PROXY STATEMENT FOR 2004 ANNUAL MEETING OF SHAREHOLDERS

PROCEDURAL MATTERS

General

The enclosed Proxy is solicited on behalf of BSQUARE CORPORATION, a Washington corporation (the Company), for use at the 2004 Annual Meeting of Shareholders (the Annual Meeting) to be held on April 29, 2004 at 10:00 a.m., local time, and at any adjournment thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting of Shareholders. The Annual Meeting will be held at the Company's principal executive offices at 3150 139th Avenue S.E., Suite 500, Bellevue, Washington 98005. The Company's telephone number at its principal business office is (425) 519-5900.

These proxy solicitation materials were mailed on or about April 5, 2004 to all shareholders entitled to vote at the Annual Meeting.

Record Date and Principal Share Ownership

Only shareholders of record at the close of business on February 25, 2004 (the Record Date) are entitled to receive notice of and to vote at the Annual Meeting. The only outstanding voting securities of the Company are shares of Common Stock, no par value. As of the Record Date, 37,607,723 shares of the Company's Common Stock were issued and outstanding, held by 155 shareholders of record. See Security Ownership of Principal Shareholders, Directors and Management below for information regarding beneficial owners of more than five percent of the Company's Common Stock.

Revocability of Proxies

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time prior to its use by delivering to the Secretary of the Company a written instrument revoking the proxy or a duly executed proxy bearing a later date or by attending the Annual Meeting and voting in person.

Voting and Solicitation

Each holder of Common Stock is entitled to one vote for each share held.

This solicitation of proxies is made by the Company, and all related costs will be borne by the Company. In addition, the Company may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation material to such beneficial owners. Proxies may also be solicited by certain of the Company's directors, officers and other employees, without additional compensation, personally or by telephone.

Quorum; Abstentions; Broker Non-Votes

At the Annual Meeting, inspectors of election will determine the presence of a quorum and tabulate the results of the voting by shareholders. A quorum exists when holders of a majority of the total number of outstanding shares of Common Stock that are entitled to vote at the Annual Meeting are present at the Annual Meeting in person or by proxy. A quorum is necessary for the transaction of business at the Annual Meeting. Abstentions and broker non-votes will be included in determining the presence of a quorum at the Annual Meeting. Broker non-votes occur when a person holding shares in street name, meaning through a bank or brokerage account, does not provide instructions as to how his or her shares should be voted and the bank or broker does not have discretion to vote those shares or, if the bank or broker has discretion to vote such shares, does not exercise such discretion. The three nominees for election to the Board of Directors who receive the greatest number of votes cast for the election of directors by the shares present, in person or by proxy, will be elected to the Board of Directors. For the election of directors,

Table of Contents

abstentions and broker non-votes will have the effect of neither a vote for nor a vote against the nominee, and thus will have no effect on the outcome. Shareholders are not entitled to cumulate votes in the election of directors. If a quorum is present, approval of all other matters that properly come before the meeting requires that the votes cast in favor of such actions exceed the votes cast against such actions.

All shares entitled to vote and represented by properly executed, unrevoked proxies received prior to the Annual Meeting will be voted at the Annual Meeting in accordance with the instructions indicated on those proxies. If no instructions are indicated on a properly executed proxy, the shares represented by that proxy will be voted *for* the election of the three Class I directors nominated by the Board of Directors.

If any other matters are properly presented for consideration at the Annual Meeting, including, among other things, consideration of a motion to adjourn the Annual Meeting to another time or place (including, without limitation, for the purpose of soliciting additional proxies), the persons named in the enclosed proxy and acting thereunder will have discretion to vote on those matters in accordance with their best judgment. The Company does not currently anticipate that any other matters will be raised at the Annual Meeting.

Deadline for Receipt of Shareholder Proposals

Shareholders are entitled to present proposals for action at a forthcoming meeting if they comply with the requirements of the proxy rules promulgated by the Securities and Exchange Commission (the "SEC"). Proposals of shareholders of the Company intended to be presented for consideration at the Company's 2005 Annual Meeting of Shareholders must be received by the Company no later than December 3, 2004 in order that they may be considered for inclusion in the proxy statement and form of proxy relating to that meeting.

In addition, the Company's Bylaws establish an advance notice procedure with regard to certain matters, including shareholder proposals not included in the Company's proxy statement, to be brought before an annual meeting of shareholders. In general, nominations for the election of directors may be made by: (i) the Board of Directors or a committee appointed by the Board of Directors, or (ii) any shareholder entitled to vote who has delivered written notice to the Secretary of the Company 90 days prior to the date one year from the date of the immediately preceding annual meeting of shareholders (or, with respect to an election of directors to be held at a special meeting, the close of business on the tenth day following the date on which notice of such meeting is first given to shareholders), which notice must contain specified information concerning the nominees and concerning the shareholder proposing such nominations. The Company's Bylaws also provide that the only business that shall be conducted at an annual meeting is business that is brought before such meeting: (i) by or at the direction of the Board of Directors, or (ii) by any shareholder entitled to vote who has delivered written notice to the Secretary of the Company 90 days prior to the date one year from the date of the immediately preceding annual meeting of shareholders, which notice must contain specified information concerning the matters to be brought before such meeting and concerning the shareholder proposing such matters. Accordingly, shareholders who intend to present a proposal at the Company's 2005 Annual Meeting of Shareholders without inclusion of such proposal in the Company's proxy materials are required to provide proper notice of such proposal to the Company no later than January 29, 2005. A copy of the full text of the Bylaw provisions discussed above may be obtained by writing to the Secretary of the Company. All notices of proposals by shareholders, whether or not included in the Company's proxy materials, should be sent to BSQUARE CORPORATION, 3150 139th Avenue S.E., Suite 500, Bellevue, Washington 98005, Attention: Secretary.

The Board of Directors has adopted additional requirements specifically with respect to shareholder nominations for the election of directors. See Corporate Governance Director Nomination Process.

Table of Contents**Security Ownership of Principal Shareholders, Directors and Management**

The following table sets forth certain information regarding the beneficial ownership of Common Stock of the Company as of December 31, 2003 as to:

each person who is known by the Company to own beneficially more than five percent of the outstanding shares of Common Stock;

each director and each nominee for director of the Company;

each of the named executive officers shown in the summary compensation table in Information Regarding Executive Officer Compensation below; and

all directors and executive officers of the Company as a group.

Beneficial ownership is determined in accordance with the rules of the SEC. For purposes of calculating the number of shares beneficially owned by a shareholder and the percentage ownership of that shareholder, shares of Common Stock subject to options that are currently exercisable or exercisable within 60 days of December 31, 2003 by that shareholder are deemed outstanding. These options are listed below under the heading Number of Shares Underlying Options Exercisable On or Prior to February 29, 2004 and are not treated as outstanding for the purpose of computing the percentage ownership of any other shareholder. This table is based on information supplied by officers, directors, principal shareholders and filings made with the SEC. Percentage ownership is based on 37,607,723 shares of Common Stock outstanding as of February 25, 2004.

Unless otherwise noted below, the address for each shareholder listed below is: c/o BSQUARE Corporation, 3150 139th Avenue S.E., Suite 500, Bellevue, Washington 98005. PROPOSAL ONE

ELECTION OF DIRECTORS

General

The Company currently has authorized seven directors; however, the Company's Board of Directors is currently comprised of six members and one Board seat remains vacant. The Board of Directors intends to leave the remaining seat vacant until an appropriate individual is identified and elected by the Board of Directors. The Board of Directors is divided into three classes with overlapping three-year terms. A director serves in office until his or her respective successor is duly elected and qualified unless the director is removed, resigns or by reason of death or other cause is unable to serve in the capacity of director. When the vacant Board seat is filled, such director will be a Class III director. Any additional directorships resulting from an increase in the number of directors will be distributed among the three classes so that, as nearly as possible, each class will consist of an equal number of directors. Set forth below is certain information furnished to the Company by the director nominees and by each of the incumbent directors whose terms will continue following the Annual Meeting. There are no family relationships among the Company's directors and officers.

Nominees For Directors

Three Class I directors are to be elected at the Annual Meeting for three-year terms ending in 2007. The Board of Directors has nominated Scot E. Land, William L. Larson and Elliott H. Jurgensen, Jr. for election as Class I directors.

Unless otherwise instructed, the proxy holders will vote the proxies received by them for Messrs. Land, Larson and Jurgensen. The proxies cannot be voted for more than three nominees. Messrs. Land, Larson and Jurgensen are current directors of the Company, and each has indicated that he will serve if elected. The Company does not anticipate that either Mr. Land, Mr. Larson or Mr. Jurgensen will be unable or unwilling to stand for election, but if that occurs, all proxies received will be voted by the proxy holders for another person or persons nominated by the Board of Directors.

Vote Required for Election of Directors

If a quorum is present and voting, the three nominees for election to the Board of Directors who receive the greatest number of votes cast for the election of directors by the shares present, in person or by proxy, will be elected to the Board of Directors.

CORPORATE GOVERNANCE

Board Independence

The Board of Directors has determined that, after consideration of all relevant factors, Messrs. Howse, Jurgensen, Land and Larson, constituting a majority of the Company's Board of Directors, qualify as independent directors as defined under applicable rules of The Nasdaq Stock Market, Inc. ("Nasdaq") and that such directors do not have any relationship with the Company that would interfere with the exercise of their independent business judgment.

Standing Committees and Attendance

The Board of Directors of the Company held a total of 10 meetings during 2003. The Board of Directors has an Audit Committee, a Compensation Committee, a Strategic Planning Committee and an IPO Litigation Committee. The Board of Directors currently has no nominating committee or similar committee performing such functions.

The Audit Committee currently consists of Messrs. Howse (Committee Chairman), Land and Jurgensen. The Board of Directors has determined that, after consideration of all relevant factors, Messrs. Howse, Jurgensen and Land qualify as independent directors under applicable rules of Nasdaq and the Securities and Exchange Commission (the "SEC"). Each member of the Audit Committee is able to read and understand fundamental financial statements, including the Company's balance sheets, statements of operations and statements of cash flow. Further, no member of the Audit Committee has participated in the preparation of the financial statements of the Company or any current subsidiary of the Company at any time during the past three years. The Board of Directors has designated Mr. Jurgensen as the Audit Committee financial expert as defined under applicable SEC rules, who also is therefore deemed to possess the requisite financial sophistication required under applicable Nasdaq rules. The Board of Directors of the Company adopted a written amended and restated Audit Committee Charter on March 25, 2004, a copy of which is attached to this proxy statement as Appendix A. The Audit Committee is responsible for overseeing the Company's independent auditors, including their selection, retention and compensation, reviewing and approving the scope of audit and other services by the Company's independent auditors, reviewing the accounting principles, policies, judgments and assumptions and auditing practices and procedures to be used for the Company's financial statements and reviewing the results of the Company's audits. The Audit Committee is also responsible for reviewing the adequacy and effectiveness of the Company's internal controls and procedures, including risk management, establishing procedures regarding complaints concerning accounting or auditing matters, reviewing and approving

Table of Contents

related-party transactions, and reviewing compliance with the Company's Code of Business Conduct and Ethics. The Audit Committee held four regular meetings and two special meetings during 2003.

The Compensation Committee currently consists of Messrs. Land (Committee Chairman), Larson and Jurgensen. The Board of Directors has determined that, after consideration of all relevant factors, Messrs. Land, Jurgensen and Larson qualify as independent and non-employee directors under applicable Nasdaq and SEC rules, respectively, and qualify as outside directors pursuant to the Internal Revenue Code and the regulations promulgated thereunder. The Board of Directors of the Company adopted a written Compensation Committee Charter on March 25, 2004, a copy of which is attached to this proxy statement as Appendix B. The Compensation Committee approves the general compensation policies of the Company as well as the compensation plans and specific compensation levels for executive officers. The Compensation Committee did not hold any meetings in 2003 but acted by unanimous written consent on one occasion.

The Strategic Planning Committee currently consists of Messrs. Bibeault, Howse, Jurgensen, Land and Larson. The Company has been considering alternative debt or equity financing sources to fund the research and development, manufacturing, marketing and distribution expenses associated with the Company's Power Handheld device, and the Company has initiated steps to seek additional debt or equity financing sources. Some of these alternatives would involve the creation of a subsidiary in which certain of our current or former officers and directors could have a financial interest. In November 2003, the Board of Directors established a Strategic Planning Committee consisting of Messrs. Bibeault, Howse, Jurgensen, Land and Larson, none of whom would have a direct financial interest in the subsidiary and/or potential outside financing. The Strategic Planning Committee has been charged with broad responsibility for evaluating and reviewing all issues concerning the most advantageous way to finance the expenses associated with the Company's Power Handheld device while maximizing value for the Company and its shareholders.

The IPO Litigation Committee currently consists of Messrs. Jurgensen and Howse. As previously disclosed in the Company's filings with the Securities and Exchange Commission, the Company and certain of its current and former officers and directors were named as defendants in a consolidated class action lawsuit alleging violations of the federal securities laws in connection with the Company's initial public offering. In May 2003, the Board of Directors established a special IPO Litigation Committee consisting of Messrs. Jurgensen and Howse, neither of whom was a defendant in the class action litigation. The IPO Litigation Committee has the sole authority to review any proposed agreement to settle the class action litigation on behalf of the Company and to decide whether or not the Company should enter into or reject any proposed settlement.

No director attended fewer than 75% of the aggregate of the meetings of the Board of Directors and committees thereof, if any, upon which such director served during the period for which he has been a director or committee member.

Director Nomination Process

Given the size of the Company's Board of Directors, the Board has determined that nomination responsibilities should be handled by the entire Board of Directors. The Company's goal is to assemble a Board that brings to the Company a variety of perspectives and skills derived from high quality business and professional experience. In making its determinations, the Board considers such factors as it deems appropriate to develop a Board and committees that are diverse in nature and comprised of experienced and seasoned advisors. These factors may include judgment, knowledge, skill, diversity (including factors such as race, gender or experience), integrity, experience with businesses and other organizations of comparable size, including experience in software products and services, business, finance, administration or public service, the interplay of a candidate's experience with the experience of other Board members, familiarity with national and international business matters, experience with accounting rules and practices, the desire to balance the considerable benefit of continuity with the periodic injection of the fresh perspective provided by new members and the extent to which a candidate would be a desirable addition to the Board and any committees of the Board. In addition, directors are expected to be

Table of Contents

able to exercise their best business judgment when acting on behalf of the Company and its shareholders, act ethically at all times and adhere to the applicable provisions of the Company's Code of Business Conduct and Ethics. Other than consideration of the foregoing, there are no stated minimum criteria, qualities or skills for director nominees, although the Board may also consider such other factors as it may deem are in the best interests of the Company and its shareholders. The Board does, however, believe it is preferable that more than one member of the Board meet the criteria for an audit committee financial expert as defined by applicable SEC rules, and that a majority of the members of the Board meet the definition of independent director under applicable Nasdaq rules.

The Board identifies nominees by first evaluating the current members of the Board willing to continue in service. Current members of the Board with skills and experience that are relevant to the Company's business and who are willing to continue in service are considered for re-nomination, balancing the value of continuity of service by existing members of the Board with that of obtaining a new perspective. The Board will also take into account an incumbent director's performance as a Board member. If any member of the Board does not wish to continue in service, if the Board decides not to re-nominate a member for re-election, or if the Board decides to recommend that the size of the Board be increased, the Board shall identify the desired skills and experience of a new nominee in light of the criteria described above. Current members of the Board and management are polled for suggestions as to individuals meeting the Board's criteria. Research may also be performed to identify qualified individuals. To date, the Company has not engaged third parties to identify, evaluate or assist in identifying potential nominees, although the Company reserves the right in the future to retain a third party search firm, if appropriate.

It is the policy of the Board of Directors of the Company to consider suggestions for persons to be nominated for director that are submitted by shareholders. The Board will evaluate shareholder suggestions for director nominees in the same manner as it evaluates suggestions for director nominees made by management, then-current directors or other sources. Shareholders suggesting persons as director nominees should send information about a proposed nominee to the Corporate Secretary at the Company's address at least 120 days prior to the anniversary of the mailing date of the prior year's proxy statement. This information should be in writing and should include a signed statement by the proposed nominee that he or she is willing to serve as a director of the Company, a description of the nominee's relationship to the shareholder and any information that the shareholder feels will fully inform the Board about the proposed nominee and his or her qualifications. The Board may request further information from the proposed nominee and the nominating shareholder (including proof of ownership and holding period) and may also seek the consent of both the nominee and the nominating shareholder to be identified in the Company's proxy statement. The Company has not received any recommendations from shareholders of director candidates for the Annual Meeting.

Compensation Committee Interlocks and Insider Participation

No interlocking relationship exists between any member of the Company's Board of Directors or Compensation Committee and any member of the Board of Directors or Compensation Committee of any other company, nor has any such interlocking relationship existed in the past.

Compensation of Directors

The Company has established a compensation plan to attract and retain qualified non-employee directors to serve on the Company's Board of Directors. If the non-employee director meets certain attendance requirements, the Company will pay annual cash fees of \$16,000 to directors who do not serve on any Board committees, \$20,000 to directors who serve on any Board committee other than the Audit Committee, and \$24,000 to directors who serve on the Audit Committee. In addition, all directors are reimbursed for reasonable expenses incurred in attending Board of Directors and committee meetings. As compensation for his services as Chairman of the Board, Mr. Bibeault receives \$2,083 per month.

Table of Contents

Each newly elected non-employee director also receives, as of the date of his or her election, an option under the Company's amended and restated stock option plan to purchase 100,000 shares of the Company's Common Stock at an exercise price equal to the closing price of the Company's Common Stock on the date of the grant. These options vest quarterly over a two-year period.

In the fourth quarter of 2003, the Board of Directors approved on-going scheduled grants of options under the Company's amended and restated stock option plan to each non-employee director. Options to purchase 12,500 shares and 25,000 shares of the Company's Common Stock are to be granted each fiscal quarter to all non-employee directors and to Mr. Bibeault as the Chairman of the Board, respectively, at an exercise price equal to the closing price of the Company's Common Stock on the date of grant. These options shall vest quarterly over a two-year period.

Compensation Committee Report on Executive Compensation

The following is the Report of the Compensation Committee of the Company describing the compensation policies and rationale applicable to the Company's executive officers with respect to the compensation paid to such executive officers for the year ended December 31, 2003. The information contained in the report shall not be deemed to be soliciting material or to be filed with the SEC and such information shall not be incorporated by reference into any future filing under the Securities Act of 1933, as amended (the Securities Act), or the Securities Exchange Act of 1934, as amended (the Exchange Act), except to the extent that the Company specifically incorporates it by reference into such filing.

The Board of Directors of the Company adopted a written Compensation Committee Charter on March 25, 2004, a copy of which is attached to this proxy statement as Appendix B. During 2003, the Compensation Committee of the Board of Directors was comprised of three non-employee and independent directors (under applicable SEC and Nasdaq rules and regulations), Messrs. Land, Jurgensen and Larson. The Committee evaluates the general compensation policies of the Company and approves the compensation plans and specific compensation levels for executive officers. The Committee seeks to provide compensation that enables the Company to attract and retain employees who contribute to the success of the Company and maximize shareholder value. Compensation for executive officers is determined according to the criteria described below.

Compensation

The Compensation Committee establishes the salaries and incentive compensation plans of the executive officers by considering (i) the salaries of executive officers in similar positions at comparably-sized peer companies, (ii) the Company's financial performance and (iii) the achievement of individual performance goals related to each executive officer's duties and areas of responsibility.

Equity-Based Compensation

The Compensation Committee views stock options as an important part of the Company's long-term, performance-based compensation program. The Committee bases grants of stock options to the executive officers of the Company under the Company's amended and restated stock option plan upon the Committee's estimation of each executive's expected contribution to the long-term growth and profitability of the Company. The amended and restated stock option plan is intended to provide additional incentives to the executive officers to maximize shareholder value. Options are generally granted under the amended and restated stock option plan at the then-current market price and are generally subject to two- to four-year vesting periods to encourage key employees to remain with the Company.

Compensation of the President and Chief Executive Officer

The annual compensation for both William T. Baxter, the Company's President and Chief Executive Officer until July 2003, and Brian T. Crowley, the Company's President and Chief Executive Officer thereafter, was approved by the Board of Directors upon recommendation by the Compensation Committee, after considering several factors, including corporate revenue and operating results and goals, the Company's progress in new product development and their contributions to the Company's strategic focus, market position and brand development. No set formula was used for this determination, and no particular function was weighted more or less than any other.

Summary

The Compensation Committee believes that the Company's compensation policies have been successful in attracting and retaining qualified employees and in linking compensation to corporate performance relative to the Company's goals. The Company's compensation policies will evolve over time as the

Company moves to attain its near-term goals while maintaining its focus on building long-term shareholder value.

Audit Committee Report

The Board of Directors of the Company adopted a written amended and restated Audit Committee Charter on March 25, 2004, a copy of which is attached to this proxy statement as Appendix A. All members of the Audit Committee are independent as defined under applicable Nasdaq and SEC rules and regulations. Each member of the Audit Committee is able to read and understand fundamental financial statements, including the Company's balance sheets, statements of operations and statements of cash flow. Further, no member of the Audit Committee has participated in the preparation of the financial statements of the Company or any current subsidiary of the Company at any time during the past three years. The Board of Directors of the Company has designated Mr. Jurgensen as the audit committee financial expert as defined under applicable SEC rules and has determined that Mr. Jurgensen therefore possesses the requisite financial sophistication under applicable Nasdaq rules.

The Audit Committee has reviewed and discussed with the Company's management and the Company's independent auditors the audited financial statements of the Company contained in the Company's Annual Report on Form 10-K for the year ended December 31, 2003. The Audit Committee has also discussed with the Company's independent auditors the matters required to be discussed pursuant to SAS 61 (Codification of Statements on Auditing Standards, Communication with Audit Committees).

The Audit Committee has received and reviewed the written disclosures and the letter from the Company's independent auditors required by Independence Standards Board Standard No. 1 (titled Independence Discussions with Audit Committees), has discussed with the Company's independent auditors such independent auditors' independence, and has concluded that the non-audit services provided by the independent auditors were subject to prior approval, were appropriate and did not compromise independence.

Based on the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2003, filed with the SEC.

Option Grants in 2003

The following table sets forth certain information with respect to stock options granted to each of the Company's named executive officers during the year ended December 31, 2003. In accordance with the rules of the SEC, also shown below is the potential realizable value over the term of the option, the period from the grant date to the expiration date, based on assumed rates of stock appreciation of 5% and 10%, compounded annually. These rates are mandated by the SEC and do not represent the Company's estimate of future stock price. Actual gains, if any, on stock option exercises will depend on the future performance of the Company's Common Stock. In the year ended December 31, 2003, the Company granted options to acquire up to an aggregate of 3,063,058 shares of Common Stock to employees, all under the Company's amended and restated stock option plan and all at an exercise price equal to the fair market value of the Company's Common Stock on the date of grant.

original plans. All of the acquired options have been adjusted to reflect the price and share conversions under the terms of the agreements between the Company and the companies acquired. The acquired options generally become exercisable over a four-year period and generally expire ten years from the date of grant. The Company does not intend to grant additional options under these assumed plans.

Employee Benefit Plans

Stock Option Plans

The Company has an amended and restated stock option plan pursuant to which options to purchase Common Stock are granted to the Company's officers, directors, employees and consultants. The number of shares of the Company's Common Stock reserved for issuance under the plan automatically increases each year by an amount equal to the lesser of (A) four percent (4%) of the Company's outstanding shares at the end of the previous fiscal year, (B) an amount determined by the Company's Board of Directors or (C) 1,500,000 shares (subject to adjustment as set forth in the plan in the event of a stock split, stock dividend or similar event).

The stock option plan provides for the granting to the Company's employees, including officers and directors, of incentive stock options within the meaning of Section 422 of the Internal Revenue Code of 1986 and for the granting to employees, consultants and non-employee directors of nonstatutory stock options. If an optionee would have the right in any calendar year to exercise for the first time incentive stock options for shares having an aggregate fair market value (determined for each share as of the date the option to purchase the shares was granted) in excess of \$100,000, any such excess options shall be treated as nonstatutory stock options. Unless terminated earlier by the Company's Board of Directors, the plan will terminate in May 2007.

The stock option plan may be administered by the Company's Board of Directors or a committee of the Board. The Company's Board of Directors or a committee thereof determines the terms of each option granted under the stock option plan, including the number of shares subject to an option, exercise price, vesting schedule and duration. The exercise price of all incentive stock options granted under the stock option plan cannot be less than the fair market value of the Company's Common Stock on the date of grant and, in the case of incentive stock options granted to holders of more than 10% of the Company's voting power, not less than 110% of the fair market value. Generally, options granted under the stock option plan have a term of ten years, vest over a two- or four-year period, and are nontransferable. Payment of the exercise price of options may be made in cash or other consideration as determined by the Company's Board of Directors or a committee thereof. The Company's Board of Directors has the authority to amend or terminate the stock option plan as long as such action does not adversely affect any outstanding option and provided that shareholder approval for any amendments to the stock option plan shall be obtained to the extent required by applicable rules, regulations and laws.

The Company also has outstanding options granted to employees of two of the Company's subsidiaries under plans assumed in connection with the acquisition of such companies. Such options are administered as if issued under their original plans. All of the acquired options have been adjusted to reflect the price and share conversions under the terms of the agreements between the Company and the companies acquired. The acquired options generally become exercisable over a four-year period and generally expire ten years from the date of grant. The Company does not intend to grant additional options under these assumed plans.

Finally, the Company has a 2000 non-qualified stock option plan. Under this plan, the Board of Directors may grant non-qualified stock options to the Company's directors, employees and consultants at a price determined by the Board. Options have a term of up to 10 years and vest over a schedule determined by the Board of Directors, generally over four years.

(1) Plan assumed in connection with acquisition transactions. Such options are administered as if issued under their original plans. The Company does not intend to grant additional options under these assumed plans.
401(k) Plan

The Company maintains a tax-qualified employee savings and retirement plan for eligible U.S. employees. Eligible employees may elect to defer a percentage of their eligible compensation in the 401(k) plan, subject to the statutorily prescribed annual limit. The Company may make matching contributions on behalf of all participants in the 401(k) plan in the amount equal to one-half of the first 6% of an employee's contributions. Matching contributions are subject to a vesting schedule; all other contributions are at all times fully vested. In September 2003, the Company ceased making matching contributions. The Company intends the 401(k) plan to qualify under Sections 401(k) and 501 of the Internal Revenue Code so that contributions by employees or the Company to the 401(k) plan and income earned, if any, on plan contributions are not taxable to employees until withdrawn from the 401(k) plan, and so that the Company will be able to deduct its contributions when made. The trustee of the 401(k) plan, at the direction of each participant, invests the assets of the 401(k) plan in any of a number of investment options.

Employment Agreements and Change of Control Arrangements

The Company has an agreement with each of Scott Mahan, the Company's Vice President, Finance & Operations, Chief Financial Officer, Secretary and Treasurer, and Carey E. Section 16(a) of the Exchange Act requires the Company's executive officers and directors and persons who own more than ten percent of a registered class of the Company's equity securities to file reports of ownership on Form 3 and changes in ownership on Form 4 and Form 5 with the SEC.
