Verdict Against U.S. Subsidiary of Elbit Systems

Haifa, Israel, November 7, 2007 – Elbit Systems Ltd. (NASDAQ: ESLT) (the “Company”) announced that on November 6, 2007, a jury verdict was rendered in a trial in the U.S. against several defendants, including Kollsman, Inc. (“Kollsman”), a wholly-owned U.S. subsidiary of the Company. The trial involved primarily misappropriation of trade secrets relating to two models of a commercial air data computer. The jury’s verdict awarded damages against all of the defendants, including an award against Kollsman. The verdict also allows for the possibility of the court’s imposition of exemplary damages and other costs against any or all of the defendants based on willful conduct. Kollsman is evaluating the options available to it in light of the jury verdict and believes it has bases to appeal the verdict and to object to the imposition of any exemplary damages or other costs. The Company will reflect the impact of the verdict on its third quarter 2007 results, and such impact will not have a material adverse impact on such results.
