Independent Auditors' Report

To the Profit Sharing Committee of the
Triangle Pacific Corp. Salaried Employees' Profit
Sharing Plan:

We have audited the accompanying statements of net assets available for benefits of the Triangle Pacific Corp. Salaried Employees' Profit Sharing Plan as of December 31, 2001 and 2000, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are

Edgar Filing: ARMSTRONG WORLD INDUSTRIES INC - Form 11-K

the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Triangle Pacific Corp. Salaried Employees' Profit Sharing Plan as of December 31, 2001 and 2000, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets held for investment purposes is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure Under the Employee Retirement Income Security Act of 1974. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

TRIANGLE PACIFIC CORP.
SALARIED EMPLOYEES' PROFIT SHARING PLAN
Notes to Financial Statements
December 31, 2001 and 2000

(1) General Information

The Triangle Pacific Corp. Salaried Employees' Profit Sharing Plan (the Plan) was established on January 5, 1976 by Armstrong Wood Products, Inc. (formerly known as Triangle Pacific Corp.) (the Company). The Plan was amended and restated effective January 1, 1993, to comply with applicable requirements of the Internal Revenue Code (IRC). On July 22, 1998, Armstrong Wood Products, Inc. was acquired by Armstrong World Industries, Inc. (a subsidiary of Armstrong Holdings, Inc.). The Board of Directors of Armstrong Wood Products, Inc. intends to continue providing retirement benefits through the Company's defined contribution plans.

(2) Description of the Plan

The following description of the Plan provides only general information. Participants should refer to the Plan document for more detailed information.

(a) General

The Plan is a defined contribution plan which provides retirement benefits to the salaried employees of the Company who have worked 1,000 hours in a consecutive 12-month period, and have attained age 21. Effective November 1, 2001, the Plan was amended to allow for immediate participation by employees upon the completion of one hour of service. The participants are not required nor permitted to make any contributions to the profit sharing portion of the Plan except for transfers of balances from other qualified plans, but participants are permitted to contribute up to 10% of their compensation to the 401(k) portion of the Plan. The Plan is administered by Bruce Hardwood Flooring, LLC, a subsidiary of Armstrong Wood Products, Inc., and advised by the Company's Profit Sharing Committee (Committee), whose members are appointed by the Board of Directors of the Company (the Board).

(b) Contributions

Company contributions to the profit sharing portion of the Plan are discretionary and are determined by the Board. Total contributions per Plan year, including profit sharing and 401(k), to any one participant cannot exceed the lesser of \$30,000 or 25% of the participant's compensation. A participant will not receive a Company profit sharing contribution during a year in which the participant has a break in service. Effective January 1, 1998, the Plan was amended and restated (Amendment) to define the criteria of the Company contributions to the 401(k) portion. Company contributions to the 401(k) portion are matching contributions that provide a 50% match of participant's tax deferred contribution to the Plan up to 6% of the participants' eligible compensation. Participants are fully vested in the current value of their own contributions and earnings thereon, and become 100% vested in Company contributions upon completion of five years of

service. Forfeitures resulting from nonvested employee termination (\$171,603 in 2001 and \$54,023 in 2000) are treated as a Company contribution and serve to reduce Company contributions in the year following the terminations.

SALARIED EMPLOYEES' PROFIT SHARING PLAN
Notes to Financial Statements
December 31, 2001 and 2000

(c) Payment of Benefits

Upon termination of employment, participants generally may elect to receive the total value of their account attributable to their contributions, as well as the vested value of their Company contributions. Participants who are age 59 1/2 or over, or become permanently and totally disabled are automatically 100% vested in the value of Company contributions and related earnings credited to their account. In the event that termination is caused by death, the participant becomes 100% vested and the balance will be paid in full to the beneficiary. Participants may also make hardship withdrawals from their vested amounts, subject to provisions of the Plan document and determination of eligibility by the plan administrator.

(d) Participant Accounts and Allocations

Allocations of Plan income are made to the participants based upon their relative account balances in the Plan at the beginning of each year. The annual Company contribution is allocated on a proportional basis relative to each participant's compensation for the year, as defined. Participants withdrawing from the Plan with a vested interest may only receive their account balance in a lump-sum payment.

Participants are able to direct all contributions to their account in 10% increments to the various investment funds. The Magellan, Equity Income, and the Overseas funds are classified as equity funds while the Intermediate Bond and Retirement Money Market funds are classified as fixed income funds. The Asset Manager Fund is considered to be a mixture of both equity and fixed income funds.

- o Armstrong Holdings, Inc. Common Stock - Effective April 1, 1999, the Plan was amended to include Armstrong World Industries, Inc. common stock as one of the investment options. On May 1, 2000, Armstrong Holdings, Inc. acquired the stock of Armstrong World Industries, Inc. An indirect holding in Armstrong World Industries, Inc. makes up substantially all of the assets of Armstrong Holdings, Inc. Armstrong Holdings, Inc. is publicly traded on the New York Stock Exchange. On December 6, 2000, Armstrong World Industries, Inc. filed a voluntary petition for relief under Chapter 11 of the U.S. Bankruptcy Code in Wilmington, DE in order to use the court-supervised reorganization process to achieve a resolution of its asbestos liability. Armstrong Wood Products, Inc. was not included in the filing. As of December 19, 2000, the Plan was amended to eliminate the

Edgar Filing: ARMSTRONG WORLD INDUSTRIES INC - Form 11-K

Armstrong Holdings, Inc. Common Stock fund as an investment option effective with contributions made on or after December 27, 2000 and transfers processed on or after January 1, 2001.

- o Fidelity Magellan Fund - The Fidelity Magellan Fund is a diversified portfolio of common stocks of domestic and foreign issuers. The portfolio seeks capital appreciation by investing in growth stocks, value stocks, or both.
- o Fidelity Equity Income Fund - The Fidelity Equity Income Fund has a primary objective of seeking reasonable income levels by investing 65% of total assets in foreign and domestic income producing equity securities, such as stocks, bonds, and other debt securities. The fund also seeks capital appreciation when consistent with its primary objective.

December 31, 2001 and 2000

- o Fidelity Intermediate Bond Fund - The Fidelity Intermediate Bond Fund has a primary objective of seeking high current income by investing in U.S. dollar-dominated investment grade debt securities with maturities between three to ten years. The Lehman Brothers Intermediate Government/Corporate Bond Index is used as a guide in structuring the fund and selecting the investments.
- o Fidelity Overseas Fund - The Fidelity Overseas Fund seeks long-term growth of capital by primarily investing in the common stock of foreign issuers.
- o Fidelity Asset Manager Fund - The Fidelity Asset Manager Fund strives for high total return with reduced risk over the long term. The fund pursues this goal with diversified investments of stocks, bonds, short-term and money market instruments, both domestic and international, while maintaining a diversified mix of securities.
- o Fidelity Retirement Money Market Fund - The Fidelity Retirement Money Market Fund seeks to earn a high level of current income while maintaining a stable \$1.00 share price by investing in high-quality, short-term securities. These securities may include, but are not limited to, high-quality, short-term U.S. dollar-denominated money market securities, domestic and foreign issuers.

(e) Participant Loans

Effective November 1, 2001, the Plan was amended to allow participant loans. Participants may borrow from the Plan an amount greater than \$1,000 but less than 50% of the participant's vested account balance. In no event can the participant borrow more than \$50,000. Loans are for a period not to exceed five years and bear

Edgar Filing: ARMSTRONG WORLD INDUSTRIES INC - Form 11-K

interest at 1% above the prime rate of interest being charged by local banks at the time the loan is authorized. The interest rate at December 31, 2001 was 5.75%.

(3) Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

(b) Investments

The investments of the Plan are stated at fair value, determined primarily on the basis of closing market quotations. Investment transactions are recorded by the trustee at current cost on the trade date. Realized and unrealized gains (losses) on investments are based on the fair value of the assets at the beginning of the Plan year or at the time of purchase during the year.

(c) Administrative Expenses

All administrative expenses, including audit fees, consulting fees, recordkeeping fees, and trustee fees, are paid by the Company with no liability to the Plan (\$13,218 in 2001 and \$20,885 in 2000).

(d) Payment of Benefits

Benefits are recorded upon distribution.

9

TRIANGLE PACIFIC CORP. SALARIED EMPLOYEES' PROFIT SHARING PLAN

Notes to Financial Statements December 31, 2001 and 2000

(e) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(f) New Accounting Pronouncements

In June 1998, the Financial Accounting Standards Board issued SFAS No. 133, Accounting for Derivative Instruments and Hedging Activities (SFAS No. 133). SFAS No. 133 requires that an entity recognize all derivatives in its statement of net assets and measure those instruments at fair value with changes recognized in the statement of changes in net assets.

SFAS No. 133 is effective for fiscal years beginning after June 15, 2000. Pursuant to SFAS No. 137, the Plan adopted SFAS No. 133 effective January 1, 2001. The adoption of SFAS No. 133 did not

Edgar Filing: ARMSTRONG WORLD INDUSTRIES INC - Form 11-K

have a material impact on the Plan financial statements.

(7) Plan Termination

Although the Company has not expressed an intent to terminate the Plan, in the event of such a termination, the priority of distribution of assets is in accordance with the provisions of the Employee Retirement Income Security Act of 1974. Distribution of Plan assets will be as follows:
