The Plan Administrator
Linens n Things, Inc. 401(k) Plan:

We have audited the accompanying statements of net assets available for plan benefits of the Linens n Things, Inc. 401(k) Plan as of December 31, 2002 and 2001, and the related statements of changes in net assets available for plan benefits for the years then ended. These financial statements are the responsibility of the Plan s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of the Linens n Things, Inc. 401(k) Plan as of December 31, 2002 and 2001, and the changes in net assets available for plan benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule H, line 4i schedule of assets (held at end of year) as of December 31, 2002 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan s management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

(f) Participants Accounts

Each participant's account is credited with the participant's contribution, employer matching contribution and allocations of investment income or loss. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(g) Vesting

Participants are immediately vested in their contributions plus actual earnings or losses thereon. Vesting in the employer's matching contribution portion of their accounts plus actual earnings or losses thereon is based on years of credited service, as defined. Effective January 1, 2002, a participant is fully vested after three years of service. Prior to January 1, 2002, a participant was 50% vested after three years and fully vested after five years of credited service.

(h) Payment of Benefits

Upon reaching normal retirement (age 65 or age 55 with 10 years of credited service, as defined) or upon permanent disability, all vested amounts credited to a participant's account become distributable. Distributions will be made as soon as administratively feasible, following a participant's request, and will be made in a lump-sum cash payment.

Upon a participant's death, the participant's beneficiary is entitled to 100% of the participant's vested account balance.

Upon termination of service, other than for normal retirement or death, the Administrator will direct the Trustee or the new Trustee to pay to the participant his or her benefit in an immediate lump sum or a deferred lump sum, if certain criteria are met.

Upon a participant's termination date, and prior to the time the participant becomes vested in his or her account, the non-vested portion, if any, shall be forfeited. These accounts will be used to restore amounts previously forfeited by participants but required to be reinstated upon resumption of employment, to pay administrative expenses, or to reduce employer contributions. Forfeitures were netted against the employer contributions for the years ended December 31, 2002 and 2001. Forfeitures were \$91,364 and \$111,645 for the years ended December 31, 2002 and 2001, respectively.

(j) Loans to Plan Participants

Under the terms of the Plan, participants may obtain loans from the Plan, utilizing funds accumulated in their accounts. The minimum amount, which may be borrowed, is \$1,000. Participants can borrow up to a maximum of 50% of their vested account balance but not more than \$50,000, less their highest outstanding loan balance during the previous 12 months. The Plan charges a fixed rate, which is 1% above the prime rate adjusted quarterly.

The loans are repaid to the Plan through after-tax payroll deductions. The loan repayments and interest earned are allocated to each of the investment funds based upon the participant's contribution election percentages. The term of the loan is arrived at by mutual agreement between the Plan Committee and the participant, but may not exceed five years unless the loan is to be used in conjunction with the purchase of the principal residence of the participant, in which case the loan may not exceed 25 years.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The accompanying financial statements have been prepared on an accrual method of accounting and present the net assets available for plan benefits of the Plan and the changes in those net assets in conformity with accounting principles generally accepted in the United States of America.

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from these estimates and assumptions.

LINENS N THINGS, INC. 401(k) PLAN

Notes to Financial Statements

(c) Risks and Uncertainties

Edgar Filing: LINENS N THINGS INC - Form 11-K

The Plan offers a number of investment options including Linens n Things, Inc. common stock and a variety of investment funds, some of which are mutual funds and pooled investment funds. The funds include U.S. equities, international equities, and fixed income securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for plan benefits and participant account balances.

The Plan's exposure to a concentration of credit risk is limited by the diversification of investments across participant-directed fund elections. Additionally, the investments within each participant-directed fund election are further diversified into varied financial instruments, with the exception of the Linens n Things Company Stock Fund, which principally invests in a single security.

(d) Investments

Each investment fund, aside from unallocated cash, which is held in an interest-bearing money market account, is stated at the fair value on the last business day of the plan year as reported by the Trustee or the new Trustee, which is based on the market value of the underlying securities based on quotations from national securities exchange. Purchases and sales of investments are recorded on a trade-date basis. Investment income is recorded as earned on an accrual basis. Dividend income is recorded on the ex-dividend date.

The carrying values for contribution receivables approximate their fair values due to their short-term nature. Participant loans are stated at amortized cost. The Administrator does not believe it is practicable to estimate fair value of participant loans as they are not material to the plan. The participant loans have fixed rates of interest established by the plan administrator at the time of each loan's origination and approximated prevailing market rates.

(e) Benefits

Benefits paid to participants are recorded when paid.

(f) Administrative Expenses

Most administrative expenses are paid by the Plan Sponsor.

(4) Plan Termination

LINENS N THINGS, INC. 401(k) PLAN

Notes to Financial Statements

(5) Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated October 1, 1999 that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

(6) Related Party Transactions (Parties in Interest)

The record keeping and custodial functions for the underlying investments held by the Plan were performed by Prudential Investments and effective April 1, 2001 were performed by Fidelity Trust Company.

Certain fees paid to related parties for services to the Plan were paid by the Plan Sponsor. Alternately, mutual fund and pooled investment fund operation expenses come out of a fund's assets and are reflected in the fund's share/unit price.
