EATON VANCE CORP.  
REPORT FOR THE THREE MONTHS ENDED  
JANUARY 31, 2004

BOSTON, MA--Eaton Vance Corp. reported diluted earnings per share of \$0.44 in the first three months of fiscal 2004 compared to diluted earnings per share of \$0.37 in the first three months of fiscal 2003, an increase of 19 percent.

## Edgar Filing: EATON VANCE CORP - Form 8-K

Assets under management of \$83.6 billion at the end of the first quarter of fiscal 2004 were \$27.9 billion or 50 percent greater than the \$55.8 billion at the end of the first fiscal quarter last year. In the 12-month period ended January 31, 2004, the Company's assets under management were positively affected by long-term fund and separate account net inflows of \$12.6 billion, the acquisition of Parametric Portfolio Associates, which added assets of \$5.3 billion at the close of the transaction on September 10, 2003, and market price appreciation of \$10.2 billion. Gross sales and inflows of long-term funds and separate accounts in the last 12 months were \$21.2 billion, including four successful closed-end fund offerings that raised a total of \$7.5 billion of assets.

Net fund and separate account inflows of \$5.6 billion in the first quarter of fiscal 2004 compared to net inflows of \$1.3 billion in the first fiscal quarter last year. This year's net inflows benefited from the successful offering of two closed-end funds, Eaton Vance Senior Floating-Rate Trust and Eaton Vance Tax-Advantaged Global Dividend Income Fund, which added \$2.4 billion of new assets during the quarter. Tables 1, 2 and 3 (attached) summarize assets under management and asset flows by investment objective.

As a result of higher average assets under management, fiscal 2004 first quarter revenue increased by \$32.0 million or 26 percent to \$157.0 million compared to fiscal 2003 first quarter revenue of \$124.9 million. Investment adviser and administration fees increased 36 percent to \$93.8 million, in line with the increase in average assets under management. Average assets under management increased 40 percent to \$78.9 billion in the first quarter from \$56.3 billion in the first quarter last year. Distribution and underwriter fees increased 8 percent, reflecting an increase in Class B and C share and private fund assets under management and an increase in Class A share underwriter commissions. Service fee revenue increased 22 percent, consistent with the increase in average Class A, B, C, D share and private fund assets that pay these fees. Other revenue increased 55 percent primarily as a result of consolidating two investment companies in which Eaton Vance is the majority shareholder.

Page 5 of 10

Fiscal first quarter 2004 operating expenses increased 23 percent to \$106.9 million compared to \$86.5 million of operating expenses in fiscal first quarter 2003 primarily because of higher compensation, service fee and distribution expenses. Compensation expense increased 42 percent principally due to marketing incentives associated with sales of the two new closed-end funds, increases in sales of the Company's continuously offered funds and retail managed accounts, the inclusion of Parametric Portfolio Associates' employee compensation and higher operating income-based bonus accruals.

Amortization of deferred sales commissions declined 3 percent in the first quarter of fiscal 2004 compared to the first quarter of fiscal 2003. Service fee expense increased 22 percent, in line with the increase in service fee revenue. Eaton Vance collects asset-based service fees from many of its funds and pays them to the appropriate broker/dealers after one year. Distribution expense increased 51 percent as a result of increases in sales support expenses, certain Class A share fund sales commissions, Class C share fund distribution fees and closed-end fund fees. Other expenses increased 1 percent primarily because of higher travel, facilities, information technology, legal, recruiting and consulting expenses offset by lower fund related expenses.

Fiscal first quarter 2004 operating income increased 31 percent to \$50.1 million and net income increased 19 percent to \$30.8 million over the first fiscal quarter of 2003. Interest income declined by \$0.7 million, or 49 percent, primarily because of lower short-term interest rates and the inclusion of interest income from two consolidated investment companies in other revenue.

## Edgar Filing: EATON VANCE CORP - Form 8-K

Interest expense increased 15 percent, reflecting \$0.2 million of interest accrued in conjunction with settlement of the Company's IRS audits of fiscal years 1999 and 2000. The first quarter of fiscal 2003 included a \$1.9 million gain on investments. The Company's provision for income taxes was 36 percent in the first quarter of fiscal 2004 and 35 percent in the first quarter of fiscal 2003.

Cash, cash equivalents and short-term investments were \$262.6 million on January 31, 2004, \$242.8 million on October 31, 2003 and \$209.5 million on January 31, 2003. The Company's strong operating cash flow in the last 12 months allowed it to reduce its long-term debt by \$5.4 million to \$126.3 million and to pay \$72.2 million in income taxes, \$70.6 million in sales commissions, \$57.7 million to repurchase 1.7 million shares of its non-voting common stock and \$27.5 million in dividends to shareholders. There are no outstanding borrowings against the Company's \$170.0 million credit facility. The Company has sufficient cash and short-term investments to repurchase a subsidiary's \$119.5 million of convertible notes in the event investors choose to redeem them on the third anniversary put date, August 13, 2004.

The increases in other current assets and deferred income taxes resulted primarily from a recent change in IRS regulations allowing mutual fund sponsors to deduct Class B share sales commissions when paid. These commissions were previously capitalized and amortized for tax purposes.

During the first three months of fiscal 2004, the Company repurchased and retired 614,000 shares of its non-voting common stock at an average price of \$36.24 per share, under its repurchase authorization. Approximately 3.2 million shares remain of the current 4.0 million- share authorization.

Eaton Vance Corp., a Boston-based investment management firm, is traded on the New York Stock Exchange under the symbol EV.
