CEO corner

To Our Shareholders,

The future has arrived at John Hancock Funds.

We have always been firm believers in the powerful role the Internet can play in providing fund information to our shareholders and prospective investors. Recently, we launched a redesigned, completely overhauled Web site that is more visually pleasing, easier to navigate and, most importantly, provides more fund information and learning tools without overwhelming the user.

Not long after we embarked on this major project, a study was released by the Investment Company Institute, the mutual fund industry's main trade group, which found that an overwhelming majority of shareholders consider the Internet the "wave of the future" for accessing fund information.

Our new site sports fresher and faster ways to access account information. New innovations allow investors to view funds by risk level, track the performance of the John Hancock funds of their choice or sort funds by Morningstar, Inc.'s star ratings. Investors who own a John Hancock fund through a qualified retirement plan and don't pay sales charges when making a purchase have the option of sorting by a "Load Waived" Morningstar Rating, thereby creating an apples-to-apples comparison with no-load funds that may also be available in their retirement plan.

The new site also has more educational tools and interactive modules to educate and assist investors with their financial goals, from college savings to retirement planning. A new *"I want to"* feature allows investors to check performance, invest more money, update personal information or download prospectuses and forms quickly and easily.

In another of our ongoing efforts to provide our shareholders with top-notch service, we also redesigned our shareholder reports, as you may have noticed with this report. We hope the larger size, more colorful cover and redesigned presentation of the commentary and data tables will draw you in and make them easier to read.

After you've read your shareholder report, we encourage you to visit our new Web site www.jhfunds.com and take a tour. It's easy, fast and fun and allows you to be in control of what you see and do. In short, it's the wave of the future!

Sincerely,

Keith F. Hartstein,
President and Chief Executive Officer

This commentary reflects the CEO's views as of December 31, 2006. They are subject to change at any time.

Your fund at a glance

The Fund seeks a high level of current income consistent with prudent investment risk by investing at least 80% of its assets in a diversified portfolio of income securities.

Over the last twelve months

□ Bonds overcame rising interest rates to post solid gains in 2006 as the economy decelerated in the second half of the year.

□ High-yield corporate bonds were far and away the best performers, while Treasury securities lagged.

□ The Fund outperformed thanks to overweights in high-yield corporate bonds and mortgage-backed securities.

Managers' report

John Hancock Income Securities Trust

The U.S. bond market posted positive returns in 2006, overcoming a modest rise in interest rates. The Lehman Brothers U.S. Aggregate Bond Index, a broad measure of bond market performance, posted its seventh consecutive calendar year of positive performance.

The environment for bonds shifted markedly during the year. The first half of 2006 was a challenging period for bonds — economic growth was stronger than expected, inflation spiked higher in the spring and the Federal Reserve raised short-term interest rates for the 17th time in two years. In this environment, bonds declined in value as interest rates rose sharply.

Over the last six months, however, bonds staged a healthy rebound thanks to slowing economic growth, most notably in the slumping housing market, and moderating inflation, which largely reflected a decline in energy prices. The weaker economic environment led the Fed to hold short-term interest rates steady throughout the last half of 2006.

Bond yields finished the year slightly higher than where they started. Despite the significant yield fluctuations during the year, the yield curve remained —inverted— — meaning short-term bond yields were higher than the yields of longer-term bonds — throughout 2006.

Barry H. Evans, CFA, Jeffrey N. Given, CFA, and Howard C. Greene, CFA

From a sector perspective, every segment of the bond market gained ground during the year, but high-yield corporate bonds were by far the top performers. Strong balance sheets, a lack of credit defaults and increasing demand for yield led to double-digit gains for high yield bonds. Among investment-grade sectors, mortgage-backed securities posted the best returns, while Treasury bonds lagged.

Over the last six months, however, bonds staged a healthy rebound thanks to slowing economic growth, most notably in the slumping housing market, and moderating inflation, which largely reflected a decline in energy prices.

Fund performance

For the year ended December 31, 2006, John Hancock Income Securities Trust produced a total return of 6.24% at net asset value (NAV) and 15.15% at market value. The Fund's NAV return and its market performance differ because the market share price is subject to the dynamics of secondary market trading, which could cause it to trade at a discount or premium to the Fund's NAV share price at any time. By comparison, the average closed-end intermediate-term bond fund returned 6.58%, according to Morningstar, Inc., and the Lehman Brothers Government/Credit Bond Index returned 3.78% .

The Fund outperformed its benchmark index largely because of overweight positions in mortgage-backed securities and high-yield corporate bonds. However, though we were overweight in high yield bonds relative to the index, we had a slightly lower weighting than our Morningstar peer group average. Consequently, the Fund modestly lagged the average return of its peer group.

Income Securities Trust 3

Sector allocation paid off

In 2006, we substantially increased our holdings of mortgage-backed securities, which became the largest sector weighting in the portfolio. This positioning boosted portfolio performance for the year as mortgage-backed bonds outperformed. In addition to the increase in residential mortgage-backed securities, we added to our position in commercial mortgage-backed securities. With high credit ratings, intermediate maturities and attractive yields, these bonds provided a way to add yield in a defensive manner.

Reducing our Treasury bond holdings substantially during the year also added value as these bonds underperformed. By the end of 2006, Treasury securities comprised the smallest sector weighting in the portfolio.

High yield bonds contributed strong results

Another positive factor was our overweight in high-yield corporate bonds, the top performers in the bond market in 2006. Although we trimmed our overall exposure to corporate securities, we sold mostly higher-quality securities while increasing our high yield position. By the end of the year, high yield bonds made up half of the portfolio's corporate bond holdings, up from a third at the beginning of the year.

Much of the increase in our high yield bond position resulted from finding specific securities that we found to be attractively valued. However, greater high yield exposure had the added benefit of helping protect the portfolio against the risk of leveraged buyouts (LBOs), which typically hurt bond-holders. Private equity firms are hesitant to pursue debt-financed acquisitions of companies that already have a significant amount of debt, as most below investment-grade companies do.

SECTOR DISTRIBUTION¹

Government □	
U.S. agency	34%
Mortgage bonds	23%
Financials	13%
Utilities	7%
Consumer discretionary	7%
Telecommunication services	4%
Materials	4%
Industrials	3%
Energy	2%
Government □ U.S.	2%
Health care	1%

Another way we protected against LBO risk was to focus on specific segments of the corporate bond market that are not suited to these types of transactions. We continued to emphasize bonds issued by utilities, banks and finance-related companies, which are generally reluctant to take on additional leverage because they need to protect the quality of their balance sheets as an ongoing requirement of their businesses.

A new maturity structure

The economy reached an inflection point in 2006, peaking in the first half of the year and then gradually slowing over the last

4 Income Securities Trust

six months. Consequently, we positioned the portfolio to benefit from a return to a "normal" relationship between short- and long-term bond yields — that is, longer-term bonds offering higher yields than short-term securities. This strategy involved reducing our holdings of long-term and short-term bonds and shifting the proceeds into intermediate-maturity bonds.

□The Fund outperformed its benchmark index, largely because of overweight positions in mortgage-backed securities and high-yield corporate bonds.□

This positioning tends to perform best when short- and long-term bond yields diverge, something that often occurs when economic growth slows and the market begins to price in expectations of one or more interest rate cuts by the Federal Reserve. Although this did not happen in 2006, we expect the inverted yield curve to unwind

at some point in the not-too-distant future. Since 1980, the yield curve has inverted six times and the average length of time for each inversion was seven months. The current inversion has lasted for just over a year.

Outlook

We expect the Federal Reserve to remain on hold for the next three to six months. We think the Fed's next move will be an interest rate cut, but not until the second half of 2007. The timing will depend on how long it takes the weakness in the housing market to filter through to the rest of the economy.

Although yield spreads between Treasury and corporate bonds are near historically narrow levels, we are cautiously optimistic that corporate bonds — especially the high yield segment — will continue to outperform in a relatively stable interest rate environment. However, we also think that individual security selection will become increasingly important.

This commentary reflects the views of the managers through the end of the Fund's period discussed in this report. The managers' statements reflect their own opinions. As such, they are in no way guarantees of future events, and are not intended to be used as investment advice or a recommendation regarding any specific security. They are also subject to change at any time as market and other conditions warrant.

(A) Credit ratings are unaudited and are rated by Moody's Investors Service where Standard & Poor's ratings are not available unless indicated otherwise.

(G) Security rated internally by John Hancock Advisers, LLC.

(L) All or a portion of this security is on loan as of December 31, 2006.

(P) Represents rate in effect on December 31, 2006.

(S) These securities are exempt from registration under Rule 144A of the Securities Act of 1933. Such securities may be resold, normally to qualified institutional buyers, in transactions exempt from registration. Rule 144A securities amounted to \$36,290,687 or 21.14% of the Fund's net assets as of December 31, 2006.

Parenthetical disclosure of a foreign country in the security description represents country of a foreign issuer; however, security is U.S. dollar-denominated.

The percentage shown for each investment category is the total value of that category as a percentage of the net assets of the Fund.

22 Income Securities Trust

FINANCIAL STATEMENTS

Notes to Financial Highlights

1 Audited by previous auditor.

2 Based on the average of the shares outstanding.

3 APS Series A and B were issued on 11-4-03.

4 Assumes dividend reinvestment.

5 Ratios calculated on the basis of expenses relative to the average net assets of common shares. Without the exclusion of preferred shares, the ratios of expenses would have been 0.81%, 0.76%, 0.77% and 0.77% for the years ended 12-31-03, 12-31-04, 12-31-05 and 12-31-06, respectively.

6 Ratios calculated on the basis of net investment income relative to the average net assets of common shares. Without the exclusion of preferred shares, the ratios of net investment income would have been 5.19%, 4.99%, 5.06% and 5.45% for the years ended 12-31-03, 12-31-04, 12-31-05 and 12-31-06, respectively.

7 Calculated by subtracting the Fund's total liabilities from the Fund's total assets and dividing that amount by the number of APS outstanding, as of the applicable 1940 Act Evaluation Date, which may differ from the financial reporting date.

See notes to financial statements

Income Securities Trust 23

Notes to financial statements

Note 1

Accounting policies

John Hancock Income Securities Trust (the "Fund") is a closed-end diversified investment management company registered under the Investment Company Act of 1940 (the "1940 Act"), as amended.

Significant accounting policies of the Fund are as follows:

Valuation of investments

Securities in the Fund's portfolio are valued on the basis of market quotations, valuations provided by independent pricing services or at fair value as determined in good faith in accordance with procedures approved by the Trustees. Short-term debt investments which have a remaining maturity of 60 days or less may be valued at amortized cost, which approximates market value. The Fund determines the net asset value of the common shares each business day.

Joint repurchase agreement

Pursuant to an exemptive order issued by the Securities and Exchange Commission, the Fund, along with other registered investment companies having a management contract with John Hancock Advisers, LLC (the "Adviser"), a wholly owned subsidiary of John Hancock Financial Services, Inc., a subsidiary of Manulife Financial Corporation ("MFC"), may participate in a joint repurchase agreement transaction. Aggregate cash balances are invested in one or more large repurchase agreements, whose underlying securities are obligations of the U.S. government and/or its agencies. The Fund's custodian bank receives delivery of the underlying securities for the joint account on the Fund's behalf. The Adviser is responsible for ensuring that the agreement is fully collateralized at all times.

Investment transactions

Investment transactions are accounted for on a trade date plus one basis for daily net asset value calculations. However, for financial reporting purposes, investment transactions are reported on trade date. Net realized gains and losses on sales of investments are determined on the identified cost basis. Some securities may be purchased on a "when-issued" or "forward commitment" basis, which means that the securities will be delivered to the Fund at a future date, usually beyond the customary settlement date.

Discount and premium on securities

The Fund accretes discount and amortizes premium from par value on securities from either the date of issue or the date of purchase over the life of the security.

Expenses

The majority of the expenses are directly identifiable to an individual fund. Expenses that are not readily identifiable to a specific fund will be allocated in such a manner as deemed equitable, taking into consideration, among other things, the nature and type of expense and the relative sizes of the funds.

Securities lending

The Fund may lend securities to certain qualified brokers who pay the Fund negotiated lender fees. The loans are collateralized at all times with cash or securities with a market value at least equal to the market value of the securities on loan. As with other extensions of credit, the Fund may bear the risk of delay of the loaned securities in recovery or even loss of rights in the collateral, should the borrower of the securities fail financially. At December 31, 2006, the Fund loaned securities having a market value of \$6,502,546 collateralized by securities in the amount of \$6,753,184. Securities lending expenses are paid by the Fund to the lending agent.

24 Income Securities Trust

Financial futures contracts

The Fund may buy and sell financial futures contracts. Buying futures tends to increase the Fund's exposure to the underlying instrument. Selling futures tends to decrease the Fund's exposure to the underlying instrument or hedge other Fund's instruments. At the time the Fund enters into financial futures contracts, it is required to deposit with its custodian a specified amount of cash or U.S. government securities, known as "initial margin," equal to a certain percentage of the value of the financial futures contract being traded. Each day, the futures contract is valued at the official settlement price of the board of trade or U.S. commodities exchange on which it trades. Subsequent payments to and from the broker, known as "variation margin," are made on a daily basis as the market price of the financial futures contract fluctuates. Daily variation margin adjustments arising from this "mark to market" are recorded by the Fund as unrealized gains or losses.

Edgar Filing: HANCOCK JOHN INCOME SECURITIES TRUST /MA - Form N-CSR

When the contracts are closed, the Fund recognizes a gain or loss. Risks of entering into financial futures contracts include the possibility that there may be an illiquid market and/or that a change in the value of the contracts may not correlate with changes in the value of the underlying securities. In addition, the Fund could be prevented from opening or realizing the benefits of closing out financial futures positions because of position limits or limits on daily price fluctuation imposed by an exchange.

For federal income tax purposes, the amount, character and timing of the Fund's gains and/or losses can be affected as a result of financial futures contracts.

On December 31, 2006, the Fund had deposited \$185,250 in a segregated account to cover margin requirements on open financial futures contracts.

The Fund had the following financial futures contracts open on December 31, 2006:

OPEN CONTRACTS	NUMBER OF CONTRACTS	POSITION	EXPIRATION	APPRECIATION
U.S. 10-year Treasury Note	285	Short	Mar 07	\$245,154

Federal income taxes

The Fund qualifies as a "regulated investment company" by complying with the applicable provisions of the Internal Revenue Code and will not be subject to federal income tax on taxable income that is distributed to shareholders. Therefore, no federal income tax provision is required. For federal income tax purposes, the Fund has \$7,909,723 of a capital loss carryforward available, to the extent provided by regulations, to offset future net realized capital gains. To the extent that such carryforward is used by the Fund, no capital gain distributions will be made. The loss carry-forward expires as follows: December 31, 2012 - \$2,123,466, December 31, 2013 - \$2,443,482 and December 31, 2014 - \$3,342,775. Net capital losses of \$328,913 that are attributable to security transactions incurred after October 31, 2005, are treated as arising on January 1, 2006, the first day of the Fund's next taxable year.

New accounting pronouncements

In June 2006, Financial Accounting Standards Board ("FASB") Interpretation No. 48, Accounting for Uncertainty in Income Taxes (the "Interpretation") was issued, and is effective for fiscal years beginning after December 15, 2006 and is to be applied to all open tax years as of the effective date. The Interpretation prescribes a minimum threshold for financial statement recognition of the benefit of a tax position taken or expected to be taken in a tax return, and requires certain expanded disclosures. Management is currently evaluating the application of the Interpretation to the Fund, and has not at this time quantified the impact, if any, resulting from the adoption of the Interpretation on the Fund's financial statements. The Fund will implement this pronouncement no later than June 29, 2007 and the effects will be noted in the Funds semiannual financial statements.

Income Securities Trust 25

In September 2006, FASB Standard No. 157, Fair Value Measurements ("FAS 157") was issued, and is effective for fiscal years beginning after November 15, 2007. FAS 157 defines fair value, establishing a framework for measuring fair value and expands disclosure about fair value measurements. Management is currently evaluating the application of FAS 157 to the Fund, and its impact, if any, resulting from the adoption of FAS 157 on the Fund's financial statements.

Dividends, interest and distributions

Dividend income on investment securities is recorded on the ex-dividend date or, in the case of some foreign securities, on the date thereafter when the Fund identifies the dividend. Interest income on investment securities is recorded on the accrual basis. The Fund may place a security on non-accrual status and reduce related interest income by ceasing current accruals and writing off interest receivables when the collection of interest has become doubtful. Foreign income may be subject to foreign withholding taxes, which are accrued as applicable.

The Fund records distributions to shareholders from net investment income and net realized gains, if any, on the ex-dividend date. During the year ended December 31, 2005, the tax character of distributions paid was as follows: ordinary income \$14,334,991. During the year ended December 31, 2006, the tax character of distributions paid was as follows: ordinary income \$14,667,522.

As of December 31, 2006, the components of distributable earnings on a tax basis included \$43,637 of undistributed ordinary income.

Such distributions and distributable earnings, on a tax basis, are determined in conformity with income tax regulations, which may differ from accounting principles generally accepted in the United States of America. Distributions in excess of tax basis earnings and profits, if any, are reported in the Fund's financial statements as a return of capital.

Use of estimates

The preparation of these financial statements, in accordance with accounting principles generally accepted in the United States of America, incorporates estimates made by management in determining the reported amount of assets, liabilities, revenues and expenses of the Fund. Actual results could differ from these estimates.

Note 2

Management fee and transactions with affiliates and others

The Fund has an investment management contract with the Adviser. Under the investment management contract, the Fund pays a quarterly management fee to the Adviser, equivalent on an annual basis, to the sum of (a) 0.650% of the first \$150,000,000 of the Fund's average weekly net asset value and the value attributable to the Auction Preferred Shares (collectively, "managed assets"), (b) 0.375% of the next \$50,000,000, (c) 0.350% of the next \$100,000,000 and (d) 0.300% of the Fund's average daily managed assets in excess of \$300,000,000.

Effective December 31, 2005, the investment management teams of the Adviser were reorganized into Sovereign Asset Management LLC ("Sovereign"), a wholly owned indirect subsidiary of John Hancock Life Insurance Company ("JHLICO"), a subsidiary of MFC. The Adviser remains the principal advisor on the Fund and Sovereign acts as subadviser under the supervision of the Adviser. The restructuring did not have an impact on the Fund, which continues to be managed using the same investment philosophy and process. The Fund is not responsible for payment of the subadvisory fees.

Effective October 1, 2006, Sovereign changed its name to MFC Global Investment Management (U.S.), LLC.

The Fund has an agreement with the Adviser and affiliates to perform necessary tax, accounting and legal services for the Fund. The compensation for the year amounted to \$40,280. The Fund also paid the Adviser the amount of \$100 for certain publishing

26 Income Securities Trust

services, included in the printing fees. The Fund reimbursed JHLICO for certain compliance costs, included in the Fund's Statement of Operations.

Mr. James R. Boyle is Chairman of the Adviser, as well as affiliated Trustee of the Fund, and is compensated by the Adviser and/or its affiliates. The compensation of unaffiliated Trustees is borne by the Fund. The unaffiliated Trustees may elect to defer, for tax purposes, their receipt of this compensation under the John Hancock Group of Funds Deferred Compensation Plan. The Fund makes investments into other John Hancock funds, as applicable, to cover its liability for the deferred compensation. Investments to cover the Fund's deferred compensation liability are recorded on the Fund's books as an other asset. The deferred compensation liability and the related other asset are always equal and are marked to market on a periodic basis to reflect any income earned by the investments, as well as any unrealized gains or losses. The Deferred Compensation Plan investments had no impact on the operations of the Fund.

The Fund is listed for trading on the New York Stock Exchange (["NYSE"]) and has filed with the NYSE its chief executive officer certification regarding compliance with the NYSE's listing standards. The Fund also files with the Securities and Exchange Commission the certification of its chief executive officer and chief financial officer required by Section 302 of the Sarbanes-Oxley Act.

End of period	11,215,223	\$177,367,356	11,282,039	\$178,860,851

Auction preferred shares

The Fund issued a total of 3,560 Auction Preferred Shares: 1,780 shares of Series A Auction Preferred Shares and 1,780 shares of Series B Auction Preferred Shares (collectively, the ["Preferred Shares"] or ["APS"]) on November 4, 2003, in a public offering. The total offering costs of \$188,388 and the total underwriting discount of \$890,000 has been charged to capital paid-in of common shares during the years ended December 31, 2003 and December 31, 2004.

Dividends on the APS, which accrue daily, are cumulative at a rate that was established at the offering of the APS and has been reset every seven days thereafter by an auction. Dividend rates on APS Series A ranged from 3.95% to 5.30% and Series B from 4.00% to 5.30% during the year ended December 31, 2006. Accrued dividends on APS are included in the value of APS on the Fund's Statement of Assets and Liabilities.

The APS are redeemable at the option of the Fund, at a redemption price equal to \$25,000 per share, plus accumulated and unpaid dividends on any dividend payment date. The APS are also subject to mandatory redemption at a redemption price equal to \$25,000 per share, plus accumulated and unpaid dividends, if the Fund is in default on its asset coverage requirements with respect to the APS as defined in the Fund's by-laws. If the dividends on the APS shall remain unpaid in an amount equal to two full years' dividends, the holders of the APS, as a class, have the right to elect a majority of the Board of Trustees. In general, the holders of the

Income Securities Trust 27

APS and the common shareholders have equal voting rights of one vote per share, except that the holders of the APS, as a class, vote to elect two members of the Board of Trustees, and separate class votes are required on certain matters that affect the respective interests of the APS and common shareholders.

Note 4

Investment transactions

Purchases and proceeds from sales or maturities of securities, other than short-term securities and obligations of the U.S. government, during the year ended December 31, 2006, aggregated \$209,772,252 and \$179,966,481, respectively. Purchases and proceeds from sales or maturities of obligations of the U.S. government aggregated

\$34,346,618 and \$60,829,522, respectively, during the year ended December 31, 2006.

The cost of investments owned on December 31, 2006, including short-term investments, for federal income tax purposes was \$257,841,702. Gross unrealized appreciation and depreciation of investments aggregated \$2,909,908 and \$2,561,543, respectively, resulting in net unrealized appreciation of \$348,365. The difference between book basis and tax basis net unrealized appreciation of investments is attributable primarily to the tax deferral of losses on certain sales of securities and amortization of premiums and accretion of discount on debt securities.

Note 5

Reclassification of accounts

During the year ended December 31, 2006, the Fund reclassified amounts to reflect an increase in accumulated net realized loss on investments of \$974,822, a decrease in accumulated net investment loss of \$413,685 and an increase in capital paid-in of \$561,137. This represents the amounts necessary to report these balances on a tax basis, excluding certain temporary differences, as of December 31, 2006. Additional adjustments may be needed in subsequent reporting periods. These reclassifications, which have no impact on the net asset value of the Fund, are primarily attributable to certain differences in the computation of distributable income and capital gains under federal tax rules versus accounting principles generally accepted in the United States of America, book and tax differences in accounting for amortization of premium and REIT adjustments. The calculation of net investment income per share in the Fund's Financial Highlights excludes these adjustments.

28 Income Securities Trust

Auditors' report

Report of Independent Registered Public Accounting Firm

To the Board of Trustees and Shareholders of John Hancock Income Securities Trust,

In our opinion, the accompanying statement of assets and liabilities, including the schedule of investments, and the related statements of operations and of changes in net assets and the financial highlights present fairly, in all material respects, the financial position of John Hancock Income Securities Trust Fund (the "Fund") at December 31, 2006, the results of its operations, the changes in its net assets and the financial highlights for the periods indicated, in conformity with accounting principles generally accepted in the United States of America. These financial statements and financial highlights (hereafter referred to as "financial statements") are the responsibility of the Fund's management; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audit of these financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits, which included confirmation of securities at December 31, 2006, by correspondence with the custodian and brokers, provide a reasonable basis for our opinion. The financial highlights for each of the periods ended on or before December 31, 2002, were audited by other independent auditors, whose report dated February 7, 2003, expressed an unqualified opinion thereon.

Tax information

Unaudited

For federal income tax purposes, the following information is furnished with respect to the distributions of the Fund, if any, paid during its taxable year ended December 31, 2006.

With respect to the ordinary dividends paid by the Fund for the fiscal year ended December 31, 2006, 2.78% of the dividends qualifies for the corporate dividends-received deduction.

The Fund hereby designates the maximum amount allowable of its net taxable income as qualified dividend income as provided in the Jobs and Growth Tax Relief Reconciliation Act of 2003. This amount will be reflected on Form 1099-DIV for the calendar year 2006.

Shareholders were mailed a 2006 U.S. Treasury Department Form 1099-DIV in January 2007. This will reflect the total of all distributions that are taxable for calendar year 2006.

30

Investment objective and policy

The Fund is a closed-end diversified management investment company, common shares of which were initially offered to the public on February 14, 1973, and are publicly traded on the NYSE. The Fund's investment objective is to generate a high level of current income consistent with prudent investment risk. The Fund invests in a diversified portfolio of freely marketable debt securities and may invest an amount not exceeding 20% of its assets in income-producing preferred and common stock. Under normal circumstances, the Fund will invest at least 80% of net assets in income securities. Income securities will consist of the following: (i) marketable corporate debt securities, (ii) governmental obligations and (iii) cash and commercial paper. [Net assets] is defined as net assets plus borrowings for investment purposes. The Fund will notify shareholders at least 60 days prior to any change in this 80% investment policy.

It is contemplated that at least 75% of the value of the Fund's total assets will be represented by debt securities, which have at the time of purchase a rating within the four highest grades as determined by Moody's Investors Service, Inc., or Standard & Poor's Corporation. The Fund intends to engage in short-term trading and may invest in repurchase agreements. The Fund may issue a single class of senior securities not to exceed $33\frac{1}{3}\%$ of its net assets at market value and may borrow from banks as a temporary measure for emergency purposes in amounts not to exceed 5% of the total assets at cost. The Fund may lend portfolio securities not to exceed $33\frac{1}{3}\%$ of total assets.

Bylaws

In November 2002, the Board of Trustees adopted several amendments to the Fund's bylaws, including provisions relating to the calling of a special meeting and requiring advance notice of shareholder proposals or nominees for Trustee. The advance notice provisions in the bylaws require shareholders to notify the Fund in writing of any proposal which they intend to present at an annual meeting of shareholders, including any nominations for Trustee, between 90 and 120 days prior to the first anniversary of the mailing date of the notice from the prior year's annual meeting of shareholders. The notification must be in the form prescribed by the bylaws. The advance notice provisions provide the Fund and its Trustees with the opportunity to thoughtfully consider and address the matters proposed before the Fund prepares and mails its proxy statement to shareholders. Other amendments set forth the procedures that must be followed in order for a shareholder to call a special meeting of shareholders. Please contact the Secretary of the Fund for additional information about the advance notice requirements or the other amendments to the bylaws.

On August 21, 2003, shareholders approved the amendment of the Fund's bylaws effective August 26, 2003, to provide for the issuance of preferred shares. Effective March 9, 2004, the Trustees approved additional changes to conform with the Fund's maximum dividend rate on the preferred shares with the rate used by other John Hancock funds.

On September 14, 2004, the Trustees approved an amendment to the Fund's bylaws increasing the maximum applicable dividend rate ceiling on the preferred shares to conform with the modern calculation methodology used by the industry and other John Hancock funds.

Financial futures contracts and options

The Fund may buy and sell financial futures contracts and options on futures contracts to hedge against the effects of fluctuations in interest rates and other market conditions. The Fund's ability to hedge successfully will depend on the Adviser's ability to predict accurately the future direction of interest rate changes and other market factors. There is no assurance that a liquid market for futures and options will always exist. In addition, the Fund could be prevented from opening, or realizing the benefits of closing out a futures or options position because of position limits or limits on daily price fluctuations imposed by an exchange.

31

The Fund will not engage in transactions in futures contracts and options on futures for speculation, but only for hedging or other permissible risk management purposes. All of the Fund's futures contracts and options on futures will be traded on a U.S. commodity exchange or board of trade. The Fund will not engage in a transaction in futures or options on futures if, immediately thereafter, the sum of initial margin deposits on existing positions and premiums paid for options on futures would exceed 5% of the Fund's total assets.

Dividends and distributions

During the year ended December 31, 2006, dividends from net investment income totaling \$0.9263 per share were paid to shareholders. The dates of payments and the amounts per share are as follows:

PAYMENT DATE	INCOME DIVIDEND
March 31, 2006	\$0.2450
June 30, 2006	0.2275
September 29, 2006	0.2325
December 29, 2006	0.2213

Dividend reinvestment plan

The Fund offers its common shareholders a Dividend Reinvestment Plan (the "Plan"), which offers the opportunity to earn compounded yields. Any holder of common shares of record of the Fund may elect to participate in the Plan and receive the Fund's common shares in lieu of all or a portion of the cash dividends. The Plan is available to all common shareholders without charge. Mellon Investor Services (the "Plan Agent") will act as agent for participating shareholders.

Shareholders may join the Plan by notifying the Plan Agent by telephone, in writing or by visiting the Plan Agent's Web site at www.melloninvestor.com showing an election to reinvest all or a portion of dividend payments. If received in proper form by the Plan Agent prior to the record date for a dividend, the election will be effective with respect to all dividends paid after such record date. Shareholders whose shares are held in the name of a broker or nominee should contact the broker or nominee to determine whether and how they may participate in the Plan.

The Board of Trustees of the Fund will declare dividends from net investment income payable in cash or, in the case of shareholders participating in the Plan, partially or entirely in the Fund's common shares. The number of shares to be issued for the benefit of each shareholder will be determined by dividing the amount of the cash dividend, otherwise payable to such shareholder on shares included under the Plan, by the per share net asset value of the common shares on the date for payment of the dividend, unless the net asset value per share on the payment date is less than 95% of the market price per share on that date, in which event the number of shares to

be issued to a shareholder will be determined by dividing the amount of the cash dividend payable to such shareholder, by 95% of the market price per share of the common shares on the payment date. The market price of the common shares on a particular date shall be the mean between the highest and lowest sales price on the NYSE on that date. Net asset value will be determined in accordance with the established procedures of the Fund. However, if as of such payment date the market price of the common shares is lower than such net asset value per share, the number of shares to be issued will be determined on the basis of such market price. Fractional shares, carried out to four decimal places, will be credited to the shareholder's account. Such fractional shares will be entitled to future dividends.

The shares issued to participating shareholders, including fractional shares, will be held by the Plan Agent in the name of the participant. A confirmation will be sent to each shareholder promptly, normally within five to seven days, after the payment date of the dividend. The confirmation will show the total number of shares held by such shareholder before and after the dividend, the amount of the most recent cash dividend that the shareholder has elected to reinvest and the number of shares acquired with such dividend.

32

Participation in the Plan may be terminated at any time by contacting the Plan Agent by telephone, in writing or by visiting the Plan Agent's Web site, and such termination will be effective immediately. However, notice of termination must be received prior to the record date of any distribution to be effective for that distribution. Upon termination, certificates will be issued representing the number of full shares of common shares held by the Plan Agent. A shareholder will receive a cash payment for any fractional share held.

The reinvestment of dividends will not relieve participants of any federal, state or local income tax, which may be due with respect to such dividend. Dividends reinvested in common shares will be treated on your federal income tax return as though you had received a dividend in cash in an amount equal to the fair market value of the shares received, as determined by the prices for common shares of the Fund on the NYSE as of the dividend payment date. Distributions from the Fund's long-term capital gains will be processed as noted above for those electing to reinvest in common shares and will be taxable to you as long-term capital gains. The confirmation referred to above will contain all the information you will require for determining the cost basis of shares acquired and should be retained for that purpose. At year end, each account will be supplied with detailed information necessary to determine total tax liability for the calendar year.

All correspondence or additional information concerning the Plan should be directed to the Plan Agent, Mellon Bank, N.A., c/o Mellon Investor Services, P.O. Box 3338, South Hackensack, New Jersey 07606-1938 (Telephone: 1-800-852-0218).

Shareholder communication and assistance

If you have any questions concerning the Fund, we will be pleased to assist you. If you hold shares in your own name and not with a brokerage firm, please address all notices, correspondence, questions or other communications regarding the Fund to the transfer agent at:

Mellon Investor Services
Newport Office Center VII
480 Washington Boulevard
Jersey City, NJ 07310
Telephone: 1-800-852-0218

If your shares are held with a brokerage firm, you should contact that firm, bank or other nominee for assistance.

33

Shareholder meeting

Edgar Filing: HANCOCK JOHN INCOME SECURITIES TRUST /MA - Form N-CSR

On March 22, 2006, the Annual Meeting of the Fund was held to elect nine Trustees and to ratify the actions of the Trustees in selecting independent auditors for the Fund.

Proxies covering 9,671,478 shares of beneficial interest were voted at the meeting. The common shareholders elected the following Trustees to serve until their respective successors are duly elected and qualified, with the votes for each Trustee tabulated as follows:

	FOR	WITHHELD AUTHORITY
James R. Boyle	9,660,004	11,474
James F. Carlin	9,652,639	18,839
Richard P. Chapman, Jr.	9,650,601	20,877
William H. Cunningham	9,650,599	20,879
Richard Dion	9,655,228	16,250
Charles Ladner	9,661,778	9,700
Stephan Pruchansky	9,653,607	17,871

The preferred shareholders elected Dr. John A. Moore and Patti McGill Peterson to serve as the Fund's Trustees until their successors are duly elected and qualified, with the votes tabulated as follows: 2,982 FOR, 0 AGAINST, 7 ABSTAINING.

The common and preferred shareholders ratified the Trustees' selection of PricewaterhouseCoopers LLP as the Fund's independent auditor for the fiscal year ending December 31, 2006, with votes tabulated as follows: 9,670,637 FOR, 49,203 AGAINST and 69,358 ABSTAINING.

34

Board Consideration of and Continuation of Investment Advisory Agreement and Subadvisory Agreement: John Hancock Income Securities Trust

The Investment Company Act of 1940 (the "1940 Act") requires the Board of Trustees (the "Board") of John Hancock Income Securities Trust (the "Fund"), including a majority of the Trustees who have no direct or indirect interest in the investment advisory agreement and are not "interested persons" of the Fund, as defined in the 1940 Act (the "Independent Trustees"), annually to review and consider the continuation of: (i) the investment advisory agreement (the "Advisory Agreement") with John Hancock Advisers, LLC (the "Adviser") and (ii) the investment subadvisory agreement (the "Subadvisory Agreement") with Sovereign Asset Management LLC (the "Subadviser"). The Advisory Agreement and the Subadvisory Agreement are collectively referred to as the "Advisory Agreements."

At meetings held on May 1st and June 5th, 2006, the Board considered the factors and reached the conclusions described below relating to the selection of the Adviser and Subadviser and the continuation of the Advisory Agreements. During such meetings, the Board's Contracts/Operations Committee and the Independent Trustees also met in executive sessions with their independent legal counsel.

In evaluating the Advisory Agreements, the Board, including the Contracts/ Operations Committee and the Independent Trustees, reviewed a broad range of information requested for this purpose by the Independent Trustees, including: (i) the investment performance of the Fund relative to a category of relevant funds (the "Category") and a peer group of comparable funds (the "Peer Group") each selected by Morningstar Inc. ("Morningstar"), an independent provider of investment company data, for a range of periods ended December 31, 2005, (ii) advisory and other fees incurred by, and the expense ratios of, the Fund relative to a Category and a

Peer Group, (iii) the advisory fees of comparable portfolios of other clients of the Adviser and the Subadviser, (iv) the Adviser's financial results and condition, including its and certain of its affiliates' profitability from services performed for the Fund, (v) breakpoints in the Fund's and the Peer Group's fees, and information about economies of scale, (vi) the Adviser's and Subadviser's record of compliance with applicable laws and regulations, with the Fund's investment policies and restrictions, and with the applicable Code of Ethics, and the structure and responsibilities of the Adviser's and Subadviser's compliance department, (vii) the background and experience of senior management and investment professionals, and (viii) the nature, cost and character of advisory and non-investment management services provided by the Adviser and its affiliates and by the Subadviser.

The Board's review and conclusions were based on a comprehensive consideration of all information presented to the Board and not the result of any single controlling factor. It was based on performance and other information as of December 31, 2005; facts may have changed between that date and the date of this shareholders report. The key factors considered by the Board and the conclusions reached are described below.

Nature, extent and quality of services

The Board considered the ability of the Adviser and the Subadviser, based on their resources, reputation and other attributes, to attract and retain qualified investment professionals, including research, advisory, and supervisory personnel. The Board further considered the compliance programs and compliance records of the Adviser and Subadviser. In addition, the Board took into account the administrative services provided to the Fund by the Adviser and its affiliates.

Based on the above factors, together with those referenced below, the Board concluded that, within the context of its full deliberations, the nature, extent and quality of the investment advisory services provided to the Fund by the Adviser and Subadviser were sufficient to support renewal of the Advisory Agreements.

Fund performance

The Board considered the performance results for the Fund over various time periods

35

ended December 31, 2005. The Board also considered these results in comparison to the performance of the Category, as well as the Fund's Peer Group and benchmark index. Morningstar determined the Category and Peer Group for the Fund. The Board reviewed with a representative of Morningstar the methodology used by Morningstar to select the funds in the Category and the Peer Group.

The Board noted the Fund's performance was lower than the performance of the Category and Peer Group medians and its benchmark index, the Lehman Brothers Aggregate Bond Index, over the 1- and 10- year periods. The Board also noted that the Fund's performance for the 3- and 5- year periods was lower than the median performance of its Category and Peer Group, but higher than its benchmark index. The Board indicated its intent to continue to monitor the Fund's performance trends.

Investment advisory fee and subadvisory fee rates and expenses

The Board reviewed and considered the contractual investment advisory fee rate payable by the Fund to the Adviser for investment advisory services (the "Advisory Agreement Rate"). The Board received and considered information comparing the Advisory Agreement Rate with the advisory fees for the Category and Peer Group. The Board noted that the Advisory Agreement Rate was higher than the median rate of the Peer Group and equal to the median rate of the Category.

The Board received and considered expense information regarding the Fund's various components, including advisory fees, and other non-advisory fees, including transfer agent fees, custodian fees, and other miscellaneous fees (e.g., fees for accounting and legal services). The Board considered comparisons of these expenses to the Peer Group median. The Board also received and considered expense information regarding the Fund's total operating expense ratio ("Expense Ratio"). The Board received and considered information comparing the Expense Ratio of the Fund to that of the Category and Peer Group medians. The Board noted that the Fund's Expense

Ratio was not appreciably higher than the Category and Peer Group medians.

The Adviser also discussed the Morningstar data and rankings, and other relevant information, for the Fund. Based on the above-referenced considerations and other factors, the Board concluded that the Fund's overall expense results and performance supported the re-approval of the Advisory Agreements.

The Board also received information about the investment subadvisory fee rate (the "Subadvisory Agreement Rate") payable by the Adviser to the Subadviser for investment subadvisory services. The Board concluded that the Subadvisory Agreement Rate was fair and equitable, based on its consideration of the factors described here.

Profitability

The Board received and considered a detailed profitability analysis of the Adviser based on the Advisory Agreements, as well as on other relationships between the Fund and the Adviser and its affiliates, including the Subadviser. The Board concluded that, in light of the costs of providing investment management and other services to the Fund, the profits and other ancillary benefits reported by the Adviser were not unreasonable.

Economies of scale

The Board received and considered general information regarding economies of scale with respect to the management of the Fund, including the Fund's ability to appropriately benefit from economies of scale under the Fund's fee structure. The Board recognized the inherent limitations of any analysis of economies of scale, stemming largely from the Board's understanding that most of the Adviser's and Subadviser's costs are not specific to individual Funds, but rather are incurred across a variety of products and services.

The Board noted that the Advisory Agreements offered breakpoints. However, the Board considered the limited relevance of economies of scale in the context of a closed-end fund that, unlike an open-end fund, does not continuously offer its shares. The Board noted that the Fund, as a closed-end investment company, was not expected to increase materially in size and that its assets would grow (if at all) through the investment performance of the

36

Fund. Therefore, the Board did not consider potential economies of scale as a principal factor in assessing the fees payable under the Agreements, but concluded that the fees were fair and equitable based on relevant factors.

Other benefits to the Adviser

The Board received information regarding potential "fall-out" or ancillary benefits received by the Adviser and its affiliates as a result of the Adviser's relationship with the Fund. Such benefits could include, among others, benefits directly attributable to the relationship of the Adviser with the Fund and benefits potentially derived from an increase in the business of the Adviser as a result of its relationship with the Fund (such as the ability to market to shareholders other financial products offered by the Adviser and its affiliates).

The Board also considered the effectiveness of the Adviser's, Subadviser's and Fund's policies and procedures for complying with the requirements of the federal securities laws, including those relating to best execution of portfolio transactions and brokerage allocation.

Other factors and broader review

As discussed above, the Board reviewed detailed materials received from the Adviser and Subadviser as part of the annual re-approval process. The Board also regularly reviews and assesses the quality of the services that the Fund receives throughout the year. In this regard, the Board reviews reports of the Adviser and Subadviser at least quarterly, which include, among other things, fund performance reports and compliance reports. In addition, the Board meets with portfolio managers and senior investment officers at various times throughout the year.

After considering the above-described factors and based on its deliberations and its evaluation of the information described above, the Board concluded that approval of the continuation of the Advisory Agreements for the Fund was in the best interest of the Fund and its shareholders. Accordingly, the Board unanimously approved the continuation of the Advisory Agreements.

1 The Board previously considered information about the Subadvisory Agreement at the September and December 2005 Board meetings in connection with the Adviser's reorganization.

37

Information about the portfolio managers

Management Biographies and Fund ownership

Below is an alphabetical list of the portfolio managers who share joint responsibility for the day-to-day investment management of the Fund. It provides a brief summary of their business careers over the past five years and their range of beneficial share ownership in the Fund as of December 31, 2006.

Barry H. Evans, CFA

President, Chief Fixed Income Officer and Chief Operating Officer, MFC Global Investment Management (U.S.), LLC since 2005
Senior Vice President, John Hancock Advisers LLC (1986-2005)
Began business career in 1986
Joined fund team in 2002
Fund ownership □ \$1-\$10,000

Jeffrey N. Given, CFA

Vice president, MFC Global Investment Management (U.S.), LLC since 2005
Second Vice President, John Hancock Advisers LLC (1993-2005)
Began business career in 1993
Joined fund team in 1999
Fund ownership □ \$1-\$10,000

Howard C. Greene, CFA

Senior Vice President, MFC Global Investment Management (U.S.), LLC since 2005
Senior Vice President, John Hancock Advisers LLC (2002-2005)
Vice President at Sun Life Financial Services Company of Canada (1987-2002)
Began business career in 1979
Joined fund team in 2005
Fund ownership □ None

Other Accounts the Portfolio Managers are Managing

The table below indicates for each portfolio manager information about the accounts over which the portfolio manager has day-to-day investment responsibility. All information on the number of accounts and total assets in the table is as of December 31, 2006. For purposes of the table, □Other Pooled Investment Vehicles□ may include investment partnerships and group trusts, and □Other Accounts□ may include separate accounts for institutions or individuals, insurance company general or separate accounts, pension funds and other similar institutional accounts.

PORTFOLIO MANAGER	OTHER ACCOUNTS MANAGED BY THE PORTFOLIO MANAGERS
-------------------	--

Barry H. Evans, CFA Other Investment Companies: 5 funds with assets of approximately \$3.6 billion.
Other Pooled Investment Vehicles: 2 accounts with assets of approximately \$103 million.
Other Accounts: 121 accounts with assets of approximately \$5.5 billion.

Jeffrey N. Given, CFA Other Investment Companies: 5 funds with assets of approximately \$1.9 million.
Other Pooled Investment Vehicles: None
Other Accounts: 20 accounts with assets of approximately \$4.7 million.

38

Howard C. Greene, CFA Other Investment Companies: 3 funds with assets of approximately \$1.5 billion.
Other Pooled Investment Vehicles: None
Other Accounts: 20 accounts with assets of approximately \$4.7 billion.

Neither the Adviser nor Subadviser receive a fee based upon the investment performance of any of the accounts included under "Other Accounts Managed by the Portfolio Managers" in the table above.

When a portfolio manager is responsible for the management of more than one account, the potential arises for the portfolio manager to favor one account over another. For the reasons outlined below, the Fund does not believe that any material conflicts are likely to arise out of a portfolio manager's responsibility for the management of the Fund as well as one or more other accounts. The Adviser and the Subadviser have adopted procedures, overseen by the Chief Compliance Officer, that are intended to monitor compliance with the policies referred to in the following paragraphs.

□ The Subadviser has policies that require a portfolio manager to allocate investment opportunities in an equitable manner and generally to allocate such investments proportionately among all accounts with similar investment objectives.

□ When a portfolio manager intends to trade the same security for more than one account, the policies of the Subadviser generally require that such trades for the individual accounts are aggregated so each account receives the same price. Where not possible or may not result in the best possible price, the Subadviser will place the order in a manner intended to result in as favorable a price as possible for such client.

□ The investment performance on specific accounts is not a factor in determining the portfolio manager's compensation. See "Compensation of Portfolio Managers" below. Neither the Adviser nor the Subadviser receives a performance-based fee with respect to other accounts managed by the Fund's portfolio managers.

□ The Subadviser imposes certain trading restrictions and reporting requirements for accounts in which a portfolio manager or certain family members have a personal interest in order to confirm that such accounts are not favored over other accounts.

□ The Subadviser seeks to avoid portfolio manager assignments with potentially conflicting situations. However, where a portfolio manager is responsible for accounts with differing investment objectives and policies, it is possible that the portfolio manager will conclude that it is in the best interest of one account to sell a portfolio security while another account continues to hold or increase the holding in such security.

Compensation of Portfolio Managers

The Subadviser has adopted a system of compensation for portfolio managers and others involved in the investment process that is applied consistently among investment professionals. At the Subadviser, the structure of compensation of investment professionals is currently comprised of the following basic components: fixed base salary, and an annual investment bonus plan, as well as customary benefits that are offered generally to all full-time employees of the Subadviser. A limited number of senior portfolio managers, who serve as officers of both the Subadviser and its parent company, may also receive options or restricted stock grants of common shares of Manulife Financial.

39

Only investment professionals are eligible to participate in the Investment Bonus Plan on an annual basis. While the amount of any bonus is discretionary, the following factors are generally used in determining bonuses: 1) The investment performance of all accounts managed by the investment professional over one and three-year periods are considered. The pre-tax performance of each account is measured relative to an appropriate peer group benchmark. 2) The profitability of the Subadviser and its parent company are also considered in determining bonus awards, with greater emphasis placed upon the profitability of the Adviser. 3) The more intangible contributions of an investment professional to the Subadviser's business, including the investment professional's support of sales activities, new fund/strategy idea generation, professional growth and development, and management, where applicable, are evaluating in determining the amount of any bonus award.

While the profitability of the Subadviser and the investment performance of the accounts that the investment professionals maintain are factors in determining an investment professional's overall compensation, the investment professional's compensation is not linked directly to the net asset value of any fund.

40

Trustees and Officers

This chart provides information about the Trustees and Officers who oversee your John Hancock fund. Officers elected by the Trustees manage the day-to-day operations of the Fund and execute policies formulated by the Trustees.

Independent Trustees

Name, age Position(s) held with Fund Principal occupation(s) and other directorships during past 5 years	Trustee of Fund since¹	Number of John Hancock funds overseen by Trustee
Ronald R. Dion , Born: 1946	2005	64

ITEM 2. CODE OF ETHICS.

As of the end of the period, December 31, 2006, the registrant has adopted a code of ethics, as defined in Item 2 of Form N-CSR, that applies to its Chief Executive Officer, Chief Financial Officer and Treasurer (respectively, the principal executive officer, the principal financial officer and the principal accounting officer, the [Senior Financial Officers]). A copy of the code of ethics is filed as an exhibit to this Form N-CSR.

ITEM 3. AUDIT COMMITTEE FINANCIAL EXPERT.

Charles L. Ladner is the audit committee financial expert and is [independent], pursuant to general instructions on Form N-CSR Item 3.

ITEM 4. PRINCIPAL ACCOUNTANT FEES AND SERVICES.

(a) Audit Fees

Edgar Filing: HANCOCK JOHN INCOME SECURITIES TRUST /MA - Form N-CSR

The aggregate fees billed for professional services rendered by the principal accountant(s) for the audit of the registrant's annual financial statements or services that are normally provided by the accountant(s) in connection with statutory and regulatory filings or engagements amounted to \$34,535 for the fiscal year ended December 31, 2005 and \$26,250 for the fiscal year ended December 31, 2006. These fees were billed to the registrant and were approved by the registrant's audit committee.

(b) Audit-Related Services

There were no audit-related fees during the fiscal year ended December 31, 2005 and fiscal year ended December 31, 2006 billed to the registrant or to the registrant's investment adviser (not including any sub-adviser whose role is primarily portfolio management and is subcontracted with or overseen by another investment adviser), and any entity controlling, controlled by, or under common control with the adviser that provides ongoing services to the registrant ("control affiliates").

(c) Tax Fees

The aggregate fees billed for professional services rendered by the principal accountant(s) for the tax compliance, tax advice and tax planning ("tax fees") amounted to \$4,400 for the fiscal year ended December 31, 2005 and \$3,500 for the fiscal year ended December 31, 2006. The nature of the services comprising the tax fees was the review of the registrant's income tax returns and tax distribution requirements. These fees were billed to the registrant and were approved by the registrant's audit committee. There were no tax fees billed to the control affiliates.

(d) All Other Fees

The all other fees billed to the registrant for products and services provided by the principal accountant were \$3,100 for the fiscal year ended December 31, 2005 and \$3,000 for the fiscal year ended December 31, 2006. There were no other fees during the fiscal year ended December 31, 2005 and December 31, 2006 billed to control affiliates for products and services provided by the principal accountant. The nature of the services comprising the all other fees was related to the principal accountant's report on the registrant's Eligible Asset Coverage. These fees were approved by the registrant's audit committee.

(e)(1) See attachment "Approval of Audit, Audit-related, Tax and Other Services", with the audit committee pre-approval policies and procedures.

(e)(2) There were no fees that were approved by the audit committee pursuant to the de minimis exception for the fiscal years ended December 31, 2005 and December 31, 2006 on behalf of the registrant or on behalf of the control affiliates that relate directly to the operations and financial reporting of the registrant.

(f) According to the registrant's principal accountant, for the fiscal year ended December 31, 2005, the percentage of hours spent on the audit of the registrant's financial statements for the most recent fiscal year that were attributed to work performed by persons who were not full-time, permanent employees of principal accountant was less than 50%.

(g) The aggregate non-audit fees billed by the registrant's accountant(s) for services rendered to the registrant and rendered to the registrant's control affiliates for each of the last two fiscal years of the registrant were \$29,500 for the fiscal year ended December 31, 2005, and \$872,192 for the fiscal year ended December 31, 2006.

(h) The audit committee of the registrant has considered the non-audit services provided by the registrant's principal accountant(s) to the control affiliates and has determined that the services that were not pre-approved are compatible with maintaining the principal accountant(s)' independence.

ITEM 5. AUDIT COMMITTEE OF LISTED REGISTRANTS.

The registrant has a separately-designated standing audit committee comprised of independent trustees. The members of the audit committee are as follows:

Dr. John A. Moore - Chairman
Richard P. Chapman, Jr.
Charles L. Ladner
Patti McGill Peterson

ITEM 6. SCHEDULE OF INVESTMENTS.

Not applicable.

ITEM 7. DISCLOSURE OF PROXY VOTING POLICIES AND PROCEDURES FOR CLOSED-END MANAGEMENT INVESTMENT COMPANIES.

See attached Exhibit Proxy Voting Policies and Procedures .

ITEM 8. PORTFOLIO MANAGERS OF CLOSED-END MANAGEMENT INVESTMENT COMPANIES.

Not applicable.

ITEM 9. PURCHASES OF EQUITY SECURITIES BY CLOSED-END MANAGEMENT INVESTMENT COMPANY AND AFFILIATED PURCHASERS.

Not applicable.

ITEM 10. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS.

There were no material changes to previously disclosed John Hancock Funds Governance Committee Charter.

ITEM 11. CONTROLS AND PROCEDURES.

(a) Based upon their evaluation of the registrant's disclosure controls and procedures as conducted within 90 days of the filing date of this Form N-CSR, the registrant's principal executive officer and principal financial officer have concluded that those disclosure controls and procedures provide reasonable assurance that the material information required to be disclosed

by the registrant on this report is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms.

(b) There were no changes in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal half-year (the registrant's second fiscal half-year in the case of an annual report) that have materially affected, or are reasonably likely to materially affect, the registrant's internal control over financial reporting.

ITEM 12. EXHIBITS.

(a)(1) Code of Ethics for Senior Financial Officers is attached.

(a)(2) Separate certifications for the registrant's principal executive officer and principal financial officer, as required by Section 302 of the Sarbanes-Oxley Act of 2002 and Rule 30a-2(a) under the Investment Company Act of 1940, are attached.

(b)(1) Separate certifications for the registrant's principal executive officer and principal financial officer, as required by 18 U.S.C. Section 1350, as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002, and Rule 30a-2(b) under the Investment Company Act of 1940, are attached. The certifications furnished pursuant to this paragraph are not deemed to be "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, or otherwise subject to the liability of that section. Such certifications are not deemed to be incorporated by reference into any filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent that

the Registrant specifically incorporates them by reference.

(c)(1) Proxy Voting Policies and Procedures are attached.

(c)(2) Approval of Audit, Audit-related, Tax and Other Services is attached.

(c)(3) Submission of Matters to a Vote of Security Holders is attached. See attached John Hancock Funds Governance Committee Charter.

(c)(4) Contact person at the registrant.
