APPLIED GRAPHICS TECHNOLOGIES, INC.

NOTES TO INTERIM CONSOLIDATED FINANCIAL STATEMENTS (IN THOUSANDS OF DOLLARS)

1. BASIS OF PRESENTATION

The accompanying unaudited condensed consolidated financial statements of Applied Graphics Technologies, Inc., and its subsidiaries (the "Company"), which have been prepared in accordance with the instructions to Form 10-Q and, therefore, do not include all information and footnotes necessary for a fair presentation of financial position, results of operations, and cash flows in conformity with generally accepted accounting principles, should be read in conjunction with the notes to consolidated financial statements contained in the Company's Annual Report on Form 10-K for the year ended December 31, 2001. In the opinion of the management of the Company, all adjustments (consisting primarily of normal recurring accruals) necessary for a fair presentation have been included in the financial statements. The operating results of any quarter are not necessarily indicative of results for any future period.

Certain prior-period amounts in the accompanying financial statements have been reclassified to conform with the 2002 presentation.

2. SALE OF PUBLISHING BUSINESS

On April 10, 2002, the Company sold its publishing business. Net proceeds from the sale were approximately \$33,500, of which \$31,500 were used to repay term loans outstanding under the Company's credit facility and \$2,000 are being held in escrow under the terms of the sale. The escrow will be available to satisfy any claims related to the working capital transferred at closing and contractual warranties. Any remaining escrow balance as of March 31, 2003, will be used to further repay the outstanding term loans.

The Company recognized a loss on disposal of the publishing business of

Edgar Filing: APPLIED GRAPHICS TECHNOLOGIES INC - Form 10-Q

\$6,943 that was based on the terms of the sale and is subject to change based on potential working capital adjustments resulting from the finalization of the closing date balance sheet. The loss on disposal is included as a component of the loss from discontinued operations in the Consolidated Statement of Operations for the six months ended June 30, 2002.

The accompanying financial statements have been presented to reflect the operation of the publishing business as a discontinued operation. The results of operations of the publishing business for the six and three months ended June 30, 2002 and 2001, are presented as Discontinued Operations in the accompanying Consolidated Statements of Operations as follows:

	SIX MONTHS ENDED JUNE 30,		THREE MONTHS ENDED JUNE 30,	
	2002	2001	2002	2001
Revenues.....	\$22,083	\$36,007	\$2,305	\$17,578
Income (loss) from operations before income taxes.....	\$ 1,814	\$ 1,598	\$ (221)	\$ 776
Provision (benefit) equivalent to income taxes.....	717	638	(348)	(184)
Income from operations.....	1,097	960	127	960
Gain (loss) on disposal.....	(6,943)		221	
Income (loss) from discontinued operations.....	\$ (5,846)	\$ 960	\$ 348	\$ 960

The results of operations of the publishing business include an allocation of interest expense of \$580 and \$646 for the six months ended June 30, 2002 and 2001, respectively, and \$325 for the three months ended June 30, 2001. The allocated interest expense consisted solely of the interest expense on the Company's borrowings under its credit facility, which represents the interest expense not directly attributable to the Company's other operations. Interest expense was allocated based on the ratio of the net assets of the discontinued operation to the sum of the consolidated net assets of the Company and the outstanding borrowings under the Company's credit facility.

3. GOODWILL AND OTHER INTANGIBLE ASSETS

On January 1, 2002, the Company adopted Statement of Financial Accounting Standards (SFAS) No. 142, "Goodwill and Other Intangible Assets." Under SFAS No. 142, acquired goodwill and other intangible assets with indefinite useful lives are no longer amortized over an estimated useful life, but instead are subject to an impairment test. Intangible assets with finite useful lives continue to be amortized over their useful lives.

Upon the initial application of SFAS No. 142, the Company incurred an impairment charge of \$328,529 relating to its goodwill, of which \$321,952

Edgar Filing: APPLIED GRAPHICS TECHNOLOGIES INC - Form 10-Q

related to the Company's content management services business and \$6,577 related to the Company's broadcast media distribution services business. The fair value of each reporting unit was determined based on applying a multiple to each reporting unit's earnings before interest, taxes, depreciation, and amortization. The Company reported the impairment charge, net of a tax benefit of \$654, as a cumulative effect of a change in accounting principle.

In the second quarter of 2002, the Company made a contingent payment in the form of cash and shares of common stock in the aggregate amount of \$1,440 as additional consideration for the acquisition of one of its digital services businesses. In June 2002, the Company recognized a charge for the impairment of goodwill for this \$1,440 of additional consideration based on the estimated fair value of this business. The impairment charge was determined using the same methodology that the Company used upon the adoption of SFAS No. 142. The Company reviewed the value of the goodwill associated with this business due to having incurred a similar impairment charge in the prior year.

The Company's intangible assets not subject to amortization under SFAS No. 142 consist entirely of goodwill. The changes in the carrying amount of goodwill during the six months ended June 30, 2002, and the full year ended December 31, 2001, were as follows:

	2002		2001	
	CONTENT MANAGEMENT SERVICES	OTHER OPERATING SEGMENTS	CONTENT MANAGEMENT SERVICES	OTHER OPERATING SEGMENTS
Balance at beginning of period.....	\$ 397,087	\$ 8,752	\$405,973	\$15,716

	-----	-----	-----	-----
Balance at end of period.....	\$ 74,983	\$ 2,175	\$397,087	\$ 8,752
	=====	=====	=====	=====

The Company's intangible assets subject to amortization under SFAS No. 142 consist entirely of contract acquisition costs, which represent consideration paid by the Company to enter into certain long-term contracts. Contract acquisition costs are amortized on a straight-line basis over the life of the underlying contract. The gross carrying amount and accumulated amortization of contract acquisition costs were as follows:

	JUNE 30, 2002	DECEMBER 31, 2001
	-----	-----
Gross carrying amount.....	\$ 2,897	\$ 2,821
Accumulated amortization.....	(1,409)	(1,611)

Amortization expense associated with contract acquisition costs was \$174 and \$399 for the six months ended June 30, 2002 and 2001, respectively, and \$93 and \$199 for the three months ended June 30, 2002 and 2001, respectively. The estimated amortization expense for each of the next five full fiscal years is as follows:

2002.....	\$357
2003.....	\$405
2004.....	\$307
2005.....	\$305
2006.....	\$288

The adjusted net loss and loss per share for the six months and three months ended June 30, 2001, reflecting the add back of the amortization of goodwill, were as follows:

	SIX MONTHS ENDED JUNE 30, 2001	THREE MONTHS ENDED JUNE 30, 2001

4. RESTRUCTURING

The Company initiated various restructuring plans in prior periods (the "2001 Fourth Quarter Plan," the "2001 Second Quarter Plan," the "2000 Second Quarter Plan," the "1999 Fourth Quarter Plan," and the "1998 Fourth Quarter Plan," respectively) under which it continues to make certain payments. The amounts included in "Other current liabilities" in the accompanying Consolidated Balance Sheet as of June 30, 2002, for the future costs of the various restructuring plans, and the amounts charged against the respective restructuring liabilities during the six months ended June 30, 2002, were as follows:

2001 FOURTH QUARTER PLAN	2001 SECOND QUARTER PLAN	2000 SECOND QUARTER PLAN	1999 FOURTH QUARTER PLAN	1998 FOURTH QUARTER PLAN

In July 2002, the Company initiated a plan (the "2002 Third Quarter Plan") to consolidate its Grand Rapids, MI, and Battle Creek, MI, operations into a new facility in Battle Creek. The Company anticipates completing the 2002 Third Quarter Plan in September 2002, and estimates the restructuring charge related to the 2002 Third Quarter Plan to be approximately \$1,500.

	=====	=====

6. LONG TERM DEBT AND SUBORDINATED NOTES

Under the terms of its credit facility, the Company was obligated to satisfy certain milestones in connection with raising amounts to repay borrowings. The consummation of the sale of the publishing business satisfied one such milestone and resulted in the elimination of a previous increase in interest rates of 100 basis points that had been in effect since January 1, 2002. The Company failed, however, to satisfy two other milestones with deadlines of February 28, 2002, and April 30, 2002. Failure to satisfy the first milestone resulted in a fee of \$500 being paid to the Company's lenders. Failure to satisfy the second milestone resulted in, effective May 1, 2002, an increase in interest rates of 100 basis points and the issuance of warrants with an exercise price of \$0.01 to the Company's lenders to purchase 453,377 shares of the Company's common stock. Such warrants, which become exercisable upon the earlier of January 15, 2003, or an event of default under the credit facility, had a fair value of \$404 on the date of issuance. The warrants were recorded as deferred financing costs, which are being amortized over the remaining term of the Company's credit facility and, since the warrants are to be settled in shares of the Company's common stock, as an increase in additional paid-in capital.

Edgar Filing: APPLIED GRAPHICS TECHNOLOGIES INC - Form 10-Q

As part of its overall effort to restructure its debt, the Company initiated a tender offer in July 2002 to acquire all of its outstanding subordinated notes for an aggregate purchase price of \$3,000. The tender offer was originally scheduled to expire on July 30, 2002, but the Company has extended the tender offer until August 27, 2002, as the minimum tender condition was not satisfied. As a result of the tender offer being extended, the Company did not pay the semi-annual interest payment on the subordinated notes that was due July 31, 2002. Such failure to pay interest on the subordinated notes does not constitute an event of default unless payment is not made by August 30, 2002, the expiration of a 30-day grace period. The Company has obtained from its senior lenders a waiver of any default under the Company's credit facility resulting from any failure to pay the interest on the subordinated notes, either before or after the expiration of the grace period. There can be no assurances that the tender offer to acquire the subordinated notes will be successful.

At June 30, 2002, all amounts outstanding under the Company's credit facility, which matures in April 2003, are classified as a current liability in the accompanying Consolidated Balance Sheet. The Company continues to be engaged in discussions with its lenders to renegotiate the terms of its credit facility. These discussions are currently focused on the deferral of cash interest payments on a portion of the debt, an extension of the maturity of the credit facility by several years, and several other significant modifications. Any renegotiation of terms will be subject to various contingencies, including retiring at least 90% of the subordinated notes on terms satisfactory to the lenders. In connection with any such agreement, the lenders would likely receive warrants for an additional portion of the Company's outstanding common stock in addition to fees. There can be no assurances as to the terms or the success of any renegotiation of the Company's credit facility.

7. DERIVATIVES

The fair value of the Company's interest rate swaps was a net loss of \$1,954 and \$1,311 at June 30, 2002 and 2001, respectively. The Company recognized a non-cash benefit of \$63 and \$13 for the six months ended June 30, 2002 and 2001, respectively, and a non-cash charge of \$289 and a non-cash benefit of \$251 for the three months ended June 30, 2002 and 2001, respectively, which consisted of the following:

The company expects \$149 of the loss in "Accumulated other comprehensive income (loss)" to be reclassified into earnings in the next twelve months.

8. INCOME TAXES

In connection with the impairment of goodwill incurred upon the initial adoption of SFAS No. 142 (see Note 3 to the Interim Consolidated Financial Statements), the Company recognized a deferred tax asset of \$16,806. At June 30, 2002, the Company had a consolidated deferred tax asset balance before valuation allowance of \$35,788. Based on its most recent projections, the Company does not believe that it is more likely than not that the benefit associated with the deferred tax assets will be entirely realized in the future. During the six months ended June 30, 2002, the Company established a valuation allowance in the amount of \$16,152, all of which was included as part of the cumulative effect of a change in accounting principle.

9. RELATED PARTY TRANSACTIONS

Sales to, purchases from, and administrative charges incurred with related parties during the six and three months ended June 30, 2002 and 2001, were as follows:

The total assets of the content management services segment decreased by \$329,260 due primarily to the impairment of goodwill recorded upon the initial adoption of SFAS No. 142 (see Note 3 to the Interim Consolidated Financial Statements).

12. RECENTLY ISSUED ACCOUNTING STANDARDS

Statement of Financial Accounting Standards (SFAS) No. 146, "Accounting for Costs Associated with Exit or Disposal Activities," was issued in June 2002, and is effective for exit or disposal activities initiated after December 31, 2002. SFAS No. 146 addresses financial accounting and reporting for costs incurred in connection with exit or disposal activities, including restructurings, and supercedes Emerging Issues Task Force (EITF) Issue No. 94-3, "Liability Recognition for Certain Employee Termination Benefits and Other Costs to Exit an Activity (including Certain Costs Incurred in a Restructuring)." Under SFAS No. 146, a liability related to an exit or disposal activity is not recognized until such liability has actually been incurred, as opposed to a liability being recognized at the time of a commitment to an exit plan, which was the standard for liability recognition under EITF Issue No. 94-3. The Company does not expect the adoption of SFAS No. 146 to have a material effect on its financial condition or results of operations.

11

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

Certain statements made in this Quarterly Report on Form 10-Q are "forward-looking" statements (within the meaning of the Private Securities Litigation Reform Act of 1995, as amended). Such statements involve known and unknown risks, uncertainties, and other factors that may cause actual results, performance, or achievements of the Company to be materially different from any future results, performance, or achievements expressed or implied by such forward-looking statements. Although the Company believes that the expectations reflected in such forward-looking statements are based upon reasonable assumptions, the Company's actual results could differ materially from those set forth in the forward-looking statements. Certain factors that might cause such a difference include the following: the ability of the Company to successfully renegotiate the terms of its credit facility; the ability of the Company to successfully complete its tender offer for its subordinated notes; the ability of the Company to maintain compliance with the financial covenant requirements

Edgar Filing: APPLIED GRAPHICS TECHNOLOGIES INC - Form 10-Q

under its credit facility; the ability of Kmart Corporation ("Kmart") to successfully emerge from bankruptcy; the impact of technological advancements on the ability of customers and competitors to provide services comparable to those provided by the Company; the continued softness in the advertising market; the timing of completion and the success of the Company's restructuring plans and integration efforts; the rate and level of capital expenditures; and the adequacy of the Company's credit facility and cash flows to fund cash needs.

The results of operations of the Company's publishing business are reported as a discontinued operation for all periods presented. The following discussion and analysis (in thousands of dollars) should be read in conjunction with the Company's Interim Consolidated Financial Statements and notes thereto.

Management must make certain estimates and assumptions in preparing the financial statements of the Company. Certain of these estimates and assumptions relate to matters that are inherently uncertain as they pertain to future events. These estimates and assumptions include the fair value of goodwill, future estimated taxable income, the collectibility of accounts receivable, and the timing and amount of the settlement on certain lease obligations relating to vacant properties. While management believes that the estimates and assumptions used were appropriate, actual results could differ significantly from those estimates under different conditions.

RESULTS OF OPERATIONS

SIX MONTHS ENDED JUNE 30, 2002, COMPARED WITH 2001

Revenues in the first six months of 2002 were \$32,137 lower than in the comparable period in 2001. Revenues in the 2002 period decreased by \$31,440 from content management services and \$1,254 from digital services, and were partially offset by increased revenues of \$557 from broadcast media distribution services. Decreased revenues from content management services primarily resulted from a weaker advertising market in the first six months of 2002 as compared to the 2001 period, which adversely impacted the Company's operations servicing advertising agencies and magazine publishers.

Gross profit decreased by \$5,417 in the first six months of 2002. The gross profit percentage in the first six months of 2002 was 32.0% as compared to 30.0% in the 2001 period. The increase in the gross profit percentage primarily resulted from improved operating efficiencies and cost cutting related to the Company's operational restructuring and integration efforts.

Selling, general, and administrative expenses in the first six months of 2002 were \$9,357 lower than in the 2001 period primarily as a result of the Company's cost cutting initiatives in response to the decrease in revenue. Selling, general, and administrative expenses as a percent of revenue were 29.7% in the 2002 period and 29.6% in the 2001 period. Selling, general, and administrative expenses in the 2002 period include charges of \$1,234 for nonrestructuring-related employee termination costs and \$793 for consultants retained to assist the Company with its restructuring and integration efforts. Selling, general, and administrative expenses in 2001 include a charge of \$767 for nonrestructuring-related employee termination costs and \$1,174 for consultants retained to assist the Company with its restructuring and integration efforts. Adjusting for these

12

other charges, selling, general, and administrative expenses as a percent of revenue were 28.7% and 28.8% in 2002 and 2001, respectively.

Interest expense in the first six months of 2002 was \$2,511 lower than in

Edgar Filing: APPLIED GRAPHICS TECHNOLOGIES INC - Form 10-Q

the 2001 period due primarily to reduced borrowings outstanding under the Company's credit facility. In April 2002, the Company used the net proceeds from the sale of its publishing business to repay borrowings under its credit facility.

The Company recorded an income tax benefit of \$486 in the first six months of 2002. The benefit recognized was at a lower rate than the statutory rate due primarily to the projected annual permanent items related to the nondeductible portion of the goodwill impairment charge and meals and entertainment expenses.

The Company incurred a loss on disposal of \$6,943 in the first six months of 2002 in connection with the sale of its publishing business in April 2002. Such loss is included as a component of the loss from discontinued operations in the Consolidated Statement of Operations for the six months ended June 30, 2002.

On January 1, 2002, the Company adopted Statement of Financial Accounting Standards (SFAS) No. 142, "Goodwill and Other Intangible Assets." Under SFAS No. 142, acquired goodwill and other intangible assets with indefinite useful lives are no longer amortized over an estimated useful life, but instead are subject to an impairment test. Intangible assets with finite useful lives continue to be amortized over their useful lives. Upon the initial application of SFAS No. 142, the Company incurred an impairment charge of \$328,529 relating to its goodwill. The Company reported the impairment charge, net of a tax benefit of \$654, as a cumulative effect of a change in accounting principle. During the six months ended June 30, 2002, the Company incurred an additional impairment charge of \$1,440 relating to goodwill associated with a contingent payment made during the period.

Revenues from business transacted with affiliates for the six months ended June 30, 2002 and 2001, totaled \$2,763 and \$5,084, respectively, representing 1.4% and 2.2%, respectively, of the Company's revenues.

THREE MONTHS ENDED JUNE 30, 2002, COMPARED WITH 2001

Revenues in the second quarter of 2002 were \$12,931 lower than in the comparable period in 2001. Revenues in the 2002 period decreased by \$12,750 from content management services and \$735 from digital services, and were partially offset by increased revenues of \$554 from broadcast media distribution services. Decreased revenues from content management services primarily resulted from a weaker advertising market in the second quarter of 2002 as compared to the 2001 period, which adversely impacted the Company's operations servicing advertising agencies and magazine publishers.

Gross profit decreased by \$1,340 in the second quarter of 2002. The gross profit percentage in the second quarter of 2002 was 32.7% as compared to 30.2% in the 2001 period. The increase in the gross profit percentage primarily resulted from improved operating efficiencies and cost cutting related to the Company's operational restructuring and integration efforts.

Selling, general, and administrative expenses in the second quarter of 2002 were \$4,383 lower than in the 2001 period primarily as a result of the Company's cost cutting initiatives in response to the decrease in revenue. Selling, general, and administrative expenses as a percent of revenue decreased to 28.4% in the 2002 period from 29.0% in the 2001 period. Selling, general, and administrative expenses in the 2002 period include charges of \$735 for nonrestructuring-related employee termination costs and \$166 for consultants retained to assist the Company with its restructuring and integration efforts. Selling, general, and administrative expenses in 2001 include a charge of \$348 for nonrestructuring-related employee termination costs and \$1,174 for consultants retained to assist the Company with its restructuring and integration efforts. Adjusting for these other charges, selling, general, and administrative expenses as a percent of revenue were 27.5% and 27.7% in 2002 and

Edgar Filing: APPLIED GRAPHICS TECHNOLOGIES INC - Form 10-Q

2001, respectively.

During the second quarter of 2002, the Company incurred an impairment charge of \$1,440 relating to goodwill associated with a contingent payment made during the period.

13

Interest expense in the second quarter of 2002 was \$611 lower than in the 2001 period. Reduced borrowings resulted in a reduction in interest expense of \$1,151, which was partially offset by an increase of \$540 related to additional non-cash charges associated with the Company's interest rate swap agreements.

The Company recorded an income tax provision of \$29 in the second quarter of 2002. The provision recognized was at a lower rate than the statutory rate due primarily to the projected annual permanent items related to the nondeductible portion of the goodwill impairment charge and meals and entertainment expenses.

Revenues from business transacted with affiliates for the three months ended June 30, 2002 and 2001, totaled \$1,448 and \$2,376, respectively, representing 1.4% and 2.0%, respectively, of the Company's revenues.

FINANCIAL CONDITION

As part of its overall effort to restructure its debt, the Company initiated a tender offer in July 2002 to acquire all of its outstanding subordinated notes for an aggregate purchase price of \$3,000. The tender offer was originally scheduled to expire on July 30, 2002, but the Company has extended the tender offer until August 27, 2002, as the minimum tender condition was not satisfied. As a result of the tender offer being extended, the Company did not pay the semi-annual interest payment on the subordinated notes that was due July 31, 2002. Such failure to pay interest on the subordinated notes does not constitute an event of default unless payment is not made by August 30, 2002, the expiration of a 30-day grace period. The Company has obtained from its senior lenders a waiver of any default under the Company's credit facility resulting from any failure to pay the interest on the subordinated notes, either before or after the expiration of the grace period. There can be no assurances that the tender offer to acquire the subordinated notes will be successful.

In March 2002, the Company entered into an amendment to its credit facility (the "Sixth Amendment") that extended the maturity through April 2003. In connection with the Sixth Amendment, the Company incurred fees of \$250 and agreed to issue warrants with a nominal exercise price to its lenders to purchase 5% of the Company's outstanding common stock. The warrants become immediately issuable and exercisable if a definitive agreement for an overall restructuring of the Company's credit facility is not entered into by September 30, 2002. In addition, as part of the Sixth Amendment, available borrowings under the Company's revolving credit line were reduced to \$66,000 from \$81,000. The Company does not believe that the reduced borrowing capacity will have a material adverse effect on its financial condition or liquidity. The Company had available borrowing capacity under its revolving credit line of \$34,721 as of June 30, 2002.

The Company continues to be engaged in discussions with its lenders to renegotiate the terms of its credit facility. These discussions are currently focused on the deferral of cash interest payments on a portion of the debt, an extension of the maturity of the credit facility by several years, and several other significant modifications. Any renegotiation of terms will be subject to various contingencies, including retiring at least 90% of the subordinated notes on terms satisfactory to the lenders. In connection with any such agreement, the

Edgar Filing: APPLIED GRAPHICS TECHNOLOGIES INC - Form 10-Q

lenders would likely receive warrants for an additional portion of the Company's outstanding common stock in addition to fees. In the event the Company is unable to successfully restructure its credit facility or obtain other sources of financing, the Company would be unable to repay the borrowings under the credit facility upon maturity in April 2003. There can be no assurances as to the terms or the success of any renegotiation of the Company's credit facility.

Under the terms of its credit facility, the Company was obligated to satisfy certain milestones in connection with raising amounts to repay borrowings. The consummation of the sale of the publishing business satisfied one such milestone and resulted in the elimination of a previous increase in interest rates of 100 basis points that had been in effect since January 1, 2002. The Company failed, however, to satisfy two other milestones with deadlines of February 28, 2002, and April 30, 2002. Failure to satisfy the first milestone resulted in a fee of \$500 being paid to the Company's lenders. Failure to satisfy the second milestone resulted in, effective May 1, 2002, an increase in interest rates of 100 basis points and the issuance of warrants with an exercise price of \$0.01 to the Company's lenders to purchase 453,377 shares of the Company's common stock. Such warrants become exercisable upon the earlier of January 15, 2003, or an event of default under the credit facility.

14

Under the terms of its credit facility, the Company must comply with certain quarterly covenants related to leverage ratios, interest coverage ratios, fixed charge coverage ratios, and capital spending. In addition, the Company must satisfy a minimum cumulative EBITDA (as defined in the credit facility) covenant. If the Company does not satisfy such minimum cumulative EBITDA covenant for any non-quarter month end, the Company's short-term borrowing availability would be limited until such time as the Company is in compliance with the covenant, but such failure would not constitute an event of default. The Company was in compliance with all covenants at June 30, 2002. Based on current projections, the Company believes that it will be able to remain in compliance with the covenant requirements throughout 2002, although there can be no assurance that such compliance will be maintained.

On January 22, 2002, Kmart, one of the Company's two largest customers, filed for protection under Chapter 11 of the United States Bankruptcy Code. A particular class of vendors was afforded critical vendor status by the bankruptcy court. The Company has been treated as a critical vendor, and has been paid substantially all of its accounts receivable for services rendered to Kmart prior to its bankruptcy filing. The Company continues to be paid under its normal trade terms for services rendered to Kmart subsequent to January 22, 2002.

During the first six months of 2002, goodwill decreased by \$328,681 due primarily to the impairment charge recognized upon the initial adoption of SFAS No. 142 (see Note 3 to the Interim Consolidated Financial Statements).

During the first six months of 2002, the Company repaid \$31,500 of term loans and deposited \$2,000 into an escrow account with proceeds from the sale of its publishing business. In addition, the Company invested \$6,681 in facility construction and new equipment and repaid \$581 of notes and capital lease obligations. Such amounts were primarily funded by borrowings under its revolving credit facility and cash from operating activities.

Cash flows from operating activities of continuing operations during the first six months of 2002 increased by \$4,328 as compared to the comparable period in 2001 due primarily to the timing of vendor payments and an increase in cash from operating income, partially offset by payments made during the period related to the Company's restructuring plans, growth in inventory due to the timing of work performed for retailers, and the timing of customer collections.

Edgar Filing: APPLIED GRAPHICS TECHNOLOGIES INC - Form 10-Q

The Company expects to spend approximately \$14,000 over the course of the next twelve months for capital improvements, essentially all of which is for modernization. The Company intends to finance these expenditures under leasing arrangements, with working capital, or with borrowings under its credit facility.

In July 2002, the Company initiated a plan (the "2002 Third Quarter Plan") to consolidate its Grand Rapids, MI, and Battle Creek, MI, operations into a new facility in Battle Creek. The Company anticipates completing the 2002 Third Quarter Plan in September 2002, and estimates the restructuring charge related to the 2002 Third Quarter Plan to be approximately \$1,500.

Statement of Financial Accounting Standards (SFAS) No. 146, "Accounting for Costs Associated with Exit or Disposal Activities," was issued in June 2002, and is effective for exit or disposal activities initiated after December 31, 2002. SFAS No. 146 addresses financial accounting and reporting for costs incurred in connection with exit or disposal activities, including restructurings, and supercedes Emerging Issues Task Force (EITF) Issue No. 94-3, "Liability Recognition for Certain Employee Termination Benefits and Other Costs to Exit an Activity (including Certain Costs Incurred in a Restructuring)." Under SFAS No. 146, a liability related to an exit or disposal activity is not recognized until such liability has actually been incurred, as opposed to a liability being recognized at the time of a commitment to an exit plan, which was the standard for liability recognition under EITF Issue No. 94-3. The Company does not expect the adoption of SFAS No. 146 to have a material effect on its financial condition or results of operations.

The Company believes that the cash flow from operations, including potential improvements in operations as a result of its integration and restructuring efforts, and available borrowing capacity, subject to the Company's ability to remain in compliance with the financial covenants under its credit facility, will provide sufficient cash flows to fund its cash needs throughout 2002.

15

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK.

The Company's primary exposure to market risk is interest rate risk. The Company had \$179,311 outstanding under its credit facility at June 30, 2002. Interest rates on funds borrowed under the Company's credit facility vary based on changes to the prime rate or LIBOR. The Company partially manages its interest rate risk through two interest rate swap agreements under which the Company pays a fixed rate and is paid a floating rate based on the three month LIBOR rate. The notional amounts of the two interest rate swaps totaled \$50,000 at June 30, 2002. A change in interest rates of 1.0% would result in a change in income before taxes of \$1,293 based on the outstanding balance under the Company's credit facility and the notional amounts of the interest rate swap agreements at June 30, 2002.

16

PART II -- OTHER INFORMATION

ITEM 2. CHANGES IN SECURITIES AND USE OF PROCEEDS.

In May 2002, pursuant to the terms of its credit facility, the Company issued warrants with an exercise price of \$0.01 to its lenders to purchase 453,377 shares of the Company's common stock. Such warrants become exercisable upon the earlier of January 15, 2003, or an event of default under the Company's

Edgar Filing: APPLIED GRAPHICS TECHNOLOGIES INC - Form 10-Q

credit facility. The issuance of such securities by the Company were effected without registration based on reliance upon the exemption from registration provided by Section 4(2) of the Securities Act of 1933 for private placements.

In June 2002, the Company issued 80,000 shares of its common stock as additional consideration to the former shareholders of Agile Enterprise, Inc., which the Company acquired in September 1998. The issuance of such securities by the Company were effected without registration based on reliance upon the exemption from registration provided by Section 4(2) of the Securities Act of 1933 for private placements.

ITEM 3. DEFAULTS UPON SENIOR SECURITIES.

As previously disclosed in its Annual Report on Forms 10-K for the years ended December 31, 2001 and 2000, a subsidiary of the Company, Wace Group Limited ("Wace"), is in arrears on the dividend payments related to its 8% Cumulative Convertible Redeemable Preference Shares. Wace has been prohibited from making dividend payments due to its lack of distributable reserves, and has not made a dividend payment since July 1999. The arrearage, which is included as part of "Minority interest" in the Consolidated Balance Sheets, totals \$7,571,000 at August 8, 2002.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS.

The annual meeting of the stockholders of Applied Graphics Technologies, Inc., was held on June 13, 2002. The stockholders voted on the following matter:

1. The election of the following eleven directors of the Company for terms expiring at the 2003 annual meeting of stockholders:
