PRESS RELEASE

TELECOM ITALIA SHAREHOLDERS' MEETING

Edgar Filing: TELECOM ITALIA S P A - Form 6-K

Milan, 12 December, 2002 - The Telecom Italia Shareholders' Meeting convened today in ordinary and extraordinary session under the chairmanship of Marco Tronchetti Provera.

Ordinary Session

In ordinary session the Meeting appointed Pietro Modiano and Riccardo Ruggiero as Company Directors. The appointment of these two directors, previously co-opted to the Telecom Italia Board, shall expire at the same time as the rest of the currently serving board.

The Meeting also resolved on the second point on the agenda regarding the reclassification of reserves, through transfer of 2,159,995,146 euros from the "Miscellaneous Reserve" to the "Share Premium Reserve", 820,000,000 euros from the "Share Premium Reserve" to the "Legal Reserve" and 659,659,251 euros from the "Legal Reserve" to the "Miscellaneous Reserve". At the same time this last fund was renamed the "Retained Profits Miscellaneous Reserve". The reclassification serves to enhance the clarity of the accounts by facilitating immediate identification of the nature of the reserves as retained earnings or capital.

Following this reclassification, the Meeting passed a resolution for the distribution of up to a maximum of 1 billion euros of reserves, in order to award shareholders a dividend calculated on the basis of 0.1357 euros per ordinary and savings share held (in other words excluding the company's own stock held in its portfolio) on the dividend payment date.

Today's distribution of reserves permits the company to maintain its previously announced dividend policy, which foresees the aggregate assignment to shareholders of a sum which essentially corresponds to the dividend distributed in 2001. In order to achieve this, the distribution will take place in two stages: the payment approved today, and the distribution upon which the Shareholders' Meeting will be called to deliberate next year, when it adopts the 2002 financial statements.

The Shareholders' Meeting concluded by passing a resolution for payment of the dividend commencing on 19 December 2002, with the ex-dividend date set for 16 December 2002.

Distribution of the dividend will entitle shareholders to a full tax credit of 56.25%, applicable without restriction.

Extraordinary Session

In extraordinary session the Shareholders' Meeting adopted the plan for the merger of wholly-owned subsidiary Telecom Italia Lab SpA into Telecom Italia SpA, and passed resolutions for the bookkeeping and fiscal effects of this operation to commence from 1 January 2003. The Meeting empowered the Chairman, Deputy Chairman and each of the CEOs with all the authority necessary to fully implement the above resolutions.

This merger falls under the framework of the plan to restructure Telecom Italia Lab operations, which, undertaken as part of Telecom Italia, will generate considerable operational efficiencies and benefits.

In organizational terms, the merger signals a further step in the process of simplifying the company's corporate structure, as announced in the 2002 - 2004 business plan.

Edgar Filing: TELECOM ITALIA S P A - Form 6-K
