EXPLANATORY NOTE

This Amendment No. 1 to Form 10-K (this “Amendment”) amends the Annual Report on Form 10-K for the fiscal year ended December 31, 2015 of Support.com, Inc., as originally filed with the Securities and Exchange Commission (“SEC”) on March 7, 2016 (the “Original Form 10-K”). We are filing this Amendment to present the information required by Part III of Form 10-K that was previously omitted from the Original Form 10-K in reliance on General Instruction G.(3) to Form 10-K.

Part IV, Item 15(b) (Exhibits 31.3 and 31.4) have also been amended and restated in their entirety to contain the currently dated certifications from the Company’s principal executive officer and principal financial officer pursuant to Section 302 of the Sarbanes-Oxley Act of 2002. The certifications of the Company’s principal executive officer and principal financial officer are attached to this Amendment No. 1 as Exhibits 31.3 and 31.4. Because no financial statements have been included in this Amendment No. 1 and this Amendment No. 1 does not contain or amend any disclosure with respect to Items 307 and 308 of Regulation S-K, paragraphs 3, 4 and 5 of the certifications have been omitted. The Exhibit Index has also been amended and restated in its entirety to include the certifications as exhibits.

Except as described above, no other changes have been made to the Original Form 10-K. This Amendment does not otherwise update information in the Original Form 10-K to reflect facts or events occurring subsequent to the filing date of the Original Form 10-K. This Amendment should be read in conjunction with the Original Form 10-K and with any of our filings made with the SEC subsequent to filing of the Original Form 10-K.

ITEM 11. EXECUTIVE
COMPENSATION

Executive Officer Compensation

COMPENSATION DISCUSSION AND ANALYSIS

Executive Summary

Our executive compensation program is designed to reward our executive officers when they contribute to the achievement of our business objectives and create long-term stockholder value. To further these objectives, our program uses both short- and long-term components, which in 2015 are highlighted by:

Pay for Performance – Our executive compensation program is designed to pay for performance with the short-term incentive program, which is tied to company financial, strategic and operational performance metrics, and the long-term incentive program, which awards stock options and RSUs (many of our outstanding awards only become exercisable, to the extent vested, upon reaching specific market-based milestones).

Balance of Short and Long-Term Incentives – Our incentive programs provide a balance of short and long-term incentives.

Capped Amounts – Amounts that can be earned under the short-term program are capped at 130% of target for financial metrics, and 100% of target for individual performance objectives.

Independent Compensation Advisor – The Compensation Committee directly retains an independent compensation advisor that provides no other services to the Company.

Prohibit Option Repricing – Our stock plan prohibits option repricing without stockholder approval.

Anti-Hedging Policy – Our Insider Trading Policy includes an anti-hedging prohibition applicable to all directors and employees.

In 2016, we added the following two policies which both further our compensation program objectives:

Stock Ownership Guidelines – We adopted stock ownership guidelines for executive officers and non-employee directors

Anti-Pledging Policy – We added an anti-pledging prohibition to our Insider Trading Policy applicable to all directors and employees

6

The following discussion and analysis explains our executive compensation program and policies for our executives listed in the Summary Compensation Table below. We refer to these senior executives as our “Named Executive Officers,” and for 2015 they include:

2015 Business Highlights

In 2014, our Board charted a new strategic direction for Support.com. This new direction included the continued growth of our successful services programs and adding new services customers while bringing to market a next-generation SaaS offering for contact centers. With our new strategic direction, we have been executing on a multi-year strategic plan both to grow services revenue and make our Support.com Cloud offering (“Nexus®”) a best-in-class SaaS offering for contact centers in the field of Support Interaction Optimization (“SIO”). Consideration of 2015 Say-on-Pay Voting Results

At our 2011 annual meeting of stockholders, our stockholders recommended that we hold advisory say-on-pay votes every year. In light of, and consistent with, this recommendation the Board has determined that the Company will hold future advisory votes on executive compensation annually until the next stockholder vote on the frequency of say-on-pay votes is required under Section 14A of the Exchange Act, or until the Board otherwise determines that a different frequency for such votes is in the best interests of the Company's stockholders. At our 2015 annual meeting of stockholders, we received approximately 81% approval for our "say-on-pay" proposal based on record shares voted.

The Compensation Committee considered the 2015 say-on-pay voting results at its meetings, and the Compensation Committee believes the voting results demonstrate significant support for our Named Executive Officer compensation program. No significant changes were made in 2015 to our programs. The Compensation Committee intends to continue to look for ways to strengthen the existing executive compensation programs and the governance environment in which they function.

2015 Pay for Performance Analysis

Our program is designed to reward our executive officers, consistent with our peer group and market, when they contribute to the achievement of our business objectives and create long-term stockholder value.

Executive Compensation Philosophy and Objectives

The executive compensation program is designed to attract and retain talented executives that will lead the Company in achieving its business goals and objectives and in creating long-term stockholder value. In keeping with our philosophy of aligning pay with performance, a significant portion of our Named Executive Officers' compensation is "at risk" and comprised of both short-term performance-based cash incentives ("MBOs") and long-term equity awards. For us, "at risk" compensation consists of incentive cash compensation that is directly linked to performance against quarterly objectives set by the Compensation Committee, and interests in stock option grants priced at or above the closing price of a share of Common Stock on Nasdaq on the date of grant, and vesting over multi-year periods or in some cases upon achievement of performance milestones. Beginning in 2013, we introduced the use of time-based and performance-based grants of RSUs, and in 2014 we introduced the use of market-based grants of stock options in our executive compensation program, which also put portions of executive compensation at risk based on the performance of the Company and returns for our stockholders.

The principal elements of our executive compensation program are:

- base salary;
- short-term, performance-based cash incentive awards;

- long-term, equity-based awards; and
- other benefits customary for our peer group.

We believe that short-term cash incentives are an important and effective way to align Named Executive Officer pay with Company performance because short-term cash incentives are earned only when our Named Executive Officers contribute to the achievement of our specific short-term business objectives.

We also believe long-term stock option grants are particularly effective as a means of aligning the interests of our Named Executive Officers with those of our stockholders as these awards are designed to drive both long-term Company performance and retention of our key executives because the option awards will not deliver any return to our Named Executive Officers unless our stock price increases after the time the award is made. Beginning in 2013, we started to grant RSUs, which help retain Named Executive Officers by providing value that vests over time or upon achievement of designated performance targets, while at the same time increasing or decreasing compensation automatically based on the performance of our Common Stock. The combination of options and RSUs in equity grants balances both long-term retention as well as aligning the interests of our Named Executive Officers with the interests of our stockholders. Accordingly, we seek to establish long-term equity incentives as a significant ongoing component of our executive compensation program.

The Role of Consultants and Benchmarking Data

Historically, the Compensation Committee reviewed data from a variety of sources to determine and set executive compensation, including consideration of data and compensation information from peer companies, industry surveys, and recommendations of independent compensation consultants.

During 2015, the Compensation Committee continued to review publicly available data and solicit advice of Compensia, Inc. (“Compensia”) when making key compensation decisions for Section 16 Officers. Compensia has been engaged directly by the Compensation Committee only to make recommendations on appropriate executive and director compensation levels, to design and implement incentive plans, and to provide information on industry and peer group pay practices. Compensia is independent of Support.com’s directors and officers, and has not been retained by the Board, any committee, or by management of the Company to provide any other services. Compensia’s fees for its services in 2015 were substantially below \$120,000.

Pursuant to its charter, which can be found at <http://www.support.com/wp-content/uploads/2015/03/Compensation-Committee-Charter.pdf>, the Compensation Committee has authority, at the Company’s expense, to retain, terminate or obtain the advice of compensation consultants, legal counsel and other advisers as the Compensation Committee may deem appropriate, including the sole authority to approve any such advisers’ fees and other retention terms. The Compensation Committee is directly responsible for the appointment, compensation and oversight of the work of any compensation consultant, legal

counsel and other adviser retained by the Compensation Committee. The Company must provide for appropriate funding, as determined by the Compensation Committee, for payment of reasonable compensation to a compensation consultant, legal counsel or any other adviser retained by the Compensation Committee. Pursuant to its charter, the Compensation Committee may select, or receive advice from, a compensation consultant, legal counsel or other adviser to the Compensation Committee other than in-house legal counsel, only after taking into consideration the following factors related to the independence of the advisor:

(i) the provision of other services to the Company by the person that employs the compensation consultant, legal counsel or other adviser;

(ii) the amount of fees received from the Company by the person that employs the compensation consultant, legal counsel or other adviser, as a percentage of the total revenue of the person that employs the compensation consultant, legal counsel or other adviser;

(iii) the policies and procedures of the person that employs the compensation consultant, legal counsel or other adviser that are designed to prevent conflicts of interest;

(iv) any business or personal relationship of the compensation consultant, legal counsel or other adviser with a member of the Compensation Committee;

(v) any stock of the Company owned by the compensation consultant, legal counsel or other adviser; and

(vi) any business or personal relationship of the compensation consultant, legal counsel, other adviser or the person employing the adviser with an Officer.

Peer Group Analysis

For 2015, the Compensation Committee used a peer group of companies identified through the research and recommendations of Compensia, an independent compensation consultant, based on Internet, software and services companies that met the following criteria: revenue within approximately \$40- 175 million and market capitalization within approximately \$20-200 million. The peer group used for compensation purposes during 2015 consists of:

American Software, Inc.	Cyan, Inc.	Local Corporation
Autobytel Inc.	eGain Corporation	Marin Software Incorporated
Brightcove Inc.	Envivo, Inc.	Rand Worldwide, Inc.
BSQUARE Corporation	Exa Corporation	Spark Networks, Inc.
Carbonite, Inc.	Geeknet, Inc.	TechTarget, Inc.
Cinedigm Corp.	Guidance Software, Inc.	TheStreet, Inc.

Autobytel, Brightcove, BSQUARE, Cinedigm, Cyan, Envivo, Exa Geeknet, Local, Marin Software, Rand Worldwide, Spark Networks, and TheStreet were added to our peer group in 2015. In addition, Acorn Energy, Archipelago Learning, Callidus Software, Convio, Digimarc, ELLIE MAE, Keynote Systems, SciQuest, SPS Commerce, Vocus, Wave Systems, and Zix were no longer included in our peer group for 2015 since they no longer meet the designated criteria.

For 2015, the Compensation Committee used the median (50th percentile) as a guideline for establishing individual compensation elements, as well as total compensation, for each of our Section 16 Officers. The Compensation Committee does not benchmark and may deviate from such guidelines in its discretion, and takes into account individual performance, experience and competitive market factors.

The Role of Management in Compensation Decisions

Our Chief Executive Officer recommends to the Compensation Committee individual compensation adjustments for Section 16 Officers, other than herself, based on market data, Company performance and individual performance. She also recommends incentive compensation measures to align compensation with our corporate objectives. The Chief Executive Officer is sometimes present during the portions of Compensation Committee meetings in which compensation decisions regarding Section 16 Officers other than the Chief Executive Officer are reviewed and decided, but the Compensation Committee retains the final authority for all such decisions.

Analysis of 2015 Executive Compensation Decisions and Actions

Base Salary

Base salary is the baseline cash compensation that we pay to our Named Executive Officers throughout the year. Base salaries provide our Named Executive Officers with a predictable level of income. We pay base salaries to attract and retain strong talent in our market. The Compensation Committee determines individual salaries for the

Company's Section 16 Officers, which includes each Named Executive Officer. In determining appropriate 2015 base salaries, in addition to reviewing the peer company data compiled by Compensia and market data from industry compensation surveys such as the survey by Radford, an Aon Hewitt company ("Radford"), and other sources, the Compensation Committee generally considers:

- the scope of responsibility and experience of the Section 16 Officer;
- the individual performance of each existing Section 16 Officer;
 - competitive market compensation;
 - internal equitable considerations;
- the significance of the individual to the achievement of our corporate objectives; and

in the case of Section 16 Officers other than the Chief Executive Officer, the Chief Executive Officer's recommendation as to compensation.

Base salaries are reviewed annually by the Compensation Committee along with other elements of executive compensation. In February 2015, the Compensation Committee, considering the advice of Compensia and reviewing the data and factors described above as part of the annual executive compensation review, increased the annual base salary rate for Dr. Cholawsky from \$360,000 to \$370,000 (3%), for Mr. Lakkaraju from \$320,000 to \$329,600 (3%), Mr. Donnelly from \$226,600 to \$235,644 (4%), and for Mr. Wrenn from \$257,500 to \$267,800 (4%). Each of the base salary adjustments were made due to market adjustments. In February 2016, the Compensation Committee, considering the advice of Compensia and reviewing the data and factors described above as part of the annual executive compensation review, determined that current amounts were considered appropriate and no changes to base salary were made at that time.

The annual base salary rates for our Named Executive Officers for 2015 are set forth in the table below:

Name	2015 Base Salary
Elizabeth Cholawsky	\$370,000
Roop Lakkaraju	\$329,600
Shaun Donnelly (1)	\$235,644
Greg Wrenn (2)	\$267,800

As a result of his role change from SVP of Business Development and Account Management to SVP of Customer (1) Success and Services Sales, Mr. Donnelly is no longer an executive officer of the Company effective February 9, 2016. Mr. Donnelly resigned his employment with the Company effective April 1, 2016.

(2) Mr. Wrenn resigned his employment with the Company effective August 6, 2015.

Short-Term, Performance-Based Cash Incentive Awards

We paid short-term performance-based cash incentives in 2015 under our Executive Incentive Compensation Plan to attract and retain talented executives who help us achieve our business objectives, and to align executive pay with achievement against near-term Company performance objectives. In determining appropriate target short-term cash incentive opportunities for each Section 16 Officer for 2015, in addition to reviewing market data from industry compensation surveys such as that of Radford, and data from Compensia, all as further discussed below, the

Compensation Committee assessed the same factors that were considered in determining 2015 base salaries. In February 2015, the Compensation Committee, considering the advice of Compensia and reviewing the data and factors described above as part of the annual executive compensation review, increased the annual short-term cash incentive award target for Dr. Cholawsky from \$234,000 to \$241,000 (3%), for Mr. Lakkaraju from \$150,000 to \$154,912 (3%), for Mr. Donnelly from \$56,650 to \$58,911 (4%), and for Mr. Wrenn from \$77,250 to \$80,340 (4%). These increases were made after market considerations. In February 2016, the Compensation Committee, considering the advice of Compensia and reviewing the data and factors described above as part of the annual executive compensation review determined that current amounts were considered appropriate and no changes to short-term performance-based cash incentives were made at that time. For our Chief Executive Officer, the Compensation Committee solely established financial goals for her short-term performance-based cash incentive awards.

Actual payouts for our short-term cash incentive awards for each Section 16 Officer were based on the achievement of specified financial targets and non-financial corporate and leadership objectives established at the beginning of each quarter as determined by the Compensation Committee. The Compensation Committee considers financial and other targets each quarter in order to keep the short-term performance-based incentives appropriate and effective at aligning this element of executive pay with the achievement of the Company's near-term performance objectives. All objectives were designed to require strong performance from our Section 16 Officers, and often resulted in payouts under target. For 2015, our short-term cash incentive award payout approach was as follows:

Incentive compensation for Company revenue and net income targets was paid on a straight-line sliding scale if the Company achieved between the minimum threshold of 70% (achievements under 70% received no payout) and the maximum achievement of 130% (achievements over 130% received 130% payout).

Targets specific to individual performance were not eligible for achievement levels above 100% of target, but could be assigned partial credit based on actual achievement on a straight-line sliding scale between 0% to 100%;

By establishing targets that are a percentage of base salary, 65% for Dr. Cholawsky, 47% for Mr. Lakkaraju and 25% for Mr. Donnelly, and capping payouts at 130% and 100% for financial and corporate and leadership objectives, respectively, our program results in payouts which are a fraction of the Section 16 Officer's base salary. The Compensation Committee determines in its sole discretion if, and to what extent, objectives are achieved and incentive awards are payable based on the actual results of the period. Pursuant to the Executive Incentive Compensation Plan, the Compensation Committee reserves the right to amend or discontinue the short-term incentive program at any time in the best interests of the Company and to use negative discretion, where appropriate.

For 2015, the terms of our Named Executive Officers' MBOs and the payments made with respect to those awards were as follows:

As a result of his role change from SVP of Business Development and Account Management to SVP of Customer (2) Success and Services Sales, Mr. Donnelly is no longer an executive officer of the Company effective February 9, 2016. Mr. Donnelly resigned his employment with the Company effective April 1, 2016.

(3) Mr. Wrenn resigned his employment with the Company effective August 6, 2015.

For more information about our MBO payouts for 2015, see the 2015 Summary Compensation Table and 2015 Grants of Plan-Based Awards Table below.

Long-Term Equity Awards

We periodically provide long-term equity awards at the discretion of the Compensation Committee to our executive officers to encourage them to create long-term value for our stockholders through sustained performance. Equity compensation for executive officers is reviewed at least annually, but the frequency, type, and amount of long-term equity awards are made at the discretion of the Compensation Committee based on an assessment of overall compensation and grant date fair value of any new awards, performance, and the desired balance of compensation incentives going forward. Thus grants in recent years have tended to vary year-to-year based on this overall assessment and in some years no new grants by the Compensation Committee have been made to continuing executive officers, such as calendar years 2010 and 2012.

On April 12, 2010, our Compensation Committee adopted a policy stating the Compensation Committee's general intention to structure any future equity-based awards granted to our Section 16 Officers during calendar years 2010, 2011 and 2012 such that a substantial portion (in this case, at least 50% on a share basis) of equity awards granted to our Section 16 Officers would be performance-based. The same proportion did not apply to new hire grants which were based on the competitive hiring market practices at the time, but any subsequent grants to that officer were to include a substantial portion of performance-based awards. Equity awards in 2010, 2011, and 2012 were either (1) time-based stock option awards with an exercise price equal to at least 125% of the closing price of a share of Common Stock on Nasdaq on the date of grant, or (2) stock option awards earned based on the achievement of Company performance targets based on the achievement of Company performance targets.

In 2013, we granted equity awards to our former CEO, Josh Pickus, and our former CFO, Shelly Schaffer. At least 50% of the equity awards were based on the achievement of Company performance targets. Both Mr. Pickus and Ms. Schaffer resigned employment with the Company in April 2014 and October 2013, respectively. Mr. Pickus forfeited at least 66% of his 2013 equity awards on his departure. Ms. Schaffer forfeited 100% of her 2013 equity awards on her departure. Mr. Lakkaraju began his employment with the Company in 2013 and was granted new hire RSUs and stock options on October 30, 2013. The stock options have an exercise price of \$5.57 per share.

In 2014, we granted performance based stock option awards. Approximately 75% of Dr. Cholawsky's equity award grants in 2014 were performance-based stock options. Dr. Cholawsky received three stock option grants on May 16, 2014 and each grant has an exercise price of \$2.21 per share. In addition to time-based vesting requirements, the three stock option grants may only be exercised if the closing price of our stock as reported on Nasdaq is at or above a designated share price (\$4.00, \$6.25 and \$9.75, respectively) for 20 or more consecutive trading days for each grant. Similarly in 2014, Messrs. Lakkaraju and Donnelly each received two stock option grants with exercise prices of \$2.26 per share, which, in addition to time-based vesting requirements, are exercisable only if our Common Stock achieves certain pre-established value levels. Specifically, the stock option grants can only be exercised if the closing price of our stock as reported on Nasdaq is at or above a designated share price (\$4.00 and \$6.25, respectively) for 20 or more consecutive trading days for each grant. The Compensation Committee granted the stock options to Dr. Cholawsky as the new CEO of the Company and designed the terms to be ambitious in terms of the share price growth required before the stock options were exercisable. By providing the stock options with a ten year expiration term, the Compensation Committee provided Ms. Cholawsky with time to guide the Company during the multi-year strategic plan before the stock options expired, while correlating the exercisability directly with increases in the Company's stock price and shareholder value.

In 2015, Dr. Cholawsky received all of her equity awards in stock option grants. Dr. Cholawsky received a stock option grant on February 10, 2015, with an exercise price of \$1.85 per share. Similarly in 2015, both Messrs. Lakkaraju and Donnelly received their equity awards in stock option grants with exercise prices of \$1.85 per share.

As of December 31, 2015, our stock price has not exceeded the exercise price of the vested stock options that were granted to Dr. Cholawsky, and Messrs. Lakkaraju and Donnelly in 2014 and 2015. Further, our stock price would have to appreciate over 118% from our December 31, 2015 closing stock price of \$1.01 for Dr. Cholawsky's, or Messrs. Lakkaraju's and Donnelly's 2014 performance based stock grants to reach the exercise price and provide any realizable value to our executive officers. In addition, our stock price would need to appreciate 296%, 518%, and 865% respectively from our December 31, 2015 closing stock price of \$1.01 for Dr. Cholawsky's, or Messrs. Lakkaraju's and Donnelly's 2014 performance-based stock grants to reach the performance-based exercise criteria (i.e. \$4.00, \$6.25, and \$9.25) and provide any realizable value to our executive officers. Similarly, our stock price

would need to appreciate over 83% from our December 31, 2015 closing stock price of \$1.01 for Dr. Cholawsky's, or Messrs. Lakkaraju's and Donnelly's 2015 stock grants to reach the exercise price and provide any realizable value to our executives.

In 2016, at least 50% of the equity awards granted to our executive officers included performance-based requirements. Dr. Cholawsky received all her equity awards in 2016 as stock option grants. Dr. Cholawsky received two stock option grants on February 9, 2016 with exercise prices of \$.80 per share. In addition to time-based vesting requirements, 50% of the stock option grants may only be exercised if the closing price of our stock as reported on Nasdaq is at or above \$1.85 for 20 or more consecutive trading days. As of April 18, 2016, the closing price of our stock as reported on Nasdaq was \$0.9614.

Mr. Lakkaraju received all of his equity awards in 2016 in stock option grants. Mr. Lakkaraju received two stock option grants on February 9, 2016 with exercise prices of \$.80 per share. In addition to time-based vesting requirements, 50% of the stock option grants may only be exercised if the closing price of our stock as reported on Nasdaq is at or above \$1.85 for 20 or more consecutive trading days. Mr. Koverman, who became a Section 16 Officer in 2016, received all of his equity awards in 2016 as stock option grants. Mr. Koverman received two stock option grants on March 15, 2016, with exercise prices of \$.85 per share. In addition to time-based vesting requirements, 50% of the stock option grants may only be exercised if the closing price of our stock as reported on Nasdaq is at or above \$1.85 per share. Mr. Donnelly is no longer a Section 16 Officer for 2016 and he resigned his employment with the Company as of April 1, 2016.

Other Benefits

We also provide our Named Executive Officers with certain employee benefits that are generally consistent with both the employee benefits we provide to all of our employees and that are provided by other employers in Silicon Valley. These benefits consist of a tax-qualified defined contribution plan, which we refer to as our 401(k) plan (to which we do not make any employer contributions), health benefits, life insurance benefits, and other welfare benefits. We do not provide any special employee benefits for our Named Executive Officers other than increased life insurance coverage equal to \$300,000 per person, which increased coverage is also available to each of our employees who hold a position equal to or above the director level. Our employees who hold a position below the director level receive \$150,000 in life insurance coverage per person.

Tax Implications of Compensation Policies

Section 162(m)

Section 162(m) of the Internal Revenue Code of 1986, as amended (the “Code”) generally places a limit of \$1,000,000 on the amount of compensation we may deduct for federal income tax purposes in any one year with respect to the compensation we pay to certain of our most highly compensated officers, unless such compensation is performance-based compensation under Section 162(m) of the Code. In order to maintain flexibility in compensating our covered employees (as determined under 162 (m)) in a manner designed to promote achievement of Company goals, the Compensation Committee considers the Section 162 (m) impact of its compensation decisions, but does not necessarily limit executive compensation to that which is deductible under Section 162(m) of the Code.

Taxation of “Parachute” Payments

Sections 280G and 4999 of the Code provide that “disqualified individuals” within the meaning of the Code (which generally includes certain officers, directors and employees of the Company) may be subject to additional taxes if they receive payments or benefits in connection with a change in control of the corporation that exceed certain prescribed limits. The corporation or its successor may also forfeit a deduction on the amounts subject to this additional tax.

We did not provide any of our executive officers, including any NEO, any director, or any other service provider with a “gross-up” or other reimbursement payment for any tax liability that the individual might owe as a

result of the application of sections 280G or 4999, and we have not agreed and are not otherwise obligated to provide any individual with such a “gross-up” or other reimbursement as a result of the application of sections 280G and 4999.

Accounting Standards

We follow Financial Accounting Standards Board Accounting Standards Codification Topic 718, or “ASC 718,” for accounting for our stock options and other stock-based awards. ASC 718 requires companies to calculate the grant date “fair value” of their stock option grants and other equity awards using a variety of assumptions. This calculation is performed for accounting purposes. ASC 718 also requires companies to recognize the compensation cost of stock option grants and other stock-based awards in their income statements over the period that an employee is required to render service in exchange for the option or other equity award.

Employment Arrangements, Termination of Employment Arrangements and Change of Control Arrangements

We have employment arrangements with our Named Executive Officers to assist with attraction and retention. The following paragraphs summarize the employment-related agreements for our current Named Executive Officers and provide additional information that we believe is helpful to an understanding of the information disclosed in the compensation tables and narratives below. For more information about post-termination payments under these employment arrangements, see “Potential Payments Upon Termination or Change-in-Control” below.

Death or Disability

The Company pays the premiums for life insurance and accidental death and dismemberment policies for each Named Executive Officer, which are included in the “All Other Compensation” section of the “Summary Compensation Table.” The amount of each such policy is \$300,000. If a Named Executive Officer’s termination was due to his or her death, the officer’s beneficiary or beneficiaries would be paid \$300,000 under the life insurance policy, and an additional \$300,000 under the accidental death and dismemberment policy if the death was caused by an accident.

Compensation-Related Risk Analysis

During February 2016, the Company’s management, in conjunction with the Company’s legal, accounting, human resources and finance departments, undertook a quantitative and qualitative review of the Company’s compensation policies and practices that applied to all Company employees whose compensation includes any variable or incentive compensation element, as well as policies and practices of different groups that mitigate or balance such incentives.

As part of this review, these parties reviewed, considered, and analyzed the extent to which, if any, the Company's compensation policies and practices might create risks for the Company, and relevant controls and mitigating factors.

After conducting this review, management found that none of the Company's compensation policies and practices for its employees creates any risks that are reasonably likely to have a material adverse effect on the Company. The Board has reviewed the results of management's analysis and concurs with management's assessment.

vest in equal monthly installments over a 48-month period. Options granted to non-employee directors have an exercise price equal to the closing price of Common Stock on Nasdaq on the date of grant and a term of 10 years. Additionally, at the conclusion of each regular annual meeting of our stockholders, each continuing non-employee director receives a grant of restricted stock units (“RSUs”) under our 2010 Stock Plan. The total number of shares of Common Stock subject to each director RSU grant is equal to \$50,000 divided by the closing price of a share of Common Stock on Nasdaq on the date of grant, rounded down to the next full share, or such other amount as may be determined by the Board at the time of the grant.

RSUs granted to non-employee directors vest on the one-year anniversary of the date of grant. All equity grants to non-employee directors vest in accordance with the terms of the agreement upon a change of control in conjunction with certain terminations of service.

Cash Retainer. We pay non-employee directors an annual retainer of \$30,000 for serving as a director. We pay additional annual retainers of \$16,250, \$15,000, \$10,000, \$10,000, and \$7,500 to the chairperson of each of the Board, the Audit Committee, the Compensation Committee, Strategy Committee and the Nominating and Corporate Governance Committee, respectively; and \$7,000, \$5,000, \$5,000, and \$2,800 to each non-chair member of the Audit Committee, the Compensation Committee, Strategy Committee, and the Nominating and Corporate Governance Committee, respectively. The cash retainers are paid quarterly. The Board approved the formation of the Strategy Committee on March 4, 2016.
