Item 2.05. Costs Associated with Exit or Disposal Activities.

Albany International Corp. (the "Company") issued a news release on January 7, 2008 announcing plans to further reduce manufacturing capacity in North America. As announced, the Company intends to discontinue operations at its forming fabric manufacturing facility in Montgomery, Alabama. The plans are in response to the continuing consolidation within the paper industry in the U.S. and Canada and the need to balance the Company's PMC manufacturing capacity in North America with anticipated paper mill demand. representatives at the affected operations began shortly after that announcement. Given that requirement, the Company was at that time unable to determine the amount of the expense to be incurred for severance and termination payments, and therefore was unable to determine total costs expected to be incurred.

Type of restructuring expenses:

The Company has now determined that it expects to incur net restructuring charges of \$1.3 million related to these actions. The restructuring charges include approximately \$2.8 million of cash charges for severance and other termination benefits and \$0.3 million of other cash expenses. These charges will be partially offset by a \$1.8 million gain resulting from the curtailment effect of these actions on the Company's United States pension and postretirement benefit programs.

Timing of restructuring expense recognition:

Related to those actions, the Company expects to report 2008 net restructuring charges of \$2.8 million in the first quarter, and gains of \$1.1 million and \$0.4 million in the second and third quarters, respectively.

Other related costs:

In addition to costs that will be reported as restructuring expenses, the Company estimates that it will incur the following:

-Idle capacity 2008 costs in these plants of approximately \$0.4 million in the first quarter, \$0.6 million in the second quarter, \$0.4 million in the third quarter, and \$0.2 million in the fourth quarter.

-Asset transfer 2008 expenses of approximately \$1.2 million in the second quarter, \$1.2 million in the third quarter, and \$0.6 million in the fourth quarter. The remaining expenses of approximately \$0.3 million will be recognized in the first quarter of 2009.

-Other miscellaneous costs of \$2.2 million that will be incurred throughout 2008.
