VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

Holders of record of the Company's common stock ("common stock") at the close of business on May 2, 2005 (the "Voting Record Date") are entitled to one vote for each share held. As of the Voting Record Date, there were 3,100,191 shares of common stock issued and outstanding. In accordance with the provisions of the Articles of Incorporation of the Company, record holders of common stock who beneficially own in excess of 10% of the outstanding shares of common stock (the "Limit") are not entitled to any vote with respect to the shares held in excess of the Limit. The Company's Articles of Incorporation authorizes the Board of Directors (i) to make all determinations necessary to implement and apply the Limit, including determining whether persons or entities are acting in concert, and (ii) to demand that any person who is reasonably believed to beneficially own stock in excess of the Limit supply information to the Company to enable the Board of Directors to implement and apply the Limit.

Persons and groups who beneficially own in excess of five percent of the Company's common stock are required to file certain reports with the Securities and Exchange Commission (the "SEC") regarding such ownership pursuant to the Securities Exchange Act of 1934 (the "Exchange Act").

The following table sets forth the beneficial ownership of our common stock held by our directors and executive officers, individually and as a group, and all individuals known to management to own more than 5% of our common stock as of the Voting Record Date. VOTING PROCEDURES AND METHOD OF COUNTING VOTES

As to the election of directors, the proxy card provided by the Board of Directors enables a stockholder to vote "FOR" the election of the two nominees proposed by the Board of Directors or to "WITHHOLD AUTHORITY" to vote for the nominees being proposed. Under Maryland law and the Company's Articles of Incorporation and Bylaws, directors are elected by a plurality of the shares voted at the Meeting without regard to either broker non-votes or proxies as to which the authority to vote for the nominee is withheld.

As to the ratification of Plante & Moran, PLLC as independent registered

Edgar Filing: First Federal of Northern Michigan Bancorp, Inc. - Form DEFA14A

public accountants of the Company, by checking the appropriate box a stockholder may vote "FOR" the item, vote "AGAINST" the item or "ABSTAIN" from voting on the item. The ratification of independent registered public accountants must be approved by a majority of the shares voted at the Meeting without regard to broker non-votes or proxies marked abstain.

In the event at the time of the Meeting there are not sufficient votes for a quorum or to approve or ratify any matter being presented, the Meeting may be adjourned in order to permit the further solicitation of proxies.

2

Proxies solicited hereby will be returned to the Company and will be tabulated by Kathy Brown, Internal Auditor of First Federal of Northern Michigan, the inspector of election designated by the Board of Directors of the Company.

 PROPOSAL I--ELECTION OF DIRECTORS

The Company's Board of Directors is currently composed of five persons, and is divided into three classes with one class of directors elected each year. Directors are generally elected to serve for a three year period or until their respective successors shall have been elected and shall qualify. Two directors will be elected at the Meeting. The Board of Directors has nominated James C. Rapin and Martin A. Thomson for three-year terms, each of whom has agreed to serve if elected.

The table below sets forth certain information, as of the Voting Record Date, regarding the Board of Directors and executive officers. It is intended that the proxies solicited on behalf of the Board of Directors (other than proxies in which the vote is withheld as to one or more nominees) will be voted at the Meeting for the election of the nominees identified below. If any nominee is unable to serve, the shares represented by all such proxies will be voted for the election of such substitute as the Board of Directors may recommend. At this time, the Board of Directors knows of no reason why any of the nominees might be unable to serve, if elected. There are no arrangements or understandings between any nominee and any other person pursuant to which such nominee was selected.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE "FOR" EACH OF THE NOMINEES LISTED IN THIS PROXY STATEMENT.

Board Independence

The Board of Directors has determined that, except for Mr. Thomson, each member of the Board is an "independent director" within the meaning of the Nasdaq corporate governance listing standards. Mr. Thomson is not considered independent because he is an executive officer of the Company. Mr. Wallace is not considered independent under Securities Rule 10A-3 for purposes of Audit Committee membership because Mr. Wallace is the senior partner of Isackson and Wallace, P.C., general counsel to the Company.

Meetings and Committees of the Board of Directors

General. The business of the Company's Board is conducted at regular and special meetings of the full Board and its standing committees. The standing committees include the Executive, Audit, Nominating and Compensation Committees. During the year ended December 31, 2004, the Board of Directors of the Company held 12 regular meetings and seven special meetings. No member of the Board or any committee thereof attended fewer than 75% of said meetings. Executive sessions of the independent directors are held on a regularly scheduled basis. While the Company has no formal policy on director attendance at annual meetings of stockholders, directors are encouraged to attend. All directors attended the last Annual Meeting of Stockholders held on April 21, 2004.

The Executive Committee is authorized to act with the same authority as the Board of Directors between meetings of the Board, and is comprised of the full Board. The Executive Committee met 12 times during 2004.

The Audit Committee reviews our records and affairs to determine our financial condition, reviews with management and the independent auditors the systems of internal control, and monitors adherence in accounting and financial reporting to accounting principles generally accepted in the United States of America. Messrs. Rapin,

4

Townsend and VanMassenhove, each of whom is an "independent director" within the meaning of the Nasdaq corporate governance standards and the applicable Securities Exchange Act rules, serve as members of this committee. The Board of Directors has determined that Director VanMassenhove, a certified public accountant, qualifies as an "audit committee financial expert" and is serving as such for the Audit Committee. The Audit Committee met four times during 2004.

The Compensation Committee was established after the closing of the second-step mutual-to-stock conversion of Alpena Bancshares, M.H.C. to replace the Personnel Committee which was comprised of the full Board. The Compensation Committee will meet periodically to review the performance of officers and to determine compensation of officers to be recommended to the Board. It is comprised of Messrs. Rapin, Townsend, VanMassenhove and Wallace. The Personnel Committee did not meet in 2004.

The Nominating Committee nominates individuals for election as directors.

Edgar Filing: First Federal of Northern Michigan Bancorp, Inc. - Form DEFA14A

The Nominating Committee met once during 2004.

Nominating Committee. The Nominating Committee consists of Directors Rapin, Townsend, VanMassenhove and Wallace. Each member of the Nominating Committee is considered "independent" as defined in the Nasdaq corporate governance listing standards. The Company's Board of Directors has adopted a written charter for the Nominating Committee, which is available at the Company's website at www.first-federal.com. The Committee met one time during 2004.

The functions of the Nominating Committee include the following:

- o to lead the search for individuals qualified to become members of the Board and to select director nominees to be presented for stockholder approval;
- o to review and monitor compliance with the requirements for board independence;
- o to review the committee structure and make recommendations to the Board regarding committee membership;
- o to develop and recommend to the Board for its approval a set of corporate governance guidelines; and
- o to develop and recommend to the Board for its approval a self-evaluation process for the Board and its committees.

The Nominating Committee identifies nominees by first evaluating the current members of the Board of Directors willing to continue in service. Current members of the Board with skills and experience that are relevant to the Company's business and who are willing to continue in service are first considered for re-nomination, balancing the value of continuity of service by existing members of the Board with that of obtaining a new perspective. If any member of the Board does not wish to continue in service, or if the Committee or the Board decides not to re-nominate a member for re-election, or if the size of the Board is increased, the Committee would solicit suggestions for director candidates from all Board members. In addition, the Committee is authorized by its charter to engage a third party to assist in the identification of director nominees. The Nominating Committee would seek to identify a candidate who at a minimum satisfies the following criteria:

- o has the highest personal and professional ethics and integrity and whose values are compatible with the Company's;
 - o has had experiences and achievements that have given him or her the ability to exercise and develop good business judgment;
 - o is willing to devote the necessary time to the work of the Board and its committees, which includes being available for Board and committee meetings;
- 5
- o is familiar with the communities in which the Company and the Bank operate and/or is actively engaged in community activities;
 - o is involved in other activities or interests that do not create a conflict with his or her responsibilities to the Company and its stockholders; and

Edgar Filing: First Federal of Northern Michigan Bancorp, Inc. - Form DEFA14A

- o has the capacity and desire to represent the balanced, best interests of the stockholders of the Company as a group, and not primarily a special interest group or constituency.

In addition, the Nominating Committee will determine whether a candidate satisfies the qualifications requirements of the Company's Bylaws, which require any person appointed or elected to the Board of Directors to reside or work in a county in which the Bank maintains an office (at the time of appointment or election) or in a county contiguous to a county in which the Bank maintains an office.

Finally, the Nominating Committee will take into account whether a candidate satisfies the criteria for "independence" under the Nasdaq corporate governance listing standards, and if a nominee is sought for service on the audit committee, the financial and accounting expertise of a candidate, including whether the individual qualifies as independent for audit committee standards under the federal securities rules and as an audit committee financial expert.

Procedures for the Nomination of Directors by Stockholders. The Nominating Committee has adopted procedures for the submission of director nominees by stockholders. If a determination is made that an additional candidate is needed for the Board, the Nominating Committee will consider candidates submitted by the Company's stockholders. Stockholders can submit qualified names of candidates for director by writing to our Corporate Secretary, at 100 South Second Avenue, Alpena, Michigan 49707. The Corporate Secretary must receive a submission not less than ninety (90) days prior to the anniversary date of the Company's proxy materials for the preceding year's annual meeting for a candidate to be considered for next year's annual meeting of stockholders. The submission must include the following information:

- o a statement that the writer is a stockholder and is proposing a candidate for consideration by the Nominating Committee;
- o the qualifications of the candidate and why the candidate is being proposed;
- o the name and address of the stockholder as they appear on the Company's books, and number of shares of the Company's common stock that are owned beneficially by such stockholder (if the stockholder is not a holder of record, appropriate evidence of the stockholder's ownership will be required);
- o the name, address and contact information for the candidate, and the number of shares of common stock of the Company that are owned by the candidate (if the candidate is not a holder of record, appropriate evidence of the stockholder's ownership will be required);
- o a statement of the candidate's business and educational experience;
- o such other information regarding the candidate as would be required to be included in the proxy statement pursuant to SEC Rule 14A;
- o a statement detailing any relationship between the candidate and the Company;
- o a statement detailing any relationship between the candidate and any customer, supplier or competitor of the Company;
- o detailed information about any relationship or understanding between

Edgar Filing: First Federal of Northern Michigan Bancorp, Inc. - Form DEFA14A

the proposing stockholder and the candidate; and

6

- o a statement that the candidate is willing to be considered and willing to serve as a director if nominated and elected.

Submissions that are received and that meet the criteria outlined above are forwarded to the Chairman of the Nominating Committee for further review and consideration. A nomination submitted by a stockholder for presentation by the stockholder at an annual meeting of stockholders must comply with the procedural and informational requirements described in this proxy statement under the heading "Stockholder Proposals." No submission for Board nominees were received by the Company for the Meeting.

Stockholder Communications with the Board. A stockholder of the Company who wishes to communicate with the Board or with any individual director may write to the Corporate Secretary of the Company, 100 South Second Avenue, Alpena, Michigan 49707, Attention: Board Administration. The letter should indicate that the author is a stockholder and if shares are not held of record, should include appropriate evidence of stock ownership. Depending on the subject matter, management will:

- o forward the communication to the director or directors to whom it is addressed;
- o attempt to handle the inquiry directly, for example where it is a request for information about the Company or a stock-related matter; or
- o not forward the communication if it is primarily commercial in nature, relates to an improper or irrelevant topic, or is unduly hostile, threatening, illegal or otherwise inappropriate.

At each Board meeting, management will present a summary of all communications received since the last meeting that were not forwarded and make those communications available to the directors.

The Audit Committee. The Audit Committee consists of Directors Rapin, Townsend and VanMassenhove. Each member of the Audit Committee is considered "independent" as defined in the Nasdaq corporate governance listing standards and under SEC Rule 10A-3. The Board of Directors has determined that Gary C. VanMassenhove, a certified public accountant, qualifies as an "audit committee financial expert" as that term is defined by the rules and regulations of the SEC. The Audit Committee met four times during the year ended December 31, 2004. The Audit Committee reports to the Board on its activities and findings. The duties and responsibilities of the Audit Committee include, among other things:

- o retaining, overseeing and evaluating a firm of independent certified public accountants to audit the Company's annual financial statements;
- o in consultation with the independent registered public accountants and the internal auditor, reviewing the integrity of the Company's financial reporting processes, both internal and external;
- o approving the scope of the audit in advance;
- o reviewing the financial statements and the audit report with management and the independent registered public accountants;

Edgar Filing: First Federal of Northern Michigan Bancorp, Inc. - Form DEFA14A

- o considering whether the provision by the external independent registered public accountants of services not related to the annual audit and quarterly reviews is consistent with maintaining the independent registered public accounting firm's independence;
- o reviewing earnings and financial releases and quarterly reports filed with the SEC;
- o consulting with the internal audit staff and reviewing management's administration of the system of internal accounting controls;
- o approving all engagements for audit and non-audit services by the independent registered public accountants; and

7

- o reviewing the adequacy of the audit committee charter.

Audit Committee Report

The Audit Committee operates under a written charter adopted by the Board of Directors which is available on the Company's website at www.first-federal.com.

Management has the primary responsibility for the Company's internal controls and financial reporting processes. The independent registered public accountants are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with auditing standards generally accepted in the United States and issuing a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes.

As part of its ongoing activities, the Audit Committee has:

- o reviewed and discussed with management, and the independent registered public accountants, the Company's audited consolidated financial statements for the year ended December 31, 2004;
- o discussed with the independent registered public accountants the matters required to be discussed by Statement on Auditing Standards No. 61, Communications with Audit Committees, as amended; and
- o received the written disclosures and the letter from the independent registered public accountants required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, and has discussed with the independent registered public accountants their independence from the Company.

Based on the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-KSB for the year ended December 31, 2004 and be filed with the SEC. In addition, the Audit Committee engaged Plante & Moran, PLLC as the Company's independent registered public accountants for the year ending December 31, 2005, subject to the ratification of this appointment by the stockholders of the Company.

The Chairman of the Board received \$750 for each regular meeting attended, and each director received \$600 for each special Board meeting attended.

In addition to the foregoing, during 2004, Messrs. Rapin, Thomson, Wallace, VanMassenhove and Townsend received \$3,200, \$2,600, \$3,000, \$3,000 and \$3,200, respectively, for their services as members of the Bank's Executive and Audit Committees.

First Federal of Northern Michigan paid a total of \$73,850 in director and committee fees to members of the Board of Directors during the year ended December 31, 2004.

Recognition and Retention Plan. The Company maintains a Recognition and Retention Plan (the "Recognition and Retention Plan") first adopted in 1996. At the inception of the Recognition and Retention Plan in 1996, non-employee directors Rapin, Thomson, and Wallace were each granted 2,415 shares of common stock, which shares have been earned and issued. Messrs. VanMassenhove and Townsend, who were appointed to the Board of Directors in September 2001 and April 2002, respectively, have not been awarded any shares under the Recognition and Retention Plan. See "--Benefit Plans - Recognition and Retention Plan."

Benefit Plans

Defined Benefit Plan. The Bank maintains a noncontributory defined benefit plan (the "Retirement Plan"). All employees age 21 or older, who have worked at the Bank for a period of one year and have been credited with 1,000 or more hours of employment with the Bank during the year, are eligible to accrue benefits under the Retirement Plan. The Bank annually contributes an amount to the Retirement Plan necessary to satisfy the actuarially determined minimum funding requirements in accordance with the Employment Retirement Income Security Act of 1974, as amended ("ERISA").

At the normal retirement age of 65, the Retirement Plan is designed to provide a life annuity. The retirement benefit provided is an amount equal to 2.5% of a participant's average salary based on the average of the five consecutive years during the participant's years of employment which provide the highest average annual salary multiplied by the participant's years of credited service to the normal retirement date. Retirement benefits are also

payable upon retirement due to early and late retirement. Benefits are also paid

Edgar Filing: First Federal of Northern Michigan Bancorp, Inc. - Form DEFA14A

from the Retirement Plan upon a participant's disability or death. A reduced benefit is payable upon early retirement at or after age 55. Upon termination of employment other than as specified above, a participant who was employed by the Bank for a minimum of five years is eligible to receive his or her accrued benefit reduced for early retirement or a deferred retirement benefit commencing on such participant's normal retirement date. Benefits are payable in various annuity forms as well as in the form of a single lump sum payment. For the year ended December 31, 2004 the Bank made contributions to the Retirement Plan of \$329,552.

In 2004, the Board amended the Retirement Plan and set a 20-year limitation as the maximum number of employment years an employee is entitled to under the Retirement Plan. On April 19, 2005, the Board froze the Retirement Plan as to current participants and excluded from the Retirement Plane new employees hired after July 1, 2004.

The following table indicates the annual retirement benefit that would be payable under the Retirement Plan upon retirement at age 65 in plan year 2004, expressed in the form of a single life annuity for the final average salary and benefit service classification specified below. As of December 31, 2004, Mr. Thomson had four years credited service (i.e., benefit service) with the Bank.

High 5-Year Average Salary	10	15	20

Employee Stock Ownership Plan and Trust. The Bank established an employee stock ownership plan ("ESOP") and related Trust for eligible employees in connection with its initial mutual holding company reorganization in 1994. The ESOP borrowed funds from an unrelated third party lender and used the funds to purchase 48,000 shares of the common stock issued in the Bank's initial stock offering in 1994 (all of which have been allocated). The loan was repaid principally from the Bank's contributions to the ESOP and was fully paid during 1999. The ESOP purchased 138,709 shares in the stock offering which was completed on April 1, 2005. The ESOP obtained a loan from the Company to purchase these shares. The ESOP loan amortizes over a 15-year period, but the ESOP is entitled to pay off the loan at any time without incurring a penalty. Collateral for the loan is the common stock purchased by the ESOP.

The ESOP is a tax-qualified plan subject to the requirements of ERISA and the Internal Revenue Code of 1986 (the "Code"). Employees with a 12-month period of employment with the Bank during which they worked at least 1,000 hours and who have attained age 21 are eligible to participate.

Contributions to the ESOP and shares released from the suspense account in an amount proportional to the repayment of the ESOP loan are allocated among participants on the basis of compensation in the year of allocation, up to an annual adjusted maximum level of compensation. Benefits generally become 100% vested after five years of credited service. Forfeitures will be reallocated among remaining participating employees in the same proportion as contributions. Benefits are payable upon death, retirement, early retirement, disability or

Edgar Filing: First Federal of Northern Michigan Bancorp, Inc. - Form DEFA14A

separation from service. The Bank's contributions to the ESOP are not fixed, so benefits payable under the ESOP cannot be estimated.

The Bank's Board of Directors administers the ESOP. The Bank has appointed First Bankers Trust Company, Quincy, Illinois to serve as trustee of the ESOP. The ESOP Committee may instruct the trustee regarding investment of funds contributed to the ESOP. The ESOP trustee, subject to its fiduciary duty, must vote all allocated shares held in the ESOP in accordance with the instructions of participating employees. Under the ESOP, nondirected shares will be voted in a manner calculated to most accurately reflect the instructions it has received from participants regarding the allocated stock so long as such vote is in accordance with the provisions of ERISA. At April 1, 2005, there were 138,709 unallocated shares held in the ESOP.

401(k) Plan. The Bank established a 401(k) Plan for Bank employees as of May 1, 1999. The Plan is tax qualified and permits participants to elect to defer up to 50% (as of January 1, 2002) of the participant's eligible

10

annual compensation into the Plan. During 1999, the Bank made a matching contribution of 25% of the participant contribution to the Plan, up to 1% of the participant's eligible annual compensation for 1999. After 1999, the Bank has made matching contributions of 50% of the participant's contribution, with the match being up to 3% of the participant's eligible annual compensation for the year. All current employees at the time of the establishment of the Plan on May 1, 1999 were 100% vested in elective deferral matching contributions. Subsequently, new employees became 100% vested in matching contributions after five years of credited service. Beginning January 1, 2002 the vesting schedule for matching contributions changed to 20% per year of service over a five-year period. Participants will be credited for years of service with the Bank prior to the effective date of the Plan. Forfeitures of discretionary contributions will be used to reduce the Bank's contributions in succeeding plan years. In connection with the second-step stock offering which was completed on April 1, 2005, the 401(k) Plan was amended to permit participants to direct the investment of their 401(k) Plan account balances. Participants are permitted to invest their account balances in shares of the Company's common stock through an employer stock fund that has been established in the Plan.

Stock Option Plan. Certain employees and non-employee directors of the Bank and the Company are eligible to participate in the Bank's 1996 Stock Option Plan (the "Stock Option Plan"). The Stock Option Plan authorizes the grant of stock options and limited rights to purchase 69,000 shares, or 10% of the shares of common stock issued to minority stockholders in the 1994 initial public offering by the Bank. Upon the closing of the second-step stock offering, the shares of common stock subject to the Stock Option Plan were adjusted pursuant to the exchange ratio and became the shares of the Company's common stock. Pursuant to the Stock Option Plan, grants may be made of (i) options to purchase common stock intended to qualify as incentive stock options under Section 422 of the Code, (ii) options that do not so qualify ("non-statutory options") and (iii) limited rights (described below) that are exercisable only upon a change in control of the Bank or the Company. Non-employee directors are only eligible to receive non-statutory options.

The Stock Option Plan is administered by a committee consisting of certain non-employee directors of the Board of Directors (the "Committee"). In granting options, the Committee considers factors such as salary, length of employment with the Bank, and the employee's overall performance. All stock options are exercisable in five equal annual installments of 20% commencing one year from the date of grant; provided, however, that all options will be 100% exercisable

Edgar Filing: First Federal of Northern Michigan Bancorp, Inc. - Form DEFA14A

in the event the optionee terminates his service due to normal retirement, death or disability, or in the event of a change in control of the Company or the Bank. Options may be exercised within 10 years from the date of grant. Stock options may be exercised up to one year following termination of service or such later period as determined by the Committee. The exercise price of the options will be at least 100% of the fair market value of the underlying common stock at the time of the grant. The exercise price may be paid in cash or common stock.

Incentive stock options will only be granted to employees of the Bank and/or the Company. Non-employee directors will be granted non-statutory stock options. No incentive stock option granted in connection with the Stock Option Plan may be exercisable more than three months after the date on which the optionee ceases to perform services for the Bank and/or the Company, except that in the event of death, disability, normal retirement, or a change in control of the Bank or the Company, incentive stock options may be exercisable for up to one year; provided, however, that if an optionee ceases to perform services for the Bank or the Company due to retirement or following a change in control (as defined in the Stock Option Plan), any incentive stock options exercised more than three months following the date the optionee ceases to perform services shall be treated as a non-statutory stock option as described above.

Upon the exercise of "limited rights" in the event of a change in control, the optionee will be entitled to receive a lump sum cash payment, or in certain cases, common stock, equal to the difference between the exercise price of the option and the fair market value of the shares of common stock subject to the option on the date of exercise of the right in lieu of purchasing the stock underlying the option. In the event of death or disability, the Bank and/or the Company, if requested by the optionee or beneficiary, may elect, in exchange for the option, to pay the optionee, or beneficiary in the event of death, the amount by which the fair market value of the common stock exceeds the exercise price of the option on the date of the optionee's termination of service for death or disability.

Pursuant to the Stock Option Plan, non-employee directors at the inception of the Plan on April 17, 1996, Messrs. Rapin, Thomson, and Wallace, were each granted options to purchase 6,037 shares of common stock. These options were granted at an exercise price of \$10.00 per share, which options have all been vested but not

11

exercised. No options have been reserved for future issuance to non-employee directors under the Plan, and therefore Messrs. VanMassenhove and Townsend, who were appointed to the Board of Directors in September 2001 and April 2002, respectively, have not been awarded options under the Plan. No stock options were granted under the Stock Option Plan during the year ended December 31, 2004.

Set forth below is certain information concerning options outstanding to the Named Executive Officers at December 31, 2004.

Recognition and Retention Plan. Certain employees and non-employee directors of the Bank and the Company are eligible to participate in the Bank's Recognition and Retention Plan, which was adopted in 1996 (the "Recognition Plan"). A Committee of the Board of Directors composed of "disinterested" directors (the "Recognition Plan Committee") administers the Recognition Plan and makes awards to executive officers and employees. Participants in the Recognition Plan earn (become vested in) shares of Restricted Stock covered by an award and all restrictions lapse over a period of time commencing from the date of the award; provided, however, that the Recognition Plan Committee may accelerate or extend the earnings rate on any awards made to officers and employees under the Recognition Plan. Awards to non-employee directors vest at the rate of 20% of the amount initially awarded commencing one year from the date of the award. Awards to executive officers and employees become fully vested upon termination of employment or service due to death, disability or normal retirement or following a termination of employment or service in connection with a change in the control of the Bank or the Company. Upon termination of employment or service for another reason, unvested shares are forfeited. Awards to non-employee directors fully vest upon a non-employee director's disability, death, normal retirement, or following termination of service in connection with a change in control of the Bank or the Company. Unvested shares of Restricted Stock will be forfeited by a non-employee director upon failure to seek reelection, failure to be reelected, or resignation from the Board (other than in connection with normal retirement, as defined by the Recognition Plan). See "---Directors' Compensation - Recognition and Retention Plan."

Change in Control Agreements. In connection with the completion of the second-step mutual-to-stock conversion, the Bank intends to enter into change in control agreements with Martin A. Thomson, President and Chief Executive Officer, and Michael W. Mahler, Executive Vice President, which would provide certain benefits in the event of a change in control of the Bank or the Company. Each of the change in control agreements provides for

12

a term of up to 36 months. Commencing on each anniversary date, the Board of Directors may extend the change in control agreements for an additional year. The change in control agreements enable the Bank to offer to designated officers certain protections against termination without cause in the event of a change in control (as defined in the agreements). These protections against termination without cause in the event of a change in control are frequently offered by other financial institutions, and the Bank may be at a competitive disadvantage in attracting and retaining key employees if it does not offer similar protections.

Following a change in control of the Company or the Bank, an officer is entitled to a payment under the change in control agreement if the officer's employment is involuntarily terminated during the term of such agreement, other than for cause, as defined, death or disability. Involuntary termination includes the officer's termination of employment during the term of the agreement and following a change in control as the result of a demotion, loss of title, office or significant authority, reduction in the officer's annual compensation or benefits, or relocation of the officer's principal place of employment by more than 25 miles from its location immediately prior to the change in control. In addition, for the first 12 months following a change in control, if the Bank (or its successor) fails to renew the change in control agreement, the executive can voluntarily resign and receive the severance payment. In the event that an officer who is a party to a change in control agreement is entitled to receive payments pursuant to the change in control agreement, the officer will receive a cash payment of up to a maximum of two times the sum of base salary and highest rate of bonuses awarded to the officer over the prior three years, subject to applicable withholding taxes. Under the change in control agreements, Messrs. Thomson and Mahler would receive an aggregate of \$866,000 upon a change in control, based upon current levels of compensation. In addition to the severance payment, each covered officer is entitled to receive life, medical and dental coverage for a period of up to 24 months from the date of termination, as well as a lump-sum payment equal to the excess, if any, of (a) the present value of benefits to which the officer would be entitled under the Bank's defined benefit plan if the officer had the additional years of service that he would have had if he had continued working for the Bank for 24 months following his termination, over (b) the present value of the benefits to which the officer is actually entitled under the Bank's defined benefit plan as of the date of his termination. Notwithstanding any provision to the contrary in the change in control agreement, payments under the change in control agreements are limited so that they will not constitute an excess parachute payment under Section 280G of the Internal Revenue Code.

Transactions with Certain Related Persons

In the ordinary course of business, the Bank makes loans available to its directors, officers and employees. These loans are made in the ordinary course of business on substantially the same terms (including interest rate), including collateral, as comparable loans to other borrowers. Management believes that

Edgar Filing: First Federal of Northern Michigan Bancorp, Inc. - Form DEFA14A

these loans neither involve more than the normal risk of collectibility nor present other unfavorable features. Federal regulations permit executive officers and directors to participate in loan programs that are available to other employees, as long as the director or executive officer is not given preferential treatment compared to other participating employees. Loans made to directors or executive officers, including any modification of such loans, must be approved by a majority of disinterested members of the Board of Directors. The interest rate on loans to directors and officers is the same as that offered to other employees.

Section 16(a) Beneficial Ownership Reporting Compliance

The common stock of the Company is registered with the SEC pursuant to Section 12(g) of the Securities Exchange Act of 1934 (the "Exchange Act"). The officers and directors of the Company and beneficial owners of greater than 10% of First Federal of Northern Michigan Bancorp, Inc.'s common stock ("10% beneficial owners") are required to file reports on Forms 3, 4, and 5 with the SEC disclosing beneficial ownership and changes in beneficial ownership of the common stock. SEC rules require disclosure in the Company's Proxy Statement or Annual Report on Form 10-KSB of the failure of an officer, director, or 10% beneficial owner of the Company's common stock to file a Form 3, 4, or 5 on a timely basis. Based on the Company's review of ownership reports, all of the Company's officers and directors, except for Amy E. Essex and Gary C. VanMassenhove, filed these reports on a timely basis for 2004. On September 8, 2004, Mr. VanMassenhove purchased 250 shares of common stock and filed a Form 4 on September 17, 2004. In November 2004, Ms. Essex was appointed an executive officer of the Company. A timely Form 3 was not filed on the date of her appointment; however, at such date, Ms. Essex held no shares of common stock. Ms. Essex subsequently filed a Form 3 in connection with the second-step stock offering.

PROPOSAL II--RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS

The Company's independent registered public accountants for the year ended December 31, 2004 were Plante & Moran, PLLC. The Audit Committee has engaged Plante & Moran, PLLC to be the Company's independent registered public accountants for the 2005 fiscal year, subject to the ratification of the engagement by the Company's stockholders. At the Meeting, stockholders will consider and vote on the ratification of the engagement of Plante & Moran, PLLC for the Company's fiscal year ending December 31, 2005. A representative of Plante & Moran, PLLC is expected to attend the Meeting to respond to appropriate questions and to make a statement if he so desires.

Stockholder ratification of the selection of Plante & Moran, PLLC is not required by the Company's bylaws or otherwise. However, the Board of Directors is submitting the selection of the independent registered public accountants to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection of Plante & Moran, PLLC, the Audit Committee will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent accounting firm at any time during the year if it determines that such change is in the best interests of the Company and its stockholders.

Fees Paid to Plante & Moran, PLLC

Edgar Filing: First Federal of Northern Michigan Bancorp, Inc. - Form DEFA14A

Set forth below is certain information concerning aggregate fees billed for professional services rendered by Plante & Moran, PLLC during 2004 and 2003:

Audit Fees. The aggregate fees billed to the Company by Plante & Moran, PLLC for professional services rendered by Plante & Moran, PLLC for the audit of the Company's annual financial statements, review of the financial statements included in the Company's Quarterly Reports on Form 10-QSB and services that are normally provided by Plante & Moran, PLLC in connection with statutory and regulatory filings and engagements were \$73,150 and \$50,000 during the years ended December 31, 2004 and 2003, respectively.

Audit-Related Fees. The aggregate fees billed to the Company by Plante & Moran, PLLC for assurance and related services rendered by Plante & Moran, PLLC that are reasonably related to the performance of the audit of and review of the financial statements and that are not already reported in "Audit Fees," above, were \$0 and \$17,800 during the years ended December 31, 2004 and 2003, respectively. For 2003, these services included consultation regarding the Company's internal audit schedule and programs and review associated with the Company's acquisition of InsuranCenter of Alpena.

Tax Fees. The aggregate fees billed to the Company by Plante & Moran, PLLC for professional services rendered by Plante & Moran, PLLC for tax compliance, tax advice and tax planning were \$6,780 and \$6,350 during the years ended December 31, 2004 and 2003, respectively. These services included consultation on a discrepancy between IRS and SSA Records and research on taxability of gifts and disbursements to terminated employees.

All Other Fees. The aggregate fees billed to the Company by Plante & Moran, PLLC that are not described above were \$38,900 and \$0 during the years ended December 31, 2004 and 2003, respectively. These services included consultation in connection with the second-step stock offering, including the preparation of the Company's SEC registration statement on Form SB-2.

The Audit Committee has considered whether the provision of non-audit services, which for 2004 related primarily to the second-step mutual-to-stock conversion, is compatible with maintaining Plante & Moran, PLLC's independence. The Audit Committee concluded that performing such services does not affect Plante & Moran, PLLC's independence in performing its function as auditor of the Company.

Policy on Audit Committee Pre-Approval of Audit and Non-Audit Services of Independent Auditor

The Audit Committee's policy is to pre-approve all audit and non-audit services provided by the independent auditors. These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally provided for up to one year and any pre-approval is detailed as to particular

service or category of services and is generally subject to a specific budget. The Audit Committee has delegated pre-approval authority to its Chairman when expedition of services is necessary. The independent auditors and management are required to periodically report to the full Audit Committee regarding the extent of services provided by the independent auditors in accordance with this pre-approval, and the fees for the services performed to date. For 2004, all services were pre-approved by the Audit Committee.
