Where no instructions are given, proxies will be voted for the nominees for directors set forth in Proposal No. 1; for the non-binding resolution to approve the compensation of the named executive officers described in Proposal No. 2; for conducting a vote to approve the compensation of the named executive officers every one year as set out in Proposal N. 3; and for the ratification of the appointment of Yount, Hyde & Barbour, P.C. as the independent registered public accounting firm for the year ending December 31, 2011 described in Proposal No. 4.

An Annual Report to Stockholders, including the financial statements for the year ended December 31, 2010, is being mailed to you at the same time as this Proxy Statement, but should not be considered proxy solicitation material.

VOTING SECURITIES AND STOCK OWNERSHIP

As of March 11, 2011, Bankshares had 6,933,474 shares of common stock (\$1.25 par value) issued and outstanding. Each of the shares is entitled to one vote at the Annual Meeting. Only those stockholders of record at the close of business on February 23, 2011 will be entitled to vote at the meeting or at any adjournments.

A majority of votes entitled to be cast on matters to be considered at the Annual Meeting constitutes a quorum. If a share is represented for any purpose at the Annual Meeting, it will be considered to be present for purposes of establishing a quorum. Abstentions and shares held of record by a broker or its nominee ("broker shares") which are voted on any matter are included in determining the number of votes present or represented at the Annual Meeting. Broker shares that are not voted on any matter will not be included in determining whether a quorum is present. If a quorum is established, directors will be elected by a plurality of votes cast by shares entitled to vote at the Annual Meeting. The outcome of Proposal No. 3, an advisory vote on the frequency of a stockholder vote on the

compensation of the Company's named executive officers, will be determined by a plurality of votes cast by shares entitled to vote at the Annual Meeting. On all other matters, the vote of a majority of shares present in person or by proxy and entitled to vote is required. Broker shares may not be voted in an uncontested Board election such as this one unless the beneficial owner has provided voting instructions. Votes that are withheld and broker shares that are not voted on any matter will not be included in determining the number of votes cast.

Based upon the written representations of our directors and executive officers, we believe that all of our directors and executive officers complied with the reporting requirements of Section 16(a) of the Securities Act of 1934.

PROPOSAL NO. 1 - ELECTION OF DIRECTORS

Bankshares' articles of incorporation provide that the directors will be divided into three classes (1, 2 and 3) with each class as nearly equal in number as possible and the term of office of each class ending in successive years. The articles of incorporation currently also provide that the number of directors shall be set by the bylaws, but shall not be less than nine, or more than twenty-six. For the purpose of the election of directors at the Annual Meeting, the number of directors set forth in the bylaws is nine. The current term of office of the Class 3 directors expires at this 2011 Annual Meeting of Stockholders. The terms of Class 1 and Class 2 directors will expire in 2012 and 2013, respectively.

The Board of Directors has nominated two serving Class 3 directors, William A. Peery and James M. Shuler, to serve a three-year term to expire at the Annual Meeting of Stockholders in 2014. The remaining Class 3 director, Jack H. Harry, is retiring from the Board of Directors at the completion of his term, because he has reached mandatory retirement age as set out in Bankshares' bylaws. Therefore, Mr. Harry will not stand for re-election at the Annual Meeting. The Nominating Committee, consisting entirely of non-management independent directors, recommended Charles E. Green, III as the nominee for Class 3 director to fill the seat being vacated by Mr. Harry. The Board of Directors nominated Mr. Green to serve a three-year term expiring at the Annual Meeting in 2014.

It is the intention of the persons named as proxies, unless instructed otherwise, to vote for the election of the three nominees for Class 3 director. Each nominee has agreed to serve if elected. If any of the nominees is unexpectedly unable to serve, the shares represented by all valid proxies will be voted for the remaining nominees and any other person or persons who may be designated by the Board. At this time, the Board knows of no reason why any nominee might be unable to serve.

The following information is provided with respect to the three nominees to serve as Class 3 director and the six incumbent directors who will be continuing in office following the Annual Meeting. All information is provided as of February 23, 2011, and employment information is provided for the past five years. No director or nominee is related by blood, marriage or adoption to any other director, nominee or executive officer. No director or nominee currently serves or has served within the past five years, as a director of any company which has a class of securities registered pursuant to Section 12 of the Securities Exchange Act of 1934, or is subject to the requirements of Section 15(d) of the Exchange Act, or of any company registered as an investment company under the Investment Company Act of 1940. Two directors, Mr. Rakes and Dr. Shuler, also currently serve as a director of one or both of the wholly owned subsidiaries of Bankshares, the National Bank of Blacksburg ("NBB"), and National Bankshares Financial Services, Inc. ("NBFS"). Each director and nominee, except for Mr. Rakes, has been determined to be independent by the Board of Directors, using the definition for independence of directors that is used for determining compliance with the applicable listing standards for the NASDAQ Stock Market, the national securities exchange on which Bankshares common stock is listed. In making the determination that all of the directors are independent, except for Mr. Rakes, the Board of Directors considered that Mr. Green rents a small office space at an NBB branch location. He has a year-to-year lease with the Bank and pays market rate rent of \$4,200 each year, including in 2010. (See also "Director Independence" and "Certain Transactions with Officers and Directors").

He is the Chairman of the Board of Directors of NBB and NBFS. He is active with, and has held leadership positions in, both state and national banking trade associations. These factors, together with Mr. Rakes' experience and expertise in financial services, qualify him to serve on the Board.

The Board of Directors recommends that the stockholders vote "FOR" all of the nominees for Class 3 director.

PROPOSAL NO. 2 – ADVISORY VOTE
ON THE APPROVAL OF COMPENSATION
OF THE NAMED EXECUTIVE OFFICERS

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the Dodd-Frank Act) enables our stockholders to approve, on an advisory or nonbinding basis, the compensation of the Company's named executive officers, as described in the disclosures and discussion regarding executive compensation in this proxy statement. Our performance-related compensation philosophy is the basis for all of our compensation decisions. Please refer to "Executive Compensation" for an overview of the compensation of the Company's named executive officers, as required

by Securities and Exchange Commission rules.

We are asking for stockholder approval of our named executive officers' compensation as described in this proxy. The vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the compensation policies and practices discussed in this proxy. Because the vote is advisory, it will not be binding on the Company or its Board of Directors. However, the Compensation Committee will take into account the outcome of the vote when considering future executive compensation arrangements.

The Board of Directors recommends that the stockholders vote "FOR" approval of the compensation of the named executive officers.

PROPOSAL NO. 3 – ADVISORY VOTE
ON THE FREQUENCY OF A STOCKHOLDER VOTE
ON THE COMPENSATION OF THE
NAMED EXECUTIVE OFFICERS

The Dodd-Frank Act also enables stockholders, at least once every six years, to vote on the frequency of a stockholder vote on the compensation of the named executive officers. This proposal gives the Company’s stockholders the opportunity to advise the Board of Directors on how frequently they would like to vote on the compensation of executive officers: every one, two or three years. Stockholders may also abstain from voting on the frequency of a stockholder “say-on-pay” vote on executive compensation.

Because the vote is advisory, it will not be binding on the Company or its Board of Directors. However, the Compensation Committee will take into account the outcome of the vote when considering the frequency of a stockholder vote on executive compensation.

The Board of Directors has determined that having an annual vote on the compensation of the named executive officers is the best approach, because each year the Company’s Compensation Committee reviews the primary elements of Compensation, namely salary and the Chairman, President & CEO’s cash bonus.

The Board of Directors recommends that the stockholders vote to approve the compensation of the named executive officers every “ONE YEAR”.

Note: Stockholders are not voting to approve or disapprove this recommendation.

PROPOSAL NO. 4 – RATIFICATION OF
APPOINTMENT OF INDEPENDENT AUDITORS

For the year ending December 31, 2011, the Audit Committee of the Board of Directors has selected Yount, Hyde & Barbour, P.C., an independent registered public accounting firm, to perform the audit of the Company’s financial statements and its internal controls over financial reporting. Yount, Hyde & Barbour has acted as the Company’s independent registered public accounting firm for many years.

The selection of Yount, Hyde & Barbour as the Company’s independent auditors is not required to be submitted to a vote of the stockholders for ratification. The Company is doing so because it believes that it is a matter of good corporate practice. If the stockholders fail to vote on an advisory basis in favor of the selection of Yount, Hyde & Barbour, the Audit Committee will reconsider whether to retain Yount, Hyde & Barbour, and may retain that firm or another firm without re-submitting the matter to the stockholders. Even if the stockholders ratify the appointment, the Audit Committee may, in its discretion, direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that a change would be in the Company’s best interests.

A representative of Yount, Hyde & Barbour is expected to be at the Annual Meeting of Stockholders. That representative will have the opportunity to make a statement at the meeting and will be available to respond to appropriate questions.

The Board of Directors recommends that the stockholders vote “FOR” the ratification of the appointment of Yount, Hyde & Barbour, P.C. as the independent registered public accounting firm for the year ending December 31, 2011.

BOARD OF DIRECTORS MEETINGS, LEADERSHIP STRUCTURE,
COMMITTEES, COMPENSATION, DIRECTOR INDEPENDENCE, ATTENDANCE,
OVERSIGHT OF RISK AND COMMUNICATIONS WITH DIRECTORS

Board of Directors Meetings

The Board of Directors of Bankshares meets monthly. In 2010, there were twelve regular Board meetings.

Board Leadership Structure

National Bankshares, Inc. has chosen to combine the position of chairman of the board and principal executive officer. Mr. Rakes, who was serving as the Company's President and Chief Executive Officer, was elected as the Chairman of the Board of Directors in April of 1999. He has been re-elected annually. Mr. Rakes has the longest tenure of any current director of the Company, having served since the Company was founded in 1986. In addition Mr. Rakes is Chairman, President and CEO of the Company's primary subsidiary, the National Bank of Blacksburg, where nearly

all of the Company's business operations take place. Mr. Rakes has spent his long career in banking and he has held leadership positions in both state and national banking trade organizations. The Board of Directors determined that Mr. Rakes' knowledge of NBB and the banking industry and his Board experience make him the logical and natural choice to serve as Chairman of the Board of National Bankshares, Inc. We believe the Board also benefits from the continuity provided by Mr. Rakes in chairing the Board.

The Board does not have a lead director designated as such. However, the Board of Directors believes that at times it is important for the independent directors to deliberate and act without having Company management present. To ensure that it has experienced leadership in these situations, the Board annually elects a Vice Chairman, who has the responsibility of chairing meetings when the Chairman is absent or when the Board wishes to meet without any representative of management being present. Dr. Shuler has served as Vice Chairman of the Board of Directors since April of 2007. We believe this structure provides the Board with independent leadership in situations where the Chairman is excused from acting as such due to his management position.

Board Committees

The Bankshares Board has standing Executive, Audit, Compensation and Nominating Committees. Mr. Rakes is the chairman of the Executive Committee, and Dr. Lewis and Dr. Shuler serve on the Committee. The Executive Committee met once in 2010. The Audit Committee, which is chaired by Dr. Lewis, is made up of Mr. Ball, Mr. Bowling and Mr. Harry. The Audit Committee had four meetings in 2010. In 2010 the Compensation Committee was comprised of Mr. Ball, Mr. Bowling, Mr. Harry, Dr. Lewis, Dr. Miller, Mr. Peery and Mr. Reynolds. Dr. Shuler serves as its chairman. The Compensation Committee met once in 2010. Dr. Miller is the chairman of the Nominating Committee, and Mr. Peery, Mr. Reynolds and Dr. Shuler are its members. The Nominating Committee met once in 2010.

Board Compensation

In 2010, the members of the NBI Board of Directors received \$1,000 for each regular or special Board meeting they attended. They were paid \$500 for each committee meeting. Directors were also paid an annual retainer fee of \$12,000. The Chairmen of the Audit and Compensation Committees each received an additional \$1,500 annual retainer. NBI Directors receive no other forms of compensation.

(1) Directors fees paid to Mr. Rakes are disclosed in the Summary Compensation Table in "Executive Compensation".

(2) Represents \$20,000 in fees paid to Dr. Shuler for his service on the Board of Directors of NBB in 2010, and \$10,911 in payments from the Bank Directors Deferred Compensation Plan. Please see "Nonqualified Retirement Plans" below.

Director Independence and Certain Transactions with Officers and Directors

As has been mentioned, each director of Bankshares, except for Mr. Rakes, is independent, as defined by the listing standards for the NASDAQ Stock Market, the national securities exchange on which Bankshares common stock is listed. In determining that each director meets the NASDAQ Stock Market's standards for independence, the Board of Directors recognized that NBB extends credit in the ordinary course of business to Bankshares' directors and executive officers. Extensions of credit are also made to business organizations and persons with whom Bankshares' directors and executive officers are associated or related. These extensions of credit are made at interest rates and with the same requirements as to collateral as prevailing for comparable transactions with the general public at the time credit is extended. In the opinion of bank

management, none of the outstanding transactions with directors and executive officers involve a greater than normal risk of collectability or present other unfavorable features. Except for directors' fees, no director received direct or indirect compensation from the Company in 2010.

Board Attendance

During 2010, each incumbent director attended 75% or more of the total number of meetings of the Board of Directors of Bankshares and of the Board committees on which he or she served. The Board does not have a formal policy regarding directors' attendance at the Annual Meeting of Stockholders. In 2010, all NBI directors attended the Annual Meeting, except for Mr. Ball, who was traveling on business on the date of the meeting.

Board Oversight of Risk

To fulfill its responsibility to oversee the Company's risk management processes, the full Board of Directors receives extensive and regular reports from management outlining the status of credit risk, interest rate risk, liquidity risk and major areas of operational risk. The Company's Treasurer, who serves as the subsidiary bank's Senior Vice President/Operations & Risk Management, attends all meetings of the Board of Directors, is readily available to report and to answer the directors' questions and is responsible for raising any material risk management concerns with the Board. In addition to the regular reports received by the entire Board of Directors, the Audit Committee receives personal reports from the Corporate Auditor and Compliance Officer. The Corporate Auditor and Compliance Officer, who reports directly to the Board, supplies the Audit Committee with information about internal audits completed at both the parent company and subsidiary levels and about the status of the Company's regulatory compliance activities.

Communications with Directors

The Board of Directors provides a process for stockholders to send communications to it. Stockholders wishing to communicate with the Board of Directors or with specified individual directors should do so in writing mailed to National Bankshares, Inc., P. O. Box 90002, Blacksburg, Virginia 24062-9002, Attention: Board of Directors. All stockholder communications are forwarded to the Board.

COMPENSATION DISCUSSION AND ANALYSIS

What are the objectives of the Company's compensation program for its named executive officers?

National Bankshares, Inc. has five goals for its compensation program for named executive officers. In 2010, these officers were Chairman, President & CEO James G. Rakes, Treasurer David Skeens, Executive Vice President F. Brad Denardo and Secretary and Counsel Marilyn B. Buhyoff.

- To offer salaries and bonuses that fairly reward executive officers for their individual contributions in meeting short-term and long-term corporate strategic and financial goals.
- To offer retirement and post-retirement benefits which incent executive officers to remain in leadership roles and which recognize and reward long tenure with the Company.
- To offer total compensation that allows the Company to retain and recruit executive talent and which is competitive with peer financial institutions, but which fits within the Company's conservative approach to managing overhead expense.
- To offer a compensation program that does not increase, or have the potential to increase, material risk to the Company.

What is the program designed to reward?

The compensation program for the Chairman, President & CEO is designed to reward the profitable operation of the Company compared to its peers, particularly as measured by return on assets and return on equity. In addition, the

program rewards the Chairman, President & CEO when the Company's short- and long-term strategic goals are met. Inherent in meeting strategic goals is the ability to recognize and manage risks to the Company. Named executive officers other than the Chairman, President & CEO are rewarded for the Company's success in meeting its performance goals and particularly for success in those areas for which they have individual management responsibility. One measure of the officers' success is their ability to recognize and manage risk in their areas of responsibility.

What is each element of compensation?

The elements of compensation are:

- Salary (all named executive officers)
- Cash bonus (Chairman, President & CEO)
- Capital Accumulation Plan (Chairman, President & CEO)

• Qualified retirement plans, including defined benefit, 401(k) and employee stock ownership plan (all named executive officers)

- Nonqualified officers salary continuation plan (all named executive officers)
- Board of Directors fees (Chairman, President & CEO and Executive Vice President)
- Perquisites and other personal benefits (Chairman, President & CEO and Executive Vice President)

Why does the Company choose to pay each element of compensation?

The Company uses salary as the cornerstone of its compensation program because it believes that the focus of executive officers, particularly of those below the level of the Chairman, President & CEO, should be on the Company's long-term growth and performance. Annual increases are awarded based upon individual performance in meeting stated goals for that review period. Because salary rather than some form of annual incentive is the major component of their compensation, executive officers have sufficient personal economic security to make and support management decisions that may trade immediate gain for greater long-term corporate success. In addition, limiting compensation primarily to salary inhibits the incentive to take unacceptable short-term risks at the expense of reaching long-term goals.

Since the Chairman, President & CEO is the individual who has the ultimate responsibility for the success of its operations; it has long been the Company's policy to pay him an annual incentive bonus that is based upon overall performance for the year in question. The ratio of incentive bonus to salary remains at a level which the Company believes does not increase its potential risk.

The Chairman, President & CEO may also receive an annual contribution for his benefit to the Capital Accumulation Plan ("CAP"). This nonqualified deferred compensation plan was established to link a portion of the Chief Executive's total compensation package to objective performance criteria. The CAP was also established to help offset the impact of legal limitations on the Chairman, President & CEO's ability to benefit from the Company's qualified retirement plans to the same extent as other employees. Additional information about the CAP is included in "Grants of Plan-Based Awards".

Each named executive officer, along with all other eligible Company employees, participates in three qualified retirement plans. NBI sponsors a defined benefit pension plan, the National Bankshares, Inc. Retirement Income Plan. The National Bankshares, Inc. Retirement Accumulation Plan is a 401(k) plan, and the Company also offers the National Bankshares, Inc. Employee Stock Ownership Plan. The Company believes that it is important to assist its long-term employees, including its executive officers, in assuring financial security in retirement for themselves and their families. National Bankshares, Inc. also believes that its Employee Stock Ownership Plan helps to align the interests of all employees, including executive officers, with the interests of its stockholders. More information is contained in "Qualified Retirement Plans".

The Company established a nonqualified salary continuation plan that is designed to provide certain key Company officers, including all named executive officers, with supplemental retirement income. This plan was established to enhance the Company's ability to retain key decision-makers and to supplement the retirement benefits of those more highly compensated executives who, because of legal limitations, are unable to participate fully in the qualified retirement plans. There is further discussion in "Nonqualified Retirement Plans".

The Company elected to establish the National Bankshares, Inc. 1999 Stock Option Plan to promote the identification of the personal interest of participants with the long-term financial success of the Company and with growth in stockholder value. Incentive stock options were granted to Mr. Rakes, Mr. Denardo and Mrs. Buhoff under this plan in each year from 1999 to 2005. The Plan terminated on March 9, 2009, although there are vested and unexercised stock-options remaining. See "Incentive Stock Options" for more information.

Mr. Rakes and Mr. Denardo serve as paid directors of the Company and/or of one of its subsidiaries. These individuals receive the same compensation as outside directors. The Company believes that this is an appropriate practice because these executive officers devote additional time to their Board of Directors' responsibilities, and all directors, both internal and external, share the same fiduciary obligations and liability risk.

The perquisites and personal benefits that are provided for the Chairman, President & CEO are defined in his employment agreement. These items were agreed to for two reasons. First, they are typical benefits for individuals holding this position in peer banks and financial holding companies. As such, they are part of a total compensation package that is competitive in the Company's operating environment. Second, certain perquisites that offer a degree of personal benefit are also directly related to job performance. The perquisites that are available to any of the other named executive officers are limited in nature and offer benefit to both the executive and the Company. See "Executive Compensation" and "Employment Agreements and Change in Control Agreements".

How does the Company determine the amount for each element?

Salary: The salaries of National Bankshares' named executive officers, except for that of the Chairman, President & CEO, are within the Company's established salary ranges for each officer position. The ranges are developed after considering an annual salary survey published by the Virginia Bankers Association as well as publicly available salary information about comparable jobs in the locations in which Bankshares and its subsidiaries do business. The annual increase in base salary for these individuals is determined by the Chairman, President & CEO. In making

the determination, Mr. Rakes considers the nature and responsibility of the position; the competitiveness of the market for the executive's services; the expertise of the individual executive; and to what degree the executive has achieved annual performance goals. Individual annual performance goals support the Company's business strategy, but are not tied to objective performance measures. The Chairman, President & CEO reports executive officer salaries to the Compensation Committee at least annually.

The base salary of the Chairman, President & CEO of at least \$225,500 was set in an employment agreement effective on January 1, 2002. The employment agreement was amended and restated in its entirety on December 17, 2008, effective December 31, 2008, and the base salary was increased to Mr. Rakes' 2008 salary of \$445,183. The base salary was determined after considering compensation for this position reported in the Virginia Bankers Association's annual salary survey and from the public documents of peer institutions that disclose salaries paid to other individuals holding similar positions. The Board of Directors Compensation Committee determines annual salary increases after assessing the CEO's contributions to the success of the Company. In measuring the Company's success, the Committee compares NBI's financial results to local and regional peers. Specifically, the Compensation Committee compares Bankshares' return on assets (ROA) and return on equity (ROE) with the average ROA and ROE of a group of at least five peer bank holding companies located in the Company's region. The composition of the peer group generally remains the same, but it is reviewed annually. For 2010, the peer group was made up of six bank holding companies including Union First Market Bankshares Corporation, American National Bankshares, Old Point Financial Corp., First Community Bankshares, First Century Bankshares and StellarOne Corporation. The fact that National Bankshares once again significantly outperformed its peers in 2010, particularly during a difficult operating environment for banks, is reflected in the amount of salary increase awarded by the Compensation Committee to the Chairman, President & CEO. The Committee also considered Mr. Rakes' long track record of success in profitably leading the Company and in managing risks to the Company encountered in a challenging economic environment. Although the Committee weighs the peer comparison heavily in determining Mr. Rakes' salary increase, it does not utilize an objective formula. The Committee considers the Company's progress in meeting budget goals for the year, but it does not utilize a quantitative assessment of budget goals in determining the amount of annual salary increase. Likewise, although there are no objective measures utilized, the Committee considers stock performance and the level of stockholder dividends in establishing salary. In assessing Bankshares' stock performance, the Compensation Committee looks at its price, the price to earnings ratio and dividend yield as compared with the stock of the Company's identified peers. The Committee validates salary increases by referring to the Virginia Bankers Association salary survey and to public documents from peer institutions.

Cash Bonus: The annual incentive bonus paid to the Chairman, President & CEO is determined with the same criteria that are used in establishing his annual salary increase.

Capital Accumulation Plan: The annual contribution to the Chairman, President & CEO's Capital Accumulation Plan (CAP) is determined using a formula that is included in the employee agreement that was effective on January 1, 2002 and restated as of December 31, 2008. A description of the formula, which utilizes objective performance criteria based upon the ROA and ROE of Bankshares as compared with peers, and of the terms of the CAP is provided in "Grants of Plan-Based Awards".

Qualified Retirement Plans: The named executive officers participate with other eligible employees in the Company's three qualified retirement plans. Every participant's benefits are determined under the specific provisions of each of the plans. These plans are discussed in greater detail under "Qualified Retirement Plans".

Nonqualified Salary Continuation Plan: In early 2006, the Company's subsidiaries entered into salary continuation plan agreements with a group of selected senior officers, including all of the named executive officers. Assuming retirement at normal retirement age (as defined in the Plan), contributions to the Salary Continuation Plan are sufficient to provide a minimum of fifteen annual supplemental retirement income payments of 30% of 2005 annual compensation (adjusted by a pre-retirement inflation factor of 4%) for the Chairman, President and CEO and of 20% of 2005 annual compensation (adjusted by a pre-retirement inflation factor of 4%) for the remaining named executive officers. Additional information is included under "Nonqualified Retirement Plans".

Incentive Stock Options: Until the termination of the 1999 Stock Option Plan on March 9, 2009, the Chairman, President & CEO could recommend annual grants of incentive stock options for the other named executive officers to

the Board's Compensation Committee, which served as the Committee that administered the Plan. The Committee could make grants of stock options for Mr. Rakes and the other named executive officers. No grants of stock options have been made since 2005, because of the negative impact of these grants on the Company's earnings. See "Stock Options" for information concerning vested but unexercised stock options.

Board of Directors Fees: Mr. Rakes and Mr. Denardo receive the same compensation as outside directors for serving as directors of NBI and NBB. See also "Board of Director Meetings, Committees, Compensation, Attendance and Communications with Directors".

Perquisites and Other Personal Benefits: The Board Compensation Committee negotiated with the Chairman, President & CEO to develop a comprehensive and competitive total compensation package, including perquisites. This package was included in the January 1, 2002 employment agreement and was included in the amended and restated employment agreement effective on December 31, 2008. The Chairman, President & CEO

determines perquisites available to the other named executive officers. These perquisites are limited to a Company-owned automobile for Mr. Denardo, which facilitate business travel, as well as sports tickets and club memberships, which assist Mr. Denardo with marketing and business development efforts. Mr. Rakes reports annually to the Committee on these items.

How do each element and the Company's decisions regarding that element fit into the Company's overall compensation objectives and affect the decisions regarding other elements?

As noted, each element supports retention, the achievement of annual and longer term corporate goals and provides reasonable financial security to the employee. Every year the Committee assesses the total compensation package for each named executive officer to determine that it is appropriate. The Committee also reviews each element of the compensation package and determines that each is satisfactory in relation to the other.

In determining Mr. Rakes' total annual compensation, the Committee has maintained the same proportionate relationship of salary to annual bonus in recent years. As noted, contributions to Mr. Rakes' CAP are determined using an objective formula. The Committee reviews Mr. Rakes' decisions regarding the compensation packages of the other executive officers. These packages remain focused heavily on salary. The executive officers participate in the qualified retirement plans available to all employees, as well as in the Officers Salary Continuation Plan. The allocation of all executive officers' compensation, including Mr. Rakes', among the various elements of compensation has not changed substantially in a number of years.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed this Compensation Discussion and Analysis with management. The Committee reviewed and fully discussed the Compensation Discussion and Analysis, and the report was recommended to the Board of Directors to be included in this proxy statement. Neither the Company nor the Compensation Committee engaged a consultant on compensation matters.

Members of the Compensation Committee: J. M. Shuler, Chairman, L. J. Ball, J. W. Bowling, J. H. Harry, J. M. Lewis, M. G. Miller, W. A. Peery and G. P. Reynolds.

COMPENSATION COMMITTEE PROCEDURES

The Compensation Committee of Bankshares is made up of all independent, non-employee directors. In 2010, Dr. Shuler was Committee Chairman, and Mr. Ball, Mr. Bowling, Mr. Harry, Dr. Lewis, Dr. Miller, Mr. Peery and Mr. Reynolds were its members.

The Compensation Committee has no formal charter. It is charged with annually evaluating the job performance of the Chairman, President & Chief Executive Officer and determining the appropriate compensation and benefits package for him. The Committee has delegated to Mr. Rakes the responsibility for evaluating the performance and setting the compensation of the other named executive officers, and he reports to the Committee at least annually about those matters.

In carrying out its responsibilities, the Compensation Committee meets at least once each year. There are no officers or employees present at the Compensation Committee's annual meeting to evaluate the performance of the Chairman, President & CEO and to determine his compensation. The Committee considers a package of data provided to it by the Executive Committee. The package includes the Company's financial performance data; information about the financial performance of peer institutions; and salary data from salary surveys and publicly available sources. At the conclusion of that meeting or at a separate meeting, the Chairman, President & CEO will provide the Committee with a report on the performance and compensation of the remaining named executive officers.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

None of the directors who serve on the Compensation Committee is now, or has been in the past, an officer or employee of Bankshares or of Bankshares' subsidiaries. This includes Chairman Shuler and Committee members: Mr. Ball, Mr. Bowling, Mr. Harry, Dr. Lewis, Dr. Miller, Mr. Peery and Mr. Reynolds. Dr. Shuler serves on the Salary and Personnel Committee of NBB. No executive officer of Bankshares, NBB or NBFS served as a director of another entity which had an executive officer serving on the Bankshares Compensation Committee. No executive officer of Bankshares, NBB or NBFS served as a member of the compensation committee of another entity which had an executive officer who served as a director of Bankshares. None of the members of the Bankshares Compensation Committee, or any business organizations or persons with whom they may be associated, has had any transactions with Bankshares or its subsidiaries, except as explained in "Director Independence and Certain Transactions with Officers and Directors".

Employment Agreements and Change in Control Arrangements

Several of National Bankshares, Inc.’s executive officers have been employed by the Company and its subsidiaries for many years. These officers have provided guidance in the growth and long term development of the Company’s business. Their experience and knowledge of the operations and customs of Bankshares is a benefit to the future success of the Company. As an inducement to these executive officers’ continued employment, the Board of Directors determined that Bankshares should enter into employment and change in control agreements with Mr. Rakes, Mr. Denardo and Mrs. Buhyoff. The Board implemented the change in control provisions in part to insure that Bankshares would be more likely to retain the services of key executives during periods of uncertainty resulting from

significant ownership changes, should they occur.

Employment Agreement with Mr. Rakes

The employment agreement between Bankshares and Mr. Rakes (the “agreement”) was originally effective January 1, 2002 and was amended and restated to be effective on December 31, 2008. The agreement provides for the continued employment of Mr. Rakes as President and Chief Executive Officer of Bankshares and at one or more of its affiliated companies, at an annual base salary of at least \$445,183. In addition, the agreement provides that Mr. Rakes may be awarded an annual bonus and certain stock-based incentives in the discretion of the Board, as well as employee fringe benefits and executive perquisites. The agreement had an initial two year term, and it will be extended for successive one-year terms unless either party gives notice at least one year prior to the end of the current term.

Mr. Rakes’ employment agreement also includes for his benefit a non-equity incentive plan, the Capital Accumulation Plan (“CAP”). The CAP is described in more detail in “Grants of Plan-Based Awards” below.

The agreement has provisions which have the effect of continuing Mr. Rakes’ benefits and compensation under the agreement beyond his employment with Bankshares if Bankshares terminates his employment “without cause” or if Mr. Rakes resigns “for good reason”, as those terms are defined in the agreement. Under these circumstances, Mr. Rakes will continue to receive his base salary and certain executive benefits for 24 months after his employment terminates. “Cause” is defined in the agreement as i) deliberate neglect in the performance of job duties or deliberate failure to follow reasonable instructions or Company policies, ii) conviction of or pleading no contest to a felony, a crime of moral turpitude, fraud or embezzlement or any crime for which imprisonment is a possible punishment, iii) a material breach of the agreement, iv) material

dishonesty or breach of fiduciary duty with respect to Bankshares, or v) willful conduct likely to result in material injury to the Company. The agreement defines “for good reason” as i) assignment of duties inconsistent with the position, ii) Company action that results in a material reduction in status, authority or duties, iii) relocation, without consent, more than 50 miles from initial place of employment, iv) failure by the Company or any successor to comply with the agreement, and v) voluntary termination during the 30-day period immediately following the first anniversary of a change in control.

The agreement also contains provisions which can have the effect of prolonging, enhancing and accelerating Mr. Rakes’ benefits and compensation under certain circumstances involving a change in control of Bankshares. A change in control generally involves circumstances where an individual or group acquires 20% or more of Bankshares’ stock or a merger occurs which results in a change in the majority of Bankshares’ Board of Directors and Bankshares’ shareholders do not constitute a majority of the shareholders in the surviving company. The sale or disposition of all or substantially all of the Company’s assets is also defined as a change in control.

The term of the agreement is automatically extended for three years from the date of a change in control and Mr. Rakes is entitled to continue to receive all of his compensation and benefits during that period, except that he becomes entitled to minimum annual stock-based awards equal to one-third of his base salary. In addition, if after a change in control, Mr. Rakes’ employment is terminated by Bankshares “without cause” or by Mr. Rakes “for good reason”, he becomes entitled to receive a lump sum salary continuation benefit equal to 2.99 times his average annual compensation includable in his annual gross income for the period of five years preceding the change in control, a continuation of certain executive benefits for 36 months, and certain enhancements to his retirement benefits.

The amended and restated employment agreement for Mr. Rakes includes provisions stating that all payments under the agreement are intended either to be outside the scope of Internal Revenue Code Section 409 or to comply with its provisions.

Mr. Rakes’ employment agreement includes requirements that he never disclose Bankshares’ confidential information or use confidential information for any purpose that does not benefit the Company. The agreement also includes a clause providing that Mr. Rakes will not engage in competition with Bankshares for 24 months after termination of his employment, unless the termination was “for good reason” or by the Company “without cause” or if his employment is terminated following a change in control.

Employment Agreements with Mr. Denardo and Mrs. Buhyoff

Mr. Denardo and Mrs. Buhyoff each have an executive employment agreement with the Company that is dated December 17, 2008, and which became effective on December 31, 2008 (the employment agreement). Mr. Denardo’s employment agreement provides for his employment as the Company’s Executive Vice President and for his service in any executive or management position with the Company’s affiliates at an annual base salary of \$220,000. Mrs. Buhyoff’s employment agreement states that she will continue her employment as the Secretary and Counsel of Bankshares and in any other executive or management position with Bankshares affiliated companies. Her base annual salary is set at \$137,000. The executive agreements have a two-year term and will be continued for successive one-year terms unless either party provides a one year notice of termination.

Both employment agreements state that compensation will be paid and benefits provided for 12 months if the Company terminates the executive officer’s employment “without cause” or if the executive officer resigns “for good reason”, as those terms are defined in the agreements. “Cause” and “for good reason” are defined in the same manner as in Mr. Rakes’ employment agreement described above. If either Mr. Denardo or Mrs. Buhyoff were to be terminated without cause or resign for good reason after a change in control, they would receive a salary continuance benefit equal to two times their average annual compensation for the five most recent tax years. They would both also be entitled to a continuation of benefits for 24 months following termination. Change in control is defined using the same terms as in Mr. Rakes’ employment agreement.

The employment agreements for Mr. Denardo and Mrs. Buhyoff contain provisions requiring the executive officers to maintain the confidentiality of Company information. The agreements provide that Mr. Denardo and Mrs. Buhyoff

will not compete with Bankshares for 12 months after ceasing employment with the Company, unless the termination is by the Company “without cause”, by the executive officers “for good reason” or following a change in control.

The following table provides additional information concerning payments to executive officers upon termination or change in control, assuming this occurred on December 31, 2010.

Grants of Plan-Based Awards

The employment agreement for Mr. Rakes, which is dated January 1, 2002 and which was amended and restated effective on December 31, 2008, includes a non-equity incentive plan, the Capital Accumulation Plan (“CAP”). Under the agreement, the total amount allocated to the CAP for the calendar year is established by the Board of Directors with a maximum of \$60,000 per year to be allocated. This total amount is then divided equally between two target areas: (1) return on equity, and (2) return on assets. The amount actually contributed to the CAP for a year is based on Bankshares’ performance relative to the average performance of a peer group of Virginia bank holding companies in the two target areas during that year. The 2010 peer group of six community bank holding companies are headquartered in Virginia and southern West Virginia, and are similar to or larger than National Bankshares, Inc. in asset size. A minimum of 85% of the peer group average must be achieved in a target area for any contribution to be made for that target area. The amount of the contribution for each target area increases beyond the minimum contribution to the extent Bankshares’ performance exceeds 85% of the peer group average with a maximum contribution for performance which equals 150% or more of the peer group average. Contributions to the CAP for achievements in any calendar year must be made prior to June 1 of the next following year. Accrued CAP benefits become payable 12 months after an election by Mr. Rakes or, in the absence of an election, on the first day of the seventh month following his separation from service or the first day of the month following his death, or earlier, should Mr. Rakes retire or his employment

terminate under certain circumstances. Once the CAP benefits become payable, they are paid in quarterly installments over ten years unless Mr. Rakes chooses, with the Board's consent, to receive them in some alternate form of payment. Retirement Plans

Bankshares maintains several qualified and nonqualified employee benefit plans for employees of participating employees in the plans. These benefit plans are described below.

Qualified Retirement Plans

National Bankshares, Inc. Retirement Income Plan. Until December 31, 2001, NBB maintained a tax-qualified, noncontributory defined benefit retirement plan for qualified employees called the National Bank of Blacksburg Retirement Income Plan (the NBB Plan). Effective on December 31, 2001, the NBB Plan was amended; its name was changed to the National Bankshares, Inc. Retirement Income Plan (the NBI Plan); and the Bank of Tazewell County Employee Pension Plan (the BTC Plan) was merged into the NBI Plan. The NBB (now NBI) Plan became effective on February 1, 1984, when NBB amended and restated its previous pension plan. This plan covers all officers and employees of NBI and its subsidiaries who have reached age twenty-one and have had one year of eligible service on the January 1 or July 1 enrollment dates. Employee benefits are fully vested after five years of service, with no partial vesting. Prior to the December 31, 2001 plan amendment, retirement benefits at the normal retirement age of sixty-five were calculated at 66% of the employee's average monthly compensation multiplied by the number of years of service, up to a maximum of twenty-five years. After December 31, 2001, retirement benefits at the normal retirement age were calculated at 1.75% of

average monthly compensation multiplied by the number of years of service, up to thirty-five years. Added to this is .65% of “excess monthly average compensation” (defined in the NBI Plan as the amount of the average monthly compensation that is in excess of a participant’s monthly Social Security covered compensation, generally the rounded average of the Social Security taxable wage bases) multiplied by the number of years of service, up to thirty-five years. The benefit formula was amended again in 2008 to reduce the benefit formula for future accruals to 1.00% of monthly compensation, multiplied by the number of years of service up to thirty five years. Average monthly compensation is determined by averaging compensation over the five highest paid consecutive years in the employee’s final ten years of employment. Retirement benefits under the NBI Plan are normally payable in the form of a straight life annuity, with ten years guaranteed; but other payment options may be elected. Benefits accrued by participants in the NBB Plan and in the BTC Plan prior to December 31, 2001, will be calculated based upon compensation and service under the old NBB and BTC Plan formulas. Benefits accrued by participants after January 1, 2002, are calculated under the NBI Plan formulas. The compensation covered by the NBI Plan includes the total of all amounts paid to a participant for personal services reported on the participant’s federal income tax withholding statement (Form W-2), except that earnings were limited to \$200,000, indexed for the cost of living, until 1994. In 1994, the earnings limit was decreased to \$150,000, which is indexed for the cost of living after 1994. For 2010, the limit on compensation was \$245,000.

National Bankshares, Inc. Employee Stock Ownership Plan. Bankshares sponsors a non-contributory Employee Stock Ownership Plan (the “ESOP”), in which NBB and NBFS were participating employers for 2010. All full-time employees who are over the age of 21 and who have been employed for one year are eligible to participate. Contributions under the ESOP are discretionary for each participating employer and participants are not permitted to make contributions to the plan. Contributions are allocated to a participant’s account based upon a participant’s covered compensation, which is W-2 compensation. The contributions are fully vested after three years.

National Bankshares, Inc. Retirement Accumulation Plan. Bankshares sponsors the NBI Retirement Accumulation Plan which qualifies under IRS Code Section 401(k) (the “401(k) plan”). For 2010, NBB and NBFS were participating employers. All full-time employees who have one year of service and who are over the age of 21 are eligible to participate. Participants may contribute up to 100% of their total annual compensation to the plan, subject to IRS deferral annual dollar limits. Employee contributions are matched by the employer at 100% for the first 4% of salary contributed and at 50% of the next 2% of salary contributed. Employees are fully vested at all times in contributions and employer match sums.

Nonqualified Retirement Plans

Bank Directors Deferred Compensation Plan. From 1985 to 1989 NBB maintained a voluntary deferred compensation plan for its directors, which permitted a director to defer receipt of a portion of director’s fees for a period of five years. NBB purchased life insurance on all of the participants in amounts that, in the aggregate, actuarially funded its future liabilities under the program. While the insurance policies were purchased to fund the directors’ deferred compensation plan, there is no obligation to use any insurance proceeds from policy loans or death benefits to curtail the deferral compensation liability. Under the terms of the plan, at age 65, a participant or beneficiary receives 120 monthly benefit payments. The plan also provides for 120 monthly payments to the participant’s beneficiary in the event of the participant’s death prior to age 65. Mr. Rakes became entitled to receive 120 months of payments of \$1,610.50 beginning at age 65. In 2009, there were no contributions to the Bank Directors’ Deferred Compensation Plan. The plan had no earnings. Mr. Rakes began receiving monthly payments on September 1, 2009. Those payments are included in “All Other Compensation” in the Summary Compensation Table above.

Officers Salary Continuation Plan. In early 2006, Bankshares and its subsidiaries entered into salary continuation agreements with a select group of Company and subsidiary bank officers, including Mr. Rakes, Mr. Skeens, Mr. Denardo and Mrs. Buhyoff. The Salary Continuation Plan benefits are funded by investments in bank subsidiary-owned life insurance policies on the lives of the participating officers. The officers and their beneficiaries are unsecured creditors of NBI and of NBB with respect to the benefits under the Salary Continuation Plan.

Each of the salary continuation agreements, except for Mr. Rakes', provides an annual benefit for the participating officer at normal retirement age (age 65) while in the active service of the Company. In Mr. Rakes' case, the salary continuation agreement was amended on December 17, 2008 to provide that benefits will be payable to him upon his separation from service after reaching the normal retirement age (65). Mr. Rakes' benefit is equal to 30% of 2005 salary, adjusted for inflation. It is equal to 20% of 2005 salary, adjusted for inflation, for all other participants. The benefit is payable for the greater of 15 years or the officer's lifetime. If the officer dies before receiving the annual benefit for 15 years, the benefit is paid to his or her beneficiary for the remainder of that period. A reduced benefit is available upon the officer's early termination if he or she is 50 years of age or older, upon disability or upon a change in control of the officer's employer. "Early termination", "disability" and "change in control" are all defined in the salary continuation agreements. A death benefit that is equal in amount to the annual retirement benefit is paid to

the officer's beneficiary for 15 years in the event of the officer's death while an active employee. No benefit is payable if the officer is terminated for cause, as that term is defined in the agreements.

The amended salary continuation agreement with Mr. Rakes provides that he would have received annual payments of \$106,268 if he had left the Company at his normal retirement age in 2009. Upon Mr. Rakes' separation from service, his benefit will increase by adding interest for each full month between his normal retirement and his actual separation from service. The method for calculating this interest is specified in the amended salary continuation agreement. Mr. Skeens' agreement provides that he will be paid \$30,807 annually at his normal retirement in 2031. Under his agreement, Mr. Denardo will be paid annual payments of \$72,488 at his normal retirement in 2017. The salary continuation agreement with Mrs. Buhyoff provides for annual payments of \$28,513 at normal retirement in 2013.

Mr. Rakes has reached normal retirement age under the National Bankshares, Inc. Retirement Income Plan and is eligible to receive his full benefit upon retirement. Mr. Denardo and Mrs. Buhyoff are eligible for early retirement under the Plan. Early retirement is defined as having reached age 55, with five years of participation in the Retirement Income Plan. Upon early retirement, vested benefits are reduced by multiplying the full retirement benefit by an early payment factor that ranges from 41.29% at age 55 to 90.76% at age 64.

RISK FROM COMPENSATION POLICIES AND PRACTICES
FOR ALL EMPLOYEES

National Bankshares, Inc. has determined that its conservative compensation policies and practices for all employees are unlikely to create risks that are reasonably likely to have a materially adverse effect on the Company. Substantially all of the compensation paid to the Company's employees is in the form of salary. The only exceptions to this rule are the bonus payments and CAP contributions that are a part of Mr. Rakes' compensation package, which is discussed in "Compensation Discussion and Analysis" above, and a small percentage of incentive compensation paid by NBFS. While CAP awards are made annually based on annual peer group performance related criteria, they are accumulated as deferred compensation and are not paid immediately to Mr. Rakes. In addition, the maximum annual CAP award is not believed to be material to Mr. Rakes' overall compensation and thus unlikely to incentivize adverse risk-taking. While Mr. Rakes' annual bonus is a larger component of his compensation, the Board believes that the historical performance of the Company during Mr. Rakes' tenure while the bonus program has been in effect reflects that the bonus plan, as implemented by the Board, has not and is not likely to create risks that are reasonably likely to harm the Company. Rather, these compensation elements have proven to be beneficial in enhancing the Company's success. The Company utilizes a formal salary administration structure that limits annual salary increases to predetermined percentages within salary ranges that are established for each position.

NOMINATING COMMITTEE

National Bankshares, Inc. has a standing Nominating Committee that was chaired by Dr. Miller in 2010. Mr. Peery, Mr. Reynolds and Dr. Shuler served on the Committee. Each of these directors is independent. The Nominating Committee's sole function is to review and recommend nominees for the Board of Directors. A current copy of the Committee's Charter is available on the Company's web site at www.nationalbankshares.com. The Nominating Committee does not have a specific policy with regard to the consideration of any director candidates recommended by stockholders, because the Committee will evaluate all candidates for directors using the same criteria, regardless of the source of the referral. Stockholders wishing to refer director candidates to the Nominating Committee should do so in writing mailed by first class mail to the Committee, c/o National Bankshares, Inc., P. O. Box 90002, Blacksburg, VA 24062-9002.

In considering candidates for director, the Nominating Committee seeks individuals who meet the following minimum criteria that are set forth in the Committee's Charter. The candidate must be an individual of the highest character and integrity. He or she must be able to work well with others and must be free of any conflict of interest that would violate law or regulation or interfere with the proper performance of a director's responsibilities. The candidate should be willing to devote sufficient time to the business of the Board. Finally, he or she should have the capacity to represent the best interests of the stockholders as a whole in a balanced way. The Nominating Committee insures that the Board of Directors will have a sufficient number of independent directors to fill all Board and Committee positions that require independent directors. In addition, the Nominating Committee seeks directors who have good business experience as well as directors who have experience in academia and public service. The Committee looks for directors who are knowledgeable about and who reside in the locations in which the Company and its subsidiaries do business and who have the ability and willingness to refer new business to the Company. While there is no formal policy regarding consideration of diversity in identifying director nominees, the Nominating Committee seeks candidates who reflect the Company's belief that gender and ethnic diversity provide additional perspectives that are helpful to the Board of Directors. As a result, the Nominating Committee considers the additional diversity a candidate may add to the overall membership mix of the Board to be a positive factor in the selection of a nominee. The Board believes that its policy of seeking diverse Directors has been moderately successful.

The Nominating Committee actively solicits the names of potential Board candidates from the directors and officers of Bankshares and, as stated here, will consider candidates suggested by stockholders. Information about potential candidates is sought from diverse sources, and the Nominating Committee compares the experience, expertise and

personal qualities of the potential candidates with the experience, expertise, and personal qualities that are identified as being desirable for the Board of Directors at any given time.

AUDIT COMMITTEE REPORT

The Audit Committee has a charter that was last amended on February 11, 2004. The Charter reflects standards set forth in Securities and Exchange Commission regulations and NASDAQ Stock Market Rules, and it is posted on the Company's web site at www.nationalbankshares.com.

The Audit Committee monitors the integrity of the Bankshares financial reporting process and its systems of internal controls concerning finance, accounting and legal compliance. Each of the Audit Committee members satisfies the definition of an independent director as established in the listing standards for the NASDAQ Stock Market. Although each member of the Audit Committee has extensive business

experience, the Committee has identified Dr. Lewis as the financial expert, because he has a background which involves financial oversight responsibilities. Dr. Lewis currently oversees the preparation of financial statements in his role as President of New River Community College. He previously served as the College's Chief Financial Officer. In discharging its oversight responsibility with regard to the audit process, the Audit Committee has reviewed and discussed the audited consolidated financial statements with management, discussed with the independent auditors Yount, Hyde & Barbour the matters to be discussed by Statement of Auditing Standards No. 61 (Communication with Audit Committees), received communications from the auditors as to their independence required by Independence Standards Board Standard No. 1 and discussed with them their independence.

Based upon its review and discussions with management and Yount, Hyde & Barbour, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in Bankshares Annual Report on Form 10-K for the year ended December 31, 2010, to be filed with the Securities and Exchange Commission.

The following fees were paid to Yount, Hyde & Barbour, P.C., Certified Public Accountants & Management Consultants, for services provided to Bankshares for the years ended December 31, 2010 and December 31, 2009. The Audit Committee determined that the provision of non-audit services by Yount, Hyde & Barbour did not compromise the firm's ability to maintain its independence.
