Item 3.01

Notice of Delisting or Failure to Satisfy a Continued Listing Rule or Standard; Transfer of Listing.

On August 1, 2011, Miller Energy Resources, Inc. notified the New York Stock Exchange (NYSE) that we were aware of our noncompliance with Section 201.03 of NYSE Listed Company Manual which requires that a company file an annual report with the SEC that contains audited financial statements. As previously reported, our Annual Report on Form 10-K for the year ended April 30, 2011 as filed on July 29, 2011 was filed with the SEC prior to KPMG LLP completing its review of the annual report and issuing their independent accountants' report on the financial statements, as well as the consent to the use of their report filed as Exhibit 23.3. Accordingly, NYSE Regulation has advised us by letter dated August 1, 2011 that it views the filing as incomplete. The Audit Committee has engaged Andrews Kurth LLP as special independent legal counsel to conduct a review of the filing. We anticipate that Andrews Kurth LLP will report its findings to the Audit Committee within approximately one week. We expect to file an amended Annual Report on Form 10-K/A for the year ended April 30, 2011 as soon as possible.

In its letter dated August 1, 2011, NYSE Regulation advised us that we have already satisfied the requirements under the NYSE's late filing rules, which require an issuer to contact NYSE Regulation to discuss the status of its annual filing and issue a press release disclosing the status of the filing, noting the delay, the reason for the delay and anticipated filing date, if known.
