5.02 (c), (e) Appointment of Michael F. Mahoney as President of Boston Scientific Corporation

On September 13, 2011, Boston Scientific Corporation (the “Company”) announced the appointment of Michael F. Mahoney as President of the Company effective October 17, 2011 (the “Hire Date”). It is anticipated that Mr. Mahoney will serve as President for a transition period ending November 1, 2012, at which time it is anticipated that he will become President and Chief Executive Officer of the Company.

Mr. Mahoney, 46, served as Worldwide Chairman, Medical Devices and Diagnostics for Johnson & Johnson from January 2011 to September 2011. Prior to assuming this position, Mr. Mahoney served as Worldwide Company Group Chairman of Johnson & Johnson's DePuy franchise, an orthopedics and neurosciences business, from April 2007 through January 2011. From January 2001 through March 2007, Mr. Mahoney served as President and Chief Executive Officer of Global Healthcare Exchange (GHX), a provider of supply chain solutions and services that bring together hospitals, IDNs, manufacturers, distributors and GPOs. Mr. Mahoney began his career at General Electric Medical Systems, where he spent 12 years, culminating in the role of General Manager of the Healthcare Information Technology business. Mr. Mahoney earned a Finance degree from the University of Iowa and an M.B.A. from Wake Forest University.

Under the terms of Mr. Mahoney's offer letter, as supplemented (the “Offer Letter”), Mr. Mahoney will be entitled to the following:

A sign-on bonus of \$1,500,000 (the “Initial Sign-On Bonus”), which is subject to reimbursement if Mr. Mahoney should voluntarily leave the Company prior to the first anniversary of the Hire Date other than for good reason (as defined in the Offer Letter).

An additional sign-on bonus of \$750,000 to be paid within 30 days following Mr. Mahoney's promotion to President and Chief Executive Officer, which is subject to reimbursement if Mr. Mahoney should voluntarily leave the Company prior to the first anniversary of his promotion.

An annual base salary of \$900,000.

A supplementary cash payment of \$69,230 with respect to his later hire date of October 17, 2011.

An opportunity to participate in the Company's Performance Incentive Plan (“PIP”) commencing in 2011, for which initial period Mr. Mahoney would be eligible to receive a prorated incentive award as well as an incremental cash payment (not under the PIP) representing the additional amount of the award he would have received had his hire date been September 21, 2011. Under the 2011 PIP, Mr. Mahoney's target incentive will be 120% of his base salary. The Company's 2011 PIP was previously filed with the Securities and Exchange Commission (the “SEC”).

An award of deferred stock units (“DSUs”) having a total value of \$9,532,570 (“New Hire DSUs”) on the effective date of grant to be made pursuant to the 2011 Boston Scientific Long Term Incentive Plan (“LTIP”) effective as of the first trading day of the month following the Hire Date. The LTIP was previously filed with the SEC. The DSUs will be governed by the terms of the LTIP and the Company's standard DSU award agreement (including with respect to the terms of the vesting provisions thereof), except as otherwise provided for in the Offer Letter.

An equity award (the “2012 Equity Award”) having a total value of \$7,200,000 on the effective date of grant to be made pursuant to the LTIP effective on the date that 2012 long term incentive awards are made to senior executives of the Company. The award will consist of 50% non-qualified stock options, 25% DSUs and 25% Performance Share Units (“PSUs”). These awards will be governed by the LTIP and the applicable Company award agreements (including with respect to the vesting provisions thereof), except as otherwise provided for in the Offer Letter.

The right to participate in the Boston Scientific Executive Retirement Plan, which has been previously filed with the SEC, under which if Mr. Mahoney retires (as defined in the Executive Retirement Plan) from the Company he will be eligible to receive certain benefits, including a lump sum payment equal to 2.5 months base salary for each year of service, subject to a maximum benefit of 36 months.

Eligibility for relocation benefits under the Company's Tier 5, Executive Officer Relocation Policy, as well as Company-paid temporary housing in the Boston area for up to 18 months so long as Mr. Mahoney is employed by the Company and to the extent that he has not been appointed President and Chief Executive Officer.

Reimbursement of up to \$90,000 for legal costs associated with negotiating his employment arrangements.

Personal use of the corporate aircraft up to \$100,000 per calendar year of aggregate incremental cost to the Company.

Under the Offer Letter, if, prior to a Change in Control (i) Mr. Mahoney is involuntarily terminated (other than for cause (as defined in the LTIP) or a material act of misconduct after notice and a cure period or as a result of death or disability) prior to being promoted to President and Chief Executive Officer or (ii) Mr. Mahoney terminates his employment for good reason (as defined in the Offer Letter, which definition includes the Company's failure to promote him to President and Chief Executive Officer prior to March 21, 2013), Mr. Mahoney is entitled to the following, subject to his execution of a general release:

The New Hire DSUs will immediately vest, provided that if the award has not yet been granted as of such date, Mr. Mahoney will receive a lump sum cash payment of \$9,532,570.

The 2012 Equity Award will vest as follows:

100% of the non-qualified stock options will immediately vest;

100% of the DSUs will immediately vest; and

If the triggering event occurs prior to the end of the first performance period for the PSUs, a cash payment of \$900,000 representing 50% of the value of the PSU grant, or if the triggering event occurs after the end of the first performance period for the PSUs, the PSUs will vest pro rata based on the results of the applicable performance periods.

A severance payment equal to two times the sum of his annual base salary plus his target bonus payment.

To the extent unpaid, Mr. Mahoney will be paid the Initial Sign-On Bonus.

Under certain circumstances the Offer Letter provides that Mr. Mahoney would be treated as though he were employed solely for purposes of determining eligibility for severance and compensation under the Offer Letter. The Offer Letter further provides that following his promotion to President and Chief Executive Officer, if Mr. Mahoney's employment is involuntarily terminated by the Company (except for "cause" as defined in the LTIP or a material act of misconduct after notice and a cure period) he will be subject to the Company's severance policies applicable to its senior executives, except that any unvested New Hire DSU's that remain outstanding will immediately vest.

In the event of a Change in Control after his hire date, Mr. Mahoney will be entitled to the payments and benefits provided for under the Company's standard Change in Control Agreement for its executive officers, in substantially the form previously filed with the SEC, in the event of his termination by the Company without "cause" or his resignation for "good reason", as provided for under such agreement.

Along with our other executive officers, Mr. Mahoney will be provided with an Indemnification Agreement, in the form previously filed with the SEC. In addition, under the Offer Letter, the Company has agreed to indemnify Mr. Mahoney in connection with certain fees, losses or expenses incurred by him in connection with any claims brought by his prior employer and which arise out of or relate to the Offer Letter, his acceptance of the Offer Letter or his performance of services thereunder.

The Offer Letter further provides that Mr. Mahoney's duties and responsibilities will be subject to the terms of a Conflicting Products Protocol Agreement (the "Protocol") until November 1, 2012, at which time the restrictions under the Protocol will expire. The Protocol was put in place in connection with Mr. Mahoney's post-employment obligations to Johnson & Johnson and has been agreed to by Johnson & Johnson. Under the Protocol, Mr. Mahoney, as President of the Company, will have responsibility for the Company's Cardiac Rhythm Management and Endoscopy business units (and certain ancillary areas) and his responsibility for other businesses of the Company will be limited as provided for in the Protocol. On August 1, 2012, it is anticipated that Mr. Mahoney will assume responsibility for the Neuromodulation business unit. While President, Mr. Mahoney will report to the Chief Executive Officer.

The Offer Letter is included in this filing as Exhibit 10.1 and is incorporated herein by reference. This summary does not purport to be complete and is subject to and qualified in its entirety by reference to the full text of the Offer Letter.
