### Note Regarding Forward-Looking Statements

Statements and other information included in this Current Report on Form 8-K/A that are not historical facts, including statements about the Company’s plans, strategies, beliefs and expectations, as well as certain estimates and assumptions used by the Company’s management, may constitute forward-looking statements. Forward-looking statements are subject to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995, as amended. Forward-looking statements speak only as of the date they are made and, except for the Company’s ongoing obligations under the U.S. federal securities laws, the Company undertakes no obligation to publicly update any forward-looking statement.

Forward-looking statements are subject to known and unknown risks and uncertainties and are based on estimates and assumptions that are subject to change or revision, including the estimates and assumptions used by the Company in preparing the pro forma financial information included in this Current Report on Form 8-K/A, that could cause actual results to differ materially from those expected or implied by the forward-looking statements or the estimates or assumptions used. Such forward-looking statements include, without limitation, the Company’s current expectations with respect to payment of the earn-out payments and preliminary estimated adjustments to record the assets and liabilities of the Company at their respective estimates of fair values under acquisition accounting, and are based on current available information.

Actual results may differ materially from the forward-looking statements for a number of reasons, including additional information regarding the fair values of assets and liabilities becoming available, the performance of additional fair value analyses, and risk factors identified in the Company’s periodic filings with the SEC, including without limitation in the Company’s Annual Report on Form 10-K for the year ended December 30, 2016. Factors other than those listed above also could cause the Company’s results to differ materially from expected results.
