# Edgar Filing: BENCHMARK ELECTRONICS INC - Form 8-K

Holdings, Inc., a company organized under the laws of the British Virgin Islands.

Benchmark acquired the Purchased Subsidiaries from ACT Manufacturing, Inc. ("ACT") pursuant to the terms of an Asset and Share Purchase Agreement dated as of July 2, 2002 by and between Benchmark and ACT (the "Purchase Agreement"). ACT had previously filed for reorganization under Chapter 11 of the United States Bankruptcy Code; the Purchase Agreement and the transactions contemplated thereby were approved by the bankruptcy court. As consideration for the Acquisition, Benchmark paid \$45.2 million in cash. The purchase price was funded through Benchmark's available cash. In connection with the Acquisition, Benchmark amended its Amended and Restated Credit Agreement dated June 23, 2000 to permit the acquisition of the Purchased Subsidiaries.

ACT-Thailand owns and operates a facility in Ayudhaya, Thailand and ACT-UK operates a leased facility in Leicester, England. The 240,000 square foot manufacturing facility in Ayudhaya, Thailand (near Bangkok) provides electronics manufacturing services, including printed circuit board (PCB) assembly and test, systems assembly and test, prototyping, warranty repair, materials procurement and engineering support services. The facility has experience in radio frequency (RF) and wireless product manufacturing, as well as a full suite of RF testing capabilities. The 55,000 square foot manufacturing facility in Leicester, England provides electronics manufacturing services, including PCB design, assembly and test, and systems assembly and test. In addition to the Ayudhaya and Leicester facilities, the Purchased Subsidiaries maintain leased international purchasing offices in San Jose, California, Hong Kong and The Republic of Singapore.

Benchmark is accounting for the acquisition utilizing the accounting principles promulgated by SFAS 141 and 142. Therefore, the effects of the acquisition will be reflected on Benchmark's financial statements from and after the acquisition date.

The Acquisition will provide Benchmark with additional high-technology manufacturing presence in Asia and several new customers in the medical, telecommunications and industrial control industries. Benchmark expects the acquisition to result in annual revenues of between \$180 million and \$200 million.
