IMPORTANT INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

Only common stockholders of record as of the close of business on March 4, 2019 will be entitled to vote at the meeting and any adjournments or postponements thereof. Our convertible preferred stock has no voting rights. As of that date, 7,880,463 shares of our common stock, \$0.0001 par value per share (the “common stock”), were issued and outstanding. Each share outstanding as of the record date will be entitled to one vote, and stockholders may vote in person or by proxy. Execution of a proxy will not in any way affect a stockholder’s right to attend the meeting and vote in person, although the presence (without further action) of a stockholder at the annual meeting will not constitute revocation of a previously given proxy. Any stockholder delivering a proxy has the right to revoke it by either: (1) filing a written revocation with our Secretary at NeuroMetrix, Inc., 1000 Winter Street, Waltham, Massachusetts 02451; (2) submitting a new proxy by telephone, Internet, or proxy card after the date of the previously submitted proxy; or (3) appearing in person at the meeting and voting by ballot at the annual meeting. Your most current vote, whether by telephone, Internet or proxy card is the one that will be counted.

Whether you plan to attend the annual meeting or not, we urge you to vote by proxy. If you vote by proxy, the individuals named on the proxy card, or your “proxies,” will vote your shares in the manner you indicate. You may specify whether your shares should be voted for the nominees for director or withheld from the nominees for director, whether your shares should be voted for, against, or abstain with respect to proposals 2 and 3, and whether

your shares should be voted for a frequency of voting on executive compensation of every one, two or three years. Voting by proxy will not affect your right to attend the annual meeting. If your shares are registered directly in your name through our stock transfer agent, American Stock Transfer & Trust Company, or you have stock certificates registered in your name, you may vote:

By mail. Complete and mail the enclosed proxy card in the enclosed postage prepaid envelope. Your proxy will be voted in accordance with your instructions. If you sign the proxy card but do not specify how you want your shares voted, they will be voted as recommended by our Board of Directors.

By Internet or by telephone. Follow the instructions attached to the proxy card to vote by Internet or telephone.

In person at the meeting. If you attend the meeting, you may deliver your completed proxy card in person or you may vote by completing a ballot, which will be available at the meeting.

Telephone and Internet voting facilities for stockholders of record will be available 24-hours a day and will close at 11:59 p.m. Eastern Time on April 29, 2019.

If your shares are held in "street name" (held in the name of a bank, broker, or other nominee), you must provide the bank, broker, or other holder of record with instructions on how to vote your shares and can do so as follows:

By mail. Follow the instructions you receive from your broker or other nominee explaining how to vote your shares.

By Internet or by telephone. Follow the instructions you receive from your broker or other nominee to vote by Internet or telephone.

In person at the meeting. Contact the broker or other nominee who holds your shares to obtain a broker's proxy card and bring it with you to the annual meeting. You will not be able to vote at the annual meeting unless you have a proxy card from your broker.

The representation in person or by proxy of at least a majority of all shares of common stock issued, outstanding, and entitled to vote at the meeting is necessary to constitute a quorum for the transaction of business. Votes withheld from the nominees for election as director, abstentions, and broker "non-votes" are counted as present or represented for purposes of determining the presence or absence of a quorum for the meeting. A "non-vote" occurs when a nominee holding shares for a beneficial owner votes on one proposal, but does not vote on another proposal because, in respect of such other proposal, the nominee does not have discretionary voting power and has not received voting instructions from the beneficial owner. An automated system administered by our transfer agent tabulates the votes. The vote on each matter submitted to stockholders is tabulated separately.

Each of the persons named as proxies in the proxy is one of our officers. All properly executed proxies returned in time to be cast at the meeting will be voted. With respect to Proposal 1, the election of two Class III directors, any stockholder submitting a proxy has a right to withhold authority to vote for either of the nominees to the Board of Directors in the manner provided on the proxy. The stockholders will also act upon Proposal 2, to ratify the selection of Moody, Famiglietti & Andronico, LLP as the Corporation's independent auditors for fiscal 2019, Proposal 3, to consider an advisory vote on compensation of our named executive officers, and Proposal 4, to consider an advisory vote on the frequency of holding an advisory vote on compensation of our named executive officers.

If your shares are registered in your name, they will not be counted if you do not vote as described above. If your shares are held in street name and you do not provide voting instructions to the bank, broker or other holder of record that holds your shares, the bank, broker or other holder of record will have the authority to vote your unvoted shares only on proposal 2 even if it does not receive instructions from you. We encourage you to provide voting instructions. This ensures your shares will be voted at the meeting in the manner you desire. If your broker cannot vote your shares on a particular matter because it has not received instructions from you and does not have discretionary voting authority on that matter or because your broker chooses not to vote on a matter for which it does have discretionary voting authority, this is referred to as a “broker non-vote”.

The following sets forth the vote required to approve each proposal and how votes are counted:

Proposal 1: Election of Directors	<p>The nominees to serve as Class III directors who receive the most votes (also known as a “plurality” of the votes cast) will be elected. You may vote either FOR all of the nominees, WITHHOLD your vote from all of the nominees or WITHHOLD your vote from either of the nominees. Votes that are withheld will not be included in the vote tally for the election of the directors. Brokerage firms do not have authority to vote customers’ unvoted shares held by the firms in street name for this proposal. As a result, any shares not voted by a customer will be treated as a broker non-vote. Such broker non-votes will have no effect on the outcome of the election of the nominees.</p>
Proposal 2: Ratify Selection of Independent Registered Public Accounting Firm	<p>The affirmative vote of a majority of the votes cast for or against this proposal is required to ratify the selection of our independent registered public accounting firm. Abstentions will have no effect on the results of this vote. Brokerage firms have authority to vote customers’ unvoted shares held by the firms in street name for this proposal. If a broker does not exercise this authority, such broker non-votes will have no effect on the results of this vote. We are not required to obtain the approval of our stockholders to select our independent registered public accounting firm. However, if our stockholders do not ratify the selection of Moody, Famiglietti & Andronico, LLP as our independent registered public accounting firm for 2019, our Audit Committee of our Board of Directors will reconsider its selection.</p>
Proposal 3: Advisory Vote on Executive Compensation	<p>The affirmative vote of a majority of the votes cast for or against this proposal is required to approve the compensation of our named executive officers, as described in this proxy statement. Abstentions will have no effect on the results of this vote. Brokerage firms do not have authority to vote customers’ unvoted shares held by the firms in street name for this proposal. As a result, any shares not voted by a customer will be treated as a broker non-vote. Such broker non-votes will have no effect on the results of this vote. Although the advisory vote is non-binding, the Compensation Committee and the Board of Directors will review the voting results and take them into consideration when making future decisions regarding executive compensation.</p>
Proposal 4: Advisory Vote on Frequency of Executive Compensation	<p>The frequency of holding an advisory vote on compensation of our named executive officers – every year, every two years, or every three years – receiving a majority of the votes cast will be the frequency approved by our stockholders. Abstentions will have no effect on the results of this vote. Brokerage firms do not have authority to vote customers’ unvoted shares held by the firms in street name for this proposal. As a result, any shares not voted by a customer will be treated as a broker non-vote. Such broker non-votes will have no effect on the results of this vote. Although the advisory vote is non-binding, the Compensation Committee and the Board of Directors will review the voting results and take them into consideration when making future decisions regarding the frequency of holding an advisory vote on executive compensation.</p>

If you hold your shares in street name, it is critical that you cast your vote if you want your vote to be counted for the election of the director nominees (Proposal 1 of this proxy statement). Your bank, broker, or other nominee no longer has the ability to vote your uninstructed shares in the election of directors on a discretionary basis. Thus, if you hold

your shares in street name and you do not instruct your bank, broker, or other holder of record how to vote

in the election of the director nominees, no votes will be cast on this proposal on your behalf. In addition, your bank, broker or other holder of record will not have discretion to vote uninstructed shares on the approval of the advisory vote on executive compensation (Proposal 3 of this proxy statement) or the approval of the advisory vote on the frequency of the advisory vote on executive compensation (Proposal 4 of this proxy statement). Your bank, broker, or other holder of record does, however, continue to have discretion to vote any uninstructed shares on the ratification of the selection of our independent registered public accounting firm (Proposal 2 of this proxy statement).

The Board of Directors knows of no other matter to be presented at the meeting. If any other matter should be presented at the meeting upon which a vote may be properly taken, shares represented by all proxies received by the Board of Directors will be voted with respect thereto in accordance with the judgment of the persons named as proxies in the proxy.

The preliminary voting results will be announced at the annual meeting, and we will publish preliminary results, or final results if available, in a Current Report on Form 8-K within four business days of the annual meeting. If final results are unavailable at the time we file the Form 8-K, then we will file an amended report on Form 8-K to disclose the final voting results within four business days after the final voting results are known.

Electronic Delivery of Future Stockholder Communications

Most stockholders can elect to view or receive copies of future proxy materials over the Internet instead of receiving paper copies in the mail.

BOARD MATTERS AND CORPORATE GOVERNANCE

Board of Directors

Our amended and restated certificate of incorporation, as amended, provides for a classified board of directors consisting of three staggered classes of directors (Class I, Class II and Class III). The members of each class of our Board of Directors serve for staggered three-year terms, with the terms of our Class I, Class II and Class III directors expiring upon the election and qualification of directors at the annual meetings of stockholders to be held in 2020, 2021 and 2019, respectively. As of the date that this proxy statement was mailed to stockholders:

• our Class I director is Timothy R. Surgenor;

• our Class II directors are Shai N. Gozani, M.D., Ph.D., and David Van Avermaete; and

• our Class III directors are David E. Goodman, M.D. and Nancy E. Katz.

Our Board of Directors has determined that Dr. Goodman, Ms. Katz, and Messrs. Surgenor and Van Avermaete are independent directors for purposes of the corporate governance rules contained in the Nasdaq Marketplace Rules, or the Nasdaq rules. In making the independence determination with respect to these directors, our Board of Directors has considered the materiality of any relationship that each of our directors has with us. Our Board of Directors held 12 meetings during 2018. During 2018, all our directors attended more than 75% of the aggregate of (i) the total number of meetings of our Board of Directors and (ii) the total number of meetings held by any committees of our Board of Directors on which such director served.

Our Board of Directors has an Audit Committee, a Compensation Committee, and a Nominating and Corporate Governance Committee.

Board Committees and Meetings

Audit Committee

Our Board of Directors currently has an Audit Committee consisting of Mr. Surgenor, Chairman, Dr. Goodman and Ms. Katz. The Audit Committee operates pursuant to a charter that was approved by our Board of Directors, a current copy of which is available on our website at <https://www.neurometrix.com> under the heading “Investor Relations” and subheading “Corporate Governance”. The role and responsibilities of our Audit Committee are set forth in the Audit Committee’s written charter and include, among other functions, assisting the Board of Directors in overseeing the operation of a comprehensive system of internal controls covering the integrity of our financial statements and reports, compliance with laws, regulations and corporate policies, and the qualifications, performance and independence of our registered public accounting firm. Dr. Goodman, Ms. Katz, and Mr. Surgenor, are all “independent” as that term is defined in the rules of the SEC and the applicable Nasdaq rules relating to audit committee members. Our Board of Directors has determined that Mr. Surgenor qualifies as an “audit committee financial expert” as such term is defined in the rules of the SEC. The Audit Committee held five meetings during 2018. Please also see the report of the Audit Committee set forth elsewhere in this proxy statement.

Compensation Committee

Our Board of Directors has a Compensation Committee consisting of Dr. Goodman and Mr. Van Avermaete. Dr. Goodman and Mr. Van Avermaete are “independent directors” as that term is defined in the Nasdaq rules. The Compensation Committee operates pursuant to a charter that was approved by our Board of Directors, a current copy of which is available on our website at <https://www.neurometrix.com> under the heading “Investor Relations” and subheading “Corporate Governance.” The role and responsibilities of our Compensation Committee are set forth in the Compensation Committee’s written charter and include, among other functions, having direct responsibility for the oversight of all the compensation plans, policies, and programs of the Corporation in which the

directors and executive officers participate, and certain other incentive and equity plans in which all other employees of the Corporation participate. The Compensation Committee held 2 meetings in 2018.

The Compensation Committee typically meets at least two times each year in connection with the consideration and determination of executive compensation. Depending on the nature of the matter to be discussed, these meetings may occur at regularly scheduled times or may be special meetings. Specific agenda items are typically determined by the members of the Compensation Committee and our Chief Executive Officer. The Compensation Committee has the authority to determine all compensation payable to our executive officers. For annual and other compensation decisions, our Chief Executive Officer typically provides detailed information to the Compensation Committee regarding the performance of our executive officers, to the extent relevant, and makes detailed recommendations to the Compensation Committee regarding the compensation of all executive officers, excluding his own. The Compensation Committee relied on informal inquiries with compensation consultants to assess practices at local area life sciences companies, conducted by the Corporation's Human Resources Consultant, Jennifer Hayes, with respect to salaries and equity awards, bonus opportunities, and bonus determinations. The Compensation Committee has authorized Ms. Hayes to interact with management on behalf of the Compensation Committee, as needed in connection with advising the Compensation Committee. The Compensation Committee ultimately made all determinations regarding compensation payable to our executive officers throughout the year.

The Compensation Committee also enlisted the counsel of an independent compensation expert in the initial design of the incentive compensation plan for management. This plan employs quantitative metrics established early in the fiscal year in developing a corporate performance rating. The Compensation Committee has established a process for annual assessment of corporate performance which is the foundation for decisions regarding bonus payments to executive officers. Metrics are established following approval by the Board of Directors of the annual operating budget. These are monitored quarterly during the year and assessed after the end of the year. The Compensation Committee evaluates performance against these metrics and applies judgment in arriving at an overall corporate performance rating or "factor". In concept, the management bonus pool is activated by achievement of a single threshold or "gating" metric. Following activation, value is then created within the pool by achievement toward specific performance metrics.

The management pool metrics for 2018 encompassed targets for collaboration milestone attainment, sales revenue, product development, gross margins and Quell user engagement. The Compensation Committee concluded that the gating metric for 2018 has been met; however, there was inadequate progress toward other performance metrics. Consequently, a management bonus pool was not created for 2018.

The Compensation Committee has the authority to directly retain the services of independent consultants and other experts to assist in fulfilling its responsibilities. The Compensation Committee relied upon informal inquiries of the Corporation's Human Resources Consultant with respect to 2018 salaries and equity awards, bonus opportunities and bonus determinations.

The Compensation Committee also typically reviews our director compensation on at least an annual basis. Our Chief Executive Officer may make recommendations to the Compensation Committee regarding director compensation.

Nominating and Corporate Governance Committee

Our Board of Directors currently has a Nominating and Corporate Governance Committee consisting of Mr. Surgenor and Mr. Van Avermaete. Mr. Surgenor and Mr. Van Avermaete are "independent directors" as that term

is defined in the Nasdaq rules. The Nominating and Corporate Governance Committee operates pursuant to a charter that was approved by our Board of Directors, a current copy of which is available on our website at <https://www.neurometrix.com> under the heading “Investor Relations” and subheading “Corporate Governance”. The role and responsibilities of our Nominating and Corporate Governance Committee are set forth in the Nominating and Corporate Governance Committee’s written charter and include, among other functions, providing leadership in shaping the corporate governance of the Corporation, leading the Board of Directors in its annual review of the Board’s performance, assisting the Board by identifying individuals, consistent with the Board’s criteria, who are qualified to become Board members, recommending to the Board the director nominees for the next annual meeting of shareholders or for filling newly created directorships resulting from an increase in the size of the Board or vacancies, and recommending to the Board director nominees for each committee. During 2018, the independent members of the Board of Directors handled the responsibilities of the Nominating and Corporate Governance Committee, which did not meet separately in 2018.

Policy Governing Director Attendance at Annual Meetings

The Board of Directors has adopted a policy that all directors are expected to attend our annual meetings of stockholders in person, unless doing so is impracticable due to unavoidable conflicts. All of our current directors in office at the time of the 2018 Annual Meeting of Stockholders were in attendance.

Policies Governing Director Nominations

Securityholder Recommendations

The Nominating and Corporate Governance Committee’s current policy with regard to the consideration of director candidates recommended by securityholders is that it will review and consider any director candidates who have been recommended by one or more of our stockholders entitled to vote in the election of directors in compliance with the procedures established from time to time by the Nominating and Corporate Governance Committee. All securityholder recommendations for director candidates must be submitted to our Secretary at 1000 Winter Street, Waltham, Massachusetts 02451, who will forward all recommendations to the Nominating and Corporate Governance Committee. All securityholder recommendations for director candidates for our 2020 annual meeting of stockholders must be submitted to our Secretary on or before November 14, 2019 and must include the following information:

- the name and address of record of the stockholder;
- a representation that the securityholder is a record holder of our stock entitled to vote in the election of directors, or if the securityholder is not a record holder, evidence of ownership in accordance with Rule 14a-8(b)(2) under the Securities Exchange Act of 1934, as amended (the “Securities Exchange Act”);
- the name, age, business and residential address, educational background, current principal occupation or employment, and principal occupation or employment for the preceding five (5) full fiscal years of the proposed director candidate;
- the names of other public companies in which such person holds or has held directorships during the past five years;
- a description of the qualifications and background of the proposed director candidate which addresses the minimum qualifications and other criteria for Board membership approved by the Board of Directors from time to time;
- a description of all arrangements or understandings between the securityholder and the proposed director candidate;

the consent of the proposed director candidate (1) to be named in the proxy statement relating to our annual meeting of stockholders and (2) to serve as a director if elected at such annual meeting; and
any other information regarding the proposed director candidate that is required to be included in a proxy statement filed pursuant to the rules of the Securities and Exchange Commission.

Board Membership Criteria

The Nominating and Corporate Governance Committee has established criteria for Board membership. These criteria include the following specific, minimum qualifications that the Nominating and Corporate Governance Committee believes must be met by a Nominating and Corporate Governance Committee-recommended nominee for a position on the Board of Directors. The nominee must have high personal and professional integrity, must have demonstrated exceptional ability and judgment, and must be expected, in the judgment of the Nominating and Corporate Governance Committee, to be highly effective, in conjunction with the other nominees to the Board of Directors, in collectively serving the interests of our company and stockholders. In addition to the minimum qualifications for each nominee set forth above, the Nominating and Corporate Governance Committee will recommend that the Board of Directors select persons for nomination to help ensure that:

- the Board of Directors will be comprised of a majority of “independent directors” in accordance with the Nasdaq rules;
- each of our Audit, Compensation, and Nominating and Corporate Governance Committees shall be comprised entirely of independent directors;
- each member of our Audit Committee is able to read and understand fundamental financial statements, including a company’s balance sheet, income statement, and cash flow statement; and
- at least one member of the Audit Committee has past employment experience in finance or accounting, requisite professional certification in accounting, or any other comparable experience or background which results in the individual’s financial sophistication, including being or having been a chief executive officer, chief financial officer, or other senior officer with financial oversight responsibilities.

Finally, in addition to any other standards the Nominating and Corporate Governance Committee may deem appropriate from time to time for the overall structure and composition of the Board of Directors, the Nominating and Corporate Governance Committee, when recommending that the Board of Directors select persons for nomination, may consider diversity among its members and whether the nominee has direct experience in the industry or in the markets in which we operate. The Nominating and Corporate Governance Committee strives where appropriate to achieve a diverse balance of professional expertise and backgrounds, including expertise in finance, operations, and strategy and backgrounds in health care, medical devices, and other industries.

The Nominating and Corporate Governance Committee will recommend to the Board of Directors the nomination of the director candidates who it believes will, together with the existing Board members and other nominees, best serve our interests and the interests of our stockholders.

Identifying and Evaluating Nominees

The Nominating and Corporate Governance Committee may solicit recommendations for director nominees from any or all of the following sources: non-management directors, the Chief Executive Officer, other executive officers, third-party search firms, or any other source it deems appropriate. The Nominating and Corporate Governance Committee will review and evaluate the qualifications of any proposed director candidate that it is considering or that has been recommended to it by a securityholder in compliance with the Nominating and

Corporate Governance Committee's procedures for that purpose, and conduct inquiries it deems appropriate into the background of these proposed director candidates. In identifying and evaluating proposed director candidates, the Nominating and Corporate Governance Committee may consider, in addition to the minimum qualifications and other criteria for Board membership approved by the Nominating and Corporate Governance Committee from time to time, all facts and circumstances that it deems appropriate or advisable, including, among other things, the skills of each proposed director candidate, his or her depth and breadth of business experience or other background characteristics, his or her independence and the needs of the Board of Directors. Based on these considerations, the Nominating and Corporate Governance Committee will recommend to the Board of Directors the nomination of the director candidates who it believes will, together with the existing Board members and other nominees, best serve the interests of our company and stockholders. The Nominating and Corporate Governance Committee will evaluate proposed director candidates who have been recommended by securityholders in compliance with the policies and procedures established by the Nominating and Corporate Governance Committee in the same manner as all other proposed director candidates being considered by the Nominating and Corporate Governance Committee, with no regard to the source of the initial recommendation of such proposed director candidate.

Board Leadership Structure

The positions of chairman of the Board and chief executive officer of the Corporation have historically been combined, and Dr. Gozani currently holds both positions. We believe this Board leadership structure is appropriate because of the efficiencies achieved in having the role of chief executive officer and chairman combined, and because the detailed knowledge of our day-to-day operations and business that the chief executive officer possesses greatly enhances the decision-making processes of the Board of Directors as a whole. We have a strong governance structure in place, including independent directors, to ensure the powers and duties of the dual role are handled responsibly. Furthermore, consistent with Nasdaq listing requirements, the independent directors regularly have the opportunity to meet in executive sessions without Dr. Gozani in attendance. We do not have a lead independent director.

Board's Role in Risk Oversight

Management is responsible for managing the risks that we face. The Board of Directors is responsible for overseeing management's approach to risk management that is designed to support the achievement of organizational objectives, including strategic objectives, to improve long-term organizational performance and enhance stockholder value. The involvement of the full Board in reviewing our strategic objectives and plans is a key part of the Board's assessment of management's approach and tolerance to risk. A fundamental part of risk management is not only understanding the risks a company faces and what steps management is taking to manage those risks, but also understanding what level of risk is appropriate for us. In setting our business strategy, our Board assesses the various risks being mitigated by management and determines what constitutes an appropriate level of risk for us. Our Board's role in risk oversight has not, to date, had any effect on the Board's leadership structure.

While the Board of Directors has ultimate oversight responsibility for overseeing management's risk management process, the Audit Committee and Compensation Committee assist the Board of Directors in fulfilling that responsibility. The Audit Committee assists the Board of Directors in its oversight of risk management in the areas of financial reporting, internal controls, and compliance with legal and regulatory requirements, and the Compensation Committee assists the Board of Directors in its oversight of the evaluation and management of risks related to our compensation policies and practices.

PROPOSAL 1: ELECTION OF DIRECTORS

Introduction

We have two Class III directors with terms expiring at our 2019 Annual Meeting of Stockholders: David E. Goodman, M.D. and Nancy E. Katz. Our Board of Directors has nominated and recommends that David E. Goodman, M.D. and Nancy E. Katz be re-elected as Class III directors, to hold office until our 2022 annual meeting of stockholders and until their respective successors are duly elected and qualified or until their earlier death, resignation or removal. Dr. Goodman and Ms. Katz have indicated their willingness to serve, if elected; however, should either nominee become unable or unwilling to serve, the proxies will be voted for the election of a substitute nominee recommended by our Board of Directors.

Vote Required

Directors are elected by a plurality of the votes cast by stockholders entitled to vote. This means that the person receiving the highest number of “FOR” votes will be elected as director. Votes may be cast for or withheld from a nominee. Broker non-votes and votes that are withheld are not included in the number of votes cast and will have no effect on the outcome of the election of the nominees.

Recommendation

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE “FOR” THE NOMINEES, DAVID E. GOODMAN, M.D. AND NANCY E. KATZ, AND PROPERLY AUTHORIZED PROXIES SOLICITED BY THE BOARD OF DIRECTORS WILL BE VOTED “FOR” THE NOMINEES UNLESS INSTRUCTIONS TO WITHHOLD OR TO THE CONTRARY ARE GIVEN.

This cash compensation is in addition to any stock options or other equity compensation that we determine to grant to our directors. In addition to the compensation described above, we reimburse all non-employee directors for their reasonable out-of-pocket expenses incurred in attending meetings of our Board of Directors or any committees thereof.

These amounts include the aggregate grant date fair value for option awards granted during fiscal years 2018 and 2017 computed in accordance with FASB ASC Topic 718. The amount of each grant is set forth below under (1) “Discussion of Summary Compensation Table — Long-Term Incentive Compensation.” A discussion of the assumptions used in determining grant date fair value may be found in Note 3 to our Financial Statements, included in our Annual Report on Form 10-K for fiscal year 2018.

Discussion of Summary Compensation Table

The compensation paid to the named executive officers may include salary, cash incentive compensation, and equity incentive compensation. The terms of employment agreements that we have entered into with our named executive officers are described below under “Employment Agreements and Potential Payments upon Termination or Change-in-Control.”

Cash Compensation

We pay our executive officers a base salary which we review and determine annually. As of December 31, 2018, base salaries for our executive officers are Dr. Gozani — \$415,000, Mr. Higgins — \$325,000, and Mr. McGillin — \$357,500.

Bonus Payments

Each executive officer has an annual bonus target which is expressed as a percentage of base salary. For 2018, executive officer bonus targets as a percentage of base salary were as follows: Dr. Gozani — 62.5%; Mr. Higgins — 50%; and Mr. McGillin — 40%.

The Compensation Committee has established a process for annual assessment of corporate performance which is the foundation for decisions regarding bonus payments to executive officers. Metrics are established following approval by the Board of Directors of the annual operating budget. These are monitored quarterly during

the year and assessed after the end of the year. The Compensation Committee evaluates performance against these metrics and also applies judgment in arriving at an overall corporate performance rating or “factor”. In concept, the management bonus pool is activated by achievement of a single threshold or “gating” metric. Following activation, value is then created within the pool by achievement toward specific performance metrics.

The management pool metrics for 2018 encompassed targets for collaboration milestone attainment, sales revenue, product development, gross margins and Quell user engagement. The Compensation Committee concluded that the gating metric for 2018 had been met; however, there was inadequate progress toward other performance metrics. Consequently, a management bonus pool was not created for 2018.

Long-Term Incentive Compensation

We grant long-term equity incentive awards in the form of stock options and restricted shares to executives as part of our total compensation package. The Compensation Committee awarded in January 2018 the following equity grants comprised of stock options, to our named executive officers under our 2004 Stock Plan in the following amounts: Dr. Gozani — 75,000 options; Mr. Higgins — 37,500 options; and Mr. McGillin — 37,500 options. During 2017 there were no equity grants to executive officers.

Stock options referred to above have a term of three years and were 100% vested on grant date. Generally, to the extent vested, each stock option is exercisable during the term of the option while the grantee is employed by us and for a period of three months thereafter, unless such termination is upon death or disability, in which case the grantee may continue to exercise the option for a period of 12 months, or for cause, in which case the option terminates immediately. Vesting of stock options is also subject to acceleration in some certain circumstances in connection with a change-in-control as described below in “Employment Agreements and Potential Payments upon Termination or Change-in-Control.”

Management Retention and Incentive Plan

Our Board of Directors implemented the Management Retention and Incentive Plan, or the MRIP, under which a portion of the consideration payable upon a change of control transaction, as defined in the MRIP, would be paid to our executive officers and certain other key employees. The MRIP was designed to retain these individuals during the critical, early commercialization phases of our diabetes and pain initiatives while providing management with an incentive to rapidly build corporate value potentially leading to a change of control transaction. The MRIP has been structured to work in conjunction with, and not replace, our other incentive programs such as our equity plans, severance arrangements, compensation and bonus plan, and other benefits. The MRIP, which is designed to provide an appropriate, market-based incentive to our executive officers and key employees, will be reduced over time as a result of any future equity grants to participants. Effectively, the MRIP has an embedded self-liquidation feature. In the event of a change of control transaction, subject to the participant’s continued employment or service with us, the participant shall receive cash consideration equal to a fixed percentage of the value of the change of control transaction to be received by the Corporation or our stockholders, net of expenses. Each participant’s payment shall be reduced by (i) any payments to be made to the participant in the change of control transaction as a result of securities issued pursuant to our equity plans, (ii) the value then held by the participant of securities previously issued to the participant under our equity plans; and (iii) the then current value of shares issued to the participant under our equity plans and previously sold by the participant, excluding any founders shares.

Outstanding Equity Awards at Fiscal Year-End

The table below sets forth information with respect to our named executive officers concerning the outstanding equity awards as of December 31, 2018.

Confidentiality and Non-Competition Agreements

Dr. Gozani, Mr. Higgins, and Mr. McGillin have each entered into a confidentiality and non-competition agreement with us, which provides for protection of our confidential information, assignment to us of intellectual property developed by the executive officer and non-compete and non-solicitation obligations that are effective during, and for 12 months following termination of, the executive officer's employment.

Tenth Amended and Restated 2004 Stock Option and Incentive Plan

Under our 2004 Stock Plan, in the event of a merger, sale or dissolution of our company, or a similar “sale event,” all outstanding awards under our 2004 Stock Plan, unless otherwise provided for in a particular award, will terminate unless the parties to the transaction, in their discretion, provide for assumption, continuation or appropriate substitutions or adjustments of these awards. In the event that the outstanding awards under our 2004 Stock Plan terminate in connection with a sale event, all stock options and stock appreciation rights granted under our 2004 Stock Plan will automatically become fully exercisable and all other awards granted under our 2004 stock plan will become fully vested and non-forfeitable as of the effective time of the sale event. The administrator may also provide for a cash payment with respect to outstanding options and stock appreciation rights in exchange for the cancellation of such awards.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth certain information concerning beneficial ownership as of March 4, 2019, except as noted below, of our common stock by:

- each of our directors;
- each of our named executive officers;
- all of our directors and executive officers as a group; and
- each stockholder known by us to beneficially own more than five percent of our common stock.

The number of common shares “beneficially owned” by each stockholder is determined under rules issued by the SEC regarding the beneficial ownership of securities. This information is not necessarily indicative of beneficial ownership for any other purpose. Under these rules, beneficial ownership of common stock includes (1) any shares as to which the person or entity has sole or shared voting power or investment power and (2) any shares as to which the person or entity has the right to acquire beneficial ownership within 60 days after March 4, 2019, including any shares that could be purchased by the exercise of options or warrants on or within 60 days after March 4, 2019. We deem shares of common stock that may be acquired by an individual or group within 60 days of March 4, 2019 pursuant to the exercise of options or warrants to be outstanding for the purpose of computing the percentage ownership of such individual or group, but are not deemed to be outstanding for the purpose of computing the percentage ownership of any other person shown in the table. Each stockholder’s percentage ownership is based on 7,880,463 shares of our common stock outstanding as of March 4, 2019 plus the number of shares of common stock that may be acquired by such stockholder upon exercise of options or warrants that are exercisable on or within 60 days after March 4, 2019. Unless otherwise indicated in footnotes to this table, we believe that the stockholders named in this table have sole voting and investment power with respect to all shares of common stock shown to be beneficially owned by them based on information provided to us by these stockholders, except to the extent authority is shared by spouses under community property laws.

AUDIT COMMITTEE REPORT

The undersigned members of the Audit Committee of the Board of Directors, which consists entirely of directors who meet the independence requirements of the Nasdaq Marketplace Rules, submit this report in connection with the committee's review of the financial reports for the fiscal year ended December 31, 2018 as follows:

1. The Audit Committee has reviewed and discussed with management and Moody, Famiglietti, and Andronico, LLP, our independent registered public accounting firm, the audited financial statements for the Corporation for the fiscal year ended December 31, 2018;
2. The Audit Committee has discussed with representatives of Moody, Famiglietti, and Andronico, LLP the matters required to be discussed with them in accordance with Auditing Standard No. 16, Communications with Audit Committees; and
3. The Audit Committee has received the written disclosures and the letter from Moody, Famiglietti, and Andronico, LLP required by applicable requirements of the Public Company Accounting Oversight Board regarding Moody, Famiglietti, and Andronico, LLP's communications with the audit committee concerning independence, and has discussed with Moody, Famiglietti, and Andronico, LLP their independence. The Audit Committee also considered the status of pending litigation, taxation matters, and other areas of oversight relating to the financial reporting and audit process that the committee determined appropriate.

In performing all of these functions, the Audit Committee acts in an oversight capacity. The Audit Committee's roles and responsibilities are set forth in our charter adopted by the Board, which is available on our website at <https://www.neurometrix.com>. This committee reviews and reassesses our charter annually and recommends any changes to the Board for approval. The Audit Committee is responsible for overseeing our overall financial reporting process, and for the appointment, compensation, retention, and oversight of the work of Moody, Famiglietti, and Andronico, LLP. The Audit Committee reviews NeuroMetrix's quarterly and annual reports on Form 10-Q and Form 10-K prior to filing with the SEC. In its oversight role, the Audit Committee relies on the work and assurances of NeuroMetrix's management, which has the primary responsibility for establishing and maintaining adequate internal control over financial reporting, and for preparing the financial statements, and of Moody, Famiglietti, and Andronico, LLP, which is engaged to audit and report on the financial statements of NeuroMetrix.

Based on the Audit Committee's review of the audited financial statements and discussions with management and Moody, Famiglietti, and Andronico, LLP, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in NeuroMetrix's Annual Report on Form 10-K for the fiscal year ended December 31, 2018 for filing with the SEC.

PROPOSAL 2: RATIFICATION OF SELECTION OF AUDITORS

Introduction

The Audit Committee of the Board of Directors has selected the firm of Moody, Famiglietti, and Andronico, LLP, independent registered public accounting firm, to serve as our auditors for the year ending December 31, 2019. It is expected that a representative of Moody, Famiglietti, and Andronico, LLP will be present at the annual meeting with the opportunity to make a statement, if so desired, and will be available to respond to appropriate questions.

In deciding to appoint Moody, Famiglietti, and Andronico, LLP, the Audit Committee reviewed auditor independence issues and existing commercial relationships with Moody, Famiglietti, and Andronico, LLP and concluded that Moody, Famiglietti, and Andronico, LLP has no commercial relationship with the Corporation that would impair its independence for the fiscal year ending December 31, 2019.

The selection of our independent registered public accounting firm for the year ending December 31, 2019 will be ratified upon the affirmative vote of a majority of the votes properly cast for and against such matter. If a broker does not exercise this authority, such broker non-votes will have no effect on the results of this vote. PROPOSAL 3: ADVISORY VOTE ON APPROVAL OF EXECUTIVE COMPENSATION AS DISCLOSED IN THE PROXY STATEMENT

General

As required by Section 14A of the Securities Exchange Act, we are seeking your advisory vote of the compensation of our named executive officers as disclosed in the section of this proxy statement titled “Compensation of Executive Officers.” Because your vote is advisory, it will not be binding on our Compensation Committee or our Board of Directors. However, the Compensation Committee and the Board will review the voting results and take them into consideration when making future decisions regarding executive compensation. You are being asked to vote on the following advisory resolution:

RESOLVED, the compensation paid to the Corporation’s named executive officers as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Summary Compensation Table and the related compensation tables, notes and narrative to the proxy statement, is hereby approved.

The compensation of our named executive officers is based on a design that ties a substantial percentage of an executive’s compensation to the attainment of financial and other performance measures that, the Board of Directors believes, promote the creation of long-term shareholder value and position the Corporation for long-term success. The mix of fixed and performance based compensation and the terms of long-term incentive awards as well as the terms of executives’ employment agreements, are all designed to enable the Corporation to attract and maintain top talent while, at the same time, creating a close relationship between performance and compensation. The Compensation Committee and the Board of Directors believe that the design of the program, and hence the compensation awarded to named executive officers under the current program, fulfills this objective.

We pay our executive officers a base salary, which we review and determine annually. We have not increased the base salaries of our executive officers since 2014, with the exception of one named executive officer, our Senior Vice President, Chief Commercial Officer, who received a 10% increase in 2018 for retention purposes.

Each executive officer has an annual bonus target which is expressed as a percentage of base salary. For 2018, executive officer bonus targets as a percentage of base salary were as follows: Dr. Gozani — 62.5%; Mr. Higgins — 50%; and Mr. McGillin — 40%.

The Compensation Committee has established a process for annual assessment of corporate performance which is the foundation for decisions regarding bonus payments to executive officers. Metrics are established following approval by the Board of Directors of the annual operating budget. These are monitored quarterly during the year and assessed after the end of the year. The Compensation Committee evaluates performance against these metrics and also applies judgment in arriving at an overall corporate performance rating or “factor”. In concept, the management bonus pool is activated by achievement of a single threshold or “gating” metric. Following activation, value is then created within the pool by achievement toward specific performance metrics. The most significant management pool metrics for 2018 were:

• Achievement of certain development milestones under the GSK collaboration;

• Commercial launch of the next-generation Quell device; and

• Quantitative targets for revenue, gross margin and user retention.

The Board of Directors also implemented the Management Retention and Incentive Plan, or the MRIP, under which a portion of the consideration payable upon a change of control transaction, as defined in the MRIP,

would be paid to our executive officers and certain other key employees. The MRIP was designed to retain these individuals during the critical, early commercialization phases of our diabetes and pain initiatives while providing management with an incentive to rapidly build corporate value potentially leading to a change of control transaction. The MRIP has been structured to work in conjunction with, and not replace, our other incentive programs such as our equity plans, severance arrangements, compensation and bonus plan, and other benefits. The MRIP, which is designed to provide an appropriate, market-based incentive to our executive officers and key employees, will be reduced over time as a result of any future equity grants to participants. Effectively, the MRIP has an embedded self-liquidation feature.

Vote Required

The advisory vote on executive compensation will be approved upon the affirmative vote of a majority of the votes properly cast for and against such matter. Abstentions and broker non-votes are not included in the number of votes cast for and against this matter and therefore have no effect on the vote on such matter.

Recommendation

THE BOARD OF DIRECTORS RECOMMENDS A VOTE TO APPROVE THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS, AND PROXIES SOLICITED BY THE BOARD WILL BE VOTED IN FAVOR OF SUCH APPROVAL UNLESS A STOCKHOLDER INDICATES OTHERWISE ON THE PROXY.

PROPOSAL 4: ADVISORY VOTE ON FREQUENCY OF ADVISORY VOTE ON EXECUTIVE COMPENSATION

General

Section 14A of the Securities Exchange Act requires us to submit a non-binding, advisory resolution to our stockholders at least once every six years to determine whether an advisory vote on executive compensation should be held every one, two, or three years. In satisfaction of this requirement, stockholders are being asked to vote on the following advisory resolution:

RESOLVED, that the option of once every year, two years, or three years that receives a majority of the number of votes cast for this resolution will be determined to be the preferred frequency with which the Corporation is to hold a stockholder vote to approve the compensation of our named executive officers, as disclosed pursuant to the Securities and Exchange Commission's compensation disclosure rules (which disclosure shall include the Summary Compensation Table, and the other related tables and disclosure).

The optimal frequency of vote necessarily turns on a judgment about the relative benefits and burdens of each of the options. There have been diverging views expressed on this question and the Board believes there is a reasonable basis for each of these options.

Some have argued for less frequency. They point out that a less frequent vote would allow stockholders to focus on overall compensation design issues rather than details of individual decisions, would align with the goal of compensation programs — such as that of this Corporation — which are designed to reward performance that promotes long-term shareholder value, and would avoid the burden that an annual vote would impose on stockholders required to evaluate the compensation programs of a large number of companies each year.

In our judgment, holding an advisory vote on executive compensation every three years would be appropriate, as a vote every three years will provide us the appropriate time to understand any concerns and other feedback received from our stockholders, thoughtfully evaluate and respond to our stockholders and effectively implement any desired changes to our executive compensation program. An advisory vote every three years will permit our stockholders to observe and evaluate the impact of any changes to our executive compensation policies and practices that have occurred since the last advisory vote on executive compensation, including changes made in response to the outcome of a prior advisory vote on executive compensation.

While an advisory vote on executive compensation may reflect general satisfaction or dissatisfaction with a company's practices, a dialogue about executive compensation between our stockholders and our Board of Directors or Compensation Committee members can provide a forum that is more conducive to expressing precise views regarding specific compensation practices. Our Board of Directors believes that stockholders should not have to wait for a formal vote at an annual meeting. We encourage our stockholders to convey their compensation concerns to us on a real-time basis and view the advisory vote as an additional, but not exclusive, opportunity for our stockholders to communicate with us regarding executive compensation. For more information on how to contact members of our Board of Directors, please see the section entitled "Board Matters and Corporate Governance — Communications with the Board" above.

The proxy card provides stockholders with the opportunity to choose among four options (holding the vote every one, two, or three years, or abstaining) and, therefore, stockholders will not be voting to approve or disapprove the Board's recommendation. To vote on this proposal, you should mark your proxy for one year, two years, or three years based on your preference as to the frequency with which an advisory vote on executive compensation should be held. If you have no preference you should abstain.

Vote Required

The affirmative vote of a majority of the shares voted for this proposal — every year, every two years, or every three years — will be the frequency approved, on an advisory basis, by our stockholders. However, because the vote on the frequency of holding future advisory votes on the compensation of our named executive officers is not binding, if none of the frequency options receives a majority vote, the option receiving the greatest number of votes will be considered the frequency preferred by our stockholders

Recommendation

THE BOARD OF DIRECTORS RECOMMENDS A VOTE TO APPROVE, ON AN ADVISORY BASIS, THE FREQUENCY OF HOLDING A VOTE ON THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS EVERY THREE YEARS, AND PROXIES SOLICITED BY THE BOARD WILL BE VOTED IN FAVOR OF SUCH FREQUENCY UNLESS A STOCKHOLDER INDICATES OTHERWISE ON THE PROXY CARD.

STOCKHOLDER PROPOSALS

Any stockholder proposals submitted pursuant to Exchange Act Rule 14a-8 for inclusion in our proxy statement and form of proxy for our 2020 Annual Meeting of Stockholders must be received by us on or before November 14, 2019 in order to be considered for inclusion in our proxy statement and form of proxy. Such proposals must also comply with the requirements as to form and substance established by the SEC if such proposals are to be included in the proxy statement and form of proxy. Any such proposal should be mailed to: NeuroMetrix, Inc., 1000 Winter Street, Waltham, Massachusetts 02451, Attention: Secretary.

Stockholder proposals to be presented at our 2020 Annual Meeting of Stockholders, other than stockholder proposals submitted pursuant to Exchange Act Rule 14a-8 for inclusion in our proxy statement and form of proxy for our 2019 Annual Meeting of Stockholders, must be presented and received in accordance with the provisions of our by-laws. Our by-laws state that the stockholder must provide timely written notice of any nomination or proposal and supporting documentation. A stockholder's notice will be timely if received by us at our principal executive office not less than 90 days (or January 31, 2020) nor more than 120 days (or January 2, 2020) prior to the anniversary date of the immediately preceding annual meeting (the "Anniversary Date"); provided, however, that in the event the annual meeting is scheduled to be held on a date more than 30 days before the Anniversary Date (or March 31, 2019) or more than 60 days after the Anniversary Date (or June 29, 2020), a stockholder's notice shall be timely if received by us at its principal executive office not later than the close of business on the later of (1) the 90th day prior to the scheduled date of such annual meeting or (2) the 10th day following the day on which public announcement of the date of such annual meeting is first made by us. In the event that the number of directors to be elected to our Board of Directors is increased and there is no public announcement naming all of the nominees for director or specifying the size of the increased Board of Directors made by us at least 85 days prior to the first anniversary of the preceding year's annual meeting, a stockholder's notice will also be considered timely, but only with respect to nominees for any new positions created by such increase, if it is delivered to us at our principal executive offices not later than the close of business on the 10th day following the day on which such public announcement is first made by us. Proxies solicited by our Board of Directors will confer discretionary voting authority with respect to these proposals, subject to SEC rules and regulations governing the exercise of this authority. Any such proposals shall be mailed to: NeuroMetrix, Inc., 1000 Winter Street, Waltham, Massachusetts 02451, Attention: Secretary.

EXPENSES AND SOLICITATION

The cost of solicitation of proxies will be borne by us, and in addition to soliciting stockholders by mail through our regular employees, we may request banks, brokers, and other custodians, nominees and fiduciaries to solicit their customers who have stock of our company registered in the names of a nominee and, if so, we will reimburse such banks, brokers, and other custodians, nominees and fiduciaries for their reasonable out-of-pocket costs. Solicitation by our officers and employees may also be made of some stockholders in person or by mail, telephone, e-mail, or other form of electronic communication following the original solicitation. We have engaged Alliance Advisors LLC ("Alliance") to advise us on certain proposals and to manage the production and distribution of this proxy statement. We may engage them to assist with the solicitation of proxies for the annual meeting. We expect to pay Alliance approximately \$28,000 for their services.

MULTIPLE STOCKHOLDERS SHARING THE SAME ADDRESS

SEC rules concerning the delivery of annual disclosure documents allow us or stockholders' brokers to send a single notice or, if applicable, a single set of our proxy materials to any household at which two or more of our stockholders reside, if we or stockholders' brokers believe that the stockholders are members of the same family.

This practice, referred to as “householding,” benefits both stockholders and us. It reduces the volume of duplicate information received by stockholders in the same household and helps to reduce our expenses. The rule applies to our notices, annual reports, proxy statements and information statements.

As such, owners of common stock in street name may receive a notice from their broker or bank stating that only one annual report or proxy statement will be delivered to multiple security holders sharing an address. However, if any stockholder residing at such an address wishes to receive a separate annual report or proxy statement, the Corporation will promptly deliver a separate copy to any stockholder upon written or oral request to the Corporation’s investor relations department at NeuroMetrix, Inc., 1000 Winter Street, Waltham, MA 02451 or by telephone at (781) 890-9989 or by e-mail at neurometrix.ir@neurometrix.com.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors and executive officers and holders of more than 10% of our common stock (collectively, "Reporting Persons") to file with the SEC initial reports of ownership and reports of changes in ownership of our common stock. Such Reporting Persons are required by regulations of the SEC to furnish us with copies of all such filings. Our records reflect that all reports which were required to be filed pursuant to Section 16(a) of the Exchange Act were filed on a timely basis. We received a written statement from our directors, officers, and 10% stockholders or know from other means that any required Forms 5 were filed or that no Forms 5 were required to be filed.

CERTAIN RELATIONSHIPS AND RELATED PERSON TRANSACTIONS

Except as otherwise set forth below, we did not engage in any related person transactions during the years ended December 31, 2018 and December 31, 2017. Pursuant to our audit committee charter currently in effect, the audit committee is responsible for reviewing and approving, prior to our entry into any such transaction, all transactions in which we are a participant and in which any parties related to us has or will have a direct or indirect material interest.
