NOTICE OF ANNUAL MEETING
AND PROXY STATEMENT

March 12, 2003

The Annual Meeting of the Shareowners of Johnson & Johnson will be held on Thursday April 24, 2003 at 10:00 a.m. at the Hyatt Regency Hotel, Two Albany Street, New Brunswick, New Jersey, to:

1. Elect directors;
2. Ratify the appointment of PricewaterhouseCoopers LLP as the Company's independent auditors for 2003; and
3. Transact such other business as may properly come before the meeting.

Shareowners are cordially invited to attend the meeting. PLEASE NOTE THAT WE HAVE CHANGED OUR ADMISSION CARD PROCEDURES THIS YEAR:

- If you are a registered shareowner, you will not find an enclosed Request for Admission Card. Instead, there is a box on the proxy card which you should mark to request an Admission Card if you plan to attend.
- If you are a registered shareowner and vote by telephone or the Internet, there will be applicable instructions to follow when voting to indicate if you would like to receive an Admission Card.
- If you are a shareowner whose shares are not registered in your own name and you plan to attend, you must request an Admission Card by writing to the Office of the Corporate Secretary, Johnson & Johnson, One Johnson & Johnson Plaza, New Brunswick, New Jersey 08933. Evidence of your stock ownership, which you can obtain from your bank or stockbroker, must accompany your letter.

If you are unable to attend the meeting, you will be able to access the meeting on the Internet. The Company will broadcast the meeting as a webcast

Edgar Filing: JOHNSON & JOHNSON - Form DEF 14A

through the Johnson & Johnson website at www.jnj.com. The webcast will remain available for replay for one month following the meeting. Visit the Johnson & Johnson website at www.jnj.com and click on the Calendar of Events in the Investor Relations section for details.

By order of the Board of Directors,

MICHAEL H. ULLMANN
Secretary

YOU CAN VOTE IN ONE OF THREE WAYS:

- (1) Use the toll-free telephone number on your proxy card to vote by phone;
- (2) Visit the website noted on your proxy card to vote via the Internet; or
- (3) Sign, date and return your proxy card in the enclosed envelope to vote by mail.

GENERAL INFORMATION

SHAREOWNERS ENTITLED TO VOTE. Holders of shares of the Common Stock of the Company of record at the close of business on February 25, 2003 are entitled to notice of and to vote at the Annual Meeting of Shareowners and at any and all adjournments or postponements of the meeting. Each share entitles its owner to one vote. The holders of a majority of the shares entitled to vote at the meeting must be present in person or represented by proxy in order to constitute a quorum for all matters to come before the meeting. On the record date there were 2,969,972,365 shares outstanding.

Other than the election of directors, which requires a plurality of the votes cast, each matter to be submitted to the shareowners requires the affirmative vote of a majority of the votes cast at the meeting. For purposes of determining the number of votes cast with respect to a particular matter, only those cast "For" or "Against" are included. Abstentions and broker non-votes are counted only for purposes of determining whether a quorum is present at the meeting.

HOW TO VOTE. Shareowners of record (that is, shareowners who hold their shares in their own name) can vote any one of three ways:

- (1) **By Mail:** Sign, date and return your proxy card in the enclosed postage-paid envelope. If you sign and return your proxy card but do not give voting instructions, the shares represented by that proxy will be voted as recommended by the Board of Directors.
- (2) **By Telephone:** Call the toll-free number on your proxy card to vote by phone. You will need to follow the instructions on your proxy card and the voice prompts.
- (3) **By Internet:** Go to the website listed on your proxy card to vote through the Internet. You will need to follow the instructions on your proxy card and the website. If you vote through the Internet, you may incur telephone and Internet access charges.

If you vote by telephone or the Internet, your electronic vote authorizes the named proxies in the same manner as if you signed, dated and returned your proxy card. IF YOU VOTE BY TELEPHONE OR THE INTERNET, YOU SHOULD NOT RETURN YOUR PROXY CARD.

If your shares are held in the name of a bank, broker or other holder of

Edgar Filing: JOHNSON & JOHNSON - Form DEF 14A

record (that is, "street name"), you will receive instructions from the holder of record that you must follow in order for your shares to be voted. Telephone and Internet voting also will be offered to shareowners owning shares through most banks and brokers.

PROXY SOLICITATION. The accompanying proxy is solicited by the Board of Directors of the Company. In that connection, this Proxy Statement is being mailed to the shareowners on or about March 12, 2003 concurrently with the mailing of the Company's 2002 Annual Report. In addition to this solicitation by mail, several regular employees of the Company may solicit proxies in person or by telephone. The Company has also retained the firm of Georgeson Shareholder Communications, Inc. to aid in the solicitation of brokers, banks and institutional and other shareowners for a fee of approximately \$11,500, plus reimbursement of expenses. All costs of the solicitation of proxies will be borne by the Company. On the accompanying proxy a shareowner may substitute the name of another person in place of those persons presently named as proxies. In order to vote, a substitute must present adequate identification to the Secretary before the voting occurs.

CHANGING YOUR VOTE. You may change your vote at any time before the proxy is exercised. If you voted by mail, you may revoke your proxy at any time before it is voted by executing and delivering a timely and valid later-dated proxy, by voting by ballot at the meeting or by giving written notice to the Secretary. If you voted by telephone or the Internet you may also change your vote with a timely and valid later telephone or Internet vote, as the case may be. Attendance at the meeting will not have the effect of revoking a proxy unless you give proper written notice of revocation to the Secretary before the proxy is exercised or you vote by written ballot at the meeting.

2

ELECTRONIC DELIVERY OF PROXY MATERIALS AND ANNUAL REPORT. This Proxy Statement and the Company's 2002 Annual Report are available on the Company's Internet site at www.jnj.com. Instead of receiving paper copies of next year's Proxy Statement and Annual Report in the mail, shareowners can elect to receive an e-mail message which will provide a link to these documents on the Internet. By opting to receive your proxy materials online, you will save the Company the cost of producing and mailing documents to you, reduce the amount of mail you receive and help preserve environmental resources. Johnson & Johnson shareowners who enrolled in the electronic proxy delivery service last year will receive their materials online this year.

Shareowners of record may enroll in the electronic proxy delivery service for future Annual Meetings of Shareowners by registering online at www.econsent.com/jnj. If you vote by Internet, simply follow the prompts that will link you to www.econsent.com/jnj. Beneficial or "street name" shareowners should see the information provided in the proxy materials mailed to them by their bank or broker.

JOHNSON & JOHNSON EMPLOYEE SAVINGS PLANS. If you are an employee and hold stock in one of the Johnson & Johnson employee savings plans, you will receive one proxy card which covers those shares held for you in your savings plan, as well as any other shares registered in your own name. If you vote in any of the three ways described above, the Trustee of your savings plan will vote your shares as you have directed. In accordance with the terms of the Johnson & Johnson Savings Plan and the Johnson & Johnson Puerto Rico Retirement Savings Plan, if you hold shares in that Plan and do not vote, the Plan Trustee will vote those shares in direct proportion to the shares held in that Plan for which votes have been cast. If you hold shares in any other Johnson & Johnson employee savings plan, including the Savings Plan for Union Represented Employees, and do not vote, the Plan Trustee will not vote those shares.

Edgar Filing: JOHNSON & JOHNSON - Form DEF 14A

REDUCE DUPLICATE MAILINGS. The Company is required to provide an Annual Report to all shareowners who receive this Proxy Statement. If you are a shareowner of record and have more than one account in your name or at the same address as other shareowners of record, you may authorize the Company to discontinue mailings of multiple Annual Reports. To do so, mark the designated box on each proxy card for which you wish to discontinue receiving a duplicate Annual Report. If you are voting by telephone or the Internet you can either follow the prompts when you vote or give us instructions to discontinue mailings of future duplicate Annual Reports.

SHAREOWNER PROPOSALS. To be included in the Board of Directors' proxy statement and proxy card for the 2004 Annual Meeting of Shareowners, a shareowner proposal must be received by the Company on or before November 12, 2003. In addition, under the terms of the Company's By-Laws, a shareowner who intends to present an item of business at the 2004 Annual Meeting of Shareowners (other than a proposal submitted for inclusion in the Company's proxy materials) must provide notice of such business to the Company on or before November 12, 2003. Proposals and other items of business should be directed to the attention of the Secretary at the principal office of the Company, One Johnson & Johnson Plaza, New Brunswick, New Jersey 08933.

ELECTION OF DIRECTORS

NOMINEES. There are 11 nominees for election as directors of the Company to hold office until the next Annual Meeting and until their successors have been duly elected and qualified.

If the enclosed proxy is properly executed and received in time for the meeting, it is the intention of the persons named in the proxy to vote the shares represented thereby for the persons nominated for election as directors unless authority to vote shall have been withheld. If any nominee should refuse or be unable to serve, an event which is not anticipated, the proxy will be voted for such person as shall be designated by the Board of Directors to replace such nominee or, in lieu thereof, the Board of Directors may reduce the number of directors.

All of the nominees were elected to the Board at the last Annual Meeting and all are currently serving as directors of the Company. In accordance with the Board's policy on retirement of directors, Dr. Maxine Singer is not standing for re-election. In addition, Mr. Robert N. Wilson, Senior

3

Vice Chairman of the Board, has announced his intention to retire from the Company and will not stand for re-election to the Board. Mr. John W. STOCK OWNERSHIP/CONTROL

Larsen, who retired in 2002, as described in footnote (3) below) and by all directors and executive officers as a group. Each of the individuals/groups listed below is the owner of less than one percent of the Company's outstanding shares. Because they serve as co-trustees of two trusts which hold stock for the benefit of others, Messrs. Weldon and Wilson "control" an additional 12,733,266 shares of the Company's stock in which they have no economic interest. In addition to such shares, the directors and executive officers as a group own/control a total of 2,673,113 shares, the aggregate of 15,406,379 shares representing less than 1% of the shares outstanding.  - (2) The shares described as "owned" are shares of the Company's Common Stock owned by each listed person and by members of his or her household and are held either individually, jointly or pursuant to a trust arrangement.  - (3) Mr. Larsen has served as neither a director nor an executive officer since April 25, 2002, but is named in the Summary Compensation Table because he served as chief executive officer during part of fiscal year 2002. Mr. Larsen's stock ownership is not included in this table, but he was deemed to have beneficial ownership of 1,328,137 shares of Common Stock, as of October 25, 2002, and 2,586,800 shares under exercisable options, as of December 31, 2002. Mr. Larsen disclaimed beneficial ownership of 229,758 of those shares deemed to be owned by him and an additional 532,246 of those shares represent the net gain of shares resulting from the exercise of stock options, of which the actual distribution of such shares to Mr. Larsen has

Edgar Filing: JOHNSON & JOHNSON - Form DEF 14A

been deferred until 2004.

- (4) Includes shares under options exercisable on February 12, 2003 and options which become exercisable within 60 days thereafter.

DIRECTORS' FEES, COMMITTEES AND MEETINGS. Directors who are employees of the Company receive no compensation for their services as directors or as members of committees. Each director who is not an employee of the Company receives an award valued at approximately \$10,000 in the form of the Company's Common Stock upon first becoming a member of the Board of Directors and receives an annual fee of \$65,000 for his or her services as director. Of such annual fee, \$20,000 is required to be deferred in Common Stock equivalent units under the Deferred Fee Plan for Nonemployee Directors until termination of his or her directorship. Directors also receive non-retainer equity compensation each year in the form of a stock option grant. The number of options

8

granted is determined annually. In February 2003, the non-employee directors were each granted options to acquire 6,300 shares under the Company's 2000 Stock Option Plan, which was amended by the Board of Directors to allow the grant of stock options to non-employee directors. All grants under the Plan to non-employee directors will be from within the allotment of shares under the Plan, as approved by shareowners in 2000. Previously, non-employee directors were granted stock options under a 1997 plan which had not been approved by shareowners. In addition, directors receive \$5,000 for service on a committee of the Board of Directors, or \$8,000 if chairperson of the committee. Non-employee directors may receive a meeting fee of \$1,500 per day if they attend a committee meeting held on a day other than a Board of Directors meeting day. In fiscal year 2002, a total of \$15,000 was paid to four directors for attending such additional committee meetings. A director may elect to defer payment of all or a part of the fees until, or beyond, termination of his or her directorship. Deferred fees (other than the required deferral referred to above) may earn additional amounts based on a hypothetical investment in the Company's Common Stock or, in the case of directors who have served on the Board since prior to January 1, 1996, on the increase in value of units under the Certificate of Extra Compensation Program, up to the time of termination of his/her directorship. Deferred fees beyond termination of directorship can only earn additional amounts based on a hypothetical investment in the Company's Common Stock. All Common Stock equivalent units held in each non-employee director's Deferred Fee Account receive dividend equivalents.

During the last fiscal year the Board of Directors met nine times. Each director attended at least 75% of the total regularly scheduled and special meetings of the Board of Directors and the committees on which they served, except Dr. Folkman, who did, however, attend more than 75% of the meetings of the Board of Directors.

The Board of Directors has a standing Audit Committee, Compensation Committee and Nominating & Corporate Governance Committee.

The members of the Audit Committee are Mr. Langbo, Mr. Mullin, Mr. Schacht and Mr. Cullen (Chairman). The Audit Committee is comprised entirely of non-employee, independent members of the Board of Directors and operates under a written charter adopted by the Board of Directors, which is required to be provided to shareowners every three years, unless amended earlier. A copy of the Charter of the Audit Committee, as amended in February 2003, is attached as Exhibit 1. The Audit Committee assists the Board of Directors in fulfilling its responsibilities of ensuring that management is maintaining an adequate system of internal controls such that there is reasonable assurance that assets are safeguarded and that financial reports are properly prepared; that there is consistent application of generally accepted accounting principles; and that

Edgar Filing: JOHNSON & JOHNSON - Form DEF 14A

there is compliance with management's policies and procedures. In performing these functions, the Audit Committee meets periodically with the independent auditors, management, and internal auditors (including in private sessions) to review their work and confirm that they are properly discharging their respective responsibilities. In addition, the Audit Committee recommends the independent auditors for appointment by the Board of Directors. The Audit Committee met five times during the last fiscal year.

The members of the Compensation Committee in fiscal year 2002 were Mr. Cullen, Mr. Snow and Mr. Langbo (Chairman). Mr. Snow resigned from the Board in January 2003. The primary function of the Compensation Committee is to review the compensation philosophy and policy of the Management Compensation Committee, a non-Board committee composed of Messrs. Weldon (Chairman), Lenehan (Vice Chairman), Darretta (Executive Vice President) and Deyo (Vice President, Administration) which determines management and executive compensation (except for executive officers of the Company) and establishes fringe benefit and other compensation policies. The compensation and benefits of the executive officers of the Company (which includes the members of the Management Compensation Committee) is determined by the Compensation Committee. The Compensation Committee is also responsible for the administration of the Company's stock option plans and is the approving authority for management recommendations

with respect to option grants. During the last fiscal year there were four meetings of the Compensation Committee. A copy of the Charter of the Compensation Committee, which will become effective on March 31, 2003, is attached as Exhibit 2.

The members of the Nominating & Corporate Governance Committee are Dr. Burrow, Mrs. Jordan, Mr. Mullin and Mr. Schacht (Chairman). The Nominating & Corporate Governance Committee is responsible for overseeing matters of corporate governance, including the evaluation of the performance and practices of the Board of Directors. The Committee also oversees the process for performance evaluations of each of the Committees of the Board. It is also within the Charter of the Nominating & Corporate Governance Committee to review the Company's management succession plans and executive resources. In addition, the Nominating & Corporate Governance Committee reviews possible candidates for the Board of Directors and recommends the nominees for directors to the Board of Directors for approval. The Nominating & Corporate Governance Committee considers suggestions from many sources, including shareowners, regarding possible candidates for director. Such suggestions, together with appropriate biographical information, should be submitted to the Secretary of the Company. The Nominating & Corporate Governance Committee met four times during the last fiscal year. A copy of the Charter of the Nominating & Corporate Governance Committee, which will become effective on March 31, 2003, is attached as Exhibit 3.

CORPORATE GOVERNANCE. Each of the Audit, Compensation and Nominating & Corporate Governance Committees met during 2002 in Executive Sessions without members of management present and each of those Committees will do so at least twice during 2003. The non-employee directors will meet at least four times during 2003 in Executive Sessions without the Chairman/CEO or any other member of management present. Under their Charters, each of these Committees is authorized to retain and consult with external advisors, consultants and counsel. A discussion of the role of the Board of Directors in the Company's strategic planning process can be found on the Company's website at www.jnj.com in the Investor Relations section.

In February 2003, the non-employee members of the Board selected Mr. Cullen to serve as the Presiding Director to chair Executive Sessions of the non-employee directors. The Presiding Director will also be looked upon to act

Edgar Filing: JOHNSON & JOHNSON - Form DEF 14A

as an intermediary between the non-employee directors and management of the Company when special circumstances exist or communication out of the ordinary course is necessary. In addition, the Presiding Director will review the schedule of and agendas for Board meetings.

Shareowners are invited to access the new Corporate Governance section of the Johnson & Johnson website, which is expected to be online in April at www.jnj.com.

CONSULTING AGREEMENT. The Company has entered into a consulting agreement with Dr. Folkman, a member of the Board, pursuant to which, at the Company's request, he may attend and participate in occasional scientific meetings of the Company and its affiliates. In 2002, Dr. Folkman attended one such meeting and received a payment of \$3,000.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

The Company believes that during 2002 all reports for the Company's executive officers and directors that were required to be filed under Section 16 of the Securities Exchange Act of 1934 were filed on a timely basis, except that: Dr. Burrow, a member of the Board, failed to file a report to reflect a purchase of common stock by his wife in 1996, which has subsequently been reported; and Mr. Langbo, a member of the Board, failed to file seven reports to reflect ten purchases of an aggregate of 303 shares of common stock and three sales of an aggregate of 59 shares of common stock executed by brokers for Mr. Langbo's Living Trust and Individual Retirement Accounts between January 2001 and October 2002. These transactions on behalf of Mr. Langbo have subsequently been reported.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee reports to and acts on behalf of the Board of Directors by providing oversight of the financial management, independent auditors and financial reporting procedures of the Company. The Company's management is responsible for preparing the Company's financial statements and the independent auditors are responsible for auditing those financial statements. The Audit Committee is responsible for overseeing the conduct of these activities by the Company's management and the independent auditors.

In this context, the Committee has met and held discussions with management and the independent auditors (including private sessions with the internal auditors, the independent auditors, the Chief Financial Officer and the General Counsel). Management represented to the Committee that the Company's consolidated reporting financial statements were prepared in accordance with generally accepted accounting principles, and the Committee has reviewed and discussed the consolidated financial statements with management and the independent auditors.

The Committee has discussed with the independent auditors matters required to be discussed by Statement on Auditing Standards No. 61 (Communication With Audit Committees), as amended (including significant accounting policies, alternative accounting treatments and estimates, judgments and uncertainties). In addition, the independent auditors provided to the Audit Committee the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Committee and the independent auditors have discussed the auditors' independence from the Company and its management, including the matters in those written disclosures. Additionally, the Committee considered the management consulting services, the financial and other information systems design and implementation services and other non-audit services provided by the independent auditors and the fees and

Edgar Filing: JOHNSON & JOHNSON - Form DEF 14A

costs billed and expected to be billed by the independent auditors for those services (as shown on page 23 of this Proxy Statement). The Committee has discussed with management the procedures for selection of consultants and the related competitive bidding practices and fully considered whether those services provided by the independent auditors are compatible with maintaining auditor independence.

In addition, the Committee discussed with management, and took into consideration when issuing this Report, the policy adopted by the Company in January 2002, which prohibits the Company or any of its affiliates from entering into most non-audit related management consulting arrangements with its independent auditors on a going-forward basis. (This policy is discussed in further detail on page 22 of this Proxy Statement.)

The Committee has discussed with the Company's internal and independent auditors, with and without management present, their evaluations of the Company's internal accounting controls and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions with management and the independent auditors referred to above, the Committee believes that the non-audit services provided by the independent auditors are compatible with, and did not impair, auditor independence.

In further reliance on the reviews and discussions with management and the independent auditors referred to above, the Audit Committee recommended to the Board of Directors on February 10, 2003, and the Board has approved, the inclusion of the audited financial statements in the Company's Annual Report on Form 10-K for the fiscal year ended December 29, 2002, for filing with the Securities and Exchange Commission. The Audit Committee also recommended to the Board of Directors, and the Board has approved, subject to shareholder ratification, the selection of the Company's independent auditors.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

COMPENSATION COMMITTEE OF THE BOARD

The Compensation Committee is composed entirely of non-employee, independent members of the Board of Directors. It is the Compensation Committee's responsibility to review and approve all compensation actions for the Chief Executive Officer and other executive officers of the Company.

JOHNSON & JOHNSON COMPENSATION POLICY AND OBJECTIVES

Johnson & Johnson's executive compensation programs are designed to enable the Company to attract, retain and motivate the high caliber of executives required for the success of the business. Overall, the intent of Johnson & Johnson's Executive Compensation Program is to provide compensation opportunities that are comparable to the opportunities provided by a select group of high performing companies similar to Johnson & Johnson, as described below. This objective is achieved through a variety of compensation programs, summarized below, which support both the current and long-term performance of the business.

Edgar Filing: JOHNSON & JOHNSON - Form DEF 14A

The primary responsibility of the Company's Chief Executive Officer and executive officers is to ensure the long-term health and growth of the Company. This responsibility is summarized in the Johnson & Johnson Credo, which defines the obligations of Johnson & Johnson employees to strengthen the ethical, human and business foundations of the Company. The Credo describes the responsibilities of the Company to its customers and others with whom it does business, to its employees, to the communities in which the Company has a presence as well as to the world community, and to its shareowners. The Credo merges these business and ethical responsibilities by stating: "When we operate according to these principles, the stockholders should realize a fair return."

The compensation of Johnson & Johnson's Chief Executive Officer is determined by the Compensation Committee of the Board of Directors based on its assessment of the Company's financial and non-financial performance against the background of the factors and principles outlined in the Credo. With respect to financial performance, the Committee has identified several factors that are critical to the success of the business, including Sales Growth, Earnings Per Share (EPS) Growth, increase in Cash Flow, New Product Flow and growth in Shareowner Value. In evaluating performance against these factors, Johnson & Johnson's results are compared to results of a premium group of high performing companies in the consumer, pharmaceutical, medical device and diagnostics health care fields with comparable sales volumes and above average EPS growth rates and financial strength. There are currently forty-five companies in this comparison group, which is subject to occasional change as the Company or its competitors change their focus, merge or are acquired, or as new competitors emerge.

Sales Growth is measured as the percentage increase in sales volume from one year to the next. EPS Growth is assessed in the same manner. Cash Flow is measured as the Net Cash Flows from Operating Activities as reported in the Consolidated Statement of Cash Flows. New Product Flow is assessed by reviewing the percentage of sales resulting from the sale of new products introduced in the past five years. Shareowner Value is measured as the increase in stock price plus dividend return over a five-year period.

The Committee also reviews non-financial factors as part of the overall evaluation of performance. Such non-financial factors typically include managing Credo responsibilities, talent management (including developing a diverse superior talent pool), Process Excellence and progress in research and development.

The Compensation Committee believes it is crucial that these financial and non-financial factors are managed well, in order to ensure superior return to Johnson & Johnson's shareowners over the long-term. Therefore, while performance in these areas is reviewed on an annual basis, the primary

12

consideration in assessing performance is corporate results over a longer period, usually five years. No specific fixed weighting or formula is applied to these factors in determining performance. Rather, the Compensation Committee exercises its judgment in evaluating these factors and in determining appropriate compensation.

A discussion of 2002 performance reviewed by the Compensation Committee can be found under "Decisions on 2002 Compensation."

JOHNSON & JOHNSON'S COMPENSATION PROGRAMS

BASE SALARY

The Base Salary for all employees exempt from the Fair Labor Standards Act,

Edgar Filing: JOHNSON & JOHNSON - Form DEF 14A

which includes executives, is managed through the Johnson & Johnson Salary Administration Program. Under this Program, increases in Base Salary are governed by guidelines covering three factors: Merit (an individual's performance); Market Parity (to adjust salaries of high performing individuals based on the competitive market); and Promotions (to reflect increases in responsibility). In assessing Market Parity, the Company targets to pay base salaries that are, overall, equal on average to the select group of premium companies referred to above.

These guidelines are set each year and vary from year to year to reflect the competitive environment and to control the overall cost of salary growth. Merit increases are based on individual performance and can range from 0% to over 200% of the merit guideline.

The domestic salary guideline for all exempt employees for 2002 was 4.5% for merit increases and will be 4.0% for 2003. Guidelines for market parity and promotion adjustments are as approved in each operating company's budget. Those guidelines are determined based on each unit's overall competitive position with respect to salaries paid versus the marketplace.

CASH AND STOCK INCENTIVE COMPENSATION PROGRAMS

To reward performance, Johnson & Johnson provides its executive officers with additional current compensation in the form of executive cash bonus and stock awards which is competitive with annual incentives provided by other companies in the premium community. No fixed weighting or formula is applied by the Compensation Committee to corporate performance versus individual performance in determining incentive cash bonus and stock awards for the Chief Executive Officer and executive officers. The amounts of Awards to executive officers are determined by the Committee acting in its discretion subject to the maximum amounts specified in the Company's Executive Incentive Plan. Such determination, except in the case of the Award for the Chairman, is made after considering the recommendations of the Chairman and such other matters as the Committee deems relevant. The Committee, acting in its discretion, may determine to pay a lesser Award than the maximum specified. For the Chief Executive Officer and other executive officers the amount of the total incentive is divided between cash and stock at the discretion of the Committee.

STOCK OPTIONS

The Stock Option Plan is a long-term plan designed to link executive rewards with shareowner value over time. Johnson & Johnson's award practice uses a percentage of each year's base salary, expressed as a range of opportunity, to arrive at the range of option shares available to be granted. Individual grants are made annually and vary within that range based on performance. This "annual multiple" approach results in grants which vary from year to year based on assessed performance, stock price and base salary.

No stock option awards are made in the absence of satisfactory performance. Performance is evaluated by the Compensation Committee based on the executive's individual contribution to the long-term health and growth of the Company and the Company's performance based on the factors

13

discussed above. No fixed weighting or formula is applied to corporate performance versus individual performance in determining stock option awards. Specifically, for the Chief Executive Officer and other named executive officers, the Committee does not apply a mathematical formula that relates financial and/or non-financial performance to the number of options awarded.

In the event that the stock price declines to a level below the option

Edgar Filing: JOHNSON & JOHNSON - Form DEF 14A

grant price, options are not revalued or reissued. Vesting in awards made prior to December 1997 generally occurred over a period from two to six years. Vesting in awards granted in or after December 1997 generally occurs three years from grant.

CERTIFICATES OF EXTRA COMPENSATION

Certificates of Extra Compensation (CECs) provide deferred compensation that is paid at the end of an executive's career. CECs are performance units that measure the Company's value based on a formula composed of one-half of the Company's net asset value and one-half of its earning power value, relative to the number of shares of Johnson & Johnson Common Stock outstanding. Earning power value is calculated by taking the capitalized value of earnings averaged over the previous five years.

The CEC program uniquely reflects Johnson & Johnson's commitment to the long-term. No awards are paid out to executives during employment. Although the units vest over a five-year period from grant, the final value of those units is not determined until retirement or termination of employment. The value of the program is purely performance driven. The Company pays dividend equivalents on units awarded. Dividend equivalents are paid at the same rate provided to shareowners on a share of Johnson & Johnson Common Stock, and are paid quarterly.

Awards of CECs to the Chief Executive Officer and executive officers are targeted to provide an above average long-term compensation opportunity as compared to the premium community. Award amounts are based on the Compensation Committee's evaluation of individual performance, based on the executive's individual contribution to the long-term health and growth of the Company and the Company's performance based on the factors discussed above. No fixed weighting or formula is applied to corporate performance versus individual performance in determining CEC awards.

DECISIONS ON 2002 COMPENSATION

In reviewing and approving compensation actions for the Chief Executive Officer and the other executive officers, the Compensation Committee of the Board evaluated Johnson & Johnson's performance in 2002 versus goals identified for both financial and non-financial factors.

Johnson & Johnson's performance for the most recent five year period ranked in the upper third of the premium community companies in all financial factors considered: Sales Growth, Shareowner Value, EPS Growth Rate and increase in Cash Flow. The Company met its goal for New Product Flow.

With respect to non-financial performance, management continued to excel in the areas of managing Credo responsibilities, talent management, Process Excellence and progress in research and development. Various initiatives undertaken by Johnson & Johnson embody the principles of the Credo by addressing its responsibilities to its customers, employees and the community. Progress was made in developing a high performing, superior talent pool that is also diverse in many ways, including race, gender, cultural background and experiences. The Company realized significant results from various Process Excellence initiatives, and progress was documented in new product development.

The Compensation Committee of the Board also reviewed Johnson & Johnson's compensation philosophy and strategy during 2002 to validate and reaffirm the basis of the program. The Committee met with members of an external compensation consulting firm as part of this review

Edgar Filing: JOHNSON & JOHNSON - Form DEF 14A

both with internal staff and in Executive Session. Additionally, the Committee reviewed, discussed and considered the Conference Board Commission's findings and recommendations on Executive Compensation, and the compensation-related issues in the Sarbanes-Oxley Act and the proposed listing requirements for the New York Stock Exchange.

The Committee met in Executive Session to discuss all these matters and to discuss compensation decisions.

Mr. Weldon was awarded an annual salary increase in March 2002 of 31% which reflected his annual merit increase and a promotional increase to recognize his appointment as Chief Executive Officer and Chairman of the Board of Directors. His other compensation awards were made based upon the Compensation Committee's assessment of the Company's financial performance in the five areas outlined above and its non-financial performance against the background of the Credo as outlined above. The 2002 annual incentive (comprised of cash bonus and stock award) paid to Mr. Weldon was slightly above the target amount. Awards under the Stock Option and Certificate of Extra Compensation program were based on Mr. Weldon's new position and reflect the Compensation Committee's assessment of performance. The stock option awards and CECs shown in the Summary Compensation Table reflect awards made in February 2003 for 2002 performance.

The above performance results were evaluated based on the overall judgment of the Compensation Committee with no fixed or specific mathematical weighting applied to each element of performance. Based on the Compensation Committee's judgment, compensation awards for 2002, in total, were consistent with established targets.

During 2002, Mr. Larsen served as Chief Executive Officer until April 25, 2002, and retired from the Company as of July 1, 2002. In anticipation of his retirement, no compensation actions were taken in 2002 with respect to his base salary, nor did he receive a bonus payment, stock option or CEC grant for 2002 performance.

TAX DEDUCTIBILITY CONSIDERATIONS

The Compensation Committee has reviewed the Company's compensation plans with regard to the deduction limitation under the Omnibus Budget Reconciliation Act of 1993 (the "Act") and the final regulations interpreting the Act which have been adopted by the Internal Revenue Service and the Department of the Treasury. Based on this review, the Committee has determined that the Johnson & Johnson Stock Option Plans, as previously approved by shareowners, meet the requirements for deductibility under the Act. In order to permit the future deductibility of cash bonus and stock incentive awards for certain executive officers of the Company, the Committee and the Board of Directors have adopted an Executive Incentive Plan that was approved by shareowners. As a result, all bonus and stock awards qualify as performance based and are not subject to the tax deductibility limitation of Section 162(m). In addition, the Committee has approved the Executive Income Deferral Plan that allows an individual to elect to defer a portion of Base Salary, CEC Dividend Equivalents and Cash and Stock Bonus Awards. Participation in the Plan is limited to Executive Committee members and is voluntary. Accordingly, any amounts that would otherwise result in non-tax deductible compensation may be deferred under the Plan. As a result of the implementation of the Johnson & Johnson Executive Incentive Plan and elections made under the Executive Income Deferral Plan, the Company maximizes the tax deduction available under Section 162(m). However, in some cases, the Compensation Committee may elect to exceed the tax-deductible limits. This may be necessary for the Company to meet competitive market pressures and to ensure that it is able to attract and retain top talent to successfully lead the organization.

(3) Amounts include dividend equivalents paid under the Certificate of Extra Compensation (CEC) Program (long-term incentive plan).

(4) Adjusted to reflect Company's two-for-one stock split in May 2001.

(5) Stock option awards listed for 2002 were granted on February 10, 2003 as compensation for fiscal year 2002. The options were granted at an exercise price equal to the fair market value of the Company's Common Stock on the date of grant. All of the options become exercisable on the third anniversary of date of grant, which is the same vesting schedule for all executives granted options on such date.

(6) In 2001, the Compensation Committee changed the timing of granting annual stock option grants to all eligible employees, including executive officers

Edgar Filing: JOHNSON & JOHNSON - Form DEF 14A

of the Company. For fiscal year 2000 and prior years, annual stock option awards were granted to executive officers in December of each year. Starting with fiscal year 2001, stock option awards are granted in February of the following year. As a result, no stock options were granted to the Named Officers in fiscal year 2001. However, the stock option awards granted to the Named Officers in February 2002, as compensation for performance in 2001, are listed as compensation for 2001.

- (7) Amount shown is the Company's matching contribution to the 401(k) Savings Plan and related supplemental plan. In addition, the amount shown for Mr. Larsen for 2002 also includes the incremental cost to the Company of his retirement perquisites, as described in footnote (9) below, which were \$90,380 in the aggregate, and consisted of use of Company aircraft (\$10,600) and office space and equipment and secretarial support (\$79,780).
- (8) Mr. Wilson's 2002 compensation reflects a change in responsibilities in April 2002 when he left the Executive Committee in anticipation of his retirement in early 2003.
- (9) Mr. Larsen retired from the Company in 2002 having served as Chairman/CEO and a member of the Board of Directors until April 25, 2002. Mr. Larsen receives retirement perquisites of office space and equipment, secretarial support and occasional use of Company aircraft, pursuant to a letter of understanding with the Company, but receives no severance or retirement payments, other than his Company pension as described in the Pension Plan Table. As part of this arrangement, Mr. Larsen has agreed to participate in events and activities on behalf of the Company for the next five years for no fee or payment, other than reimbursement of costs and expenses incurred. All taxes arising from use of Company aircraft are the responsibility of Mr. Larsen.

- (1) The options were granted at an exercise price equal to the fair market value of the Company's Common Stock on February 10, 2003, the date of grant. All of the options become exercisable on the third anniversary of the date of grant, which is the same vesting schedule for all executives granted options on such date.
- (2) The grant date present values per option share were derived using the Black-Scholes option pricing model in accordance with the rules and regulations of the Securities and Exchange Commission and are not intended to forecast future appreciation of the Company's stock price.

19

The options expiring on February 8, 2013 had a grant date present value of \$13.95 per option share. The Black-Scholes model was used with the following assumptions: volatility of 29% based on a historical weekly average over five years; dividend yield of 1.35%; risk free interest of 3.04% based on a U.S. Treasury rate of five years; and a five year option life.

(1) Since 2001 annual long-term incentive compensation has been awarded to all eligible employees, including executive officers of the Company, in February, as compensation for performance in the prior fiscal year. Accordingly, this table shows the CEC units awarded to the Named Officers in February 2003, as compensation for performance in 2002.

(2) Awards are paid out upon retirement or other termination of employment.

(3) The value used is the value as of the end of the last fiscal year and was \$14.22 per CEC unit. The value of the CEC units is subject to increase or decrease based on the performance of the Company.

20

Since 1947, the Company has maintained a deferred compensation program under which awards of CEC units may be made to senior management and other key personnel of the Company and its subsidiaries worldwide. Typically, an award of CEC units provides for a specified number of units which vest over a five year period, though no awards are paid out to a participant until retirement or other termination of employment. During employment, dividend equivalents are paid to participants on CEC units in the same amount and at the same time as dividends on the Company's Common Stock. The CEC units are valued in accordance with a formula based on the Company's net assets and earning power over the five preceding fiscal years. Until paid at retirement or termination of employment, the final value of the CEC units is subject to increase or decrease based on the performance of the Company. The value as of the end of the last fiscal year was \$14.22 per CEC unit. The cumulative number of CEC units earned as of the end of the last fiscal year by each of the Named Officers during their careers with the Company, valued for illustrative purposes at the \$14.22 per unit value, are: Mr. W. C. Weldon 435,200 CEC units (\$6,188,544); Mr. R. N. Wilson 2,396,000 CEC units (\$34,071,120); Mr. J. T. Lenehan 718,400 CEC units (\$10,215,648); Mr. R. J. Darretta 516,000 CEC units (\$7,337,520) and Dr. P. A. Peterson 136,000 CEC units (\$1,933,920). Upon Mr. Larsen's retirement, he had earned 2,646,400 CEC units valued at \$33,302,752.

RETIREMENT PLAN

The following table shows the estimated annual retirement benefit payable on a straight life annuity basis to participating employees in the compensation and years of service classifications indicated, under the Company's Retirement Plan. The Retirement Plan generally covers salaried U.S. employees of the Company and designated subsidiaries on a non-contributory basis.

Covered compensation includes regular annual earnings, dividend equivalents paid on non-vested CEC units, amounts paid under the Company's Standards of Leadership Award Program, amounts paid under the Company's Executive Incentive Plan and amounts deferred under the Company's Executive Income Deferral Plan. The calculation of retirement benefits is based upon final average earnings (the average of the highest covered compensation during the five consecutive years out of the last ten years of employment with the Company). The benefits are subject to an offset based on the Age 65 Primary Social Security Benefit. Five-Year Average Covered Compensation for the Named Officers as of the end of the last fiscal year is: Mr. W. C. Weldon \$1,645,256; Mr. R. N. Wilson \$2,141,303; Mr. J. T. Lenehan \$1,594,697; Mr. R. J. Darretta \$1,246,130; Dr. P. A. Peterson \$919,567 and Mr. R. S. Larsen \$3,184,883. The approximate years of service for each Named Officer as of the end of the last fiscal year is: Mr. W. C. Weldon 31 years;

21

Mr. R. N. Wilson 38 years; Mr. J. T. Lenehan 26 years; Mr. R. J. Darretta 35 years; Dr. P. A. Peterson 9 years; and Mr. R. S. Larsen 38 years.

As permitted by the Employee Retirement Income Security Act of 1974, the Company has adopted a supplemental plan which is designed to provide the amount of retirement benefits which cannot be paid from the Retirement Plan by reason of certain Internal Revenue Code limitations on qualified plan benefits. The amounts shown in the Pension Plan Table include the amounts payable under the supplemental plan.

APPOINTMENT OF INDEPENDENT AUDITORS

The Board of Directors has appointed PricewaterhouseCoopers LLP as the independent auditors for the Company and its subsidiaries for the fiscal year 2003. Shareowner ratification of the appointment is not required under the laws of the State of New Jersey, but the Board has decided to ascertain the position of the shareowners on the appointment. The Board of Directors will reconsider the appointment if it is not ratified. The affirmative vote of a majority of the shares voted at the meeting is required for ratification.

During fiscal years 2001 and 2002, PricewaterhouseCoopers not only acted as the independent auditors for the Company and its subsidiaries (work related to auditing the annual financial statements for those fiscal years and reviewing the financial statements included in the Company's Forms 10-Q), but also rendered on behalf of the Company and its subsidiaries other services, including

Edgar Filing: JOHNSON & JOHNSON - Form DEF 14A

management consulting services, litigation support/dispute analysis services, tax services, regulatory/contractual compliance and risk assessment services, information technology controls projects, employee benefit services and other accounting and auditing services. The following table sets forth the aggregate fees billed or expected to be billed by PricewaterhouseCoopers for audit services rendered in connection with the financial statements and reports for fiscal years 2001 and 2002 and for other services rendered during those fiscal years on behalf of the Company and its subsidiaries, as well as all "out-of-pocket" costs incurred in connection with these services, which have been or will be billed to the Company.

In January 2002, in response to public concerns about the integrity of independent audits, Johnson & Johnson adopted a policy which prohibits the Company or any of its affiliates from entering into most non-audit related management consulting arrangements with its independent auditors. The policy applies to all "Management Consulting Services," "Financial Information Systems Design and Implementation" services and "Other Information Systems Design and Implementation" services, as shown in the table below. The policy does not affect pre-existing arrangements, which can continue, but cannot be expanded in scope or renewed. The fees listed below as incurred in 2002 for "Management Consulting Services," "Financial Information Systems Design and Implementation" services and "Other Information Systems Design and Implementation" services were all incurred pursuant to arrangements which were in effect prior to January 2002. In addition, substantially all of those fees listed below as incurred in 2002 for "Management Consulting Services," "Financial Information Systems Design and Implementation" services and "Other Information Systems Design and Implementation" services were incurred in connection with services provided by PricewaterhouseCoopers Consulting, the management consulting division of PricewaterhouseCoopers, which was divested by PricewaterhouseCoopers and acquired by IBM as

22

of October 1, 2002. It is expected that the independent auditors will continue to provide certain accounting, additional auditing, tax and other services to Johnson & Johnson and its affiliates.

the current year presentation. In addition, the amount listed for "Tax Services" for 2001 includes fees of approximately \$2,000,000 which were inadvertently omitted from the calculation of fees for last year's Proxy Statement.

Representatives of PricewaterhouseCoopers LLP are expected to be present at the Annual Meeting of Shareowners and will be allowed to make a statement if they wish. Additionally, they will be available to respond to appropriate questions from shareowners during the meeting.

OTHER MATTERS

The Board of Directors does not intend to bring other matters before the meeting except items incident to the conduct of the meeting, and the Company has not received timely notice from any shareowner of an intent to present a proposal at the meeting. On any matter properly brought before the meeting by the Board or by others, the persons named as proxies in the accompanying proxy, or their substitutes, will vote in accordance with their best judgment.
