LCNB CORP. REPORTS EARNINGS FOR  
THE SIX MONTHS ENDED JUNE 30, 2004

LCNB Corp. today announced earnings of \$3,218,000 or \$0.96 basic earnings per share for the six months ended June 30, 2004, compared to \$3,304,000 or \$0.96 per share for the first six months of 2003. Return on average assets for the six months ended June 30, 2004 and 2003 were 1.28% and 1.30%, respectively. Return on average equity for the first six months of 2004 was 12.25%, compared to 12.53% for the first six months, 2003. Contributing \$350,000 in after-tax gain, or \$530,000 on a before-tax basis, to net income were gains recognized during the first quarter, 2004 from the sales of \$11.4 million in investment securities and approximately \$2.6 million in credit card receivables.

Comparing June 30, 2004 results with June 30, 2003:

.

Growth in the commercial real estate loan, residential real estate loan, and Homeline equity loan portfolios helped generate a \$7.4 million or 2.3% increase in total loans.

.

The fair value of total trust assets grew approximately \$50.0 million or 39.7%, primarily through growth from new business (see Assets Under Management ).

.

The fair value of total brokerage accounts, offered through a partnership with UVEST Investment Services, increased approximately \$10.9 million or 161.6%, primarily through growth from new business (see Assets Under Management ).

.

Edgar Filing: LCNB CORP - Form 8-K

Total written premium produced by Dakin Insurance Agency for the six months ended June 30, 2004, totaled \$4,821,000, which was \$154,000 or 3.3% greater than for the comparable period in 2003.

Continued pressure on LCNB's net interest margin (tax-equivalent net interest income divided by average interest-earning assets), caused by continued, historically low market interest rates, was largely responsible for a \$350,000 decrease in net interest income, from \$9,378,000 for the six months ended June 30, 2003 to \$9,028,000 for the same period in 2004. The margin decreased from 4.16% for the 2003 period to 4.03% for the comparable period in 2004.

Non-interest income for the first six months of 2004, excluding investment security and credit card gains, was \$3,424,000, or \$269,000 greater than for the same period in 2003. The increase is primarily the result of increases in trust income and service charges on deposit accounts, partially offset by decreased activity in the real estate mortgage loan secondary market.

Non-interest expenses for the first six months of 2004 totaled \$8,277,000, or \$467,000 greater than for the comparable period in 2003. The increase was primarily due to increased costs for salaries and benefits and other miscellaneous expenses.
