PROXY STATEMENT

For
2003 Annual Meeting of Shareholders
To Be Held Wednesday, October 8, 2003

This proxy statement and accompanying form of proxy are being furnished to our shareholders beginning on or about September 5, 2003, in connection with the solicitation of proxies by our board of directors for use at our 2003 Annual Meeting of Shareholders to be held on Wednesday, October 8, 2003, at 10:00 A.M., local time, at the Grand Geneva Resort & Spa, 7036 Grand Geneva Way, Hwy. 50 East, Lake Geneva, Wisconsin and at any postponement or adjournment thereof (collectively, the "Meeting"), for the purposes set forth in the attached Notice of 2003 Annual Meeting of Shareholders and as described herein.

Execution of a proxy will not affect your right to attend the Meeting and to vote in person, nor will your presence revoke a previously submitted proxy. You may revoke a previously submitted proxy at any time before it is exercised by giving written notice of your intention to revoke the proxy to our Secretary, by notifying the appropriate personnel at the Meeting in writing or by voting in person at the Meeting. Unless revoked, the shares represented by proxies received by our board of directors will be voted at the Meeting in accordance with the instructions thereon. If no instructions are specified on a proxy, the votes represented thereby will be voted: (i) for the board's nine director nominees set forth below and (ii) on such other matters that may properly come before the Meeting in accordance with the best judgment of the persons named as proxies.

Only holders of record of shares of our Common Stock (the "Common Shares") and our Class B Common Stock (the "Class B Shares") as of the close of business on August 8, 2003 (the "Record Date") are entitled to vote at the Meeting. As of the Record Date, we had 20,073,325 Common Shares and 9,480,185 Class B Shares outstanding and entitled to vote. The record holder of each outstanding Common Share on the Record Date is entitled to one vote per share and the record holder of each outstanding Class B Share on the Record Date is entitled to ten votes per share on each matter submitted for shareholder consideration at the Meeting. The holders of our Common Shares and the holders of our Class B Shares will vote together as a single class on all matters subject to shareholder consideration at the Meeting. The total number of votes represented by outstanding Common Shares and Class B Shares as of the Record Date was 114,875,175 consisting of 20,073,325 votes represented by outstanding Common Shares and 94,801,850 votes represented by outstanding Class B Shares.

ELECTION OF DIRECTORS

At the Meeting, our shareholders will elect all nine members of our board of directors. The directors elected at the Meeting will hold office until our 2004 Annual Meeting of Shareholders and until their successors are duly qualified and elected. If, prior to the Meeting, one or more of the board's nominees become unable to serve as a director for any reason, the votes represented by proxies granting authority to vote for all of the board's nominees, or containing no voting instructions, will be voted for a replacement nominee selected by the board. Under Wisconsin law, if a quorum of shareholders is present, directors are elected by a plurality of the votes cast by the shareholders entitled to vote in the election. This means that the individuals receiving the largest number of votes will be elected as directors, up to the maximum number of directors to be chosen at the election. Therefore, any shares that are not voted on this matter at the Meeting, whether by abstention, broker nonvote or otherwise, will have no effect on the election of directors at the Meeting.

All of our director nominees have been elected by our shareholders and have served continuously as directors since the date indicated below. The names of the nominees, together with certain information about each of them as of the Record Date, are set forth below.

AUDIT COMMITTEE REPORT

To the Board of Directors of The Marcus Corporation

Each of the undersigned Audit Committee members: (i) served on the Audit Committee during the entire fiscal year ended May 29, 2003; (ii) is an independent, nonemployee director as defined by the rules of the New York Stock Exchange and the Securities and Exchange Commission; and (iii) is an "audit committee financial expert," as defined by the Securities and Exchange Commission. On January 8, 2003, the Audit Committee amended and restated its charter. The Audit Committee Charter is attached to this proxy statement as

Edgar Filing: MARCUS CORP - Form DEF 14A

Appendix A.

Our Audit Committee oversees the company's financial reporting process on behalf of the board of directors. Our management is responsible for the company's financial reporting process, including its system of internal controls, and for the preparation of the company's consolidated financial statements in accordance with generally accepted accounting principles. The company's independent auditors, Ernst & Young LLP, are responsible for auditing those financial statements. Our responsibility is to monitor and review these processes. It is not our duty or our responsibility to conduct auditing or accounting reviews or procedures. We are not employees of the company and we are not accountants or auditors by profession or experts in the fields of accounting or auditing. Therefore, we have relied, without independent verification, on management's representation that the company's financial statements have been prepared with integrity and objectivity and in conformity with generally accepted accounting principles. We have also relied on the representations of Ernst & Young included in its report on the company's fiscal 2003 financial statements. Our discussions with management and Ernst & Young do not assure that the company's financial statements are presented in accordance with generally accepted accounting principles, that the audit of the company's financial statements has been carried out in accordance with generally accepted auditing standards or that Ernst & Young is in fact "independent."

Our Audit Committee reviewed with Ernst & Young their judgments as to the quality, not just the acceptability, of the company's accounting principles and such other matters as are required to be discussed with our Audit Committee under generally accepted auditing standards. In addition, our Audit Committee discussed with Ernst & Young their independence from management and the company, including the matters in the written disclosures required by the Independence Standards Board, and considered the compatibility of Ernst & Young's provision of nonaudit services with their independence.

Our Audit Committee discussed with Ernst & Young the overall scope and plans for their audit. We met with Ernst & Young, with and without management present, to discuss the results of their examination, their evaluation of the company's internal controls, and the overall quality of the company's financial reporting.

In reliance on the reviews and discussions referred to above, our Audit Committee recommended to the board of directors that the company's audited consolidated financial statements be included in the Annual Report on Form 10-K at and for the fiscal year ended May 29, 2003 for filing with the Securities and Exchange Commission.

At the beginning of fiscal 2003, Allan H. Selig was a member of the Audit Committee. In fiscal 2003, Mr. Selig began serving on the Corporate Governance Committee and no longer serves on the Audit Committee.

This report and the information herein do not constitute soliciting material and shall not be deemed to be incorporated by reference by any general statement incorporating by reference this proxy statement into any filing by or of the company under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, and shall not otherwise be deemed filed under such Acts.

By the Audit Committee:

Daniel F. McKeithan, Jr., Chairman
Philip L. Milstein
James D. Ericson

EXECUTIVE COMPENSATION

Report on Executive Compensation

Our Compensation and Nominating Committee consists entirely of independent, nonemployee directors and is responsible for evaluating and determining the compensation of the company's executive officers. The compensation paid to the company's executive officers consists of: (i) salary; (ii) an incentive bonus; (iii) stock option grants and restricted stock awards; and (iv) other benefits under the company's employee benefit plans. We strive to provide executive officers with fair and competitive compensation that rewards corporate and individual performance and helps attract, retain and motivate highly qualified individuals who contribute to the company's long-term growth and success. Our compensation policies are designed to encourage the continuation of the company's entrepreneurial spirit by encouraging its executives and other employees to take appropriate market responsive risk-taking actions that facilitate its growth and success. We establish the compensation of executive officers, including the company's Chief Executive Officer, Stephen H. Marcus, in accordance with these philosophies and policies.

Salary

Each executive officer's salary is based on the level of his or her responsibilities and the relationship of such responsibilities to those of the company's other executive officers. When evaluating and adjusting salaries of executive officers (other than Mr. Marcus), we review the recommendations of Mr. Marcus. In making his recommendations, Mr. Marcus takes into account: (i) the company's financial performance as a whole and on a divisional basis, when appropriate, for the most recent fiscal year compared to its historical and anticipated performance; (ii) general economic conditions (including inflation) and the impact such conditions had on the company's operations; (iii) each executive officer's past, and anticipated future, contributions to the company's performance; (iv) how each executive officer's salary compares to the range of the salaries of similarly situated executives at both the national and local level; (v) new responsibilities, if any, recently delegated, or to be delegated, to such officer; and (vi) the executive's participation in significant corporate achievements during the prior fiscal year. The Committee, while looking to Mr. Marcus for recommendations as to the salaries of executive officers, engaged in its own independent review and judgment concerning such compensation.

When evaluating and adjusting Mr. Marcus' salary, we subjectively consider the factors cited above and the comparative salaries and total compensation packages of other comparable chief executive officers, especially those based in the Milwaukee, Wisconsin area. When determining Mr. Marcus' salary for fiscal 2004, we also took into account the company's revenue and earnings performance in fiscal 2003 and its long-term record of financial success.

Bonus

Bonuses for each fiscal year are granted to executive officers, including Mr. Marcus, after the end of the fiscal year. Fiscal 2003 bonuses for executive officers who have no direct operational responsibilities were based on the recommendations of Mr. Marcus. Mr. Marcus made his recommendations based on the company's overall financial performance in fiscal 2003 and such officer's individual contributions and achievements during fiscal 2003, particularly as such contributions and achievements related to advancing the company's entrepreneurial spirit. Specific corporate performance factors that we considered when we established fiscal 2003 bonuses included: (i) the contribution that each executive officer made to his specific functional area; (ii) the company's overall performance; (iii) the company's 1.8% increase in

Edgar Filing: MARCUS CORP - Form DEF 14A

revenues compared to fiscal 2002; and (iv) the total cash compensation of other similarly situated executives. The fiscal 2003 bonuses for Messrs. Olson, Abrahamson and Otto, who have direct managerial responsibilities for the company's three divisions, were based on the financial and operating performances of their respective divisions, along with the company's overall financial performance in fiscal 2003. Mr. Marcus' fiscal 2003 bonus was based on a pre-established formula which provides for the annual payment of a bonus equal to three-fourths of one percent of the company's pre-tax earnings, as defined, for the fiscal year.

Stock Options and Restricted Stock

Stock options are granted each year to selected key employees, including unit and multi-unit managers. Such options have a per share exercise price equal to the fair market value of the company's Common Shares on the date of grant. Option grants in fiscal 2003 to key employees other than the named executive officers constituted 80.1% of all non-board option grants.

In fiscal 2004, we will begin to place a greater emphasis on restricted stock awards, using them to complement the stock option grants to our top executives. We believe that using restricted stock awards will further our goals of promoting continuity of management, encouraging entrepreneurship and increasing incentive and personal interest in our welfare by those employees who are primarily responsible for shaping or carrying out our long-range plans and securing our continued growth and financial success.

Since Mr. Marcus and his family own approximately 30.0% of the outstanding Common Shares and Class B Shares, his economic interests are already substantially directly linked to the price performance of the Common Shares. Therefore, at the time the 1995 Equity Incentive Plan was adopted, we decided it was not necessary to provide Mr. Marcus with any stock option grants, restricted stock or other awards under the 1995 Equity Incentive Plan. The size of option grants to the other named executive officers was based on: (i) the officer's length of service, responsibilities and contributions to the company's performance over the past year; (ii) the officer's anticipated future contributions to the company's success; (iii) historical levels of option grants to, and the level of existing stock ownership of, such officer and other executive officers; and (iv) the relative levels of option grants then being made to all employees and other executive officers.

Other Benefits

We also attempt to provide other competitive compensatory benefits to the company's executive officers, including participation in the company's Pension Plus Plan, nonqualified retirement income plan, employee stock purchase plan, nonqualified deferred compensation plan, health insurance, life and disability insurance and other benefits.

As a result of current executive compensation levels, we do not intend to take any action to conform our compensation plans to comply with the regulations under Internal Revenue Code Section 162(m) relating to the \$1 million cap on executive compensation deductibility imposed by the Omnibus Revenue Reconciliation Act of 1993.

-
- (1) Includes amounts deferred at the election of the named executive officer under Section 401(k) of the Internal Revenue Code and our Deferred Compensation Plan. Our Deferred Compensation Plan is a defined contribution program whereby an eligible employee may voluntarily make an irrevocable election to defer receipt of up to 100% of his or her annual compensation on a pre-tax basis. The irrevocable election must be made during an employee's first 60 days of eligibility or, if later, prior to the start of any calendar year to which it applies and must specify both a benefit

Edgar Filing: MARCUS CORP - Form DEF 14A

payment commencement date and a form of payment (i.e., lump sum, periodic installments or monthly annuity), either of which may be substantially changed by written election before the calendar year in which payments would otherwise commence. During each quarter of the deferral period, we apply to the deferred amount an earnings credit based on the average prime interest rate of a designated Milwaukee bank. The benefits payable under the Deferred Compensation Plan (i.e., the employee's deferred amount plus his or her earnings credits) will be paid out of our general corporate assets as they become due (i.e., after the employee's specified commencement date).

- (2) The value of all perquisites and other personal benefits provided to each named executive officer is significantly less than the required Securities and Exchange Commission reporting thresholds of the lesser of \$50,000 or 10% of the annual salary and bonus reported for each named executive officer.
- (3) All options were granted at 100% of fair market value on the date of grant under our 1995 Equity Incentive Plan. See footnote (1) to the table set forth under "Stock Options -- Option Grants in 2003 Fiscal Year."
- (4) Includes our contributions on behalf of each named executive officer to our defined contribution Pension Plus Plan and the dollar value of imputed life insurance premiums paid by, or on behalf of, us during our

11

fiscal year with respect to term life insurance for the benefit of the named executive officer. The Pension Plus Plan is a profit sharing plan with Internal Revenue Code Section 401(k) features and covers all of our eligible employees and eligible employees of our subsidiaries, including the named executive officers, and uses a participating employee's aggregate direct compensation as the basis for determining the employee and employer contributions that are allocated to the employee's account. A participating employee may elect to make pre-tax deposits of up to 14% of his or her annual compensation. The Pension Plus Plan also provides for three types of employer contributions: (i) a basic contribution equal to 1% of a participating employee's annual compensation; (ii) a matching contribution equal to one-fourth of the employee's pre-tax deposits not exceeding 6% of such annual compensation; and (iii) a discretionary profit performance contribution determined by our board each year. For purposes of the profit performance contribution, we and our subsidiaries are divided into eight profit sharing groups, and the profit performance contribution for the participating employees employed by a particular profit sharing group is dependent on our overall operations meeting profitability targets, our having achieved a positive return on shareholders' equity and that profit sharing group's operating performance having been profitable. A participating employee's share of the annual profit performance contribution, if any, for the employee's profit sharing group is determined by multiplying the contribution amount by the ratio of the participating employee's annual compensation to the aggregate annual compensation of all participating employees in that profit sharing group. The employee's pre-tax savings deposits and the employer basic contributions allocated to a participating employee's account are fully vested upon deposit, and the employer matching and profit performance contribution are subject to a graduated vesting schedule resulting in full vesting after seven years of service. Each participating employee has the right to direct the investment of the pre-tax savings deposits and employer matching contributions allocated to the employee's account in one or more of several available investment funds. The allocated employer basic contributions are generally expected to be invested in Common Shares but, at the direction of the

Edgar Filing: MARCUS CORP - Form DEF 14A

Pension Plus Plan's administrative committee, may be invested in a different manner. The allocated employer profit performance contributions are invested in the manner selected by the Pension Plus Plan's administrative committee, which may include investment in Common Shares. The vested portion of a participating employee's account balance becomes distributable in a lump sum payment only after the employee's termination of employment, although the employee has the right while employed to borrow a portion of such vested portion or make a withdrawal of pre-tax savings deposits for certain hardship reasons that are prescribed by applicable federal law. We also provide all named executive officers with long-term disability protection. The other compensation amounts listed for fiscal 2001 for Messrs. Olson and Kissinger include special commissions as a result of such officers' integral involvement in consummation of the successful sale of our KFC and KFC/Taco Bell restaurants. The other compensation amounts listed for Mr. Abrahamson include amounts related to a car allowance and a prorated portion of a four-year, interest-free loan made to Mr. Abrahamson when he joined the company, which loan will be forgiven if Mr. Abrahamson remains an employee of the company for at least four years.

- (5) In fiscal 2003 and 2002 we paid approximately \$123,000 and \$668,000, respectively, of premiums on six split-dollar insurance policies on the life of Mr. Marcus. We paid approximately \$368,000 of premiums on three split-dollar insurance policies on the life of Mr. Marcus in fiscal 2001. The foregoing data is excluded from the table because, upon surrender of these policies to us or the death of Mr. Marcus, these premium payments will be reimbursed in full to us. Based on an assumed retirement age of 70, the present value of the excess cash surrender value of all of such policies over the premium payments is estimated to be approximately \$1,065,000.

Stock Options and Restricted Stock

We have a 1987 Stock Option Plan ("1987 Plan") pursuant to which options to acquire Common Shares may have been granted prior to June 1997 to our officers and key employees and to the officers and key employees of our subsidiaries. However, Stephen H. Marcus, Diane Marcus Gershowitz and any other person who owned, directly or indirectly, 5% or more of our voting power were not eligible to receive options under the 1987 Plan. No new options may be granted under the 1987 Plan, but certain options granted under the 1987 Plan are still outstanding and may be exercised pursuant to their terms.

12

We also have a 1995 Equity Incentive Plan ("1995 Plan") pursuant to which restricted stock awards and options to acquire Common Shares may be granted until September 2005 to our officers and other key employees and to the officers and key employees of our subsidiaries. However, Stephen H. Marcus, Diane Marcus Gershowitz and any other person who owns, directly or indirectly, 5% or more of our voting power cannot receive options or restricted stock awards under the 1995 Plan.

The following table sets forth information concerning the grant of stock options under our 1995 Plan during our fiscal 2003 to the named executive officers.

- (1) Options granted under the 1995 Plan may be designed to qualify as either "incentive stock options" within the meaning of Section 422A of the Internal Revenue Code or as "nonstatutory stock options." The options reflected in the table were granted on July 11, 2002 at an exercise price equal to 100% of the fair market value of the Common Shares on that date. These options vest and are exercisable with respect to 40% of the shares after two years from the grant date, 60% after three years, 80% after four years and 100% after five years, but may not be exercised after the ten-year option period.
 - (2) The exercise price of options may be paid in cash, by delivering previously issued Common Shares or any combination thereof.
 - (3) The potential realizable values set forth under these columns represent the difference between the option exercise price and the market value of the Common Shares based on certain assumed rates of stock price appreciation and assuming the exercise of the options on their stated expiration date. The potential realizable values set forth under the columns do not take into account applicable tax and expense payments that may be associated with such option exercises. Actual realizable value, if any, will be dependent on the future stock price of the Common Shares on the actual date of exercise, which may be earlier than the stated expiration date. The 5% and 10% assumed rates of stock price appreciation over the ten-year exercise period of the options used in the table above are mandated by the rules of the Securities and Exchange Commission and do not represent our estimate or projection of the future price of the Common Shares on any date. There can be no assurance that the stock price appreciation rates for the Common Shares assumed for purposes of this table will actually be achieved.

The following table sets forth certain information with respect to the named executive officers concerning their stock options exercised and unexercised stock options held as of the end of our fiscal 2003.

 - (2) See vesting schedule of stock options set forth in footnote (1) under the "Option Grants in 2003 Fiscal Year" table.
 - (3) Excludes 84,150 Common Shares subject to previously granted stock options that vested and became exercisable after our 2003 fiscal year end (Olson - 33,500, Abrahamson - 30,000, Otto - 9,900 and Kissinger - 10,750).
 - (4) The dollar values were calculated by determining the difference between the fair market value of the underlying Common Shares and the applicable exercise prices of the named executive officers' outstanding options at the end of our fiscal 2003. The closing sale price of the Common Shares on the New York Stock Exchange on May 29, 2003, the end of our fiscal 2003, was \$13.58 per share.

Pension Plan

We have a nonqualified defined benefit pension plan ("Supplemental Plan") for our eligible employees. An employee participating in the Supplemental Plan is entitled to receive annual benefits substantially in accordance with the table set forth below, except that the amounts shown in the table do not reflect the applicable reductions for Social Security benefits and benefits funded by employer contributions that are payable under our other employee benefit plans. For an employee entitled to the highest level of Social Security benefits who retires at age 65 during calendar year 2003, the reduction in annual Supplemental Plan benefits would equal approximately \$10,200.

The Supplemental Plan is available to eligible employees with annual compensation in excess of a specified level (e.g., \$90,000 in 2003), including each of our named executive officers. The Supplemental Plan is a defined benefit retirement income program that provides benefits based on the employee's average total compensation

14

for the five highest compensation years within the employee's last ten compensation years. The amounts accrued for named executive officers under the Supplemental Plan are not readily ascertainable and therefore are not included in the "Summary Compensation Table" above. In calculating employee compensation for purposes of determining its contribution to the Supplemental Plan, we use a participating employee's total direct compensation (which, for the named executive officers, is comprised of the salary and bonus amounts and, in fiscal 2001 only, certain amounts included in "All Other Compensation" listed in the "Summary Compensation Table" above) in determining its annual benefits, calculated on a straight life annuity basis assuming benefits commence at age 65. In addition to a reduction equal to 50% of Social Security benefits, the Supplemental Plan reduces its benefits by the benefits attributable to the employer contributions received by the participating employee under our other employee benefit plans, such as the Pension Plus Plan and our former qualified pension plans.

A participating employee is entitled to benefits under the Supplemental Plan upon normal retirement on or after age 65, early retirement after age 60 with at least five years of service, disability retirement after at least five years of service and other termination of employment after at least five years of service. A graduated vesting schedule, which provides for 50% vesting after five years of service and an additional 10% for each year of service thereafter, applies in the case of termination of employment before completing ten years of service or qualifying for normal, early or disability retirement. Benefits payable under the Supplemental Plan are paid out of our general corporate assets as benefit payments as they become due after retirement or other termination. At the end of our fiscal 2003, Stephen H. Marcus, Bruce J. Olson, James R. Abrahamson, William J. Otto and Thomas F. Kissinger had 41, 29, 3, 10 and 9 years, respectively, of credited years of service under the Supplemental Plan.

Director Compensation

In fiscal 2003, each nonemployee director received: (i) an annual retainer fee of \$5,000 in cash; (ii) 392 Common Shares; (iii) \$1,750 for each board meeting attended and \$350 for each board committee meeting attended (or \$500 per committee meeting attended if that person served as the committee's chairperson); (iv) an option under our 1994 Nonemployee Director Stock Option Plan (the "Director Plan") to purchase 1,000 Common Shares upon his or her initial appointment or election to the board; and (v) an option under our Director Plan to purchase 500 Common Shares at the end of each of our fiscal years. The exercise price of options granted under the Director Plan is equal to 100% of the fair market value of the Common Shares on the date of grant. Under the Director Plan, on May 29, 2003, each nonemployee director received his or her annual automatic option grant to purchase 500 shares of Common Stock at an exercise price of \$13.58 per share. All options under the Director Plan have a term of ten years and are fully vested and exercisable immediately after grant.

Effective in fiscal 2004, the following changes were made to the compensation paid to our nonemployee directors: (i) the annual cash retainer was increased from \$5,000 to \$7,500; (ii) compensation for each board meeting attended was increased from \$1,750 to \$2,000; and (iii) compensation for each committee meeting attended was increased from \$350 to \$500 (or \$750 per committee meeting attended if that person served as the committee's

Edgar Filing: MARCUS CORP - Form DEF 14A

chairperson), except that each member of the Audit Committee receives \$750 per committee meeting attended and the chairman of the Audit Committee receives \$1,000 per committee meeting attended.

15

STOCK PERFORMANCE INFORMATION

Set forth below is a graph comparing the annual percentage change during our last five fiscal years in our cumulative total shareholder return (stock price appreciation on a dividend reinvested basis) on our Common Shares, compared to: (i) the cumulative total return of a composite peer group index selected by us and (ii) companies included in the Russell 2000 Index. The composite peer group index is comprised of the Standard & Poor's Hotel/Motel Index (weighted 62%) and a theatre index we selected and which initially included Carmike Cinemas, Inc., Loews Cineplex Entertainment Corp. and AMC Entertainment, Inc. (weighted 38%). However, the performance for this group currently only reflects the performance of AMC Entertainment, Inc. because the performances of Carmike Cinemas, Inc. and Loews Cineplex Entertainment Corp. are only included through the filing of their bankruptcy cases in August 2000 and February 2001, respectively. The indices within the composite peer group index are weighted to approximate the relative revenue contributions of each of our business segments (counting the limited-service lodging and hotel/resort segments as one segment) to our total revenues in our fiscal 2003. The shareholder returns of the companies included in the theatre index are weighted based on each company's relative market capitalization as of the beginning of the presented periods.

CERTAIN TRANSACTIONS

As in prior years, during our fiscal 2003, we paid approximately \$66,000 of interest to certain entities owned by Stephen H. Marcus, Diane Marcus Gershowitz and certain trusts for the benefit of members of their families on nine debts owed by us to such entities. The largest aggregate amount outstanding on the above debts during our 2003 fiscal year was \$2,087,000. The total amount outstanding on the above nine debts was paid off during fiscal 2003, leaving no outstanding balance on these debts as of the end of our fiscal year.

In 1990, B&G Realty, Inc., one of our subsidiaries, entered into a lease with Stephen H. Marcus and Diane Marcus Gershowitz for the land on which one of our Baymont Inns & Suites is located. Similarly, in 1997, B&G Realty, Inc. entered into a lease with Stephen H. Marcus and Diane Marcus Gershowitz for the land on which one of our Woodfield Suites is located. The lease payments under both of these leases were based upon various independent appraisals and were

Edgar Filing: MARCUS CORP - Form DEF 14A

approved by our board of directors. During our fiscal 2003, aggregate lease payments under these leases were \$179,000.

16

As in prior years, during our 2003 fiscal year, we leased automobiles from Selig Executive Leasing Co., Inc. Aggregate lease payments from the lease of approximately 90 vehicles were \$556,000 in our fiscal 2003. As in past years, virtually all of these lease payments represent reimbursement of actual costs incurred by Selig Executive Leasing to purchase and finance the vehicles, with Selig Executive Leasing retaining less than \$20,000 as an administrative fee. Allan H. Selig, one of our directors, is the President, Chief Executive Officer and sole shareholder of Selig Executive Leasing.

We believe that all of the above transactions were consummated on terms at least as favorable as could have been obtained from non-affiliated third parties.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Our directors and executive officers are required to report their ownership of Common Shares and Class B Shares and any changes in that ownership to the Securities and Exchange Commission ("SEC") and the New York Stock Exchange. In fiscal 2003, a Form 4 for one of our executive officers and a Form 4 for one of our directors were inadvertently filed late. In making the above statements, we have relied upon the representations of the persons involved and on copies of their reports filed with the SEC.

OTHER MATTERS

Ernst & Young LLP acted as our independent auditors in our fiscal 2003 and was appointed to act as our independent auditors in our fiscal 2004. Ernst & Young's fees for the most recent two fiscal years are summarized in the following table:

	2003	2002
	----	----
Audit Fees	\$ 139,100	\$ 130,000
Audit-Related Fees	41,340	47,150
Tax Fees	75,288	81,002
All Other Fees	--	--
-----	-----	-----
Total Fees	\$ 255,728	\$ 258,152

As noted in the Audit Committee Report, our Audit Committee has considered whether Ernst & Young's provision of non-audit services is compatible with their independence. Representatives from Ernst & Young are expected to be present at the Meeting and will have an opportunity to make a statement if they so desire and will be available to respond to appropriate shareholder questions.

We have filed an Annual Report on Form 10-K with the Securities and Exchange Commission for our 2003 fiscal year, which ended on May 29, 2003. A copy of the Form 10-K (excluding exhibits) has been provided to each person who was a record or beneficial owner of Common Shares or Class B Shares as of the Record Date and is available on our corporate web site (www.marcuscorp.com). Exhibits to the Form 10-K will be furnished upon payment of the fee described in the list of exhibits accompanying the copy of Form 10-K. Requests for any exhibits to our Form 10-K should be addressed to Thomas F. Kissinger, General Counsel and Secretary, The Marcus Corporation, 100 East Wisconsin Avenue, Suite 1900, Milwaukee, Wisconsin 53202-4125.

Our board does not intend to present at the Meeting any matters for

Edgar Filing: MARCUS CORP - Form DEF 14A

shareholder action other than the matter described in the Notice of Annual Meeting. The board does not know of any other matters to be brought before the Meeting that will require the vote of shareholders. If any other business or matters properly come before the Meeting, the proxies named in the accompanying proxy will vote on such business or matters in accordance with their best judgment.

17

A shareholder wishing to include a proposal in our proxy statement for our 2004 Annual Meeting of Shareholders pursuant to Rule 14a-8 under the Securities Exchange Act of 1934 must forward the proposal to us by April 17, 2004. In addition, a shareholder who otherwise intends to present business at our 2004 Annual Meeting of Shareholders (including nominating persons for election as directors) must comply with the requirements set forth in our By-laws. Among other things, to bring business before an annual meeting, a shareholder must give written notice thereof, complying with the By-laws, to our Secretary not later than 45 days prior to the date in the current year corresponding to the date on which we first mailed our proxy materials for the prior year's annual meeting. Accordingly, if we do not receive notice of a shareholder proposal submitted otherwise than pursuant to Rule 14a-8 prior to July 13, 2004, the notice will be considered untimely and we will not be required to present such proposal at the 2004 Annual Meeting of Shareholders. If our board of directors chooses to present such proposal at our 2004 Annual Meeting of Shareholders, the persons named in proxies solicited by the board for the 2004 Annual Meeting of Shareholders may exercise discretionary voting power with respect to such proposal.

We have paid the cost of soliciting proxies. We expect to solicit proxies primarily by mail. Proxies may also be solicited personally and by telephone by certain of our officers and employees. We will reimburse brokers and other holders of record for their expenses in communicating with the persons for whom they hold Common Shares or Class B Shares. It is not anticipated that anyone will be specially engaged to solicit proxies or that special compensation will be paid for that purpose, but we reserve the right to do so should we conclude that such efforts are needed.

THE MARCUS CORPORATION
Audit Committee Charter

Adopted: January 8, 2003

This Audit Committee Charter ("Charter") is intended to assist the Audit Committee ("Committee") of the Board of Directors ("Board") of The Marcus Corporation ("Company") in carrying out its duties and responsibilities. This

Edgar Filing: MARCUS CORP - Form DEF 14A

Charter is in addition to, and is not intended to change or interpret, any federal or state law or regulation, including the rules of the Securities and Exchange Commission ("SEC"), the listing standards of the New York Stock Exchange ("NYSE"), the Wisconsin Business Corporation Law, or the Company's Articles of Incorporation or Bylaws. This Charter is not intended to, and does not, create any legal or fiduciary duties or responsibilities or form the basis for a breach of fiduciary duty or potential liability if not complied with. This Charter is subject to modification and interpretation by the Board.

A. General Role.

The Committee shall perform the responsibilities required of it by the NYSE, SEC and other applicable laws, including assisting the Board's oversight of: (i) the integrity of the Company's financial statements; (ii) the Company's compliance with legal and regulatory requirements related to its financial statements; (iii) the performance of the Company's internal audit function and independent auditors; and (iv) the retention, oversight and evaluation of the Company's independent auditing firm.

B. Members.

The Committee shall consist of at least three directors, one of whom shall be the Chairman of the Committee, all of whom shall meet the independence and other requirements of the SEC, the listing standards of the NYSE, other applicable laws and the Company's Bylaws, except as otherwise determined by the Board in accordance with the requirements of the SEC, the listing standards of the NYSE, other applicable laws and the Company's Bylaws. Each member of the Committee must also be "financially literate", as such qualification is interpreted by the Board in its business judgment in accordance with the listing standards of the NYSE. Additionally, at least one member of the Committee must have "accounting or related financial management expertise" and/or qualify as a "financial expert", in each case as determined by the Board in its business judgment in accordance with the listing standards of the NYSE, the requirements of the SEC and other applicable law. The Company shall properly publicly disclose each Committee member who is determined to be a "financial expert" in accordance with the requirements of the SEC and other applicable laws. Other than in his or her capacity as a member of the Committee, the Board or another committee thereof, no member of the Committee shall be allowed to accept any consulting, advisory, or other compensatory fee from the Company, or otherwise be an affiliated person of the Company. Committee members may be removed in accordance with the Company's Bylaws.

C. Meetings.

Absent unusual circumstances, the Committee shall meet separately at least twice annually with, as appropriate, the Company's management, internal auditors (or other personnel responsible for the internal audit function) and the Company's independent auditing firm, all in accordance with the Company's Bylaws. In addition, special meetings shall be held as circumstances require as determined by the Committee's Chairman or by any two other members of the Committee in accordance with the Company's Bylaws. The Committee or its Chairman may invite to its meetings such other directors, members of Company management and such other persons and advisors as the Committee or its Chairman deems necessary or appropriate in order to carry out the Committee's duties and responsibilities. The Committee, through its Chairman, shall report its activities to the

Edgar Filing: MARCUS CORP - Form DEF 14A

Board at the Board meeting next following each Committee meeting so that the Board is kept fully informed of the Committee's activities on a current basis. Minutes of each Committee meeting shall also be distributed to the Board as and when appropriate.

D. Responsibilities.

1. The Committee's responsibilities with respect to overseeing (i) the integrity of the Company's financial statements; (ii) the Company's compliance with legal and regulatory requirements related to its financial statements; and (iii) the performance of the Company's internal audit function shall include the following:
 - a. To be well-informed about the Company's quarterly and annual financial reports filed with the SEC, including the section thereof entitled "Management's Discussion and Analysis of Financial Condition and Results of Operations", by receiving, reviewing and discussing preliminary copies of all such reports with management and the Company's independent auditing firm before they are filed with the SEC. The Committee should ask management and the Company's independent auditing firm whether the other sections of each such report are consistent with the information reflected in the report's financial statements. The Committee may delegate its duties under this subparagraph to its Chairman or one or more other Committee members.
 - b. To, before they are filed with the SEC, review and discuss with the Company's Chief Executive Officer and Chief Financial Officer any certifications related to the Company's financial statements or internal controls, including their certifications that: (i) to the best of their knowledge, (a) the Company's quarterly and annual reports filed with the SEC fully comply with the requirements of the Securities Exchange Act of 1934; and (b) that the information contained in such reports fairly present, in all material respects, the financial condition and results of operations of the Company; and (ii) regarding the Company's internal controls, including: (a) that it is management's responsibility for establishing, maintaining and evaluating such controls; (b) that it is management's duty to disclose any significant deficiencies in such controls and any fraud involving associates significantly involved with such controls to the Committee and the Company's independent auditing firm; and (c) whether or not there were significant changes in such internal controls or in other factors that could significantly affect such controls. The Committee should also review and discuss with the Company's chief executive officer and chief financial officer the procedures implemented and steps taken in connection with supporting and verifying the accuracy of such certifications. The Committee may delegate its duties under this subparagraph to its Chairman or one or more other Committee members.
 - c. To, before they are submitted to the NYSE, review and discuss with the Company's Chief Executive Officer and Chief Financial Officer any certifications required to be submitted to the NYSE. The Committee should also review and discuss with the Company's Chief Executive Officer and Chief Financial Officer the procedures implemented and steps taken in connection with supporting and verifying the accuracy of such certifications. The Committee may delegate its duties under this subparagraph to its Chairman or one or more other Committee members.

Edgar Filing: MARCUS CORP - Form DEF 14A

- d. To, at each Committee meeting and at such other times as the Committee deems necessary or appropriate, generally discuss with management the Company's earnings press releases and earnings guidance and other forward-looking statements provided to the Company's shareholders (paying particular attention to any use of "pro forma" or "adjusted" non-GAAP information). The Committee need not discuss in advance each earnings release or instance in which the Company provides forward-looking statements.
- e. The Committee shall review and discuss the Company's annual audited financial statements with management and the Company's independent auditing firm and shall further discuss with the independent auditing firm all matters required to be discussed by Statement on Auditing Standards No. 61 relating to the conduct of the audit.

A-2

- f. The following are other general post-audit review considerations and guidelines:
 - o The Committee should focus on the "quality" of the Company's financial results and condition and the underlying accounting principles and practices used by the Company.
 - o The Committee should obtain from the Company's Chief Financial Officer satisfactory explanations for all significant variances in the Company's financial statements between fiscal years and quarterly periods.
 - o The Committee should request and receive a satisfactory explanation from management and the Company's independent auditing firm of changes in accounting standards or rules promulgated by the Public Company Accounting Oversight Board, FASB, SEC or other regulatory bodies that have or will have a material effect on the Company's financial statements or accounting policies or practices.
 - o The Committee should request and receive satisfactory explanations about the existence and substance of any significant accounting accruals, reserves or estimates made by management that have or will have a material impact on the Company's financial statements. If any such accruals, reserves or estimates have changed materially from prior fiscal years or periods, the Committee should request and receive satisfactory explanations about the reasons for such changes and the likelihood of additional material changes in the future.
 - o The Committee should meet in executive session, without management present, with the Company's independent auditing firm to request its opinion on various matters, including the capabilities of the Company's financial and accounting personnel, the adequacy of the Company's internal controls, and whether or not there were any disagreements between the Company's auditing firm and the Company's management about financial disclosures or accounting policies, practices or treatment. The Committee shall be responsible for resolving any such disagreements between the Company's auditing firm and management.

Edgar Filing: MARCUS CORP - Form DEF 14A

- o During such executive sessions, the Committee may ask the independent auditing firm what its greatest concerns were in the course of the audit and if it believes anything else should be discussed with the Committee while not in the presence of management. Additional questions that the Committee may ask include the following:
 - o If the independent auditing firm were solely responsible for the preparation of the Company's financial statements, would the Company's financial statements have been prepared differently than the manner selected by management? The Committee may inquire as to both material and nonmaterial differences. If the independent auditing firm would have done anything differently than management, a satisfactory explanation should be provided of management's position and the independent auditing firm's position.
 - o If the independent auditing firm were an investor, is the firm receiving the information from the Company in its financial statements and SEC reports essential to a proper understanding of the Company's financial performance and condition for the reporting period?
 - o Is the Company following the same internal audit procedures that would be followed if the auditing firm itself were the Company's chief executive officer or chief financial officer? If not, what are the differences and why?
- o In such executive sessions, the Committee should also review the letter of management representations given to the independent auditing firm and inquire whether the auditing firm encountered any difficulties in obtaining the letter or any specific representations therein.
- o In such executive sessions, the Committee should also review with the Company's independent auditing firm any difficulties the firm encountered in the course of its audit work, including any restrictions on the scope of its activities or on access to requested information.

A-3

- g. To, at least annually and otherwise when the Committee determines it to be necessary or appropriate, meet with the Company's General Counsel and/or outside legal counsel, to discuss pending or threatened legal matters that may have a significant impact on the Company's financial statements. The Committee should discuss with the Company's management and the independent auditing firm the substance of any significant issues raised by the Company's General Counsel and/or outside legal counsel concerning litigation, contingencies, claims or other assessments. The Committee should understand how such matters are reflected in the Company's financial statements and SEC reports.
- h. To, at least annually, review and analyze with the Company's Chief Executive Officer, Chief Financial Officer and the Company's independent auditing firm comparable public company financial reporting and accounting policies and practices that materially differ from those of the Company.

Edgar Filing: MARCUS CORP - Form DEF 14A

- i. To, at least annually, inquire with the Company's Chief Executive Officer and Chief Financial Officer whether there are any significant tax matters that have been or might be reasonably disputed by the IRS or state tax agencies, and inquire as to the status of the Company's related tax reserves and disclosures.
- j. To, on a timely basis, obtain and review all other reports by the Company's independent auditing firm required by the SEC, the NYSE or other applicable law, rule or requirement to be provided to the Committee, including reports to the Committee describing: (i) all critical accounting policies and practices used by the Company in its financial statements; (ii) alternative treatments within generally accepted accounting principles discussed with management, the effects of using or not using such treatments, and the auditor's preferred treatment; and (iii) other material written communications with management, such as any management letter or schedule of unadjusted differences. The Committee shall discuss such reports with the Company's Chief Executive Officer, Chief Financial Officer and/or its principal accounting officer and the Company's independent auditing firm.
- k. To, at least annually, review with the Company's Chief Executive Officer, Chief Financial Officer, and the Company's independent auditing firm the Company's internal audit functions.
- l. To review management's report on and assessment of the Company's internal controls to be included in the Company's annual report to shareholders, as well as the report on, and attestation to, such management report by the Company's independent auditing firm.
- m. To, at each Committee meeting and at such other times as the Committee deems necessary or appropriate, review with the Company's Chief Executive Officer, Chief Financial Officer and the Company's independent auditing firm the areas of financial risk that could have a material adverse effect on the Company's results of operation or financial condition and the Company's risk assessment and risk management policies.
- n. To, at each Committee meeting and at such other times as the Committee deems necessary or appropriate, review and confirm with the Company's Chief Executive Officer, Chief Financial Officer and the Company's independent auditing firm that the Company's (i) off-balance sheet transactions, arrangements, liabilities, obligations and commitments (including contingent obligations and commitments); (ii) other relationships with unconsolidated entities or related parties; and (iii) derivative transactions are all properly accounted for and disclosed in accordance with generally accepted accounting principles, the requirements of the SEC, the listing standards of the NYSE and other applicable laws.
- o. To, at least annually, review the terms and conditions of all relationships and transactions between or involving the Company and any of its directors, officers and their related parties to ensure that such relationships and transactions were properly approved by the Board's Corporate Governance Committee, that all material terms and conditions thereof are not materially less favorable to the Company than could be obtained from independent third parties, and are properly disclosed in the Company's SEC reports or as otherwise legally required.

Edgar Filing: MARCUS CORP - Form DEF 14A

- p. To pre-approve any Company request to seek a second opinion on any significant accounting issue from an accounting or auditing firm other than the Company's independent auditing firm.

A-4

- q. To annually make a recommendation to the Board whether or not the Company's annual audited financial statements should be included in the Company's Form 10-K report.
2. The Committee's responsibilities related to the retention, oversight and evaluation of the Company's independent auditing firm shall include the following:
- a. To, at least annually, review with the Company's Chief Executive Officer and Chief Financial Officer the Company's annual audit plans.
 - b. To annually retain the Company's independent auditing firm on terms (including fees) approved by the Committee and to preapprove of all audit services to be provided by the auditing firm. The Committee shall make it clear to the auditing firm that the Committee retains the auditing firm; that the auditing firm shall report directly to the Committee; and that the Committee shall resolve any disagreements that may arise between the auditing firm and management on financial disclosure or accounting policies, practices and treatment. Factors to be considered in selecting or retaining an independent public accounting firm to serve as the Company's independent auditing firm shall include, without limitation, the following:
 - o Opinions by appropriate management personnel, particularly the Company's Chief Financial Officer, on the capabilities, resources and performance of the firm.
 - o The firm's proposed audit fee and, if applicable, satisfactory explanations for any material fee changes from prior years.
 - o The expected level of personal participation by the firm's partner designated to be primarily responsible for the Company's account and other auditing firm management and supervisory personnel in the audit examination of the Company, and the mix of skills and experience of the auditing firm's staff and its staff rotation policy with respect to the Company.
 - o If a new public accounting firm is being considered, the report of the firm's latest peer review conducted pursuant to a professional quality control program and any significant litigation problems or disciplinary actions or sanctions by the SEC, FASB, Public Company Accounting Oversight Board, AICPA, state licensing authorities or others.
 - o If a new public accounting firm is being considered, the proposed firm's credentials, capabilities, reputation and a list of its representative clients in the same geographical area and in the same industries.
 - o If a new public accounting firm is being considered, the

Edgar Filing: MARCUS CORP - Form DEF 14A

steps planned to ensure a smooth and effective transition.

- c. Other than with respect to certain "de minimis" non-audit services, to preapprove all engagements of the Company's independent auditing firm to perform any non-audit related services for or on behalf of the Company (except as legally prohibited below). However, the Committee shall not in any event approve the provision by the Company's independent auditing firm of any of the following legally prohibited non-audit services: (i) bookkeeping or other services related to the Company's accounting records or financial statements; (ii) financial information systems design and implementation; (iii) appraisal or valuation services, fairness opinions and contribution-in-kind reports; (iv) actuarial services; (v) internal audit outsourcing services; (vi) management or human resources functions; (vii) broker-dealer, investment advisor or investment banking services; (viii) legal and expert services unrelated to the audit; or (ix) any other service that is prohibited by the Public Company Accounting Oversight Board. "De minimis" non-audit services which do not require Committee preapproval shall mean those non-audit services for which the aggregate fees constitute no more than 5% of the total amount of fees paid by the Company to the auditing firm during the fiscal year in which such non-audit services are provided, as long as (A) such de minimis non-audit services were not recognized by the Company at the time of the engagement of the auditing firm for that year; (B) the provision of such de

minimis non-audit services is promptly brought to the attention of the Committee; and (C) such de minimis non-audit services are approved by the Committee prior to the completion of that year's audit. Approval by the Committee of any non-audit service to be performed by the Company's auditing firm shall be publicly disclosed by the Company in accordance with the requirements of the SEC, the NYSE listing standards and applicable law. The Committee may delegate its duties under this subparagraph to its Chairman or one or more other Committee members.

- d. To, at least annually, obtain and review a report by the Company's independent auditing firm describing all relationships between the independent auditing firm and the Company and confirming that the auditing firm is independent from the Company within the meaning of the Securities Act of 1933, as amended, and within the requirements of the Independence Standards Board, to discuss such reports with the independent auditing firm and to take appropriate action to satisfy the Committee of the independence of the Company's independent auditing firm.
- e. To, at least annually, obtain and review a report by the independent auditing firm describing the firm's internal quality-control procedures and any material issues raised by the most recent internal quality-control review, or peer review, of the auditing firm, and of any material inquiry or investigation by any governmental or professional authorities, within the preceding five years, respecting one or more independent audits carried out by the auditing firm, and any steps taken to deal with any such issues.
- f. To, at least annually, evaluate the performance of the Company's independent auditing firm and, if determined necessary or appropriate, to replace the firm.

Edgar Filing: MARCUS CORP - Form DEF 14A

3. The Committee's other responsibilities shall include the following:
- a. To establish clear hiring policies for employees or former employees of the Company's independent auditing firm consistent with the requirements of the SEC, the listing standards of the NYSE and other legal requirements. In accordance with applicable law, the Company's independent auditing firm may not perform any audit services for the Company if the Company's Chief Executive Officer, Chief Financial Officer, controller or any other associate serving in an equivalent position was employed by the auditing firm and participated in the audit of the Company within the one-year period preceding the initiation of the audit.
 - b. To develop and communicate procedures to receive, retain and address complaints regarding financial disclosure or accounting and auditing matters, including employees' confidential, anonymous submissions of concerns regarding questionable accounting or auditing matters. These procedures may be or include those included in the Company's Code of Conduct. At least annually, the Committee shall review such procedures to ensure their effectiveness and their compliance with all applicable NYSE listing standards, SEC rules and other legal requirements, and take such actions as the Committee shall deem necessary or appropriate.
 - c. To annually prepare the Audit Committee report required by the rules of the SEC to be included in the Company's proxy statement for its annual meeting of shareholders.
 - d. To, from time to time, if the Committee determines it to be necessary or appropriate, conduct such reviews, investigations and surveys as the Committee may consider necessary or appropriate in the exercise of its duties and responsibilities.

E. Unrestricted Committee Communications.

The Committee shall, at all times, have unrestricted lines of communication with the chief executive officer, chief financial officer and/or principal accounting officer of the Company, as well as the Company's independent auditing firm. The Committee may, as it deems necessary or appropriate, obtain advice and assistance from outside legal, accounting or other advisors, which advisors shall be paid for by the Company.

A-6

F. Annual Review of Charter.

The Committee shall review and reassess the adequacy of this Charter not less than annually and may seek the input of the Company's independent auditing firm and the Company's Chief Executive Officer, Chief Financial Officer, General Counsel and/or other advisors with regard to the adequacy of this Charter and the necessity or desirability of any amendments.

G. Annual Performance Review.

The Committee shall, at least annually, be subject to a performance evaluation by the Board's Corporate Governance Committee in accordance with the Company's Corporate Governance Policy Guidelines.
