MARCH 30, 2001

Dear Shareholder:

Enclosed with this letter you will find the notice of our Annual Meeting of Stockholders, which will be held at our offices in Eau Claire on May 15, 2001.

We sincerely hope that you will be able to be present to meet the management of your company, see the new products that will be displayed at the meeting and cast your vote for the election of directors. If, however, you find that you are unable to attend the meeting in person, we urge that you participate by voting your stock by proxy. You may cast your vote by signing and returning the enclosed proxy card.

Edgar Filing: NATIONAL PRESTO INDUSTRIES INC - Form DEF 14A

On March 28, 2001, we mailed you our annual report for 2000, which contained a description of our business and also included audited financial statements for that year. Enclosed with this letter is a proxy statement which contains information regarding the annual meeting and the business to be conducted thereat.

It is with great reluctance we announce that John M. Sirianni has decided not to stand for reelection to the Board. John has served as a director for the past nine years. His keen financial insight has had a significant favorable impact on Board decisions during his tenure. Those of us who continue on the Board, will sorely miss his guidance.

Your directors have nominated Patrick J. Quinn, who is chairman and president of Ayres Associates, to fill this vacancy on the Board. If elected, we are confident Pat's sound business judgement and extensive management experience will prove to be a valuable asset to the Board.

We are always pleased to hear from our shareholders, and if you cannot be present in person at the meeting, we would be happy to have your letters expressing your viewpoints on our products and business or to answer any questions that you might have regarding your company.

PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS TO BE HELD ON MAY 15, 2001

The accompanying proxy is solicited by the Board of Directors of National Presto Industries, Inc. (the "Company"), for use at the Annual Meeting of Stockholders to be held May 15, 2001 (the "Annual Meeting"), and any adjournment thereof. When such proxy is properly executed and returned, the shares it represents will be voted at the meeting and at any adjournment thereof. Any stockholder giving a proxy has the power to revoke it at any time before it is voted. Presence at the meeting of a stockholder who has signed a proxy does not alone revoke that proxy; the proxy may be revoked by a later dated proxy or notice to the Secretary at the meeting.

At the Annual Meeting stockholders will be asked to:

- (a) elect two directors for three year terms ending in 2004 and until their successors are elected, and
- (b) transact such other business as may properly come before the meeting.

Only stockholders of record as of the close of business on March 7, 2001, will be entitled to vote at the Annual Meeting. The presence in person or by proxy of holders of a majority of the shares of stock entitled to vote at the Annual Meeting shall constitute a quorum for the transaction of business. Abstentions and proxies submitted by brokers who do not have authority to vote on certain matters will be considered "present" at the Annual Meeting for purposes of determining a quorum. The approximate date on which this proxy statement and form of proxy were first mailed to stockholders is March 30, 2001.

Directors are elected by a plurality of the votes cast, which means the individuals who receive the largest number of votes will be elected as directors up to the maximum number of directors to be chosen in the election. Therefore, shares voted as "withhold authority to vote" will have no effect on the election of directors.

* Nominee

(1) Ms. Cohen is the daughter of Mr. Cohen.

The Company has an Audit Committee but does not have a nominating or compensation committee. The Audit Committee consists of Messrs. Sirianni and O'Meara.(1) During 2000, the Audit Committee held two meetings. On May 17, 2000, the Audit Committee Charter was approved by the Board of Directors, a copy of which is included herewith as Appendix A to this proxy statement. During 2000 there were two Board of Directors meetings. Each Director attended all of the meetings of the Board of Directors and all meetings of committees on which that director served. Directors of the Company, other than those who are also executive officers, currently receive \$1,000 for each Board meeting and \$275 for each Audit Committee meeting attended. Executive officers are not compensated for services as Board members.

AUDIT COMMITTEE REPORT

Members of the Audit Committee are independent and the Board of Directors has determined that no member has a relationship to the company that may interfere with the exercise of their independence from management of the Company. The principal function of the Audit Committee is to review the annual financial statements of the Company prior to their submission to the Board of Directors. The Audit Committee also has authority to consider such other matters in relation to the internal and external audit of the Company's accounts and in relation to its financial affairs as the Committee may determine to be desirable and related responsibilities as set forth in the Audit Committee Charter. Committee members have conducted an open and comprehensive dialogue with the Company's auditors regarding the 2000 year-end audited financial statements and have reviewed and discussed those statements with management.

The Audit Committee members reviewed and ratified the nature and the extent of the services to be provided by Grant Thornton LLP, including services rendered in 2000, the costs and fees for such services, and the effect of such fee arrangements on the independence of the auditors. The Committee has also discussed with the auditors matters related to SAS 61 and SAS 90, received written disclosures from the auditors required by ISB Standard No. 1, and discussed with the auditors their independence. As a consequence of its evaluation and review, the Committee has recommended to the full Board that the audited financial statements be included in the Company's annual report on Form 10-K for the 2000 calendar year based upon the aforementioned review and discussion.

PENSION PLAN

The Company maintains a qualified defined benefit pension plan (the "Plan") in which executive officers of the Company (other than Mr. Cohen) participate. Upon retirement, participants may elect one of the Plan's payment options, including an annuity or lump sum distribution, both of which are based upon length of service and remuneration. A participant's remuneration covered by the Plan is his or her average compensation for the highest five consecutive calendar years of service, or in the case of a participant who has been employed for less than five full calendar years, the average is based upon the number of completed years of employment with the Company. It is estimated that the executive officers listed above (excluding Mr. Cohen, who received a lump sum pension distribution in 1988) will receive at their normal retirement date (age 65) a maximum annual benefit of \$30,000, applicable to participants with 35 years of service and "Plan" remuneration of \$83,000.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

As described below in the report on executive compensation, members of the Board of Directors determine the compensation of the executive officers of the Company. This includes the compensation of those executive officers who also serve as directors, namely, Melvin S. Cohen, Chairman of the Board, Maryjo Cohen, President and Chief Executive Officer, and James F. Bartl, Executive Vice President, Secretary and Resident Counsel. The Company's Chief Executive Officer and other executive officers who also serve on the Board of Directors do not participate in any decisions regarding their own compensation.

Executive officers of the Company, including Messrs. Cohen and Bartl and Ms. Cohen, also serve as directors and executive officers of the Company's subsidiaries. Mr. Sirianni is a Managing Director-Investments of U.S. Bancorp Piper Jaffray Inc. The Company has purchased marketable securities during 2000 in transactions through brokerage firms, including U.S. Bancorp Piper Jaffray Inc. In the opinion of the Board, Mr. Sirianni is independent of management and his business relationship with the Company, which is not material, would not interfere with his exercise of independent judgement as an Audit Committee member.

The Company expects to continue to utilize the brokerage services of U.S. Bancorp Piper Jaffray Inc. during 2001. The Company believes that the terms and conditions of its relationship with U.S. Bancorp Piper Jaffray Inc. are as favorable as those that could have been obtained from other entities providing similar services.

BOARD REPORT ON EXECUTIVE COMPENSATION

Decisions on executive compensation are made by the Board of Directors. There is no separate compensation committee. Salaries and bonus compensation are reviewed annually at or near the end of the Company's fiscal year.

Historically the Company has maintained salaries at a level that is considered to be below salaries for executives of comparable companies. This provides a more conservative approach to base compensation if the Company

Edgar Filing: NATIONAL PRESTO INDUSTRIES INC - Form DEF 14A

experiences significant adverse operating results that the Board of Directors believes should result in a reduction in total compensation. Salaries historically have been supplemented by amounts characterized as bonus compensation, which is paid in cash as described in the above table. The Board considers, however, salaries and bonuses together to determine if total compensation, irrespective of how characterized, is reasonably related to the services provided.

The Company has not relied upon stock incentives as a principal part of its compensation program for its executives. However, the Company has made available stock purchase arrangements for executive officers. The last such arrangement for any of the executive officers named in the foregoing table was in 1997.

The Board believes that the total salary and bonus compensation paid to its executives is appropriate in relationship to the size and nature of the Company's business, total compensation of other executives of similar businesses, the longevity of such officers' service with the Company, the limited number of senior executives employed by the Company and the results that have been achieved by its management group (bonuses are not based upon a percentage or other formula utilizing revenues, income or other financial data as predicates). No compensation or other consultant has been retained by the Board to evaluate executive compensation. The Board does consider, however, data generally made available on executive compensation by such organizations.

The Company has utilized the salary and discretionary bonus approach described about for more than 25 years and no change in this compensation approach is currently being considered. Because of their substantial stock ownership, the interests of Mr. Cohen and Ms. Cohen, the Company's two senior officers, are substantially related to the interests of all stockholders. Mr. Bartl also has material stock interests in relation to his compensation level. Further, stock-based compensation is not deemed by the Board to be necessary or appropriate.

8

13

The basis for the compensation of Ms. Cohen as President and Chief Executive Officer is determined in the same manner as the compensation for the other executive officers. The Board considered, in establishing Ms. Cohen's compensation, her demonstrated competence over many years, the scope of responsibilities assumed and her expertise in a variety of significant niches within the business. No specific weight was assigned to any of these factors and, as in the case of other executives, no formula is utilized for determining bonus compensation.

In 1993, Section 162(m) of the Internal Revenue Code was adopted which, beginning in 1994, imposes an annual deduction limitation of \$1.0 million on the compensation of certain executive officers of publicly held companies. The Board of Directors does not believe that the Section 162(m) limitation will materially affect the Company in the near future based on the level of the compensation of the executive officers. If the limitation would otherwise apply, the Board of Directors could defer payment of a portion of the bonus to remain under the \$1.0 million annual deduction limitation.
