NOTICE OF ANNUAL MEETING OF STOCKHOLDERS

To Be Held May 10, 2017

To the Stockholders of

TYLER TECHNOLOGIES, INC.:

The annual meeting of stockholders will be held at the Park City Club, 5956 Sherry Lane, Suite 1700, Dallas, Texas 75225, on Wednesday, May 10, 2017, at 9:30 a.m., local time. At the meeting, you will be asked to:

- (1) elect nine directors to serve until the next annual meeting or until their respective successors are duly elected and qualified;
- (2) ratify the selection of our independent auditors for fiscal year 2017;
- (3) approve an advisory resolution on executive compensation; and
- (4) transact such other business as may properly come before the meeting.

Only stockholders of record on March 17, 2017 may vote at the annual meeting. A list of those stockholders will be available for examination at our corporate headquarters, 5101 Tennyson Parkway, Plano, Texas 75024, from May 1 through May 10, 2017.

Please sign and date the enclosed proxy card and return it promptly in the enclosed envelope or vote through the Internet as described on the enclosed proxy card. No postage is required if the proxy card is mailed in the United States. Your prompt response will reduce the time and expense of solicitation.

The enclosed 2016 Annual Report does not form any part of the proxy solicitation material.

By Order of the Board of
Directors

THE ANNUAL MEETING

General Information

The annual meeting will be held at the Park City Club, on Wednesday, May 10, 2017, at 9:30 a.m., local time. At the annual meeting, you will be asked to consider and vote upon the following proposals:

• Proposal One – Election of nine directors;

• Proposal Two – Ratification of our independent auditors for fiscal year 2017; and

• Proposal Three – Approval of an advisory resolution on our executive compensation.

At the 2011 annual meeting, our stockholders voted, on an advisory basis, in favor of holding future stockholder voting on executive compensation every three years. Our Board of Directors decided to follow our stockholders' recommendation. At the 2014 annual meeting, our stockholders voted, on an advisory basis, in favor of our executive compensation. In October 2016, our Board of Directors decided to submit an advisory vote on executive compensation to our stockholders on an annual basis beginning with the 2017 annual meeting.

Only stockholders of record on March 17, 2017 are entitled to vote at the annual meeting. On March 17, 2017, we had 37,053,856 shares of common stock issued and outstanding. Each stockholder will be entitled to one vote, in person or by proxy, for each share of common stock held in his or her name. A majority of our shares of common stock must be present, either in person or by proxy, to constitute a quorum for action at the annual meeting.

If your shares are held in "street name" (the name of a broker, bank, or other nominee), you have the right to direct your broker, bank, or nominee how to vote. If you do not provide voting instructions, under New York Stock Exchange rules, your broker, bank, or nominee may only vote your shares on "discretionary" items. Proposal Two is considered a discretionary item and may be voted in the absence of instructions. Proposals One (election of directors) and Three (advisory vote on executive compensation) are "non-discretionary" items. Your broker, bank, or nominee may not vote your shares on these items in the absence of voting instructions, which will result in "broker non-votes" with respect to your shares.

Abstentions and broker non-votes are counted for purposes of determining a quorum. Abstentions are counted in tabulating the votes cast on any proposal, but are not counted as votes either for or against a proposal. Broker non-votes are not counted as votes cast for purposes of determining whether a proposal has been approved.

This proxy statement and accompanying form of proxy are first being sent to stockholders on or about April 5, 2017.

Proxy Solicitation, Revocation, and Expense

The accompanying proxy is being solicited on behalf of the Board of Directors. Your shares will be voted at the annual meeting as you direct in the enclosed proxy or through the Internet, provided that the proxy is completed, signed, and returned to us prior to the annual meeting. No proxy can vote for more than nine nominees for director. If you return a proxy but fail to indicate how you wish your shares to be voted, then your shares will be voted in favor of each of the nominees for director.

After you sign and return your proxy, you may revoke it prior to the meeting either by (i) filing a written notice of revocation at our corporate headquarters, (ii) attending the annual meeting and voting your shares in person, or (iii) delivering to us another duly executed proxy that is dated after the initial proxy.

We will bear the expense of preparing, printing, and mailing the proxy solicitation material and the proxy. In addition to use of the mail, we may solicit proxies by personal interview or telephone by our directors, officers, and employees.

We may also engage the services of a proxy solicitation firm to assist us in the solicitation of proxies. We estimate that the fee of any such firm will not exceed \$25,000 plus reimbursement of reasonable out-of-pocket expenses.

Arrangements may also be made with brokerage houses and other custodians, nominees, and fiduciaries for the forwarding of solicitation material to record stockholders, and we may reimburse them for their reasonable out-of-pocket expenses.

PROPOSALS FOR CONSIDERATION

Proposal One – Election of Directors

At the annual meeting, you will be asked to elect a board of nine directors. The nominees for director are: Donald R. Brattain; Glenn A. Carter; Brenda A. Cline; J. Luther King Jr.; Larry D. Leinweber; John S. Marr Jr.; H. Lynn Moore, Jr.; Daniel M. Pope; and Dustin R. Womble. Mr. Moore is a new nominee for the Board of Directors; each of the other nominees currently serves on our Board of Directors. For more information regarding these nominees and their qualifications, see “Tyler Management.” Each nominee has indicated that he or she is able and willing to serve as a director. If any of the nominees becomes unable to serve prior to the meeting, the persons named in the enclosed proxy will vote the shares covered by your executed proxy for a substitute nominee as selected by the Board of Directors.

Under our bylaws, directors must be elected by a majority of the votes cast in uncontested elections. This means that the number of votes cast “for” a director nominee must exceed the number of votes cast “against” that nominee. Abstentions and broker non-votes are not counted as votes “for” or “against” a director nominee. Any nominee who does not receive a majority of votes cast “for” his or her election would be required to tender his or her resignation promptly following the failure to receive the required vote. Within 90 days of the certification of the shareholder vote, the Nominating and Governance Committee would then be required to make a recommendation to the Board as to whether the Board should accept the resignation, and the Board would be required to decide whether to accept the resignation and to disclose its decision-making process. In a contested election, the required vote would be a plurality of votes cast.

Our Board of Directors unanimously recommends that the stockholders vote FOR each of the nominees for director.

Proposal Two – Ratification of Our Independent Auditors for Fiscal Year 2017

The Audit Committee has selected Ernst & Young LLP, independent registered public accounting firm, as our independent auditors for fiscal year 2017, subject to ratification by the stockholders. The affirmative vote of a majority of the shares present or represented by proxy and voting at the annual meeting is required to ratify Ernst & Young LLP as our independent auditors for fiscal year 2017.

Ernst & Young LLP served as our independent auditors for fiscal years 2016 and 2015. A representative of Ernst & Young LLP is expected to be present at the annual meeting. That representative will have an opportunity to make a statement, if desired, and will be available to respond to appropriate questions.

Ernst & Young’s fees for all professional services during each of the last two fiscal years were as follows:

	2016	2015
Audit Fees	\$1,880,000	\$1,355,000
Audit-Related Fees	—	314,000
Other	—	174,000
Tax Fees	—	3,000
Total	\$1,880,000	\$1,846,000

Audit Fees. Fees for audit services include fees associated with the annual audit, the review of our interim financial statements, and the auditor’s opinions related to internal control over financial reporting required by Section 404 of the Sarbanes-Oxley Act.

Audit-Related Fees. Fees for audit-related services generally include fees for accounting consultations and Securities and Exchange Commission (“SEC”) filings.

Other Fees. Other fees in 2015 included accounting consultation and due diligence services necessary to complete an acquisition.

Tax Fees. Fees for tax services include fees for tax consulting and tax compliance.

The Audit Committee approved all of the independent auditor engagements and fees presented above. Our Audit Committee Charter requires that the Audit Committee pre-approve all audit and non-audit services provided to us by our independent auditors. All such services performed in 2016 were pre-approved by the Audit Committee. For more information on these policies and procedures, see “Board of Directors and Corporate Governance Principles – Pre-Approval Policies and Procedures for Audit and Non-Audit Services.”

Our Board of Directors unanimously recommends that the stockholders vote FOR the ratification of Ernst & Young LLP as our independent auditors for fiscal year 2017.

Proposal Three – Approval of an Advisory Resolution on Our Executive Compensation

At the 2011 annual meeting, our stockholders voted, on an advisory basis, in favor of holding future stockholder voting on executive compensation every three years. At the 2014 annual meeting, our stockholders voted, on an advisory basis, in favor of our executive compensation. In

October 2016, our Board of Directors decided to submit an advisory vote on executive compensation to our stockholders on an annual basis beginning with the 2017 annual meeting.

The following proposal gives our stockholders the opportunity to vote to approve or not approve, on an advisory basis, the compensation of our Named Executive Officers identified in this proxy statement. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our Named Executive Officers and our compensation philosophy, policies, and practices, as disclosed under the “Compensation Discussion and Analysis” and “Executive Compensation” sections of this proxy statement. We are providing this vote as required by Section 14A of the Securities Exchange Act of 1934, as amended. Accordingly, for the reasons discussed in the “Compensation Discussion & Analysis” section of this proxy statement, we are asking our stockholders to vote “FOR” the adoption of the following resolution:

“RESOLVED, that the stockholders of Tyler Technologies, Inc. approve, on an advisory basis, the compensation of the Company’s named executive officers as disclosed in the Proxy Statement for the 2017 Annual Meeting of Stockholders.”

The advisory resolution on our executive compensation will be approved if holders of a majority of the voting power of the shares actually voted at the annual meeting vote in favor of the proposal.

Because your vote is advisory, it will not be binding on either the Board of Directors or Tyler. However, our Compensation Committee, which is composed solely of independent directors, will take into account the outcome of the stockholder vote on this proposal when considering future executive compensation arrangements. In addition, your non-binding advisory votes described in this Proposal Three will not be construed (1) as overruling any decision by the Board of Directors, any Board committee, or Tyler relating to the compensation of the Named Executive Officers or (2) as creating or changing any fiduciary duties or other duties on the part of the Board of Directors, any Board committee, or Tyler.

Our Board of Directors unanimously recommends that the stockholders vote FOR the advisory resolution on our executive compensation.

Board Diversity and Director Nominee Qualifications

Our Corporate Governance Guidelines include the criteria our Board of Directors believes are important in the selection of director nominees, which includes the following qualifications

• Sound personal and professional integrity

• An inquiring and independent mind

• Practical wisdom and mature judgment

• Broad training and experience at the policy-making level of business, finance and accounting, government, education, or technology

• Expertise that is useful to the company and complementary to the background and experience of other Board members, so that an optimal balance of Board members can be achieved and maintained

• Willingness to devote the required time to carrying out the duties and responsibilities of board membership

Commitment to serve on the Board for several years to develop knowledge about our business

9

Willingness to represent the best interests of all stockholders and objectively appraise management performance
Involvement only in activities or interests that do not conflict with the director's responsibilities to the company or our stockholders

In identifying nominees for director, the Board of Directors focuses on ensuring that it reflects a diversity of experiences and backgrounds that will complement our business and enhance the function of the Board. The Board prefers a mix of background and experience among its members. The Board has not adopted a formal policy with respect to its consideration of diversity and does not follow any ratio or formula to determine the appropriate mix; rather, it uses its judgment to identify nominees whose backgrounds, attributes, and experiences, taken as a whole, will contribute to the high standards of board service. Following the 2017 annual meeting, our Board of Directors will be composed of nine individuals, including two employee directors. We believe the mix of outside experience from our independent directors coupled with the specific industry experience of our employee directors provides an appropriate diversity of experience to effectively manage our business. In addition, each independent director has extensive chief executive officer or other executive leadership position experience with businesses of varying size in various industries. A substantial majority of our directors have valuable experience in building and sustaining a successful business enterprise.

The Nominating and Governance Committee believes that the above-mentioned attributes and business experience provide us with the perspectives and judgment necessary to guide our strategies and monitor their execution.

BOARD OF DIRECTORS AND CORPORATE GOVERNANCE PRINCIPLES

General Information

Our Board of Directors is responsible for supervision of the company's overall affairs. To assist it in carrying out its duties, the Board has delegated certain authority to several committees. See "Board of Directors and Corporate Governance Principles – Committees and Meetings of the Board of Directors." Following the 2017 annual meeting, the Board will consist of nine directors, including six independent directors, as defined by Rule 303A.02 of the New York Stock Exchange Listed Company Manual ("NYSE Rule 303A.02"), two employee directors, and one non-employee director who does not meet the standards for independence as defined by NYSE Rule 303A.02.

Corporate Governance Guidelines

Our Board of Directors has adopted a number of corporate governance guidelines, including the following:

- Independence Standards, which determine the independence of our non-employee directors. These standards are consistent with the independence standards set forth in NYSE Rule 303A.02.

- Corporate Governance Guidelines, which include, among other things

- Annual submission of independent auditors to stockholders for approval

- Formation of a Nominating and Governance Committee comprised solely of independent directors

- Prohibition of stock option repricing

- Formalization of the ability of independent directors to retain outside advisors

- Performance of periodic formal Board evaluation

- Limitation on the number of additional public company boards on which a director may serve to a maximum of four

A copy of our Corporate Governance Guidelines may be found on our website, www.tylertech.com.

- An Audit Committee Charter, which requires, among other things, that the committee be comprised solely of independent directors (as defined by the New York Stock Exchange), at least one of whom will qualify as an "audit committee financial expert" as set forth in Item 401(h) of the SEC's Regulation S-K. A copy of our Audit Committee Charter may be found on our website, www.tylertech.com.

- A Compensation Committee Charter, which requires, among other things, that the committee be comprised solely of independent directors and sets forth the guidelines for determining executive compensation. A copy of our Compensation Committee Charter may be found on our website, www.tylertech.com.

- A Nominating and Governance Committee Charter, which requires, among other things, that the committee be comprised of at least three independent directors who are responsible for recommending candidates for election to the Board of Directors. A copy of our Nominating and Governance Committee Charter may be found on our website, www.tylertech.com.

Code of Business Conduct and Ethics

Our Board of Directors has adopted a Code of Business Conduct and Ethics that applies to all of our directors, executive officers (including, without limitation, the chief executive officer, chief financial officer, principal accounting officer, and controller), and employees. The purpose of the Code of Business Conduct and Ethics is to promote

- Honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships

- Full, fair, accurate, timely, and understandable disclosure in our public communications and reports filed with the SEC

- Compliance with applicable governmental laws, rules, and regulations

- Prompt internal reporting of violations of the policy to the appropriate persons designated therein, including anonymous "whistleblower" provisions

- Accountability for adherence to the policy

A copy of our Code of Business Conduct and Ethics may be found on our website, www.tylertech.com, or will be furnished, without charge, upon written request at our principal executive offices. We will promptly post on our website any future amendments or waivers related to our Code of Business Conduct and Ethics.

Board Independence

Our Board of Directors has determined, after considering all of the relevant facts and circumstances, that each of the non-employee directors standing for election (Mr. Brattain, Mr. Carter, Ms. Cline, Mr. King, Mr. Leinweber, and Mr.

Pope) has no material relationship with us (either directly

11

or as a partner, stockholder, or officer of an organization that has a relationship with us) and is “independent” within the meaning of the New York Stock Exchange director independence standards currently in effect. Mr. Womble retired from Tyler in April 2016. Because of his recent employment by Tyler, Mr. Womble is not considered “independent” under the rules of the New York Stock Exchange. As a result, if each of the nominees for director is elected at the annual meeting, our Board of Directors will be comprised of a majority of “independent” directors as required by the New York Stock Exchange. Furthermore, our Board of Directors has determined that each of the members of the Audit Committee, Compensation Committee, and Nominating and Governance Committee has no material relationship with us (either directly or as a partner, stockholder, or officer of an organization that has a relationship with us).

Committees and Meetings of the Board of Directors

Our Board of Directors has the following four standing committees: Audit Committee; Compensation Committee; Nominating and Governance Committee; and Executive Committee. Each committee (other than the Executive Committee) has a written charter, which may be found at our website, www.tylertech.com. Each Board member participated in at least 75% of all Board and committee meetings held during the portion of 2016 that he or she served as a director and/or committee member.

During 2016, our Board of Directors held four meetings. In addition, our Board of Directors has established a policy under which our non-management members will meet at regularly scheduled (and in any event at least twice per fiscal year) executive sessions without management present and with Mr. Brattain presiding over such meetings.

The table below provides current membership and 2016 meeting information for each of the committees:

Name	Audit	Compensation	Nominating and Governance	Executive
Donald R. Brattain	X	X		
Glenn A. Carter		X	Chair	
Brenda A Cline	Chair		X	
J. Luther King Jr.	X	Chair		
Larry D. Leinweber				
John S. Marr Jr.				Chair
Daniel M. Pope			X	
Dustin R. Womble				X
John M. Yeaman				X
Total Meetings in 2016	Four	Two	Two	Periodically

Below is a description of each committee. Each committee has authority to engage legal counsel or other advisors or consultants as it deems appropriate to carry out its responsibilities.

Audit Committee. The Audit Committee assists the Board of Directors in its oversight of the quality and integrity of our accounting, auditing, and reporting practices. The Audit Committee’s role includes

• Considering the independence of our independent auditors before we engage them

• Reviewing with the independent auditors the fee, scope, and timing of the audit

• Reviewing the completed audit with the independent auditors regarding any significant accounting adjustments, recommendations for improving internal controls, appropriateness of accounting policies, appropriateness of accounting and disclosure decisions with respect to significant unusual transactions or material obligations, and significant findings during the audit

• Performing periodic formal committee evaluations

• Reviewing our financial statements and related regulatory filings with management and the independent auditors

• Meeting periodically with management and/or internal audit to discuss internal accounting and financial controls

The Audit Committee is responsible for the appointment, compensation, retention, and oversight of the independent auditor engaged to prepare or issue audit reports on our financial statements and internal control over financial reporting. The Audit Committee relies on the expertise and knowledge of management and the independent auditor in carrying out its oversight responsibilities. The Board of Directors has determined that each Audit Committee member is a non-management director who satisfies the New York Stock Exchange director independence standards and has sufficient knowledge in financial and auditing matters to serve on the Audit Committee. In addition, the Board of Directors has determined that Mr. Brattain, Ms. Cline, and Mr. King are “audit committee financial experts” as defined by SEC rules.

Compensation Committee. The Compensation Committee has responsibility for defining and articulating our overall compensation philosophy and administering and approving all elements of compensation for elected corporate officers, including base salary, annual cash incentive compensation, and long-term equity incentive compensation. The Compensation Committee reports to stockholders as required by the SEC. See “Compensation Discussion and Analysis – Compensation Committee Report.” Members of the Compensation Committee are non-management directors who, in the opinion of the Board of Directors, satisfy our Independence Standards. For more information about the work of the Compensation Committee, see “Compensation Discussion and Analysis.”

Nominating and Governance Committee. The Nominating and Governance Committee’s duties include

- Identifying and recommending candidates for election to our Board of Directors
- Identifying and recommending candidates to fill vacancies occurring between annual stockholder meetings
- Reviewing the composition of Board committees
- Periodically reviewing the appropriate skills and characteristics required of Board members in the context of the current make-up of our Board of Directors
- Monitoring adherence to our “Corporate Governance Guidelines”

Executive Committee. The Executive Committee has the authority to act for the entire Board of Directors, but may not commit to an expenditure in excess of \$5,000,000 without full Board approval.

Board Leadership Structure

Tyler’s governing documents allow the roles of Chairman of the Board and Chief Executive Officer to be filled by the same or different individuals. This approach allows the Board flexibility to determine whether the two roles should be separate or combined based upon the Company’s needs and the Board’s assessment of the Company’s leadership from time to time. The Board believes that if the same person holds the Chief Executive Officer and Chairman of the Board roles, the Board should and will designate one of the independent directors to serve as the Lead Director. The Board currently believes that having Mr. Marr serve as both Chairman and Chief Executive Officer is in the best interests of Tyler and its stockholders because it enhances communication between the Board and management and allows Mr. Marr to more effectively execute the Company’s strategic initiatives and business plans and confront its challenges. Donald R. Brattain currently serves as the Lead Director. The duties of our Lead Director are consistent with the responsibilities generally held by “lead directors” at public companies, including

- Presiding at all meetings of the Board at which the Chairman of the Board is not present, including executive sessions of the independent directors
- Serving as liaison between the Chairman of the Board and the independent directors
- Having the authority to call meetings of the independent directors and preparing the agenda for such meetings
- Coordinating the activities of the independent directors when acting as a group
- Approving meeting schedules to ensure there is sufficient time for discussion of all agenda items
- Advising the Chairman and Chief Executive Officer as to the quality, quantity, and timeliness of the flow of information from management, including the materials provided to directors at Board meetings

The Board believes there is no single organizational model that is the best and most effective in all circumstances. As a result, the Board will periodically reexamine its corporate governance policies and leadership structures on an ongoing basis to ensure that they continue to meet the Company’s needs.

The Board’s Role in Risk Oversight

Senior management is responsible for assessing and managing our various exposures to risk on a day-to-day basis, including the creation of appropriate risk management policies and programs. The Board of Directors is responsible for overseeing management in the execution of its responsibilities and for assessing our overall approach to risk

management. The Board of Directors exercises these responsibilities periodically as part of its meetings and also through its committees, each of which examines various components of enterprise risk as part of its responsibilities. The Audit Committee oversees management of financial risks, as well as our policies with respect to risk assessment and risk management. The Compensation Committee is responsible for overseeing the management of risks relating to our executive compensation plans and arrangements. The Nominating and Governance Committee manages risks associated with Board independence and potential conflicts of interest. In addition, an overall review of risk is inherent in the Board's consideration of our long-term strategies and in the transactions and other matters presented to the Board, including capital

expenditures, acquisitions and divestitures, and financial matters. The Board of Directors' role in risk oversight is consistent with our leadership structure, with the Chief Executive Officer and other members of senior management having responsibility for assessing and managing our risk exposure, and the Board and its committees providing oversight in connection with these efforts.

Audit Committee Financial Expert

Our Board of Directors determined that each member of the Audit Committee (Mr. Brattain, Ms. Cline, and Mr. King) possesses the attributes necessary to qualify as an "audit committee financial expert" as set forth in Item 401(h) of the SEC's Regulation S-K.

Pre-Approval Policies and Procedures for Audit and Non-Audit Services

The Audit Committee Charter requires that the Audit Committee pre-approve all of the audit and non-audit services performed by our independent auditors. The purpose of these pre-approval procedures is to ensure that the provision of services by our independent auditors does not impair their independence. Each year, the Audit Committee receives fee estimates from our independent auditors for each category of services to be performed by the independent auditors during the upcoming fiscal reporting year. These categories of services include Audit Services, Audit-Related Services, Tax Services, and All Other Services. Upon review of the types of services to be performed and the estimated fees related thereto, the Audit Committee will determine which services and fees should be pre-approved for a period of twelve months. The Audit Committee may periodically review the list of pre-approved services based on subsequent determinations. Unless a type of service to be provided by the independent auditor has received general pre-approval, it will require specific pre-approval by the Audit Committee (or delegated member of the Audit Committee) prior to the performance of such service. Any proposed services exceeding the pre-approved cost levels will also require specific pre-approval by the Audit Committee (or delegated member of the Audit Committee).

Director Nominating Process

The Nominating and Governance Committee is responsible for reviewing and interviewing qualified candidates to serve on our Board of Directors and to select both "independent" as well as management nominees for director to be elected by our stockholders at each annual meeting. The Nominating and Governance Committee is comprised solely of independent directors and operates under a Charter for the Nominating and Governance Committee. Our Corporate Governance Guidelines include the criteria our Board of Directors believes are important in the selection of director nominees. For more information about director nominee criteria and qualifications, see "Tyler Management – Board Diversity and Director Nominee Qualifications."

The Nominating and Governance Committee may, in the exercise of its discretion, actively solicit nominee candidates; however, nominee recommendations submitted by other directors or stockholders will also be considered as described below.

The Nominating and Governance Committee will consider qualified nominees recommended by stockholders who may submit recommendations to the committee in care of our Corporate Secretary at our corporate headquarters, 5101 Tennyson Parkway, Plano, Texas 75024. To be considered by the Nominating and Governance Committee, stockholder nominations must be submitted in accordance with our bylaws and must be accompanied by a description of the qualifications of the proposed candidate and a written statement from the proposed candidate that he or she is willing to be nominated and desires to serve, if elected. Nominees for director who are recommended by our stockholders will be evaluated in the same manner as any other nominee for director.

Nominations by stockholders may also be made at an annual meeting of stockholders in the manner provided in our bylaws. Our bylaws require that a stockholder entitled to vote for the election of directors may make nominations of persons for election to our Board at a meeting of stockholders by complying with required notice procedures.

Nominations must be received at our corporate headquarters not less than 75 days or more than 85 days before any annual meeting of stockholders. If, however, notice or prior public disclosure of an annual meeting is given or made less than 75 days before the date of the annual meeting, the notice must be received no later than the 10th day following the date of mailing of the notice of annual meeting or the date of public disclosure of the date of the annual meeting, whichever is earlier. The notice must specify the following

As to each person the stockholder proposes to nominate for election or re-election as a director

The name, age, business address, and residence address of the person

• The principal occupation or employment of the person

• The class and number of shares of our capital stock that are beneficially owned by the person

A description of all direct and indirect compensation and other material monetary agreements, arrangements, or understandings during the previous three years, and any other material relationships, between the stockholder and the proposed nominee

• Any other information relating to the person that is required to be disclosed in solicitations for proxies for election of directors under Regulation 14A of the Exchange Act

• As to the stockholder giving notice

• The name and record address of the stockholder and any other stockholder known to be supporting the nominee

• The class and number of shares of our capital stock that are beneficially owned by the stockholder making the nomination and by any other supporting stockholders

• Any proxy, contract, arrangement, understanding, or relationship pursuant to which the stockholder has a right to vote any company shares

We may require that the proposed nominee furnish us with other information as we may reasonably request to assist us in determining the eligibility of the proposed nominee to serve as a director. At any meeting of stockholders, the presiding officer may disregard the purported nomination of any person not made in compliance with these procedures.

Communications with Our Board of Directors

Any stockholder or interested party who wishes to communicate with our Board of Directors or any specific directors, including non-management directors, may write to:

Board of Directors

Tyler Technologies, Inc.

5101 Tennyson Parkway

Plano, Texas 75024

Depending on the subject matter, management will

Forward the communication to the director or directors to whom it is addressed (for example, if the communication received relates to our “whistleblower policy” found on our website, www.tylertech.com, including questions, concerns, or complaints regarding accounting, internal accounting controls, and auditing matters, it will be forwarded by management to the Chairman of the Audit Committee for review)

Attempt to handle the inquiry directly (for example, if the communication is a request for information about us or our operations or it is a stock-related matter that does not appear to require direct attention by our Board of Directors)

Not forward the communication if it is primarily commercial in nature or if it relates to an improper or irrelevant topic. At each meeting of our Board of Directors, our Chairman will present a summary of all communications received since the last meeting of the Board of Directors that were not forwarded and will make those communications available to any director on request.

Director Attendance at Annual Meetings

Directors are not required to attend our annual meetings of stockholders. However, our Board of Directors typically holds a meeting immediately following the annual meeting of stockholders. Therefore, in most cases, all of our director nominees will be present at the annual meeting. All of our director nominees were present at the 2016 annual meeting of stockholders.

(8) Based on information reported by Brown Capital Management, LLC on Amendment No. 10 to Schedule 13G that was filed with the SEC on February 9, 2017. Brown Capital Management, LLC is deemed to have beneficial ownership of these shares, which includes sole voting power of 1,300,570 shares and sole investment power for all 2,187,420 shares.

Represents shares of common stock held by clients of Luther King Capital Management, an investment advisory (9) firm controlled by Mr. King in which he is deemed to have voting and investment power. Mr. King expressly disclaims beneficial ownership of such shares except to the extent of his pecuniary interest therein.

Represents shares indirectly owned by Mr. Leinweber's wife as trustee for various trusts for the benefit of Mr. (10) Leinweber's children and in which Mr. Leinweber is deemed to have shared voting and investment power. Mr. Leinweber expressly disclaims beneficial ownership of such shares except to the extent of his pecuniary interest therein.

Includes: (a) 99,527 shares of common stock held in a partnership in which Mr. Marr is the general partner and (11) has sole voting and investment power (the partnership is owned 99% by a trust in which Mr. Marr's disclaims beneficial ownership and 1% by the general partner); and (b) 28,000 shares held in a trust in which Mr. Marr has shared voting power.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act requires that our directors, executive officers, and 10% or more stockholders file with the SEC and New York Stock Exchange initial reports of ownership and reports of changes in ownership of our common stock. These persons are required to furnish us with copies of all Section 16(a) reports they file with the SEC. To our knowledge, based solely upon (i) our review of the copies of the forms we received during 2016 and (ii) written representations from our directors and executive officers, we believe that all of our directors, officers, and 10% or more stockholders complied with all Section 16(a) filing requirements during 2016, except as noted below. Mr. Yeaman conducted transactions on May 27, 2016, August 19, 2016, and August 22, 2016 that were reported on a Form 4 filed with the SEC on May 31, 2016, August 25, 2016, and August 25, 2016, respectively.

COMPENSATION DISCUSSION AND ANALYSIS

In this Compensation Discussion and Analysis, we describe our compensation objectives, policies, and practices generally, detail the specific fiscal year 2016 total compensation for our fiscal year 2016 named executive officers (the “Named Executive Officers”), and summarize the approved compensation for our fiscal year 2017 Named Executive Officers.

Compensation Philosophy and Objectives

Our Compensation Committee is responsible for reviewing and approving the design and administration of the executive compensation program. Our Compensation Committee believes that an effective compensation program should reward achievement of specific corporate goals and align our executives’ interests with those of our stockholders by rewarding performance that meets or exceeds established goals. Our compensation philosophy is designed to attract, motivate, and retain the key executives who drive our success and industry leadership and to motivate those executives to deliver stockholder value by achieving the following overall objectives:

Compensation should align the interests of our executives with our stockholders – compensation should link the interests of management with those of stockholders by making a substantial portion of executive compensation depend upon our long-term financial and stock performance;

Compensation should be competitive – compensation levels should be sufficiently competitive to attract and retain superior executives by providing them with the opportunity to earn total compensation packages that are competitive in the industry;

Compensation should be based on company performance – compensation should reward corporate performance through annual cash incentives;

Compensation should reflect responsibility and accountability – compensation should be based on the level of skill, knowledge, effort, and responsibility needed to perform the job successfully; and

Compensation should not incentivize excessive risk taking – the mix of compensation elements should be appropriately balanced between fixed pay, short-term annual incentive cash compensation, and long-term incentive equity compensation to minimize incentive for excessive risk taking.

To achieve these objectives, the Compensation Committee has designed a compensation program for our Named Executive Officers that balances the three primary elements of our executive compensation: annual base pay; annual incentive cash compensation; and long-term incentive equity compensation (stock options). The Compensation Committee believes that this structure encourages our executives to think and act in both the near-term and long-term interests of our stockholders, without promoting excessive risk taking.

Regarding base pay and annual cash incentive compensation, the same compensation philosophy applied by the Compensation Committee to our Named Executive Officers is also utilized by management and applied throughout the entire employee base so that all employees’ incentive compensation is tied to similar goals, the difference being the amount of base pay compensation and percentage incentive compensation award in relation to base pay. Regarding long-term incentive compensation in the form of stock options, management also applies the same compensation philosophy as applied by the Compensation Committee to our Named Executive Officers to senior divisional management. We believe that the application of this consistent philosophy regarding compensation further strengthens the alignment of employees’ interests with those of the stockholders.

2016 Executive Summary Overview

Our results in 2016 reflected continued improvement in our competitive position, reflected in strong growth in revenues and earnings. Total revenues increased 28% from \$591 million in 2015 to \$756 million in 2016. Total organic revenues increased 12% in 2016 compared to 2015. Our results included a 30% increase in recurring revenues from subscriptions and maintenance, and our recurring revenues accounted for approximately 62% of our total revenues in 2016. GAAP earnings per share increased 59% from \$1.77 in 2015 to \$2.82 in 2016. Non-GAAP earnings per share increased 37% from \$2.54 in 2015 to \$3.49 in 2016. With the addition of New World Systems' operations for a full year, we achieved exceptional margin expansion while investing in product development at a high level and our non-GAAP gross and operating margins increased by 330 and 260 points, respectively. For a description of our non-GAAP earnings per share for 2016, see “Compensation Discussion and Analysis – 2016 Named Executive Officer Compensation.” Also, please refer to http://investors.tylertech.com/interactive_analyst_center for a reconciliation of all non-GAAP measures

Compensation Program Actions

Our compensation program for our Named Executive Officers has three components:

- Compensation Program Design – actions related to the overall design and governance of our executive compensation program
- Company Performance Review for Prior Fiscal Year – actions approving actual incentive cash compensation awards for the just-completed fiscal year
- Setting Compensation for Current Fiscal Year – actions that set future base pay and incentive compensation targets for the upcoming fiscal year

Compensation Program Design. Each year, our Chief Executive Officer, in conjunction with the Human Resources Department, reviews the market competitiveness of our executive compensation relative to technology and broad industry peers, which is described in detail below. If the review

shows that our executive compensation is not competitive, our Chief Executive Officer will recommend changes to the Compensation Committee. He may also recommend changes to the executive compensation program based on changes in the business environment in which we operate. The Compensation Committee periodically reviews the overall objectives of our executive compensation program and the elements of the program, including the mix of cash and stock-based compensation and the mix of short-term and long-term compensation, to determine whether they are appropriate, properly coordinated, and achieve their intended purposes.

Peer Group and Surveys. We joined the Radford Global Technology Survey (the “Radford Survey”) in 2010. Nearly 2,000 technology and life science companies use the Radford Survey to benchmark their compensation practices for all levels within their organizations. Management utilizes the Radford Survey to determine the reasonableness of compensation for various levels of employees, including executives. The Compensation Committee considered comparative market data from a broad set of technology companies in the Radford Survey.

In order to provide the Compensation Committee with more detailed and specific information about executive compensation levels and practices, we establish and utilize a peer group of approximately 20 public companies of similar size in the software industry (the “Peer Group”) each year to assist in determining appropriate compensation levels for the Named Executive Officers. The Peer Group companies provide perspective and reflect the external market’s valuation of key executive compensation. External information is considered with internal factors such as an executive’s position, experience, and responsibilities. The Peer Group is reviewed annually and adjusted as required by changes in the market.

In February 2017, we reviewed the Peer Group utilized in 2016, which revealed that four companies (NetSuite, Inc., Qlik Technologies, Inc., SolarWinds, Inc., and Solera Holdings, Inc.) had either been acquired or became privately-owned and, therefore, can no longer be considered as part of the Peer Group. Accordingly, we identified five additional companies of similar size in the software industry as replacements. The 20 companies in the Peer Group used to assist in setting 2017 compensation were:

ACI Worldwide, Inc.*	MicroStrategy Incorporated
Ansys, Inc.*	NetScout Systems, Inc.
Aspen Technology, Inc.	Pegasystems, Inc.*
athenahealth, Inc.	RealPage, Inc.
Blackbaud, Inc.	ServiceNow, Inc.
Guidewire Software, Inc.	Splunk, Inc.
Jack Henry & Associates, Inc.	SS&C Technologies Holdings, Inc.
J2 Global, Inc.	Tableau Software, Inc.
Manhattan Associates, Inc.	The Ultimate Software Group, Inc.
Medidata Solutions, Inc.*	Veeva Systems Inc.*

*Indicates new peer company

In determining the appropriateness of the Peer Group, the Compensation Committee compared our performance against the following four key metrics: revenues; market capitalization; net income; and total assets.

The Compensation Committee determined that based on these metrics the Peer Group was appropriate for comparative purposes. The Compensation Committee continues to utilize the Radford Survey in addition to the Peer Group. The Compensation Committee uses market survey data like the Peer Group and Radford Survey not as a benchmark per se, but rather as a reasonableness check. This flexibility is important in designing compensation arrangements to attract and retain new executives in the highly competitive and rapidly changing environment in which we compete.

Positioning of Pay. The Compensation Committee determines target total compensation for our Named Executive Officers after considering the Chief Executive Officer’s recommendations and a variety of data sources, including analysis of the Peer Group and Radford Survey. We do not apply a formula that ties our total compensation levels to specific market percentiles.

Mix of Pay Elements. As described above, our philosophy is to provide a significant portion of total compensation linked to performance that we believe will create long-term stockholder value. To achieve these objectives, the executive compensation program relies on the following three elements of total compensation:

Element	Form of Compensation	Purpose	Metric
Base salary	Cash	Provide competitive, fixed compensation to attract and retain exceptional executive talent	Salaries are set each year based on the executive's position, responsibilities, experience, and retention risk. Base salary is a fixed component and is not dependent on achieving goals
Incentive cash compensation under the annual bonus plan	Cash	Create a strong financial incentive for achieving or exceeding annual financial performance goals	Achieving adjusted earnings per share goals, which are recommended by the CEO and approved by the Compensation Committee
Equity-based compensation	Stock options	Create a strong financial incentive for creating stockholder value, encourage a significant company equity stake, and provide a direct incentive for future performance	Discretionary, but set each year based on the executive's position, experience, responsibilities, and retention risk

Our executive compensation program is designed to provide an incentive and reward for the achievement of both short-term and long-term objectives. We believe that sustained achievement of measurable financial objectives leads to increased stockholder value. To achieve these objectives we use a mix of short-term compensation (base salaries and annual cash bonuses) and long-term incentives (stock options) to provide a total compensation structure that is designed to reward sustained strong performance while providing cash compensation that remains competitive for our industry. In setting the mix between the different elements of compensation, we do not target specific allocations, but generally weigh the incentive compensation elements (both cash and equity) more heavily. For more information, see “Compensation Discussion and Analysis – 2016 Named Executive Officer Compensation – Compensation Mix.”

Base salary is intended to provide competitive, fixed compensation to attract and retain exceptional executive talent. Annual incentives are intended to reward the achievement of short-term objectives, with a view to long-term stockholder value. Our 2017 incentive compensation plan is based on annual non-GAAP earnings per share (which excludes write-downs of acquisition-related deferred revenue and acquired leases, share-based compensation expense, employer portion of payroll taxes on employee stock transactions, acquisition-related costs, and expenses associated with amortization of intangibles arising from business combinations) and is structured with graduated benefits for overachievement and consequences for underachievement of objectives. Over the past several years, our stock price has increased significantly, which has led to significantly higher share-based compensation expense under the Black-Scholes valuation methodology, even as the aggregate amount of equity grants to management and key personnel has remained relatively constant. Therefore, for incentive compensation purposes, we believe that non-GAAP earnings per share, which excludes write-downs of acquisition-related deferred revenue and acquired leases, share-based compensation expense, employer portion of payroll taxes on employee stock transactions, acquisition-related costs, and expenses associated with amortization of intangibles arising from business combinations, removes certain uncontrollable variables and provides a more accurate picture of our financial performance. While our annual incentive compensation plan is based on a given year’s non-GAAP earnings per share, the initial establishment of the criteria for full achievement of the target bonus from year to year is based on a longer term view of appropriate growth. In other words, performance that meets our internal plan in a given year may not necessarily correspond with our executives earning 100% of the target bonus, if the internal plan does not meet the goal of overall year-over-year growth. For more information on the calculation of 2017 incentive compensation, see “Compensation Discussion and Analysis – 2017 Named Executive Officer Compensation – 2017 Compensation Committee / Board of Director Actions.”

Equity incentives, comprised of stock options, are intended to reward sustained achievement of long-term objectives through time-based vesting periods. Stock options granted to our executive officers have a ten-year life. Beginning in 2016, options will vest ratably over a three-year period for employees (including Named Executive Officers) who are at least fifty years of age and have tenure with the company of at least fifteen years; otherwise, options will vest ratably over a five-year period. Our allocations reflect our philosophy that a significant portion of our executive officers' compensation should be performance-based and therefore at risk depending on the company's performance. Through the use of stock options, a significant portion of potential compensation is tied directly to stock price appreciation, further aligning the interest of our executive officers with those of our stockholders. We have considered other forms of equity compensation, such as restricted stock, but believe that stock options are the best form of equity-based compensation as stock options only reward executives if the value of the stock increases. Restricted stock can provide additional compensation even if the stock value is stagnant. All stock option awards are granted in semi-annual tranches (on or about June 1 and December 1). Stock option awards are made at the market price at the time of the award.

Our philosophy with regard to granting stock options is to:

- strive to ensure that the overall number and value of stock option awards is reasonable; and
- focus stock option awards on a relatively small number of key employees determined to have a direct impact on our ability to achieve our long-term goals, with the largest stock option grants awarded to our top performers and individuals with the greatest responsibilities and the potential to drive long-term share price appreciation.

Assessment of Risk. Our compensation program is designed not to incentivize excessive risk taking by allocating an appropriate balance between the three compensation elements. The base salary component of compensation is a fixed amount and is therefore not subject to or influenced by risk taking. Our annual cash incentive compensation is principally focused on short-term performance with consideration given to long-term stockholder value (non-GAAP earnings per share, which excludes write-downs of acquisition-related deferred revenue and acquired leases, share-based compensation expense, employer portion of payroll taxes on employee stock transactions, acquisition-related costs, and expenses associated with the amortization of acquisition intangibles arising from business combinations). Our long-term incentive compensation is based on long-term stock price growth through the grant of stock options. Our annual cash incentive compensation plans are graduated scale plans rather than based on "all or nothing" performance, which reduces the incentive for short-term excessive risk taking. Moreover, our stock option grants occur in fixed amounts on a semi-annual basis (on or about June 1 and December 1), which eliminates the ability of executive officers to time the grant of options around short-term, market events. Further, options granted to Named Executive Officers vest over a three-year or five-year period beginning on the first anniversary of the grant date (as described above), which further emphasizes the long-term nature of this compensation component and reduces the incentive for risk taking. Finally, the Board of Directors adopted the Executive Compensation Recovery Policy effective January 1, 2010, which provides that the independent directors can direct the company to recover all or a portion of any bonus or incentive compensation paid to an executive if, in the opinion of the independent directors, an executive engages in fraud or intentional misconduct that causes a material restatement of our financial statements. See "Compensation Discussion and Analysis – 2017 Named Executive Officer Compensation – 2017 Compensation Committee / Board of Director Actions."

Consideration of Say-on-Pay Vote Results. At the 2014 annual meeting, we provided our stockholders with the opportunity to vote, on an advisory basis, to approve our executive compensation. Although the vote was advisory and non-binding, the Compensation Committee considers the outcome of the advisory vote as part of the compensation program design process. Approximately 71% of the votes cast by our stockholders on the executive compensation proposal approved the compensation of our Named Executive Officers. In October 2016, our Board of Directors decided to submit an advisory vote on executive compensation to our stockholders on an annual basis beginning with the 2017 annual meeting.

Company Performance Review Process for Prior Fiscal Year. Each year, the Compensation Committee approves the incentive compensation for the prior fiscal year based on the achievement of defined incentive compensation plans that were approved by the Compensation Committee at the beginning of the prior fiscal year. Annual bonuses are reviewed by the Compensation Committee and generally paid shortly thereafter. While the payment of annual incentive compensation is based solely on the achievement of pre-defined and pre-approved metrics, the

Compensation Committee, using its judgment, may exercise discretion in granting additional bonus amounts and stock option awards as it deems appropriate. These adjustments may be based on subjective factors such as the Compensation Committee's assessment of external factors, including general economic and market conditions, unforeseen "one-time" events affecting financial performance or driving stockholder value, the executive's assumption of additional responsibilities, the degree of difficulty of a particular assignment, and the executive's experience, tenure, and future prospects with Tyler.

Setting Compensation for Current Fiscal Year. Each year, the Compensation Committee approves base salary, the metrics for annual incentive compensation plans, and the amount of stock options to be granted to the Named Executive Officers as part of our semiannual option grants. In so doing, the Committee reviews recommendations by the Chief Executive Officer and analyzes the Peer Group and Radford Survey, internal business plans, and general economic conditions. For more information on the establishment of 2016 Named Executive Officer compensation, see "Compensation Discussion and Analysis – 2016 Named Executive Officer Compensation."

2016 Named Executive Officer Compensation

In February 2016, the Compensation Committee approved the total 2016 compensation packages for each of the Named Executive Officers, including the Chief Executive Officer. The total compensation packages included base salary, an annual cash incentive compensation plan, and proposed stock option grants. The Compensation Committee reaffirmed the appropriateness and amount of stock option grants prior to the June 1 and December 1 awards. In February 2017, the Compensation Committee conducted a Company performance review to determine the attainment of non-GAAP earnings per share targets relating to the payment of cash incentive bonus under the previously approved incentive compensation plan for 2016. The Compensation Committee determined that it was appropriate to exclude the effect of Accounting Standards Update ("ASU") No. 2016-09, "Compensation-Stock Compensation (Topic 718): Improvements to Employee Share-Based Payment Accounting" on the calculation of fully diluted shares, which the Company early adopted in the fourth quarter of 2016, but which was not anticipated when the plan was set in determining incentive compensation for 2016.

Role of the Chief Executive Officer. In February 2016, our Chief Executive Officer, John S. Marr Jr., attended the Compensation Committee meeting at the request of the Chairman of the Compensation Committee. Mr. Marr was asked to discuss senior management's philosophy regarding executive compensation and short- and long-term objectives for the purpose of assisting the Compensation Committee in establishing 2016 total compensation for the Named Executive Officers. In addition, Mr. Marr was asked to present the results of the analysis of the Peer Group and Radford Survey, as well as the financial outlook for 2016. Mr. Marr noted that the Named Executive Officers' 2015 total cash compensation was below the median and mean as represented by the Peer Group. Mr. Marr made recommendations regarding 2016 base salary increases, annual bonus performance targets with corresponding minimum and maximum bonus payout potentials, and long-term incentives (stock option awards) for each Named Executive Officer, including himself. Mr. Marr noted that our stock price has increased significantly over recent years, which has led to significantly higher share-based compensation expense under the Black-Scholes valuation methodology, even as the aggregate amount of equity grants to management and key personnel has remained relatively constant. Therefore, Mr. Marr recommended using non-GAAP earnings per share for annual cash incentive compensation purposes which, excludes write-downs of acquisition-related deferred revenue and acquired leases, share-based compensation expense, employer portion of payroll taxes on employee stock transactions, and expenses associated with the amortization of acquisition intangibles arising from business combinations, with graduated benefits for overachievement and consequences for underachievement of objectives, as doing so would remove certain uncontrollable variables and provides a more accurate picture of our financial performance. Mr. Marr was excused from the meeting after his presentation and did not participate in the Compensation Committee's discussion of executive compensation for 2016. The Compensation Committee has the authority to accept, reject, or modify the Chief Executive Officer's recommendations.

Analysis of Compensation Elements. The principal elements of our executive compensation program in 2016 were (1) base salary, (2) annual cash bonus, and (3) stock options, each of which is described in more detail below:

Base Salary. Base salary represents the single, fixed component of the three principal elements of our executive compensation program and is intended to provide a baseline minimum amount of annual compensation for our executives. In February 2016, the Compensation Committee approved an approximate 5% increase for each of the Named Executive Officer's annual base salary as set forth below (Mr. Womble did not receive an increase in annual base salary due to his anticipated retirement in 2016):

Name	Increase	2015 Salary	2016 Salary
John S. Marr Jr.	5.1%	\$512,000	\$538,000
Dustin R. Womble	0.0%	\$430,000	\$430,000
H. Lynn Moore Jr.	5.0%	\$323,000	\$339,000
Brian K. Miller	5.0%	\$323,000	\$339,000

The Chief Executive Officer recommended approximately a 5% increase in base salary to the Compensation Committee. His recommendations were based on two factors. First, he referenced nationwide market survey information from the Peer Group and Radford Survey. This information included comparisons to similar-sized companies in the technology and life sciences industries with annual revenues between \$500 million and \$1 billion. The survey indicated that the base salary and total annual compensation for our Named Executive Officers was below the average base salary reflected in the Peer Group and Radford Survey. Second, and most important, he believed that it was appropriate to reward executive management for the company's strong performance in 2015.

The Compensation Committee reviewed the nationwide market survey information in a summary report and considered the company's growth in both revenue and earnings per share, as well as the Chief Executive Officer's recommendations, in independently determining the 2016 salary adjustments. As noted above, the Compensation Committee does not adhere to strict formulas or rely to any significant extent on market survey data to determine total compensation or the mix of compensation elements. Market survey data is not used as a benchmark per se, but rather is referred to by the Compensation Committee as a reasonableness check.

Annual Cash Bonus. A significant portion of each executive's annual compensation is in the form of a cash bonus. We believe that some meaningful portion of the executive's compensation should be contingent upon the successful achievement of our corporate objectives. In February 2016, the Compensation Committee approved the 2016 Incentive Compensation Plan recommended by the Chief Executive Officer, which was based on the achievement of fully diluted non-GAAP earnings per share goals established in connection with our annual operating plan and consistent with our long-term growth strategy (which excludes write-downs of acquisition-related deferred revenue and acquired leases, share-based compensation expense, employer portion of payroll taxes on employee stock transactions, and expenses associated with the amortization of acquisition intangibles arising from business combinations, and did not include any individual performance goals). In February 2017, the Compensation Committee determined that it was appropriate to exclude the effect of ASU No. 2016-09 on the calculation of fully diluted shares, which the Company early adopted in the fourth quarter of 2016, but which was not anticipated when the plan was set in calculating incentive compensation for 2016. The Board of Directors also reviews the annual operating plan. The 2016 Incentive Compensation Plan for the Named Executive Officers was similar to other corporate employees' incentive compensation plans and tied to similar goals, the main difference being the size of the target incentive award in relation to base salary. We believe that the percentage of compensation that is based on our performance should increase with an employee's level within the company up to and including executive management. Target incentives are determined based on experience, level of responsibility, and retention risk. The 2016 Incentive Compensation Plan provided the opportunity for the executive officers as well as our corporate employees to earn incentive compensation at the following levels:

- 175% of target based on achieving 119% of adjusted earnings per share goal
- 170% of target based on achieving 118% of adjusted earnings per share goal
- 165% of target based on achieving 116% of adjusted earnings per share goal

- 60% of target based on achieving 115% of adjusted earnings per share goal
- 55% of target based on achieving 114% of adjusted earnings per share goal
- 50% of target based on achieving 113% of adjusted earnings per share goal
- 45% of target based on achieving 111% of adjusted earnings per share goal
- 40% of target based on achieving 110% of adjusted earnings per share goal
- 35% of target based on achieving 109% of adjusted earnings per share goal
- 30% of target based on achieving 108% of adjusted earnings per share goal
- 25% of target based on achieving 106% of adjusted earnings per share goal
- 20% of target based on achieving 105% of adjusted earnings per share goal
- 15% of target based on achieving 104% of adjusted earnings per share goal
- 10% of target based on achieving 103% of adjusted earnings per share goal
- 05% of target based on achieving 101% of adjusted earnings per share goal
- 100% of target based on achieving 100% of adjusted earnings per share goal
- 95% of target based on achieving 99% of adjusted earnings per share goal
- 90% of target based on achieving 98% of adjusted earnings per share goal
- 85% of target based on achieving 96% of adjusted earnings per share goal
- 80% of target based on achieving 95% of adjusted earnings per share goal
- 75% of target based on achieving 94% of adjusted earnings per share goal
- 70% of target based on achieving 93% of adjusted earnings per share goal
- 65% of target based on achieving 91% of adjusted earnings per share goal
- 60% of target based on achieving 90% of adjusted earnings per share goal
- 55% of target based on achieving 89% of adjusted earnings per share goal
- 50% of target based on achieving 88% of adjusted earnings per share goal
- 45% of target based on achieving 86% of adjusted earnings per share goal
- 40% of target based on achieving 85% of adjusted earnings per share goal
- 0% of target based on achieving less than 85% of adjusted earnings per share goal

For 2016, non-GAAP earnings per share included adjustments to 2016 pre-tax income for (i) \$15.5 million of write-downs of acquisition-related deferred revenue and acquired leases, (ii) \$30.7 million of share-based compensation expense and employer portion of payroll taxes on employee stock transactions, and (iii) \$36.0 million of amortization of intangibles arising from business combinations. In addition, as approved by the Compensation Committee, we adjusted the non-GAAP earnings per share calculation to reduce diluted shares by 519,000 shares in order to exclude the effect of the early adoption of ASU No. 2016-09. In order to earn 100% of the target bonus for 2016, we had to achieve the non-GAAP earnings per share goal of \$3.20 to \$3.239, which was generally in a range consistent with our long-term growth objectives. In order to achieve the threshold bonus of 40% of target, we had to achieve 85% of the adjusted earnings per share goal, a range of \$2.72 to \$2.759. The operating plan is developed from the “bottom-up” and considers a wide range of factors that impact our results, including the general economic environment, our market, competitive landscape, initiatives and investments, and various other risks and opportunities. As of the beginning of the plan year, achievement of the plan was generally considered to be challenging but reasonably possible when all such factors were considered.

In February 2016, the Compensation Committee approved target 2016 incentive awards at 100% of base salary for Mr. Marr and Mr. Womble, and 75% of base salary for Mr. Miller and Mr. Moore. The differences are primarily based on the executives’ levels of responsibility and retention risk. The Compensation Committee also approved payment of a prorated portion of Mr. Womble’s incentive compensation upon his retirement.

In February 2017, the Compensation Committee conducted a final review of the Company’s financial performance after the fiscal year’s financial results were reviewed and approved by the Audit Committee for the purposes of determining the actual attainment of adjusted earnings per share targets and payment of cash incentive bonuses under the 2016 incentive compensation plan for the Named Executive Officers. During this review, the Compensation Committee determined that it was appropriate to exclude the effect of ASU No. 2016-09 on the calculation of fully diluted shares, which the Company early adopted in the fourth quarter of 2016, but which was not anticipated when the plan was set in determining incentive compensation for 2016. For 2016, we achieved earnings per share of \$2.82 and non-GAAP earnings per share, adjusted to exclude the effect of ASU 2016-09 on the calculation of fully diluted shares, of \$3.53. Therefore, in February 2017, the Compensation Committee approved an annual cash bonus of 140% of the target incentive award, which was consistent with the 2016 Incentive Compensation Plan approved by the Compensation Committee in February 2016, as further adjusted in February 2017 and described above. The Compensation Committee did not grant any additional bonus compensation to any of the Named Executive Officers for 2016.

Stock Options. The third component of our Named Executive Officers’ 2016 compensation is stock options. As discussed above, stock options promote long-term performance and serve as a means of attracting, motivating, and retaining executive officers. Stock options also provide a vital link between the long-term results achieved for our stockholders and the rewards provided to executive officers and other key employees. Option holders only realize value on stock options if our stock price increases and only if they remain employed with us beyond the date their options vest. When our stock price does not grow, our executives realize little or no value from this component of their compensation. We believe this is appropriate because our stockholders also would not have benefited significantly from owning our stock.

In February 2016, our Chief Executive Officer recommended stock option grants for our Named Executive Officers. The option grants for Messrs. Marr, Miller, and Moore were consistent with the 2015 stock option grants. He further recommended these grants be made in two equal tranches on June 1 and December 1, 2016, which was consistent with our semi-annual grant policy. Our Chief Executive Officer also recommended a one-time option grant for Mr. Womble in lieu of the semi-annual grants. This recommendation was based on Mr. Womble’s contributions and transition to a non-employee director in which Mr. Womble would not receive any director fees or stock option grants for a minimum period of at least three years. The term and vesting period for stock option grants was consistent with stock option grants made to all our employees.

In February 2016, the Compensation Committee preliminarily approved the size of option grants to our Named Executive Officers. In so doing, the Compensation Committee considered many factors, including the fact that our Named Executive Officers’ total cash compensation is below the average as reflected in the Peer Group and Radford Survey, the recommendation of our Chief Executive Officer, our potential future financial performance, each Named

Executive Officer's experience and level of responsibility, and our retention risk for each Named Executive Officer. The Compensation Committee does not have a set formula to determine which of these factors is more or less important, and the specific factors used and their weighting may vary among individual executives. The Compensation Committee also periodically reviews Institutional Shareholder Services, Inc. guidelines as to the appropriate level of stock option awards granted for companies of similar characteristics. Prior to June 1, 2016, the Compensation Committee approved the actual grants of stock options to each Named Executive Officer as set forth below:

Name	June 1, 2016	December 1, 2016
John S. Marr Jr.	25,000	25,000
Dustin R. Womble*	—	—
H. Lynn Moore Jr.	16,750	16,750
Brian K. Miller	16,750	16,750

* Mr. Womble received a grant of 55,000 stock options in connection with his transition to a non-employee director, which were granted on February 22, 2016.

Stock option awards are made annually to approximately 10% of all employees. The Named Executive Officers were awarded approximately 20% of the total annual recurring stock options granted to employees in 2016 as part of our annual recurring stock option grant program. In 2016, the percentage of total stock option awards for our annually recurring grants to Named Executive Officers was as follows:

Name	Percentage of total annually recurring stock option awards
John S. Marr Jr.	6%
Dustin R. Womble	7%
H. Lynn Moore Jr.	4%
Brian K. Miller	4%

Compensation Mix. The mix of the three key elements of 2016 Named Executive Officer compensation is designed with the objective of putting a substantial portion of executive pay at risk. While base salaries are intended to be fixed and certain, the other two elements only have value if adjusted earnings per share goals are met and if the value of our common stock increases. We believe that having a larger measure of key pay elements at risk motivates and challenges our Named Executive Officers to achieve positive returns for our stockholders. For 2016, the proportion of pay at risk for our Named Executive Officers was as follows:

Name	Base Salary	Compensation at Risk	
		Bonus	Stock Options
John S. Marr Jr.	15%	20%	65%
Dustin R. Womble	15%	10%	75%
H. Lynn Moore Jr.	15%	15%	70%
Brian K. Miller	15%	15%	70%

The table above depicts the relative mix of pay elements for 2016, consisting of base salary earned, annual bonus cash incentive earned, and the aggregate grant date fair value of annual recurring stock option grants made to the executive officers. For more detail, see “Executive Compensation – Summary Compensation Table.”

Additional Considerations. In addition to the general philosophies and specific considerations discussed above, the Compensation Committee discussed in detail the following in determining total compensation for the Named Executive Officers in 2016

- Our 2016 anticipated and actual financial performance

- Terms of employment agreements

- The previously approved annual incentive compensation plan for each Named Executive Officer

- Mr. Womble’s contributions and transition to a non-employee director

With respect to our Chief Executive Officer’s 2016 total compensation package, the Compensation Committee also considered the following:

- Management’s goal of year-over-year earnings per share growth

- Management’s focus on strengthening our balance sheet

- Management’s strategic mission to increase profitability through sustained internal growth, including growth in recurring revenues

- Management’s directive to develop and deploy premier technology through continued investment

- Mr. Marr’s contribution to the achievement of each of these strategic initiatives

- Reference to levels of compensation of other chief executive officers of similarly sized, publicly held companies in similar industries

After considering all of the factors outlined in this Compensation Discussion and Analysis, the Compensation Committee considered the overall compensation paid to our Named Executive Officers for 2016 to be appropriate and reasonable.

2017 Named Executive Officer Compensation

In February 2017, the Compensation Committee met and approved the total compensation packages for each of the Named Executive Officers for 2017, including our Chief Executive Officer. The 2017 total compensation packages will include the same components as 2016.

Role of the Chief Executive Officer. In February 2017, our Chief Executive Officer, John S. Marr Jr., attended the Compensation Committee meeting at the request of the Chairman of the Compensation Committee. Mr. Marr was asked to discuss senior management's philosophy regarding executive compensation and short- and long-term objectives for the purpose of assisting the Compensation Committee in establishing 2017 total compensation for the Named Executive Officers. In addition, Mr. Marr was asked to present the results of the analysis of the Peer Group and Radford Survey, as well as the financial outlook for 2017.

Mr. Marr discussed changes in the duties for himself, as Chairman of the Board and Chief Executive Officer, and Mr. Moore, as President, both of which were effective January 1, 2017. Mr. Marr further discussed the scope of additional responsibilities of the Named Executive Officers resulting from the growth of the Company over the past several years. Mr. Marr noted that 2016 total cash compensation was below the median and mean as represented by the Peer Group. Mr. Marr made recommendations regarding a 2017 base salary decrease for himself, 2017 base salary increases for Messrs. Moore and Miller, annual bonus performance targets with corresponding minimum and maximum bonus payout potentials, and long-term incentives (stock option awards) for each Named Executive Officer, including himself. Mr. Marr noted that our stock price has increased significantly over recent years, which has led to significantly higher share-based compensation expense under the Black-Scholes valuation methodology, even as the aggregate amount of equity grants to management and key personnel has remained relatively constant. Therefore, Mr. Marr recommended using non-GAAP earnings per share calculation, for annual cash incentive compensation purposes only, which excludes write-downs of acquisition-related deferred revenue and acquired leases, share-based compensation expense, employer portion of payroll taxes on employee stock transactions, acquisition-related costs, and expenses associated with amortization of intangibles arising from business combinations, with graduated benefits for overachievement and consequences for underachievement of objectives, as doing so would remove certain uncontrollable variables and provides a more accurate picture of our financial performance. The Compensation Committee has the authority to accept, reject, or modify the Chief Executive Officer's recommendations.

2017 Compensation Committee / Board of Director Actions. In February 2017, the Compensation Committee approved the following 2017 total compensation for the Named Executive Officers and other measures:

Base Salary. For 2017, the Compensation Committee approved a 21.0% decrease for Mr. Marr, a 25.4% increase for Mr. Moore, and a 9.1% increase for Mr. Miller. This was based on overall changes in duties and responsibilities for each Named Executive Officer, the scope of additional responsibilities of the Named Executive Officers resulting from the growth of the Company over the past several years, the Company's strong performance in 2016, and the fact that the Peer Group and the Radford Survey data indicated that annual base compensation was below the median and the mean for each of the Named Executive Officers.

Annual Cash Bonus. For 2017, the Compensation Committee approved target bonus awards at 100% of base salary for each of Messrs. Marr, Moore, and Miller. The Compensation Committee further approved the 2017 Incentive Compensation Plan for the Named Executive Officers at graduated scale levels similar to the 2016 Incentive Compensation Plan. To earn 100% of the target bonus under the 2017 Incentive Compensation Plan, the Company must achieve the non-GAAP earnings per share goal of \$3.76 to \$3.799, as adjusted to exclude write-downs of acquisition-related deferred revenue and acquired leases, share-based compensation expense, employer portion of payroll taxes on employee stock transactions, acquisition-related costs, and expenses associated with amortization of intangibles arising from business combinations. The target bonus is based on our operating plan, which was reviewed by the Compensation Committee. In order to achieve the threshold bonus of 40% of target, the Company must achieve 87% of the non-GAAP earnings per share goal, or a range of \$3.28 to \$3.319.

Stock Options. For 2017, the Compensation Committee preliminarily approved stock option grants of 50,000 for each of Messrs. Marr and Moore and 33,000 for Mr. Miller. In 2016, Mr. Marr was granted 50,000 options, and Messrs. Moore and Miller were granted 33,500 options. The options will be issued in two equal tranches on or about June 1 and December 1, 2017, subject to final approval by the Compensation Committee.

Options will vest ratably over a three-year period beginning on the first anniversary of the grant date for each Named Executive Officer who is at least fifty years of age and has a tenure with the company of at least fifteen years (Messrs. Marr and Miller), and over a five-year period beginning on the first anniversary of the grant date for Mr. Moore (June 1 grant only). The Compensation Committee believes these vesting schedules emphasize the long-term nature of this compensation component, thereby further aligning the interests of the Named Executive Officers with those of the

stockholders.

Executive Compensation Recovery Policy

Accountability is a company fundamental value. To reinforce this value through our executive compensation program, the Board of Directors adopted an Executive Compensation Recovery Policy in February 2010. The policy applies to our Named Executive Officers, division presidents, senior financial management, and other key financial employees, and is included in the compensation plans for each such individual. Under this policy, if, in the opinion of the independent directors of the Board, an executive engages in fraud or intentional misconduct that causes a material restatement of our financial statements, then the independent directors shall have the discretion to use their best efforts to remedy the misconduct and prevent its recurrence. Based upon the facts and circumstances surrounding the restatement, the independent directors may direct us to recover all or a portion of any bonus or incentive compensation paid, adjust the future compensation of the executive, and dismiss, or take legal action against, the executive, in each case as the independent directors determine is in our best interests. The remedies that may be sought by the independent directors are subject to a number of conditions, including, that: (1) the bonus or incentive compensation to be recouped was calculated based upon the financial results that were restated; (2) the executive in question engaged in fraud or intentional misconduct; and (3) the bonus or incentive compensation calculated under the restated financial results is less than the amount actually paid or awarded.

Other Compensation Topics

Benefits. Our Named Executive Officers are eligible for the same benefits made available to other full-time employees generally, including our 401(k) Savings Plan, Employee Stock Purchase Plan, health and dental care plans, life insurance plans, disability plans, and other welfare benefit programs.

Severance and Change in Control Agreements. Messrs. Marr, Miller, and Moore have employment contracts that provide for a severance payment equal to each executive's base salary and target bonus and a non-compete payment equal to his base salary and target bonus upon the executive's termination of employment without cause, or upon the executives' termination of employment upon a change in control. In addition, all unvested options previously granted would immediately become vested and exercisable upon a change in control. For more information, see "Compensation Discussion and Analysis – Employment Contracts."

Tax Consequences of Certain Forms of Compensation. The following is a summary of principal federal income tax consequences of certain transactions under our compensation plan. It does not describe all federal tax consequences of our compensation plan, nor does it describe state and local tax consequences.

Incentive Options. No taxable income is generally realized by the optionee upon the grant or exercise of an incentive option. If shares issued to an optionee pursuant to the exercise of an incentive option are sold or transferred after two years from the date of grant and after one year from the date of exercise, then upon sale of such shares, any amount realized in excess of the incentive option price will be taxed to the optionee as a long-term capital gain, any loss sustained will be a long-term capital loss, and we will not be entitled to any deduction for federal income tax purposes. The exercise of an incentive option will give rise to an item of tax preference that may result in alternative minimum tax liability for the optionee.

If shares acquired upon the exercise of an incentive option are disposed of prior to the expiration of the two-year and one-year holding periods described above, generally the optionee will realize ordinary income in the year of disposition in an amount equal to the excess, if any, of the fair market value of the shares at exercise over the option price and we will be entitled to deduct such amount. Special rules will apply where all or a portion of the exercise price of the stock option is paid by tendering shares.

Non-Qualified Options. We also grant to executives non-qualified stock options that do not qualify for the tax treatment described above. No income is realized by the optionee at the time the option is granted. Generally, at exercise, ordinary income is realized by the optionee in an amount equal to the difference between the option price and the fair market value of the shares on the date of exercise, and we receive a tax deduction for the same amount. At disposition, appreciation or depreciation after the date of exercise is treated as either short-term or long-term capital gain or loss depending on how long the shares have been held. Special rules apply where all or a portion of the exercise price of the non-qualified option is paid by tendering shares. Upon exercise, the optionee will also be subject to Social Security taxes on the excess of the fair market value over the exercise price of the option.

Employment Contracts

In February 2013, we entered into five-year employment agreements with John S. Marr Jr., Brian K. Miller, and H. Lynn Moore Jr. Under the terms of the agreements, Messrs. Marr, Miller, and Moore will receive minimum base salaries of \$469,000, \$296,000, and \$296,000, respectively. Because of changes in overall duties and responsibilities, Mr. Marr recommended and agreed to a base salary of \$425,000 for 2017. They also participate in performance bonus or incentive compensation plans made available to our comparable-level employees and receive all employee benefits and perquisites normally offered to our executive employees. Each agreement provides for a severance payment equal to each executive's base salary and target bonus and a non-compete payment equal to his base salary and target bonus upon the executive's termination of employment without cause, or upon the executives' termination of employment upon a change in control. A change in control is defined as our merger or consolidation into an unaffiliated entity, our dissolution or liquidation, the sale of all or substantially all of our assets, the acquisition by any person, entity or group of more than 50% of our voting stock, or a change in the majority of our Board of Directors that was not approved by the then existing directors. In addition to the severance payment and the non-compete payment, each agreement also provides that we will continue to provide medical benefits for twelve months after the date of termination. In the event of a change in control, all unvested options previously granted to Messrs. Marr, Miller, and Moore would immediately become vested and exercisable.

In addition, the employment agreements provided that Messrs. Marr, Miller, and Moore be granted options to purchase 320,000, 120,000, and 120,000 shares of our common stock, respectively. The options were granted at an

exercise price equal to the closing market price of our common stock as reported by the New York Stock Exchange as of the effective date of the grant (February 11, 2013). The options vest in equal installments on the first, second, third, fourth, and fifth anniversary of the grant date and are subject to terms and conditions of the Option Plan and our standard option agreement.

We developed a standard severance package for our Named Executive Officers because we believe it is necessary to attract and retain qualified executive officers and to minimize the distraction caused by a potential transaction and reduce the risk that an executive officer departs before an acquisition is consummated. We believe that a pre-existing plan allows our executive officers to focus on continuing normal business operations and on the success of a potential business combination, rather than on seeking alternative employment. We further believe that our employment agreements ensure stability and will enable our executive officers to maintain a balanced perspective in making overall business decisions during a potentially uncertain period. The Compensation Committee applied its best judgment in developing the severance package after considering each executive's overall compensation package, the rapidly changing environment for technology-based companies, the average time required to obtain employment for equivalent job duties, and the amount of payment made to executives in the event of termination without cause or upon a change in control.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation Committee recommended to the Board of Directors, and the Board of Directors has approved, that the Compensation Discussion and Analysis be included in this proxy statement.

This report is submitted by the Compensation Committee.

Represents aggregate grant date fair value of awards granted and calculated in accordance with Accounting Standards Codification Topic 718, Stock Compensation. Such grants provide our executive officers the opportunity to purchase shares of Tyler common stock at some future date at the fair market value of the stock on the date of grant. For additional information on the valuation assumptions, refer to note 9 of the Tyler Technologies' financial statements in the Form 10-K for the year ended December 31, 2016, as filed with the SEC. This fair value does not represent cash received by the executive in the relevant year, but potential earnings contingent on Tyler's future performance. Stock option grants are designed to provide long-term (up to ten years) incentives and rewards linked directly to the price of our common stock. Stock options add value to the recipient only when stockholders benefit from stock price appreciation and, as such, further align management's interest with those of our stockholders.

(1) These amounts consist of amounts earned under Tyler's bonus plan for each respective year and generally paid in the following year.

(2) All other compensation includes amounts contributed or accrued by Tyler under our 401(k) Savings Plan, tickets to sporting events, disability insurance premiums paid on behalf of Mr. Womble, and personal use of a company automobile by Mr. Marr.

Grants of Plan-Based Awards in 2016

The following table sets forth certain information relating to grants of plan-based awards to the Named Executive Officers during 2016:

	12/1/2016	\$ —	\$ —	16,750	\$ 143.42	\$ 775,498

The target and maximum plan award amounts reported in these columns are derived from our 2016 Bonus Plan.

(1) The actual payout amounts for 2016 are set forth in the Non-Equity Incentive Plan Compensation column of our Summary Compensation Table.

The options awarded on June 1, 2016 and December 1, 2016 for Messrs. Marr, Miller, and Moore were granted as part of Tyler's broad-based annual stock option grant. The options awarded to Mr. Womble on February 22, 2016 were granted based on Mr. Womble's contributions and transition to a non-employee director. These options will vest ratably over a three-year period beginning on the first anniversary of the grant date for each Named Executive Officer who is at least fifty years of age or older and has a tenure with the company of at least fifteen years or more (Messrs. Marr, Miller, and Womble), and over a five-year period beginning on the first anniversary of the grant date for others (Mr. Moore). All options have a contractual term of ten years. The option terms are the same for substantially all the options granted to employees on June 1, 2016 and December 1, 2016; certain key employees who are closer to retirement age may, in the discretion of our Chief Executive Officer, receive shorter vesting periods.

(2) The aggregate grant date fair value is determined in accordance with Accounting Standards Codification Topic 718, Stock Compensation, and does not represent cash received by the Named Executive Officers in 2016. The grant date fair value represents potential earnings contingent on Tyler's future performance. Stock option grants are designed to provide long-term (up to ten years) incentives and rewards linked directly to the price of our common stock. Stock options add value to the recipient only when stockholders benefit from stock price appreciation and, as such, further align management's interest with those of our stockholders.

(1) Stock options expire on the tenth anniversary of the date of grant. Stock options granted in 2010, 2011, and 2012 vest and become exercisable ratably on the third, fourth, fifth, and sixth anniversaries of the date of grant. All other

stock options vest ratably over a five-year period beginning on the first anniversary of the grant date. Beginning in 2015, stock options granted to persons who are at least fifty years of age and have a tenure with the company of at least fifteen years vest ratably over a three-year period beginning on the first anniversary of the grant date, and stock options granted to others vest over a five-year period beginning on the first anniversary of the grant date.

Option Exercises and Stock Vested

The following table shows stock option exercises during 2016 by each of the Named Executive Officers:

Larry D. Leinweber	35,000	229,160	(7)264,160
Daniel M. Pope	27,250	458,320	(8)485,570

(1) Non-employee directors receive the following compensation

• An annual retainer of \$35,000 for the chairman of the Audit Committee and \$25,000 for the other non-employee directors

• A fee of \$2,500 for each Board meeting attended in person and \$1,250 for each Board meeting attended via telephone

• A fee of \$2,500 for each Audit Committee meeting attended in person and \$1,250 for each Audit Committee meeting attended via telephone

• A fee of \$1,000 for each Compensation Committee meeting attended in person and \$500 for each Compensation Committee meeting attended via telephone

• A fee of \$1,000 for each Nominating and Governance Committee meeting attended in person and \$500 for each Nominating and Governance Committee meeting attended via telephone

• Reimbursement for reasonable out-of-pocket expenses incurred in connection with travel to and from, and attendance at, meetings of the Board of Directors or its committees and related activities

- Represents aggregate grant date fair value of awards granted in 2016 and calculated in accordance with Accounting Standards Codification Topic 718, Stock Compensation. Such grants provide our directors the opportunity to purchase shares of Tyler common stock at some future date at the fair market value of the stock on the date of grant. On May 11, 2016, Messrs. Brattain, Carter, King, Leinweber, and Ms. Cline were each granted options to purchase 5,000 shares of Tyler common stock at \$146.92 per share and Mr. Pope was granted options to purchase
- (2) 10,000 shares of Tyler common stock at \$146.92 per share. The fair value for the options granted to our non-employee directors was actuarially determined to be \$45.83 per option share. This value does not represent cash received by our directors in 2016, but potential earnings contingent on Tyler's future performance. Stock option grants are designed to provide long-term (up to ten years) incentives and rewards linked directly to the price of our common stock. Stock options add value to the recipient only when stockholders benefit from stock price appreciation and therefore further align our director's interest with those of our stockholders.
 - (3) Total aggregate shares underlying outstanding stock options as of December 31, 2016 were 28,300.
 - (4) Total aggregate shares underlying outstanding stock options as of December 31, 2016 were 20,000.
 - (5) Total aggregate shares underlying outstanding stock options as of December 31, 2016 were 20,000.
 - (6) Total aggregate shares underlying outstanding stock options as of December 31, 2016 were 35,000.
 - (7) Total aggregate shares underlying outstanding stock options as of December 31, 2016 were 5,000.
 - (8) Total aggregate shares underlying outstanding stock options as of December 31, 2016 were 10,000.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee assists the Board of Directors in fulfilling its responsibilities for general oversight of the integrity of our financial statements, our compliance with legal and regulatory requirements, the independent auditors' qualifications and independence, the performance of our independent auditors, the effectiveness of our disclosure controls and of our internal control over financial reporting, and risk assessment and risk management. The Audit Committee manages the relationship with our independent auditors (who report directly to the Audit Committee). The Audit Committee has the authority to obtain advice and assistance from outside legal, accounting, or other advisors as the Audit Committee deems necessary to carry out its duties and to receive appropriate funding from us for such advice and assistance, as determined by the Audit Committee.

Management has the primary responsibility for our reporting process, including our systems of internal controls and for preparing our financial statements. In fulfilling its oversight responsibilities, the Audit Committee reviewed with management the audited financial statements contained in the Annual Report, including a detailed discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of the significant judgments, and the clarity of disclosures in the financial statements.

The Audit Committee meets with the independent auditors, with and without management present, to discuss the overall scope and plans for the audits and the results of their examinations. The Audit Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with accounting principles generally accepted in the United States, their judgments as to the quality, not just the acceptability, of the accounting principles and such other matters as are required to be discussed under Statement of Auditing Standards No. 61, Communications with Audit Committees (SAS 61), as amended, and as adopted by the Public Company Accounting Oversight Board (PCAOB) in Rule 3200T. The Audit Committee also reviewed management's report on internal control over financial reporting and the independent registered public accounting firm's related opinions. In addition, the Audit Committee received from the independent auditors written disclosures regarding the auditors' independence required by PCAOB Ethics and Independence Rule 3526, Communications with Audit Committees Concerning Independence, and has discussed with the independent auditors, the independent auditors' independence. The Audit Committee met four times during 2016.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors (and the Board approved) that the audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended December 31, 2016 for filing with the SEC.

This report is submitted by the Audit Committee.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Our directors and executive officers seek approval from the Board of Directors prior to entering into a business arrangement that may be deemed a conflict of interest as described in our Code of Business Conduct and Ethics. Examples of transactions that may be considered a conflict of interest include:

- to receive or give more than a token value to anyone that has a business relationship with us;
- to lend to or borrow from individuals or concerns that do business with or compete with us, except banks and other financial institutions;
- to serve as an officer, director, employee, or consultant of, or receive income from, any enterprise doing business with or competing with us;
- to own an interest in or engage in the management of an organization providing services or products to us, or to which we sell or compete, except when such interest (a) comprises publicly traded securities listed on a national securities exchange or the OTC margin list and (b) is not in excess of 5% of the securities of such company; and
- to knowingly cause, either directly or indirectly, us to enter into a business transaction with a close relative of the director or executive officer or a business enterprise of such relative.

In addition, we review, on an annual basis, our financial records to ensure all related party transactions are identified, quantified, and adequately disclosed. Also, each director and executive officer must disclose in writing any known related party transactions associated with completion of the annual director and officer questionnaire.

In 2016, we made lease payments of \$330,000 for certain office space in Falmouth, Maine, to an entity owned by Mr. Marr's father and brother. The lease was at fair market rates for the area. John S. Marr Jr. does not have an interest in the entity that leased property to us and the lease arrangement existed at the time we acquired the business unit that occupies this property. In March 2016, we purchased the building for its appraised value, \$9.7 million. We employ Dane L. Womble, a brother of Dustin R. Womble. Dane L. Womble is the President of our Local Government division and received \$472,200 in salary and bonus compensation in 2016 in exchange for services rendered.

MULTIPLE STOCKHOLDERS SHARING THE SAME ADDRESS

If you and other residents at your mailing address own shares of common stock in street name, your broker or bank may have sent you a notice that your household will receive only one Annual Report and proxy statement. This practice is known as "householding," and is designed to reduce our printing and postage costs. However, if any stockholder residing at such an address wishes to receive a separate Annual Report or proxy statement, he or she may telephone the Investor Relations Department at 972-713-3714 or write to it at Tyler Technologies, Inc., 5101 Tennyson Parkway, Plano, Texas 75024, and a separate copy will be promptly delivered.

STOCKHOLDER PROPOSALS

Any proposal that a stockholder desires to present at the 2018 annual meeting must be received by us at our corporate headquarters no later than December 8, 2017.

By Order of the Board of
Directors,
