* Senior secured floating rate loan interests in which the Trust invests generally pay interest at rates that are periodically redetermined by reference to a base lending plus a premium. These base lending rates are generally (i) the lending rate offered by one or more major European banks, such as LIBOR (London InterBank Offered Rate), (ii) the prime rate offered by one or more major United States banks, (iii) the rate of a certificate of deposit or (iv) other base lending rates used by commercial lenders. The interest rate shown is the rate accruing at December 31, 2015.

(a) The interest rate is subject to change periodically. The interest rate shown is the rate at December 31, 2015.

(b) Debt obligation initially issued at one coupon which converts to a higher coupon at a specific date. The rate shown is the rate at December 31, 2015.

(c) Floating rate note. The rate shown is the coupon rate at December 31, 2015.

(d) Security is in default.

(e) Non-income producing.

(f) Denotes securities pledged and segregated as collateral for the margin-loan financing agreement.

(g) Security is perpetual in nature and has no stated maturity date.

(h) Payment in Kind (PIK) security which may pay interest in the form of additional principal amount.

(i) Security is valued using fair value methods (other than prices supplied by independent pricing services).

(j) Structured reinsurance investment. At December 31, 2015, the value of these securities amounted to \$18,388,963, or 6.7% of total net assets applicable to common shareowners.

(k) Security is priced as a unit.

*Transfers are calculated on the beginning of period value. For the nine months ended December 31, 2015, there were no transfers between Levels 1 and 2. For the nine months ended December 31, 2015, securities with aggregate market value of \$24,957 transferred from Level 3 to Level 2 as there were observable inputs available to determine their value.

Net change in unrealized appreciation of Level 3 investments still held and considered Level 3 at December 31, 2015: \$809,686.

The following table presents additional information about valuation techniques and inputs used for investments categorized as Level 3 at December 31, 2015. These amounts exclude valuations provided by a broker.
