Table of Contents**II. BUSINESS****1. Business Overview****A. Industry Characteristics**

As of March 31, 2009, the number of domestic mobile phone subscribers reached 46.2 million and with a 95.1% penetration rate, and the Korean mobile communication market can be considered to have reached its maturation stage. However, considering the number of European countries with penetration rates exceeding 100%, additional future growth of the domestic market may be possible.

The Korean mobile communications market continues to improve with the help of advances in network-related technology evidenced by the world's first commercialization of CDMA2000 1x, CDMA 1x EV-DO, and the development of highly advanced handsets that enables the provision of convergence services for multimedia contents, mobile commerce, telematics, satellite DMB, digital home services and other related contents.

C. Domestic and Overseas Market Conditions

The Korean mobile communication market includes the entire population of Korea with mobile communication service needs, and almost every Korean is considered a potential user. Although demand has primarily been in the domestic market, as the business territory expands to overseas market, the size of overseas sales is expected to grow in the near future. Seasonal and economic fluctuations have much less impact on the Korean mobile communication market compared to other industries.

2. Contingent Liabilities

A. Material Legal Proceedings

(1) Claim for damages by G. Mate Inc.

(a) Details: G.Mate alleged that the Company had engaged G.Mate to develop and deliver certain PDA units, but the Company subsequently refused to take delivery of such units. We appealed against G.Mate's claim for approximately Won 4 billion in damages.

(b) Date of the Appeal: February 3, 2009

Table of Contents

(c) Parties to the lawsuit: G.Mate Inc. (plaintiff) vs. the Company (defendant)

(d) Progress: A mediation requested by G.Mate could not reach an agreement (in January 2007) thus an action for monetary damages was brought before the Seoul Central District Court, to which seven creditors of G.Mate, including DNF Consulting Co., Ltd., requested intervenient participation as successors to part of the claim. On December 4, 2008, the trial court awarded the plaintiffs approximately Won 420 million in damages, to which all of plaintiff, defendant and successors appealed, and the case was submitted as of February 3, 2009 and is currently pending before the Seoul High Court.

(e) Future court dates and the Company's position: As to the denied claims concerning the YP3600 model, the Company will continue its defense that no valid contract was executed. As to the partial loss concerning the YP3700 model, the Company will do its best to question the statute of limitations and contest the alleged damage claims to either reduce the award amount or to get the claim completely dismissed.

(f) Impacts on operation and finance: As the original judgment was found in our favor in most of the disputed amount except Won 420 million, a similar judgment will not adversely impact the Company's operation and finance. However, as both parties to the lawsuit appealed, it is difficult to anticipate the outcome of the appeals proceedings with certainty. These results and analysis on impact are only anticipations. Actual results of the litigation and actual impact on the Company's operations and finances may differ depending on future events.

(2) Action for Monetary Damages – Wireless Data:

(a) Overview: The plaintiffs, who use the Company's mobile telephone services, alleged that the reason a large wireless internet surcharge was imposed on them was because the Company violated its duty to clearly explain contractual provisions. The plaintiffs are seeking damages and, in the case of plaintiffs who are minors, they seek temporary claim, in addition to the above damages, incurred due to the Company's alleged profiteering that the Company provided these minors wireless internet service without the consent of their legal representatives.

(b) Date of Appeal: February 2, 2009

(c) Parties to the Litigation: Misook Peon, et al. (plaintiffs, 5 in total) vs. the Company (defendant)

(d) Progress: On October 4, 2007, the trial court acknowledged 50% of the claims for 4 plaintiffs (legal adults) and 100% of the minor plaintiffs' claim for a total of Won 3,707,479 in damages. However, the Company appealed, and on January 13, 2009, the appeals court cancelled the judgments for plaintiffs and denied all claims in favor of the Company. On February 2, 2009, the four dissenting plaintiffs of legal age and the two minor plaintiffs appealed the decision.

(e) Future court proceedings and the Company's actions: The Company is determined to request that the court dismiss the case without hearing as the plaintiffs' appeals request does not constitute the grounds for appeal.

(f) Impact on business: In the event that the case is decided against the Company, there is a risk that the National Council of the Green Consumers Network in Korea will bring an additional lawsuit based on this decision by recruiting other plaintiffs.

However, these results and analysis of the impact is only prospective. The actual results of the litigation and actual impact on the Company's operations and finances may differ depending on future events.

(3) Action for Monetary Damages – MSC/HLR Connectivity

(a) Overview: KT Corporation alleged that the Company unreasonably delayed KT Corporation's request for connection to MSC/HLR, and sought damages for the extra connection fees incurred.

(b) Date of Lawsuit: April 9, 2008

Table of Contents

(c) Parties to the litigation: KT Corporation (plaintiff) vs. the Company (defendant)

(d) The plaintiff brought an action against the Company in May 2008, and submitted preparatory pleadings in August of 2008 and in March of 2009. In July of 2008, the Company submitted its response refuting the alleged claim followed by another preparatory pleading in December of 2008. The lawsuit is currently pending. The court set 2 dates for further pleadings on January 23 and March 13, 2009.

(e) Future court proceedings and the Company's actions: The court will hold the third pleading on April 28, 2009 to hear each party's presentation, later followed by additional pleadings with witness testimonies. Prior to the third pleading, the Company will submit to the Court additional preparatory pleading and will make every effort to follow up with an aggressive defense using all legally possible defenses including presentations, witness testimonies and facts to have the plaintiffs' claims dismissed in their entirety.

(f) Impact on business: In the event that the case is decided against the Company in its entirety, there is a risk that the Company will be obligated to pay up to Won 44.3 billion in damages (excluding interest). However, the litigation involves the Company's MSC/HLR connectivity and KT's waiver of rights of indemnification, and actual results of the litigation and actual impact on the Company's operations and finances may differ depending on future events. However, these results and analysis of the impact is only prospective. The actual results of the litigation and actual impact on the Company's operations and finances may differ depending on future events.

B. Other Matters

The Company has no other blank bills, mortgage bills, assumption of debt agreement or other contingent liabilities.

3. Status of sanctions, etc.

A. Status of sanctions

The Company was sanctioned with a fine of Won 50 million on December 30, 2008 for a violation of Telecommunications Law involving its mismanagement of privacy policy. The Company continues to improve related system security and is implementing system enhancements, such as introduction of scanning devices, to avoid unnecessary keeping of applications at the distributor level.

In addition, on January 21, 2009, the Company was sanctioned for unfair business practices with a fine of Won 1.268 billion by the Fair Trade Commission of Korea along with a correction order of its policy of restricting certain rate plan subscribers from using third party portal contents. The Company has taken efforts to educate applicable divisions of the issue and to improve the level of the voluntary compliance program to comply with fair trade laws to prevent a repeat of the same violation.

Also on February 3, 2009, the Company received a correctional order and a fine of Won 500 million involving an unfair trade interference practice including refusal of applications for subscription for certain PDA phones distributed by third party manufacturers. The Company paid fines related to the sanction and is currently seeking a suspension of execution and is preparing an administrative litigation.

Independent Accountants' Review Report

English Translation of a Report Originally Issued in Korean

To the Stockholders and Board of Directors of

SK Telecom Co., Ltd.

We have reviewed the accompanying non-consolidated statement of financial position of SK Telecom Co., Ltd. (the Company) as of March 31, 2009, the related non-consolidated statements of income, changes in stockholders' equity and cash flows for the three months ended March 31, 2009 and 2008, all expressed in Korean won. These non-consolidated financial statements are the responsibility of the Company's management. Our responsibility is to issue a report on these non-consolidated financial statements based on our reviews.

We conducted our reviews in accordance with standards for review of interim financial statements in the Republic of Korea. Those standards require that we plan and perform the review to obtain moderate assurance as to whether the non-consolidated financial statements are free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data, and this provides less assurance than an audit. We have not performed an audit and, accordingly, we do not express an audit opinion.

Based on our reviews, nothing has come to our attention that causes us to believe that the non-consolidated financial statements referred to above are not presented fairly, in all material respects, in conformity with accounting principles generally accepted in the Republic of Korea.

We have previously audited, in accordance with auditing standards generally accepted in the Republic of Korea, the non-consolidated statement of financial position of the Company as of December 31, 2008, and the related non-consolidated statements of income, appropriations of retained earnings, changes in stockholders' equity and cash flows for the year then ended (not presented herein); and in our report dated January 30, 2009, we expressed an unqualified opinion on those non-consolidated financial statements. The accompanying non-consolidated statement of financial position as of December 31, 2008, which is comparatively presented, does not differ in material respects from such audited non-consolidated statement of financial position.

Our reviews also comprehended the translation of the Korean won amounts into U.S. dollar amounts and nothing has come to our attention that causes us to believe that such translation has not been made in conformity with the basis stated in Note 2. Such U.S. dollar amounts are presented solely for the convenience of readers of financial statements.

Accounting principles and review standards and their application in practice vary among countries. The accompanying non-consolidated financial statements are not intended to present the financial position, results of operations, changes in stockholders' equity and cash flows in accordance with accounting principles and practices generally accepted in countries other than the Republic of Korea. In addition, the procedures and practices utilized in the Republic of Korea to audit such financial statements may differ from those generally accepted and applied in other countries.

Accordingly, this report and the accompanying non-consolidated financial statements are for use by those knowledgeable about Korean accounting procedures and auditing standards and their application in practice.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying non-consolidated financial statements of the Company have been prepared in conformity with accounting principles generally accepted in the Republic of Korea (Korean GAAP) and with the accounting policies for annual financial statements for the year ended December 31, 2008, except for the following:

a. Revision of External Audit Law

In accordance with the revised External Audit Law of Korea, effective January 1, 2009, the title of Balance Sheet was replaced with Statement of Financial Position.

The Company maintains its official accounting records in Korean won and prepares statutory non-consolidated financial statements in Korean language (Hangul) in conformity with Korean GAAP. Certain accounting principles applied by the Company that conform with financial accounting standards and accounting principles in the Republic of Korea may not conform with accounting principles generally accepted in other countries. Accordingly, these financial statements are intended for use by those who are informed about Korean accounting principles and practices. The accompanying financial statements have been condensed, restructured and translated into English with certain expanded descriptions from the Korean language financial statements. Certain information included in the Korean language financial statements, but not required for a fair presentation of the Company's financial position, results of operations, changes in stockholders' equity or cash flows, is not presented in the accompanying financial statements.

The accompanying non-consolidated financial statements are stated in Korean won, the currency of the country in which the Company is incorporated and operates. The translation of Korean won amounts into U.S. dollar amounts is included solely for the convenience of readers of financial statements and has been made at the rate of ₩1,372.30 to US\$1.00, the Noon Buying Rate in the City of New York for cable transfers in Korean won as certified for customs purposes by the Federal Reserve Bank of New York on the last business day of the period ended March 31, 2009. Such translations into U.S. dollars should not be construed as representations that the Korean won amounts

could be converted into U.S. dollars at that, or any other rate.

On May 27, 2004, the Company issued zero coupon convertible bonds with a maturity of five years in the principal amount of US\$329,450,000 for US\$324,923,469, with an initial conversion price of ₩235,625 per share of the Company's common stock, which was greater than market value at the date of issuance. Subsequently, the initial conversion price was changed to ₩204,636 per share in accordance with anti-dilution protection. The Company may redeem the principal amount after 3 years from the issuance date if the market price exceeds 130% of the conversion price during a predetermined period. On the other hand,

the bond holders may redeem their notes at 103.81% of the principal amount on May 27, 2007 (3 years from the issuance date). The conversion right may be exercised during the period from July 7, 2004 to May 13, 2009 and the number of common shares to be converted as of March 31, 2009 is 1,371,807 shares. Effective January 1, 2009, the conversion price was changed from ₩203,516 to ₩196,534 and the number of shares to be converted was changed from 1,324,744 shares to 1,371,807 shares due to the payment of annual dividends in accordance with the resolution of the Company's board of directors on March 13, 2009.

Conversion of notes to common shares may be prohibited under the Telecommunications Law or other legal restrictions which restrains foreign governments, individuals and entities from owning more than 49% of the Company's voting stock, if this 49% ownership limitation is violated due to the exercise of conversion rights. In this case, the Company will pay a bond holder as cash settlement determined at the average price of one day after a holder exercises its conversion right or the weighted average price for the following five business days. The Company intends to sell treasury shares held in trust by the Company that corresponds to the number of shares of common stock that would have been delivered in the absence of the 49% foreign shareholding restrictions. The Company entered into an agreement with Credit Suisse First Boston International to reduce the effect of fluctuation with respect to cash settlement payments that may be more or less than the proceeds from sales of treasury shares held in trust. Unless either previously redeemed or converted, the notes are redeemable at 106.43% of the principal amount at maturity.

During the three months ended March 31, 2009, no conversion was made.
