as stock repurchases, acquisitions and investments for the latest twelve-month period. The Company has provided the Consolidated Schedule of Free Cash Flows for the twelve months ended September 30, 2001 and 2000 as that reflects the measure in which management evaluates the performance of its free cash flows. Such measure of performance may not be comparable to similarly titled measures used by other companies and is not a measurement recognized under generally accepted accounting principles. Therefore, free cash flow should not be construed as a substitute for income or cash flow from operations in measuring operating results or liquidity. The Consolidated Schedule of Free Cash Flows for the twelve months ended September 30, 2001 and 2000 should be read in conjunction with the Company's Consolidated Condensed Statements of Cash Flows attached hereto as well as the Company's Consolidated Statements of Income included within the Company's earnings release of third quarter results filed with the Securities and Exchange Commission on Form 8-K on October 18, 2001 and the Company's Annual Report on Form 10-K/A filed on July 3, 2001.
