NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Mid-America Energy Resources Employee Retirement Plan (the "Plan") have been prepared on the accrual basis.

Plan Assets

Assets of the Plan are maintained in trust. Once placed in trust, assets may be withdrawn only for the purpose of refunding employee contributions, payment of vested employer contributions to employees withdrawing from the Plan, payment to employees obtaining an in-service distribution, payment due to a hardship withdrawal, issuing loan proceeds, distribution to retiring employees, distribution to beneficiaries of deceased employees or to pay expenses of the Plan. All payments made from the trust require the approval of the Employee's Pension Committee of Indianapolis Power & Light Company, Inc. (the "Pension Committee"). Merrill Lynch Trust Company is the sole Trustee and record keeper of the assets of the Plan.

Investments

Investments in securities are stated at fair value as determined by quoted market prices. Investment transactions are recorded as of the trade date. Cost of securities sold is determined on a specific identification basis.

Participant Loans

Loans to participants are stated at cost which approximates fair value.

Use of Management Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires that management make certain estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. The reported amounts of increases and decreases in net assets during the reporting period may also be affected by the estimates and assumptions management is required to make. Actual results may differ from those estimates.

Payment of Benefits

Upon severance of employment, a participant may elect to receive a lump sum payment for the full value of the participant's account, including vested employer contributions and related earnings. The participant also has the option of maintaining the account until reaching the age of 70 1/2 years. Benefits are recorded when paid.

Administrative Fees

For the plan year ended December 31, 2003, each participant with an investment in the AES Common Stock Fund was charged approximately \$.08 per share. There are no other transaction-based fees for the other investment funds. Administrative fees on the mutual and managed funds were based upon fund balances.

2. DESCRIPTION OF THE PLAN

Edgar Filing: AES CORPORATION - Form 11-K

The Plan is administered by the Pension Committee which is a committee appointed by the Indianapolis Power & Light Company ("IPALCO") Board of Directors. The Plan is a defined contribution plan, and employees of MAER and its affiliates become eligible to participate in the Plan at attainment of age 18 and immediately upon hire.

All employees become fully vested in the plan after five years of uninterrupted service. Termination of employment before the five-year requirement requires forfeiture of a prorated amount of allocated employer contributions. Forfeited amounts may be used to reduce employer matching contributions.

Employee contributions are made through payroll deductions representing amounts equal to a specified percentage of the employee's base rate of compensation. Employees have the option of contributing anywhere from 1% to 15% in increments of 1%. Employer contributions are made in an amount equal to current employee contributions up to a maximum of 6%. Each participant's account is credited with the participant's contribution and MAER's matching contribution. Allocations of Plan earnings are based on individual account balances relative to total account balances as of the valuation dates.

Participant fund transfers are subject to certain restrictions as outlined in the Summary Plan Description. In the event of partial or total termination of the Plan, the funds in the Plan shall be valued as of the date of partial or total termination and after payment of necessary expenses shall be distributed as though all participants directly affected by the partial or total termination had retired as of that date.

The Plan is maintained with the intent of being a qualified trust under Section 401(a) of the Internal Revenue Code. Its related trust is exempt from Federal income taxes under Section 501(a) of the Code. The Plan obtained its latest determination letter on November 14, 1995 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan, as amended, is being operated in compliance with the applicable requirements of the Internal Revenue Code.

Participants may obtain a loan from the Plan up to a maximum of the lesser of \$50,000 or one-half of the participant's vested account balance (subject to the provisions of the Plan). Each participant may have only one loan outstanding at any time. Loans are to be repaid over a term not to exceed five years. Loans bear an interest rate as outlined in the Summary Plan Description.

The Plan is valued on a daily "share" valuation.

Participants should refer to the "Summary Plan Description" for a more detailed description of the Plan.

3. RISKS AND UNCERTAINTIES

The Plan invests in various securities including U.S. Government securities, corporate debt instruments, corporate stocks, registered investment companies, and common/collective trusts. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in

Edgar Filing: AES CORPORATION - Form 11-K

the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

4. INVESTMENTS

The following presents investments that represent 5 percent or more of the Plan's net assets.

	2003	2002
The AES Corporation common stock 8,913 and 10,875 shares, respectively	84,142	32,84
Oppenheimer Main Street Income & Growth Mutual Fund, 3,793 and 4,797 shares, respectively	\$ 124,394	\$ 124,72
Merrill Lynch Global Allocation Fund 23,177 and 22,789 shares, respectively	\$ 347,886	\$ 260,47
Merrill Lynch Retirement Preservation Trust, 103,940 and 101,074 shares, respectively	\$ 103,940	\$ 101,07
Merrill Lynch Equity Index Trust, 2,729 and 2,803 shares, respectively	\$ 219,354	\$ 175,63
Merrill Lynch Balanced Capital Fund 4,605 and 4,700 shares, respectively	\$ 121,662	\$ 104,61

During 2003, the Plan's investments (including both realized and unrealized gains and losses) appreciated in value by \$260,464 as follows:

Mutual Funds	\$ 131,307
Common/Collective Trust	49,150
Common Stock	80,007

Net depreciation in fair value of investments	\$ 260,464
	=====

5. MERRILL LYNCH RETIREMENT PRESERVATION TRUST

One of the investment funds is the Merrill Lynch Retirement Preservation Trust, which is a trust for the collective investment of Qualified Plans. The majority of the fund assets consist of investment contracts which are included in the financial statements at contract value, (which represents contributions made under the contracts, plus earnings, less withdrawals and administrative expenses) because they are fully benefit responsive. For example, participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contracts at December 31, 2003 and 2002 approximates market value. The average yield rates for 2003 and 2002 were approximately 4.26% and 5.47%, respectively.

6. RELATED PARTY TRANSACTIONS

Edgar Filing: AES CORPORATION - Form 11-K

Merrill Lynch, the Plan Trustee, invests in AES common stock. Since AES is the parent company of IPALCO Enterprises, Inc. and IPALCO Enterprises, Inc. is the parent company of Mid-America Energy Resources, any investment transactions involving AES common stock qualify as related-party transactions. Merrill Lynch is also the Investment Manager for the Merrill Lynch Retirement Preservation Trust, the Merrill Lynch Equity Index Trust, the Merrill Lynch Global Allocation Fund, and the Merrill Lynch Balanced Capital Fund.
