**1. Basis of Presentation and Significant Accounting Policies**

Conexant Systems, Inc. (Conexant or the Company) designs, develops and sells semiconductor system solutions for communications applications. The Company's expertise in mixed-signal processing allows it to deliver integrated systems and semiconductor products which facilitate communications worldwide through wireline voice and data communications networks and emerging cable, satellite and fixed wireless broadband communications networks. The Company operates in two business segments: the Broadband Communications business and Mindspeed Technologies, the Company's Internet infrastructure business.

On June 25, 2002, Conexant completed the distribution to Conexant shareholders of outstanding shares of Washington Sub, Inc. (Washington), a wholly owned subsidiary of Conexant to which Conexant contributed its wireless communications business, other than certain assets and liabilities which Conexant retained (together, the Spin-off Transaction). Immediately thereafter, Washington merged with and into Alpha Industries, Inc. (Alpha), with Alpha the surviving corporation (the Merger). As a result of the Spin-off Transaction and the Merger, Conexant shareholders received 0.351 of a share of Alpha common stock for each Conexant share held and continued to hold their Conexant shares. Upon completion of the Merger, Alpha and its subsidiaries purchased Conexant's semiconductor assembly, module manufacturing and test facility located in Mexicali, Mexico and Conexant's package design team that supports the Mexicali facility (together, the Mexicali Operations) for \$150 million. Effective June 26, 2002, Alpha changed its name to Skyworks Solutions, Inc. (Skyworks).

The operating results of the discontinued wireless communications business and Mexicali Operations (through June 25, 2002) included in the accompanying consolidated condensed statements of operations were as follows (in thousands):

In September 2000, the Company's Board of Directors approved in principle the separation of the Broadband Communications and Mindspeed Technologies businesses. Although business conditions have delayed the separation, the Company remains committed to completing the separation as soon as business and market conditions permit. The separation may be subject to the approval of the Company's shareholders, the receipt of a ruling from the Internal Revenue Service that any related spin-off will qualify as a tax-free distribution and other conditions. There can be no assurance that the separation will be successfully completed.

In the opinion of management, the accompanying consolidated condensed financial statements contain all adjustments, consisting of adjustments of a normal recurring nature, as well as the special charges, necessary to present fairly the Company's financial position, results of operations and cash flows. The results of operations for interim periods are not necessarily indicative of the results that may be expected for a full year. These statements should be read in conjunction with the consolidated financial statements and notes thereto included in the Company's Annual Report on Form 10-K for the fiscal year ended September 30, 2002.

**Fiscal Periods** For presentation purposes, references made to the periods ended December 31, 2002 and 2001 relate to the actual fiscal 2003 first quarter ended December 27, 2002 and the actual fiscal 2002 first quarter ended December 28, 2001, respectively.

**Supplemental Cash Flow Information** Cash paid for interest was \$1.4 million and \$2.0 million for the three months ended December 31, 2002 and 2001, respectively. Net income tax payments for the three months ended December 31, 2002 and 2001 were \$0.3 million and \$1.8 million, respectively.

**Recent Accounting Standards** The Company adopted Statement of Financial Accounting Standards (SFAS) No. 141, Business Combinations and SFAS No. 142, Goodwill and Other Intangible Assets as of the beginning of fiscal 2003. SFAS 141 requires that all business combinations be accounted for using the purchase method and provides new criteria for recording intangible assets separately from goodwill. Upon adoption, the existing goodwill and intangible assets were evaluated against the new criteria, which resulted in certain intangible assets with a carrying value of \$4.7 million being subsumed into goodwill. SFAS 142 addresses financial accounting and reporting for acquired goodwill and other intangible assets and requires that goodwill and intangible assets that have indefinite useful lives no longer be amortized into results of operations, but instead be tested at least annually for impairment and written down when impaired. Upon adoption, the Company ceased amortizing goodwill against its results of operations.

SFAS 142 also requires the Company to complete a transition impairment test of its goodwill (as of the beginning of fiscal 2003) no later than the fourth quarter of fiscal 2003. If the recorded value of goodwill exceeds its estimated fair value, the Company will write down the value of goodwill to estimated fair value. Any such transition impairment loss will be recognized as the effect of a change in accounting principle. The Company expects to complete the transition impairment test during the second quarter of fiscal 2003 and expects that the transition impairment test will result in a significant write-down of the value of goodwill. In addition, future periodic impairment tests may result in significant write-downs of the value of goodwill (charged against income).

The following table shows our net loss and our net loss per share, as if the non-amortization provisions of SFAS 142 had been in effect during the three months ended December 31, 2001 (in thousands, except per share amounts):

SFAS No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets, supersedes previous guidance on financial accounting and reporting for the impairment or disposal of long-lived assets and for segments of a business to be disposed of. The Company adopted SFAS 144 as of the beginning of fiscal 2003, with no significant impact on its financial position or results of operations. However, future impairment reviews may result in significant charges against earnings to write down the value of long-lived assets.

SFAS No. 145, Rescission of FASB Statements No. 4, 44, and 64, Amendment of FASB Statement No. 13, and Technical Corrections rescinds SFAS 4, which required gains and losses from extinguishment of debt to be aggregated and, if material, classified as an extraordinary item, net of the related income tax effect. The Company adopted SFAS 145 as of the beginning of fiscal 2003. The adoption of SFAS 145 resulted in the reclassification of fiscal 2001 gains of \$11.7 million from extraordinary gain on extinguishment of debt to income from continuing operations in the consolidated statements of operations.

## Edgar Filing: CONEXANT SYSTEMS INC - Form 10-Q

In August 2002, the Financial Accounting Standards Board (FASB) issued SFAS No. 146, Accounting for Costs Associated with Exit or Disposal Activities. SFAS 146 requires that costs associated with exit or disposal activities

**CONEXANT SYSTEMS, INC.**

(unaudited)

be recognized when they are incurred rather than at the date of a commitment to an exit or disposal plan. The Company must apply SFAS 146 prospectively to exit or disposal activities initiated after December 31, 2002. If the Company initiates exit or disposal activities after that date, SFAS 146 will affect the timing of the recognition of the related costs. Management does not expect the adoption of SFAS 146 to have a significant impact on the Company's financial position.

In November 2002, the FASB issued FASB Interpretation (FIN) No. 45, Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others. FIN 45 requires increased financial statement disclosures by a guarantor about its obligations under certain guarantees it has issued. FIN 45 also requires that a guarantor recognize a liability for the fair value of a certain guarantees made after December 31, 2002. The Company adopted the disclosure provisions of FIN 45 in the first quarter of fiscal 2003, with no impact on its financial position or results of operations.

In January 2003, the FASB issued FIN 46, Consolidation of Variable Interest Entities. The Company must adopt FIN 46 in the fourth quarter of fiscal 2003 and is currently evaluating the effect, if any, of such adoption on its financial position and results of operations.

**Reclassifications** Certain prior year amounts have been reclassified to conform to the current period presentation.
