facility includes a revolving credit facility (the “Revolving Credit Facility”) and U.S. dollar and Canadian dollar term loans (collectively, the “Term Loans”). The Revolving Credit Facility provides for a borrowing capacity of \$500.0 million and, in addition, increases our U.S. dollar and Canadian dollar term loans to \$245.0 million and CAD \$125.0 million, respectively. Further, up to \$125.0 million of the Revolving Credit Facility may be used for borrowings in certain foreign currencies. The Credit Facility also contains an accordion feature that can increase the total available borrowings to \$1.25 billion, subject to terms and conditions.

Borrowings under the Revolving Credit Facility bear interest on the outstanding principal amount at a rate equal to an applicable percentage plus, at the Operating Partnership’s option, either (a) LIBOR or (b) a base rate determined as the greater of (i) the federal funds rate plus 0.5%, (ii) the prime rate, and (iii) one-month LIBOR plus 1.0% (the “Base Rate”). The applicable percentage for borrowings will vary based on the Consolidated Leverage Ratio, as defined in the

credit agreement, and will range from 1.80% to 2.40% per annum for LIBOR based borrowings and 0.80% to 1.40% per annum for borrowings at the Base Rate. In addition, the Operating Partnership is required to pay an unused fee to the lenders equal to 0.25% or 0.30% per annum, which is determined by usage under the Revolving Credit Facility.

Table of Contents

The U.S. dollar term loan bears interest on the outstanding principal amount at a rate equal to an applicable percentage plus, at the Operating Partnership's option, either (a) LIBOR or (b) the Base Rate. The applicable percentage for borrowings will vary based on the Consolidated Leverage Ratio, as defined in the credit agreement, and will range from 1.75% to 2.35% per annum for LIBOR based borrowings and 0.75% to 1.35% per annum for borrowings at the Base Rate. The Canadian dollar term loan bears interest on the outstanding principal amount at a rate equal to the Canadian Dollar Offer Rate ("CDOR") plus 1.75% to 2.35% depending on the Consolidated Leverage Ratio. See "—Liquidity and Capital Resources" for further information.

Critical Accounting Policies

Our condensed consolidated interim financial statements have been prepared in accordance with GAAP and in conjunction with the rules and regulations of the SEC. The preparation of our financial statements requires significant management judgments, assumptions and estimates about matters that are inherently uncertain. These judgments affect the reported amounts of assets and liabilities and our disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of revenue and expenses during the reporting periods. With different estimates or assumptions, materially different amounts could be reported in our financial statements. Additionally, other companies may utilize different estimates that may impact the comparability of our results of operations to those of companies in similar businesses. A discussion of the accounting policies that management considers critical in that they involve significant management judgments and assumptions, require estimates about matters that are inherently uncertain and because they are important for understanding and evaluating our reported financial results is included in our 2015 Annual Report on Form 10-K filed with the SEC. Except as described in Note 2, "Summary of Significant Accounting Policies," in the Notes to Condensed Consolidated Financial Statements, there have been no significant changes to our critical accounting policies during the six months ended June 30, 2016.

Recently Issued Accounting Standards Update

See Note 2, "Summary of Significant Accounting Policies," in the Notes to Condensed Consolidated Financial Statements for information concerning recently issued accounting standards updates.

Results of Operations

As of June 30, 2016, our investment portfolio included 178 real estate properties held for investment, 14 investments in loans receivable and 11 preferred equity investments. As of June 30, 2015, our investment portfolio included 172 real estate properties held for investment, 14 investments in loans receivable and 8 preferred equity investments. In general, we expect that our income and expenses related to our portfolio will increase in future periods as a result of investments made in 2016 and 2015 that we have owned for an entire period and anticipated future investments. The results of operations presented for the three and six months ended June 30, 2016 and 2015 are not directly comparable due to ongoing acquisition and disposition activity.

Table of Contents

Comparison of results of operations for the three months ended June 30, 2016 versus the three months ended June 30, 2015 (dollars in thousands):

	Three Months Ended June 30,		Increase / (Decrease)	Percentage Difference		Variance due to Acquisitions, Originations and Dispositions (1)	Remaining Variance (2)
	2016	2015					
Revenues:							
Rental income	\$55,297	\$49,896	\$ 5,401	11	%	\$ 5,800	\$ (399)
Interest and other income	16,993	5,999	10,994	183	%	11,065	(71)
Resident fees and services	1,959	691	1,268	184	%	1,414	(146)
Expenses:							
Depreciation and amortization	16,405	14,497	1,908	13	%	1,905	3
Interest	16,427	14,052	2,375	17	%	—	2,375
Operating expenses	1,440	499	941	189	%	1,015	(74)
General and administrative	4,636	9,363	(4,727)	(50)	%	(5,049)	322
Provision for doubtful accounts and loan losses	223	2,972	(2,749)	(92)	%	—	(2,749)
Other income (expense):							
Other income (expense)	2,400	(100)	2,500	NM		—	2,500
Net (loss) gain on sale of real estate	(52)	1,723	(1,775)	(103)	%	—	(1,775)

(1) Represents the dollar amount increase (decrease) for the three months ended June 30, 2016 compared to the three months ended June 30, 2015 as a result of investments/dispositions made after April 1, 2015.

(2) Represents the dollar amount increase (decrease) for the three months ended June 30, 2016 compared to the three months ended June 30, 2015 that is not a direct result of investments/dispositions made after April 1, 2015.

Rental Income

During the three months ended June 30, 2016, we recognized \$55.3 million of rental income compared to \$49.9 million for the three months ended June 30, 2015. The \$5.4 million increase in rental income is primarily due to an increase of \$9.5 million from properties acquired after April 1, 2015, offset by a decrease of \$3.7 million from properties disposed of after April 1, 2015. Amounts due under the terms of all of our lease agreements are subject to contractual increases, and contingent rental income may be derived from certain lease agreements. No contingent rental income was derived during the three months ended June 30, 2016 and 2015.

Interest and Other Income

Interest and other income primarily consists of income earned on our loans receivable investments and preferred dividends on our preferred equity investments. During the three months ended June 30, 2016, we recognized \$17.0 million of interest and other income compared to \$6.0 million for the three months ended June 30, 2015. The increase of \$11.0 million is primarily due to interest income recognized at the default rate and late fees related to our investment in the Forest Park - Fort Worth construction loan and the Forest Park - Dallas mortgage loan. Both loans were fully repaid during the three months ended June 30, 2016.

Resident Fees and Services

During the three months ended June 30, 2016, we recognized \$2.0 million of resident fees and services compared to \$0.7 million for the three months ended June 30, 2015. The increase of \$1.3 million is primarily due to the investment in one additional RIDEA-compliant investment in November 2015.

Depreciation and Amortization

During the three months ended June 30, 2016, we incurred \$16.4 million of depreciation and amortization expense compared to \$14.5 million for the three months ended June 30, 2015. The \$1.9 million net increase in depreciation and amortization was primarily due to an increase of \$3.1 million from properties acquired after April 1, 2015, partially

offset by a decrease of \$1.2 million from properties disposed of after April 1, 2015.

41

Table of Contents

Interest Expense

We incur interest expense comprised of costs of borrowings plus the amortization of deferred financing costs related to our indebtedness. During the three months ended June 30, 2016, we incurred \$16.4 million of interest expense compared to \$14.1 million for the three months ended June 30, 2015. The \$2.3 million net increase is primarily related to (i) a \$0.7 million increase in interest expense related to the U.S. dollar term loan, (ii) a \$0.8 million increase in interest expense related to the Canadian dollar term loan, (iii) a \$0.2 million increase in interest expense related to the borrowings outstanding on the Revolving Credit Facility and (iv) a \$0.6 million increase in interest expense primarily due to the increased balance outstanding on mortgage note borrowings. See Note 6, “Debt,” in the Notes to Condensed Consolidated Financial Statements for additional information concerning the Revolving Credit Facility and the Term Loans.

Operating Expenses

During the three months ended June 30, 2016, we recognized \$1.4 million of operating expenses compared to \$0.5 million for the three months ended June 30, 2015. The increase of \$0.9 million is primarily due to the investment in one additional RIDEA-compliant investment in November 2015.

General and Administrative Expenses

General and administrative expenses include compensation-related expenses as well as professional services, office costs, and other costs associated with acquisition pursuit activities and asset management. During the three months ended June 30, 2016, general and administrative expenses were \$4.6 million compared to \$9.4 million during the three months ended June 30, 2015. The \$4.8 million decrease is primarily related to a \$5.0 million decrease in acquisition pursuit costs from \$5.1 million during the three months ended June 30, 2015 to \$0.1 million during the three months ended June 30, 2016, primarily due to the acquisitions of nine senior housing facilities located in Canada (the “Canadian Portfolio”) and three skilled nursing facilities from affiliates of NMS Healthcare (the “NMS Portfolio”) during the three months ended June 30, 2015. This decrease is offset by a \$0.2 million increase in legal and professional fees due to the management of the increased number of investments. We expect acquisition pursuit costs to fluctuate from period to period depending on acquisition activity.

Provision for Doubtful Accounts and Loan Losses

During the three months ended June 30, 2016, we recognized \$0.2 million in provision for doubtful accounts. Of the \$0.2 million provision, \$0.6 million is due to an increase in general reserves on straight-line rental income, offset by a \$0.4 million decrease in loan loss reserves. During the three months ended June 30, 2015, we recognized \$3.0 million of provision for doubtful accounts primarily related to rents due from our Forest Park - Frisco tenant.

Other Income (Expense)

During the three months ended June 30, 2016, we recognized \$2.4 million of other income primarily due to a lease termination payment related to a memorandum of understanding entered into with Genesis regarding five Genesis facilities, two of which were sold as of June 30, 2016. During the three months ended June 30, 2015, we recognized \$0.1 million in other expense as a result of adjusting the fair value of our contingent consideration liability related to one acquisition of real estate properties.

Net (Loss) Gain on Sales of Real Estate

During the three months ended June 30, 2016, we recognized a loss on the sale of real estate of \$0.1 million related to the disposition of one acute care hospital. During the three months ended June 30, 2015, we recognized a gain on the sale of real estate of \$1.7 million related to the disposition of one skilled nursing facility. See Note 4, “Dispositions” for additional information.

Table of Contents

Comparison of results of operations for the six months ended June 30, 2016 versus the six months ended June 30, 2015 (dollars in thousands):

	Six Months Ended June 30,		Increase / (Decrease)	Percentage Difference	Variance due to Acquisitions, Originations and Dispositions (1)	Remaining Variance (2)
	2016	2015				
Revenues:						
Rental income	\$110,609	\$99,401	\$11,208	11 %	\$11,446	\$(238)
Interest and other income	22,325	11,383	10,942	96 %	11,393	(451)
Resident fees and services	3,874	1,374	2,500	182 %	2,758	(258)
Expenses:						
Depreciation and amortization	34,171	28,647	5,524	19 %	5,539	(15)
Interest	33,345	27,932	5,413	19 %	—	5,413
Operating expenses	2,852	997	1,855	186 %	1,984	(129)
General and administrative	9,350	15,724	(6,374)	(41)%	(5,270)	(1,104)
Provision for doubtful accounts and loan losses	2,746	4,116	(1,370)	(33)%	—	(1,370)
Impairment of real estate	29,811	—	29,811	NM	—	29,811
Other (expense) income:

Other income (expense)	2,400	(200)	2,600	NM	—	2,600
Net (loss) gain on sale of real estate	(4,654)	1,723	(6,377)	(370)%	—	(6,377)

(1) Represents the dollar amount increase (decrease) for the six months ended June 30, 2016 compared to the six months ended June 30, 2015 as a result of investments/dispositions made after January 1, 2015.

(2) Represents the dollar amount increase (decrease) for the six months ended June 30, 2016 compared to the six months ended June 30, 2015 that is not a direct result of investments/dispositions made after January 1, 2015.

Rental Income

During the six months ended June 30, 2016, we recognized \$110.6 million of rental income compared to \$99.4 million for the six months ended June 30, 2015. The \$11.2 million increase in rental income is primarily due to an increase of \$19.2 million from properties acquired after January 1, 2015, offset by a decrease of \$7.8 million from properties disposed of after January 1, 2015. Amounts due under the terms of all of our lease agreements are subject to contractual increases, and contingent rental income may be derived from certain lease agreements. No contingent rental income was derived during the six months ended June 30, 2016 and 2015.

Interest and Other Income

Interest and other income primarily consists of income earned on our loans receivable investments and preferred dividends on our preferred equity investments. During the six months ended June 30, 2016, we recognized \$22.3 million of interest and other income compared to \$11.4 million for the six months ended June 30, 2015. The \$10.9 million increase is primarily due to interest income recognized at the default rate and late fees related to our investments in the Forest Park - Fort Worth construction loan and the Forest Park - Dallas mortgage loan during the six months ended June 30, 2016. Both loans were repaid during the six months ended June 30, 2016.

Resident Fees and Services

During the six months ended June 30, 2016, we recognized \$3.9 million of resident fees and services compared to \$1.4 million for the six months ended June 30, 2015. The increase of \$2.5 million is primarily due to the investment in one additional RIDEA-compliant investment in November 2015.

Depreciation and Amortization

During the six months ended June 30, 2016, we incurred \$34.2 million of depreciation and amortization expense compared to \$28.6 million for the six months ended June 30, 2015. The \$5.6 million net increase in depreciation and

Table of Contents

amortization was primarily due to an increase of \$6.6 million from properties acquired after January 1, 2015, partially offset by a decrease of \$1.0 million from properties disposed of after January 1, 2015.

Interest Expense

We incur interest expense comprised of costs of borrowings plus the amortization of deferred financing costs related to our indebtedness. During the six months ended June 30, 2016, we incurred \$33.3 million of interest expense compared to \$27.9 million for the six months ended June 30, 2015. The \$5.4 million net increase is primarily related to (i) a \$1.3 million increase in interest expense related to the U.S. dollar term loan, (ii) a \$1.7 million increase in interest expense related to the Canadian dollar term loan, (iii) a \$1.2 million increase in interest expense related to the borrowings outstanding on the Revolving Credit Facility and (iv) a \$1.2 million increase in interest expense primarily due to the increased balance outstanding on mortgage note borrowings. See Note 6, "Debt," in the Notes to Condensed Consolidated Financial Statements for additional information concerning the Revolving Credit Facility and the Term Loans.

Operating Expenses

During the six months ended June 30, 2016, we recognized \$2.9 million of operating expenses compared to \$1.0 million for the six months ended June 30, 2015. The increase of \$1.9 million is primarily due to the investment in one additional RIDEA-compliant investment in November 2015.

General and Administrative Expenses

General and administrative expenses include compensation-related expenses as well as professional services, office costs, and other costs associated with acquisition pursuit activities and asset management. During the six months ended June 30, 2016, general and administrative expenses were \$9.4 million compared to \$15.7 million during the six months ended June 30, 2015. The \$6.3 million decrease is primarily related to (i) a \$0.5 million decrease of non-RIDEA facility operating expenses associated with transitioning two assets to new operators in 2015, (ii) a \$5.3 million decrease in acquisition pursuit costs from \$5.4 million during the six months ended June 30, 2015 to \$0.2 million during the six months ended June 30, 2016, primarily due to the acquisitions of the Canadian Portfolio and NMS Portfolio during the six months ended June 30, 2015 and (iii) a \$1.0 million decrease in stock-based compensation expense. The decrease in stock-based compensation expense, from \$4.7 million during the six months ended June 30, 2015 to \$3.7 million during the six months ended June 30, 2016, is primarily due to the change in performance-based vesting assumptions on management's equity compensation. These decreases are offset by a \$0.4 million increase in legal and professional fees due to the management of the increased number of investments. We issued stock to employees who elected to receive annual bonuses in stock rather than in cash and therefore changes in our stock price will result in changes to our bonus expense. We expect acquisition pursuit costs to fluctuate from period to period depending on acquisition activity. We also expect stock-based compensation expense to fluctuate from period to period depending upon changes in our stock price and estimates associated with performance-based compensation.

Provision for Doubtful Accounts and Loan Losses

During the six months ended June 30, 2016, we recognized \$2.7 million in provision for doubtful accounts and loan losses. Of the \$2.7 million provision, \$0.8 million is due to an increase in general reserves on straight-line rental income and \$1.9 million related to an increase in loan loss reserves. During the six months ended June 30, 2015, we recognized \$4.1 million of provision for doubtful accounts primarily related to rents due from our Forest Park - Frisco tenant.

Impairment of Real Estate

During the six months ended June 30, 2016, we recognized \$29.8 million of impairment of real estate related to the sale of an acute care hospital. See Note 4, "Dispositions" in the Notes to Condensed Consolidated Financial Statements for additional information. No impairment of real estate was recognized during the six months ended June 30, 2015.

Loss on Extinguishment of Debt

During the six months ended June 30, 2016, we recognized \$0.6 million of loss on extinguishment of debt related to write-offs of deferred financing costs in connection with amending the Prior Revolving Credit Facility and Prior

Canadian Term Loan (defined below). We did not recognize any loss on extinguishment of debt during the six months ended June 30, 2015.

Other Income (Expense)

During the six months ended June 30, 2016, we recognized \$2.4 million of other income primarily due to a lease termination payment related to a memorandum of understanding entered into with Genesis regarding five Genesis facilities, two of which were sold as of June 30, 2016. During the six months ended June 30, 2015, we recognized \$0.2 million in other

Table of Contents

expense as a result of adjusting the fair value of our contingent consideration liability related to one acquisition of real estate properties.

Net (Loss) Gain on Sales of Real Estate

During the six months ended June 30, 2016, we recognized a loss on the sales of real estate of \$4.7 million related to the disposition of one skilled nursing facility and one acute care hospital. See Note 4, “Dispositions” in the Notes to Condensed Consolidated Financial Statements for additional information. During the six months ended June 30, 2015, we recognized a gain on the sale of real estate of \$1.7 million related to the disposition of one skilled nursing facility.

Funds from Operations and Adjusted Funds from Operations

We believe that net income attributable to common stockholders as defined by GAAP is the most appropriate earnings measure. We also believe that funds from operations attributable to common stockholders (“FFO”), as defined in accordance with the definition used by the National Association of Real Estate Investment Trusts (“NAREIT”), and adjusted funds from operations attributable to common stockholders (“AFFO”) (and related per share amounts) are important non-GAAP supplemental measures of our operating performance. Because the historical cost accounting convention used for real estate assets requires straight-line depreciation (except on land), such accounting presentation implies that the value of real estate assets diminishes predictably over time. However, since real estate values have historically risen or fallen with market and other conditions, presentations of operating results for a REIT that uses historical cost accounting for depreciation could be less informative. Thus, NAREIT created FFO as a supplemental measure of operating performance for REITs that excludes historical cost depreciation and amortization, among other items, from net income attributable to common stockholders, as defined by GAAP. FFO is defined as net income attributable to common stockholders, computed in accordance with GAAP, excluding gains or losses from real estate dispositions, plus real estate depreciation and amortization and real estate impairment charges. AFFO is defined as FFO excluding straight-line rental income adjustments, stock-based compensation expense, amortization of deferred financing costs, acquisition pursuit costs, as well as other non-cash revenue and expense items (including provisions and write-offs related to straight-line rental income, provision for loan losses, changes in fair value of contingent consideration, amortization of debt premiums/discounts and non-cash interest income adjustments). We believe that the use of FFO and AFFO (and the related per share amounts), combined with the required GAAP presentations, improves the understanding of our operating results among investors and makes comparisons of operating results among REITs more meaningful. We consider FFO and AFFO to be useful measures for reviewing comparative operating and financial performance because, by excluding the applicable items listed above, FFO and AFFO can help investors compare our operating performance between periods or as compared to other companies. While FFO and AFFO are relevant and widely used measures of operating performance of REITs, they do not represent cash flows from operations or net income attributable to common stockholders as defined by GAAP and should not be considered an alternative to those measures in evaluating our liquidity or operating performance. FFO and AFFO also do not consider the costs associated with capital expenditures related to our real estate assets nor do they purport to be indicative of cash available to fund our future cash requirements. Further, our computation of FFO and AFFO may not be comparable to FFO and AFFO reported by other REITs that do not define FFO in accordance with the current NAREIT definition or that interpret the current NAREIT definition or define AFFO differently than we do.

The following table reconciles our calculations of FFO and AFFO for the three and six months ended June 30, 2016 and 2015, to net income attributable to common stockholders, the most directly comparable GAAP financial measure, for the same periods (in thousands, except share and per share amounts):

Table of Contents

	Three Months Ended		Six Months Ended	
	June 30,		June 30,	
	2016	2015	2016	2015
Net income attributable to common stockholders	\$34,915	\$ 14,275	\$16,643	\$ 31,164
Depreciation and amortization of real estate assets	16,405	14,497	34,171	28,647
Net loss (gain) on sale of real estate	52	(1,723)	4,654	(1,723)
Impairment of real estate	—	—	29,811	—
FFO attributable to common stockholders	51,372	27,049	85,279	58,088
Acquisition pursuit costs	82	5,131	171	5,441
Stock-based compensation expense	1,834	1,754	3,652	4,672

AFFO attributable to common stockholders	65,784,776	59,742,209	65,783,312	59,733,598

Set forth below is additional information related to certain other items included in net income attributable to common stockholders above, which may be helpful in assessing our operating results. Please see the accompanying condensed consolidated statements of cash flows for details of our operating, investing, and financing cash activities.

Significant Items Included in FFO and AFFO Attributable to Common Stockholders:

During the three and six months ended June 30, 2016, we recognized \$0.6 million of loss on extinguishment of debt related to write-offs of deferred financing costs in connection with amending the Prior Revolving Credit Facility and Prior Canadian Term Loan (defined below). This entire amount is included in FFO for the three and six months ended June 30, 2016.

During the three and six months ended June 30, 2016, we recognized \$0.2 million and \$2.7 million, respectively, in provision for doubtful accounts. General reserves on straight-line rental income increased by \$0.6 million and \$0.8 million, respectively, during the three and six months ended June 30, 2016 and reserves on loan losses decreased by \$0.4 million and increased by \$1.9 million, respectively, during the three and six months ended June 30, 2016. These amounts in their entirety are included in FFO for the three and six months ended June 30, 2016 and \$0.1 million is included in AFFO for the three and six months ended June 30, 2016.

During the three and six months ended June 30, 2016, we recognized \$2.4 million of other income primarily due to a lease termination payment related to a memorandum of understanding entered into with Genesis regarding five Genesis facilities. This entire amount is included in FFO for the three and six months ended June 30, 2016 and \$2.3 million is included in AFFO for the three and six months ended June 30, 2016.

During the three and six months ended June 30, 2015, we recognized \$4.3 million of acquisition pursuit costs not typically incurred related to the acquisitions of the Canadian Portfolio and NMS Portfolio. This entire amount is included in FFO for the three and six months ended June 30, 2015.

During the three and six months ended June 30, 2015, we recognized \$3.0 million and \$4.1 million, respectively, in provision for doubtful accounts primarily related to rents due from our Forest Park - Frisco tenant. This entire amount is included in FFO for the three and six months ended June 30, 2015 and \$1.5 million and \$2.3 million is included in AFFO for the three and six months ended June 30, 2015, respectively.

Table of Contents

During the three and six months ended June 30, 2015, we recognized \$0.1 million and \$0.2 million, respectively, of other expense as a result of adjusting the fair value of our contingent consideration liability related to one acquisition of a real estate property. This entire amount is included in FFO for the three and six months ended June 30, 2015.

During the three and six months ended June 30, 2015, we recognized \$0.1 million and \$0.4 million of non-RIDEA facility operating expenses associated with transitioning two assets to new operators. This entire amount is included in FFO and AFFO for the three and six months ended June 30, 2015.

Liquidity and Capital Resources

As of June 30, 2016, we had approximately \$603.8 million in liquidity, consisting of unrestricted cash and cash equivalents of \$103.8 million (excluding cash and cash equivalents associated with our RIDEA-compliant joint venture), and available borrowings under our Revolving Credit Facility of \$500.0 million. The Credit Facility also contains an accordion feature that can increase the total available borrowings to \$1.25 billion (from U.S. \$745.0 million plus CAD \$125.0 million), subject to terms and conditions.

We believe that our available cash, operating cash flows and borrowings available to us under the Revolving Credit Facility provide sufficient funds for our operations, scheduled debt service payments with respect to our Senior Notes (defined below), mortgage indebtedness on our properties, and dividend requirements for the next twelve months. In addition, we do not believe that the restrictions under our Senior Notes Indentures (defined below) significantly limit our ability to use our available liquidity for these purposes.

We intend to invest in additional healthcare properties as suitable opportunities arise and adequate sources of financing are available. We expect that future investments in properties, including any improvements or renovations of current or newly-acquired properties, will depend on and will be financed, in whole or in part, by our existing cash, borrowings available to us under our Revolving Credit Facility, future borrowings or the proceeds from issuances of common stock, preferred stock, debt or other securities. In addition, we may seek financing from U.S. government agencies, including through Fannie Mae and HUD, in appropriate circumstances in connection with acquisitions.

Cash Flows from Operating Activities

Net cash provided by operating activities was \$94.5 million for the six months ended June 30, 2016. Operating cash inflows were derived primarily from the rental payments received under our lease agreements and interest payments from borrowers under our loan investments. Operating cash outflows consisted primarily of interest and payment of general and administrative expenses, including acquisition pursuit costs. We expect our annualized cash flows provided by operating activities to increase as a result of completed and anticipated future real estate investments.

Cash Flows from Investing Activities

During the six months ended June 30, 2016, net cash provided by investing activities was \$256.0 million and consisted of \$193.9 million in repayments of loans receivable and \$75.5 million in sales proceeds related to the disposition of one skilled nursing/transitional care facility and one acute care hospital, partially offset by \$6.3 million used to provide additional funding for existing loans receivable, \$6.2 million used to fund new and existing preferred equity investments and \$0.9 million used for tenant improvements.

We expect to continue using available liquidity in connection with anticipated future real estate investments and loan originations.

Cash Flows from Financing Activities

During the six months ended June 30, 2016, net cash used in financing activities was \$254.2 million and included \$69.4 million in proceeds from the Term Loans. The proceeds were partially offset by \$1.3 million of payroll tax payments related to the issuance of common stock pursuant to equity compensation arrangements, \$59.3 million of dividends paid to stockholders, \$2.1 million of principal repayments of mortgage notes payable and \$5.9 million of payments for deferred financing costs primarily associated with the Credit Facility. In addition, during the six months ended June 30, 2016, we repaid a net amount of \$255.0 million on our Revolving Credit Facility.

Loan Agreements

2021 Notes. On January 23, 2014, the Operating Partnership and Sabra Capital Corporation, wholly owned subsidiaries of the Company (the "Issuers"), issued \$350.0 million aggregate principal amount of 5.5% senior unsecured notes due 2021 (the "Existing 2021 Notes"), providing net proceeds of approximately \$340.8 million after deducting underwriting discounts and other offering expenses. On October 10, 2014, the Issuers issued an additional \$150.0

million aggregate principal amount of

47

Table of Contents

5.5% senior unsecured notes due 2021 (together with the Existing 2021 Notes, the “2021 Notes”), providing net proceeds of approximately \$145.6 million (not including pre-issuance accrued interest), after deducting underwriting discounts and other offering expenses and a yield-to-maturity of 5.593%.

2023 Notes. On May 23, 2013, the Issuers issued \$200.0 million aggregate principal amount of 5.375% senior notes due 2023 (the “2023 Notes” and, together with the 2021 Notes, the “Senior Notes”), providing net proceeds of approximately \$194.6 million after deducting underwriting discounts and other offering expenses.

See Note 6, “Debt,” in the Notes to Condensed Consolidated Financial Statements for additional information concerning the 2021 Notes and the 2023 Notes, including information regarding the indentures governing the Senior Notes (the “Senior Notes Indentures”). As of June 30, 2016, we were in compliance with all applicable covenants under the Senior Notes Indentures.

Revolving Credit Facility and Term Loans. On September 10, 2014, the Operating Partnership entered into a second amended and restated unsecured revolving credit facility (the “Prior Revolving Credit Facility”) with certain lenders as set forth in the related credit agreement and Bank of America, N.A., as Administrative Agent, Swing Line Lender and L/C Issuer (each as defined in such credit agreement).

The Prior Revolving Credit Facility provided for a borrowing capacity of \$650.0 million and provided an accordion feature allowing for an additional \$100.0 million of capacity, subject to terms and conditions, resulting in a maximum borrowing capacity of \$750.0 million. The Operating Partnership also had an option to convert up to \$200.0 million of the Prior Revolving Credit Facility to a term loan subject to terms and conditions. On October 10, 2014, the Operating Partnership converted \$200.0 million of the outstanding borrowings under the Prior Revolving Credit Facility to a term loan.

On June 10, 2015, Sabra Canadian Holdings, LLC, a wholly-owned subsidiary of the Company, entered into a new Canadian dollar denominated term loan of CAD \$90.0 million (the “Prior Canadian Term Loan”).

On January 14, 2016, the Borrowers entered into a third amended and restated Credit Facility. The Credit Facility amends and restates the Prior Revolving Credit Facility and replaces the Prior Canadian Term Loan.

The Credit Facility includes a Revolving Credit Facility and the Term Loans. The Revolving Credit Facility provides for a borrowing capacity of \$500.0 million and, in addition, increases our U.S. dollar and Canadian dollar term loans to \$245.0 million and CAD \$125.0 million, respectively. Further, up to \$125.0 million of the Revolving Credit Facility may be used for borrowings in certain foreign currencies. The Credit Facility also contains an accordion feature that can increase the total available borrowings to \$1.25 billion, subject to terms and conditions.

The obligations of the Borrowers under the Credit Facility are guaranteed by us and certain of our subsidiaries.

See Note 6, “Debt,” in the Notes to Condensed Consolidated Financial Statements for additional information concerning the Credit Facility, including information regarding covenants contained in the Credit Facility. As of June 30, 2016, we were in compliance with all applicable covenants under the Credit Facility.

Mortgage Indebtedness

Of our 178 properties held for investment, 21 are subject to mortgage indebtedness to third parties that, as of June 30, 2016, totaled approximately \$177.0 million. As of June 30, 2016 and December 31, 2015, our mortgage notes payable consisted of the following (dollars in thousands):

Interest Rate Type	Principal Balance as of June 30, 2016 ⁽¹⁾	Principal Balance as of December 31, 2015 ⁽¹⁾	Weighted Average Effective Interest Rate at June 30, 2016 ⁽²⁾	Maturity Date
Fixed Rate	\$ 176,996	\$ 177,850	4.01 %	December 2021 - August 2051

⁽¹⁾ Principal balance does not include deferred financing costs of \$2.9 million and \$3.0 million as of June 30, 2016 and December 31, 2015, respectively.

⁽²⁾ Weighted average effective interest rate includes private mortgage insurance.

Capital Expenditures

There were \$0.9 million and \$1.0 million of capital expenditures for the six months ended June 30, 2016 and 2015, respectively. The capital expenditures for the six months ended June 30, 2016 and 2015 include \$0.1 million and \$11,000, respectively, of capital expenditures for corporate office needs. There are no present plans for the improvement or development of any unimproved or undeveloped property; however, from time to time we may agree to fund improvements our tenants make at our facilities. Accordingly, we anticipate that our aggregate capital expenditure requirements for the next 12 months will not

Table of Contents

exceed \$4.0 million, and that such expenditures will principally be for improvements to our facilities, which result in incremental rental income, and corporate capital expenditures. Capital expenditures are expected to be funded by existing cash balances, cash generated from operations or additional borrowings under our Revolving Credit Facility.

Dividends

We paid dividends of \$59.3 million on our common and preferred stock during the six months ended June 30, 2016. On August 1, 2016, our board of directors declared a quarterly cash dividend of \$0.42 per share of common stock. The dividend will be paid on August 31, 2016 to common stockholders of record as of August 15, 2016. Also on August 1, 2016, our board of directors declared a quarterly cash dividend of \$0.4453125 per share of Series A Preferred Stock. The dividend will be paid on August 31, 2016 to preferred stockholders of record as of the close of business on August 15, 2016.

Concentration of Credit Risk

Concentrations of credit risks arise when a number of operators, tenants or obligors related to our investments are engaged in similar business activities, or activities in the same geographic region, or have similar economic features that would cause their ability to meet contractual obligations, including those to us, to be similarly affected by changes in economic conditions. We regularly monitor our portfolio to assess potential concentrations of risks.

Management believes our current portfolio is reasonably diversified across healthcare related real estate and geographical location and does not contain any other significant concentration of credit risks. Our portfolio of 178 real estate properties held for investment as of June 30, 2016 is diversified by location across the United States and Canada.

As of June 30, 2016, our three largest tenants, Genesis, Holiday and NMS Healthcare, represented 33.6%, 16.6% and 10.4%, respectively, of our annualized revenues. Other than these three tenants, none of the Company's tenants individually represented 10% or more of the Company's annualized revenues as of June 30, 2016. The obligations under all three master leases are guaranteed by their respective parent entities.

Skilled Nursing Facility Reimbursement Rates

As of June 30, 2016, 58.8% of our annualized revenues was derived directly or indirectly from skilled nursing/transitional care facilities. Medicare reimburses skilled nursing facilities for Medicare Part A services under the Prospective Payment System ("PPS"), as implemented pursuant to the Balanced Budget Act of 1997 and modified pursuant to subsequent laws, most recently the Patient Protection and Affordable Care Act of 2010 (the "Affordable Care Act"). PPS regulations predetermine a payment amount per patient, per day, based on a market basket index calculated for all covered costs. The amount to be paid is determined by classifying each patient into one of 66 Resource Utilization Group ("RUG") categories that represent the level of services required to treat different conditions and levels of acuity.

The current system of 66 RUG categories, or Resource Utilization Group version IV ("RUG IV"), became effective as of October 1, 2010. RUG IV resulted from research performed by the Centers for Medicare & Medicaid Services ("CMS") and was part of CMS's continuing effort to increase the correlation of the cost of services to the condition of individual patients.

On July 31, 2015, CMS released final fiscal year 2016 Medicare rates for skilled nursing facilities providing a net increase of 1.2% over fiscal year 2015 payments (comprised of a market basket increase of 2.3% less 0.6% for a forecast error adjustment and less the productivity adjustment of 0.5%).

On July 29, 2016, CMS released final fiscal year 2017 Medicare rates for skilled nursing facilities providing a net increase of 2.4% over fiscal year 2016 payments (comprised of a market basket increase of 2.7% less the productivity adjustment of 0.3%). The new payment rates will become effective on October 1, 2016.

On November 16, 2015, CMS finalized the Comprehensive Care for Joint Replacement ("CJR") model, which began April 1, 2016, which will hold hospitals accountable for the quality of care they deliver to Medicare fee-for-service beneficiaries for hip and knee replacements and/or other major leg procedures from surgery through recovery.

Through this payment model, hospitals in 67 geographic areas will receive additional payments if quality and spending performance are strong or, if not, potentially have to repay Medicare for a portion of the spending for care surrounding a lower extremity joint replacement (LEJR) procedure. As a result, Medicare revenues derived at skilled

nursing facilities related to lower extremity joint replacement hospital discharges could be positively or negatively impacted in those geographic areas identified by CMS for mandatory participation in the bundled payment program.

Table of Contents

Obligations and Commitments

The following table summarizes our contractual obligations and commitments in future years, including our Senior Notes, our Revolving Credit Facility, Term Loans and our mortgage indebtedness to third parties on certain of our properties. The following table is presented as of June 30, 2016 (in thousands):

	Total	July 1 Through December 31, 2016	Year Ending December 31,				
		2017	2018	2019	2020	After 2020	
Mortgage indebtedness ⁽¹⁾	\$273,051	\$ 5,247	\$10,494	\$ 10,494	\$ 10,494	\$10,494	\$225,828
Revolving Credit Facility ⁽²⁾⁽³⁾	5,388	767	1,521	1,521	1,521	58	—
Term Loans	383,614	4,674	9,271	9,271	9,271	9,296	341,831
Senior Notes ⁽⁴⁾	912,750	19,125	38,250	38,250	38,250	38,250	740,625
Contingent consideration	2,300	—	2,300	—	—	—	—
Operating lease	1,359	92	191	200	209	219	448
Total	\$1,578,462	\$ 29,905	\$62,027	\$ 59,736	\$ 59,745	\$58,317	\$1,308,732

(1) Mortgage indebtedness includes principal payments and interest payments through the maturity dates. Total interest on mortgage indebtedness, based on contractual rates, is \$96.1 million.

(2) Revolving Credit Facility includes payments related to the unused facility fee due to the lenders based on the amount of unused borrowings under the Revolving Credit Facility.

(3) Revolving Credit Facility is subject to two six-month extension options.

(4) Senior Notes includes interest payments through the maturity dates. Total interest on the Senior Notes is \$212.8 million.

In addition to the above, as of June 30, 2016, we have committed to provide up to \$3.5 million of future funding related to two preferred equity investments and one loan receivable investment. The loan receivable investment has a maturity date in March 2021.

Off-Balance Sheet Arrangements

None.

Table of Contents

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

We are exposed to various market risks, primarily related to adverse changes in interest rates and the exchange rate for Canadian dollars. We use derivative instruments in the normal course of business to mitigate interest rate and foreign currency risk. We do not use derivative financial instruments for speculative or trading purposes. See Note 7, “Derivative and Hedging Instruments,” to the Condensed Consolidated Financial Statements for further discussion on our derivative instruments.

Interest rate risk. As of June 30, 2016, our indebtedness included \$700.0 million aggregate principal amount of Senior Notes outstanding, \$177.0 million of mortgage indebtedness to third parties on certain of the properties that our subsidiaries own, \$341.5 million in Term Loans and no amounts outstanding under the Revolving Credit Facility. As of June 30, 2016, we had \$341.5 million of outstanding variable rate indebtedness. In addition, as of June 30, 2016, we had \$500.0 million available for borrowing under our Revolving Credit Facility.

We expect to manage our exposure to interest rate risk by maintaining a mix of fixed and variable rates for our indebtedness. We also may manage, or hedge, interest rate risks related to our borrowings through interest rate cap or swap agreements. As of June 30, 2016, we had two interest rate derivative instruments: a 2.0% interest rate cap on \$200.0 million of LIBOR-based borrowings and an interest rate swap that fixes the CDOR portion of the interest rate for CAD \$90.0 million of CDOR-based borrowings at 1.59%.

From time to time, we may borrow under the Revolving Credit Facility to finance future investments in properties, including any improvements or renovations of current or newly acquired properties, or for other purposes. Because borrowings under the Revolving Credit Facility bear interest on the outstanding principal amount at a rate equal to an applicable percentage plus, at our option, either (a) LIBOR or (b) a base rate determined as the greater of (i) the federal funds rate plus 0.5%, (ii) the prime rate, and (iii) one-month LIBOR plus 1.0%, the interest rate we will be required to pay on any such borrowings will depend on then applicable rates and may vary. An increase in interest rates could make the financing of any investment by us costlier. Rising interest rates could also limit our ability to refinance our debt when it matures or cause us to pay higher interest rates upon refinancing and increase interest expense on refinanced indebtedness. Assuming a 100 basis point increase in the interest rate related to our variable rate debt and after giving effect to the impact of interest rate swap and cap derivative instruments and assuming no other changes in the outstanding balance as of June 30, 2016, interest expense would increase by \$2.7 million for the twelve months following June 30, 2016. As of June 30, 2016, the index underlying our variable rate mortgages was below 100 basis points and if this index was reduced to zero during the twelve months following June 30, 2016, interest expense on our variable rate debt would decrease by \$1.3 million.

Foreign currency risk. We are exposed to changes in foreign exchange rates as a result of our investments in Canadian real estate. Our foreign currency exposure is partially mitigated through the use of Canadian dollar denominated debt totaling CAD \$148.6 million and cross currency swap instruments. Based on our operating results for the three months ended June 30, 2016, if the value of the Canadian dollar relative to the U.S. dollar were to increase or decrease by 10% compared to the average exchange rate during the three months ended June 30, 2016, our cash flows would have decreased or increased, as applicable, by \$0.1 million.

ITEM 4. CONTROLS AND PROCEDURES

Disclosure Controls and Procedures

As of the end of the period covered by this report, management, including our chief executive officer and chief financial officer, evaluated the effectiveness of the design and operation of our disclosure controls and procedures. Based upon, and as of the date of, the evaluation, our chief executive officer and chief financial officer concluded that our disclosure controls and procedures were effective as of June 30, 2016 to ensure that information required to be disclosed in the reports we file or submit under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), is recorded, processed, summarized and reported within the time periods specified in the SEC’s rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed by us in the reports we file or submit under the Exchange Act is accumulated and communicated to our management, including our chief executive officer and our chief financial officer, as appropriate to allow timely decisions regarding required disclosure.

Changes in Internal Control Over Financial Reporting

There were no changes in our internal control over financial reporting during the quarter ended June 30, 2016 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

51

Table of Contents

PART II. OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

None of the Company or any of its subsidiaries is a party to, and none of their respective property is the subject of, any material legal proceeding, although we are from time to time party to legal proceedings that arise in the ordinary course of our business.

ITEM 1A. RISK FACTORS

There have been no material changes in our assessment of our risk factors from those set forth in our 2015 Annual Report on Form 10-K.

ITEM 5. OTHER INFORMATION

On July 29, 2016, we entered into a memorandum of understanding with Genesis to market for sale up to 29 facilities currently leased to Genesis. Upon the sales of the facilities, annual rental amounts paid to the Company by Genesis will be reduced by an amount equal to 7.5% of the net proceeds that the Company receives on the sales. In addition, the memorandum of understanding calls for the laddering of maturities under leases with Genesis, resulting in 30% of revenues from Genesis leases maturing by the end of 2021, compared to 77% currently. Unless extended, the memorandum of understanding will automatically terminate with respect to any remaining facilities if a contract for the sale of such facilities has not been executed and consummated on or before October 31, 2017.

Also on July 29, 2016, we amended and restated our memorandum of understanding with Genesis regarding five Genesis facilities, pursuant to which (a) Genesis is required to make payments totaling \$20 million to us (of which \$5,000,000 was paid on April 1, 2016, \$5,000,000 was paid on July 1, 2016 and \$10,000,000 is scheduled to be paid on or before March 31, 2017) and (b) annual rental amounts paid to us by Genesis are reduced by \$125,000 effective July 1, 2016 and will be reduced by an additional \$1,850,000 upon receipt of the final \$10,000,000 payment). If any of the five facilities have not been sold on or before March 31, 2017, then Genesis may elect to voluntarily close such remaining unsold facilities. Two of the facilities subject to this memorandum of understanding were sold as of June 30, 2016.

Also on July 29, 2016, we amended and restated our memorandum of understanding with Genesis to market for sale three facilities currently leased to Genesis, pursuant to which upon the sales of the facilities, annual rental amounts paid to us by Genesis will be reduced by an amount equal to 2.5% of the net proceeds that we receive on the sales. If any of the three facilities have not been sold on or before March 31, 2017, then Genesis may elect to voluntarily close such remaining unsold facilities.

If all the sales contemplated by the three memoranda of understanding with Genesis are completed, the number of facilities leased to Genesis will decrease to 43, compared to 78 as of June 30, 2016.

The memoranda of understanding with Genesis are filed as Exhibits 10.2, 10.3, and 10.4 to this 10-Q and are incorporated herein by this reference. This description of the material terms of the memoranda of understanding is qualified in its entirety by reference to such exhibits.
