Share Capital: Euro 1,254,285,000

Registered in the Conservatory of the Commercial Registry of Lisbon under no. 03602/940706

Collective Person no. 503 215 058

**Lisbon, Portugal, December 27, 2002** - Portugal Telecom, SGPS, S.A. ("PT") (NYSE: PT; BVL: PTCO.IN) today announced that Telesp Celular Participações S.A. ("TCP"), its mobile subsidiary in Brazil, now owns indirectly the total share capital of Global Telecom, S.A. ("GT"), the B-band mobile telephony operator in the states of Paraná and Santa Catarina.

TCP indirectly owned 83% of GT's share capital since February 6, 2001, represented by 49% of the common shares and 100% of the preferred shares of the holding companies that control GT.

The acquisition of the remaining 17% of GT's share capital was done under the terms of the Purchase and Sale of Shares Agreement entered on January 13, 2001, by the purchase of the remaining 51% of the common shares of the holding companies that control GT, after the approval of the Brazilian regulator - Anatel.

The acquisition of the remaining 17% of GT's share capital amounted to approximately US\$ 82 million.

**FORWARD-LOOKING STATEMENTS**

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
