DIRECTORS

ELECTION OF DIRECTORS

Pursuant to the Restated Articles of Incorporation of the Company, directors are elected for staggered terms of three years, with approximately one-third of the directors to be elected each year.

At the Annual Meeting, three directors are to be elected. The Board of Directors, upon recommendation of the Governance Committee, has designated Janet M. Dolan, Stephen G. Shank, and Frank L. Sims as nominees for election to serve three-year terms ending at the time of the Annual Meeting in 2008 and, in each case, until their successors are elected and have qualified. The nominees have indicated a willingness to serve, but in case any of the nominees is not a candidate at the Annual Meeting, it is the intention of the persons named in the enclosed form of Proxy to vote in favor of the other nominees named and to vote for a substitute nominee selected by the Governance Committee.

The affirmative vote of a plurality of the outstanding shares of Common Stock present and entitled to vote in person or by proxy on the election of directors is necessary to elect each nominee. For this purpose, a shareholder voting through a Proxy who abstains with respect to the election of directors is considered to be present and entitled to vote on the election of directors at the meeting, and is in effect a negative vote; but a shareholder (including a broker) who does not give authority to a Proxy to vote, or withholds authority to vote, on the election of directors shall not be considered present or entitled to vote on the election of directors.

Ms. Knous has served as Executive Vice President and Chief Financial Officer of SUPERVALU INC., a leading food retail and distribution business, since September 1997. Ms. Knous serves as Chair of the Audit Committee and as a member of the Compensation and Executive Committees.

The Board of Directors has determined that Mr. Balagna, Mr. Hale, Ms. Knous, Mr. Shank, Mr. Sims, Mr. Miller and Mr. Russell, who constitute a majority of the Board and serve as members of various Board committees, are independent as defined by the listing standards of the NYSE. With respect to Mr. Hale, the Board of Directors considered the fact that he serves as a consultant, and formerly served as the Executive Vice President, General Counsel and Corporate Secretary, of Target Corporation and that Tennant had gross sales of approximately \$366,000 to Target during 2004. With respect to Ms. Knous, the Board of Directors considered the fact that she is an executive officer of SUPERVALU, a company that purchased \$753,000 of equipment from the Company in 2004. Certain of the Company's non-employee directors are affiliated with other entities that have business relationships with the Company involving the purchase or sale of products and services by the Company; however, the amounts involved were less than \$60,000 in 2004. The Board of Directors concluded that, based on all relevant facts and circumstances, none of these relationships constitutes a material relationship with the Company that would present a potential conflict of interest or otherwise interfere with the exercise by these directors of his or her independent judgment from management and the Company.

During 2004, the Board of Directors met on four occasions. All incumbent directors attended more than 75% of the aggregate number of meetings of the Board and of committees on which they served during 2004.

6

BOARD COMMITTEES

Audit Committee. The Board of Directors has an Audit Committee composed of Mr. Balagna, Ms. Knous, Mr. Russell, Mr. Shank and Mr. Sims, which met on eight occasions during 2004. The Board of Directors determined that all of the Audit Committee members have the requisite financial literacy required under the listing standards of the NYSE. The Board of Directors also determined that Ms. Knous has the requisite attributes of an audit committee financial expert as defined by regulations promulgated by the SEC and that such attributes were acquired through relevant experience and that she is independent as defined by the NYSE.

The Audit Committee operates under a written charter adopted by the Board of Directors, which was amended on February 18, 2004. The primary functions of the Audit Committee are to oversee the integrity of the Company's financial statements, the Company's compliance with legal and regulatory requirements, the independent registered public accounting firm's qualifications, independence and performance, the performance of the Company's internal audit function and the system of internal control over financial reporting.

Compensation Committee. The Board has a Compensation Committee composed of Mr. Hale, Ms. Knous, Mr. Miller, Mr. Russell and Mr. Sims, which met on three occasions during 2004. The primary functions of the Compensation Committee are to review and develop executive compensation plans of the Company and determine the compensation of officers.

Executive Committee. The Board has an Executive Committee composed of Mr. Balagna, Mr. Hale, Ms. Knous, Mr. Miller, Mr. Russell, Mr. Shank and Mr. Sims, which met four times during 2004. The primary functions of the Executive Committee were substantially modified in 2004. They now include reviewing such matters and taking such actions as are appropriate to be reviewed or taken by all of the non-management directors of the Board of Directors, including the annual review of the Chief Executive Officer's performance and the review and approval of the Company's management succession plan. The Executive Committee includes all non-management directors of the

Board. Mr. Shank, who serves as Chair of the Executive Committee, presides at all such meetings.

Governance Committee. The Board has a Governance Committee composed of Mr. Hale, Mr. Miller and Mr. Shank, which met on four occasions in 2004. The primary functions of the Governance Committee are to assist the Board of Directors in identifying individuals qualified to become members of the Board of Directors, determining the composition of the Board of Directors and its committees, leading the Board of Directors in its annual review of the performance of the Board of Directors and recommending to the Board of Directors the Company's Corporate Governance Principles.

Committee Charters and Other Governance Documents. Each of the committees of the Board of Directors has a charter that sets forth the committee's purpose and responsibilities. All of the charters are available on the Company's website at www.tennantco.com. The Company has also adopted Corporate Governance Principles and a Business Ethics Guide, copies of which are also available on the Company's website.

NOMINATIONS FOR THE BOARD OF DIRECTORS

The Governance Committee of the Board of Directors is responsible for recommending nominees for election to the Board of Directors. As specified in the Company's Corporate Governance Principles, the Governance Committee is responsible for reviewing with the Board of Directors, on an annual basis, the requisite skills and characteristics of individual members, as well as the composition of the Board of Directors as a whole, in the context of the needs of the Company. The Governance Committee will review all nominees for director and recommend to the Board of Directors those nominees whose attributes it believes would be most beneficial to the Company. This assessment will include such issues as experience, integrity, competence, diversity, skills, and dedication in the context of the needs of the Board, as well as the ability to represent effectively the interests of shareholders and other stakeholders generally. The Corporate Governance Principles also set forth certain requirements regarding the size of the Board of Directors, directors with job changes, director terms, other board service, retirement and independence matters.

7

In 2004, the Board of Directors elected Mr. Balagna to fill a vacancy on the Board of Directors. Mr. Balagna was identified and evaluated as a candidate by the non-management members of the Board of Directors without retaining assistance from any third party.

The Governance Committee will consider director candidates recommended by shareholders from time to time, provided that the recommendation is accompanied by a sufficiently detailed description of the candidate's background and qualifications to allow the Governance Committee to evaluate the candidate in light of the aforementioned criteria. Shareholders who wish to suggest qualified candidates to the Committee should write to the Chair of the Governance Committee at the Company's principal executive office, stating in detail the candidate's qualifications for consideration by the Committee. If a shareholder wishes to nominate a director other than a person nominated by or on behalf of the Board of Directors, he or she must comply with certain procedures set out in the Company's Restated Articles of Incorporation. Under the Company's Restated Articles of Incorporation, no person (other than a person nominated by or on behalf of the Board of Directors) shall be eligible for election as a director at any annual or special meeting of shareholders unless a written request that his or her name be placed in nomination is received from a shareholder of record by the Secretary of the Company not less than 75 days prior to the date fixed for the meeting, together with the written consent of such person to serve as a director.

SHAREHOLDER COMMUNICATIONS WITH THE BOARD OF DIRECTORS

Shareholders may communicate with the independent members of the Board of Directors by writing to the Chair of the Executive Committee at the Company's principal executive office, or by contacting the Company hotline which can be located through the Company's website. All of the communications will be delivered to the General Counsel who will then forward all communications to the appropriate member(s) of the Board of Directors to address the matter.

According to the Corporate Governance Principles, all members of the Board of Directors are encouraged to attend all annual meetings of shareholders. All of the directors attended the 2004 Annual Meeting of Shareholders.

COMPENSATION OF DIRECTORS

Non-employee directors are compensated with an annual cash retainer, meeting fees, restricted stock and stock options.

In June 2003, the Company hired an outside compensation consultant to review the Company's director compensation package and recommend changes. As a result of those recommendations, the Compensation Committee approved revisions to the director compensation package.

For the Board Year commencing May 6, 2004, each director received an annual retainer of \$20,000, plus \$1,000 for each board and committee meeting attended, and each committee chair received an additional \$3,000 annual retainer. Also, for the three Board Years commencing May 2, 2002, each non-employee director was issued 2,158 shares of restricted stock, based on a Fair Market Value of \$43.81 per share. Jeffrey Balagna, who joined the Board in June 2004, received a pro-rated portion of the annual retainer and a stock option grant for 1,000 shares with an exercise price of \$38.28 per share.

For each Board Year commencing after the 2005 Annual Meeting of Shareholders, each director will receive a \$20,000 annual cash retainer, plus \$1,000 for each board and committee meeting attended, the Chair of the Audit Committee shall receive an additional retainer of \$7,000 and the Chairs of the Compensation and Governance Committees shall each receive an additional \$3,000 annual retainer. For each Board Year commencing after the 2005 Annual Meeting of Shareholders, each director will also receive 500 restricted shares pursuant to the Tennant Company Restricted Stock Plan for Non-Employee Directors (the Director Plan) and an option grant for 1,000 shares with an exercise price equal to Fair Market Value based on the closing price on the first business day of the Board Year pursuant to the Tennant Company Non-Employee Director Stock Option Plan (the Director Option Plan).

The Director Plan provides that the restrictions on the restricted stock will lapse only upon the first to occur of (a) the death of the director, (b) the disability of the director preventing continued service on the Board, (c) retirement of the director from the Board in accordance with any policy on retirement of Board members then in effect, (d) the termination of service as a director by reason of (i) resignation at the request of the Board, (ii) resignation on the date specified in a written notice given to the Board at least one year in advance, (iii) the director's failure to have been nominated for reelection to the Board or to have been re-elected by the shareholders, or (iv) the director's removal by the shareholders, or (e) a change in control of the Company (as defined in the Director Plan). In no event will the

restrictions lapse prior to six months after the date of issuance. Upon the occurrence of an event causing the restrictions to lapse, restricted stock issued to the director in payment of the retainer for Board Years commencing following the occurrence of the event is forfeited and returned to the Company. Under the Director Plan, non-employee directors who are elected or appointed to the Board on a date other than a regular issue date receive a prorated number of shares of restricted stock. The options issued under the Director Option Plan will vest as to 33% of the shares subject to the option each year on a cumulative basis.

TENNANT COMPANY AUDIT COMMITTEE REPORT

The Audit Committee's meetings were designed to facilitate and encourage private communication between the Committee and the Company's independent registered public accounting firm, KPMG LLP. In addition, the Committee complied with its charter responsibilities. The Audit Committee has reviewed and discussed the audited consolidated financial statements with management. The Committee discussed with the independent registered public accounting firm the matters required to be discussed by Statement of Auditing Standards No. 61 (Communication with Audit Committees).

The Company's independent registered public accounting firm also provided to the Committee the written disclosures required by the Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Committee discussed with the independent registered public accounting firm the firm's independence.

Based upon the Committee's discussion with management and the independent registered public accounting firm and the Committee's review of audited consolidated financial statements and the report of the independent registered public accounting firm to the Committee, the Committee recommended that the Board of Directors include the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2004, filed with the Securities and Exchange Commission.

EXECUTIVE COMPENSATION

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

Overview and Philosophy. The Compensation Committee of the Board of Directors is composed entirely of independent directors and is responsible for reviewing and developing executive compensation plans of the Company. In addition, the Compensation Committee, pursuant to authority delegated by the Board, determines on an annual basis the compensation to be paid to the Chief Executive Officer and each of the other executive officers of the Company.

The objectives of the Company's executive compensation program are to:

Motivate executives to achieve corporate goals by placing a significant portion of pay at risk.

Provide a strong link between the Company's short- and long-term goals and executive compensation.

Provide competitive total compensation in order to attract and retain high-caliber key executives critical to the long-term success of the Company.

Align the executives' interests with those of the shareholders by providing a significant portion of compensation in Company Common Stock.

The executive compensation program is intended to provide an overall level of compensation opportunity that is competitive with that provided by other U.S. durable goods manufacturing companies of similar size. To determine competitiveness, the Committee annually uses compensation survey data, adjusted for sales volume, which is verified every three to four years by an outside consultant. The last review by an outside consultant was conducted in 2002 and indicated that the Company's total executive compensation was competitive. Actual compensation levels may be greater or less than average competitive levels depending on annual and long-term Company performance, individual performance against goals set at the beginning of the year, and scope of responsibilities. The Compensation Committee uses its discretion to set executive compensation at levels that are warranted in its judgment by external and internal comparisons and individual circumstances. The Company's policy is to structure its compensation programs, where possible, to qualify for exemptions from the deduction limitations under the Internal Revenue Code Section 162(m). Certain of the Company's compensation plans qualify for exemption from the deduction limitations under this Section.

Executive Compensation Program. The Company's executive compensation program is comprised of base salary, annual cash incentive compensation and long-term incentive compensation in the form of cash-based awards, stock awards, restricted stock grants, and stock options. The

10

long-term plans have a significant portion of their payout in Company Common Stock. In addition, executives receive various benefits, including medical and retirement plans, generally available to employees of the Company.

Base Salary. Base salary levels for the Company's executives are competitively set relative to the average of other U.S. durable goods manufacturing companies of similar size. In determining salaries, the Compensation Committee also takes into account individual experience, performance, and scope of responsibility, although no particular weight is given to any one factor.

Annual Cash Incentive Compensation. The purpose of the Company's Short-Term Incentive Plan is to provide a direct financial incentive in the form of annual cash incentives to executives to achieve their business units' and/or the Company's annual goals. Target incentive awards are set at a level consistent with the averages of other U.S. durable goods manufacturers, after adjusting for sales volume. In fiscal 2004, Company and business unit economic profit improvement was the financial metric used for the annual incentive plan. Economic profit (EP) is based on the Company's net operating profit after taxes less a charge for net assets used in the business. Executives can earn incentive compensation based on the level of EP improvement year over year. Participants under this plan are permitted to defer all or any portion of this incentive into Company Common Stock units having a fair market value on the date of conversion of 120% of the cash incentive that is deferred.

Long-Term Incentive Compensation. The Company's long-term incentive plans for executive officers and key managers include several stock-based award plans. The Company's Long-Term Incentive Plan is a three-year program designed to provide a direct financial incentive in the form of cash and Company Common Stock (40% cash and 60% stock in 2004) to executives to achieve the Company's three-year financial goals. In 2004, cumulative Company EP improvement for the three-year period ending December 31, 2006, over the base year was the financial metric used.

The Company also provides restricted stock and stock option awards. The restricted stock generally has one or two-year restriction periods, and, in some cases, is subject to the achievement of specific performance objectives. The stock options are non-qualified and generally have a 10-year term, three-year vesting and, for certain participants, a one-time reload option upon exercise during the term. The objectives of the plans are to align executive and shareholder long-term interests by creating a direct link between executive pay and shareholder return, and to enable executives to develop and maintain a significant, long-term ownership position in the Company's Common Stock.

The amount of the stock-based awards increases as a function of higher salary and position in the Company. The award amounts, as a percent of base salary, are reviewed and adjusted, as necessary, to ensure their competitiveness. During 2004, the Compensation Committee granted stock-based awards pursuant to the Short-Term Incentive Plan, Long-Term Incentive Plan, restricted stock and stock option programs.

Stock Ownership Guidelines. In order to define better for executives the minimum amount of stock that should be held, in 1993 the Compensation Committee established executive stock holding guidelines. These guidelines, which were revised in 1997 and again in 2004 to reflect the competitive environment, identify the amount of company

stock-based holdings (including restricted and unrestricted shares, deferred stock units, shares held under Company benefit plans, and potential gains from vested and unvested options) which each executive should hold as a multiple of his or her base pay. Officers have five years from employment or promotion to meet these guidelines. The current guidelines are: CEO five times base salary, Senior Vice President two times base salary, and Vice Presidents one times base salary. Each year, the Committee reviews the progress of each executive toward those goals. The Committee is satisfied with the progress made by the Company's executives in 2004 toward achievement of these goals.

11

Chief Executive Officer Compensation. Ms. Dolan's fiscal 2004 base salary and incentive award were determined by the Compensation Committee in accordance with the methodology described above.

Base Salary	Ms. Dolan's total base salary for fiscal 2004 was \$475,900.
Annual Incentive	Ms. Dolan earned \$397,800 as an annual incentive for fiscal 2004. Ms. Dolan's annual incentive was based on achievement of 119.4% of the Company's economic profit improvement target set by the Compensation Committee for 2004.
Long-Term Performance Grants	Ms. Dolan earned no Long-Term Incentive Plan award for fiscal 2004. She received in 2004 a restricted stock grant having a value of \$25,000. She also received in 2004 a stock option grant for 29,000 shares.

- (1) A deferral plan is provided for Tennant executives, which allows them to defer a portion of their salary. Executives may elect to defer up to 25% of their current year salary. The amounts shown in the above table include any amounts thus deferred; however, of the total 2004 salaries shown in the table, no salary deferral has been made. Payout is made in cash within ten years of termination of employment. Interest is paid on these deferred amounts at a rate set annually by the Compensation Committee. For 2005 the interest rate has been set at 5.22% of the amounts deferred.

12

- (2) Ms. Dolan earned \$397,800 as an annual incentive for fiscal 2004. For 2004, Ms. Dolan's target annual incentive was set at 70% of her base salary. Based upon 119.4% achievement of the Company's economic profit improvement target and an individual performance multiplier of 100%, Ms. Dolan received an annual incentive equal to 119.4% of her target incentive. Amounts for 2004 represent Management Incentive Plan payouts and any annual incentive amounts. In an effort to increase senior management stock holdings and facilitate shareholder alignment, senior managers are offered the opportunity to receive deferred stock units in lieu of the short-term cash award at a rate of \$1.20 in deferred stock units for each dollar of cash bonus earned. The stock price of \$38.14 was set at the closing price on the date of grant. Of the amounts set forth above, Ms. Dolan elected to take \$198,900 in the form of deferred stock units.
- (3) The value of the restricted stock awards was determined by multiplying the Fair Market Value of the Company's Common Stock on the date of grant by the number of shares awarded. Using the fair market value of the Company's Common Stock as of December 31, 2004, the number and value of restricted stock awards issued in 2004 were as follows: 578 shares (\$25,027) to Ms. Dolan; 370 shares (\$16,021) to Mr. Killingstad; 278 shares (\$12,037) to Mr. Lenders; 1,278 shares (\$55,337) to Mr. Carter; and 278 shares (\$12,037) to Mr. Brausen. These shares of restricted stock have a two-year vesting period from respective dates of issuance, with a portion of these shares vesting after year one. Dividends are paid on restricted stock awards at the same time and rate as paid to all shareholders.
- (4) Amounts represent payments under the Tennant Profit Sharing and ESOP Plan and the Company's Excess Benefit Plan as follows: (a) Profit Sharing Contributions (which were equal to 3% of earnings) were paid as follows for 2002, 2003 and 2004, respectively: \$7,942, \$9,046 and \$17,301 to Ms. Dolan; \$4,543, \$5,174 and \$9,318 to Mr. Brausen; \$769, \$6,479 and \$9,992 to Mr. Carter; and \$0, \$4,392 and \$11,250 to Mr. Killingstad;

(b) employer Matching Contributions relating to employee Individual Shelter Contributions (Internal Revenue Code Section 401(k) contributions) were paid as follows for 2002, 2003 and 2004, respectively, through the allocation of Company Common Stock from the unallocated ESOP reserve: \$4,500, \$6,000 and \$6,150 to Ms. Dolan; \$4,762, \$6,000 and \$6,150 to Mr. Brausen; \$4,904, \$6,000 and \$6,150 to Mr. Carter; and \$4,748, \$6,000 and \$6,150 to Mr. Killingstad; and (c) Excess Benefit Plan awards were made as follows for 2002, 2003 and 2004, respectively: \$7,413, \$7,568 and \$11,151 to Ms. Dolan; \$2,052, \$1,762 and \$3,167 to Mr. Brausen; \$3,346, \$3,718 and \$3,841 to Mr. Carter; and \$1,587, \$3,865 and \$5,101 to Mr. Killingstad. Mr. Lenders is a resident of Belgium and does not participate in these compensatory programs.

- (5) Mr. Killingstad was first appointed as an executive officer in May 2002.
- (6) Mr. Lenders' compensation amounts stated in dollars are affected by changes in the Euro/U.S. dollar foreign exchange rates.

- (1) All such options granted under the Plans are nonqualified options, and are exercisable 33% per year, on a cumulative basis, beginning one year after the date of the grant. Such options become immediately exercisable, however, upon (a) death, disability, or retirement of the holder, or (b) a change of control (defined as certain

changes in the Company's Board of Directors, certain concentrations of voting power, certain mergers, sales of corporate assets, statutory share exchanges or similar transactions, or liquidation or dissolution of the Company). The holder is permitted to pay the exercise price and withholding taxes due upon exercise with cash, shares of Common Stock, a reduction in the number of shares delivered to the holder, or a combination of these alternatives.

- (2) The exercise price of such options is not less than the Fair Market Value (as defined in the Plans) of a share of Common Stock at the time of grant.
- (3) The hypothetical potential appreciation shown in these columns reflects the required calculations at annual rates of 5% and 10% set by the Securities and Exchange Commission, and therefore are not intended to represent either historical appreciation or anticipated future appreciation of the Company's Common Stock price.

MANAGEMENT AGREEMENTS

The Company is a party to management agreements (the Agreements) with certain of the executive officers of the Company. The purpose of each of the Agreements is to encourage the executive to continue to carry out his or her duties in the event of the possibility of a change in control of the Company and to remain in the service of the Company in order to facilitate an orderly transition in the event of an actual change in control of the Company.

Each of the Agreements provides that the executive is entitled to receive his or her stated annual base salary, which is subject to annual review and adjustment by the Board of Directors. Each Agreement provides that the Board of Directors may not decrease the executive's annual base salary by more than 15% of the executive's prior year annual base salary. Each Agreement also provides that the executive will participate in certain of the Company's incentive programs and the Company's general benefits programs. Following termination of employment with the Company, an executive agrees to provide limited consulting services, not to compete with the Company, not to solicit employees and customers and not to disclose confidential information of the Company. In some circumstances, the executive shall receive one year's base salary for the consulting obligation and restrictive covenants.

Each Agreement provides that if the executive's employment is terminated by the Company without cause or is terminated by the executive for good reason, as defined in the Agreements, for a period of one year from the termination date, the executive is entitled to continue to receive his or her annual base salary (subject to reduction for any consulting and non-competition payments), receive the amount of the incentive award that would have been payable if the performance targets had been met and receive general benefits comparable to the programs in which the executive participated during employment with the Company.

Under the terms of each of the Agreements, if, between the occurrence of a change in control of the Company and the three-year anniversary date of such occurrence, an executive's employment is involuntarily terminated (for any reason other than death, disability, or for cause), the executive will be entitled to receive severance compensation and to receive general benefits comparable to the programs in which the executive participated during employment with the Company. If an executive resigns after certain changes in the executive's duties, compensation, benefits, work location or travel responsibilities, the executive shall be entitled to the same payments and benefits as if the executive had been involuntarily terminated without cause. Such compensation is payable also if the termination occurs before the change in control but after steps to change control have been taken, provided that a change in control ultimately occurs.

Severance compensation in connection with such changes in control consists of three times the executive's average annual taxable compensation during the executive's five taxable years preceding the change in control, minus \$1.00, plus the continuation of certain insurance benefits, subject to reduction: (i) for the amount (up to one year's base salary) the executive is eligible to receive in consideration for his or her consulting and non-compete obligations, (ii) for the amount of any other severance compensation the executive is eligible to receive from the Company under any other agreement of the Company providing compensation in the event of involuntary termination and (iii) to the extent necessary to avoid excise taxation to the executive or non-deductibility to the Company under federal income tax laws. If an executive subject to an Agreement voluntarily terminates his or her employment within 30 days after the first anniversary of a change in control and is not entitled to a payment of three times average annual compensation during the five-year period, the executive is

16

nevertheless entitled to payment of one times the five-year average annual compensation, plus incentive payments and general benefits comparable to the programs in which the executive participated during employment with the Company, subject to the same reductions set forth in (i), (ii) and (iii) above.

Severance payments relating to a change in control are payable in a lump sum upon termination. As of the date of this Proxy Statement, the total compensation in the event of a termination without cause following a change in control (assuming no reductions) for Ms. Dolan would be \$2,116,937; Mr. Killingstad, \$1,113,776; Mr. Lenders, \$772,426; Mr. Carter, \$906,760; and Mr. Brausen, \$823,927. The Company also will reimburse an executive for legal fees and expenses incurred in resolving disputes under the Agreement.

TENNANT COMPANY PENSION PLAN

The Tennant Company Pension Plan provides fixed retirement benefits for certain employees of the Company. Based upon certain assumptions, including continuation of the Pension Plan as of January 1, 2005, without amendment, the following table shows the annual retirement benefits (including the additional retirement benefits

described in the second sentence under Tennant Company Excess Benefit Plan below) which would be payable as a straight life annuity commencing at age 65 to persons at various salary levels after specified years of service.

Under the Pension Plan, benefits are payable based upon a percentage of a participant's final average pay excluding bonus, overtime or other special forms of remuneration. Currently under ERISA, as amended, the maximum annual amount that can be paid during 2005 to any individual is \$170,000. Amounts in excess of that maximum as well as amounts based on compensation that is excluded from the Plan formula by ERISA or the terms of the Plan are covered under the Tennant Company Excess Benefit Plan. The years of credited service under the Pension Plan for the named executive officers are: Ms. Dolan 19 years, and Mr. Brausen 5 years. If Ms. Dolan or Mr. Brausen were to retire currently, the final average pay used by the Plan to determine benefits payable pursuant to the above table as of December 31, 2004 would be \$468,726 for Ms. Dolan and \$253,091 for Mr. Brausen.

The figures above are not subject to deductions for Social Security or other offset amounts.

TENNANT COMPANY EXCESS BENEFIT PLAN

An Excess Benefit Plan provides additional retirement benefits for highly compensated employees participating in the Tennant Company Profit Sharing and Employee Stock Ownership Plan or the Pension Plan. Employees participating in the Excess Benefit Plan will receive a retirement benefit equal to the additional benefits which would have been provided under the Pension Plan if (a) the limitations imposed by Sections 401(a)(17) and 415 of the Internal Revenue Code were not applicable, and (b) management bonuses were included in certified earnings for the

year in which they were earned, and (c) deferred salaries were included in certified earnings for the plan year in which such amounts would have been paid in the absence of the deferral. Employees participating in the Excess Benefit Plan also receive cash payments of amounts, which would have been contributed by the Company to the Tennant Company Profit Sharing and Employee Stock Ownership Plan as Profit Related Retirement Contributions, or Matching Contributions if various limitations imposed by the Internal Revenue Code were not applicable.
