The Company' s Investment and Financing Strategy (the "Investment Strategy") contemplates investments which are intended to satisfy the demand of new clients through the use of installed capacity, considering the existing regulatory framework and ensuring an adequate return for the Company. Furthermore, the Investment Strategy contemplates the provision of new services demanded by corporate customers, and maintenance of the current quality standards of service. Investment in the creation of and/or participation in domestic or international companies may not exceed 25% of total equity, as defined in the last quarterly consolidated balance sheet filed with the Chilean Securities and

Exchange Commission.

The Company will focus on analyzing alternatives aimed at improving the corporate financial structure through new financings and renegotiations of current terms and conditions. In addition, the maximum level of indebtedness that may be incurred by the Company may not exceed a ratio of total debt-to-equity of 1.6 times.

Under the terms of the Investment Strategy, management may not enter into agreements with creditors that restrict the distribution of dividends without the approval of the shareholders at an General or Extraordinary Shareholders' Meeting. Management is also prohibited from entering into, outside the ordinary course of business, any agreement with creditors pledging Company assets or granting guarantees for the debts of unaffiliated third-parties without prior shareholder approval, except for purchase-money financings secured by liens on the assets being purchased.

The Investment Strategy also restricts the disposition of assets or property rights which are essential for the Company's ongoing business, including all networks, switches, equipment, property and easements required for telephone installations and operations, and which are backed by their respective license decrees. Such assets may, however, be modified or replaced for reasons of technical or economic obsolescence. Furthermore, the Company has also declared as essential assets 51% of the shares of the following: Telefónica Mundo S.A. and Telefónica Empresas CTC Chile S.A., as well as any assets necessary for their operation that Telefónica CTC Chile may rent to these subsidiaries, and any modifications or replacements of these assets for reasons of technical or economic obsolescence. The Company may not dispose of assets declared essential to its operations without previous approval at an Extraordinary Shareholders' Meeting.

13.- Communicate the Dividend Policy for the year 2005

In accordance with the Circular No. 687 of the *Superintendencia de Valores y Seguros de Chile (SVS)*, the Board of Directors approves the Dividend Policy which is disclosed in Ordinary Shareholder Meeting.

The Company's dividend policy for 2005 contemplates dividend payments in an aggregate amount equal to 100% of the Company's net profits generated during the fiscal year, in accordance with Chilean GAAP, through an interim dividend to be distributed in November of each year and a final dividend to be distributed in May of the following year, subject to approval at the corresponding General Shareholders Meeting. The amount of the interim dividend will be based on net income of the period from January to September of the corresponding fiscal year.

The dividend policy for 2005 and following years will be defined in line with the objectives set forth in the Company's Financial Plan. This policy represents the intention of the Board of Directors, and its implementation will depend on the net income that is actually obtained, as well as on projections that may be periodically determined by the Company.

14.- Inform the cost for processing, printing and mailing the information referred to in Circular No.1494 of the Superintendencia de Valores y Seguros de Chile (Chilean Securities and Exchange Commission).
