Independent Auditor's Report

To the Buckeye Investment Committee
Buckeye Retirement Plus Savings Plan
Memphis, Tennessee

We have audited the accompanying statements of net assets available for benefits of Buckeye Retirement Plus Savings Plan as of June 30, 2002 and 2001, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Buckeye Retirement Plus Savings Plan at June 30, 2002 and 2001, and the changes in its net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying supplemental schedule of assets held for investment purposes at end of year as of June 30, 2002 is presented for the purpose of complying with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, and is not a required part of the basic financial statements. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic

financial statements taken as a whole.

Notes to Financial Statements
June 30, 2002 and 2001

Note 1 - Description of Plan

The following description of Buckeye Retirement Plus Savings Plan provides only general information. Readers should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

Buckeye Retirement Plus Savings Plan (the "Plan") is a defined contribution plan covering all full-time salaried and hourly employees of Buckeye Technologies Inc. and its wholly owned subsidiaries (collectively the "Company"). Employees, as defined in the Plan Agreement, are eligible upon completion of 1,000 hours of service during their first year of employment or during any plan year (July 1

Edgar Filing: BUCKEYE TECHNOLOGIES INC - Form 11-K

to June 30). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may defer up to 20% of their annual compensation and may also contribute a portion or all of incentive compensation subject to Internal Revenue Service limitations.

The Company may contribute a percentage, determined annually by the Board of Directors, of each participants' compensation as defined in the Plan Agreement provided the participant is employed on the last day of the plan year. As required by the Plan Agreement, subsequent to June 30, 1996, all Company contributions are invested in the common stock of Buckeye Technologies Inc. The Company did not contribute to the Plan for the years ended June 30, 2002 and 2001.

Participant accounts

Each participant's account is credited with the participant's contribution and an allocation of the Company's discretionary contribution made on their behalf, plus a proportionate interest in the investment earnings of the funds in which the contributions are invested. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in all contributions plus earnings thereon.

Payment of benefits

Participants may choose to receive account distributions either in the form of a lump sum payment or installments over a period of time as defined in the Plan Agreement. However, if the participant's vested balance does not exceed \$5,000, the Plan may distribute funds in the form of a lump sum payment without the consent of the participant.

Although it has not expressed any intent to do so, the Company has the right to modify or terminate the Plan at any time subject to the provisions of ERISA and the Plan Agreement.

Note 2 - Summary of significant accounting policies

Investments

Investments are stated at fair value and represent the Plan's share of the market value of fund holdings or are based upon quoted market prices. Purchases and sales of securities are recorded on a trade-date basis. Interest income is

Edgar Filing: BUCKEYE TECHNOLOGIES INC - Form 11-K

recorded on the accrual basis and dividends are recorded on the ex-dividend date.

Benefit payments

Benefit payments to participants are recorded upon distribution.

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions which affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Note 3 - Investments

At June 30, 2002 and 2001, the Plan's investment assets were held in a trust account by Fidelity Management Trust Company and consist of an interest in the Buckeye Master Trust. The Master Trust was composed of the common stock of Buckeye Technologies Inc., interests in ten mutual funds, and participant loans at June 30, 2002 and 2001.

The Plan allows participants to direct varying portions of their voluntary contributions and account balances into eleven different investment options which include the common stock of Buckeye Technologies Inc. and ten different mutual funds offered by Fidelity Investments.

Plan investments include interests in certain mutual funds managed by Fidelity Investments Institutional Operations Company, Inc. as of June 30, 2002 and 2001. An affiliate of Fidelity Investments Institutional Operations Company, Inc. is the trustee as defined by the Plan and, therefore, these investments and related

Edgar Filing: BUCKEYE TECHNOLOGIES INC - Form 11-K

investment transactions qualify as party-in-interest. Fees paid to Fidelity totaled \$35,525 and \$35,659 for the years ended June 30, 2002 and 2001, respectively.

The Company provides the Plan with certain management and administrative services for which no fees are charged.

Note 8 - Tax status

The Plan has received a determination letter from the Internal Revenue Service stating that the Plan qualifies under the applicable sections of the Internal Revenue Code (IRC), and is, therefore, not subject to tax under present income tax law. The Plan, which has been amended since receiving the determination letter, is required to operate in conformity with the IRC to maintain its qualification. Management is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

Note 9 - Concentration of market risk

The Plan has invested a significant portion of its assets in Buckeye Technologies Inc. common stock. This investment in Buckeye Technologies Inc. common stock approximates 21% of the Plan's net assets available for benefits as of June 30, 2002. As a result of this concentration, any significant reduction in the market value of this stock could adversely affect individual participant accounts and the net assets of the Plan.

Note 10 - Subsequent event

On July 1, 2002, the Plan was amended and restated to incorporate the basic features of the Buckeye Retirement Plan. The Buckeye Retirement Plan was merged into the Plan on June 28, 2002 (see note 6).
