#### CN files shelf prospectus for US\$2.5 billion of debt securities

MONTREAL, Nov. 29, 2007— CN (TSX: CNR)(NYSE: CNI) today filed a preliminary shelf prospectus with Canadian securities regulators and a registration statement with the United States Securities and Exchange Commission (SEC), providing for the issuance by CN of up to US\$2.5 billion of debt securities in Canadian and U.S. markets over the next two years.

CN expects to use net proceeds from the sale of debt securities under the shelf prospectus for general corporate purposes, including the redemption and refinancing of outstanding debt, share repurchases, acquisitions, and other business opportunities.

A registration statement related to these debt securities has been filed with the SEC; however, it is not yet effective. Securities may not be sold, nor may offers to buy be accepted, before the registration statement becomes effective. This press release shall not constitute an offer to sell or the solicitation of an offer to buy the securities, nor shall there be any sale of the securities in any jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of such jurisdiction.

A copy of the preliminary shelf prospectus will be available on the Canadian Securities Administrators' web site, [www.sedar.com](http://www.sedar.com), or from the SEC, or may be obtained on request from the Corporate Secretary, Canadian National Railway Company, 935 de La Gauchetière Street West, Montreal, Quebec, H3B 2M9 (telephone: 514-399-7091).

This news release contains forward-looking statements. CN cautions that, by their nature, forward-looking statements involve risk, uncertainties and assumptions, and while there may be a risk of recession in the United States economy, the Company's assumption is that positive economic conditions in North America and globally will continue, which assumption may not materialize, and that its results could differ materially from those expressed or implied in such statements. Important factors that could cause such differences include, but are not limited to, industry competition, legislative and/or regulatory developments, compliance with environmental laws and regulations, various events which could disrupt operations, including natural events such as severe weather, droughts, floods and earthquakes, the effects of adverse general economic and business conditions, inflation, currency fluctuations, changes in fuel prices, labour disruptions, environmental claims, investigations or proceedings, other types of claims and litigation, and other risks detailed from time to time in reports filed by CN with securities regulators in Canada and the United States. Reference should be made to CN's most recent Form 40-F filed with the United States Securities and Exchange Commission, its Annual Information Form filed with the Canadian securities regulators, and its 2006 Annual Consolidated Financial Statements and Notes thereto and Management's Discussion and Analysis (MD&A), as well as its 2007 quarterly consolidated financial statements and MD&A, for a summary of major risks.
