Code of Business Conduct

The Code of Business Conduct adopted by our board of directors applies to all directors, officers, and employees of the Company and incorporates additional ethics standards applicable to our Chief Executive Officer, Chief Financial Officer, and other senior financial officers of the Company, and any person performing a similar function. The Code of Business Conduct is reviewed annually by the Audit Committee, and recommendations for change are submitted to the board of directors for approval. The Code of Business Conduct is available on our website at www.agilysys.com, under Investor Relations. The Company has in place a hotline available for use by all employees, as described in the Code of Business Conduct. Any employee can anonymously report potential violations of the Code of Business Conduct through the hotline, which is managed by an independent third party. Reported violations are promptly reported to and investigated by the Company. Reported violations are addressed by the Company and, if related to accounting, internal accounting controls, or auditing matters, the Audit Committee. In addition, we intend to post on our website all disclosures that are required by law or NASDAQ listing standards concerning any amendments to, or waivers from, any provision of the Code of Business Conduct.

Audit Committee

The board of directors has a standing Audit Committee. The Audit Committee held eight meetings during fiscal year 2015. The Audit Committee reviews with our independent registered public accounting firm the proposed scope of our annual audits and audit results, as well as interim reviews of quarterly reports; reviews the adequacy of internal financial controls; reviews internal audit functions; is directly responsible for the appointment, determination of compensation, retention, and general oversight of our independent registered public accounting firm; reviews related person transactions; oversees the Company's implementation of its Code of Business Conduct; and reviews any concerns identified by either the internal or external auditors. The board of directors determined that all Audit Committee members are financially literate and independent under NASDAQ listing standards for audit committee members. The board of directors also determined that Messrs. Mutch and Sinisgalli each qualify as an "audit committee financial expert" under SEC rules.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act requires the Company's directors and certain of its executive officers and persons who beneficially own more than 10% of the Company's common shares to file reports of and changes in ownership with the SEC. Based solely on the Company's review of copies of SEC filings it has received or filed, the Company believes that each of its directors, executive officers, and beneficial owners of more than 10% of the shares satisfied the Section 16(a) filing requirements during fiscal year 2015, with two exceptions: (1) on February 6, 2015, director Jerry Jones purchased 1,000 shares of common stock in a market transaction, but the Form 4 to report such purchase was filed on March 12, 2015, due to an error in the Company's filing process; (2) the Form 3 filed on December 3, 2014 upon Rehan Jaddi becoming a reporting person under Section 16(a) inadvertently failed to include 6,500 shares of stock then owned by Mr. Jaddi.

COMPENSATION DISCUSSION AND ANALYSIS

Introduction

This Compensation Discussion and Analysis (the “CD&A”) describes our executive compensation philosophy and programs for our Named Executive Officers during fiscal year 2015. Compensation arrangements with our Named Executive Officers are governed by the Compensation Committee of our board of directors.

Our Named Executive Officers consist of our Chief Executive Officer (“CEO”), our Chief Financial Officer (“CFO”), and our three other most highly compensated officers during fiscal year 2015, as listed below:

- James Dennedy, President and Chief Executive Officer
- Janine Seebeck, Senior Vice President, Chief Financial Officer and Treasurer
 - Kyle Badger, Senior Vice President, General Counsel and Secretary
 - Rehan Jaddi, Senior Vice President, Customer Support & Service Solutions
- Larry Steinberg, Senior Vice President, Chief Technology Officer

Messrs. Dennedy, Badger and Steinberg and Ms. Seebeck are continuing Named Executive Officers from fiscal year 2014. Mr. Jaddi became an executive officer upon his appointment to Senior Vice President during fiscal year 2015 in November 2014.

Compensation Highlights

Compensation Focus for Fiscal Year 2015. After considering the results of our 2014 vote on Named Executive Officer compensation, which confirmed the Company’s philosophy and objectives relative to our executive compensation program, the Compensation Committee continued efforts to maintain market median compensation expense and link executive pay to performance by:

- Establishing minimal base salary increases;
- Focusing annual incentives on improvements over fiscal year 2014 results; and
- Increasing long-term incentives to reward increases in shareholder value.

Performance Linked Compensation. Our Compensation Committee set fiscal year 2015 compensation, including financial targets for performance-based compensation, for our Named Executive Officers to continue to emphasize pay for performance by setting annual cash incentives based on goals focused on improvements over fiscal year 2014 results for revenue and in accordance with the company’s strategic goals for adjusted operating income.

Mr. Dennedy’s targeted pay was approximately 74% performance-based, and between 50% and 66% for each of our other Named Executive Officers’ targeted pay was performance-based, tied directly to annual goals or long-term equity awards, the value of which is tied directly to an increase in share price.

Our operating results for fiscal year 2015 underperformed our plan. Total net revenue increased by 2%, and adjusted operating income decreased \$6.4 million year over year to an adjusted operating loss of \$2.3 million. As a result, our Named Executive Officers did not earn any annual incentive payouts related to financial targets for fiscal year 2015. Accordingly, Mr. Dennedy’s total cash compensation for fiscal year 2015 decreased by almost 52% compared to fiscal year 2014, and the total cash compensation of our other Named Executive Officers, other than Mr. Jaddi, decreased by between 32% and 37%. Mr. Jaddi received an increase in base salary upon his promotion during the fiscal year and earned a partial annual incentive payout for the fiscal year based on business targets achieved prior to his promotion, which offset limited the decrease in his total cash compensation from fiscal year 2014 to 1.4%.

To further link pay to performance and emphasize long-term shareholder value creation, the Compensation Committee granted long-term equity incentive awards at the beginning of fiscal year 2015 that were higher as a percentage of base salary over the prior year, including an increase of 3% for Mr. Dennedy and increases between 13.8% and 21.4% for the other Named Executive Officers, other than Mr. Jaddi. During the fiscal year, as discussed below, the Compensation Committee made substantial additional grants of long-term equity incentive awards to key employees including the Named Executive Officers to improve retention.

Chief Executive Officer Compensation. Mr. Dennedy's compensation package for fiscal year 2015 continued to reflect the Compensation Committee's ongoing commitment to link pay to performance and to maintain market median compensation costs, as evidenced by the following for Mr. Dennedy:

- A 3% cost of living increase in base salary and annual cash incentive target from the prior year;
- 50% of long-term incentive award, granted as stock-settled appreciation rights, is based entirely on share price improvement, and the balance, granted as restricted stock, is tied to share price;
- 74% of targeted compensation was variable pay, tied either to performance or share price improvement; and

• No annual incentive payout due to the Company's failure to achieve financial goals.

Chief Financial Officer Compensation. Ms. Seebeck's compensation package for fiscal year 2015 also continued to reflect the Compensation Committee's ongoing commitment to link pay to performance as evidence by the following for Ms. Seebeck:

• 50% of long-term incentive award, granted as stock-settled appreciation rights, is based entirely on share price improvement, and the balance, granted as restricted stock, is tied to share price;

• 50% of targeted compensation was variable pay, tied either to performance or share price improvement; and

• No annual incentive payout due to the Company's failure to achieve financial goals.

Compensation Philosophy, Objectives, and Structure

Our Compensation Committee adopted its pay philosophy, objectives, and structure for Named Executive Officers to achieve financial and business goals and create long-term shareholder value. Our Compensation Committee reaffirmed the pay philosophy, objectives, and structure for fiscal year 2015.

Compensation Philosophy and Objectives. Our Compensation Committee's pay philosophy is to pay total compensation at the market median of comparative peer group compensation, with emphasis placed on performance-based compensation, tied directly to annual goals or long-term equity awards, and to link compensation to our business strategy. The Compensation Committee's objective is to establish an overall compensation package to:

• Reward the achievement of business objectives approved by our board of directors;

• Tie a significant portion of compensation to the long-term performance of our common shares;

• Provide a rational, consistent, and competitive executive compensation program that is well understood by those to whom it applies; and

• Attract, retain, and motivate executives who can significantly contribute to our success.

Compensation Structure. Our compensation structure is comprised of:

Base Salary - Base salary provides fixed pay levels aimed to attract and retain executive talent. Variations in salary levels among Named Executive Officers are based on each executive's roles and responsibilities, experience, functional expertise, relation to peer pay levels, competitive assessments, individual performance, and changes in salaries in the overall general market and for all employees of the Company. Salaries are reviewed annually by our Compensation Committee, and changes in salary are based on these factors and input from our CEO, other than for himself. None of the factors are weighted according to any specific formula. New salaries generally are based on the Compensation Committee's discretion and judgment but may be based on any of the above-mentioned relevant factors.

Annual Incentives - Annual incentives provide cash variable pay for achievement of the Company's financial, strategic, and operational goals and individual goals, with target incentives set as a percentage of salary, designed to reward achievement of goals with an annual cash payment. Variations in target incentive amounts among Named Executive Officers are determined by our Compensation Committee and based on market data, length of time in current role or similar role at another company, and recommendations from our CEO, other than for himself.

Long-Term Incentives - Long-term incentives are variable, equity incentives designed to drive improvements in performance that build wealth and create long-term shareholder value by tying the value of earned incentives to the long-term performance of our common shares. Target incentives are set as a percentage of salary. Variations in awards among Named Executive Officers are determined by our Compensation Committee after a review of various factors, including recommendations based on market data, individual ability to influence results, length of time in current role or similar role at another company, and recommendations from our CEO, other than for himself.

Compensation Key Considerations

Annual Goal Setting. Annual goals for our Named Executive Officers are tied to our financial, strategic, and operational goals and include business specific financial targets relating to our goals. For fiscal year 2015, the Compensation Committee linked all of the Named Executive Officer's annual incentive goals, other than Mr. Jaddi's, to the same financial goals for revenue and adjusted operating income. At fiscal year-end, the Compensation Committee evaluates the performance of each Named Executive Officer and determines an appropriate award based on established goals.

Variable Pay at Risk. Our philosophy drives the provision of greater at-risk pay to our Named Executive Officers, and variable pay at risk comprised approximately 74% of target annual compensation for our CEO and between 50% and 66% for other Named Executive Officers. Our Named Executive Officers have significant opportunities for long-term, equity-based incentive compensation, higher than for annual cash incentive compensation for each Named Executive Officer other than Mr. Jaddi (whose equity-based incentive

compensation was the same as his target annual cash incentive compensation for fiscal year 2015), as our philosophy is to tie a significant portion of compensation to the long-term performance of our common shares. As a result, significant emphasis is placed on long-term shareholder value creation, thereby minimizing excessive risk taking by our executives.

Competitive Market Assessments. The Committee engaged Pearl Meyer & Partners as its compensation consultant during fiscal year 2014 and received from them a competitive market assessment that evaluated compensation levels for the Company's top four executive positions, including Messrs. Dennedy, Badger and Steinberg and Ms. Seebeck. The assessments compared current compensation levels for these executives to published compensation data for comparable executives at a peer group determined by the Compensation Committee from a group recommended by Pearl Meyer & Partners. The peer group consisted of the following software and technology companies:

Company	Ticker	GICS - Sub Industry	Revenue \$ in millions	Market Cap July 2013 \$ in millions

Peer companies were selected based on industry relevance and comparability to the Company's revenue at the time of selection. As detailed below, Pearl Meyer & Partners' assessment showed that the compensation in fiscal year 2014 for Mr. Dennedy was generally aligned with the market median and for the three other Named Executive Officers whose compensation was evaluated was slightly lower than the market median. The Compensation Committee considered this assessment in setting Named Executive Officer Compensation in fiscal year 2015.

Tally Sheets. Our Compensation Committee analyzes tally sheets at the beginning of the fiscal year to review overall compensation and pay mix for each Named Executive Officer. Tally sheets include a three-year look-back of total compensation, including annual

cash compensation, long-term incentive awards granted and earned, and benefits and perquisites. Tally sheets also include a cumulative inventory of equity grants by fiscal year, including the value of outstanding equity at the Company's current stock price and the value received for prior vesting and exercises of equity. The tally sheets bring together, in one place, all elements of Named Executive Officers' actual compensation and information about wealth accumulation so that our Compensation Committee can analyze the individual elements and mix of compensation and the aggregate total amount of annual and accumulated compensation. Tally sheets are also used by the Compensation Committee to evaluate internal pay equity among the Named Executive Officers and to determine the impact of employment termination or change of control events. In support of the philosophy of rewarding future performance, the Compensation Committee does not consider prior pay outcomes in setting future pay levels. Rather, tally sheets are used by the Compensation Committee to review compensation as compared to expectations, and our Compensation Committee determined that annual compensation set for our Named Executive Officers for fiscal year 2015 was consistent with expectations and with the established compensation philosophy and pay mix guidelines driven by that philosophy.

Fiscal Year 2015 Compensation

Base Salary. For fiscal year 2015, salary comprised 26% of total target compensation for our CEO and between 35% and 56% for our other Named Executive Officers. The competitive market assessment provided by Pearl Meyers & Partners during fiscal year 2014 indicated that the Company's fiscal year 2014 total target cash compensation (salary and annual incentive) ranked approximately at the market median, with Mr. Dennedy and Mr. Badger positioned between the 50th and 75th percentile and Ms. Seebeck and Mr. Steinberg positioned between the 25th and 50th percentile. Accordingly, Mr. Dennedy received only a cost of living increase of 3% over his salary in fiscal year 2014, and Mr. Badger did not receive any increase in salary. Ms. Seebeck's and Mr. Steinberg's salary were increased by 6.3% and 5.0%, respectively, over their salary in fiscal year 2014 as part of an overall increase to better align their compensation with the market median.

Annual Incentives. For fiscal year 2015, annual goals were set at the beginning of the fiscal year. The discussion below provides details regarding fiscal year 2015 annual incentive performance metrics, levels, and payouts for the Named Executive Officers.

Performance Metrics. The Compensation Committee set financial performance metrics for fiscal year 2015 annual incentives to require target level improvements over fiscal year 2014 results for revenue and consistent with Company's operating plan for adjusted operating income. The target level for revenue was set at a \$7.2 million, or 6.7%, improvement over fiscal 2014 results; and the target level for adjusted operating income was set \$2.1 million lower than the \$4.1 million fiscal 2014 results, reflecting the amount that the Compensation Committee believed could be reasonably achieved given the Company's operating plan and the costs associated with the Company's on-going investment in its next generation products and the Company's strategy of increasing revenue from its subscription services products. Adjusted operating income is calculated as operating income excluding amortization of intangibles, stock based compensation expense and non-recurring charges. The Company believes adjusted operating income is a profitability measure and a key driver of value, focusing on sales, product mix, margins, and expense management. Adjusted operating income was selected as an annual goal component given the desire to balance sales and margins, as both are manageable by our Named Executive Officers.

Performance percentages for payouts (with proportionate payouts between the target and maximum achievement levels) were based on varying levels of achievement of fiscal year 2015 budgeted results, as set forth below. Additional detail about threshold and maximum incentives are disclosed in the Grants of Plan-Based Awards for Fiscal Year 2015 table.

Threshold

Maximum

Edgar Filing: AGILYSYS INC - Form 10-K/A

Component	Payout (% of target incentive)	Required Achievement of Performance Measures (%)	Payout (% of target incentive)	Required Achievement of Performance Measures (%)
Revenue	50	98.0	150	102
Adjusted Operating Income	50	35.0	100	100

The Compensation Committee believed that the plan involved moderate difficulty at the threshold level, a high degree of difficulty at the 100% target level, given continuing transformation of the business and competition and pricing pressure in the market, and significant difficulty at the maximum level, requiring significant improvement over fiscal year 2014 results for revenue, in each case relative to future expectations at the time the levels were set. Threshold levels were considered as the achievement necessary to successfully execute a minimum level of the operating plan.

MBO's. In prior years, the Compensation Committee employed management by objective goals ("MBOs") in addition to objective performance metrics. The Compensation Committee did not set any MBOs for the Named Executive Officers for fiscal year 2015, instead linking all annual incentives to Company financial goals. The Compensation Committee believed that having only financial goals focused the management team on financial results and better aligned the Named Executive Officers with the interests of shareholders.

Annual Incentive Levels. For all Named Executive Officers, fiscal year 2015 target annual incentives were set as a percentage of salary. Target annual incentives were set at 87% of salary for Mr. Dennedy, 60% of salary for Mr. Steinberg and 50 of salary for the other Named Executive Officers, substantially the same as the prior fiscal year. Annual incentives comprised 23% of total target compensation for Mr. Dennedy, and between 21% and 27% for our other Named Executive Officers.

Fiscal Year 2015 Payouts. As previously discussed, the Company failed to achieve the threshold revenue and adjusted operating income targets for fiscal year 2015, and none of the Named Executive Officers, other than Mr. Jaddi, earned any of their annual incentives. Prior to his promotion during the fiscal year, Mr. Jaddi had MBOs set by Mr. Steinberg, his then supervisor, consisting of individual performance-based goals, with both quantitative and qualitative measures, related to the development of the Company's rGuest Stay property management system. The attainment of these MBOs resulted in a payout of \$37,775 to Mr. Jaddi for fiscal year 2015.

Long-Term Incentives. As with the annual incentives, the Compensation Committee approved fiscal year 2015 long-term incentive ("LTI") awards at the beginning of year when the outcome for the fiscal year was substantially uncertain. LTI awards to Named Executive Officers consisted of stock-settled appreciation rights ("SSARs") and restricted shares, both with three-year vesting schedules, pursuant to the Company's shareholder-approved 2011 Stock Incentive Plan. The Compensation Committee considered various LTI award alternatives. While annual incentives targeted specific performance goals, the focus on LTI awards was to link compensation directly to shareholder gains. SSARs provided the direct link between compensation and shareholder gains in a less dilutive manner than with stock options, and the three-year vesting schedule also enhances retention. Restricted shares also tie compensation to shareholder gains and highly bolster retention over the vesting period.

LTI awards comprised 52% of total target compensation for Mr. Dennedy to directly link a significant portion of his pay, when combined with his annual incentive, to performance and comprised between 25% and 45% for our other Named Executive Officers. In setting LTI awards for the Named Executive Officers other than the CEO, the Compensation Committee received input and recommendations from our CEO regarding each Named Executive Officer's relative ability to influence results. The competitive market assessment provided by Pearl Meyers & Partners indicated that fiscal year 2104 LTI values were below the market median, ranging from 1% lower than the market median for Mr. Dennedy and between 24% and 33% below the market median for Messrs. Badger and Steinberg and Ms. Seebeck. As a result target levels were increased over the prior year for all the Named Executive Officers in order to better align their LTI values with the market median and to further link pay to performance and emphasize long-term shareholder value creation, as described above.

The Compensation Committee set the annual 2015 LTI awards for each Named Executive Officer as follows:

Name	Percent of Salary (%)	Total LTIP Value (\$)	SSARs Granted (#)	Restricted Shares Granted (#)
James H. Dennedy	200	824,000	57,063	28,551
Janine K. Seebeck	80	204,000	14,127	7,068
Kyle C. Badger	80	204,000	14,404	7,207
Larry Steinberg	120	341,250	23,632	11,824

All SSARs and restricted shares vest in one-third increments on March 31, 2015, 2016 and 2017. Mr. Jaddi was not an executive officer at the beginning of the fiscal year. Upon his promotion, he received a total LTI award of \$11,750, half in SSARs and half in restricted shares to supplement a grant of \$72,000 of restricted stock (4,990 shares) made at the beginning of the fiscal year related to his prior role. Other than SSARs granted to Mr. Jaddi, the SSARs were granted at an exercise price of \$14.43 (the closing price of the common shares on the grant date), have a seven-year term, and are settled in common shares upon exercise. Mr. Jaddi's SSARs awarded upon his promotion have an exercise price of \$11.86 and are otherwise on the same terms as the SSARs granted to the other Named Executive Officers.

In addition to the grants of annual LTI awards granted to the Named Executive Officers at the beginning of the fiscal year, on July 18, 2014, the Compensation Committee awarded special grants of restricted shares to all of the Named Executive Officers as part of a program to improve retention of key management during the Company's time of transition as follows.

Name	Restricted Shares
James Denedy	50,000
Larry Steinberg	35,000
Janine Seebeck	30,000
Kyle Badger	25,000
Rehan Jaddi	15,000

Consistent with the retention nature of the grants, 5% of these restricted shares vest on July 31, 2015, 5% on July 31, 2016, and 90% on July 31, 2017.

Additional Compensation - Executive Benefits. We provide executive benefits to our Named Executive Officers including additional life and long-term disability insurance plans. From time to time, Named Executive Officers also may participate in supplier sponsored events. Executive benefits are further described in the Summary Compensation Table. We believe these benefits enhance the competitiveness of our overall executive compensation package. We have, however, limited executive benefits offered to reduce compensation costs. Additionally, welfare benefits offered to our Named Executive Officers are the same level of benefits offered to all Company employees, except that we pay for the cost of physicals to promote the health and well-being of our executives.

Employment Agreements and Change of Control

The material termination and change of control provisions of various agreements are summarized below for each Named Executive Officer and are covered in more detail in the Termination and Change of Control table and accompanying discussion.

Employment Agreements. In fiscal year 2015, all of the Named Executive Officers entered into employment agreements with the Company with substantially the same terms. All of the employment agreements have terms expiring July 21, 2017. Under the employment agreements, upon termination without cause, we must pay severance equal to one year's salary and target annual incentive and a lump sum amount equal to the executive's total premium for one year of COBRA continuation coverage under the Company's health benefit. If the executive's position is changed such that his or her responsibilities are substantially lessened (a "change in position"), the executive may terminate his or her employment if the Company fails to materially cure such condition within 30 days following notice of such condition by the executive, and the termination will be deemed to be a termination without cause and the executive is entitled to his or her severance benefits. None of the Named Executive Officers with employment agreements is entitled to excise tax gross-up payments. In consideration of the severance benefits, each employment agreement contains a 12-month post-termination non-solicitation provision, an indefinite confidentiality provision, and a 12-month post-termination non-compete provision. In the event that any of these Named Executive Officers are terminated without cause or for a change of position in the 24 months following a change of control of the Company, the Named Executive Officer is entitled to severance pay equal to two year's salary and target annual incentive and a lump sum amount equal to the executive's total premium for one year of COBRA continuation coverage under the Company's health benefit.

Our Compensation Committee believes that the terms of these employment agreements enhance our ability to retain our executives and contain severance costs by providing reasonable severance benefits competitive with market practice. Severance costs are contained by limiting pay to one year in the absence of a change of control, limiting personal benefits, not providing accelerated vesting for awards under the agreements, and narrowly defining a voluntary termination that triggers severance benefits. Severance payments in the event of a change of control are subject to a double trigger such that severance benefits are provided only upon a combination of a change of control and a qualified termination. Additionally, the Company benefits greatly from the non-competition, non-disclosure, and non-solicitation clauses contained in the employment agreements.

Accelerated Vesting. None of the employment agreements discussed above provide for accelerated vesting of equity. Under our 2011 Stock Incentive Plan, the only plan for which any of the Named Executive Officers have unvested equity, vesting is accelerated upon the actual occurrence of a change of control for all SSARs and restricted shares (including performance shares). The Compensation Committee believes that during a change of control situation, a stable business environment is in the shareholders' best interests, and accelerated vesting provisions provide stability. The accelerated vesting provisions are applicable to all employees who receive equity awards, not just executive management.

Additional Compensation Policies

Clawback - Recoupment of Bonuses, Incentives, and Gains. Under the Company's "clawback" policy, if the board of directors determines that our financial statements are restated due directly or indirectly to fraud, ethical misconduct, intentional misconduct, or a breach of fiduciary duty by one or more executive officers or vice presidents, then the board of directors will have the sole discretion to cancel any stock-based awards granted and to take such action, as permitted by law, as it deems necessary to recover all or a portion

of any bonus or incentive compensation paid and recoup any gains realized in respect of equity-based awards, provided recoveries cannot extend back more than three years. Additionally, under Section 304 of the Sarbanes-Oxley Act, if we are required to restate our financial statements due to material noncompliance with any financial reporting requirements as a result of misconduct, our CEO and CFO must reimburse us for any bonus or other incentive-based or equity-based compensation received during the 12 months following the first public issuance of the non-complying document, and any profits realized from the sale of our securities during those 12 months.

Stock Ownership Guidelines. To underscore the importance of strong alignment between the interests of management and shareholders, the board of directors approved stock ownership guidelines for directors and executives, with our CEO having the highest ownership requirement. Director and executive compensation is designed to provide a significant opportunity to tie individual rewards to long-term Company performance. The objective of our stock ownership guidelines is to support this overall philosophy of alignment and to send a positive message to our shareholders, customers, suppliers, and employees of our commitment to shareholder value. Each director and executive officer is expected to maintain minimum share ownership of either: (i) a multiple of base salary or director annual retainer listed below, or (ii) the number of shares listed below:

Title	Multiple of Director Annual Retainer and Executive Base Salary		Number of Shares	
	2 Years	4 Years	2 Years	4 Years
Director	3x	6x	15,000	45,000
CEO	2.5x	5x	125,000	250,000
Senior Vice President	0.5x	2x	15,000	75,000
LTIP Participants	—	0.5x	2,500	15,000

Stock ownership that is included toward attainment of the guidelines includes (i) shares held of record or beneficially owned, either directly or indirectly; (ii) shares acquired upon exercise of stock options or SSARs; (iii) vested restricted or deferred shares; (iv) phantom or deferred share units held in a deferred compensation plan; and (v) shares or deferred shares acquired by dividend reinvestment. Directors and executives are expected to attain the specified target ownership levels within both two and four years from the later of the effective date of this policy or becoming a director or an executive, and remain at or above that level until retirement. Annually, the board of directors reviews progress toward achieving these ownership levels. Director and executives who have not attained the specified ownership guidelines will be required to hold 75% of shares acquired upon exercise of stock options and SSARs or vesting of performance or restricted shares until they meet their target ownership level. If ownership guidelines are not met within two and four years, our Compensation Committee has the right to pay an executive's annual incentives in shares until ownership guidelines are achieved.

Impact of Tax and Accounting Considerations. In general, the Compensation Committee considers the various tax and accounting implications of the pay mechanisms used to provide pay to our Named Executive Officers, including the accounting cost associated with long-term incentive grants, when determining compensation. Section 162(m) of the Internal Revenue Code generally prohibits any publicly held corporation from taking a federal income tax deduction for pay to the chief executive officer and the three other highest compensated executive officers (other than the chief financial officer) in excess of \$1 million in any taxable year. Exceptions are made for certain qualified performance-based pay. It is the Compensation Committee's objective to maximize the effectiveness of our executive pay plans in this regard. The pay instruments used, including salaries, annual incentives, and equity, are tax deductible to the extent that they are performance-based or less than \$1 million for such Named Executive Officer in a given year. However, the Compensation Committee retains discretion to pay compensation that is not tax deductible in situations where it believes such compensation is appropriate.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with the Company's management. Based on that review and discussion, the Compensation Committee recommended to the board of directors that the Compensation Discussion and Analysis be included in the Company's 2015 Annual Report on Form 10-K for the fiscal year ended March 31, 2015 and the Proxy Statement for its 2015 Annual Meeting of Shareholders.

(1) For Mr. Steinberg, 2013 salary is from start date through March 31, 2013.

(2) For Ms. Seebeck and Mr. Badger, amount consists of discretionary bonus related to the RSG transaction. For Mr. Steinberg, amount consists of hiring bonus.

Stock Awards include grants of restricted shares and performance shares. Option Awards include SSAR grants.

(3) Amounts disclosed do not represent the economic value received by the Named Executive Officers. The value, if any, recognized upon the exercise of

The value, if any, recognized for restricted and performance shares will depend upon the market price of the shares upon vesting. In accordance with SEC rules, the values for restricted and performance shares and SSARs are equal to the aggregate grant date fair value for each award computed in accordance with FASB ASC Topic 718. The values for restricted and performance shares are based on the closing price on the grant date. The values for SSARs are based on the Black-Scholes option pricing model. A discussion of the assumptions used in determining these valuations is set forth in Note 14 of the Notes to Consolidated Financial Statements of the Company's 2015 Annual Report. For Stock Awards, the amounts shown represent grants of restricted shares to each Named Executive Officer as part of the executive's annual long-term equity grant, and for 2015 includes grants of restricted shares to improve retention of key management, including the Named Executive Officers, and for Mr. Steinberg in 2013 includes grants of restricted shares as a long-term inducement award upon his hire.

Amounts represent annual incentive payments received for 2015, 2014 and 2013 based on pre-set incentive goals (4) established at the beginning of each fiscal year and tied to the Company's financial, strategic, and operational goals.

(5) All other compensation includes the following compensation, calculated based on the aggregate incremental cost to the Company of the benefits noted:

Amounts shown in the columns under Estimated Future Payouts Under Non-Equity Incentive Plan Awards represent fiscal year 2015 annual threshold, target, and maximum cash-based annual incentives granted under the (1) annual incentive plan. Total threshold, target, and maximum payouts were conditioned on achievement of weighted goals based on revenue and adjusted operating income and achievement of individual MBOs as applicable for each Named Executive Officer. Fiscal year 2015 payouts for each Named Executive Officer pursuant to these awards

are shown in the Summary Compensation Table above in the column titled Non-Equity Incentive Plan Compensation. Further explanation of potential and actual payouts by component is set forth in the Compensation Discussion and Analysis - Annual Incentives.

The share amounts shown represent grants of restricted shares to each Named Executive Officer as part of the executive's annual long-term equity grant and a special grant restricted shares to improve retention of key management, including the Named Executive Officers, and for Mr. Steinberg includes grants of restricted shares as a long-term inducement award upon his hire.

The share amounts represent SSARs granted at the fair market value of the shares on the grant date as fiscal year 2015 long-term incentive awards. The SSARs are exercisable in thirds beginning on March 31, 2015. All SSARs have a seven-year term.

The dollar amount shown for each equity grant represents the grant date fair value of the SSARs and restricted shares, calculated in accordance with FASB ASC Topic 718. The actual value, if any, recognized upon the exercise of a SSAR or vesting of restricted shares will depend upon the market price of the shares on the date the SSAR is exercised or restricted shares vest.

Option Exercises and Stock Vested

The following table and related notes summarize the exercise of stock options and/or SSARs and the vesting of other stock awards by the Named Executive Officers during fiscal year 2015.

Option Exercises and Stock Vested for Fiscal Year 2015

(1) Includes partial vesting of time-vested restricted shares granted in 2013 and 2014 and, for Mr. Steinberg, vesting of 17,728 upon the successful development of our next generation property management system, rGuest Stay.

(2) The value realized on vesting of stock awards is determined by multiplying the number of shares underlying the stock awards by the closing price of the shares on the vesting date of the awards.

Termination and Change of Control

The following table and discussion summarize certain information related to the total potential payments which would have been made to the Named Executive Officers in the event of termination of their employment with the Company, including in the event of a change of control, effective March 31, 2015, the last business day of fiscal year 2015.

Employment Agreements. The Named Executive Officers are each a party to an employment agreement with the Company. Under the employment agreements, if we terminate any of the Named Executive Officers' employment without cause, he or she will receive severance equal to one year's salary and target annual incentive, and a lump sum amount equal to the executive's total premium for one year of COBRA continuation coverage under the Company's health benefit. If the Company changes the Named Executive Officer's position such that his or her compensation or responsibilities are substantially lessened, and the Company fails to cure such situation within 30 days after notice, he or she may terminate his or her employment and will receive his or her severance benefits. In the event that any of the Named Executive Officers are terminated without cause or for a change of position in the 24 months following a change of control of the Company, the Named Executive Officer is entitled to severance pay equal to two year's salary and

target annual incentive and a lump sum amount equal to the executive's total premium for one year of COBRA continuation coverage under the Company's health benefit. Following a termination of employment for any reason the executive is prohibited for a one-year period following termination from being employed by, owning, operating, controlling, or being connected with any business that competes with the Company. Each executive's agreement also contains an indefinite non-disclosure provision for the protection of the Company's confidential information and one-year non-solicitation and non-compete provisions.

(1) For the Named Executive Officers, "cause" is defined as (i) breach of employment agreement or any other duty to the Company, (ii) dishonesty, fraud, or failure to abide by the published ethical standards, conflicts of interest, or material breach of Company policy, (iii) conviction of a felony crime or crime involving misappropriation of money or other Company property, (iv) misconduct, malfeasance, or insubordination, or (v) gross failure to perform (not including failure to achieve quantitative targets). A "change in position" is the substantial lessening of compensation or responsibilities. After a change in position, the executive has 30 days to notify the Company of his or her termination of employment, and the Company has 30 days to cure. A "voluntary termination" includes death, disability, or legal incompetence.

(2) Health Insurance consists of health care and dental care benefits. The amount reflects 12 months of benefits for the Named Executive Officers that participate in the Company's plans. These benefits have been calculated based on actual cost to us for fiscal year 2015.

(3) Severance payments in the event of a change of control are subject to a double trigger such that severance benefits are provided only upon a combination of a change of control and a qualified termination. SSARs and restricted shares vest upon a change of control. For SSARs (except as qualified below) the value of accelerated vesting is

calculated using the closing price of \$9.84 per share on March 31, 2015 less the exercise price per share for the total number of SSARs accelerated. The exercise price for all unvested SSARs held by the Named Executive Officers is greater than \$9.84, thus no potential payments are indicated since there would be no proceeds upon the exercise of “underwater” SSARs. The value of restricted shares upon vesting reflects that same \$9.84 closing price. Values represent potential vesting under a hypothetical change of control situation on March 31, 2015.

(4) All SSARs and restricted shares vest upon death or disability.

On May 31, 2011, MAK Fund, Paloma and Computershare Trust Company, N.A. (the “Trustee”) entered into an Amended and Restated Voting Trust Agreement (the “Revised Voting Trust Agreement”) to clarify the effect on the voting trust created by the Voting Trust Agreement dated as of December 31, 2009, were the reporting persons (named above) to beneficially own one-third or more of the Company’s outstanding voting securities as a result of a decrease in the total number of voting securities outstanding. In such event, regardless of the reporting persons’ economic interest in the Company, its voting power will be effectively limited to no more than 23% or 27% of the voting securities in the event of a shareholder vote on (i) a merger, consolidation, conversion, sale or disposition of stock or assets or other business combination which requires approval of two-thirds of the Company’s voting power (a “Strategic Transaction”) or (ii) a transaction other than a Strategic Transaction which requires approval of two-thirds of the Company’s voting power (an “Other Transaction”), respectively. In connection with a Strategic Transaction or Other Transaction, the reporting persons would continue to possess the total voting power only over a number of voting securities that would equal the total voting power it would possess were it to hold only one-third of the voting securities. The Revised Voting Trust Agreement will become effective if and when the number of shares owned by the reporting persons equals or exceeds one-third of the voting securities then outstanding as a result of a decrease in the total number of voting securities outstanding. Until such time, the Voting Trust Agreement will remain in full force and effect.

The Voting Trust Agreement provides that, for transactions requiring at least two-thirds of the voting power to approve, Trustee will vote shares as follows: (i) for a Strategic Transaction, vote shares that exceed 20% of the outstanding shares in favor of, against, or abstaining from voting in the same proportion as all other shares voted by shareholders (including reporting persons’ shares that do not exceed the 20% threshold); and (ii) for Other Transactions, vote shares that exceed 25% of the outstanding shares in favor of, against, or abstaining from voting in the same proportion as all other shares voted by shareholders (including reporting persons’ shares that do not exceed the 25% threshold). The Voting Trust Agreement terminates (i) if the vote necessary to approve all forms of transactions is lowered to the affirmative vote of holders of shares entitling them to exercise at least a majority of the voting power on the proposal to approve such transactions (from two-thirds); (ii) if MAK Fund and Paloma are no longer members of a “group” for purposes of Section 13(d) of the Securities Exchange Act, then the Voting Trust Agreement terminates with respect to any of MAK Fund and Paloma that beneficially owns not more than 20% of the outstanding shares; (iii) on February 18, 2020, or February 18, 2025 if MAK Fund continues to hold 20% of the outstanding shares; or (v) if another person or entity holds greater than 20% of the outstanding shares that are not subject to a similar voting agreement.

Item 13. Certain Relationships and Related Transactions, and Director Independence.

RELATED PERSON TRANSACTIONS

All related person transactions with the Company require the prior approval or ratification by our Audit Committee. The board of directors adopted Related Person Transaction Procedures to formalize the procedures by which our Audit Committee reviews and approves or ratifies related person transactions. The procedures set forth the scope of transactions covered, the process for reporting such transactions, and the review process. Covered transactions include any transaction, arrangement, or relationship with the Company in which any director, executive officer, or other related person has a direct or indirect material interest, except for business travel and expense payments, share ownership, and executive compensation approved by the board of directors. Transactions are reportable to the Company's General Counsel, who will oversee the initial review of the reported transaction and notify the Audit Committee of transactions within the scope of the procedures, and the Audit Committee will determine whether to approve or ratify the transaction. Through our Nominating and Corporate Governance Committee, we make a formal yearly inquiry of all of our executive officers and directors for purposes of disclosure of related person transactions, and any such newly revealed related person transactions are conveyed to the Audit Committee. All officers and directors are charged with updating this information with our internal legal counsel.

DIRECTOR INDEPENDENCE

NASDAQ listing standards provide that at least a majority of the members of the board of directors must be independent, meaning free of any material relationship with the Company, other than his relationship as a director. The Guidelines state that the board of directors should consist of a substantial majority of independent directors. A director is not independent if he fails to satisfy the standards for director independence under NASDAQ listing standards, the rules of the SEC, and any other applicable laws, rules, and regulations. During the board of directors' annual review of director independence, the board of directors considers transactions, relationships, and arrangements, if any, between each director or a director's immediate family members and the Company or its management. In June 2015, the board of directors performed its annual director independence review and as a result of such review determined that each of Max Carnecchia, Jerry Jones, Michael A. Kaufman, Keith M. Kolerus, John Mutch, and Peter Sinisgalli qualify as independent directors. Mr. Dennedy is not independent because of his service as President and CEO of the Company.

Item 14. Principal Accountant Fees and Services.

The Audit Committee reviewed the fees of PricewaterhouseCoopers LLP (“PwC”), our Independent Accountant for fiscal years 2015 and 2014. Fees for services rendered by PwC for fiscal years 2015 and 2014 were:

Fiscal Year	Audit Fees (\$)	Audit-Related Fees (\$)	Tax Fees (\$)	All Other Fees (\$)
2015	676,798	—	—	2700
2014	528,180	—	41,000	60,000

“Audit Fees” consist of fees billed for professional services provided for the annual audit of our financial statements, annual audit of internal control over financial reporting, review of the interim financial statements included in quarterly reports, and services that are normally provided in connection with statutory and regulatory filings.

“Audit-Related Fees” generally include fees for employee benefits plan audits, business acquisitions, and accounting consultations. “Tax Fees” include tax compliance and tax advice services. “All Other Fees” generally relate to services provided in connection with non-audit acquisition activities.

The Audit Committee adopted an Audit and Non-Audit Services Pre-Approval Policy (the “Policy”) to ensure compliance with SEC and other rules and regulations relating to auditor independence, with the goal of safeguarding the continued independence of our Independent Accountant. The Policy sets forth the procedures and conditions pursuant to which audit, review, and attest services and non-audit services to be provided to the Company by the our Independent Accountant may be pre-approved. The Audit Committee is required to pre-approve the audit and non-audit services performed by our Independent Accountant to assure that the provision of such services does not impair independence. Unless a type of service to be provided has received pre-approval as set forth in the Policy, it will require separate pre-approval by the Audit Committee before commencement of the engagement. Any proposed service that has received pre-approval but which will exceed pre-approved cost limits will require separate pre-approval by the Audit Committee. All audit, non-audit, and tax services were pre-approved by the Audit Committee during fiscal years 2015 and 2014.
