Item 1.01. Entry into a Material Definitive Agreement.

Employment Agreement with Jim Fuentes

On January 4, 2008, ISCO International, Inc. ("ISCO") completed its previously announced acquisition of Clarity Communication Systems Inc. ("Clarity") pursuant to an Agreement and Plan of Merger (the "Merger Agreement") dated November 13, 2007 by and among ISCO, ISCO Illinois, Inc. ("ISCO Illinois"), Clarity, and James Fuentes (for himself and as Representative of Clarity's Rightsholders (as defined below)). In accordance with the Merger Agreement, ISCO Illinois, Inc., a newly formed subsidiary, merged (the "Merger") with and into Clarity, with Clarity being the surviving corporation and a direct, wholly-owned subsidiary of ISCO. In connection with the Merger, ISCO entered into an employment agreement with Mr. Fuentes. Pursuant to the employment agreement, Mr. Fuentes will report to ISCO's Chief Executive Officer ("CEO") to assist the CEO in the coordination and integration of the surviving corporation's operations with the combined entity and perform such other duties as the CEO may assign to Mr. Fuentes. During the term of the employment agreement, Mr. Fuentes' base salary will be \$240,000 per year. The term of the employment agreement is for two years; provided, however, that upon the eighteen-month anniversary of the start of his employment and each day thereafter the term may be extended for one additional day unless and until ISCO provides written notice to Mr. Fuentes that such extension would not occur. If Mr. Fuentes' employment were to cease due to a termination by ISCO other than for Cause or by Mr. Fuentes for Good Reason (as those terms are defined in the employment agreement), then subject to Mr. Fuentes' compliance with certain covenants, Mr. Fuentes would receive (i) monthly severance payments equal to 1/12th of his base salary for the lesser of: (x) three months or (y) the number of whole months remaining in the term as of the date of his termination and (ii) any accrued but unpaid base salary and any accrued but unused vacation as of the date of Mr. Fuentes' termination. Mr. Fuentes intends to continue to serve on ISCO's Board at least for the remainder of his term, though he will not be considered independent under AMEX rules and no longer serve on any Board committees. The above description is qualified in its entirety by reference to the full text of the employment agreement, a copy of which was previously filed as Exhibit B to the Merger Agreement filed as Exhibit 2.1 to ISCO's Current Report on Form 8-K filed on November 20, 2007 and incorporated herein by reference.

Registration Rights Agreement with Jim Fuentes and Non-Continuing Rightsholders

Also in connection with the Merger, ISCO entered into a registration rights agreement with Mr. Fuentes and certain Clarity Rightsholders pursuant to which ISCO agreed to register the shares they receive in connection with the Merger for resale under the Securities Act of 1933, as amended (the "Securities Act"), on a Registration Statement on Form S-3, or other available form for resale by those individuals, to be filed by ISCO within 30 days after the closing of the Merger, subject to certain conditions. The above description is qualified in its entirety by reference to the full text of the registration rights agreement, a copy of which was previously filed as Exhibit C to the Merger Agreement filed as Exhibit 2.1 to ISCO's Current Report on Form 8-K filed on November 20, 2007 and incorporated herein by reference.

Financing

As a condition to the Merger, ISCO was required to obtain financing in an amount equal to \$1,500,000 to fund (the "Financing") the initial operations of the combined entity after the Merger and transaction expenses of ISCO incurred in connection with the Merger and (ii) to pay off the amount outstanding under Clarity's line of credit agreement (as described below). Pursuant to the Financing, on January 3, 2008, ISCO issued a new Amended and Restated Note (the "Note") to Alexander Finance, L.P. ("Alexander") in aggregate principal amount of \$1.5 Million. The Note will mature August 1, 2009, bear interest of 7% per annum and be convertible, together with all accrued and unpaid interest thereon, into shares (the "Conversion Shares") of ISCO's common stock ("Common Stock"), par value \$0.001 per share, at an initial conversion price of \$0.20 per share. The Note contains substantially similar terms and conditions

as the Amended and Restated Notes previously issued to Alexander and Manchester Securities Corporation (“Manchester”), and together with Alexander the “Lenders”). The transaction is structured as a private placement of securities pursuant to Section 4(2) of the Securities Act of 1933, as amended (the “Securities Act”) and Rule 506 promulgated thereunder.

In connection with the Financing, ISCO, the Lenders, Spectral Solutions, Inc. and Illinois Superconductor Canada Corporation entered into an Amendment to and Waiver and Consent Under the Loan Documents (the “Loan Amendment”), pursuant to which the Lenders waived, among other things, (i) the requirement under ISCO’s existing line of credit arrangement (the “Loan Agreement”) to use such cash proceeds received in connection with the Merger, the issuance of the Shares, the issuance of the Note, and the transactions contemplated thereby to prepay the outstanding Amended and Restated Notes issued to the Lenders, and (ii) the prohibition of ISCO pursuant to the Loan Agreement to directly or indirectly create, assume, guarantee, or otherwise become or remain directly or indirectly liable with respect to any indebtedness other than the exceptions described therein, upon paying the amount outstanding under Clarity’s line of credit at the closing of the Merger.

Before Alexander may exercise its right to convert the Note into the Conversion Shares, ISCO is required to be able to issue the Conversion Shares pursuant to AMEX rules as well as to obtain the approval of AMEX to list the Conversion Shares on AMEX. ISCO is required to obtain these approvals within one year of the issuance date of the Note. In the event that these required approvals are not obtained by that time, then the interest rate on the Note will increase to a rate of 15% per annum. If the Conversion Shares are not registered under the Registration Rights Agreement, as described below, by the 15 month anniversary of the issuance date of the Note, then the then-current interest rate will increase by a rate of 1% per annum each month thereafter until the Conversion Shares are registered, up to the default rate of the lower of 20% per annum or the highest amount permitted by law. ISCO intends to seek the approval of its stockholders for the issuance of these Conversion Shares during its Annual Shareholder Meeting which is expected to occur during June 2008.

The conversion rate of the Note is subject to customary anti-dilution protections. The Note does not contain market or trading-based ratchet or reset provisions. ISCO has the right to redeem the Note in full in cash at any time beginning June 26, 2009.

The Note is secured on a first priority basis by all of ISCO’s intangible and tangible property and assets, including the assets acquired from Clarity in the Merger. Payment of the Note will be guaranteed by ISCO’s subsidiaries.

In connection with Financing, ISCO entered into a Registration Rights Agreement with Alexander. Pursuant to the Registration Rights Agreement, ISCO is required to file a registration statement under the Securities Act covering the resale of the shares of the Conversion Shares with the Securities and Exchange Commission within 30 days after both of the stockholders’ and AMEX approvals have occurred. The Registration Rights Agreement contains customary covenants, including registration delay payments, in addition to certain interest rate increases under the Note, under certain events for failing to maintain the effectiveness of a registration statement covering the resale of the Conversion Shares.

The above description is qualified in its entirety by reference to the Loan Amendment, the Note, and the Registration Rights Agreement which are filed as exhibits 10.3 through 10.5 to this Current Report on Form 8-K and incorporated herein by reference.

Assuming the Note is not converted until maturity, approximately 8,362,500 shares of Common Stock would be required to be issued upon conversion, for both principal and interest. This amount is approximately 4% of the approximately 222 million shares of Common Stock currently issued and outstanding. As of January 3, 2008, Alexander, including its affiliates, beneficially owned in the aggregate approximately 92.4 million, or 35%, of ISCO’s outstanding shares. As a result of this transaction, the combined holdings of the Lenders would be approximately 56% of the outstanding Common Stock as of January 3, 2008 on a fully converted basis.

Item 2.01. Completion of Acquisition or Disposition of Assets.

Pursuant to the Merger Agreement, ISCO will issue up to an aggregate of 40 million shares (the “Shares”) of ISCO common stock in exchange for all of Clarity’s stock, which was held entirely by Mr. Fuentes, and satisfaction of the rights under the Clarity’s Non-Qualified Phantom Stock Plan and Clarity’s At-Risk Compensation Plans owed to Mr. Fuentes and Clarity rightsholders (collectively, the “Rightsholders”). Of the total number of Shares ISCO may issue in the Merger, 20 million Shares were issued at the closing of the Merger, 2.5 million Shares will be issuable on each of the first and second anniversaries of closing (the “Time-Based Shares”) (subject any indemnification claims pursuant to the Merger Agreement), and 3.75 million Shares will be issuable on each of the first dates on which ISCO’s equity market capitalization first equals or exceeds \$125,000,000, \$175,000,000, \$225,000,000 and \$275,000,000 within the three year period after closing of the Merger for at least 40 of the 45 consecutive trading days ISCO’s market capitalization equals such thresholds (the “Market-Based Shares”). The exact number of Shares issuable to Mr. Fuentes and the Rightsholders will depend on, among other things, whether any of the Time-Based Shares are used to satisfy indemnification claims or whether one or more Rightsholders forfeit their shares because their employment with ISCO following the closing of the Merger is terminated. ISCO has paid off the amount of Clarity’s outstanding line of credit at closing, which was approximately \$1.2 million.

In addition, ISCO reimbursed certain professional advisors of Clarity an aggregate of \$375,000 of Clarity’s fees and expenses related to the Merger.
