Extensity Announces Management Changes

EMERYVILLE, Calif., Sept. 6, 2002 Extensity Inc. (Nasdaq: EXTN), leading provider of Employee Relationship Management (ERM) solutions, today announced that Kenneth Hahn has resigned as chief financial officer to pursue another opportunity.

On August 26, 2002, Extensity announced that it had entered into a definitive agreement to be acquired by Geac Computer Corporation Limited (TSX: GAC), headquartered in Toronto, Canada. Upon completion of a shareholder vote and standard closing procedures, Extensity's business will fully merge into Geac's.

We are grateful to Ken for the valuable role that he has played at Extensity over the past five years, stated Bob Spinner, CEO of Extensity. He has been instrumental in moving the company through many exciting and challenging events, including the Geac acquisition. As this transaction progresses toward a closing, it is now appropriate for Ken to transition to his next career step. Together with the board of directors, I would like to thank him for his contributions and wish him future success.

With the acquisition well underway and a superior team in place to handle all financial, legal and shareholder matters related to this transaction, I am confident that my departure will be smooth and uneventful, commented Ken Hahn. My five year tenure at Extensity has been rewarding and I have thoroughly enjoyed my experience with an outstanding executive team and employee base. In addition, I am pleased we were able to put together the proposed transaction, which I believe well positions both Extensity and Geac for the future.

Benjamin Netick, currently VP of Finance, will assume the role of acting CFO. In conjunction with Ken Hahn, Ben has been a strong leader at the Company, is highly familiar with the financial structure of Extensity and is well qualified to manage the

Company's administrative and finance organizations through the acquisition. Ben is a certified public accountant with more than 12 years of accounting experience, including extensive SEC reporting and financial planning and analysis. Prior to joining Extensity, he worked for leading companies such as Advent Software, Bank of America and Deloitte and Touche. He received a B.S. in business administration from University of California at Berkeley.
