AUDITED FINANCIAL STATEMENTS
AND SUPPLEMENTAL INFORMATION

WesBanco, Inc. KSOP
December 31, 2009 and 2008 and years ended December 31, 2009 and 2008
with Report of Independent Registered Public Accounting Firm Thereon

4

Report of Independent Registered Public Accounting Firm

We have audited the accompanying statement of net assets available for benefits of the WesBanco, Inc. KSOP as of December 31, 2009, and the related statement of changes in net assets available for benefits for the year then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit. The financial statements of the WesBanco, Inc. KSOP for the year ended December 31, 2008, were audited by other auditors whose report dated June 25, 2009 expressed an unqualified opinion on those financial statements.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the 2009 financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2009, and the changes in its net assets available for benefits for the year then ended, in conformity with US generally accepted accounting principles.

Our audit was performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedules of assets (held at end of year) as of December 31, 2009, and reportable transactions for the year then ended, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, are fairly stated in all material respects in relation to the financial statements taken as a whole.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To Participants and Administrator of the WesBanco, Inc. KSOP

We have audited the accompanying statement of net assets available for benefits of the WesBanco, Inc. KSOP as of December 31, 2008, and the related statement of changes in net assets available for benefits for the year then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2008, and the changes in its net assets available for benefits for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

WesBanco, Inc. KSOP

Notes to Financial Statements

December 31, 2009 and 2008

1. Plan Description

WesBanco, Inc. (“WesBanco” or “the Company”) is a bank holding company offering a wide range of financial services, including customary banking services, trust and investment management, insurance and brokerage services, through offices located in West Virginia, southern and central Ohio, and western Pennsylvania.

The following brief description of the WesBanco, Inc. KSOP (“Plan”) is provided for general information purposes only. Participants should refer to the Plan Agreement and Summary Plan Description for more complete information. The Plan is administered by a committee comprised of employees and directors appointed by the Board of Directors of WesBanco. The plan includes an employee stock ownership plan (“ESOP”), and a contributory 401(k) profit sharing plan. PNC Bank, N.A. (“PNC”) is the trustee and record keeper of the KSOP Plan. Trustee fees may be paid by the Plan or the Plan Sponsor, WesBanco, at the discretion of the Plan Sponsor.

Employee Stock Ownership Plan

Employer contributions to the ESOP are made in an amount determined by the Board of Directors. For any year in which the ESOP has a loan outstanding, the contribution may be no less than is needed to pay the required principal and interest on the loan for that year, net of dividends received on unallocated common stock. The ESOP makes contributions to the participants who complete 1,000 hours of service during the plan year and who are actively employed on December 31. Contributions and forfeitures are allocated to participants in proportion to each participant's compensation, but cannot exceed the lesser of \$45,000 or 100% of such participant's compensation during the plan year.

Participants' interests in the ESOP are fully vested after five years of service. Distributions to participants who have left employment of the Company or their beneficiaries may be paid in either cash or stock in a lump-sum or installments over a period that the participant selects, within certain Plan restrictions. Generally, terminations of employment for reasons other than death, normal retirement, or permanent disability prior to completion of five years of service result in forfeiture. Forfeitures of terminated non-vested account balances at December 31, 2009 and 2008, totaled \$12,194 and \$55,797, respectively. No ESOP contributions were made in either 2009 or 2008 and there was no ESOP loan outstanding for either year.

9

WesBanco, Inc. KSOP

Notes to Financial Statements (continued)

1. Plan Description (continued)

401(k)

The 401(k) provides for salary deferral and matching employer contributions. An employee who has completed 60 days of service after attaining 21 years of age shall become a participant of the 401(k) the first day of each calendar month. Eligible employees can invest the employee deferral, employer matching, and employee rollover contribution among funds that are made available by the Plan Administrator. A participant's interest is 100% vested in the employee deferral, employer matching, and rollover accounts upon becoming eligible to participate in the 401(k). Hardship distributions can be made from a participant's employee deferral account with approval by the Plan Administrator, if specific criteria are met.

Employer matching contributions may be paid to the Plan in cash or shares of WesBanco common stock, as determined by the Board. For the years ended December 31, 2009 and 2008, the matching contributions are equal to 100% of the first 3% of compensation deferred and 50% of the next 2% of compensation deferred. The amount of the contribution was not greater than the amount permitted by federal law. Participants may redirect any employer matching contributions made in common stock into other registered investment funds.

The Plan includes provisions authorizing loans from the Plan to active eligible participants. The minimum loan amount is \$1,000 while the maximum loan is determined by the available loan balance which is restricted to the lesser of \$50,000 or 50% of the participant's vested account balance. A participant may have two loans outstanding at any given time. Loans are evidenced by promissory notes and are repayable over a period not to exceed five years except loans to purchase a principal residence which must be repaid over a period not to exceed ten years. Loans bear an interest rate commensurate with the prevailing rate charged by commercial lenders in the business of making similar type loans.

On November 30, 2007, WesBanco completed the acquisition of Oak Hill Financial, Inc. (“Oak Hill”). As a result of the acquisition, the Oak Hill Financial, Inc. 401(k) and Profit Sharing Plan (“the Oak Hill Plan”) was closed to new contributions, and based on eligibility dates, all new Oak Hill participants were automatically enrolled in the WesBanco KSOP Plan. Effective May 1, 2008, the Oak Hill Plan was merged with and into the WesBanco KSOP Plan. The Oak Hill Plan had assets totaling \$13.7 million as of the date of transfer.

Effective in January 2009, the Plan replaced the AIM Basic Value Fund and the Federated Max-Cap Index Fund with the American Century Equity Income Fund and the BlackRock Index Equity Portfolio, respectively. These changes were based upon an ongoing analysis of the investment options, fund performance and expenses, and the availability of other funds. The replacement funds are similar in investment style and risk level to the funds that were removed.

10

WesBanco, Inc. KSOP

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

The financial statements of the Plan are prepared on the accrual basis, except for distributions to participants that are recorded when paid. Purchases and sales of securities are accounted for as of the trade date. Interest and dividend income is recorded as earned.

Valuation of Investments

The Plan’s investments are stated at fair value. Securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the Plan year. Shares of registered investment companies are valued at the net asset value of shares held by the Plan at year-end.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Plan Termination

Although it has not expressed any intent to do so, WesBanco has the right to amend or terminate the Plan at any time. In the event that the Plan is completely or partially terminated or WesBanco determines it will permanently discontinue making contributions to the Plan, all property then credited to the participants’ accounts will immediately become fully vested and non-forfeitable. The Trustee will be directed to either continue to hold the property in the participants’ accounts in accordance with the provisions of the Plan, or distribute to such participants all property allocated to their accounts.

Newly Adopted Accounting Pronouncements

In September 2009, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) 2009-12, Investments in Certain Entities That Calculate Net Asset Value per Share (or its Equivalent), to amend the existing guidance in FASB Accounting Standards Codification (“ASC”) 820, Fair Value Measurements and Disclosures. The ASU amends ASC 820 to create a practical expedient to measure the fair value of investments in certain entities that do not have a quoted market price but calculate net asset value per share or its equivalent. ASU 2009-12 was effective for interim and annual periods ending after December 15, 2009. The adoption of ASU 2009-12 had no material impact on the Plan’s financial statements.

11

WesBanco, Inc. KSOP

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

In April 2009, FASB issued interpretative guidance affirming the core principles of ASC 820 and providing additional guidance in determining when there has been a significant decrease in volume and level of activity for an asset or liability, when a transaction is not orderly, and how that information must be incorporated into a fair value measurement. This guidance was effective for periods ending after June 15, 2009. The adoption of this guidance had no material impact on the Plan’s financial statements.

3. Transactions with Parties in Interest

Legal, accounting, and other administrative fees are paid at the discretion of the Plan Sponsor by the Plan or Plan Sponsor. The Bank provides investment advisory services for the WesMark funds. The Plan is administered by the Plan Sponsor. In addition, the Plan holds common shares of WesBanco, Inc., the Plan Sponsor, and also invests in WesMark funds that paid dividends to the Plan totaling \$737,680 and \$839,205 for the years ended December 31, 2009 and 2008, respectively.

4. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service (the “IRS”) dated May 15, 2003, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (“the Code”) and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

In accordance with Sections 401 and 403(a) of the Code, WesBanco filed a Cycle C submission to the IRS on January 31, 2009 requesting an updated determination letter for the Plan.

12

WesBanco, Inc. KSOP

Notes to Financial Statements (continued)

5. Investments

For the years ended December 31, 2009 and 2008, the Plan's investments (including investments bought, sold, and held during the year) appreciated (depreciated) in fair value, as determined by quoted market prices, as follows:

	2009	Net	2008	Net
	Fair Value	Appreciation (Depreciation)	Fair Value	Appreciation (Depreciation)

6. Fair Value Measurement

ASC 820, Fair Value Measurement and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lower priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Valuations are based on unadjusted quoted prices in an active market for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Valuations are based on quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or

Notes to Financial Statements (continued)

6. Fair Value Measurement (continued)

other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Valuations are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Registered Investment Companies and Equity Securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Participant Loans: Valued at amortized cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
