This proxy statement, our Annual Report on Form 10-K for the nine months ended December 31, 2009, and the enclosed proxy card are being first sent or given to shareholders on or about April [9], 2010. The enclosed proxy card is solicited by the Company on behalf of our Board of Directors and will be voted at the Annual Meeting of Shareholders and any adjournments thereof.

Shareholders as of the close of business on April 5, 2010, the record date, may vote at the Annual Meeting. As of the record date, ________ shares of common stock were outstanding and entitled to vote. Shareholders have one vote, non-cumulative, for each share of common stock held on the record date, including shares held directly in their name as shareholder of record and shares held in an account with a broker, bank or other nominee (shares held in street name). Street name holders generally cannot vote their shares directly and must instead instruct the brokerage firm, bank or nominee how to vote their shares.

This solicitation is being made by mail and may also be made in person or by fax, telephone or Internet by the Company s officers, directors or employees. The Company will pay all expenses incurred in this solicitation. The Company will request banks, brokerage houses and other institutions, nominees and fiduciaries to forward the soliciting material to beneficial owners and to obtain authorization for the execution of proxies. The Company will, upon request, reimburse these parties for their reasonable expenses in forwarding proxy materials to beneficial owners.

Internet and telephone voting facilities will close at 11:59 p.m., Eastern Daylight Time, on May 10, 2010. In addition, a large number of banks and brokerage firms participate in online programs that provide eligible beneficial owners who hold their shares in street name rather than as a shareholder of record, with the opportunity to vote over the Internet or by telephone. Street name shareholders who elected to access the proxy materials electronically over the Internet through an arrangement with their brokerage firm, bank or other nominee should receive instructions from their brokerage firm, bank or other nominee on how to access the shareholder information and voting instructions. If shareholders hold shares in street name and the voting instruction form received from the brokerage firm, bank or other nominee does not reference Internet or telephone information, or if you prefer to vote by mail, please complete and return the paper voting instruction form. In order to vote shares held in street name in person at the Annual Meeting, a proxy issued in the owner s name must be obtained from the record holder (typically your brokerage firm, bank or other nominee) and presented at the Annual Meeting.

Shareholders of record and street name shareholders who vote over the Internet or by telephone need not return a proxy card or voting instruction form by mail, but may incur costs, such as usage charges, from telephone companies or Internet service providers, for which the shareholder is responsible.

If no instructions are indicated, your proxy will be voted FOR the election of the director nominees and the other proposals.

Other Matters

It is not anticipated that any other matters will be considered at the Annual Meeting. If, however, any other matter properly comes before the Annual Meeting, or any adjournment or postponement thereof, the persons named in the proxy will vote the proxy in accordance with their best judgment on any such matter.

Revocation of Proxies

Each shareholder sending a proxy will have the power to revoke it at any time before it is exercised. The proxy may be changed or revoked before it is exercised by sending a written revocation or a duly executed proxy bearing a later date to us at our principal offices at 811 Livingston Court, S.E., Suite B, Marietta, Georgia 30067, Attention: Corporate Secretary. The proxy may also be revoked by attending the meeting and voting in person.

Quorum and Vote Required

The presence, in person or by proxy, of a majority of the outstanding shares of common stock entitled to vote is necessary to constitute a quorum at the Annual Meeting and at any adjournments thereof. Directions to withhold authority to vote for directors, abstentions and broker non-votes will be counted for purposes of determining if a quorum is present at the Annual Meeting. If a quorum is not present or represented at the Annual Meeting, the chairman of the meeting or the shareholders holding a majority of the shares of common stock entitled to vote, present in person or represented by proxy, have the power to adjourn the meeting from time to time without notice, other than an announcement at the meeting, until a quorum is present or represented. Directors, officers and employees of the Company may solicit proxies for the reconvened meeting in person or by mail, telephone or telegram. At any such reconvened meeting at which a quorum is present or represented, any business may be transacted that might have been transacted at the meeting as originally scheduled.

Directors are elected by the affirmative vote of the holders of a plurality of the shares of our capital stock present in person or represented by proxy and entitled to vote at the Annual Meeting of Shareholders. The affirmative vote of the holders of a majority of the shares of stock present in person or represented in proxy and entitled to vote is required to approve the other proposals.

Votes cast in person or by proxy, abstentions and broker non-votes will be tabulated by the inspector of election and will be considered in the determination of whether a quorum is present at the Annual Meeting. The inspector of election will treat shares represented by executed proxies that abstain as shares that are present and entitled to vote for purposes of determining the approval of such matter and will have the same effect as a vote against the proposal. If, with respect to any shares, a broker or other nominee submits a proxy card with a broker non-vote on one or more proposals, those shares will not be treated as present and entitled to vote for purposes of determining the approval of any such proposal.

No Appraisal Rights

No appraisal rights are available under Florida law or our Charter or bylaws if you dissent from or vote against any of the proposals presented for consideration, and we do not plan to independently provide any such right to shareholders.

ELECTION OF DIRECTORS

(PROPOSAL 1)

If Proposal 2 is not adopted, the directors elected at the Annual Meeting will serve for a term of one year or until their respective successors are duly elected and qualified. If Proposal 2 is adopted, and the directors nominated and elected in this Proposal 1 are elected, they will be elected for the terms set forth below under Classification of Directors in Proposal 2. With respect to the election of directors, you may (i) vote for all of the nominees, or (ii) withhold with respect to some or all nominees. Directors are elected by the affirmative vote of the holders of a plurality of the shares of our capital stock present in person or represented by proxy and entitled to vote at the Annual Meeting of Shareholders. As a result, the nine director nominees that receive the most votes will be elected. Broker non-votes will not be counted as votes for or against any nominee or director. In the event that any nominee should become unable or unwilling to serve as a director, it is the intention of the persons named in the proxy to vote for the election of such substitute nominee for the office of director as the Board of Directors may recommend. It is not anticipated that any nominee will be unable or unwilling to serve as a director.

Board of Directors Leadership Structure

Our Board of Directors has carefully considered the benefits and risks in combining the role of Chairman of the Board of Directors and Chief Executive Officer and has determined that Mr. Petit is the most qualified and appropriate individual to lead our Board of Directors as its Chairman. The Board of Directors believes there are efficiencies of having the Chief Executive Officer also serve in the role of Chairman of the Board of Directors. As our Chief Executive Officer, Mr. Petit is responsible for the day-to-day operation of the Company and for the implementation of the Company s strategy. Mr. Petit serves as a bridge between management and our Board of Directors, ensuring that both groups act with a common purpose. Our Board of Directors further noted that the combined role of Chairman of the Board of Directors and Chief Executive Officer facilitates centralized leadership in one person so that there is no ambiguity about accountability. Our Board of Directors also considered Mr. Petit s knowledge regarding our operations and the industries and markets in which we compete and his ability to promote communication, to synchronize activities between our Board of Directors and our senior management and to provide consistent

leadership to both our Board of Directors and our Company.

In determining whether to combine the roles of Chairman of the Board of Directors and Chief Executive Officer, our Board of Directors closely considered our current system for ensuring significant independent oversight of management, including the following: (1) only two members of our Board of Directors, Mr. Petit and Mr. Gorlin, also serve as employees; (2) each director serving on our Audit Committee, Compensation Committee, and Nominating and Corporate Governance Committee is independent and (3) the Compensation Committee annually evaluates the Chief Executive Officer s performance and has the authority to retain independent compensation advisors. The Board of Directors has not designated a lead independent director.

Director Independence

We are not a listed company under SEC rules and are therefore not required to comply with the director independence requirements of any securities exchange. However, in determining whether our directors are independent, we apply the standards set forth in the rules of the NYSE Amex. The Company qualifies as a smaller reporting company as that term is defined in Item 10(f)(1) of Regulation S-K because its public float as of the last business day of the Company s most recent second fiscal quarter was less than \$75.0 million. As a result, the rules of the NYSE Amex require that at least 50% of the members of our Board of Directors be independent, which means that they are not officers of the Company and are free of any relationship that would interfere with the exercise of their independent judgment. The Board of Directors has determined that five of its nine directors, Larry W. Papasan, Kurt M. Eichler, J. Terry Dewberry, Joseph Bleser, and Bruce L. Hack are independent, as defined by the listing standards of the NYSE Amex, Section 10A(m)(3) of the Exchange Act, and the rules and regulations of the SEC.

Board of Directors Risk Oversight

The Board as a whole is responsible for overseeing the Company s risk exposure as part of determining a business strategy that generates long-term shareholder value. Each of the Board s standing committees focuses on risk areas associated with its area of responsibility.

Meetings and Committees of the Board of Directors

During the nine months ended December 31, 2009, there were four meetings of the Board of Directors, one of which was a telephonic meeting. Each incumbent director attended at least 75% of the aggregate total number of the meetings of the Board of Directors during the nine months ended December 31, 2009, and the meetings of the Board of Directors committees on which he served during that fiscal year.

In addition to other single purpose committees established from time to time to assist the Board of Directors with particular tasks, the Company s Board of Directors has the following standing committees: an Audit Committee, a Nominating and Corporate Governance Committee and a Compensation Committee.

We strongly encourage each of our directors to attend in person each annual meeting of shareholders whenever attendance does not unreasonably conflict with the director s other business and personal commitments. No annual meeting was held in the nine months ended December 31, 2009.

Audit Committee and Audit Committee Financial Expert

We are not a listed company under SEC rules and are therefore not required to have an audit committee comprised of independent directors. However, our goal is to comply with the rules of the NYSE Amex, which require that as a

smaller reporting company, as that term is defined in Item 10(f)(1) of Regulation S-K, the Audit Committee of the Board of Directors be comprised of at least two members, all of whom qualify as independent under the criteria set forth in Rule 10 A-3 of the Exchange Act.

We established an Audit Committee comprised of three independent members of our Board of Directors in April 2008. We currently have three members on our Audit Committee; J. Terry Dewberry (Chairman), Joseph G. Bleser, and Larry W. Papasan, each of whom satisfies the independence standards of the NYSE Amex rules. an annual cash retainer of \$20,000 for service as a member of the Board;

an annual cash retainer of \$5,000 for service as a chairman of a Board committee;

an annual cash retainer of \$2,500 for service as a non-chairman member of a Board committee; and

Each non-employee director also receives a grant of 50,000 options to purchase our common stock upon being first elected or appointed to the Board of Directors. The options vest 25% on the grant date and 25% at each anniversary of the grant date over three years. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Policies and Procedures for Approval of Related Party Transactions

Under its charter, our Audit Committee is responsible for reviewing and approving all transactions or arrangements between the Company and any of our directors, officers, principal stockholders or any of their respective affiliates, associates or related parties. In determining whether to approve or ratify a related party transaction, the Audit Committee considers all relevant facts and circumstances available to it, such as:

whether the terms of the transaction are fair to the Company and at least as favorable to the Company as would apply if the transaction did not involve a related party;

whether there are demonstrable business reasons for the Company to enter into the transaction;

18

whether the transaction would impair the independence of an outside director; and

whether the transaction would present an improper conflict of interest for any director or executive officer, taking into account the size of the transaction, the direct or indirect nature of the related party s interest in the transaction and the ongoing nature of any proposed relationship, and any other factors the Audit Committee deems relevant.

Transactions

In April 2009, the Company commenced a private placement to sell 3% Convertible Senior Secured Promissory Notes (the Senior Notes) to accredited investors. The Company completed the offering on June 17, 2009, and received aggregate proceeds of \$3,472,000, representing the face value of the Senior Notes. The aggregate proceeds include \$250,000 of Senior Notes sold to Pete Petit, our Chairman of the Board of Directors, and CEO, \$150,000 of Senior Notes sold to Charles E. Koob, one of our directors, and \$100,000 of Senior Notes to Roberta L. McCaw, who later became our General Counsel and Corporate Secretary.

The Senior Notes are convertible into shares of the Company s common stock at \$.50 per share (a) at any time upon the election of the holder of the Senior Notes; (b) automatically immediately prior to the closing of the sale of all or substantially all of the assets or more than 50% of the equity securities of the Company by way of a merger transaction or otherwise which would yield a price per share of not less than \$.50; or (c) at the election of the Company, at such time as the closing price per share of the Company s common stock (as reported by the OTCBB or on any national securities exchange on which the Company s shares may be listed) is not less than \$1.50 for at least 20 consecutive trading days in any period prior to the maturity date. If converted, the common stock will be available to be sold following satisfaction of the applicable conditions set forth in Rule 144. The Senior Notes mature in three years and earn interest at 3% per annum on the outstanding principal amount payable in cash on the maturity date or convertible into shares of common stock of the Company as provided for above. The Senior Notes are secured by a first priority lien on all of the assets, including intellectual property, of MiMedx, Inc., excluding, however, the membership interests in SpineMedica, LLC. The Senior Notes are junior in payment and lien priority to any bank debt of the Company in an amount not to exceed \$5,000,000 subsequently incurred by the Company. As of December 31, 2009, no Senior Notes have been converted, no principal payments have been made, no interest has been paid, and aggregate accrued interest payable to our executives related to their investments approximates \$10,500. On June 4, 2009, the Company s Board of Directors agreed to issue additional shares of its common stock to investors who had purchased shares of its common stock in conjunction with the September 2008 Private Placement, the November 2008 Private Placement and the February 2009 Private Placement in order to bring the cost of the acquired shares to \$.50 per share. The Board of Directors approved the issuance of the additional shares to be fair to the investors who had invested in the Company when it was most in need of funding and to enable the Company s future fundraising efforts. The issuance was approved by all of the disinterested members of the Board of Directors. As a condition to the receipt of the additional shares, the investors were required to waive registration rights otherwise available with respect to the shares issued in the private placements. The Company issued 2,490,000 additional shares as a result of this action and recorded additional expense of \$1,305,100, based on the fair value of the Company s stock price on the date each respective waiver was executed. Of this amount Pete Petit, our Chairman of the Board of Directors and CEO, received 1,755,000 additional shares, and Charles E. Koob, one of our directors, received 100,000 additional shares.

In October 2009, Pete Petit, the Company s Chairman of the Board of Directors and CEO, (the holder), completed an advance of \$500,000 to fund the Company s working capital evidenced by a 5% Convertible Promissory Note (the

Note). The Note was due and payable in full on December 20, 2009 and, at the option of the holder, was convertible into the number of shares of common stock of the Company equal to the outstanding principal amount and accrued interest of the Note divided by \$.60 per share. Additionally, under the terms of the Note, the Company issued 1,666,666 warrants to the holder with an exercise price of \$.60 per share and a fair value of \$975,833 on the date of repayment. The warrants expire in September 2012. The outstanding principal and accrued interest of approximately \$505,000 was paid back to the holder in December 2009. As of December 31, 2009 no warrants have been exercised under this arrangement.

In October 2009, the Company commenced a private placement to sell common stock and warrants. From October 30, 2009, through December 31, 2009, the Company sold 7,697,865 shares of common stock at a price of \$.60 per share and received proceeds of \$4,618,720. Under the terms of the offering, for every two shares of common stock purchased, the investor received a 5-year warrant to purchase one share of common stock for \$1.50, (a Warrant). Through December 31, 2009, the Company issued a total of 3,848,933 warrants. Of the total proceeds raised Pete Petit, our Chairman of the Board of Directors and CEO, purchased 1,666,666 shares of our common stock and received 833,333 warrants for total consideration of \$1,000,000. Additionally two entities in which Mr. Petit has a beneficial interest each purchased 100,000 shares of our common stock and received 50,000 warrants for total consideration of \$60,000.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires the Company s executive officers and directors, and any beneficial owner of more than ten percent of a registered class of the Company s equity securities, to file reports (Forms 3, 4 and 5) of stock ownership and changes in ownership with the SEC. Officers, directors and beneficial owners of more than ten percent of the common stock are required by SEC regulations to furnish the Company with copies of all such forms that they file.

Based solely on the Company s review of the copies of Forms 3, 4, and 5 the Company believes that during the nine months ended December 31, 2009, all filing requirements were complied with by its executive officers, directors and beneficial owners of more than ten percent of the common stock, with the exception of Steve Gorlin, who was one day late in filing a Form 4 related to a transfer of common stock, and Dr. Thomas J. Koob, who filed late one Form 4 related to the acquisition of common stock he received in conjunction with an inventors agreement between Dr. Koob and a licensor. All filings have been made.

APPROVAL OF PROPOSAL TO AMEND MIMEDX S AMENDED AND RESTATED CERTIFICATE OF INCORPORATION TO PROVIDE FOR THE CLASSIFICATION OF THE BOARD OF DIRECTORS (PROPOSAL 2)

In this Proposal 2, you are being asked to authorize the Board of Directors to amend Article 10 of the Company s Articles of Incorporation to provide for the classification of the Board of Directors into three classes of directors with staggered terms of office, or board classification.

Description of Proposal

The Company currently elects its directors to serve on the Board of Directors for one year terms expiring at each annual meeting of shareholders following their election. Florida law permits provisions in a company s articles of incorporation or bylaws approved by shareholders that provide for a classified Board of Directors. If the board classification is approved, the Company s Board of Directors, upon filing of a certificate of amendment with the Secretary of State of the State of Florida, will be divided into three classes, designated as Class I, Class II and Class III, as nearly equal in number as possible with the term of office of the directors of one class expiring each year. The directors elected at the Annual Meeting of Shareholders will continue to serve on the Board of Directors, but the term of office will be in one of three classes whereby Class I directors will serve for a term expiring on the date of the 2012 annual meeting of shareholders, Class III directors will serve for a term expiring on the date of the 2012 annual meeting of shareholders and Class III director will be elected to serve for a three year term ending on the date of the third annual meeting of shareholders following the annual meeting of shareholders at which such director was elected. Vacancies may be filled by the Board of Directors, in the manner provided in the Company s bylaws, and the term of office of any director elected by the Board of Directors will continue for the duration of the term for that class.

Classification of Directors

CLASS DESIGNATION	DIRECTOR NOMINEES	INITIAL TERM EXPIRATION	SUBSEQUENT TERM EXPIRATION
Class I	Kurt M. Eichler Andrew K. Rooke, Jr. Charles E. Koob	2011 Annual Meeting of Shareholders	2014 Annual Meeting of Shareholders
Class II	Joseph G. Bleser Steve Gorlin Bruce Hack	2012 Annual Meeting of Shareholders	2015 Annual Meeting of Shareholders
Class III	Parker H. Petit J. Terry Dewberry Larry W. Papasan	2013 Annual Meeting of Shareholders	2016 Annual Meeting of Shareholders

Reason for Board of Directors Classification

The Board of Directors believes that a classified board will be beneficial to our Company and has made this proposal in order to promote orderly membership succession and turnover among the members of our Board of Directors, ensure continuity and stability in leadership and realize the benefits of institutional knowledge. The Board of Directors believes a classified board permits more effective long-term strategic planning and promotes the creation of long-term value for our shareholders.

Currently, a change in control of the Board of Directors can be made by a majority of the shareholders at a single shareholders meeting. The Board of Directors believes that the board classification proposal will assist it in protecting the interests of the Company s shareholders in the event of an unsolicited offer for the Company by making more difficult an attempted takeover of the Company on terms that may not be in the best interests of the Company or our shareholders and that is not approved by the Board of Directors. The proposal is not, however, in response to any effort of which the Company is aware to accumulate the Company s capital stock or to obtain control of the Company. Although the Board of Directors has no current intention to adopt or submit for shareholder approval other measures that could have the effect of discouraging unsolicited takeover attempts, it reserves the right to do so in the future. The Board of Directors also considered several disadvantages of the board classification. Because of the additional time required to change control of the Company s Board of Directors, the board classification proposal will tend to perpetuate present management, and may discourage certain takeover bids. The Board believes the advantages of a staggered board outweigh those disadvantages.

Procedure for Effecting Board of Directors Classification

If the board classification is approved by the Company s shareholders, the Company will file a certificate of amendment with the Secretary of State of the State of Florida. The board classification will become effective at the time of filing on the date of filing the certificate of amendment or at any other time and/or date stated in the certificate of amendment, which is referred to as the effective time. The text of the proposed amendment to the Charter is set forth in Appendix A to this proxy statement; provided, however, that the text of the certificate of amendment is subject to modification to include such changes as may be required by the office of the Secretary of State of the State of Florida and as the Board of Directors deems necessary and advisable to effect the board classification. At the effective time, as stated above, the directors elected at the Annual Meeting of Shareholders shall continue to serve on the Board of Directors, but the term of office shall be in one of three classes whereby Class I directors shall serve for a term expiring on the date of the 2011 annual meeting of shareholders, Class II directors shall serve for a term expiring on the date of the 2012 annual meeting of shareholders and Class III directors shall serve for a term expiring on the date of the 2013 annual meeting of shareholders.

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE SHAREHOLDERS VOTE FOR THIS PROPOSAL TO APPROVE AN AMENDMENT TO OUR AMENDED AND RESTATED CERTIFICATE OF INCORPORATION TO PROVIDE FOR THE CLASSIFICATION OF OUR BOARD OF DIRECTORS.

APPROVAL OF PROPOSAL TO AMEND MIMEDX S AMENDED AND RESTATED CERTIFICATE OF INCORPORATION TO PROVIDE THAT DIRECTORS MAY ONLY BE REMOVED FOR CAUSE (PROPOSAL 3)

You are being asked in this Proposal 3 to authorize the Board of Directors to amend Article 10 of the Company s Articles of Incorporation to provide that directors may be removed only for cause. The proposed amendment on removal of directors also requires a vote of no less than 66 2/3% of the shares entitled to vote on such removal. **Description of Proposal**

As discussed with respect to Proposal 2, our Board of Directors recommends that the shareholders approve an amendment to amend Article 10 of the Company s Articles of Incorporation to provide for the classification of the Board of Directors into three classes of directors with staggered terms of office. The Board of Directors made that proposal to promote orderly membership succession and turnover among the members of our Board of Directors, ensure continuity and stability in leadership, realize the benefits of institutional knowledge, permit more effective long-term strategic planning, and promote the creation of long-term value for our shareholders.

In order to prevent a shareholder or group of shareholders from circumventing the board classification, the Board of Directors has also approved an amendment to Article 10 of the Articles of Incorporation to provide that directors may only be removed for cause and that such removal requires a vote of 66 2/3% of the shares eligible to vote on such removal. If both Proposal 2 and Proposal 3 are approved, the likely effect is that someone acquiring a simple majority of the outstanding stock would need at least two annual meetings to change the majority control of the Board of Directors. Because of the additional time required to change control of the Board of Directors, the amendments, taken together, will tend to perpetuate present management and will tend to discourage certain tender offers, which may not be in the best interests of all shareholders. The amendments also will make it more difficult for the shareholders to change the composition of the Board of Directors, even if the shareholders believe such a change would be desirable. The Board believes the advantages to the amendment outweigh the potential disadvantages.

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE SHAREHOLDERS VOTE FOR THIS PROPOSAL TO APPROVE AN AMENDMENT TO OUR AMENDED AND RESTATED CERTIFICATE OF INCORPORATION TO PROVIDE THAT DIRECTORS MAY BE REMOVED ONLY FOR CAUSE. APPROVAL OF AMENDMENT TO ASSUMED 2006 STOCK INCENTIVE PLAN

ROVAL OF AMENDMENT TO ASSUMED 2006 STOCK INCENTIVE P (PROPOSAL 4)

The Board of Directors has approved and recommends that the shareholders of the Company ratify and approve the amendment of the Company s Assumed 2006 Stock Incentive Plan (the Plan) to amend the Plan to increase the number of authorized shares of common stock that may be issued under the Plan from 5,500,000 to 8,500,000 shares. A copy of the Plan, as amended, is attached as Appendix B. Approval of the amendment of the Plan by the shareholders is intended, among other things, to qualify options, stock grants and stock appreciation rights (SARs) granted under the plan as performance-based compensation, which is not subject to the limits on deductibility of Section 162(m) of the Code, described further below, and to enable the Company to grant incentive stock options (ISOs) under Section 422 of the Code.

The Plan was adopted by a predecessor organization effective November 27, 2006. The purpose of the Plan is to encourage and enable selected employees, directors, and independent contractors of the Company and its affiliates to acquire or increase their holdings of common stock and other equity-based interests in the Company in order to promote a closer identification of their interests with ours, thereby stimulating their efforts to enhance our efficiency, soundness, profitability, growth and shareholder value. Persons eligible to participate in the Plan are such employees, officers, independent contractors and consultants of the Company or one of its subsidiaries (or future parent companies) as the administrator of the Plan in its discretion, shall designate from time to time. As of March 31, 2010, the Company employed approximately 42 full-time personnel.

Summary of the Plan

Shares Available for Issuance under the Plan

Of the 5,500,000 shares previously authorized by the shareholders to be issued under the Plan, as of December 31, 2009, 78,700 shares were issued, 5,226,250 shares were subject to outstanding options, and 195,050 shares remained available for future issuance. At its meeting on February 23, 2010, the Board of Directors determined that it was in the best interest of the Company and its shareholders to amend the Plan in order to provide that an additional 3,000,000 shares of the Company s common stock may be issued pursuant to the Plan. The additional shares represent approximately 5.84% of the common stock outstanding as of March 15, 2010.

Of the shares available for issuance under the Plan, the maximum that we may issue pursuant to incentive stock options is 8,500,000. In addition, if and to the extent that Section 162(m) of the Code is applicable:

we may not grant to any participant options or SARs that are not related to an option for more than 1,000,000 shares of common stock in any calendar year;

we may not grant to any participant awards for more than 1,000,000 shares of common stock in any calendar year; and

participants may not be paid more than \$2,000,000 with respect to any cash-settled award granted in any calendar year, subject in each case to adjustments as provided in the Plan.

The following will not be included in calculating the share limitations set forth above:

dividends;

awards which by their terms are settled in cash rather than the issuance of shares;

shares subject to an award that are repurchased or reacquired by us; and

any shares a participant surrenders or we withhold to pay the option or purchase price for an award or use to satisfy any tax withholding requirement in connection with the exercise, vesting, or earning of an award.

We will further adjust the number of shares reserved for issuance under the Plan and the terms of awards in the event of an adjustment to the capital stock structure of the Company or one of our affiliates due to a merger, consolidation, reorganization, stock split, stock dividend or similar event.

Administration, Amendment and Termination

Currently, our Compensation Committee administers the Plan. In this discussion, we refer to our Compensation Committee as the administrator. Subject to certain restrictions set forth in the Plan, the administrator has full and final authority to take actions and make determinations with respect to the Plan.

Subject to certain terms and conditions, the administrator may delegate to one or more of our officers the authority to grant awards, and to make determinations otherwise reserved for the administrator with respect to such awards.

Our Board of Directors may amend, alter, or terminate the Plan at any time, subject to certain exceptions and restrictions set forth in the Plan. Our Board of Directors may also amend, alter, or terminate any award, although participant consent may be required.

The administrator may amend the Plan and any award, without participant consent and, except where required by applicable laws, without shareholder approval, in order to comply with applicable laws. In addition, the administrator may make adjustments to awards upon the occurrence of certain unusual or nonrecurring events. The administrator may (subject to certain Plan limitations) cause any award or any portion thereof to be cancelled in consideration of an alternative award or cash payment of an equivalent cash value. The administrator also may determine that a participant s rights, payments, and/or benefits with respect to an award will be subject to reduction, cancellation, forfeiture, or recoupment upon the occurrence of certain specified events. Except to the extent otherwise required under Code Section 409A, the administrator also may modify or extend the terms and conditions for exercise, vesting, or earning of an award and/or accelerate the date that any award may become exercisable, vested, or earned, without any obligation to accelerate any other award.

Options

The Plan authorizes the grant of both incentive stock options and nonqualified stock options. The administrator will determine the option price at which a participant may exercise an option. The option price may not be less than 100% of the fair market value on the date of grant (or 110% of the fair market value with respect to incentive stock options granted to a 10% or more shareholder) and also may not be less than the par value per share (subject to certain exceptions in the case of substitute or assumed options).

Unless an individual award agreement provides otherwise, a participant may pay the option price in cash or, to the extent permitted by the administrator and applicable laws, by tendering shares of common stock, by the withholding of shares upon exercise, by such other consideration as the administrator may deem appropriate, or a combination of the foregoing.

At the time of option grant, the administrator will determine the terms and conditions of an option, the period or periods during which an option is exercisable, and the option term (which, in the case of incentive stock options, may not exceed ten years, or five years with respect to a 10% or more shareholder). Options are also subject to certain restrictions on exercise if the participant terminates employment or service.

Stock Appreciation Rights

Subject to the limitations of the Plan, the administrator may in its sole discretion grant SARs to such eligible individuals, in such numbers, upon such terms and at such times as the administrator shall determine. SARs may be granted to the holder of an option (a related option) with respect to all or a portion of the shares of common stock subject to the related option (a related SAR) or may be granted separately to an eligible individual (a freestanding SAR). The consideration to be received by the holder of an SAR may be paid in cash, shares of common stock (valued at fair market value on the date of the SAR exercise), or a combination thereof, as determined by the administrator. Upon the exercise of an SAR, the holder of an SAR is entitled to receive payment from the Company in an amount determined by multiplying (i) the difference between the fair market value per share of common stock on the date of exercise. The base price may be no less than 100% of the fair market value per share of common stock with respect to which the SAR is being exercised. The base price may be no less than 100% of the fair market value per share of common stock on the date the SAR is granted (except in the case of certain substituted or assumed SARs in a merger or similar transaction).

SARs are exercisable according to the terms established by the administrator and stated in the applicable award agreement. Upon the exercise of a related SAR, the related option is deemed to be canceled to the extent of the number of shares of common stock for which the related SAR is exercised. No SAR may be exercised more than 10 years after it was granted, or such shorter period as may apply to with respect to a particular SAR. Each award agreement will state the extent to which a holder may have the right to exercise an SAR following termination of the holder s employment or service with the Company or an affiliate, as determined by the administrator.

Restricted Awards

Subject to the limitations of the Plan, the administrator may grant restricted awards to such individuals in such numbers, upon such terms, and at such times as the administrator shall determine. Restricted awards may be in the form of restricted stock awards and/or restricted stock units that are subject to certain conditions which must be met for the restricted award to vest and be earned, in whole or in part, and be no longer subject to forfeiture. Restricted stock awards may be payable in common stock. Restricted stock units may be payable in cash or common stock, or a combination thereof.

Subject to certain limitations in the Plan, the administrator will determine the restriction period during which a participant may earn a restricted award and the conditions to be met in order for it to be granted or to vest or be earned. These conditions may include:

payment of a stipulated purchase price;

attainment of performance objectives;

continued service or employment for a certain period of time;

retirement;

displacement;

disability;

death; or

any combination of these conditions.

Subject to the terms of the Plan and Code Section 409A requirements, the administrator determines whether and to what degree restricted awards have vested and been earned and are payable. If a participant s employment or service is terminated for any reason and all or any part of a restricted award has not vested or been earned pursuant to the terms of the Plan and the individual award, the participant will forfeit the award and related benefits unless the administrator determines otherwise.

Dividend and Dividend Equivalent

The administrator may provide that awards earn dividends or dividend equivalents, subject to restrictions set forth in the Plan. Such dividends or dividend equivalents may be paid currently or may be credited to a participant s account, subject to such restrictions and conditions as the administrator may establish.

Change in Control

Upon a change in control, as defined in the Plan and subject to any Code Section 409A requirements, the administrator will have discretion to determine the effect, if any, on awards granted under the Plan. The administrator may determine that an award may vest, be earned or become exercisable, may be assumed or substituted, may be cancelled, or that other actions or no actions will be taken.

Transfer and Other Restrictions

Awards generally are not transferable other than by will or the laws of intestate succession or as may otherwise be permitted by the administrator, and participants may not sell, transfer, assign, pledge or otherwise encumber shares subject to such awards until the restriction period and/or performance period has expired and until all conditions to vesting the award have been met. As a condition to the issuance or transfer of common stock or the grant of any other Plan benefit, we may require a participant or other person to become a party to an agreement imposing such conditions or restrictions as we may require.

Certain Federal Income Tax Consequences

The following generally describes the principal federal (and not state and local) income tax consequences of awards granted under the Plan as of this time. The summary is general in nature and is not intended to cover all tax

consequences that may apply to a particular participant or to the Company. The provisions of the Code and related regulations and other guidance are complicated and their impact in any one case may depend upon the particular circumstances.

Incentive Options

The grant and exercise of an incentive stock option generally will not result in taxable income to the participant if the participant does not dispose of shares received upon exercise of such option less than one year after the date of exercise and two years after the date of grant, and if the participant has continuously been an employee of the Company from the date of grant to three months before the date of exercise (or 12 months in the event of disability). However, the excess of the fair market value of the shares received upon exercise of the option over the option price generally will constitute an item of adjustment in computing the participant s alternative minimum taxable income for the year of exercise. Thus, certain participants may incur federal income tax liability as a result of the exercise of an incentive option under the alternative minimum tax rules of the Code.

The Company generally is not entitled to a deduction upon the exercise of an incentive option. Upon the disposition of shares acquired upon exercise of an incentive option, the participant will be taxed on the amount by which the amount realized exceeds the option price. This amount will be treated as capital gain or loss.

If the holding period requirements described above are not met, the participant will have ordinary income in the year of disposition to the extent of the lesser of: (i) the fair market value of the stock on the date of exercise minus the option price or (ii) the amount realized on disposition of the stock minus the option price. The Company generally is entitled to deduct as compensation the amount of ordinary income realized by the participant.

Pursuant to the Code and the terms of the Plan, in no event can there first become exercisable by a participant in any one calendar year incentive stock options granted by the Company with respect to shares having an aggregate fair market value (determined at the time an option is granted) greater than \$100,000. To the extent an incentive option granted under the Plan exceeds this limitation it will be treated as a nonqualified option. *Nonqualified Options*

If a participant receives a nonqualified option, the difference between the fair market value of the stock on the date of exercise and the option price will constitute taxable ordinary income to the participant on the date of exercise. The Company generally will be entitled to a deduction in the same year in an amount equal to the income taxable to the participant.

Stock Appreciation Rights

The grant of an SAR will not result in taxable income to a participant or a tax deduction to the Company. Upon exercise of the SAR, the amount of cash and fair market value of shares received by the participant (determined at the time of delivery to the participant), less cash or other consideration paid (if any), is taxed to the participant as ordinary income and the Company generally will be entitled to receive a corresponding tax deduction. *Restricted Stock Awards*

The grant of restricted stock awards will not result in taxable income to the participant or a tax deduction to the Company, unless the restrictions on the stock do not present a substantial risk of forfeiture or the award is transferable. In the year that the restricted stock is no longer subject to a substantial risk of forfeiture or the award is transferable, the fair market value of such shares at such date and any cash amount awarded, less cash or other consideration paid (if any), will be taxed to the participant as ordinary income, except that, in the case of restricted stock issued at the beginning of the restriction period, the participant may elect to include in his ordinary income at the time the restricted stock is awarded, the fair market value of such shares at such time, less any amount paid for the shares. The Company generally will be entitled to a corresponding tax deduction.

26

Restricted Stock Units and Dividend Equivalents

The federal income tax consequences of the award of restricted stock units or dividend equivalents will depend on the conditions of the award. Generally, the grant of one of these awards does not result in taxable income to the participant or a tax deduction to the Company. However, the participant will recognize ordinary compensation income at settlement of the award equal to any cash and the fair market value of any common stock received (determined as of the date that the award is not subject to a substantial risk of forfeiture or transferable). The Company generally is entitled to a deduction upon the participant s recognizion of income in an amount equal to the ordinary income recognized by the participant.

Section 409A of the Code

Section 409A of the Code imposes certain requirements on deferred compensation. The Company intends for the Plan to comply in good faith with the requirements of Section 409A of the Code including related regulations and guidance, where applicable and to the extent practicable. If, however, Section 409A of the Code is deemed to apply to an award, and the Plan and award do not satisfy the requirements of Section 409A of the Code during a taxable year, the participant will have ordinary income in the year of non-compliance in the amount of all deferrals subject to Section 409A of the Code to the extent that the award is not subject to a substantial risk of forfeiture. The participant will be subject to an additional tax of 20% on all amounts includible in income and may also be subject to interest charges under Section 409A of the Code. The Company generally will be entitled to an income tax deduction with respect to the amount of compensation includible as income to the participant. The Company undertakes no responsibility to take, or to refrain from taking, any actions in order to achieve a certain tax result for any participant. **Accounting Treatment**

Accounting Treatment

Stock Option grants or stock issuances made to employees or directors under the Plan are accounted for under the the provisions of ASC topic 718 Compensation Stock compensation which requires the use of the fair-value based method to determine compensation for all arrangements under which employees and others receive shares of stock or equity instruments (options and warrants). Under the fair value based method, total compensation expense related to such stock options or stock issuances is determined using the fair value of the stock options or stock issuances on the date of grant. Total compensation expense is recognized on a straight-line basis over the vesting period of the applicable stock option or stock grant.

Description of the Changes to the Plan

Increase in Number of Shares. The amendment that the shareholders are being asked to approve includes an increase in the number of shares of Company common stock available for issuance from 5,500,000 to 8,500,000. As of March 30, 2010, 78,700 shares of common stock have been issued under the Plan and are included in the number of shares outstanding. In addition, no shares remain available for issuance under the Plan as previously approved by shareholders at March 30, 2010. Awards under the Plan will be based on guidelines that take salary level, tenure, individual performance rating and importance to the Company into account. Accordingly, future awards (new plan benefits) under the Plan are not determinable at this time. Reference is made to the sections captioned Executive Compensation and 2009 Outstanding Equity Awards of this Proxy Statement for detailed information on stock incentive awards and exercises of such awards by certain executive officers under former and existing stock incentive plans.

Plan Benefits

The Compensation Committee granted options from among the newly authorized shares in February 2010, as follows: Messrs. Petit and Taylor and Dr. Koob were granted 225,000, 350,000 and 55,400 options, respectively. All other executives as a group were granted a total of 303,900 options and all other employees as a group were granted a total of 186,100 options. The Compensation Committee also authorized an aggregate of 465,000 options to be granted to certain consultants, subject to entering into final agreements with such consultants. Of these options, 20,000 options have been granted as of March 30, 2010.

Other than those grants, the selection of individuals who will receive awards of the newly authorized shares under the Plan and the amount of any such awards are subject to Compensation Committee discretion and are not yet determinable. Therefore, it is not possible to predict the benefits or amounts that will be received by, or allocated to, particular individuals or groups of employees in fiscal 2010. The number of shares of common stock subject to awards

granted in fiscal 2009 to the Company s Named Executive Officers is set forth in this Proxy Statement in the Summary Compensation Table and the Grant of Plan-Based Awards Table.

Market Price of the Common Stock

The closing price of the Company s common stock as reported on the OTCBB was \$1.60 per share on March 30, 2010. As of such date, the aggregate market value of the 8,421,300 shares of common stock issuable under the Plan was \$13,474,080.

The preceding summary of the Plan is qualified in its entirety by reference to the complete text of the Plan set forth in Appendix B to this proxy statement.
