Third Quarter 2006 Results

Revenues of Euros 321 million, up 46%

Operating Result of Euros 72 million, a 22% margin

Paris, November 15th 2006

Compagnie Générale de Géophysique (ISIN: 0000120164 NYSE: GGY) published today its unaudited consolidated results for the third quarter of 2006.

Q3 2006 highlights:

Third quarter 2006 Group revenues of Euros 321 million, up 46% in Euros (54% in USD) compared to the third quarter of 2005.

Group operating result of Euros 72 million, a 22% operating margin, compared to Euros 13 million (6% operating margin) in the third quarter of 2005.

Geophysical Services: Revenues of Euros 201 million, up 40% in Euros (48% in USD) compared to the third quarter of 2005 and a 20% operating margin.

Sercel: Revenues of Euros 134 million, up 38% in Euros (46% in USD) compared to the third quarter of 2005 and a 29% record operating margin.

Group net result of Euros 45 million.

Group backlog of USD 1.1 billion as of November 1st 2006, a 45% increase year on year.

Comments and Perspectives :

CGG Chairman & CEO, Robert Brunck, commented: *In a buoyant geophysical market, the very good financial results delivered this quarter and across the last nine months by both Geophysical Services and Sercel, illustrate the strong operating performance of the company and the good quality of our portfolio of activities.*

The merger process with Veritas is progressing in line with our initial schedule and we are confident in the capacity of the new Group CGG-Veritas to very rapidly, as early as the beginning of 2007, fully reap the benefit of a broader geographical positioning and a reinforced technological profile in a favourable market .

Group Revenues:

Group revenues for the third quarter of 2006 were Euros 321.1 million (USD 410.8 million), up 46% in Euros and 54% in USD compared to the third quarter of 2005.

Group revenues for the first 9 months of 2006 were Euros 955.6 million (USD 1,186.5 million) up 57% in Euros and 54% in USD compared to the same period of last year.

Q3 Revenues per segment:

Total revenues for Geophysical Services for the third quarter 2006 were Euros 201.0 million (USD 257.2 million), up 40% in Euros and 48% in USD compared to the third quarter of 2005.

Land revenues were Euros 23.3 million (USD 29.8 million), down 31% in Euros and 27% in USD compared to the third quarter of 2005.

Offshore revenues were Euros 144.1 million (USD 184.4 million), up 81% in Euros and 91% in USD compared to the third quarter of 2005.

Total revenues for multi-clients surveys were Euros 57.3 million, up 108% year on year. The net book value of the multi-clients data library at the end of September 2006 was Euros 70 million.

Processing and Reservoir revenues were Euros 33.6 million (USD 42.9 million), up 12% in Euros and 18% in USD compared to the third quarter of 2005.

Sercel total sales for the third quarter 2006, were Euros 134.3 million (USD 171.8 million), up 38% in Euros and 46% in USD compared to the same period of last year.

External sales for the third quarter of 2006 were Euros 120.1 million (USD 153.6 million) up 55% in Euros and up 64% in USD compared to third quarter of 2005.

Group Operating Income:

Group operating profit for the third quarter of 2006 was Euros 71.5 million representing a 22.3% operating margin, compared to Euros 12.9 million of operating profit for the third quarter 2005 and a 5.9% operating margin. This operating profit does not take into account the Euros 3.3 million contribution from Argas.

Group operating profit for the first 9 months of 2006 was Euros 217.6 million representing a 22.8% operating margin, compared to Euros 45.0 million of operating profit for the same period last year and

a 7.4% operating margin. This operating profit does not take into account the Euros 9.0 million contribution from Argas.

Q3 Operating Income per segment:

Geophysical Services: Operating profit for the third quarter of 2006 was Euros 40.0 million, (not including the Argas contribution of Euros 3.3 million) representing a 20.0% operating margin compared to Euros 2.4 million operating profit (1.7% operating margin) for the third quarter of 2005.

During this quarter, the land acquisition activity was impacted by the completion of several projects and the start of new ones. At the end of September, 10 crews were in operation.

In marine acquisition, 7 of the 9 3D vessels worked on contracts. A second vessel, as anticipated, was dedicated to multi-clients work, on a program located in the deep offshore Gulf of Mexico, south of our current library.

Multi-client after-sales were Euros 33.3 million compared to Euros 24.1 million last year, a 38% increase due to a sustained demand in the Gulf of Mexico and in Brazil.

In processing and reservoir, a new center was opened in Moscow and a new dedicated center has been awarded in Madrid.

Sercel: Operating profit for the third quarter of 2006 was Euros 38.6 million, representing a 29% operating margin compared to Euros 19.5 million for the third quarter 2005, and a 20% operating margin. This quarter was characterized by a strong demand for offshore equipment and a growing demand for land equipment.

During the quarter, Sercel reinforced its technological portfolio with the acquisition of Vibtech, a company based in Scotland, specialized in wireless technologies for seismic data recording and with the acquisition of a 20% interest in Cybernetix, specialized in innovative solutions in robotics and automated machines for nuclear and oil services.

Million Euros IFRS	End of September		Q 3
