PART A

ASA (BERMUDA) LIMITED

FUND EXPENSES

The following tables are intended to assist investors in understanding the various costs and expenses that an investor will bear directly or indirectly as a result of purchasing shares of ASA (Bermuda) Limited (the "Company"). See "Management - Expenses" and "Dividend Reinvestment Plan".

SHAREHOLDER TRANSACTION EXPENSES

Dividend Reinvestment and Cash Purchase Plan Fee*	5% of total funds invested (\$2.50 per transaction maximum). \$10 fee for sales.
---	--

* Does not include brokerage commissions.

ANNUAL EXPENSES (AS A PERCENTAGE OF NET ASSETS)

Management Fees(1)	None
Other Expenses(2)	0.73%
Total Annual Expenses	0.73%

(1) The Company does not have an outside investment adviser.

(2) The figure provided under "Other Expenses" is based upon estimated amounts for the Company's initial fiscal year and includes expenses such as directors' fees, employee salaries and benefits, administrative fees, legal fees, auditing fees and insurance expenses.

The Example set forth below assumes reinvestment of all dividends at net asset value. The Example also assumes that the ratio set forth above for Total Annual Expenses remains the same each year. THE EXAMPLE SHOULD NOT BE CONSIDERED A REPRESENTATION OF PAST OR FUTURE EXPENSES OR ANNUAL RATES OF RETURN. ACTUAL EXPENSES AND ANNUAL RATES OF RETURN MAY BE MORE OR LESS THAN THOSE ASSUMED FOR PURPOSES OF THE EXAMPLE. In addition, while the Example assumes reinvestment of all dividends at net asset value, participants in the Company's Dividend Reinvestment Plan may receive shares purchased at a price different from net asset value. See "Dividend Reinvestment Plan."

GENERAL DESCRIPTION OF THE COMPANY

The Company is a diversified, closed-end management investment company registered under the Investment Company Act of 1940, as amended (the "1940 Act"), and organized as an exempted limited liability company under the laws of Bermuda on April 29, 2003. On September 20, 2004, the Company obtained an order under Section 7(d) of the 1940 Act from the Securities and Exchange Commission (the "SEC") allowing it to register under the 1940 Act. The Company intends to acquire the assets, and assume the liabilities, of ASA Limited, a South African public limited liability company, which is also a diversified closed-end management investment company registered with the SEC pursuant to an order under Section 7(d) of the 1940 Act. The Company has no operating history and will have only nominal assets until it acquires the assets of ASA Limited. The Company's investment policies are the same as those of ASA Limited.

INVESTMENT OBJECTIVES AND POLICIES

(a) GENERAL. It is the policy of the Company to invest over 50% of the value of its total assets in the common shares or securities convertible into common shares of companies conducting, as the major portion of their business, gold mining and related activities in the Republic of South Africa. It is expected that most of such companies will have reached the production stage. The balance of the Company's total assets, other than small amounts that may be held in cash, may be (i) invested in common shares or securities convertible into common shares of companies engaged in other businesses of varied types in South Africa, (ii) held in the form of gold bullion or certificates of deposit therefor to be purchased, directly or indirectly, with South African rand (provided that the Company's holdings in the form of gold bullion or certificates of deposit therefore may not exceed 25% of the value of the Company's total assets) and/or (iii) invested in common shares or securities convertible into common shares of companies primarily engaged outside of South Africa in extractive or related industries or in the holding or development of real estate (provided that the Company's investment in such companies may not exceed 20% of the value of the Company's total assets).

If investment opportunities deemed by the Company to be attractive are not available in the types of securities referred to in the preceding paragraph, the Company may deviate from the investment objectives and strategies outlined in the preceding paragraph and make temporary investments of unlimited amounts in securities issued or guaranteed by the Government of South Africa or any instrumentality thereof, or it may liquidate its investments and temporarily retain the proceeds in South African rand. Such proceeds may also be temporarily retained in United States dollars.

4

The investment objectives and policies set forth above may not be changed without shareholder approval.

(b) FUNDAMENTAL POLICIES. The following are fundamental investment policies of the Company that may not be changed without shareholder approval:

(1) ISSUANCE OF SENIOR SECURITIES. It is the policy of the Company not to issue any class of senior securities (debt obligations or preferred stock),

Edgar Filing: ASA BERMUDA LTD - Form N-2

except that the Company may issue senior securities representing indebtedness payable in money of any currency, in any amount and on any terms that the Board may deem advisable, provided that no such senior securities shall (a) result in the Company's total indebtedness for borrowed money immediately after such issue having an asset coverage of less than 300% (securities listed on the JSE Securities Exchange South Africa to be valued for this purpose at their then current market value on such exchange) or (b) be secured by the pledge, mortgage or hypothecation of any of the Company's assets.

(2) SHORT SALES, PURCHASES ON MARGIN AND PUT AND CALL OPTIONS. It is the policy of the Company not to purchase any securities on margin or sell any securities short.

(3) BORROWING. It is the policy of the Company to borrow money of any currency, in any amount and on any terms that the Board of Directors may deem advisable, PROVIDED that no such borrowing shall (a) result in the Company's total indebtedness for borrowed money immediately after such borrowing having an asset coverage of less than 300% (securities listed on the JSE Securities Exchange South Africa to be valued for this purpose at their then current market value on such exchange) or (b) be secured by the pledge, mortgage or hypothecation of any of the Company's assets.

(4) UNDERWRITING SECURITIES OF OTHER ISSUERS. It is the policy of the Company not to make any commitment in respect of any underwriting of securities, or in any participation in any such underwriting, that could or would, through joint obligations or by reason of defaults on the part of other participants, involve the assets of the Company to an extent over and above prescribed and specific amounts intended or permitted to be acquired as an addition to portfolio holdings. Furthermore, the Company may not participate as an underwriter of securities in any underwriting that could result in the Company's holding securities or amounts of securities not permitted by its investment restrictions.

(5) CONCENTRATION OF INVESTMENTS IN A PARTICULAR INDUSTRY OR GROUP OF INDUSTRIES. It is the policy of the Company to invest over 50% of the value of its total assets in the common shares or securities convertible to common shares of companies conducting, as the major portion of their business, gold mining and related activities in the Republic of South Africa. It is expected that most of such companies will have reached the production stage.

(6) PURCHASE OR SALE OF REAL ESTATE AND REAL ESTATE MORTGAGE LOANS. It is the policy of the Company not to purchase or sell real estate except (a) to the extent necessary to provide it with an office for the transaction of its business and (b) that the Company may invest up to 20% of the value of its total assets in common shares or securities convertible into common shares of companies primarily engaged outside of South Africa in extractive or related industries or in the holding or development of real estate. The Company may not pledge, mortgage or hypothecate any of its assets.

5

(7) PURCHASE OR SALE OF COMMODITIES OR COMMODITY CONTRACTS. It is the policy of the Company not to purchase or sell commodities or commodity contracts, except that the Company may hold up to 25% of the value of its total assets in the form of gold bullion or certificates of deposit therefor. The Company does not intend to deal in gold bullion.

(8) LOANS. It is the policy of the Company not to lend its funds or other assets to any person, other than through the purchase, in accordance with its investment policies, of securities.

Edgar Filing: ASA BERMUDA LTD - Form N-2

(9) PERCENTAGE OF ASSETS THAT THE COMPANY MAY INVEST IN THE SECURITIES OF ANY ONE ISSUER. It is the policy of the Company not to purchase the securities of any issuer if, immediately after and as a result of such purchase, the market value of such securities and all other securities of the same issuer owned by the Company exceeds 20% of the value of the Company's total assets, determined in such manner as may be approved by the Board and applied on a consistent basis (subject to the limitations of Section 2(a)(41) of the 1940 Act), except securities issued or guaranteed by the Government of the Republic of South Africa or any instrumentality thereof; PROVIDED, HOWEVER, that the Company may not purchase the securities of any issuer if, immediately after and as a result of such purchase, the market value of such securities and all other securities of the same issuer owned by the Company exceeds 10% of the value of the Company's total assets, so determined, if either (a) such purchase will result in more than 40% of the value of those assets consisting of investments in companies each of which investments exceeds 10% of the value of those assets or (b) such 40% limitation is already exceeded.

(10) PERCENTAGE OF VOTING SECURITIES OF ANY ONE ISSUER THAT THE COMPANY MAY ACQUIRE. It is the policy of the Company not to purchase securities of any issuer if, immediately after and as a result of such purchase, the Company owns more than 10% of any class of outstanding securities of such issuer, except securities issued or guaranteed by the Government of South Africa or any instrumentality thereof.

(11) INVESTMENT IN SECURITIES OF OTHER INVESTMENT COMPANIES. It is the policy of the Company that it may purchase securities issued by another investment company otherwise than in the open market, but only within the limitations imposed by the 1940 Act.

(12) INVESTMENTS OF CASH. It is the policy of the Company to invest its cash in certificates of deposit issued by U.S. banks. The Company may also invest its funds in South African rand denominated accounts, which may be interest bearing, with an Eligible Foreign Custodian or an overseas branch of a Qualified U.S. Bank (as such terms are defined in the 1940 Act) located in South Africa, in an aggregate amount not exceeding 5% of the value of the Company's total assets.

(13) PURCHASES OF SECURITIES OF NEW ISSUERS. It is the policy of the Company not to purchase the securities of any issuers that have a record of less than three years' continuous operation (such period to include the period of operation of any predecessor, if the issuer whose securities are proposed as an investment has come into existence as a result of a merger, consolidation,

6

reorganization or the purchase of substantially all of the assets of such predecessor) if such purchase at the time thereof would cause more than 10% of the value of the Company's total assets to be invested in the securities of such issuers.

(14) PURCHASE OF SECURITIES ISSUED BY BROKERS, DEALERS, UNDERWRITERS, INVESTMENT ADVISERS, INSURANCE COMPANIES. It is the policy of the Company not to purchase or otherwise acquire any securities issued by brokers, dealers, underwriters or investment advisers or, except within the limitations imposed by the 1940 Act, any securities issued by insurance companies.

(15) PURCHASE OF SECURITIES OF CERTAIN RELATED ENTITIES. It is the policy of the Company not to purchase or hold securities of any issuer any of whose officers, directors, trustees or security holders are also officers or directors of the Company if any one or more of such persons own beneficially more than 1/2 of 1% of the securities of that issuer and the persons owning more than 1/2 of

Edgar Filing: ASA BERMUDA LTD - Form N-2

1% of such securities together own beneficially more than 5% of the securities of such securities of such issuer.

(16) PLEDGE OR MORTGAGE OF ASSETS. It is the policy of the Company not to pledge, mortgage or hypothecate any of its assets.

(17) PARTICIPATION IN TRADING ACCOUNT. It is the policy of the Company not to participate on a joint, or a joint and several, basis in any trading account in securities, except in connection with an underwriting in which the Company is a participant.

RISK FACTORS

Although there is some degree of risk in all investments, there are special risks inherent in the Company's investment policies, including its policy of investing in equity securities of companies conducting, as the major portion of their business, gold mining and related activities in South Africa. These risks include the following:

INDUSTRY CONCENTRATION

Because of its concentration in the securities of companies involved in gold mining and related activities, the Company's portfolio may experience greater volatility than that of a broader-based investment company. The profitability of companies involved in gold mining and related activities is significantly affected by changes in the market price of gold (for further details, see "Fluctuations in the Price of Gold" below). Gold mining companies also face risks related to their operations that may affect overall profitability. These risks include the uncertainty and cost of mineral exploration and acquisitions and the uncertainties and unexpected problems and delays in developing mines. In addition, the business of gold mining is subject to numerous risks that could adversely impact a gold mining company. These risks include environmental hazards, industrial accidents, underground fires, labor disputes, unexpected geological formations, availability of appropriately skilled persons, unanticipated ground and water conditions, fall of ground accidents, legal and regulatory restrictions and seismic activity.

DIVERSIFICATION

The Company is classified as a diversified investment company. However, due to consolidation in the gold mining industry, the Company may be invested in a limited number of securities and hold large positions in certain securities. As

7

a result, a change in value in one or more of these securities could significantly affect the Company's net asset value.

FLUCTUATIONS IN THE PRICE OF GOLD

The price of gold has been subject to dramatic downward and upward price movements over short periods of time and may be affected by unpredictable international monetary and political policies, such as currency devaluations or revaluations, economic conditions within an individual country, trade imbalances, or trade or currency restrictions between countries, world inflation rates or expectations regarding inflation rates, interest rates and currency exchange rates. The price of gold also is influenced by the actual or expected purchases and sales of gold reserves by central banks or other large gold bullion holders or dealers, the demand for gold for industrial uses and for use in jewelry, gold sales by gold producers in forward transactions, and the cost

Edgar Filing: ASA BERMUDA LTD - Form N-2

of gold production in major gold-producing nations such as South Africa. The price of gold, in turn, is likely to affect the market prices of securities of companies mining or processing gold, and accordingly, the value of the Company's investments in such securities may also be affected.

INVESTMENTS IN GOLD BULLION

The Company may hold up to 25% of the value of its total assets in the form of gold bullion or certificates of deposit therefor. Unlike certain more traditional investment vehicles such as savings deposits and stocks and bonds, which may produce interest or divided income, gold bullion earns no income return. Appreciation in the market price of gold is the sole manner in which the Company will be able to realize gains on its investment in gold bullion. Furthermore, the Company may encounter storage and transaction costs in connection with its ownership of gold bullion that may be higher than those attendant to the purchase, holding and disposition of more traditional types of investments.

CURRENCY FLUCTUATION

The U.S. dollar value of the Company's non-U.S. investments may be significantly affected by changes in the exchange rates between the dollar and the currencies, particularly the South African rand, in which those investments are traded. Under normal circumstances, over 50% of the value of the Company's total assets will be invested in common shares or securities convertible into common shares of companies conducting, as a major portion of their business, gold mining and related activities in South Africa. Generally, these investments, and the dividends earned on these investments will be denominated in South African rand. Consequently, a change in the value of the rand against the U.S. dollar will result in a corresponding change in the U.S. dollar value of the Company's assets and dividend income denominated in that currency.

Furthermore, mineral commodities such as gold are sold throughout the world principally in U.S. dollars, but the South African mining companies in which the Company may be invested incur their operating costs principally in South African rand. Therefore, any appreciation in the value of the South African rand relative to the U.S. dollar will adversely affect the profits of these South African mining companies and also, indirectly, the value of the Company's

8

investments in them. The rand has experienced significant appreciation against the U.S. dollar since reaching an all-time low against that currency late in 2001.

RISKS RELATING TO SOUTH AFRICA

Under normal circumstances, over 50% of the Company's total assets will be invested in common shares or securities convertible into common shares of companies conducting, as a major portion of their business, gold mining and related activities in the Republic of South Africa. As a result, the Funds are subject to risks relating to South Africa.

While highly developed, sophisticated business sectors and infrastructure form the core of South Africa's economy, large parts of the population do not have access to adequate education, health care, housing and other services, including water and electricity. South Africa also has high levels of crime, poverty and unemployment in comparison with developed countries. These problems have been among the factors that have hampered investment into South Africa, prompted emigration of skilled workers and have affected South Africa's economic growth rate negatively.

Edgar Filing: ASA BERMUDA LTD - Form N-2

The South African government committed itself to creating a stable, democratic free market economy. However, it is difficult to predict the future political, social and economic direction of South Africa or how the government will try to address South Africa's challenges. It is also difficult to predict the affect of these challenges on the Company's investments.

Further, there has been political and economic instability in neighboring countries north of South Africa. Any resulting political or economic instability in South Africa could have a negative impact on the Company's South African investments.

A substantial portion of the South African gold mining industry is unionized, and companies within the industry are at risk of having their production halted for indefinite periods due to strikes and other labor disputes. In addition, since 1995 various labor laws have been enacted in South Africa that enhance the rights of employees and have imposed additional costs on the gold mining industry.

South Africa's exchange control regulations restrict transactions between residents of the Common Monetary Area (which consists of South Africa, the Republic of Namibia and the Kingdoms of Lesotho and Swaziland) and non-residents of the Common Monetary Area. These restrictions hinder the ability of South African companies, including companies in which the Company invests, to make foreign investments and procure foreign denominated financing. While exchange controls have been relaxed in recent years, it is difficult to predict whether or how the South African Government will further relax the remaining exchange control regulations in the future.

Significant labor disputes and work stoppages in the gold mining industry may adversely affect the price of gold, the rand/dollar exchange rate and the operations and financial condition of companies within the gold mining industry. In addition, the cost of compliance with labor laws may reduce the net profit of such companies. Accordingly, the Company's investment in such companies may be affected.

The incidence of HIV/AIDS in South Africa could pose a risk to companies in which the Company invests. The exact impact of HIV/AIDS on the cost of conducting business in South Africa and the potential growth of the South African economy is unclear at this time. However, the incidence of HIV/AIDS infections and HIV/AIDS related diseases is expected to reduce productivity and increase employee related costs in South Africa, which adversely impact on the operations of companies in which the Company invests.

FOREIGN REGULATORY ENVIRONMENT

Companies in South Africa are subject to accounting, auditing and financial standards and requirements that closely follow those prescribed by United Kingdom authorities. Although these standards are rigorous, they differ from those applicable to U.S. companies, and therefore the assets, liabilities and profits of South African companies, as reported in their financial statements, may not be the same as would be reflected if the statements had been prepared in accordance with U.S. generally accepted accounting principles.

It may be said that in South Africa there is less government supervision and regulation of South African securities exchanges, underwriters, brokers, dealers and listed companies than exists in the United States. The JSE Securities Exchange South Africa, on which most of the securities in the Company's portfolio are listed, is governed by a statute that regulates the

Edgar Filing: ASA BERMUDA LTD - Form N-2

operation not only of the Exchange but also of its members and individual stockbrokers. The regulatory powers contained in this statute are enforceable in the South African courts.

There is less publicly available information about South African registered companies than about U.S. companies. As a result, the successful management of the Company's portfolio may be more dependent upon the skills and expertise of its portfolio manager than is the case for investment companies that invest primarily in U.S. companies because the comparative lack of information requires greater diligence by the portfolio manager in original research and careful evaluation of available information.

The mining legislation to which South African mining companies are subject has been replaced by the South African Mineral and Petroleum Resources Development Act No. 28 of 2002 ("MDA"), which came into effect on May 1, 2004. The broad objectives of the MDA and the Mining Charter issued pursuant to the MDA are to facilitate participation of historically disadvantaged South Africans in the mining industry and to ensure that unexploited minerals are profitably mined. To give effect to these objectives, the right to prospect and mine for minerals, which was previously based on a system of private ownership, will now vest in the South African government, which will grant prospecting and mining rights to applicants who are able to comply with various stipulated criteria, which include criteria relating to black economic empowerment and social and economic improvement. The principles contained in the Mining Charter relate to the transfer of 26% of South African mining assets to historically disadvantaged South Africans over a ten-year period.

The transitional provisions of the MDA facilitate the conversion of current prospecting and mining rights to the new form of rights contemplated by the MDA. Conversion applicants will also have to demonstrate how they intend complying with the MDA's empowerment criteria within a maximum period of five years from May 1, 2004. If the South African companies in which the Company will invest fail to comply with the conversion criteria stipulated in the MDA, then these companies will forfeit their right to mine in South Africa.

The MDA also makes provision for prospecting fees and mining royalties that will become payable to the South African government in return for the new form of prospecting or mining right. The details of these royalty payments will be set out in further legislation to be known as the Mineral and Petroleum Royalty Act. A draft bill of this legislation was earlier released for public comment and is in the process of being redrafted by the South African National Treasury Department. The exact effect of this legislation is unknown at this time.

The compliance costs incurred in acquiring or converting prospecting and mining rights in South Africa and the additional costs that may be incurred in paying the proposed mining royalties could adversely affect the profitability of the Company's South African investments.

South African companies in which the Company invests are subject to extensive environmental regulation and may incur significant costs in complying with current and new legislation, which could effect their profitability and financial condition.

ENFORCEMENT OF LIABILITIES

Due to differences in legal systems and difficulties in obtaining jurisdiction over non-U.S. residents, an investor may have more difficulty enforcing the civil liabilities provisions of the U.S. securities laws against

Edgar Filing: ASA BERMUDA LTD - Form N-2

non-U.S. companies and their non-U.S. resident directors. However, these risks of enforcement difficulties are significantly reduced in relation to the Company, which is a foreign investment company permitted to register under the 1940 Act pursuant to an order of the SEC. As a condition to obtaining such order, the Company undertook certain measures to make it legally and practically feasible for its shareholders to enforce liabilities against the Company and its non-U.S. directors and officers. See "Management - Board of Directors and Management Custodians".

CLOSED-END FUND

The Company is a closed-end investment company registered under the 1940 Act the shares of which are or will be listed on the New York Stock Exchange ("NYSE"). Shares of closed-end investment companies frequently trade at a discount from net asset value. This characteristic of shares of a closed-end investment company is a risk separate and distinct from the risk that the company's net asset value will decrease.

SHARE PRICE DATA (UNAUDITED)

Because the Company is newly organized, its shares have no history of public trading. Shares of ASA Limited, the investment company the assets and liabilities of which the Company intends to acquire and assume, trade on the NYSE. For the fiscal year ended November 30, 2003, trading in ASA Limited's shares fluctuated between 5.4% above net asset value and 9.5% below net asset value. On September 23, 2004, the net asset value per share was \$46.69 and the market price per share was \$41.04. The following is a summary of public trading of ASA Limited's shares:

QUARTER ENDED -----	PER SHARE				
	NET ASSET VALUE		MARKET PRICE		PREMIUM (DISCOUNT) NET ASSET
	HIGH	LOW	HIGH	LOW	HIGH
8/31/02	41.16	29.94	40.44	24.72	(15.0)
11/30/02	38.28	31.58	35.01	27.50	(14.3)
2/28/03	42.45	36.31	42.85	29.31	1.5
5/31/03	37.48	32.61	38.92	31.76	5.4
8/31/03	44.56	36.25	44.13	35.20	3.0
11/30/03	51.54	44.57	48.00	40.13	(11.6)
2/29/04	52.15	46.34	47.85	41.00	(14.0)
5/31/04	50.48	38.28	43.68	33.47	(14.2)
8/31/04	45.22	38.94	39.38	33.15	(15.3)

MANAGEMENT

The management of the business and control of the Company is vested in the Board, which has the power to make all decisions and to exercise or delegate all powers of the Company, pursuant to, and in compliance with, the Bermuda

Edgar Filing: ASA BERMUDA LTD - Form N-2

DIRECTORS

Ronald L. McCarthy, James G. Inglis and A. Michael Rosholt are all directors of the Company resident in South Africa and with most of their assets located in South Africa. The Company is permitted to register under the 1940 Act by an order of the SEC. As a condition of such order, a majority of the Company's Board of Directors and officers must be U.S. citizens and residents, and each Director and officer must enter into an agreement that provides, among other things, that such Director or officer consents to the jurisdiction of a United States or Bermuda court to enable the Company's shareholders to maintain actions against its directors and officers for violations of the Company's Memorandum of Association or Bye-Laws, the 1940 Act and the rules and regulations thereunder and the agreements and undertakings contained in the Company's SEC order.

In addition, each non-U.S. director and officer must irrevocably designate the Company's U.S. custodian as an agent in the United States to accept service of process. See "Management - Custodians." The Company and its officers and directors have also consented that full faith and credit be given by courts of Bermuda to any final judgment or decree of a U. S. court in such enforcement proceedings.

PORTFOLIO MANAGEMENT

The Company does not have an outside investment adviser. Robert J.A. Irwin, Chairman, Chief Executive Officer, President, Treasurer and a director of the Company, will be primarily responsible for the day-to-day management of the Company's portfolio. Mr. Irwin currently is primarily responsible for the day-to-day management of ASA Limited's portfolio. Mr. Irwin has been a director of ASA Limited since 1987, Chairman of the Board of ASA Limited since 1993 and the treasurer of ASA Limited since 1999.

ADMINISTRATION

Kaufman, Rossin & Co. PA, 2699 South Bayshore Drive, Suite 500, Miami, Florida, 33133-5486, will provide accounting services for the Company. The duties of Kaufman Rossin include the daily maintenance of the Company's accounting records, the drafting of the monthly financial data for submission to the management of the Company and the compilation of the Company's budgets and cash flow projections.

LGN Associates, P.O. Box 269, Florham Park, New Jersey 07932, will provide shareholder services for the Company. In this capacity, LGN Associates will prepare and distribute the interim and annual reports to shareholders and provide weekly net asset value information to various financial services. LGN Associates will also perform required administrative services and will respond to inquiries from shareholders and other parties regarding the Company.

Appleby Corporate Services (Bermuda) Ltd., ("Appleby") Canon's Court, 22 Victoria Street, Hamilton HM12, Bermuda, acts as the Registered Representative of ASAB in Bermuda. The duties of Appleby include discharging the duties set out in the Bermuda Companies Act, including acting as agent for the service of process in Bermuda.

Edgar Filing: ASA BERMUDA LTD - Form N-2

CUSTODIANS AND TRANSFER AGENT

JPMorgan Chase Bank, 3 Chase Metrotech Center, Brooklyn, New York, 11245, will serve as the Company's custodian. In addition, the Company is authorized to utilize subcustodians in South Africa, the United Kingdom, Australia, Japan, Switzerland and Canada under certain circumstances. As of the date of this Prospectus, the Company has not approved subcustodians in the United Kingdom, Australia, Japan, Switzerland or Canada.

The Standard Bank of South Africa Limited, 5 Simmonds Street, Johannesburg, South Africa, will serve as the Company's South African subcustodian.

EquiServe Trust Company, N.A., 525 Washington Boulevard, Jersey City, New Jersey 07310, will serve as the Company's transfer agent and dividend disbursing agent.

EXPENSES

The principal types of expenses for which the Company will be responsible are directors' fees and expenses, salaries, administrative expenses, custodian fees, transfer agency fees, professional fees and expenses, insurance and shareholders' reports and proxy expenses.

CONTROL PERSONS

Until the Company issues shares in connection with the transfer of assets and liabilities of ASA Limited to the Company, Robert J.A. Irwin, as the sole shareholder of the Company, will be a control person of the Company.

AUTHORIZED CAPITAL

The authorized capital of the Company consists solely of ordinary shares ("common shares"). Each share entitles the holder to one vote for the election of directors and on all other matters. Each share has an equal right to participate in any dividend declared and, in the event of liquidation, in the assets of the Company after payment of its debts. Shares are fully paid and non-assessable. Shareholders have no preemptive rights or conversion privileges.

(1) Title of Class -----	(2) Amount Authorized -----	(3) Amount Held by Company for its Account -----	(4) Amount Outstanding Exclusive of Amount Shown Under (3) -----
Ordinary Shares - Par Value U.S. \$1.00	12,000*	0	0

*Prior to commencement of operations, the Company intends to increase its authorized share capital to 9,600,000.

13

TAXES

U.S. FEDERAL INCOME TAX CONSIDERATIONS

Edgar Filing: ASA BERMUDA LTD - Form N-2

The Company is organized as an exempted limited liability company under the laws of Bermuda; it will be classified for U.S. federal tax purposes as a corporation and will not elect to be classified otherwise. As a non-U.S. corporation, the Company cannot qualify as a regulated investment company under the U.S. Internal Revenue Code of 1986, as amended ("Code"). Accordingly, any dividends the Company pays will be taxable to its U.S. shareholders ("Shareholders") as ordinary income and, for corporate Shareholders, will not qualify for the dividends-received deduction. In addition, as described below, the Company is a "passive foreign investment company" for U.S. federal income tax purposes (a "PFIC"). As a result, any dividends the Company pays to individual Shareholders will not qualify for the 15% maximum federal income tax rate on "qualified dividend income" received by individuals (enacted under the Jobs and Growth Tax Relief Reconciliation Act of 2003).

For its taxable years December 1, 1963 through November 30, 1987, ASA Limited was a "foreign investment company" for U.S. federal income tax purposes.* As a result, a Shareholder who held ASA Limited shares during any part of those years will be subject to tax at ordinary income rates on any profit on a sale of those shares to the extent of the Shareholder's "ratable share" of ASA Limited's earnings and profits accumulated for the period in those years during which the Shareholder held those shares ("Share of E&P"). If such a Shareholder's profit on the sale of shares exceeds his Share of E&P, then, subject to the discussion below regarding ASA Limited's taxable years beginning after November 30, 1987, the Shareholder will be subject to tax on the excess at long-term capital gain rates (generally, 15% for individual Shareholders for sales of shares through taxable years beginning before 2009).

ASA Limited became a PFIC on December 1, 1987. Shareholders of a PFIC are subject to highly complex tax rules with respect to gains on the disposition of PFIC stock, PFIC distributions and undistributed PFIC income. The manner in which these rules apply to a Shareholder depends on whether the Shareholder (1) elects to treat the PFIC as a "qualified electing fund" (a "QEF") with respect to his Company shares, (2) for the Shareholder's taxable years beginning after December 31, 1997, elects to "mark-to-market" his Company shares as of the close of each taxable year or (3) makes neither election.

In general, if a Shareholder does not make either election, any gain realized on the direct or indirect disposition of his Company shares would be treated as ordinary income. In addition, the Shareholder would be subject to an "interest charge" on part of his tax liability with respect to that gain, as well as with respect to certain "excess distributions" the Company makes. Furthermore, a Shareholder's shares may be denied the benefit of any otherwise applicable increase in tax basis at death. Under proposed regulations, a "disposition" would include a U.S. taxpayer's becoming a nonresident alien.

* Pursuant to the Company's acquisition of the assets, and assumption of the liabilities, of ASA Limited (see, e.g., Item 8), the Company will succeed to the latter's tax attributes for U.S. federal income tax purposes. Accordingly, all references in this section to the "Company" include ASA Limited where the context permits or requires.

An "excess distribution" on Company shares is a distribution by the Company for a taxable year that is more than 125% of the average amount it distributed for the three preceding taxable years.** If the Company makes an excess distribution in a taxable year, a Shareholder who has not made a QEF or mark-to-market election would be required to allocate the excess amount ratably over the entire holding period for his shares. That allocation would result in

Edgar Filing: ASA BERMUDA LTD - Form N-2

tax being payable at the highest applicable rate in the prior years to which the distribution is allocated and interest charges being imposed on the resulting "underpayment" of taxes made in those years. In contrast, a distribution that is not an excess distribution would be taxable to a Shareholder as a normal dividend (see above), with no interest charge.

If a Shareholder elects to treat the Company as a QEF with respect to his interest therein for the first year he holds his shares during which the Company is a PFIC (or who later makes a QEF election and also elects to treat his shares generally as if they were sold for their fair market value on the first day of the first Company taxable year for which the QEF election is effective), the rules described in the preceding paragraphs generally would not apply. Instead, the electing Shareholder would include annually in his gross income his pro rata share of the Company's ordinary earnings and net capital gain (his "QEF" inclusion), regardless of whether that income or gain was actually distributed. A Shareholder who makes a valid QEF election will recognize capital gain on any profit from the actual sale of his Company shares held as capital assets, except to the extent of his Share of E&P.

Alternatively, if a Shareholder makes a mark-to-market election with respect to Company shares for taxable years beginning on or after January 1, 1998, the Shareholder would be required annually to report any unrealized gain with respect to those shares as ordinary income, and any unrealized loss would be permitted as an ordinary loss, but only to the extent of previous inclusions of ordinary income. Any gain the electing Shareholder subsequently realizes on a disposition of his Company shares also would be treated as ordinary income, but the Shareholder would not be subject to an interest charge on his resulting tax liability. Special rules apply to a Shareholder that held his Company shares prior to the first taxable year for which a mark-to-market election was effective.

A Shareholder with a valid QEF election in effect will not be taxed on any distributions the Company makes to the extent of any QEF inclusions, but any distributions out of accumulated earnings and profits in excess thereof will be treated as taxable dividends. A Shareholder would increase the tax basis in his Company shares by the amount of any QEF inclusions and reduce that basis by any distributions to him that are not taxable as described in the preceding sentence. Special rules apply to Shareholders who make a QEF election and wish to defer the payment of tax on their annual QEF inclusions.

Each Shareholder who desires QEF treatment must individually elect that treatment. A QEF election must be made for the Shareholder's taxable year in which or with which the Company's taxable year ends and must be made by the due date, with extensions, of the Shareholder's U.S. federal income tax return for

** For example, ASA Limited made annual distributions of \$.80 per share during each of the taxable years ended November 30, 2003, 2002 and 2001. Accordingly, any distribution for the taxable year ending November 30, 2004, in excess of \$1.00 per share (125% of \$.80) would be treated as an excess distribution. (All amounts in U.S. currency.)

the taxable year for which the election is to apply. A QEF election is effective for the Shareholder's taxable year for which it is made and all subsequent taxable years and may not be revoked without the consent of the Internal Revenue Service. Under U.S. Treasury Department regulations, a QEF election is made on Internal Revenue Service Form 8621, which must be completed and attached to a timely filed income tax return in which the Shareholder reports his QEF inclusion for the year to which the election applies. To allow Shareholders to

Edgar Filing: ASA BERMUDA LTD - Form N-2

make QEF elections and to comply with the applicable annual reporting requirements, the Company annually will provide to them a "PFIC Annual Information Statement" containing certain information required by those regulations.

Special rules apply to U.S. persons who hold Company shares through intermediate entities or persons and to Shareholders who directly or indirectly pledge their shares, including those in a margin account.

Ordinarily, the tax basis that is obtained by a transferee of property on the death of the property's owner is adjusted to the property's fair market value on the date of death (or alternate valuation date). If a Shareholder dies owning Company shares with respect to which he did not elect QEF treatment (or elected such treatment after the first year in which he owned Company shares in which it was a PFIC and did not elect to recognize gain as described above), the transferee of those shares will not be entitled to adjust the tax basis therein. In that case, the transferee generally will take a basis in the shares equal to the Shareholder's basis therein immediately before his death. If a Shareholder dies owning Company shares for which a valid QEF election was in effect for all taxable years in the Shareholder's holding period during which the Company was a PFIC (or the shareholder elected to treat the shares as if sold on the first day of the Company's first taxable year for which the QEF election was effective), then the basis increase generally will be available unless the holding period for his shares began on or before November 30, 1987. In the latter case, any otherwise applicable basis increase generally will be reduced to the extent of the Shareholder's Share of E&P.

DUE TO THE COMPLEXITY OF THE APPLICABLE TAX RULES, SHAREHOLDERS ARE STRONGLY URGED TO CONSULT THEIR OWN TAX ADVISERS CONCERNING THE IMPACT OF THESE RULES ON THEIR INVESTMENT IN THE COMPANY AND ON THEIR INDIVIDUAL SITUATIONS.

BERMUDA TAX CONSIDERATIONS

At the date of this disclosure, there is no Bermuda income, corporation or profits tax, withholding tax, capital gains tax, capital transfer tax, estate duty or inheritance tax payable by the Company or its shareholders, other than any shareholders ordinarily resident in Bermuda. The Company is not subject to stamp duty on the issue, transfer or redemption of its shares.

The Company has applied for and received an undertaking from the Minister of Finance of Bermuda dated May 5, 2003, under the Exempted Undertakings Tax Protection Act, 1966, as amended, that if there is enacted in Bermuda any legislation imposing any (i) tax computed on profits or income, (ii) tax computed on any capital assets, gain or appreciation or (iii) tax in the nature of estate duty or inheritance tax, such tax shall not until March 28, 2016, be applicable to the Company or to any of its operations, shares, debentures or other obligations except insofar as such tax applies to persons ordinarily

16

resident in Bermuda and holding such shares, debentures or other obligations of the Company or any land leased or let to the Company.

As an exempted company, the Company is liable to pay the Bermuda Government an annual registration fee based on its authorized share capital, which is currently US\$1,780.

PROSPECTIVE PURCHASERS SHOULD CONSULT LEGAL ADVISERS IN THE COUNTRIES OF THEIR CITIZENSHIP, RESIDENCE AND DOMICILE TO DETERMINE THE POSSIBLE TAX OR OTHER CONSEQUENCES OF PURCHASING, HOLDING AND REDEEMING COMPANY SHARES UNDER THE LAWS OF THOSE COUNTRIES.

Edgar Filing: ASA BERMUDA LTD - Form N-2

SOUTH AFRICAN TAX CONSIDERATIONS

If the reorganization is completed by November 30, 2004, the deferred tax liability for South African capital gains tax ("CGT") will be eliminated and the deferred tax liability will be reversed which will result in an increase to unrealized appreciation on investments in the financial statements. As of August 31, 2004, the financial statements reflected a CGT liability of \$6,830,581.

DIVIDEND REINVESTMENT PLAN

EquiServe Trust Company, N.A. ("EquiServe") will be engaged to offer a dividend reinvestment plan to the Company's shareholders ("Plan"). Shareholders must elect to participate in the Plan by signing an authorization. The authorization appoints EquiServe as agent to apply to the purchase of the Company's shares in the open market (i) all cash dividends (after deduction of the service charge described below) that become payable to such participant on the Company's shares (including shares registered in his name and shares accumulated under the Plan) and (ii) any voluntary cash payments (\$50 minimum, \$3,000 maximum per dividend period) received from such participant within 30 days prior to the then-current dividend's payment date.

For the purpose of making purchases, EquiServe will commingle each participant's funds with those of all other participants in the Plan. The price per share of shares purchased for each participant's account shall be the average price (including brokerage commissions and any other costs of purchase) of all shares purchased in the open market with the funds available from that dividend and any voluntary cash payments being concurrently invested. Any stock dividends or split shares distributed on shares held in the Plan will be credited to the participant's account.

For each participant, a service charge of 5% of the combined amount of the participant's dividend and any voluntary cash payment being concurrently invested, up to a maximum charge of \$2.50 per participant, will be deducted (and paid to EquiServe) prior to purchase of shares. Participant sales of shares held by EquiServe in the Plan are subject to a fee of \$10.00 plus applicable brokerage commissions deducted from the proceeds of the sale. Additional nominal fees are charged by EquiServe for specific Plan participant requests such as requests for information regarding share cost basis detail in excess of two prior years and for replacement Form 1099 reports older than three years.

Participation in the Plan may be terminated by a participant at any time by written instructions to EquiServe. Upon termination, a participant will receive (1) a certificate for the full shares credited to his or her account, unless he or she requests the sale of all or part of such shares, and (2) an amount equal to the current market value for any fractional shares then credited to the account.

Dividends a participant reinvests under the Plan will generally be treated for U.S. federal income tax purposes in the same manner as dividends paid to the participant in cash. The amount of the service charge is deductible for U.S.

17

federal income tax purposes, subject to limitations. See "Taxes - U.S. Federal Income Tax Considerations" for more information regarding U.S. federal income tax consequences to Shareholders of an investment in Company shares, including the effect of its status as a PFIC.

A shareholder participating in the Plan may not hold his or her shares in a "street name" brokerage account.

Edgar Filing: ASA BERMUDA LTD - Form N-2

Additional information regarding the Plan may be obtained from EquiServe Dividend Reinvestment Plan, 150 Royall Street, Canton, MA 02021. Information may also be obtained by calling EquiServe's Shareholder Contact Center at (781) 575-2723 between 8:30 a.m. and 7 p.m., Eastern Time, Monday through Friday.

PART B

Part B of this Registration Statement should be read in conjunction with Part A. Capitalized terms used in this Part B and not otherwise defined have the meanings given them in Part A of this Registration Statement.

INVESTMENT OBJECTIVES AND POLICIES

In addition to the policies described in Part A, the Company has adopted the following additional investment policies, which may be changed by the Board without shareholder approval in compliance with applicable law, regulation or regulatory policy.

(1) INVESTING FOR CONTROL OF MANAGEMENT. The Company will not invest in companies for the purpose of exercising control of management.

(2) PORTFOLIO TURNOVER POLICY. The Company will purchase and sell securities from time to time as it considers advisable to be in the best interest of its shareholders and not for trading purposes.

MANAGEMENT

The name, address, positions held with the Company and principal occupations during the past five years of the Company's officers and directors are set forth below. The Company consists of a single portfolio, which is overseen by the Board of Directors.

- (1) The address for each director is c/o LGN Associates, PO Box 269, Florham Park, NJ 07932.
 - (2) Each director of the Company serves as such until the next annual general meeting of shareholders.
- * An "interested person" of the Company, as such term is defined in the 1940 Act, by reason of being an officer of the Company.
- ** A director that is not an "interested person" of the Company.

Messrs. McCarthy, Inglis and Rosholt are residents of South Africa. As required by the SEC, each of these non-U.S. resident directors has appointed JPMorgan Chase Bank, 3 Chase Metrotech Center, Brooklyn, NY, to accept service of process.

The Board has an Audit Committee, a Compensation Committee, an Ethics Committee and a Nominating Committee. The Audit Committee acts pursuant to a written charter and is responsible for overseeing the Company's accounting and financial reporting policies, practices and internal controls. The Audit Committee currently consists of Messrs. MacNaught (Chairman), Pilkington and Rosholt. The responsibilities of the Audit Committee include overseeing (a) the Company's accounting and financial reporting policies and practices, (b) the Company's internal controls and procedures and (c) the integrity, quality and objectivity of the Company's financial statements and the audit thereof. The Audit Committee is directly responsible for the selection (subject to ratification by a majority of the independent directors and by the

20

shareholders), compensation, oversight and, when appropriate, termination of the Company's independent registered public accounting firm.

The current members of the Compensation Committee are Messrs. Conger (Chairman), Inglis and Pilkington. The function of the Compensation Committee is to make recommendations regarding the compensation of officers and the fees of directors of the Company. The current members of the Ethics Committee are Messrs. Farrell (Chairman), Breck and Crocker. The function of the Ethics Committee is to ensure compliance by the directors, officers and other access persons with the Company's Code of Ethics and Rule 17j-1 under the 1940 Act. The current members of the Nominating Committee are Messrs. Pilkington (Chairman), Conger and Rosholt. The Nominating Committee is responsible for identifying qualified candidates for the Board.

COMPENSATION

Each non-South African director receives an annual fee of \$20,000 for his services as a director and a fee of \$1,500 for each Board meeting that he attends in person and \$1,000 for each Board meeting he attends by telephone. Each South African director receives the rand equivalent of \$20,000 as an annual fee for his services as a director and the rand equivalent of \$2,000 for each Board meeting that he attends. In addition, directors receive a meeting fee of \$1,000 for each committee meeting attended (whether in person or by telephone) during the year. The Chairman of the Audit Committee receives \$3,000 for attendance at each Audit Committee meeting that he attends. The Company pays to any retired director who served as a director of the Company or its predecessor, ASA Limited, for at least twelve years an annual retainer equal to 75% of the annual directors' fee from time to time in effect. Directors retiring after attaining the age of 70 are entitled to such retainer for life; directors retiring prior to attaining such age are entitled to such retainer for the

Edgar Filing: ASA BERMUDA LTD - Form N-2

lesser of life or the number of years they served as a director.

Because the Company has not completed its first fiscal year, compensation is estimated.

commissions.

In effecting securities transactions, the Company will generally seek to obtain the best price and execution of orders. Commission rates, being a component of price, are considered along with other relevant factors. In selecting brokers, the Company will consider the quality and reliability of brokerage services, including execution capability, performance, and financial responsibility, and may consider research and other investment information provided by those brokers.

TAX STATUS

See Part A.

FINANCIAL STATEMENTS

The Company has no operating history and only nominal assets. The Company intends to acquire all the assets and assume all the liabilities of ASA Limited. The tables below represent the audited financial statements of ASA Limited for its fiscal year ended November 30, 2003 and for the six-month period ended May 31, 2004.

NOTES TO FINANCIAL STATEMENTS

Years ended November 30, 2003 and 2002

1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES. The following is a summary of the Company's significant accounting policies:

A. INVESTMENTS

Security transactions are recorded on the respective trade dates. Securities owned are reflected in the accompanying financial statements at quoted market value. The difference between cost and current market value is reflected separately as net unrealized appreciation from investments. The net realized gain or loss from the sale of securities is determined on the identified cost basis.

Quoted market value of those shares traded represents the last recorded sales price on the financial statement date, or the mean between the closing bid and asked prices of those securities not traded on that date. In the event that a mean price cannot be computed due to the absence of either a bid or an asked price, then the bid price plus 1% or the ask price less 1%, as applicable, is used.

There is no assurance that the valuation at which the Company's investments are carried could be realized upon sale.

B. EXCHANGE GAINS AND LOSSES

The Company records exchange gains and losses in accordance with the provisions of the American Institute of Certified Public Accountants Statement of Position 93-4, Foreign Currency Accounting and Financial Statement Presentation for Investment Companies ("SOP"). The SOP requires separate disclosure in the accompanying financial statements of net realized gain (loss) from foreign currency transactions, and inclusion of unrealized gain (loss) on the translation of currency as part of net unrealized appreciation (depreciation) on translation of assets and liabilities in foreign currency.

C. SECURITY TRANSACTIONS AND INVESTMENT INCOME

During the year ended November 30, 2003 there were no sales of securities and purchases of securities amounted to \$5,296,118. During the year ended November 30, 2002 sales of securities amounted to \$ 13,409,639 and purchases of securities amounted to \$19,129,051. Dividend income is recorded on the ex-dividend date (the date on which the securities would be sold ex-dividend) net of withholding taxes, if any. Interest income is recognized on the accrual basis.

D. DISTRIBUTIONS TO SHAREHOLDERS

Dividends to shareholders are recorded on the ex-dividend date.

E. USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses for the period. Actual results could differ from those estimates.

2 TAX STATUS OF THE COMPANY. Pursuant to the South African Income Tax Act, as amended, the Company is subject to tax on dividends received from sources other

Edgar Filing: ASA BERMUDA LTD - Form N-2

than South Africa. In addition, in terms of the residence based system of taxation, beginning with the fiscal year ended November 30, 2002, the Company is subject to tax on interest earned on cash deposits. A provision for South African taxes of \$294,986 and \$376,213 for these items has been included in the

28

accompanying financial statements for the fiscal years ended November 30, 2003 and November 30, 2002, respectively.

In addition, the Company had previously provided for and paid taxes on foreign exchange gains. However, the Company was assessed by the South African Revenue Service ("SARS") on the basis that it is exempt from tax on foreign exchange gains and in November 2003, after the completion of a refund audit performed by SARS, the Company received a refund in respect of the overpayment of tax in the amount of \$1,639,641, plus interest.

A tax provision of -0- and \$71,956 has been included in the accompanying financial statements for realized capital gains during the fiscal years ended November 30, 2003 and November 30, 2002, respectively. Also, a deferred tax liability of \$8,616,587 and \$3,461,175 has been included for the tax on unrealized capital gains on securities for the fiscal years ended November 30, 2003 and November 30, 2002, respectively.

SARS has held that, effective October 1, 2001, the Company became subject to a tax on capital gains realized since that date on the disposal of South African and foreign securities. However, after numerous representations with SARS as well as the Treasury Department, the Company has been successful in negotiating relief from this tax. On December 17, 2003, the South African Income Tax Act of 1962 was amended by the Revenue Laws Amendment Bill 71 of 2003 and signed into law by the President of South Africa. This amendment provides the Company with an exemption from the Capital Gains Tax until November 30, 2004.

The Company has commenced actions necessary to relocate its place of business to Bermuda before the expiration of its exemption. (Sec Note 5.) While it is management's intention to complete this relocation before the November 30, 2004 expiration date, no assurance can be given that all conditions will be satisfied. Therefore, the Company will continue to provide deferred South African tax on unrealized capital gains on securities subsequent to November 30, 2003.

The reporting for financial statement purposes of distributions made during the fiscal year from net investment income or net realized gains may differ from their ultimate reporting for U.S. federal income tax purposes. The differences are caused primarily by the separate line items reporting for financial statement purposes of foreign exchange gains or losses. See the annual report additional tax information for United States shareholders.

3 CURRENCY EXCHANGE. There are exchange control regulations restricting the transfer of funds from South Africa. In 1958 the South African Reserve Bank, in the exercise of its powers under such regulations, advised the Company that the exchange control authorities would permit the Company to transfer to the United States in dollars both the Company's capital and its gross income, whether received as dividends or as profits on the sale of investments, at the current official exchange rate prevailing from time to time. Future implementation of exchange control policies could be influenced by national monetary considerations that may prevail at any given time.

4 RETIREMENT PLANS. Effective April 1, 1989, the Company established a defined contribution plan (the "Plan") to replace its previous pension plan. The Plan covers all full-time employees. The Company will contribute 15% of each

Edgar Filing: ASA BERMUDA LTD - Form N-2

covered employee's salary to the Plan. The Plan provides for immediate vesting by the employee without regard to length of service. During the years ended November 30, 2003 and 2002 there were no covered employees under the plan and, consequently, no retirement expense was incurred.

In 1994, the Company entered into a supplemental non-qualified pension agreement with its Chairman, Under the terms of the agreement, the Company agreed to credit \$25,000 per year for five years, beginning December 1, 1993, to a Supplemental Pension Account with interest credited at an annual rate of 3.5%.

The Board of Directors approved increases in the amount of the annual credit as follows: \$28,125 in May 1999; \$31,250 in February 2002 and \$45,000 in March 2003. As a result, the Company has recorded expense amounts of \$41,562 and \$29,688 for the years ended November 30, 2003 and November 30, 2002, respectively.

The Company has an asset in the amount of \$145,000 related to the retirement obligation liability of \$315,900 as of November 30, 2003.

29

5 COMPANY REORGANIZATION. The Company announced earlier this year that, in view of its tax situation, it had filed an application for an exemptive order with the Securities and Exchange Commission to permit the Company to move from the Republic of South Africa to the Commonwealth of Bermuda by reorganizing itself into a newly formed company incorporated in Bermuda. The move would not involve any material change in the Company's investment policies. The relocation to Bermuda is subject to a number of conditions, including (1) receiving the requested relief from the Securities and Exchange Commission; (2) receiving approval to list the shares of the new Bermuda company on the New York Stock Exchange and (3) satisfying shareholder approval requirements. No assurance can be given that these conditions will be satisfied.

In connection with the reorganization, the Company has incurred approximately \$575,000 in legal and other professional fees as of November 30, 2003.

6 COMMITMENTS. The Company's lease for office space in Johannesburg expired in February 2003. The Company has renewed the lease for a two year period at an annual cost of approximately \$55,000.

30

REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS

To the Shareholders and the Board of
Directors of ASA Limited:

We have audited the accompanying statements of assets and liabilities of ASA Limited (incorporated in the Republic of South Africa) as of November 30, 2003 and 2002, including the schedule of investments as of November 30, 2003, and the related statements of operations, surplus and changes in net assets, financial highlights and supplementary information for each of the two years in the period ended November 30, 2003. These financial statements, financial highlights and supplementary information are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements, financial highlights and supplementary information based on our audits. The financial highlights for years presented prior to November 30, 2002 were audited by other auditors who have ceased operations and whose report dated

Edgar Filing: ASA BERMUDA LTD - Form N-2

December 18, 2001 expressed an unqualified opinion on those financial highlights.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements, financial highlights and supplementary information are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, financial highlights and supplementary information. Our procedures included the confirmation of securities owned as of November 30, 2003 and 2002, by correspondence with the custodians and brokers. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements, financial highlights and supplementary information referred to above present fairly, in all material respects, the financial position of ASA Limited as of November 30, 2003 and 2002, the results of its operations, the surplus and changes in its net assets, financial highlights and supplementary information for each of the two years in the period then ended, in conformity with accounting principles generally accepted in the United States.

NOTES TO FINANCIAL STATEMENTS

SIX MONTHS ENDED MAY 31, 2004 AND 2003

1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES. The following is a summary of

Edgar Filing: ASA BERMUDA LTD - Form N-2

the Company's significant accounting policies:

A. INVESTMENTS

Portfolio securities are generally valued at the last reported sales price on the last trading day of the period, or the mean between the closing bid and asked prices of those securities not traded on that date. In the event that a mean price cannot be computed due to the absence of either a bid or an asked price, then the bid price plus 1% or the ask price less 1%, as applicable, is used. Securities for which current market quotations are not readily available are valued at their fair value as determined in good faith by, or in accordance with procedures adopted by, the Company's Board of Directors.

The difference between cost and current value is reflected separately as net unrealized appreciation (depreciation) on investments. The net realized gain or loss from the sale of securities is determined for account purposes on the identified cost basis.

There is no assurance (that the valuation at which the Company's investments are carried could be realized upon sale.

B. EXCHANGE GAINS AND LOSSES

The Company records exchange gains and losses in accordance with the provisions of the American Institute of Certified Public Accountants Statement of Position 93-4, Foreign Currency Accounting and Financial Statement Presentation for Investment Companies ("SOP"). The SOP requires separate disclosure in the accompanying financial statements of net realized gain (loss) from foreign currency transactions, and inclusion of unrealized gain (loss) on the translation of currency as part of net unrealized appreciation (depreciation) on translation of assets and liabilities in foreign currency.

C. SECURITY TRANSACTIONS AND INVESTMENT INCOME

During the six months ended May 31, 2004 sales of securities amounted to \$8,403,634 and purchases of securities amounted to \$7,292,714. During the six months ended May 31, 2003 there were no sales of securities and purchases of securities amounted to \$1,205,799.

Dividend income is recorded on the ex-dividend date (the date on which the securities would be sold ex-dividend) net of withholding taxes, if any. Interest income is recognized on the accrual basis.

D. DISTRIBUTIONS TO SHAREHOLDERS

Dividends to shareholders are recorded on the ex-dividend date.

E. USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses for the period. Actual results could differ from those estimates.

F. BASIS OF PRESENTATION

The financial statements are presented in United States dollars.

Edgar Filing: ASA BERMUDA LTD - Form N-2

Certain prior year amounts in the accompanying financial statements have been reclassified to conform with current year presentation.

2 TAX STATUS OF THE COMPANY. Pursuant to the South African Income Tax Act, as amended, the Company is subject to tax on dividends received from sources other than South Africa. In addition, beginning with the fiscal year ended November 30, 2002, the Company is subject to tax on interest earned on cash deposits. A tax benefit for South African taxes of \$80,632 and a tax provision of \$-0- for these items have been included in the accompanying financial statements for the six months ended May 31, 2004 and May 31, 2003, respectively.

The Company had previously provided for and paid taxes on foreign exchange gains. However, the Company was assessed by the South African Revenue Service ("SARS") on the basis that it is exempt from tax on foreign exchange gains and in November 2003, after the completion of a refund audit performed by SARS, the Company received a refund in respect of the overpayment of tax in the amount of \$1,639,641, plus interest.

In addition to the foregoing taxes, ASA currently is exempt from certain other taxes in South Africa. Such exemption, however, expires on November 30, 2004. Following that date ASA will become subject to the Capital Gains Tax "CGT") and the Secondary Tax on Companies ("STC") in South Africa.

The CGT is assessed at an effective rate of 15% on most gains realized by a corporation on the sale of an investment. No provision for the CGT has been included in the accompanying financial statements for realized capital gains during the six months ended May 31, 2004 as a result of the Company's current exemption. A deferred tax liability of \$5,530,941 and \$3,453,238 has been included for the CGT on unrealized capital gains on securities for the six months ended May 31, 2004 and May 31, 2003, respectively.

The STC is assessed at the rate of 12.5% on the amount of dividends distributed to shareholders, after a deduction for dividends received or accrued by a corporation from South African companies during the relevant dividend period or cycle. Effective January 1, 2003, the STC applies to liquidation distributions to shareholders of capital gains attributable to the period after October 1, 2001, with an offset for the capital gains tax paid on these gains. The Company currently is exempt from the STC on the types of dividends discussed above.

The Company has commenced actions necessary to relocate to Bermuda before the expiration of its exemption. See Note 5. While it is management's intention to complete this relocation before the November 30, 2004 expiration date, no assurance can be given that all conditions will be satisfied by November 30, 2004. If the Company is unable to relocate to Bermuda prior to November 30, 2004, the Company's Board of Directors will decide what action, if any, the Company should take. The Company could decide to remain in South Africa after November 30, 2004, in which case the above-described taxes would apply to the Company in the normal course of conducting its business. Alternatively, the Company could decide to relocate to Bermuda after November 30, 2004, in which case the Company would incur a tax liability at the time of the relocation estimated at approximately \$25 million, based on the Company's financial statements as of May 31, 2004.

The reporting for financial statement purposes of distributions made during the fiscal year from net investment income or net realized gains may differ from their ultimate reporting for U.S. federal income tax purposes. The differences are caused primarily by the separate line items reporting for financial statement purposes of foreign exchange gains or losses. See the semi-annual report for additional tax information for United States shareholders.

3 CURRENCY EXCHANGE. There are exchange control regulations restricting the

Edgar Filing: ASA BERMUDA LTD - Form N-2

transfer of funds from South Africa. In 1958 the South African Reserve Bank, in the exercise of its powers under such regulations, advised the Company that the exchange control authorities would permit the Company to transfer to the United States in dollars both the Company's capital and its gross income, whether received as dividends or as profits on the sale of investments, at the current official exchange rate prevailing from time to time. Future implementation of exchange control policies could be influenced by national monetary considerations that may prevail at any given time.

37

4 RETIREMENT PLANS. Effective April 1, 1989, the Company established a defined contribution plan (the "Retirement Plan") to replace its previous pension plan. The Retirement Plan covers all full-time employees. The Company will contribute 15% of each covered employee's salary to the Retirement Plan. The Retirement Plan provides for immediate vesting by the employee without regard to length of service. During the six months ended May 31, 2004 and 2003, there were no covered employees under the Retirement Plan and consequently, no retirement expense was incurred.

In 1994, the Company entered into a supplemental non-qualified pension agreement with its Chairman. Under the terms of the agreement, the Company agreed to credit \$25,000 per year for five years, beginning December 1, 1993, to a Supplemental Pension Account with interest credited at an annual rate of 3.5%.

The Board of Directors approved increases in the amount of the annual credit as follows: \$28,125 in May 1999; \$31,250 in February 2002 and \$45,000 in March 2003 and \$55,000 in February 2004. As a result, the Company has recorded expense amounts of \$25,833 and \$19,051 for the six months ended May 31, 2004 and May 31, 2003, respectively.

The Company has an asset in the amount of \$150,750 related to the retirement obligation liability including interest of \$349,635 as of May 31, 2004.

5 COMPANY REORGANIZATION. The Company announced in early 2003 that, in view of its tax situation, it had filed an application for an exemptive order with the U.S. Securities and Exchange Commission to permit the Company to move from the Republic of South Africa to the Commonwealth of Bermuda by reorganizing itself into a newly formed company incorporated in Bermuda. The move would not involve any material change in the Company's investment policies. The relocation to Bermuda is subject to a number of conditions, including (1) receiving the requested relief from the Securities and Exchange Commission; (2) receiving approval to list the shares of the new Bermuda company on the New York Stock Exchange and (3) satisfying shareholder approval requirements. No assurance can be given that these conditions will be satisfied.

In connection with the reorganization, the Company has incurred approximately \$750,000 in legal and other professional fees as of May 31, 2004.

6 CONCENTRATION RISK. Under normal circumstances, over 50% of the Company's assets will be invested in equity securities of companies conducting, as a major portion of their business, gold mining and related activities in South Africa. The Company also invests in securities of companies engaged in other businesses in South Africa, including the mining of other precious metals. In addition, the Company invests a portion of its assets in securities of companies operating outside of South Africa in extractive and related activities, including gold mining. The Company is, therefore, subject to gold and precious metal related risks as well as risks related to investing in South Africa including political, economic, regulatory, currency fluctuation and foreign exchange risks. As a result of industry consolidation, the Company current is invested in a limited

Edgar Filing: ASA BERMUDA LTD - Form N-2

number of securities and thus holds large positions in certain securities. Because the Company's investments are concentrated in a limited number of securities of companies involved in the mining of gold and other precious metals and related activities, the net asset value of the Company may be subject to greater volatility than that of a more broadly diversified investment company.

7 COMMITMENTS. The Company's lease for office space in Johannesburg expired in February 2003. The Company has renewed the lease for a two-year period at an annual cost of approximately \$55,000.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Shareholders and the Board of Directors of ASA Limited:

We have audited the accompanying statements of assets and liabilities of ASA Limited (incorporated in the Republic of South Africa) as of May 31, 2004 and 2003, including the schedule of investments as of May 31, 2004,

38

and the related statements of operations, surplus and changes in net assets and supplementary information for the six months ended May 31, 2004 and 2003 and the financial highlights for the six months ended May 31, 2004 and May 31, 2003 and the years ended November 30, 2003 and 2002. These financial statements, financial highlights and supplementary information are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements, financial highlights and supplementary information based on our audits. The financial highlights for years presented prior to November 30, 2002 were audited by other auditors who have ceased operations and whose report dated December 18, 2001 expressed an unqualified opinion on those financial highlights.

We conducted our audits in accordance with the standards of the Public Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, financial highlights and supplementary information. Our procedures included the confirmation of securities owned as of May 31, 2004 and 2003, by correspondence with the custodian. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements, financial highlights and supplementary information referred to above present fairly, in all material respects, the financial position of ASA Limited as of May 31, 2004 and 2003, the results of its operations, its surplus, the changes in its net assets, and supplementary information for each of the six month periods then ended and the financial highlights for the six months ended May 31, 2004 and 2003 and the years ended November 30, 2003 and 2002 in conformity with U.S. generally accepted accounting principles.

POWER OF ATTORNEY

The undersigned directors of ASA (Bermuda) Limited, a Bermudian exempted limited liability company ("ASAB"), do hereby constitute and appoint Robert J. A. Irwin, the true and lawful attorney and agent of the undersigned, with full power of substitution, to do any and all acts and things and execute any and all instruments that said attorney or agent may deem necessary or advisable or which may be required to enable ASAB to comply with the Securities Act of 1933, as amended, the Investment Company Act of 1940, as amended, and any rules, regulations, or requirements of the Securities and Exchange Commission ("SEC"), including specifically, but without limiting the generality of the foregoing, the power and authority to sign in the name and on behalf of the undersigned directors, ASAB's Registration Statements on Form N-2 and Form N-14 and any amendments thereto, and to file with the SEC such Registration Statements and all amendments thereto and any other instruments or documents filed as part of or in connection with said Registration Statements or amendments; and the undersigned do hereby ratify and confirm all that said attorney and agent shall do or cause to be done by virtue thereof.

IN WITNESS WHEREOF, the undersigned directors have subscribed these presents as of this 27th day of September, 2004.
