### INFORMATION CONCERNING SOLICITATION AND VOTING

Frances M. Flood became one of our Directors in June of 1998. Ms. Flood first joined us in October 1996 as vice-president of sales and marketing and was named president in December 1997, chief executive officer in June 1998 and chairman of the board in November 2000. Prior to joining us, Ms. Flood was area director of sales and marketing for Ernst & Young, LLP, an international accounting and consulting firm. Ms. Flood has over 25 years experience in sales, marketing, change management, international business and finance. She is currently a director of Nevada Chemicals. She holds a bachelor of science/bachelor of arts degree in banking and finance from Thomas Edison State College.

Harry Spielberg joined us as a director in January 2001. Since January 1996, Mr. Spielberg has been the director of Cosentini Information Technologies' Audiovisual Group, a division of the consulting engineering firm, Cosentini Associates. Mr. Wiener received his bachelor's degree in engineering, aerodynamics and art from Hampshire College in Amherst, Massachusetts.

### Director Compensation and Committees

All of our directors serve until their successors are elected and have qualified to serve as directors. We pay each director who is not our employee \$650 per month for his services to us as a director. Directors who are also employed by us do not receive compensation for their services as directors.

Our board of directors has two committees: the audit and compensation committees. The audit committee is currently composed of Edward Dallin Bagley, Brad R. Baldwin, Harry Spielberg and David Wiener. With the exception of Mr. Bagley, the directors who serve on the audit committee are all "independent" for purposes of the rules of the National Association of Securities Dealers. That is, the Board of Directors has determined that none of the audit committee members, apart from Mr. Bagley, has a relationship to the Company that would interfere with that person's exercise of independent judgment in carrying out the responsibilities of a director. The Board has determined that Mr. Bagley, as owner of 14.9% of the Company's common stock, is not independent. However, because of Mr. Bagley's financial experience and knowledge of the Company and its operations, the Board of Directors has determined that his inclusion on the audit committee is in the best interests of the Company and its shareholders. The compensation committee is currently composed of Edward Dallin Bagley, Brad R. Baldwin, Michael A. Peirce, Harry Spielberg and David Wiener. None of the members of the compensation committee is a current or former employee of the company or any of its subsidiaries.

6

The audit committee is authorized to:

## Edgar Filing: CLEARONE COMMUNICATIONS INC - Form DEF 14A

- (1) review our auditors' proposals regarding the conduct of annual audits and quarterly reviews,
- (2) recommend the engagement or discharge of our auditors,
- (3) review recommendations of our auditors concerning accounting principles and the adequacy of our internal controls and accounting procedures and practices,
- (4) review the scope of the annual audit and quarterly reviews,
- (5) approve or disapprove each professional service or type of service other than standard auditing services to be provided by our auditors, and
- (6) review and discuss the audited financial statements with the auditors.

The Board of Directors has adopted a written charter for the audit committee setting out the functions the Committee is to perform. A copy of the charter was attached to the proxy statement for the 2001 Annual Shareholders' meeting.

The compensation committee makes recommendations to the Board of Directors regarding remuneration of our executive officers and directors and administers the incentive plans for our directors, officers and key employees.

### Meetings of the Board of Directors and Committees

The Board of Directors held nine meetings during fiscal 2002. The audit committee held two meetings during fiscal 2002. The compensation committee held one meeting during fiscal 2002. During fiscal 2002, each director attended at least 75% of the meetings held by the Board of Directors and the committees of which he or she was a member.

### Report of the Audit Committee

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process including the system of internal control. In fulfilling its oversight responsibilities, the Committee reviewed and discussed the audited financial statements in the Annual Report with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Committee under generally accepted auditing standards. In addition, the Committee has discussed with the independent auditors the auditors' independence from management and the Company including the matters in the written disclosure and the letter required by the Independence Standards Board Standard No. 1 (Independence Discussions

## Edgar Filing: CLEARONE COMMUNICATIONS INC - Form DEF 14A

with Audit Committee) and considered the compatibility of nonaudit services with the auditors' independence. The Committee also discussed with the independent auditors any matters required to be discussed by Statement on Auditing Standards No. 61 (Communications with Audit Committees).

The Committee discussed with the Company's independent auditors the overall scope and plans for their audits. The Committee meets with the independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal control, and the overall quality of the Company's financial reporting.

With the exception of Mr. Bagley, each member of the Audit Committee is an independent director as defined in Rule 4200(a)(14) of the National Association of Securities Dealers listing standards. That is, the Board of Directors has determined that none of the audit committee members, apart from Mr. Bagley, has a relationship to the Company that would interfere with that person's exercise of independent judgment in carrying out the responsibilities of a director. The Board has determined that Mr. Bagley, as owner of 14.9% of the Company's common stock, is not independent. However, because of Mr. Bagley's financial experience and knowledge of the Company and its operations, the Board of Directors has determined that his inclusion on the audit committee is in the best interests of the Company and its shareholders.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in the Annual Report on Form 10-K for the year ended June 30, 2002 for filing with the Securities and Exchange Commission. The Committee and the Board have also recommended, subject to shareholder approval, the selection of the Company's independent auditors.

8

Respectfully submitted by the members of the Audit Committee.

Edward Dallin Bagley  
Brad R. Baldwin  
Harry Spielberg  
David Wiener

## Stock Options

The following table sets forth the stock option grants made to the named executive officers for fiscal 2002. We did not grant any stock appreciation rights, or SARs, to the named executive officers during fiscal 2002.

Each option granted during fiscal 2002 to the named executive officers was granted under the 1998 Plan. An option granted under the 1998 Plan is an option to purchase shares of our common stock and is either a nonqualified or incentive stock option under applicable IRS regulations. Certain options granted to named executive officers vest in full after completing six years of service with us, and others vest in full after completing 9.75 years of service with us, except that up to one-fifth of the shares subject to each option may vest upon completion of each year of service with us if specified earnings per share goals established for the year are achieved.

In the event of specified corporate transactions, including change in control events designated in the 1998 Plan, our board of directors has the authority to automatically accelerate the vesting of each outstanding option whether or not the outstanding option is assumed or substituted in connection with the corporate transaction or change in control event.

The exercise price per share of each option granted was equal to the fair

## Edgar Filing: CLEARONE COMMUNICATIONS INC - Form DEF 14A

market value of the underlying shares of common stock on the date of grant.

Potential realizable values are computed by (1) multiplying the number of shares of common stock subject to a given option, by the per share assumed stock value compounded at the annual 5% or 10% appreciation rate shown in the table for the entire ten-year term of the option and (2) subtracting from that result the aggregate option exercise price. The 5% and 10% assumed annual rates of stock price appreciation are mandated by the rules of the SEC and do not represent our estimate or projection of the future prices of our common stock. Actual gains, if any, on stock option exercises are dependent on our future financial performance, overall market conditions, and the named executive officer's continued employment through the vesting periods. The actual value realized may be greater or less than the potential realizable value set forth in the table.

### Employment and Change in Control Arrangements with Named Executive Officers

As of the end of our 2002 fiscal year, none of the named executive officers was party to an employment or severance agreement with us, and each named executive officer's employment was "at-will," permitting either the Company or each officer to terminate his or her employment for any reason or for no reason.

Under the 1998 Plan, our board of directors has the authority to automatically accelerate the vesting of each outstanding option granted to a named executive officer under the 1998 Plan in the event of specified corporate transactions, including change in control events designated in the 1998 Plan, whether or not the outstanding option is assumed or substituted in connection with the corporate transaction or change in control event.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has provided the following report:

Committee's Responsibilities - The Committee sets the overall compensation principles for the Company, subject to annual review. In consultation with the CEO, it establishes the individual compensation levels for Company executives.

Executive Compensation Policy - ClearOne Communications, Inc.'s compensation goals for executive officers are as follows:

- o To attract and retain quality talent
- o To use incentive compensation to reinforce strategic performance objectives
- o To align the interest of the executives with the interests of the shareholders such that risks and rewards of strategic decisions are shared

All compensation is tax deductible for the Company, except for the compensation that qualifies for incentive stock option tax treatment.

Base Compensation - The Committee believes that executive officer base compensation needs to be competitive with market rates, and makes salary decisions in coordination with the CEO. The executive officers received salary increases for fiscal 2002 that ranged from 4.5% to 20.0% from fiscal 2001 base pay rates, excluding those executive officers that joined us during fiscal 2002. The CEO's base pay changed 12.5% from fiscal 2001 to fiscal 2002.

Quarterly/Annual Bonus Plan - The fiscal year 2002 annual bonus plan was developed to reward executives based on meeting or exceeding certain internal financial objectives that were created by the executive team. The Committee believed in fiscal 2002 that executive base pay was compensation for achieving publicly stated targets. The financial objectives were established in the beginning of the fiscal year and were based on the Company's profitability. Objectives were established for each fiscal quarter, together with an annual objective. If a quarterly objective was met, a bonus was paid for that quarter. If a quarterly objective was not met, then no bonus was paid. Executives were not allowed to make up a missed quarterly bonus based on subsequent performance. A significant portion of the bonus pool was set aside for annual financial objectives. Two quarterly objectives were made and bonuses were paid for those quarters, including to the CEO. The annual internal financial objective was not met, and no annual bonus was paid to any executive, including the CEO.

Long-Term Incentive Compensation - The Compensation Committee uses employee stock options for long-term executive compensation as a means of achieving the compensation goals previously described. Options are granted under the Company's 1998 Stock Option Plan (the "Plan"). The Compensation Committee, in consultation with the CEO, determines the number of options granted to each executive. Factors bearing on the number of options granted to an executive include his or her position, individual performance, and contribution to the Company's overall performance.

Option grants under the Plan permit a recipient to purchase shares of Company stock at a fixed price (the market price on the date the option is granted). Options typically vest over five (5) years, and the number of shares vesting in a given year is contingent on the Company achieving particular earnings goals in each year. Certain options granted to named executive officers vest in full after completing six years of service with us, and others vest in full after completing 9.75 years of service with us, except that up to one-fifth

of the shares subject to each option may vest upon completion of each year of service with us if specified earnings per share goals established for the year are achieved. Vested options must be exercised at least 90 days after leaving the Company.

Employment and Severance Agreements - The Company has not entered into Employment Agreements with any of its executives. All officers of the Company are employed at will and can be terminated without cause. All employees of the Company have signed Confidentiality Agreements to keep certain information confidential.

The preceding Compensation Committee Report and the Company Stock Performance Graph (set forth below) will not be incorporated by reference into any of the Company's filings, past or future, that may be made pursuant to the U.S. Securities laws.

Respectfully submitted by the members of the Compensation Committee.

### CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Gentner Research Ltd. (GRL), was a related limited partnership, formed on August 1985, in which we were the general partner and Edward Dallin Bagley and, among other unrelated parties, certain members of his family, were the limited partners. Royalty expense recognized by us for the years ending June 30, 2001 and 2000 was \$3,600 and \$16,000, respectively. GRL was dissolved on February 20, 2001 after consent to dissolution and liquidation was received by a majority of the partners of GRL. The product line, which incorporated the proprietary interest, was deemed no longer integral to our product segment. The
