Currently, however, the types and brands of products we finance and the services we offer are significantly more diversified. Very few of the products we finance are manufactured by GE Company.

We operate in five operating segments: consumer services, equipment management, mid-market financing, specialized financing and specialty insurance. Our operations are subject to a variety of regulations in their respective jurisdictions.

S-3

DESCRIPTION OF THE GUARANTEE AND INTERESTS

GENERAL

The guarantee and the interests are offered in uncertificated form, subject to the satisfaction or waiver of certain conditions described below. The conditions were satisfied on October 16, 2001. Holders will also hold uncertificated interests in the guarantee representing the credit enhancement of such holders securities afforded by the guarantee.

The guarantee will provide that we unconditionally and irrevocably guarantee the due and punctual payment of the principal, interest and all other amounts due under the securities when the same shall become due and payable,

Edgar Filing: GENERAL ELECTRIC CAPITAL CORP - Form 424B3

whether at maturity, pursuant to mandatory or optional prepayments, by acceleration or otherwise, in each case after any applicable grace periods or notice requirements, or both, according to the terms of the securities. The guarantee shall be unconditional irrespective of the validity or enforceability of the securities, any change or amendment thereto or any other circumstances that may otherwise constitute a legal or equitable discharge or defense of a guarantor. However, we will not waive presentment or demand of payment or notice with respect to the securities. We shall be subrogated to all rights of the holders of the securities in respect of any amounts paid by us pursuant to the provisions of the guarantee. The guarantee shall continue to be effective or reinstated, as the case may be, if at any time any payment made by Franchise Finance is rescinded or must otherwise be returned upon the insolvency, bankruptcy or reorganization of Franchise Finance, as the case may be, or otherwise.

The guarantee and the related interests will not be issued under any separate indenture from the securities or any other document or instrument. The guarantee and the related interests will be issued in uncertificated form. A copy of the guarantee accompanies this Prospectus Supplement. It will not be necessary for new certificates evidencing the securities to be issued.

CONDITIONS TO THE ISSUANCE OF THE GUARANTEE AND INTERESTS

We are not required to consummate any offering of the guarantee and the related interests and may terminate, extend or amend such offering if:

(A) on or prior to the initial expiration date of the solicitation (October 5, 2001 at 5:00 p.m., New York City time) or any subsequent expiration date, if Franchise Finance elects to extend the duration of the solicitation, (i) Franchise Finance shall not have received the requisite consents with respect to the securities; (ii) the supplemental indenture shall not have been duly executed and delivered by all parties thereto; or (iii) all conditions to the consummation of the proposed transactions (other than the condition that the

S-4

supplemental indenture shall have become effective) shall not have been satisfied or waived; or

(B) there shall occur on or after September 10, 2001 and prior to the effective date of the supplemental indenture (i) any default or any event of default under the indenture with respect to any series of securities; (ii) an order, statute, rule, regulation, executive order, stay, decree, judgment or injunction shall have been proposed, enacted, entered, issued, promulgated, enforced or deemed applicable by any court or governmental regulatory or administrative agency or instrumentality that, in the sole judgment of GE Capital or, with respect to the solicitation, Franchise Finance, would or might prohibit, prevent, restrict or delay consummation of the offering of the guarantee and the related interests, of the solicitation, or of any other part of the proposed transactions; or (iii) the trustee under the indenture shall have objected in any respect to, or taken any action that could, in the sole judgment of GE Capital or, with respect to the solicitation, Franchise Finance, adversely affect the consummation of the offering of the guarantee and the related interests or of Franchise Finance's ability to effect any of the proposed amendments, or shall have taken any action that challenges the validity or effectiveness of the procedures used by Franchise Finance in soliciting the consents to the proposed amendments (including the form thereof) or in the making of the solicitation or the acceptance of any of the consents.

The conditions were satisfied on October 16, 2001.

Edgar Filing: GENERAL ELECTRIC CAPITAL CORP - Form 424B3

DESCRIPTION OF THE SOLICITATION

Franchise Finance solicited consents, upon the terms and subject to the conditions set forth in the consent solicitation statement and the accompanying consent, to proposed amendments to the indenture governing the securities. Pursuant to the terms of the indenture, receipt by Franchise Finance of validly delivered and unrevoked consents from record holders of a majority in aggregate principal amount of each series of securities are required to approve the proposed amendments to the indenture. The requisite consents of the record holders were received on October 9, 2001.

The proposed amendments to the indenture are intended to remove financial and other restrictive covenants and reporting requirements from the indenture and to make certain other changes described below. In return, the securities will be guaranteed by GE Capital, as described below.

Upon the satisfaction of the conditions to the consent solicitation, at the date the supplemental indenture is effective, GE Capital will unconditionally and irrevocably guarantee the due and punctual payment by Franchise Finance of all amounts payable on or in respect of the securities.

The proposed amendments to the indenture and the GE Capital guarantee will be embodied in the supplemental indenture to be executed by Franchise Finance, GE Capital and the trustee. The supplemental indenture, including the proposed amendments to the indenture and our guarantee, will become effective on the date the supplemental indenture is executed and delivered by all parties

S-5

thereto and the conditions to the consent solicitation have been satisfied or waived. Franchise Finance and GE Capital may, in their sole discretion, waive any of these conditions in whole or in part as they relate to the securities, at any time and from time to time.

Franchise Finance and GE Capital intend to cause the execution of the supplemental indenture for the securities to occur on or shortly after the date that the required consents have been received and not revoked. The record holders of the securities will be notified that the effective date of the supplemental indenture has occurred. The supplemental indenture, including the proposed amendments to the indenture and our guarantee, will become effective as of the date the supplemental indenture is executed and delivered by all parties thereto and the conditions to the consent solicitation have been satisfied or waived.

Franchise Finance has fixed September 7, 2001 as the record date for determining the holders of the securities entitled to consent to the proposed amendments to the indenture and to receive this Prospectus Supplement and Prospectus. Only registered holders of the securities at the close of business on September 7, 2001 may consent to the proposed amendments to the indenture.

This Prospectus Supplement and the accompanying Prospectus do not constitute part of the solicitation, which is constituted by, and fully described in, the consent solicitation statement, consent and other documents relating to the solicitation that have been delivered by Franchise Finance to the record holders. This Prospectus Supplement and the accompanying Prospectus relate solely to the offer by GE Capital of the guarantee and the related interests to the record holders of the securities.

DESCRIPTION OF THE PROPOSED TRANSACTIONS

Edgar Filing: GENERAL ELECTRIC CAPITAL CORP - Form 424B3

As of March 30, 2001, Franchise Finance Corporation of America, GE Capital and Galahad Acquisition Corporation ("Merge Co.") entered into an Agreement and Plan of Merger pursuant to which on August 2, 2001, Merge Co. merged with and into Franchise Finance Corporation of America. As a result, Franchise Finance Corporation of America ceased being a publicly held corporation, and became an indirect wholly-owned subsidiary of GE Capital. On August 3, 2001, Franchise Finance Corporation of America was merged with and into GE Capital Franchise Finance Corporation, an indirect wholly-owned subsidiary of GE Capital, pursuant to an Agreement and Plan of Merger dated as of such date, with GE Capital Franchise Finance Corporation being the surviving corporation.

The reason for the proposed amendments to the indenture is to provide Franchise Finance and GE Capital with additional operating and financial flexibility and to achieve cost savings. To these ends, the proposed amendments to the indenture would, among other things, eliminate all restrictions on Franchise Finance's ability to incur indebtedness and would eliminate the requirement that Franchise Finance maintain a required level of assets which are not subject to any encumbrances. They would also eliminate requirements that Franchise Finance (i) file reports with the Securities and Exchange Commission

S-6

if not legally required to do so and (ii) provide financial reports to the trustee and the holders of the securities. In addition, the proposed amendments to the indenture would eliminate the cross-default provision in the Indenture.

Franchise Finance believes that these covenants will be unnecessary for the protection of the holders of the securities in light of the GE Capital guarantee. Upon the satisfaction of the conditions to the consent solicitation, at the date the supplemental indenture becomes effective, GE Capital will unconditionally and irrevocably guarantee the due and punctual payment by Franchise Finance of all amounts payable on or in respect of the securities.

PLAN OF DISTRIBUTION

The guarantee and the related interests are being offered directly by us and will not be offered or sold separately from the underlying securities to which they relate.

LEGAL OPINION

David P. Russell, our Counsel, Treasury Operations, will issue an opinion about the legality of the guarantee and related interests. Mr. Russell, together with members of his family, owns, has options to purchase and has other interests in shares of common stock of General Electric Company.

SECURITIES OFFERED

Using this prospectus, we may offer debt securities, variable cumulative preferred stock, preferred stock, and warrants to purchase debt securities. In addition, we may issue guarantees, direct-pay letters of credit and indebtedness evidenced by promissory notes or loan obligations, including interests therein. We registered these securities with the SEC using a "shelf" registration statement. This "shelf" registration statement allows us to offer any combination of these securities. Each time we offer securities, we must provide a prospectus supplement that describes the specific terms of the securities. The prospectus supplement may also provide new information or update the information in the prospectus.

DESCRIPTION OF DEBT SECURITIES

General

The description below of the general terms of the debt securities will be supplemented by the more specific terms in the prospectus supplement.

We will issue the debt securities under one or more separate indentures between us and a banking institution organized under the laws of the United States or a state (each a "Trustee"). None of the indentures limits the amount of debt securities or other unsecured, senior debt which we may issue.

In addition to the following description of the debt securities, you should refer to the detailed provisions of each indenture, copies of which are filed as exhibits to the registration statement.

The prospectus supplement will specify the following terms of such issue of debt securities:

- o the designation, the aggregate principal amount and the authorized denominations if other than \$1,000 and integral multiples of \$1,000;
- o the percentage of their principal amount at which the debt securities will be issued;
- o the date or dates on which the debt securities will mature;
- o the currency, currencies or currency units in which we will make payments on the debt securities;
- o the rate or rates at which the debt securities will bear interest, if any, or the method of determination of such rate or rates;
- o the date or dates from which such interest, if any, shall accrue, the dates on which such interest, if any, will be payable and the method of determining holders to whom interest

Edgar Filing: GENERAL ELECTRIC CAPITAL CORP - Form 424B3

shall be payable;

- o the prices, if any, at which, and the dates at or after which, we may or must repay, repurchase or redeem the debt securities;

5

- o the exchanges, if any, on which the debt securities may be listed;
- o the trustee under the indenture pursuant to which the debt securities are to be issued. (Sections 2.02 and 2.02A. section references refer to the sections in the applicable indenture.); and
- o any other terms of the debt securities not inconsistent with the provisions of the applicable indenture.

Unless otherwise specified in the prospectus supplement, we will compute interest payments on the basis of a 360-day year consisting of twelve 30-day months. (Section 2.10.)

The debt securities will be unsecured and will rank equally with all other unsecured and unsubordinated indebtedness of GECC.

Some of the debt securities may be issued as discounted debt securities to be sold at a substantial discount below their stated principal amount. The prospectus supplement will contain any Federal income tax consequences and other special considerations applicable to discounted debt securities.

The indentures do not contain any provisions that limit:

- o our ability to incur indebtedness, or
- o provide protection in the event GE Company, as sole indirect stockholder of GECC, causes GECC to engage in a highly leveraged transaction, reorganization, restructuring, merger or similar transaction.

Payment and Transfer

We will issue debt securities only as registered securities, which means that the name of the holder will be entered in a register which will be kept by the Trustee or another agent of GECC. Unless we state otherwise in a prospectus supplement, we will make principal and interest payments at the office of the paying agent or agents we name in the prospectus supplement or by mailing a check to you at the address we have for you in the register.

Unless we describe other procedures in a prospectus supplement, you will be able to transfer registered debt securities at the office of the transfer agent or agents we name in the prospectus supplement. You may also exchange registered debt securities at the office of the transfer agent for an equal aggregate principal amount of registered debt securities of the same series having the same maturity date, interest rate and other terms as long as the debt securities are issued in authorized denominations.

Neither GECC nor the Trustee will impose any service charge for any transfer or exchange of a debt security, however, we may ask you to pay any

Edgar Filing: GENERAL ELECTRIC CAPITAL CORP - Form 424B3

taxes or other governmental charges in connection with a transfer or exchange of debt securities.

Global Notes, Delivery and Form

Unless otherwise specified in the prospectus supplement accompanying this prospectus, the debt securities will be issued in the form of one or more fully registered Global Notes that will be deposited with, or on behalf of, The Depository Trust Company, New York, New York (the "Depository") and registered in the name of the Depository's nominee. The Depository currently limits the maximum denomination of any single Global Note to \$500,000,000. Global Notes are not exchangeable for definitive Note certificates except in the specific circumstances described below. For purposes of this Prospectus, "Global Note" refers to the Global Note or Global Notes representing an entire issue of debt securities.

6

Except as set forth below, a Global Note may be transferred, in whole and not in part, only to another nominee of the Depository or to a successor of the Depository or its nominee.

The Depository has advised us as follows:

- o The Depository is
 - o a limited purpose trust company organized under the laws of the State of New York
 - o a "banking organization" within the meaning of the New York banking law
 - o a member of the Federal Reserve System
 - o a "clearing corporation" within the meaning of the New York Uniform Commercial Code
 - o a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934;
- o The Depository was created to hold securities of its participants and to facilitate the clearance and settlement of securities transactions among its participants through electronic book entry changes in accounts of its participants, eliminating the need for physical movements of securities certificates;
- o The Depository participants include securities brokers and dealers, banks, trust companies, clearing corporations and others, some of whom own the Depository;
- o Access to the Depository book-entry system is also available to others that clear through or maintain a custodial relationship with a participant, either directly or indirectly;
- o Where we issue a Global Note in connection with the sale thereof to an underwriter or underwriters, the Depository will immediately credit the accounts of participants designated by such underwriter or underwriters with the principal amount of the debt securities purchased by such underwriter or underwriters; and

Edgar Filing: GENERAL ELECTRIC CAPITAL CORP - Form 424B3

- o ownership of beneficial interests in a Global Note and the transfers of ownership will be effected only through records maintained by the Depository (with respect to participants), by the participants (with respect to indirect participants and certain beneficial owners) and by the indirect participants (with respect to all other beneficial owners). The laws of some states require that certain purchasers of securities take physical delivery in definitive form of securities they purchase. These laws may limit your ability to transfer beneficial interests in a Global Note.

So long as a nominee of the Depository is the registered owner of a Global Note, such nominee for all purposes will be considered the sole owner or holder of such debt securities under the indenture. Except as provided below, you will not be entitled to have debt securities registered in your name, will not receive or be entitled to receive physical delivery of debt securities in definitive form, and will not be considered the owners or holders thereof under the indenture.

Neither GECC, the Trustee, any paying agent nor any registrar of the debt securities will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in a Global Note, or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

We will make payment of principal of, and interest on, debt securities represented by a Global Note to the Depository or its nominee, as the case may be, as the registered owner and holder of the Global Note representing those debt securities. The Depository has advised us that upon receipt of any payment of principal of, or interest on, a Global Note, the Depository will immediately

7

credit accounts of participants with payments in amounts proportionate to their respective beneficial interests in the principal amount of that Global Note, as shown in the records of the Depository. Standing instructions and customary practices will govern payments by participants to owners of beneficial interests in a Global Note held through those participants, as is now the case with securities held for the accounts of customers in bearer form or registered in "street name". Those payments will be the sole responsibility of those participants, subject to any statutory or regulatory requirements that may be in effect from time to time.

Neither we, the Trustee nor any of our respective agents will be responsible for any aspect of the records of the Depository, any nominee or any participant relating to, or payments made on account of, beneficial interests in a Global Note or for maintaining, supervising or reviewing any of the records of the Depository, any nominee or any participant relating to those beneficial interests.

As described above, we will issue debt securities in definitive form in exchange for a Global Note only in the following situations:

- o if the Depository is at any time unwilling or unable to continue as depository and a successor depository is not appointed by us within 90 days, or
- o if we choose to issue definitive debt securities.

In either instance, an owner of a beneficial interest in a Global Note will be

Edgar Filing: GENERAL ELECTRIC CAPITAL CORP - Form 424B3

entitled to have debt securities equal in principal amount to such beneficial interest registered in its name and will be entitled to physical delivery of debt securities in definitive form. Debt securities in definitive form will be issued in denominations of \$1,000 and integral multiples thereof and will be issued in registered form only, without coupons. We will maintain in the Borough of Manhattan, The City of New York, one or more offices or agencies where debt securities may be presented for payment and may be transferred or exchanged. You will not be charged a fee for any transfer or exchange of such debt securities, but we may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith.

Same-Day Settlement in Respect of Global Notes

Global Notes held by the Depository will trade in the Depository's Same-Day Funds Settlement System until maturity and secondary market trading activity in the debt securities will settle in immediately available funds. No assurance can be given as to the effect, if any, of settlement in immediately available funds on the trading activity in the debt securities.

Modification of the Indentures

In general, our rights and obligations and the rights of the holders under the indentures may be modified if the holders of not less than 2.3rds in aggregate principal amount of the outstanding debt securities of each series affected by the modification consent to it. However, Section 10.02 of each indenture provides that, unless each affected holder agrees, we cannot

- o make any adverse change to any payment term of a debt security such as
 - o extending the maturity date
 - o extending the date on which we have to pay interest or make a sinking fund payment
 - o reducing the interest rate
 - o reducing the amount of principal we have to repay

8

- o changing the currency in which we have to make any payment of principal premium or interest
- o modifying any redemption or repurchase right to the detriment of the holder
- o impairing any right of a holder to bring suit for payment
- o reduce the percentage of the aggregate principal amount of debt securities needed to make any amendment to the indenture or to waive any covenant or default
- o waive any past payment default
- o make any change to Section 10.02.

Edgar Filing: GENERAL ELECTRIC CAPITAL CORP - Form 424B3

However, if we and the Trustee agree, we can amend the indentures without notifying any holders or seeking their consent if the amendment does not materially and adversely affect any holder.

Events of Default

Each indenture defines an Event of Default with respect to any series of debt securities as any of the following:

- o default in any payment of principal or premium, if any, on any debt security of such series;
- o default for 30 days in payment of any interest, if any, on any debt security of such series;
- o default in the making or satisfaction of any sinking fund payment or analogous obligation on the debt securities of such series;
- o default for 60 days after written notice to GECC in performance of any other covenant in respect of the debt securities of such series contained in such indenture;
- o a default, as defined, with respect to any other series of debt securities outstanding under the relevant Indenture or as defined in any other indenture or instrument evidencing or under which GECC has outstanding any indebtedness for borrowed money, as a result of which such other series or such other indebtedness of GECC shall have been accelerated and such acceleration shall not have been annulled within 10 days after written notice thereof (provided, that the resulting Event of Default with respect to such series of debt securities may be remedied, cured or waived by the remedying, curing or waiving of such other default under such other series or such other indebtedness); or
- o certain events in bankruptcy, insolvency or reorganization. (Section 6.01.)

Each indenture requires us to deliver to the Trustee annually a written statement as to the presence or absence of certain defaults under the terms thereof. (Section 4.06.) An Event of Default under one series of debt securities does not necessarily constitute an Event of Default under any other series of debt securities. Each Indenture provides that the Trustee may withhold notice to the holders of any series of debt securities issued thereunder of any default if the Trustee considers it in the interest of such Noteholders to do so provided the Trustee may not withhold notice of default in the payment of principal, premium, if any, or interest, if any, on any of the debt securities of such series or in the making of any sinking fund instalment or analogous obligation with respect to such series. (Section 6.08).

Each indenture provides that if an Event of Default occurs and is continuing with respect to any series of debt securities, either the Trustee or the holders of not less than 25% in aggregate principal amount of the

outstanding debt securities of such series may declare the principal, or in the case of discounted debt securities, a portion of the principal amount, of all such debt securities to be due and payable immediately. Under certain conditions

Edgar Filing: GENERAL ELECTRIC CAPITAL CORP - Form 424B3

such declaration may be annulled by the holders of a majority in principal amount of such debt securities then outstanding. The holders of a majority in principal amount of such debt securities then outstanding may also waive on behalf of all holders past defaults with respect to a particular series of debt securities except, unless previously cured, a default in payment of principal, premium, if any, or interest, if any, on any of the debt securities of such series, or the payment of any sinking fund instalment or analogous obligation on the debt securities of such series (Sections 6.01 and 6.07).

Other than the duties of a trustee during a default, the Trustee is not obligated to exercise any of its rights or powers under the indenture at the request, order or direction of any holders of debt securities of any series issued thereunder unless such holders shall have offered to the Trustee reasonable indemnity. (Sections 7.01 and 7.02). Subject to such indemnification provision, each indenture provides that the holders of a majority in principal amount of the debt securities of any series issued thereunder at the time outstanding shall have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee thereunder, or exercising any trust or power conferred on such Trustee with respect to the debt securities of such series. However, the Trustee may decline to act if it has not been offered reasonable indemnity or if it determines that the proceedings so directed would be illegal or involve it in any personal liability. (Section 6.07).

Concerning the Trustee

The Chase Manhattan Bank, as successor to The Bank of New York, acts as Trustee under (i) an Amended and Restated Indenture with us dated as of February 27, 1997, as supplemented by a Supplemental Indenture with us dated as of May 3, 1999 and a Second Supplemental Indenture with us dated as of July 2, 2001, (ii) an Amended and Restated Indenture with us dated as of February 28, 1997, as supplemented by a First Supplemental Indenture with us dated as of July 2, 2001, (iii) an indenture with us dated as of June 3, 1994, as amended and supplemented, and (iv) an indenture with us dated as of October 1, 1991, as amended and supplemented. The Chase Manhattan Bank also acts as Trustee under certain other indentures with us. A number of our series of senior, unsecured notes are presently outstanding under each of such indentures. Debt securities may be issued under either of the indentures referred to in clauses (i) and (ii) above.

We will describe in the prospectus supplement, any material business and other relationships (including additional trusteeships), other than the trusteeships under the Indentures, between, on the one hand, GECC, GE Company and other affiliates of GE Company and, on the other hand, each Trustee under any indenture.

DESCRIPTION OF WARRANTS

General

We may issue warrants to purchase debt securities either alone or together with debt securities. In addition to this summary, you should refer to the detailed provisions of the specific warrant agreement for complete terms of the warrants and the warrant agreement. Each warrant agreement will be between GECC and a banking institution organized under the laws of the United States or a state. A form of warrant agreement was filed as an exhibit to the Registration Statement.

Edgar Filing: GENERAL ELECTRIC CAPITAL CORP - Form 424B3

The warrants will be evidenced by warrant certificates. Unless otherwise specified in the prospectus supplement, the warrant certificates may be traded separately from the debt securities, if any, with which the warrant certificates were issued. Warrant certificates may be exchanged for new warrant certificates of different denominations at the office of an agent that we will appoint. Until a warrant is exercised, the holder of a warrant does not have any of the rights of a debtholder and is not entitled to any payments on, any debt securities issuable upon exercise of the warrants.

We may issue warrants in one or more series. The prospectus supplement accompanying this prospectus relating to the particular series of warrants, will contain terms of the warrants, including:

- o the title and the aggregate number of warrants;
- o the debt securities for which each warrant is exercisable;
- o the date or dates on which such warrants will expire;
- o the price or prices at which such warrants are exercisable;
- o the currency or currencies in which such warrants are exercisable;
- o the periods during which and places at which such warrants are exercisable;
- o the terms of any mandatory or optional call provisions;
- o the price or prices, if any, at which the warrants may be redeemed at the option of the holder or will be redeemed upon expiration;
- o the identity of the warrant agent; and
- o the exchanges, if any, on which such warrants may be listed.

Exercise of Warrants

You may exercise warrants by payment to our warrant agent of the exercise price, in each case in such currency or currencies as are specified in the warrant, and giving your identity and the number of warrants to be exercised. Once you pay our warrant agent and deliver the properly completed and executed warrant certificate to our warrant agent at the specified office, our warrant agent will, as soon as practicable, forward notes to you in authorized denominations. If you exercise less than all of the warrants evidenced by your warrant certificate, you will be issued a new warrant certificate for the remaining amount of warrants.

DESCRIPTION OF THE PREFERRED STOCK

General

Our Board of Directors has authorized the issuance of preferred stock. The terms of the preferred stock will be stated and expressed in a resolution or resolutions to be adopted by our Board of Directors (or any duly authorized committee of the Board of Directors) consistent with our restated organization certificate. The preferred stock, when issued and sold, will be fully paid and

Edgar Filing: GENERAL ELECTRIC CAPITAL CORP - Form 424B3

non-assessable and will have no pre-emptive rights.

As of the date of this prospectus, our capital stock as authorized by our sole common stockholder consists of:

- o 3,866,000 shares of Common Stock, par value of \$.01 per share,
- o 33,000 shares of Variable Cumulative Preferred Stock, par value \$100 per share, and
- o 750,000 shares of Preferred Stock, par value \$.01 per share.

In order to distinguish between our two classes of preferred stock, we will refer to the first class of our preferred stock as "Variable Cumulative Preferred Stock" and to the second class as our "second class of preferred stock". When we refer to both classes we use the phrase "preferred stock". 3,837,825 shares of Common Stock and 26,000 shares of Variable Cumulative Preferred Stock are presently outstanding. There are no shares of our second class of preferred stock currently outstanding. Each Series of Variable Cumulative Preferred Stock ranks equally with each other Series of Variable Cumulative Preferred Stock as to dividend and liquidation preference.

We will describe the particular terms of any series of preferred stock being offered by use of this prospectus in the prospectus supplement relating to that series of preferred stock. Those terms may include:

- o the designation, number of shares and stated value per share;
- o the amount of liquidation preference;
- o the initial public offering price at which shares of such series of preferred stock will be sold;
- o the dividend rate or rates (or method of determining the dividend rate);
- o the dates on which dividends shall be payable, the date from which dividends shall accrue and the record dates for determining the holders entitled to such dividends;
- o any redemption or sinking fund provisions;
- o any voting rights;
- o any conversion or exchange provisions;
- o any provisions to issue the shares of such series as depositary shares evidenced by depositary receipts; and
- o any additional dividend, redemption, liquidation or other preferences or rights and qualifications, limitations or restrictions thereof.

If the terms of any series of preferred stock being offered differ from the terms set forth below, we will also disclose those terms in the prospectus supplement relating to that series of preferred stock. In addition to this summary, you should refer to our organization certificate for the complete terms

Edgar Filing: GENERAL ELECTRIC CAPITAL CORP - Form 424B3

of preferred stock being offered.

We will specify the transfer agent, registrar, dividend disbursing agent and redemption agent for each series of preferred stock in the prospectus supplement relating to that series.

Dividend Rights

If you purchase preferred stock being offered of this prospectus, you will be entitled to receive, when, and as declared by our board of directors, cash or other dividends at the rates, or as determined by the method described in, and on the dates set forth in, the prospectus supplement. Dividend rates may be fixed or variable or both. Different series of preferred stock may be entitled to dividends at different dividend rates or based upon different methods of determination. We will pay each dividend to the holders of record as they appear on our stock books on record dates determined by the board of directors. Dividends on any series of the preferred stock may be cumulative or noncumulative, as specified in the prospectus supplement. If the board of directors fails to declare a dividend on any series of preferred stock for which dividends are noncumulative, then your right to receive that dividend will be lost, and we will have no obligation to pay the dividend for that dividend period, whether or not we declare dividends for any future dividend period. Dividends on the shares of preferred stock will accrue from the date on which we initially issue such series of preferred stock or as otherwise set forth in the prospectus supplement relating to such series. The prospectus supplement relating to a series of preferred stock will describe any adjustments to be made, if any, to the dividend rate in the event of certain amendments to the Internal Revenue Code of 1986, as amended, with respect to the dividends-received deduction.

In particular, the dividend payment dates on the Variable Cumulative Preferred Stock will be the last day of each dividend period, regardless of its length, and, in the case of dividend periods of more than 99 days, on the following additional dates:

- o if such Dividend Period is from 100 to 190 days, on the 91st day;
- o if such Dividend Period is from 191 to 281 days, on the 91st and 182nd days;
- o if such Dividend Period is from 282 to 364 days, on the 91st, 182nd and 273rd days; and
- o if such Dividend Period is from two to 30 years, on January 15, April 15, July 15 and October 15 of each year.

In the event a dividend payment date falls on a day that is not a business day, then the dividend payment date shall be the business day next succeeding such date. After the initial dividend period, each subsequent dividend period will begin on a dividend payment date and will end 49 days later. However, we may elect subsequent dividend periods that are longer than 49 days. We will notify you of any such election and follow the procedures that will be set forth in a prospectus supplement for the series of Variable Cumulative Preferred Stock. After the initial dividend period, the dividend rates on the Variable Cumulative Preferred Stock will be determined pursuant to an auction method, subject to any maximum or minimum interest rate, which will be described in the prospectus supplement relating to such series of Variable Cumulative Preferred Stock.

The dividend payment dates and the dividend periods with respect to our second class of preferred stock will be described in the prospectus supplement

Edgar Filing: GENERAL ELECTRIC CAPITAL CORP - Form 424B3

relating to such series of our second class of preferred stock.

We may not declare any dividends on any shares of common stock, or make any payment on account of, or set apart money for, a sinking or other analogous fund for the purchase, redemption or other retirement of any shares of common

13

stock or make any distribution in respect thereof, whether in cash or property or in obligations or our stock, other than common stock unless

- o full cumulative dividends shall have been paid or declared and set apart for payment on all outstanding shares of preferred stock and other classes and series of our preferred stock and
- o we are not in default or in arrears with respect to any sinking or other analogous fund or other agreement for the purchase, redemption or other retirement of any shares of our preferred stock.

In the event we have outstanding shares of more than one series of our preferred stock ranking equally as to dividends and dividends on one or more of such series of preferred stock are in arrears, we are required to make dividend payments ratably on all outstanding shares of such preferred stock in proportion to the respective amounts of dividends in arrears on all such preferred stock to the date of such dividend payment. You will not be entitled to any dividend, whether payable in cash, property or stock, in excess of full cumulative dividends on shares of the preferred stock you own. No interest, or sum of money in lieu of interest, shall be payable in respect of any dividend payment or payments which may be in arrears.

Liquidation Rights

In the event of our liquidation, either voluntary or involuntary, dissolution or winding-up, we will be required to pay the liquidation preference specified in the prospectus supplement relating to those shares of preferred stock, plus accrued and unpaid dividends, before we make any payments to holders of our common stock or any other class of our stock ranking junior to that preferred stock. If we do not have sufficient assets to pay the liquidation preference, plus accrued and unpaid dividends, on all classes of preferred stock that rank equally upon liquidation, we will pay holders of the preferred stock proportionately based on the full amount to which they are entitled. Other than their claims to the liquidation preference and accrued and unpaid dividends, holders of preferred stock will have no claim to any of our other remaining assets. Neither the sale of all or substantially all our property or business nor a merger or consolidation by us with any other corporation will be considered a dissolution, liquidation or winding-up of our business or affairs, if that transaction does not impair the voting power, preferences or special rights of the holders of shares of preferred stock.

Voting Rights

Holders of our common stock are entitled to one vote per share on all matters which arise at any meeting of shareholders. Holders of preferred stock being offered by this prospectus will not be entitled to vote, except as set forth below, in a prospectus supplement or as otherwise required by law.

The holders of Variable Cumulative Preferred Stock are not entitled to vote except as required by law or as set forth in a prospectus supplement. However, we may not alter any of the preferences, privileges, voting powers or

Edgar Filing: GENERAL ELECTRIC CAPITAL CORP - Form 424B3

other restrictions or qualifications of a series of Variable Cumulative Preferred Stock in a manner substantially prejudicial to the holders thereof without the consent of the holders of at least two-thirds of the total number of shares of such series.

With respect to our second class of preferred stock, in the event that six quarterly dividends (whether or not consecutive) payable on any series of our second class of preferred stock shall be in arrears, the holders of each series of our second class of preferred stock, voting separately as a class with all other holders of preferred stock with equal voting rights, shall be entitled at our next annual meeting of stockholders (and at each subsequent annual meeting of stockholders), to vote for the election of two of our directors, with the remaining directors to be elected by the holders of shares of any other class or classes or series of stock entitled to vote therefor. Until the arrears in payments of all dividends which permitted the election of such directors shall cease to exist, any director who has been so elected may be removed at any time, either with or without cause, only by the affirmative vote of the holders of the preferred stock at the time entitled to cast a majority of the votes entitled to be cast for the election of any such director at a special meeting

14

of such holders called for that purpose, and any vacancy thereby created may be filled by the vote of such holders. The holders of shares of our second class of preferred stock shall no longer be entitled to vote for directors once the past due dividends have all been paid unless dividends later become in arrears again. Once the past due dividends have all been paid, then the directors elected by the preferred stockholders will no longer be directors.

We may not take certain actions without the consent of at least 2/3rds of the shares of our second class of preferred stock, voting together as a single class without regard to series. We need such 2/3rds consent to:

- o create any class or series of stock with preference as to dividends or distributions of assets over any outstanding series of our second class of preferred stock (other than a series which has no right to object to such creation) or
- o alter or change the provisions of our organization certificate so as to adversely affect the voting power, preferences or special rights of the holders of shares of our second class of preferred stock; provided, however, that if such creation or such alteration or change would adversely affect the voting power, preferences or special rights of one or more, but not all, series of our second class of preferred stock at the time outstanding, consent of the holders of shares entitled to cast at least 2/3rds of the votes entitled to be cast by the holders of all of the shares of all such series so affected, voting as a class, shall be required in lieu of the consent of all holders of 2/3rds of our second class of preferred stock at the time outstanding.

The prospectus supplement relating to a series of preferred stock will further describe the voting rights, if any, including the number of or proportional votes per share.

Redemption

The applicable prospectus supplement will indicate whether the series of preferred stock being offered is subject to redemption, in whole or in part,

Edgar Filing: GENERAL ELECTRIC CAPITAL CORP - Form 424B3

whether at our option or mandatorily or otherwise and whether or not pursuant to a sinking fund. The redemption provisions that may apply to a series of preferred stock being offered, including the redemption dates and the redemption prices for that series will be set forth in the prospectus supplement.

If we fail to pay dividends on any series of preferred stock we may not redeem that series in part and we may not purchase or otherwise acquire any shares of such series other than by a purchase or exchange offer made on the same terms to holders of all outstanding shares of such series.

We may redeem the shares of any series of Variable Cumulative Preferred Stock out of legally available funds therefore, as a whole or from time to time in part:

- o on the last day of any dividend period at a redemption price of \$100,000 per share, plus accumulated and unpaid dividends to the date fixed for redemption and
- o in the case of shares of Variable Cumulative Preferred Stock with a dividend period equal to or more than two years, on any dividend payment date for such shares at redemption prices (but not less than \$100,000 per share) determined by us prior to the commencement of such dividend period plus accumulated and unpaid dividends to the date set forth for redemption.

Conversion Rights

No series of preferred stock will be convertible into our common stock.

DESCRIPTION OF SUPPORT OBLIGATIONS AND INTERESTS THEREIN

General

Support obligations may include guarantees, letters of credit and promissory notes or loan obligations that are issued in connection with, and as a means of credit support for, any part of a fixed or contingent payment obligation of underlying securities issued by third parties. The issuers of the underlying securities may or may not be affiliated with us. A holder of an underlying security will also hold uncertificated interests in the related support obligation, representing the credit enhancement of the holder's underlying security afforded by the related support obligation.

Support obligations that are issued in the form of promissory notes or loan obligations, and the related interests, are to be issued under an indenture, dated as of June 3, 1994, as supplemented, between us and The Chase Manhattan Bank, as successor trustee. To the extent that the following disclosure summarizes certain provisions of the indenture, such summaries do not purport to be complete, and are subject to, and are qualified in their entirety by reference to, all the provisions of the indenture, a form of which is filed as an exhibit to the registration statement of which this prospectus is a part.

The terms and conditions of any support obligations and related interests will be determined by the terms and conditions of the related underlying securities, and may vary from the general descriptions set forth below. A complete description of the terms and conditions of any support obligations and related interests issued pursuant to this prospectus will be set forth in the accompanying prospectus supplement.

Edgar Filing: GENERAL ELECTRIC CAPITAL CORP - Form 424B3

Any support obligations and related interests will be unsecured and will rank equally and ratably with all of our other unsecured and unsubordinated indebtedness. The terms of a particular support obligation may provide that a different support obligation may be substituted therefor, upon terms and conditions described in the applicable prospectus supplement, provided that such substitution is carried out in conformity with the Securities Act of 1933 and the rules and regulations thereunder. Unless otherwise specified in the accompanying prospectus supplement, each support obligation will be governed by the law of the State of New York. Neither the indenture (with respect to promissory notes and loan obligations) nor any other document or instrument (with respect to other forms of support obligations) will limit the amount of support obligations or interests that may be issued thereunder. Neither the indenture (with respect to promissory notes and loan obligations) nor any other document or instrument (with respect to other forms of support obligations) will contain any provisions that limit our ability to incur indebtedness or that afford holders of support obligations or interests protection in the event GE Company, as our ultimate stockholder, causes us to engage in a highly leveraged transaction, reorganization, restructuring, merger or similar transaction.

Guarantees

Any guarantees that we issue from time to time for the benefit of holders of specified underlying securities will include the following terms and conditions, plus any additional terms specified in the accompanying prospectus supplement.

A guarantee will provide that we unconditionally guarantee the due and punctual payment of the principal, interest (if any), premium (if any) and all other amounts due under the applicable underlying securities when the same shall become due and payable, whether at maturity, pursuant to mandatory or optional prepayments, by acceleration or otherwise, in each case after any applicable grace periods or notice requirements, according to the terms of the applicable underlying securities. Any guarantee shall be unconditional irrespective of the validity or enforceability of the applicable underlying security, any change or amendment thereto or any other circumstances that may otherwise constitute a legal or equitable discharge or defense of a guarantor. However, we will not waive presentment or demand of payment or notice with respect to the applicable underlying security unless otherwise provided in the accompanying prospectus supplement.

16

We shall be subrogated to all rights of the issuer of the applicable underlying securities in respect of any amounts paid by us pursuant to the provisions of a guarantee. The guarantee shall continue to be effective or reinstated, as the case may be, if at any time any payment made by the issuer of the applicable underlying security is rescinded or must otherwise be returned upon the insolvency, bankruptcy or reorganization of GECC, the issuer of the applicable underlying security or otherwise.

Letters of Credit

Any direct-pay letters of credit we issue from time to time relating to specified underlying securities shall include the following terms and conditions, plus any additional terms specified in the accompanying prospectus supplement.

Any letter of credit will be our direct-pay obligation issued for the

Edgar Filing: GENERAL ELECTRIC CAPITAL CORP - Form 424B3

account of the holders of the applicable underlying securities or, in certain cases, an agent acting on behalf of the issuer of the applicable underlying securities or a trustee acting on behalf of the holders. The letter of credit will be issued in an amount that corresponds to principal and, if applicable, interest and other payments payable with respect to the applicable underlying securities. Drawings under the letter of credit will reduce the amount available under the letter of credit, but drawings of a recurring nature (such as interest) will automatically be reinstated following the date of such payment provided that the letter of credit has not otherwise expired.

The letter of credit will expire at a date and time specified in the accompanying prospectus supplement, and will also expire upon the earlier occurrence of certain events, as described in the accompanying prospectus supplement.

Promissory Notes or Loan Obligations

We may incur indebtedness from time to time to the issuer of underlying securities, such indebtedness to be evidenced by promissory notes, loan agreements or other evidences of indebtedness. The purpose of issuing any such promissory note, loan agreement or other indebtedness will be to enable us, directly or indirectly, to provide credit support to the applicable underlying securities by means of our repayment obligation as evidenced by the promissory note, loan agreement or other indebtedness. The promissory notes, loan agreements or other indebtedness will provide that only the issuer of the underlying securities to which such promissory notes, loan agreements or other indebtedness relate or the issuer's assignee will be entitled to enforce such promissory notes, loan agreements or other indebtedness against us. Holders of the relevant underlying securities will not have any third party beneficiary or other rights under, or be entitled to enforce, the relevant promissory notes, loan agreements or other indebtedness. The terms and provisions of any such note, loan agreement or other indebtedness, including principal amount, provisions or interest and premium, if applicable, maturity, prepayment provisions, if any, and identity of obligee, will be described in the applicable prospectus supplement.

Modification of the Indenture

The following provisions will apply to any promissory notes or loan obligations issued pursuant to the indenture.

In general, our rights and obligations and the rights of the holders under the indenture may be modified if the holders of not less than 2/3rds in aggregate principal amount of the outstanding support obligations of each series affected by the modification consent to it. However, Section 10.2 of the indenture provides that, unless each affected holder agrees, we cannot

- o change the character of any support obligation from being payable other than as provided in any related support obligation agreement
- o reduce the principal amount of a support obligation

- o change the currency in which we have to make payment on a support obligation to a currency other than United States dollars

Edgar Filing: GENERAL ELECTRIC CAPITAL CORP - Form 424B3

- o reduce the percentage of the aggregate principal amount of support obligations needed to make any amendment to the indenture

However, if we and the Trustee agree, we can amend the indenture without notifying any holders or seeking their consent if the amendment does not materially and adversely affect any holder.

Event of Default

The following provisions will apply to any promissory notes or loan obligations issued pursuant to the indenture.

Any event of default with respect to any series of support obligations issued pursuant to the indenture is defined in the indenture as being (a) a default in any payment of principal or premium, if any, or interest on any support obligation of such series in accordance with the terms of the related credit support agreement; or (b) any other event of default as defined in the related credit support agreement to the extent specifically identified pursuant to Section 2.2 of the indenture. (Section 6.1.) The indenture requires us to deliver to the Trustee annually a written statement as to the presence or absence of certain defaults under the terms thereof. (Section 4.4.) No event of default with respect to a particular series of support obligations under the indenture necessarily constitutes an event of default with respect to any other series of support obligations issued thereunder or other series of support obligations not entitled to the benefits of the indenture.

The indenture provides that during the continuance of an event of default with respect to any series of support obligations issued pursuant to the indenture, either the Trustee or the holders of 25% in aggregate principal amount of the outstanding support obligations of such series and the interests of such series (voting together as a single class) may declare the principal of all such support obligations to be due and payable immediately, but under certain conditions such declaration may be annulled by the holders of a majority in principal amount of such support obligations then outstanding. The indenture provides that past defaults with respect to a particular series of support obligations issued under the indenture (except, unless theretofore cured, a default in payment of principal of, or interest on any of the support obligations of such series) may be waived on behalf of the holders of all support obligations of such series by the holders of a majority in principal amount of such support obligations then outstanding. (Sections 6.1 and 6.7.)

Subject to the provisions of the indenture relating to the duties of the Trustee in case an event of default with respect to any series of support obligations issued pursuant to the indenture shall occur and be continuing, the Trustee shall be under no obligation to exercise any of its rights or powers under the indenture at the request, order or direction of any holders of support obligations of any series issued thereunder unless such holders shall have offered to the Trustee reasonable indemnity. (Section 6.4.) Subject to such indemnification provision, the indenture provides that the holders of a majority in principal amount of the support obligations of any series issued pursuant to the indenture and the interests of such series (voting together as a single class) thereunder at the time outstanding shall have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee, or exercising any trust or power conferred on the Trustee with respect to the support obligations of such series, provided that the Trustee may decline to follow any such direction if it has not been offered reasonable indemnity therefor or if it determines that the proceedings so directed would be illegal or involve it in any personal liability. (Section 6.7.)

Concerning the Trustee

Edgar Filing: GENERAL ELECTRIC CAPITAL CORP - Form 424B3

The Chase Manhattan Bank, as successor to Mercantile-Safe Deposit and Trust Company, acts as Trustee under an Indenture with us dated as of June 3, 1994, as supplemented by a First Supplemental Indenture with us dated as of February 1, 1997 and a Second Supplemental Indenture with us dated as of July 2,

2001. The Chase Manhattan Bank also acts as Trustee under several other indentures with us, pursuant to which a number of series of senior, unsecured notes of ours are presently outstanding.

We will describe in the prospectus supplement, any material business and other relationships (including additional trusteeships), other than the present and prospective trusteeships referred to in the foregoing paragraph, between, on the one hand, GECC, GE Company and other affiliates of GE Company and, on the other hand, each Trustee under any indenture.

LEGAL OPINIONS
