Proxy Statement

This Proxy Statement is furnished in connection with the solicitation by and on behalf of the Board of Directors of Fair, Isaac and Company, Incorporated (Fair Isaac , the Company , we or us), a Delaware corporation, of proxies to be voted at our 2003 Annual Meeting of Stockholders to be held on Monday, February 3, 2003, and at any postponement or adjournment thereof. A copy of our Annual Report to Stockholders for the fiscal year ended September 30, 2002, which includes a copy of our Annual Report on Form 10-K, accompanies this Proxy Statement. This Proxy Statement and the accompanying form of proxy are being mailed to stockholders on or about January 7, 2003.

Proxy Solicitation

The shares represented by the proxies received pursuant to this solicitation and not revoked will be voted at the Annual Meeting. A stockholder who has given a proxy may revoke it by giving written notice of revocation to our Corporate Secretary or by giving a duly executed proxy bearing a later date. Attendance in person at the Annual Meeting does not of itself revoke a proxy, however, any stockholder who attends the Annual Meeting may revoke a proxy previously submitted by voting in person. Subject to any such revocation, all shares represented by properly executed proxies will be voted in accordance with specifications on the form of proxy. If no such specifications are made, proxies will be voted FOR the election of the eight nominees for director listed in this Proxy Statement and FOR the ratification of the appointment of KPMG LLP as the Company's auditors for the fiscal year 2003.

We will bear the expense of preparing, printing and mailing this Proxy Statement and the proxies solicited hereby and will reimburse banks, brokerage firms and nominees for their reasonable expenses in forwarding solicitation materials to beneficial owners of shares held of record by such banks, brokerage firms and nominees. In addition to the solicitation of proxies by mail, our officers and other employees may communicate with stockholders either in person or by telephone for the purpose of soliciting such proxies, and no additional compensation will be paid for such solicitation. We have retained D. F. King & Co., Inc. to assist in the solicitation of proxies at a cost of \$6,500 plus normal out-of-pocket expenses.

Outstanding Shares and Voting Rights

Only holders of our Common Stock at the close of business on December 9, 2002 (the record date), are entitled to receive this notice and to vote their shares at the Annual Meeting. At the close of business on the record date, there were 50,617,672 shares of Common Stock, \$0.01 par value, issued and outstanding, and 5,652,486 shares of Common Stock were held as treasury stock by the Company. The shares held as treasury stock are not entitled to be voted. On June 5, 2002, we effected a three-for-two stock split in the form of a Common Stock dividend. All share numbers and per-share prices in this Proxy Statement reflect this stock split.

Each share of Common Stock is entitled to one vote with respect to each matter to be voted on at the Annual Meeting, subject to the provisions regarding cumulative voting in the election of directors as described below. A plurality of the votes cast is required for the election of eight nominees for director listed in this Proxy Statement under Proposal 1. The affirmative vote of a majority of the shares present or represented by proxy and entitled to vote is necessary to ratify Proposal 2, the appointment of KPMG LLP as our auditors for the fiscal year 2003. Abstentions will be counted toward a quorum and have the effect of negative votes with regard to Proposal 2. In the event that a broker indicates on a proxy that it does not have discretionary authority to vote certain shares on a particular matter, such broker non-votes will also be counted towards a quorum and will have the same effect as negative votes with regard to Proposal 2. All votes will be tabulated by the inspector of elections appointed for the Annual Meeting, who will tabulate affirmative votes, negative votes, abstentions and broker non-votes.

Table of Contents

As to the election of the directors, each stockholder is entitled to one vote per share multiplied by the number of directors to be elected, and the stockholder may cast all of such votes for a single candidate or may distribute them among the director candidates, or for any two or more candidates as the stockholder may see fit; provided, however, that no stockholder shall be entitled to cumulate votes unless the name or names of the candidate or candidates for whom votes are cast have been placed in nomination prior to the voting and the stockholder has given notice at the meeting prior to the voting of the stockholder's intention to cumulate votes. If any one stockholder has given such notice, all stockholders may cumulate their votes for candidates in nomination. The persons authorized to vote shares represented by executed proxies in the enclosed form (if authority to vote for the election of directors is not withheld) will have full discretion and authority to vote cumulatively and to allocate votes among any or all of our Board of Directors' nominees as they may determine or, if authority to vote for a specified candidate or candidates has been withheld, among those candidates for whom authority to vote has not been withheld.

Board Meetings and Committee Membership

Each incumbent director attended more than 75% percent of the aggregate number of all Board meetings and meetings of committees on which the director served during fiscal 2002.

The members of the Audit Committee are A. George Battle, Thomas F. Farb (since August 2002), Guy R. Henshaw (Chair), and David S. P. Hopkins. The Audit Committee selects and retains independent auditors and assists the Board in its oversight of the integrity of the Company's financial statements, including the performance of our independent auditors in their conduct of the audit of our annual financial statements. The Audit Committee meets with management and the independent auditors as may be required. The independent auditors have full and free access to the Audit Committee without the presence of management. The Audit Committee held eight meetings during fiscal 2002.

The members of the Compensation Committee are A. George Battle (until February 2002), Alex W. Hart (since August 2002), Philip G. Heasley (Chair), and Margaret L. Taylor. Directors' Compensation

We compensate each director who is not an employee of the Company (an "Outside Director") with a combination of cash and options to purchase Company stock. We periodically review our program of director compensation in view of our belief that director compensation should be competitive, and link rewards to stockholder returns through increased ownership of our stock. During fiscal 2002, Outside Directors were compensated as described below.

Table of Contents

Cash Compensation. In fiscal 2002, each Outside Director other than the Chairman received an annual retainer of \$20,000, plus \$1,000 for each Board meeting attended. The Chairman received an annual retainer of \$40,000 for services as Chairman, plus \$2,000 for each Board meeting attended. Outside Directors who are chairs of standing committees (in 2002 the Audit, Nominating and Compensation Committees) received an additional \$5,000 per year. Each Outside Director has the right, prior to receiving his or her annual retainer, to elect to receive such annual retainer in the form of options to purchase our Common Stock instead of cash, on the same terms as the annual grants to Outside Directors, described below. A director who elects to receive his or her annual retainer in the form of a stock option receives an option to purchase a number of shares equal to the amount of the retainer divided by one-half of the per-share price of our Common Stock on the date of grant. In 2002, under these arrangements, Messrs. Christianson and Henshaw received options to purchase 1,007 and 1,259 shares of Common Stock, respectively.

Stock Compensation. Under our 1992 Long-term Incentive Plan as amended, each Outside Director receives a grant of 30,000 non-qualified stock options (the Initial Grant) upon election as an Outside Director and a grant of non-qualified options for 11,250 shares on the date of each Annual Meeting, provided such member has been an Outside Director since the prior Annual Meeting (the Annual Grant). Upon his election as Chairman of the Board in February 2002, Mr. Battle also received an option to purchase an additional 11,250 shares. In addition, each Outside Director who serves as a standing committee chairperson receives 1,500 nonqualified options. The exercise price of all such options is equal to the fair market value of our Common Stock on the date of grant. The Initial Grants vest in 20% increments on each of the first through fifth anniversary dates of the director's election, and they are exercisable in full upon termination of the Outside Director's services for any reason. Annual Grants are immediately exercisable upon grant. Both Initial Grants and Annual Grants expire 10 years after the date of grant.

Vote Required

A plurality of the votes cast is required for the election of the directors.

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR EACH OF THE NOMINEES LISTED ABOVE.

PROPOSAL 2

RATIFICATION OF INDEPENDENT AUDITORS

Our Board has delegated to the Audit Committee the authority to select and retain independent auditors for fiscal year 2003. The Audit Committee has appointed the firm of KPMG LLP as our independent auditors for the Company's fiscal year ending September 30, 2003. KPMG LLP has served as our independent auditors since May 1991. Representatives of KPMG LLP are expected to be present at the Annual Meeting with the opportunity to make statements and respond to appropriate questions from stockholders present at the meeting. Although stockholder ratification of the Company's independent auditors is not required by our By-laws or otherwise, we are submitting the selection of KPMG LLP to our stockholders for ratification to permit stockholders to participate in this important corporate decision. If not ratified, the Audit Committee will reconsider the selection, although the Audit Committee will not be required to select different independent auditors for the Company.

Audit and Non-Audit Fees

Audit Fees: The aggregate fees billed by KPMG LLP for services rendered for the annual audit of the Company's consolidated financial statements for 2002 and quarterly reviews of the financial statements included in the Company's Forms 10-Q was \$1,139,852.

Executive Officer Employment Agreements

We entered into an employment agreement dated August 23, 1999, with Thomas G. Grudnowski. This agreement was amended on December 3, 1999, and December 26, 2001 (Grudnowski Employment Agreement). Mr. Grudnowski has served as the Company's Chief Executive Officer and as a director since December 2, 1999. The Grudnowski Employment Agreement has a term of four years, subject to earlier termination under certain circumstances. The Grudnowski Employment Agreement provides that, beginning in fiscal 2002, Mr. Grudnowski's annual base salary shall be \$550,000 and his incentive award may range from zero to twice his Base Salary, with a target equal to the base salary, and depending on the achievement of certain strategic, business and financial objectives to be mutually determined by Mr. Grudnowski and our Board of Directors within 90 days following the beginning of the fiscal year. Portions of this incentive award may be earned and paid more frequently than annually and may be paid under the provisions of our general employee incentive plan, as determined by the Compensation Committee. Pursuant to the Grudnowski Employment Agreement, we granted Mr. Grudnowski options vesting over four years to purchase up to 945,000 shares of Common Stock at fair market value as of August 23, 1999, and options to purchase 90,000 shares of Common Stock at fair market value as of December 3, 1999, which vested January 1, 2000. The options to purchase Common Stock vest fully upon Company-initiated termination of Mr. Grudnowski's employment without cause, upon a change in control of the Company, or upon termination of employment owing to Mr. Grudnowski's death or disability. The Grudnowski Employment Agreement further provides that if we should terminate Mr. Grudnowski's employment without cause, then we will pay Mr. Grudnowski, among other things, twice Mr. Grudnowski's base salary at the time of termination and twice the incentive award received by Mr. Grudnowski for the fiscal year immediately prior to termination. The Grudnowski Employment Agreement also provides that the Company will make available to Mr. Grudnowski, on a non-exclusive basis, a rental apartment in San Rafael, California for his use while on Company business.

We entered into an employment agreement dated August 8, 2000, with Mark P. Pautsch (the Pautsch Employment Agreement). Mr. Pautsch has served as the Company's Vice President and Chief Information Officer since that date. The Pautsch Employment Agreement provides that Mr. Pautsch's starting salary will be \$250,000 and that Mr. Pautsch will receive annual increases for the next four years in an amount equal to at least eight percent of his starting salary. Mr. Pautsch is eligible under the Pautsch Employment Agreement to receive a target incentive award of 65% of his base salary, with an actual award of between zero and twice the target amount. Such incentive award is dependent, in part, on Company performance and is administered under the Company's Management Incentive Plan. Pursuant to the Pautsch Employment Agreement, the Company granted Mr. Pautsch options vesting over four years to purchase 258,750 shares of Common Stock, with an exercise price equal to the fair market value on August 8, 2000. The options to purchase Common Stock vest fully upon a change in control of the Company, coupled with an adverse change in employment, or upon termination of employment owing to Mr. Pautsch's death or disability. If the Company terminates Mr. Pautsch's employment without cause, options to purchase Common Stock vesting within twelve months following the date of his termination shall vest immediately, and, if Mr. Pautsch wishes to exercise them, he must do so within 90 days following his termination. The Pautsch Employment Agreement further provides that if the Company terminates Mr. Pautsch's employment without cause, then the Company will pay Mr. Pautsch, among other things, twice Mr. Pautsch's base salary at the time of termination and an amount equal to the incentive award Mr. Pautsch would have been eligible to receive in the next two years, had he not been terminated (calculated on the assumption that targets for which Mr. Pautsch is responsible would have been achieved). Mr. Pautsch also received a \$40,000 signing bonus, which was paid on January 1, 2001.

Executive Officer Change-in-Control Arrangements

As of August 14, 2002, Larry E. Rosenberger, Steven A. Sjoblad and Chad L. Becker each entered into a Management Agreement with the Company. Subject to certain provisions in the agreement, each officer is eligible for the following benefits, among others, if such officer's employment is terminated or the officer's responsibilities or compensation are materially diminished within one year following the occurrence of specified events generally involving a change in control of the Company: (i) a payment equal to such officer's annual base compensation then in effect, plus an amount equal to such officer's bonus or cash incentive

Table of Contents

payment for the fiscal year preceding the change in control; (ii) the immediate vesting of all stock options and satisfaction of the restrictions on any restricted stock held; and (iii) the right to continue to participate in any health, disability and life insurance plan or other program then in effect. Change-in-control events potentially triggering benefits under the Management Agreements would occur if any person acquires 30% or more of our outstanding Common Stock and the current directors and those elected directors under normal circumstances cease to be a majority of the Board, or if a merger or other business combination occurs and our stockholders receive less than 70% of the resulting equity.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS

ON EXECUTIVE COMPENSATION

This Compensation Committee is composed entirely of non-employee Directors. The Committee determines all aspects of the compensation of our executive officers. The Committee administers and determines awards to officers under our 1992 Long-term Incentive Plan, under which grants of stock options or restricted stock may be awarded to any employee, and our 2002 Stock Bonus Plan, under which key employees may be awarded restricted stock.

The primary objectives of our executive compensation program are to provide a level of compensation to executives that will attract and retain well-qualified individuals, to structure their compensation packages so that a significant portion is tied to achieving targets for revenue growth and operating margin, and to align their interests with those of our stockholders through the use of stock-based compensation.

In fiscal 2002, our executive compensation program consisted of three main components: annual base salary, participation in our Management Incentive Plan, and the opportunity to receive awards of stock options or restricted stock.

The executive officers were eligible for the same benefits available generally to our employees, including group health and life insurance, participation in the employee stock purchase and 401(k) plans, and a profit sharing contribution to the 401(k) accounts made at the discretion of the Board of Directors. We also maintain a Supplemental Retirement and Savings Plan for the benefit of certain highly compensated employees, including most executive officers.

Annual Base Salary

This Compensation Committee determines the annual base salary of each of our executive officers, including the Chief Executive Officer, subject to the provisions of employment agreements. The same principles are applied in setting the salaries of all officers to ensure that salaries are equitably established. Salaries are determined annually by considering the officer's duties and responsibilities and business unit, the officer's ability to impact our operations and profitability, the officer's experience and past individual performance, operational and strategic Company performance, and competitive salary levels.

Fiscal Year 2002 Management Incentive Plans

Substantially all of the Company's employees participate in incentive plans based on the Company's performance with respect to goals for revenue growth and operating margin set by the Board of Directors for each fiscal year. In fiscal 2002, two such plans were approved by the Board of Directors. The Broad-Based Incentive Plan applied to non-executive employees, and the Management Incentive Plan applied to Vice Presidents and certain other senior leaders. Under both plans, an incentive compensation payout range was assigned to each participant at the beginning of the fiscal year based upon the participant's scope of responsibility. The incentive plan payout range midpoint increases with the level of the employee's responsibilities. The Compensation Committee sets the incentive compensation payout range for each of the executive officers. During fiscal 2002, the Management Incentive Plan involved quarterly evaluation of two performance factors: the Company's actual performance in relation to revenue growth and operating margin goals previously established by the Board of Directors; and the Committee's assessment of individual participant performance. The Company performance factor determined the size of the overall incentive pool

Table of Contents

available for payout each quarter, while individual participant performance determined the point in each participant's payout range used for incentive calculation.

Options and Restricted Stock

The Compensation Committee administers two Company programs under which our executives may acquire our stock. These are the 1992 Long-term Incentive Plan and the 2002 Stock Bonus Plan.

Under the 1992 Long-term Incentive Plan, the Compensation Committee may award options to purchase our Common Stock or shares of restricted stock to any employee, including our executive officers. The exercise price for all options granted under this plan must be at least equal to the fair market value of the shares on the date of grant. The amounts of stock options granted to executive officers are based on the same factors as are set forth above with respect to annual base salaries. Awards of options were made to Messrs. Grudnowski, Pautsch, Rosenberger, Sjoblad and Becker in fiscal 2002 and are reflected in the Option Grants in Last Fiscal Year Table.

The 2002 Stock Bonus Plan was adopted to provide stock value-driven incentives to key employees specifically related to the successful completion of the HNC acquisition and integration of the HNC business. Under this plan, the Compensation Committee may award stock to key employees, subject to terms and conditions, including vesting requirements and price, specified by the Compensation Committee at the time of the award and memorialized in a written agreement between the Company and the recipient. In fiscal 2002 awards of restricted stock were made to 16 key employees under this plan, including 14,900 shares awarded to each of Messrs. Pautsch, Rosenberger, Sjoblad and Becker. Awards issued to named executives are further described in footnote 4 to the Summary Compensation Table, above.

Limits on Tax-Deductible Compensation

Section 162(m) of the Internal Revenue Code of 1986, as amended, places a limit of \$1,000,000 on the amount of compensation that we may deduct in any year with respect to our five highest paid executives. However, performance-based compensation that has been approved by stockholders is excluded from the \$1 million limit. The Company has not adopted any formal policy with respect to Section 162(m), although the Committee generally structures compensation to be deductible and considers the cost and value to the Company in making compensation decisions that could result in non-deductibility. The Compensation Committee has on occasion made decisions that may result in non-deductible compensation. For example, our decisions in fiscal 2002 to grant options to purchase 37,500 shares to Mr. Grudnowski outside of the 1992 Long-term Incentive Plan and to grant restricted stock to other executives of the Company in connection with the HNC merger under a non-stockholder approved plan, may result in compensation that is counted against the \$1 million limit. The Compensation Committee believes that these decisions were appropriate and in the best interests of the Company. No deductions to be included in the Company's Federal income tax return for fiscal 2002 will be affected by Section 162(m).

CEO Compensation

Our Chief Executive Officer is compensated pursuant to an employment agreement entered into in August 1999, as amended in December 1999 and December 2001 (the "Grudnowski Employment Agreement"). The Grudnowski Employment Agreement was negotiated in connection with our hiring of Mr. Grudnowski as Chief Executive Officer. The Grudnowski Employment Agreement, which extends to December 1, 2003, subject to earlier termination under certain circumstances, provides for an annual base salary of \$550,000 for fiscal 2002. Mr. Grudnowski is eligible to receive a bonus of between \$0 and \$1,100,000, based upon the Company achieving certain business and financial objectives mutually agreed upon between Mr. Grudnowski and the Board of Directors of the Company. The Compensation Committee took action in November 2002 to determine Mr. Grudnowski's incentive bonus for fiscal 2002. This determination was based on a subjective evaluation of Mr. Grudnowski's performance, which included the following:

The successful acquisition of HNC Software Inc. and the successes of the Company's post-acquisition integration efforts;

Table of Contents

The strength of the Company's financial performance in an economically challenging environment, including significant gains in revenues and net income, exclusive of the effect of the HNC acquisition;

Efficiencies and technical infrastructure improvements realized by the Company during the year;

Success in the implementation of key business strategies;

Construction and leadership of a strong management team; and

Mr. Grudnowski's performance in connection with objectives articulated at the time of the fiscal 2001 performance evaluation process.

Based on all of these considerations, a cash incentive bonus of \$840,000 was awarded to Mr. Grudnowski.

Under the Grudnowski Employment Agreement, Mr. Grudnowski received options to purchase 1,035,000 shares of the Company's Common Stock, of which options for 90,000 shares fully vested on January 1, 2000, and options for 945,000 shares vest over a period of four years. In fiscal 2002, options to purchase 225,000 shares of Common Stock were granted to Mr. Grudnowski based on the Compensation Committee's judgment with respect to the Company's operational and strategic company performance, Mr. Grudnowski's individual performance, improvement in the market value of the Company's Common Stock, and competitive compensation levels.

Compensation Committee Interlocks and Insider Participation

Alex W. Hart, Philip G. Heasley and Margaret L. Taylor served as the members of our Compensation Committee for the fiscal year ended September 30, 2002. Mr. A. George Battle was a member of this Committee until February 5, 2002. Mr. Hart joined the Committee August 5, 2002. Messrs. Battle, Hart and Heasley and Ms. Taylor are non-employee Directors. None of our executive officers served as a director or as a member of a compensation committee of any business entity employing any of our directors during the fiscal year ended September 30, 2002.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

This Audit Committee is composed of four directors who meet New York Stock Exchange listing standards for director independence. The members of the Audit Committee are A. George Battle, Thomas F. Farb, Guy R. Henshaw and David S. P. Hopkins. The Audit Committee selects and retains the Company's independent auditors, and assists the Board in its oversight of the integrity of the Company's financial statements, including the performance of our independent auditors in their conduct of the audit of our annual financial statements. The Audit Committee meets with management and the independent auditors as may be required. The independent auditors have full and free access to the Audit Committee without the presence of management. The Board of Directors has adopted a written charter for the Audit Committee which addresses the responsibilities of the Audit Committee. This report relates to the activities undertaken by the Audit Committee in fulfilling these responsibilities.

On July 30, 2002, the Sarbanes-Oxley Act of 2002 was signed into law. The Audit Committee met with representatives of management, legal counsel and our independent auditors to further its understanding of the Act's provisions. It also reviewed processes that already are in place as well as those that will be required to comply with the requirements of the Act as they become effective.

The Audit Committee members are not professional accountants or auditors, and their functions are not intended to duplicate or to certify the activities of management or the independent auditors. In performing its functions, the Audit Committee acts only in an oversight capacity and necessarily relies on the work and

assurances of the Company's management, which has the primary responsibility for financial statements and reports, and of the independent auditors, who, in their report, express an opinion on the conformity of the Company's annual financial statements to generally accepted accounting principles. In fulfilling its oversight responsibilities, the Audit Committee reviewed with management the audited financial statements included in the Annual Report on Form 10-K for the fiscal year ended September 30, 2002. This review included a discussion of the quality and the effectiveness of our financial reporting and controls, including the clarity of disclosures in the financial statements.

In this context, the Audit Committee has met and held discussions with management and KPMG LLP, the Company's independent auditors. Management represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Audit Committee has reviewed and discussed the consolidated financial statements with management and the independent auditors. The Audit Committee discussed with KPMG LLP matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees).

KPMG LLP also provided to the Audit Committee the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Audit Committee discussed with KPMG LLP that firm's independence.

Based upon the Audit Committee's discussion with management and the independent auditors, and the Audit Committee's review of the representation of management and the report of the independent auditors to the Audit Committee, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended September 30, 2002, to be filed with the Securities and Exchange Commission.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

During fiscal 2002 the Company was a party to a consulting service agreement with Cherry Tree Development, a private investment advisory firm. Tony J. Christianson, one of our directors, is a 50% equity owner of Cherry Tree Development. This Agreement expired in November 2002 and will not be renewed. Under this agreement, Cherry Tree Development provided consulting services on marketplace dynamics, joint ventures, acquisitions, investments and similar strategic business development opportunities. We paid Cherry Tree Development \$404,000 under this agreement in fiscal 2002.

OTHER BUSINESS

Our Board of Directors does not know of any business to be presented at the Annual Meeting other than the matters set forth above, but, if other matters properly come before the meeting, it is the intention of the persons named in the proxies to vote in accordance with their best judgment on such matters.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 (the Exchange Act), and the rules of the Securities and Exchange Commission (the SEC) thereunder, require our directors, executive officers and persons who own more than 10% of our Common Stock to file reports of their ownership and changes in ownership of our Common Stock with the SEC. Our employees generally prepare these reports on the basis of information obtained from each director and officer. Based on information available to us, we believe that all reports required by Section 16(a) of the Exchange Act to be filed by its directors, executive officers and greater than 10% owners during the last fiscal year were filed on time, except for a report by Mr. Battle with respect to the sale of 1,000 shares, for the account of his minor son on February 15, 2002. Both Mr. Battle and his broker advised representatives of the Company of the sale promptly; however, we inadvertently failed to include the sale on his report for the month of February 2002. In April 2002, the omission was discovered and an amended report was immediately filed.

SUBMISSION OF PROPOSALS OF STOCKHOLDERS

Under the rules of the SEC, if a stockholder wants us to include a proposal in our Proxy statement and form of proxy for presentation to our 2004 Annual Meeting of Stockholders, the proposal must be received at our Corporate Secretary's Office, 200 Smith Ranch Road, San Rafael, California 94903, no later than 5:00 p.m. local time on August 27, 2003, to be considered for inclusion in the proxy statement and form of proxy for that meeting.

In order for business, other than a stockholder proposal included in our proxy statement and form of proxy, to be properly brought before the 2004 Annual Meeting by a stockholder, the stockholder must give timely written notice thereof to our Corporate Secretary and must otherwise comply with our By-laws. These By-laws provide that, to be timely, a stockholder's notice must be received by our Corporate Secretary at our principal executive offices not fewer than 60 days nor more than 90 days prior to the scheduled date of the Annual Meeting. If the Company gives fewer than 70 days' notice or prior public disclosure of the scheduled meeting date, then, to be timely, the stockholder's notice must be received no later than the earlier of (i) the close of business on the tenth day following the day on which such notice was mailed or such disclosure was made, whichever occurs first, and (ii) two days prior to the scheduled meeting date.
