Yes _____ No X

This Form 6-K consists of the following:

Quarterly TELUS dividend increased by 33%

News release via Canada NewsWire, Calgary 403-269-7605

Attention Business/Financial Editors:
Quarterly TELUS dividend increased by 33%

Dividend reinvestment plan amended

VANCOUVER, Oct. 29 /CNW/ - The Board of Directors of TELUS Corporation
has declared a quarterly dividend of twenty cents (\$0.20) per share on the
outstanding Common Shares and outstanding Non-Voting Shares of TELUS. This
represents an increase of 33% from the fifteen cents (\$0.15) declared last

Edgar Filing: TELUS CORP - Form 6-K

quarter. The dividend is payable on January 1, 2005 to holders of record at the close of business on December 10, 2004.

"The decision to increase the dividend is consistent with our longstanding commitment to balance the interests of debt holders and shareholders," stated Darren Entwistle, president and chief executive officer. "TELUS' continued strong revenue, earnings and cash flow growth results reported again this quarter, along with our healthy balance sheet position and our confidence in future growth prospects, enables TELUS to increase the dividend by 33% while expecting continued debt reduction. Today's disclosure of a Board approved target of a dividend payout ratio range of 45 to 55% of future net earnings also provides investors with a useful basis to understand our approach towards future dividend growth."

Robert McFarlane, executive vice president and chief financial officer noted "this dividend decision was made from a position of financial strength. As a result of consistently strong free cash flow generation, we have achieved 15 months ahead of schedule our long-term de-leveraging targets, specifically net debt to EBITDA of 2.2 times or less and net debt to total capitalization of 45 to 50%. Going forward, we will continue to target improved debt ratings in the BBB+ to A- range. With the dividend increase, TELUS will move into very select territory by being in the top quartile among dividend paying S&P/TSX companies with respect to both dividend yield and payout ratio, as well as having significant organic growth potential as reflected in today's release of our strong third quarter operating and financial results. This represents an attractive and rare combination of investment attributes."

TELUS is also amending the TELUS dividend reinvestment plan (Plan) terms to provide the choice of open market purchases of TELUS shares, as well as issuing shares from Treasury. Effective January 1, 2005, subject to regulatory approval, the Company will begin open market purchases of shares and there will be no discount (previously 3%) on the purchase price of Plan shares. Robert McFarlane commented, "This change reflects our intent to curtail the issuance of equity and reduce shareholder dilution and puts TELUS in line with the dividend reinvestment plans of our North American telecom peers."

About TELUS

TELUS (TSX: T, T.NV; NYSE: TU) is the largest telecommunications company in Western Canada and the second largest in the country, with more than \$7 billion of annual revenue, 4.8 million network access lines and 3.7 million wireless subscribers. The company provides subscribers with a full range of telecommunications products and services including data, voice and wireless services across Canada, utilizing next generation Internet-based technologies. TELUS was a premier founding supporter of the successful bid to bring the 2010 Olympic and Paralympic Winter Games to Canada.

Forward Looking Disclosure statement

=====

This document contains statements about expected future events and financial and operating results of TELUS Corporation (TELUS or the Company) that are forward-looking. By their nature, forward-looking statements require the Company to make assumptions and are subject to inherent risks and uncertainties. There is significant risk that predictions and other forward-looking statements will not prove to be accurate. Readers are cautioned not to place undue reliance on forward-looking statements as a number of factors could cause actual future results, conditions, actions or events to differ materially from the targets, expectations, estimates or intentions expressed in the forward-looking statements.

Factors that could cause actual results to differ materially include but are not limited to: competition; economic fluctuations; financing and debt requirements; tax matters; dividends; share repurchase implementation; human resources (including the outcome of outstanding labour relations issues); technology (including reliance on systems and information technology); regulatory developments; process risks; health and safety; strategic partners; litigation; business continuity events and other risk factors discussed herein
