Item 5. Other Events.

On October 10, 2002, HRPT Properties Trust ("HRP" or the "Company") closed the acquisition of Centre Square Office Building, 1500 Market Street, Philadelphia, Pennsylvania. This property contains approximately 1.77 million square feet of Class A office space in the center of downtown Philadelphia. The purchase price was \$183.5 million plus closing costs. Centre Square is 97% occupied by 37 different tenants. The larger tenants representing a combined 62% of the total available space include Towers, Perrin, Forster & Crosby, Inc., a personnel services company, Comcast Corporation (NASDAQ: CMCSA) and banking affiliates of Wachovia Corporation (NYSE: WB). As is customary in large central business district multi-tenant office buildings, the current leases expire on a staggered basis, but approximately 75% of the available space is leased to 2006 or beyond.

On October 11, 2002, HRP acquired Corporate Center at Academy Park located in Lakewood, Colorado. This 213,000 sq. ft., Class A, suburban office property was purchased for \$28.75 million plus closing costs. This property is 100% leased to

Edgar Filing: HRPT PROPERTIES TRUST - Form 8-K

the U.S. Government Department of the Interior to 2012.

HRP funded these purchases with cash on hand plus drawings under its unsecured revolving bank credit facility.

Since the beginning of 2002, HRP has acquired seven office properties, including the two properties referred to above. These seven properties contain 3,322,000 sq. ft. and were purchased for approximately \$388 million. At the time these properties were acquired they had a combined occupancy of 96% and the rents less operating costs produced current yields of approximately 10.9% of the purchase prices. Moreover, HRP expects that rents reportable under generally accepted accounting principles which take account of scheduled rent increases in signed leases may produce higher yields. Also, because of changes which will occur in occupancy, rents and expenses over time, HRP expects that the yields which will be realized from the properties it has purchased may be different from those historically experienced.

Pro forma financial data for the Company and the financial statements prepared pursuant to the requirements of Rule 3-14 of Regulation S-X, of Centre Square and two other acquired properties are included in Item 7 to this Form 8-K.

FORWARD LOOKING STATEMENTS

THIS FORM 8-K CONTAINS FORWARD LOOKING STATEMENTS WITHIN THE MEANING OF THE PRIVATE SECURITIES LITIGATION REFORM ACT OF 1995. THESE FORWARD LOOKING STATEMENTS ARE BASED UPON HRPT'S CURRENT BELIEFS AND EXPECTATIONS, BUT THEY ARE NOT GUARANTEED. FOR EXAMPLE, THE RENTS IN EXCESS OF OPERATING EXPENSES MAY BE LESS THEN CURRENTLY EXPECTED DUE TO CHANGING MARKET CONDITIONS, INCREASED EXPENSES OR FOR OTHER REASONS. INVESTORS ARE CAUTIONED NOT TO PLACE UNDUE RELIANCE UPON FORWARD LOOKING STATEMENTS.

Neither the Company nor its affiliates are related to the sellers of these properties. The historical financial statements listed in Item 7 (a) (the "Acquired Property Statements") present the results of operations of acquired properties (the "Acquired Properties") during periods prior to their acquisition by HRP and exclude, as permitted by Rule 3-14 of Regulation S-X, items of revenue and expense which are not comparable to the expected future operations by HRP. In assessing the Acquired Properties, HRP considered each property's revenue sources, including those which have been affected, and are expected to be affected in the future by factors including, but not limited to, demand, supply and competitive factors present in the local and national markets for office space and the ability of tenants to make payments when due. HRP also considered each property's expenses including, but not limited to, utility costs, tax rates and other expenses, and the portion of such expenses which may be recovered from tenants. After inquiry of the respective sellers of the Acquired Properties, HRP is not aware of any material factors other than those discussed above or referred to in the pro forma data listed in Item 7 (b), below, which would cause the financial information reported in the Acquired Property Statements not to be necessarily indicative of future operating results.

To the Board of Trustees
HRPT Properties Trust

We have audited the accompanying statement of revenues and certain operating expenses of the Property ("Centre Square") acquired from Centre Square, a Pennsylvania general partnership, as described in Note 1, for the year ended December 31, 2001. This financial statement is the responsibility of Centre Square's management. Our responsibility is to express an opinion on the financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the basis of accounting used and significant estimates made by management, as well as evaluating the overall presentation of the financial statement. We believe that our audit provides a reasonable basis for our opinion.

The accompanying financial statement was prepared for the purpose of complying with the rules and regulations of the Securities and Exchange Commission for inclusion in Form 8-K of HRPT Properties Trust and is not intended to be a complete presentation of Centre Square's revenues and expenses.

In our opinion, the financial statement referred to above presents fairly, in all material respects, the revenues and certain operating expenses of Centre Square for the year ended December 31, 2001, in conformity with accounting principles generally accepted in the United States.

Notes to Statement of Revenues and Certain Operating Expenses

1. General Information and Summary of Significant Accounting Policies:

Centre Square, a Pennsylvania general partnership ("CSGP") owned and operated two office towers and a parking garage located at 1500 Market Street in Philadelphia, Pennsylvania (collectively the "Property"). The partners of CSGP are Metropolitan Life Insurance Company ("MLIC") (99%) and Metropolitan Tower Realty Company ("MTRC") (1%). The Property was subject to a ground lease with Centre Square Two, a Pennsylvania general partnership, and a related party to both MLIC and MTRC. On October 10, 2002, HRPT Properties Trust ("HRPT") acquired the Property and ground lease and assumed ownership and management responsibilities.

The accompanying financial statement has been prepared in accordance with Rule 3-14 of Regulation S-X of the Securities and Exchange Commission for inclusion in Form 8-K of HRPT. Accordingly, certain historical operating expenses of the Property that may not be comparable to the expenses expected to be incurred in the future have been excluded. Excluded expenses consist of depreciation and amortization, interest expense, ground lease expense, and other costs not directly related to the future operations. In addition, certain payments received by the Property for lease terminations have been excluded from revenues.

Use of Estimates - Preparation of this financial statement in conformity with accounting principles generally accepted in the United States requires CSGP management to make estimates and assumptions that may affect the amounts reported in this financial statement and accompanying notes. Actual results could differ from those estimates.

Edgar Filing: HRPT PROPERTIES TRUST - Form 8-K

Rental Revenues - Tenant leases are accounted for as operating leases. Rental income is recognized on a straight-line basis over the term of the related leases.

Reimbursements from Tenants - Reimbursement from tenants, principally for increases in operating expenses and real estate taxes over base year amounts, are recognized when they become billable to the tenants.

Unaudited Pro Forma Condensed Consolidated Balance Sheet Adjustments

- (A) Represents the impact of the Company's acquisitions subsequent to June 30, 2002, through October 11, 2002, of properties located in Lakewood, CO, Philadelphia, PA ("Centre Square") and Fresno, CA, and the repayment of \$150,000 of 6.75% senior notes due in December 2002. These activities were funded in part with borrowings under the Company's revolving bank credit facility and in part with the net proceeds from the Company's September 2002 sale of \$300,000 of 8.75% preferred shares.

Unaudited Pro Forma Condensed Consolidated Statement of Income Adjustments for the Six Months Ended June 30, 2002

- (B) Represents the pro forma impact on rental income and operating expenses of Centre Square for the six months ended June 30, 2002, and the pro forma impact of this acquisition on depreciation and amortization and general and administrative expenses. Rental income presented exceeds historical rental income for the six months ended June 30, 2002, by \$1,858, an amount derived from the pro forma application, as of the beginning of the presented period, of the generally accepted accounting principle which requires that rents from noncancellable operating leases be recognized on a straight line basis over the remaining length of the leases. This principle is expected to be applied by the Company as of the date of acquisition and actual future rental income is expected to differ from amounts presented for the pro forma periods.
- (C) Represents the impact on rental income and operating expenses of other properties acquired by the Company during 2002 through October 11, 2002, and the pro forma impact of these acquisitions on depreciation and amortization and general and administrative expenses.

exceeds historical rental income for the year ended December 31, 2001, by \$4,187, an amount derived from the pro forma application, as of the beginning of the presented period, of the generally accepted accounting principle which requires that rents from noncancellable operating leases be recognized on a straight line basis over the remaining length of the leases. This principle is expected to be applied by the Company as of the date of acquisition and actual future rental income is expected to differ from amounts presented for the pro forma periods.

- (F) Represents the impact on rental income and operating expenses of other properties acquired during 2001 through October 11, 2002, and the pro forma impact of these acquisitions on interest income, depreciation and amortization and general and administrative expenses. One of the acquired properties is 100% leased to the United States government. On November 30, 2001, the United States government lease, which provided annual rents of \$2.4 million, ended and was thereafter replaced with a new, 10-year lease to the same tenant, for annual rent of \$8.9 million. If the new lease had begun as of January 1, 2001, pro forma rental income would have been approximately \$460.9 million, or \$6.5 million higher than the amounts presented. Similarly, income before extraordinary item available for common shareholders would have been \$72.2 million (\$0.55 per share), or \$5.5 million (\$0.04 per share) higher than the amounts presented.
- (G) Represents the net effect on interest expense and preferred distributions resulting from the acquisitions described in Notes (E) and (F), above, the 2002 financing transactions discussed in Note (D), above, the issuance of \$200,000 of 9.875% preferred shares in February 2001, the repayment of \$202,547 of the Company's subordinated debentures in March 2001, plus the net impact of these activities on interest expense related to the net change in the Company's revolving credit facility. During the presented period, the average rate on the credit facility was 4.3%.
