### PROXY STATEMENT FOR THE ANNUAL MEETING OF STOCKHOLDERS (2:00 p.m., April 12, 2006)

#### GENERAL INFORMATION

The enclosed proxy is being solicited on behalf of the Board of Directors of The Monarch Cement Company and all expenses of the solicitation will be borne by the Company. In addition to solicitation by mail, a number of regular employees may solicit proxies in person or by telephone. The Company does not expect to pay any compensation for the solicitation of proxies. The proxy may be revoked at any time before it is exercised by giving written notice to the Secretary of the Company. Stockholders sharing the same address are provided only one proxy statement and annual report unless the Company has been notified that separate copies are desired. Stockholders sharing addresses who wish to receive a separate proxy statement or annual report should contact the Company in writing at P.O. Box 1000, Humboldt, Kansas 66748 or call 620-473-2222 to make their request. The enclosed proxy and this Proxy Statement were first sent or given to the holders of Monarch stock on or about March 13, 2006.

The record date with respect to this solicitation is February 13, 2006 and only holders of Capital Stock and/or Class B Capital Stock of the Company as of the close of business on that date are entitled to vote, either in person or by proxy, at the meeting. At the close of business on that date 2,464,926 shares of Capital Stock and 1,562,032 shares of Class B Capital Stock were issued and outstanding. Holders of Capital Stock are entitled to one vote per share standing in their names on the record date. Holders of Class B Capital Stock are entitled to ten votes per share standing in their names on the record date.

Directors are elected by a plurality (a number greater than those cast for any other candidates) of the votes cast, in person or by proxy, by the stockholders entitled to vote at the annual meeting for that purpose. The affirmative vote of the holders of a majority of the votes of the Company's stock entitled to vote at the annual meeting is required for the approval of such other matters as properly may come before the annual meeting or any adjournment thereof.

A stockholder entitled to vote in the election of directors can withhold authority to vote for all nominees for director or can withhold authority to vote for certain nominees for director. "Broker non-votes" occur when a broker indicates that it lacks authority to vote on a matter in the absence of instructions from the beneficial owner. Broker non-votes are treated as shares of the Company's stock as to which voting power has been withheld by the respective beneficial holders and, therefore, as shares not entitled to vote on the proposal as to which there is the broker non-vote.

To the knowledge of the Company, there are no special arrangements or understandings between any of the directors and officers other than each of them acting solely in their capacity as such.

ELECTION OF DIRECTORS AND RELATED INFORMATION

The Board of Directors is divided into three classes. Class I is comprised of three directors and Classes II and III are each comprised of four directors. At each annual meeting of stockholders, one class of directors is elected for a three year term.

The four directors to be elected at the forthcoming annual meeting of stockholders will serve as directors in Class II of the Board of Directors. Their term of office will commence upon election and will continue until the 2009 annual meeting of stockholders and until their successors are elected and qualified.

The Board of Directors, acting as the nominating committee, has selected the nominees for directors. Shares represented by a proxy given pursuant to this solicitation will be voted in favor of the nominees listed below. Each nominee is at present a member of Class II of the Board of Directors. If any of such nominees should unexpectedly become unavailable for election, the shares represented by the proxy will be voted for such substituted nominee or nominees as the Board of Directors may name. Each of the nominees hereinafter named has indicated his willingness to serve if elected and it is not anticipated that any of them will become unavailable for election. The names of the nominees are as follows:

Byron J. Radcliff      Michael R. Wachter      Walter H. Wulf, Jr.      Walter H. Wulf, III

**The Board of Directors recommends that you vote FOR the election of each of the four nominees named above as directors in Class II of the Board of Directors.**

***Stockholder Nomination Policy***

The Board of Directors performs the functions of a nominating committee and selects all nominees for election at stockholder meetings. The Board of Directors does not believe a separate nominating committee is necessary as the Company is not currently required to have a separate committee and the full Board of Directors desires to participate in the discussions regarding the structure, qualifications and needs of the Board. The members of the Board of Directors who participate in the nomination process are Messers Jack R. Callahan, Ronald E. Callaway, David L. Deffner, Robert M. Kissick, Gayle C. McMillen, Richard N. Nixon, Byron J. Radcliff, Byron K. Radcliff, Michael R. Wachter, Walter H. Wulf, Jr. and Walter H. Wulf, III. Applying the definition of the term "independent director" under Rule 4200(a)(15) of the National Association of Securities Dealers' listing standards as permitted under the requirements of paragraph (d)(3)(iv) of Item 7 of Schedule 14A, Messers Jack R. Callahan, Ronald E. Callaway, David L. Deffner, Gayle C. McMillen, Richard N. Nixon and Michael R. Wachter are independent, and Messers Robert M. Kissick, Byron J. Radcliff, Byron K. Radcliff, Walter H. Wulf, Jr. and Walter H. Wulf, III are not independent.

The Board has not established specific minimum qualifications for recommended nominees, but does evaluate recommended nominees for directors based on their character, judgment, independence, financial or business acumen, diversity of experience, ability to represent and act on behalf of all stockholders, as well as the needs of the Board of Directors. The Board of Directors will consider nominations from stockholders at the annual meeting of stockholders as required under Kansas law. The Board of Directors does not have a policy of considering stockholder nominations for inclusion in the Company's proxy statement sent to stockholders in connection with the election of directors. The Board of Directors does not believe such a policy is necessary at this time as it has not received requests from stockholders to submit nominations to the Board of Directors. The Board of Directors will continue to monitor this and evaluate whether such a policy is desirable.

*Communications with Directors*

The Board of Directors does not have a formal process by which stockholders may send communications to the full Board of Directors or individual directors, but stockholders can mail communications to the Board or individual members at the Company's offices at P.O. Box 1000, Humboldt, Kansas 66748-0900, to the attention of the Chief Financial Officer. The Chief Financial Officer will forward such communications to the Board or the specific Director. Stockholders are also permitted to communicate with the Board of Directors at the Company's annual meeting of stockholders. The Board is of the view that this process is sufficient for allowing stockholders to communicate with the Board.

The Company does not currently have a formal policy regarding directors' attendance at the annual meeting of stockholders, but historically all members of the Board have attended such meetings. All members of the Board attended the 2005 annual meeting of stockholders.

The officers who are directors receive a monthly salary and do not receive additional compensation for attending Board of Directors' meetings or committee meetings. All other directors, including those serving on the Audit Committee, receive \$1,325 for attending each board meeting. However, if it is necessary to hold more than one board meeting on the same date, or if the board meeting takes more than one day, only \$1,325 is paid. Also, all directors are reimbursed for their actual travel expenses incurred in attending board meetings.

8.

The Board of Directors held three meetings during 2005. Each director attended at least 75% of the aggregate of the total number of meetings of the Board of Directors and all committees of the Board on which he served during 2005. The Board of Directors does not have a standing compensation or nominating committee, or other committee performing similar functions.

Richard N. Nixon, director, is an attorney and during 2005 was a partner in the law firm of Stinson Morrison Hecker LLP, Kansas City, Missouri. During 2005, the total legal fees and expenses paid by the Company to Stinson Morrison Hecker did not exceed five percent of such law firm's gross revenues for 2005.

DEFINED BENEFIT RETIREMENT PLAN

The retirement plan available to salaried employees, including the persons named in the Summary Compensation Table above, is a defined benefit plan which provides for fixed benefits, after a specific number of years of service, for the remainder of the employee's life. The monthly retirement benefits are computed by multiplying the employee's years of service by one and six tenths percent (1.6%) and multiplying this result by 1/60th of the employee's last sixty calendar months of earnings or the employee's highest five consecutive calendar years of earnings out of the last ten calendar years of service, whichever is greater; however, the maximum retirement benefit is limited to fifty percent (50%) of the average monthly earnings used in computing retirement benefits. For the year 2005, the maximum annual compensation for determining retirement benefits is \$210,000. The normal retirement age at which retirement plan benefits become payable is age 65.

The following table sets forth the estimated annual aggregate retirement benefits at normal retirement for various classifications of earnings and years of service.

The earnings used for the purpose of determining the retirement plan benefits consists of annual compensation (salary) of the type disclosed in the Summary Compensation Table above. Pension benefits under the retirement plan are not subject to any deduction for social security benefits or other offset amounts.

The persons named in the Summary Compensation Table above have the following years of credited service for pension benefits under the retirement plan: Mr. Wulf, 34 years; Ms. Roe, 29 years; Mr. Rush, 17 years; and Mr. Owens, 23 years.

## SEVERANCE PAY PLAN

On July 18, 1985 the Board of Directors of the Company adopted a Severance Pay Plan for Salaried Employees (the "Plan"). The Plan is designed to recognize the past service of long standing salaried employees and reduce their concerns, if any, if a change in control of the Company should occur. The Plan provides that if employment of any "covered employee" is terminated for any reason other than death or disability within 24 months after a "change in control", such employee is entitled to receive severance pay equal to the employee's monthly salary times the number of full years that such employee has been employed by the Company. The amount of the severance pay is subject to certain reductions where the employee is entitled to certain retirement benefits under the Company's pension plan or where the severance pay is not fully deductible by the Company for federal income tax purposes. A "covered employee" is any full time salaried employee who has been employed for at least 10 years prior to the "change in control". A "change in control" is any merger, consolidation or disposition of all or substantially all of the assets of the Company or any acquisition by any person or group of persons acting in concert who after such acquisition would own more than 30% of the Company's outstanding voting stock. If there had been a change in control and termination of employment on December 31, 2005, the following persons would have been entitled to receive severance pay pursuant to the Plan as follows: Mr. Wulf, \$589,390; Ms. Roe, \$306,095; Mr. Rush, \$179,435; and Mr. Owens, \$148,408. The Plan also provides that any covered employee, who at the time of termination, has been employed on a full time basis for 20 years or more, is entitled to receive the same life and health insurance generally made available by the Company to retired employees. The Plan may be amended or terminated by the affirmative vote of at least two thirds of the members of the full Board of Directors of the Company except that no amendment or termination may adversely affect any right of a covered employee who is employed by the Company at the time the Board of Directors has knowledge of any change in control or a proposal for any change in control.

## BOARD OF DIRECTORS' REPORT ON EXECUTIVE COMPENSATION

There currently is no compensation committee of the Board of Directors (or committee performing equivalent functions). Accordingly, the Board of Directors itself is responsible for the establishment of the general compensation policies of the Company and the specific compensation for executive officers. In carrying out this responsibility, however, the Board of Directors requests and considers the recommendations of the Executive Committee of the Board of Directors (consisting of Jack R. Callahan, Robert M. Kissick, Byron K. Radcliff and Walter H. Wulf, Jr.).

### *Executive Compensation Policy*

The Board of Directors believes that the compensation of its executive officers, including Mr. Wulf, the Company's President and Chief Executive Officer (CEO), should be influenced by the Company's long-term profitability. However, the Board does not attempt to establish a direct correlation between the Company's profitability and executive compensation.

### *Executive Officer Compensation*

Each year, including 2005, the Executive Committee of the Board of Directors makes its recommendations to the Board of Directors as to the salaries for the Company's executive officers. These recommendations have been based on a salary adjustment percentage which the committee establishes to serve as a guideline in setting the compensation for all salaried employees

of the Company. The determination of this salary adjustment is based on the Executive Committee's assessment of the change in the cost of living and of the Company's long-term profitability. The application of the salary adjustment percentage to the salaries of the Company's salaried employees results generally in the Company's executive officers as a group, including the CEO, receiving the same percentage increase as the other salaried employees of the Company. A subjective determination as to whether the individual salaried employee is performing satisfactorily is also made. In April 2005, upon the recommendation of the Executive Committee, the Board of Directors approved an overall increase in compensation for salaried employees of 4.2 percent. These increases are reflective of, although not directly tied to, the Company's performance in 2004.

### *Chief Executive Officer Compensation*

The compensation of the Company's CEO is established by the Board of Directors in the same way as compensation is established for the Company's other executive officers. As indicated in the above discussion, the increase in the CEO's salary, and that of the other executive officers, largely is determined by the application of the salary adjustment percentage selected by the Executive Committee to the CEO's salary, although Ms. Roe and Mr. Rush received a slightly higher increase than the above 4.2 percent. A subjective determination as to whether the individual salaried employee is performing satisfactorily is also made.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The members of the Board of Directors who are also executive officers have no interlocking relationships with any other entity which are required by the rules of the Securities and Exchange Commission to be reported in this Proxy Statement.

### COMPANY PERFORMANCE

The following performance graph and table show a five-year comparison of cumulative total returns for the Company, the S&P 500 composite index and an index of two peer groups of companies selected by the Company.

The cumulative total return on investment for each of the periods for the Company, the S&P 500 and the two peer groups is based on the stock price or composite index at January 1, 2001. The performance graph assumes that the value of an investment in the Company's capital stock and each index was \$100 at January 1, 2001 and that all dividends were reinvested. The information presented in the performance graph is historical in nature and is not intended to represent or guarantee future returns.

The performance graph compares the performance of the Company with that of the S&P 500 composite index and an index of two peer groups of companies in the Company's industry in which the returns are weighted according to each company's market capitalization. The new peer group consists of Cemex SA De CV, Eagle Materials, Inc., Florida Rock Industries, Inc., Lafarge North America Inc., Ready Mix, Inc. and Texas Industries, Inc. Companies in the old peer group include Lafarge North America Inc. and Texas Industries, Inc. The Company decided to change peer groups in order to provide a better comparison of our shareholder return performance to the performance of other selected companies in our industry.

AUDIT COMMITTEE REPORT

The Company's Audit Committee of the Board of Directors (the "committee") operates under a written charter approved by the committee and adopted by the Company's Board of Directors. The member of the committee, Jack R. Callahan, is independent as defined in Rule 4200(a)(15) of the National Association of Securities Dealers' listing standards.

A company whose securities are publicly traded on the Nasdaq Stock Market or the New York Stock Exchange are currently required to have at least one member of their audit committee be financially sophisticated as determined by such organization's market place rules. The Company's common stock is not listed with these organizations for public trading and therefore the Company is not subject to this requirement. In addition, the federal securities laws currently do not require the Company to have an audit committee financial expert serve on its audit committee. The Board of Directors has determined that the Audit Committee does not have an audit committee financial expert serving on such committee. The Company also believes it is not necessary to have an audit committee financial expert because the Audit Committee's sole member, Mr. Jack Callahan, has sufficient experience and financial sophistication to fulfill the obligations of the Audit Committee.

In fulfilling its responsibilities, the committee reviewed and discussed The Monarch Cement Company's audited financial statements for the fiscal year ended December 31, 2005 with the Company's management and independent auditors, BKD LLP ("BKD").

The committee also discussed with BKD the matters required to be discussed by Statement on Auditing Standards No. 61, "Communication with Audit Committees". In addition, the committee received the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees", and discussed with the independent auditors their independence in relation to us and the Company's management. The committee also considered the non-audit services provided to it by the independent auditors and concluded that such services were compatible with maintaining their independence.

Based upon the reviews and discussions referred to above, the committee has recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2005 to be filed with the Securities and Exchange Commission.

CODE OF ETHICS

A company whose securities are publicly traded on the Nasdaq Stock Market or the New York Stock Exchange are currently required to have a code of ethics that applies to its directors, officers and employees, including the Chief Executive Officer, Chief Financial Officer and Chief Accounting Officer. The Company's common stock is not listed with these organizations for public trading and therefore the Company is not subject to this requirement. In addition, the federal securities laws currently do not require the Company to have a code of ethics that applies to the CEO, CFO and CAO. The Company has not adopted this type of code of ethics for following reasons:

(1) only two officers at the Company, the CEO and the CFO, would be subject to such a code; (2) the Board of Directors has always maintained close oversight of the executive officers' activities; (3) the Company has an informal policy of expecting high ethical conduct from its directors, officers and employees; and (4) the Company has not experienced abuses to its informal policy.

#### SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 (the "Exchange Act") generally requires the Company's directors and executive officers, and persons who own more than 10% of a class of the Company's equity securities, to file with the Securities and Exchange Commission initial reports of ownership and reports of changes in ownership in the Company's capital stock and other equity securities. Securities and Exchange Commission regulations require directors, executive officers and greater than 10% stockholders to furnish the Company with copies of all Section 16(a) reports they file. To the Company's knowledge, based solely on review of copies of such reports and written representations that no other reports were required during the year ended December 31, 2005, with the exception of a late Form 4 filing for David L. Deffner, all Section 16(a) filing requirements applicable to its directors, executive officers and greater than 10% shareholders were complied with.
