CORPORATE GOVERNANCE AND NOMINATION COMMITTEE PROCESS FOR IDENTIFYING AND EVALUATING NOMINEES

The Corporate Governance and Nominating Committee (the "Committee") is responsible for recommending candidates for membership on the Board. In assessing potential new directors, the Committee considers individuals from various disciplines and diverse backgrounds. Board candidates are considered based upon various criteria, such as their broad-based business skills and experiences, a global business and social perspective, concern for the long-term interests of the shareholders, and personal integrity and judgment. In addition, directors must have time available to devote to Board activities and to enhance their knowledge of Handleman Company and the music industry. To assist in the identification and evaluation of qualified director candidates, on occasion the services of a search firm have been engaged. Under Appendix B see Corporate Governance Guideline 23 for "Board Membership Criteria" and Guideline 24 for "Identifying New Director Candidates/Extending Invitations to the Board".

Refer to "How do I recommend someone to be a Director for the 2005 Annual Meeting" under "General Information About the Meeting and Voting" on page 38 of this Proxy Statement for procedures by which shareholders may submit nominees to the Board.

BOARD COMPENSATION

Officers of the Company who are Directors do not receive additional compensation for services as a Director.

During fiscal 2004, non-employee Directors received annual retainers of \$25,000. To encourage non-employee Directors to own Company shares, Directors receive a portion of their retainer in the Company's Common Stock each year. During fiscal 2004, non-employee Directors received annual retainers of \$12,500 in restricted stock with 100% vesting after one year and \$12,500 in cash payable in four quarterly installments of \$3,125.

Each Director received meeting fees of \$1,500 for each Board of Directors meeting attended. In addition, each member on a committee was paid at the rate of \$1,500 for each committee meeting attended, except that the Audit Committee Chairman received Audit Committee meeting fees of \$2,500 for each meeting attended. Non-committee Directors who are requested in advance to participate in any committee meeting are also paid the committee meeting fee.

During fiscal year 2004 each committee Chairman received an annual fee of \$3,500. Directors are reimbursed for travel and other expenses related to attendance at Board and committee meetings.

In addition, during fiscal year 2004 the Presiding Director, Lloyd E. Reuss, received an annual fee of \$6,000.

The 2001 Stock Option and Incentive Plan allows stock option grants to non-employee Directors. In addition, non-employee Directors receive a one time stock grant of 500 shares when first joining the

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

Board. This grant vests 100% three years from the date the Director first joins the Board.

The Company has approved a Deferral Plan for payment of Director fees that permits members of the Board of Directors to elect to defer to a future date all or any portion of their Director fees (including retainer fees, attendance fees and committee fees), with interest to be added to deferred amounts with interest at a rate equal to the Company's borrowing cost.

Under resolutions of the Board of Directors presently in effect, if a Corporate, Division or Subsidiary Officer should die while serving in such capacity, the Company will pay to the surviving spouse, or if there is no surviving spouse then to the deceased's estate, the equivalent of one year's salary (excluding bonuses) based upon the amount being received by the deceased at the time of his or her death, in 24 equal monthly installments commencing one month after death. In the event a Director should die while serving the Company in such position, the Company shall pay to the deceased's surviving spouse, or if there be no surviving spouse to the deceased's estate, the equivalent of one year's cash retainer plus any accrued but unpaid Board and committee meeting

8

fees that the deceased was entitled to receive for such services from the Company at the time of his or her death, such amount to be paid in a lump sum one month from the date of death. In addition, the Director's restricted stock retainer that the deceased received for services to the Company shall immediately vest.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

There are no matters relating to certain relationships and related transactions that would be applicable to Handleman Company.

SECTION 16 (a) BENEFICIAL OWNERSHIP REPORTING REQUIREMENTS

Federal securities law requires that Directors and Executive Officers of the Company must report to the Securities and Exchange Commission and the Company, within certain periods, the number of shares of the Company's equity securities they own and any changes in such ownership. Based upon information furnished by the Directors and Executive Officers, all required Section 16(a) filings for fiscal year 2004 have been made in a timely manner.

COMPENSATION COMMITTEE REPORT

THE COMPENSATION COMMITTEE

The Compensation Committee (the "Committee") is composed only of independent Directors as defined by the requirements of the New York Stock Exchange and the Company's Corporate Governance Guidelines. The Committee exercises the Board's powers in designing and approving compensation programs for the Company. The Committee makes every effort to see that the Company's compensation program is consistent with the values of the Company and furthers its business strategy. The Committee establishes the compensation policy for the Company's executives and reviews the salaries, bonuses and stock incentives of each of the Executive Officers including the Chief Executive Officer. The Committee will administer the 2004 Stock Plan, if it is approved, and it administers the Company's 2001 Stock Option and Incentive Plan and prior stock option plans. A copy of the Compensation Committee Charter is attached as Appendix E to this Proxy Statement.

OVERALL OBJECTIVES

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

The Company's compensation objectives reflect its philosophy that the compensation of its key employees (including Executive Officers) should:

- Provide performance-based total compensation at market-competitive levels to attract and retain key executives critical to the long-term success of the Company;
- Reward executives for long-term strategic management and the enhancement of shareholder value;
- Provide a compensation program that motivates key employees to achieve their strategic goals by tying compensation to the performance of the Company and applicable business units, as well as to individual performance; and
- Align the interests of its key employees with the long-term interests of the Company's shareholders through the award of stock incentives.

The compensation packages offered to key employees are based on the review of compensation surveys and the advice of compensation consultants. In assessing salary levels from a comparability standpoint, the Committee refers to compensation surveys based on different groups of corporations with approximately the same sales volume as the Company.

9

BASE SALARIES

Compensation depends on many factors, including individual performance and responsibilities and an employee's longer term potential. The Company's financial performance and the compensation levels at comparable companies are important in determining base salaries.

Factors considered in establishing base salaries are:

- Analysis and evaluation of each salaried position with a comparison of compensation levels predicated on responsibilities of similar positions based upon the competitive marketplace on both a regional and national basis. Salary levels are reviewed annually and are subject to adjustment based on the general movement in salaries in the job market, as well as the individual's job performance and contributions to the Company;
- Prior year salary;
- Changes in individual job responsibilities; and
- Past performance of individuals.

BONUSES

The Company's bonus program is intended to encourage and reward the achievement of corporate objectives. The named Executive Officers participate in the bonus program. Awards under the bonus program during fiscal 2004 were based on the Company attaining certain levels of operating performance, net income and cash flow. In fiscal 2004, Mr. Braum received bonuses based on the overall performance of the Company in terms of net income and return on invested capital. In fiscal 2004, Messrs. Lopez, Sausa and Albrecht received bonuses based on the operating performance and return on invested capital of their

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

individual business units and the consideration of personal objectives.

STOCK PLANS

The Company's shareholders approved the adoption of the Handleman Company 2001 Stock Option and Incentive Plan (the "Plan") that authorizes the granting of stock options, performance shares and restricted stock.

The Committee believes that stock ownership by key employees (including Executive Officers) and stock-based performance compensation arrangements foster an interest in the enhancement of shareholder value and thus align management's interests with that of the shareholders. In fiscal 2004, stock options, restricted stock and performance shares were awarded to key employees in amounts reflecting the participant's position and ability to influence the Company's overall performance.

The Committee's policy has been to utilize vesting periods to encourage key employees to continue in the employ of the Company, and to grant options to provide a long-term incentive. The exercise price of the options is based on the fair market value of the underlying shares on the date of the grant. Thus, such options have value only if the price of the underlying shares increases.

The Committee reviewed the long-term incentives available to key employees from the perspective of market competitiveness and value. The Committee also looked at how to more closely align the Company's long-term incentive awards with the creation of shareholder value. The Committee determined that the overall effectiveness and value of the Plan is strengthened by the addition of performance shares. Performance shares provide a strong link between pay and performance. The number of shares that key employees would receive from the fiscal 2004 performance share grant will be based on certain free cash flow targets being achieved by April 29, 2006.

STOCK OWNERSHIP PROGRAM

Handleman Company has adopted certain minimum ownership guidelines for key management and Directors. For the Chief Executive Officer, it is expected that he own shares having a value equal to three times base salary. For other executive officers the value of shares they are expected to own is two times base salary. The Company has also adopted minimum stock ownership guidelines for outside Directors. Each outside Director is expected to own Handleman Company stock equivalent to a market price equal to three times the annual cash and stock retainer. Outside Directors are expected to meet the share ownership guidelines five years after first being elected a Director.

The Chief Executive Officer and all outside Directors with five years of service have met their ownership requirement as of the Company's fiscal year ended May 1, 2004.

OTHER COMPENSATION

At various times in the past, the Company has adopted certain broad-based employee benefit plans in which key management employees have been permitted to participate and has adopted certain Executive Officer retirement, life and health insurance and automotive plans. Other than the Company's 401(k) Plan, which includes a Company Common Stock Fund which is intended to further align employees' and shareholders' long-term financial interests, benefits under these plans are not directly or indirectly tied to Company performance.

CHIEF EXECUTIVE OFFICER COMPENSATION

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

The annual base salary earned in fiscal 2004 by Stephen Strome, the Company's Chief Executive Officer, was \$642,300. Compensation for the Chief Executive Officer is determined through a process similar to that discussed for other Executive Officers. Mr. Strome was paid a bonus of \$300,000 in fiscal 2004 based on the overall performance of the Company in terms of net income and return on invested capital. In fiscal 2004, Mr. Strome was awarded a nonqualified stock option grant to purchase 27,200 shares of the Company's stock (see "Option Grants in Last Fiscal Year" on page 17 of this Proxy Statement) and a grant of 58,800 performance shares of the Company's common stock, which will be distributed if certain free cash flow targets are achieved by April 29, 2006. The purpose of these grants is to ensure attention to the Company's long-term strategies and objectives. The Committee believes Mr. Strome's compensation to be competitive with compensation practices of the companies included in the survey prepared by the outside consultant reporting directly to the Committee.

PERFORMANCE GRAPH

The line graph below compares the cumulative total shareholder return on the Company's common stock with the cumulative total return of the Russell 2500 Index and the S&P 500 Index, for the past five-year period.

[PERFORMANCE GRAPH]

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

	1999	2000	2001	2002	2003	2004
	----	----	----	----	----	----
Handleman	100	85	80	87	120	160
Russel 2500	100	123	120	124	104	142
S&P 500	100	109	94	81	70	83

The graph assumes an investment of \$100 in the Company's common stock, the Russell 2500 Index and the S&P 500 Index as of the last day of fiscal 1999. The graph shows the cumulative total return for the Company's last five fiscal years as compared to these indices.

The Company does not believe it feasible to provide a peer group comparison because any entities that could conceivably be deemed "peers" are either privately-held companies or subsidiaries or divisions of larger publicly-held companies. Therefore, the Company has selected the Russell 2500 Index on the basis of similar market capitalization.

The assumed rates of appreciation are specified in rules of the Securities and Exchange Commission, and do not represent the Company's estimate or projection of future stock price. Actual gains, if any, resulting from stock option exercises are dependent on the future performance of the Company's common stock and overall stock market conditions, as well as the optionee's continued employment through the exercise/vesting period. There can be no assurance that the amounts reflected in this table will be achieved.

PENSION PLAN TABLE

The Company has a pension plan (the "plan") covering all employees of the Company who have reached the age of 21 and completed one year of service, except for employees covered by a collective bargaining agreement which does not provide for plan coverage. The plan provides pension benefits, death benefits and disability benefits for covered employees. For the fiscal year ended May 1, 2004, employees with five or more years of service were entitled to monthly pension benefits beginning at normal retirement age (65). The computation of benefits under the plan is based upon a formula which takes into consideration retirement age, years of service up to 30 years, average annual compensation during the highest five consecutive year period within the 10 years preceding retirement, and the average of the taxable wage base for Social Security purposes over the employee's career. The plan permits early retirement at ages 55-64 for employees with 10 or more years of service. A death benefit equal to a portion of the employee's accrued benefit is paid to the employee's spouse if the employee dies after becoming vested under the plan. An employee with 10 or more years of service whose employment by the Company terminates prior to his or her normal retirement date due to his or her permanent and total disability is entitled to receive a disability retirement benefit.

The compensation covered by the plan includes all earnings from the Company as reported on the employee's W-2 form, for base pay plus overtime and bonus payments only, plus salary deferrals under the Company's 401 (k) Plan, up to a maximum of \$205,000 for calendar year 2004.

The following table illustrates current annual benefits payable under the plan upon retirement at age 65 to persons in certain compensation and years of service classifications. The benefits are computed on the basis of a straight life annuity and are not subject to deductions for social security or other offset amounts.

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

*Compensation which may be considered for any purpose under a qualified pension plan is limited for calendar year 2004 to \$205,000.

The Internal Revenue Code limits the benefits which can be paid from any funded pension plan that qualifies for federal tax exemption. The amount for calendar year 2004 is \$165,000.

As of May 1, 2004, the credited years of service under the plan for the named Executive Officers were as follows: 26 for Stephen Strome; four for Gerardo I. Lopez; 19 for Thomas C. Braum, Jr.; four for Robert J. Sausa and five for Mark J. Albrecht.

SUPPLEMENTAL EXECUTIVE RETIREMENT PLAN TABLE

The Company sponsors a Supplemental Executive Retirement Plan (the "SERP") covering a select group of management employees of the Company. The SERP provides supplemental retirement income, and death and disability benefits. Covered employees with five or more years of service are entitled to monthly retirement income beginning at normal retirement age (65). The SERP permits early retirement at ages 55-64 for employees with 10 or more years of service. The computation of benefits under the SERP is based upon a formula which takes into consideration retirement age, years of service up to a maximum of 30 years, and average annual compensation during the highest five consecutive years within the 10 years preceding retirement. A death benefit equal to a portion of the employee's accrued benefit is paid to the employee's spouse if the employee dies after becoming vested under the SERP. An employee with 10 or more years of service whose employment by the Company terminates prior to his or her normal retirement date due to his or her total and permanent disability is entitled to receive a disability retirement benefit.

The compensation covered by the SERP includes all earnings from the Company as reported on the employee's W-2 form, for base pay, overtime, and bonus payments, plus salary deferrals. No maximum applies to compensation covered under the SERP.

The benefit amount calculated under the formula is computed on the basis of a straight life annuity and is subject to an offset by benefits provided under the pension plan.

The following table illustrates current annual benefits payable under the SERP upon normal retirement at age 65 to persons in certain compensation and years of service classifications. These benefits are in addition to benefits payable under the Company pension plan.

FINAL AVERAGE COMPENSATION	10 YEARS OF SERVICE	20 YEARS OF SERVICE	30 YEARS OF SERVICE

The Company has entered into Change in Control Agreements (the "Agreements") with Stephen Strome, Gerardo I. Lopez and Thomas C. Braum, Jr. in the event their employment is terminated as a result of, or in the connection with, a change in control (as defined in the Agreements). The Agreements expire December 31, 2004 and are automatically renewed to December 31 of each subsequent year unless and until the Company or the named Executive Officer sends a written notice of termination to the other party by September 1.

In event of termination of employment or other specified changes in the employment relationship within 24 months following a change in control, the Agreements generally provide for payments of accrued salary and bonus not paid plus a severance payment equal to the sum of base salary and the average of the annual bonus accrued during the three fiscal years prior to the termination date times 2.99. The

20

Agreements also entitle Messrs. Strome, Lopez and Braum to continue participation in the Company's life and health insurance benefits for 36 months following the termination date.

In addition, all restrictions on any outstanding incentive awards (including restricted stock and rights to performance shares) granted to Messrs. Strome, Lopez and Braum under any incentive plan or arrangement shall lapse and such incentive award shall become 100% vested and all stock options and stock appreciation rights granted to Messrs. Strome, Lopez and Braum under any incentive plan or arrangement will become 100% vested and immediately exercisable.

Based on current salaries and prior bonuses, if Messrs. Strome, Lopez or Braum had terminated their employment as of May 1, 2004 under circumstances entitling them to severance pay as described above, they would have been entitled to receive lump sum cash payments of \$2,915,300; \$1,436,400 and \$1,031,600, respectively.

II. PROPOSAL TO APPROVE THE HANDLEMAN COMPANY 2004 STOCK PLAN

The Board of Directors proposes that the shareholders approve the Company's 2004 Stock Plan (the "Plan"). Under the Plan, stock options (both Nonqualified and Incentive Options, as defined in the Plan), stock appreciation rights, restricted stock, and rights to obtain performance shares or performance units (cash awards measured by reference to the Company's stock price) may be granted to key employees and non-employee Directors (the "Participants") of the Company or of any corporation in which the Company owns stock possessing more than 25% of the combined voting power of all classes of stock (a "Subsidiary"). The stock options, stock appreciation rights, restricted stock, and rights to obtain performance shares and performance units to be granted or awarded under the Plan relate to shares of the Company's common stock.

The Board of Directors adopted the Plan on July 16, 2004 subject to approval by the Company's shareholders. The Board of Directors believes that it is in the best interests of the Company and its shareholders to be able to offer stock options, stock appreciation rights, restricted stock and rights to obtain performance shares and performance units to key employees (including officers who are also key employees) and outside Directors in accordance with the terms of the Plan in order to strengthen the mutuality of interests of key employees and outside Directors with the interests of the shareholders of the Company and to help the Company and its Subsidiaries attract and retain key employees and outside Directors. Approval of the Plan, however, could have an "anti-takeover" effect, particularly with regard to the award of restricted stock and performance shares, which generally will require no payment from the employee.

The Plan contains a number of provisions that the Board believes are consistent with the interests of shareholders and sound corporate governance practices. These include:

NO STOCK OPTION REPRICINGS. The Plan prohibits the repricing of stock options without the approval of shareholders. This provision applies to both direct repricings - lowering the exercise price of a stock option - and indirect repricings - canceling an outstanding stock option and granting a replacement stock option with a lower exercise price.

NO ANNUAL "EVERGREEN" PROVISION. The Plan does not contain an automatic provision that replenishes the number of shares reserved under the Plan based on the number or percentage of outstanding shares. Rather, a fixed number of shares are allocated for issuance under the Plan, requiring shareholder approval of any additional allocation of shares under the Plan.

NO DISCOUNT STOCK OPTIONS. The Plan prohibits the grant of a stock option with an exercise price of less than the fair market value of the Company's shares on the date the stock option is granted.

INDEPENDENT COMMITTEE. The Plan will be administered by the Compensation Committee, which consists of "outside directors" within the meaning of Rule 16b-3 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and meets the New York Stock Exchange standard for directors' independence.

The Company's 2001 Stock Option and Incentive Plan, under which 200,611 shares remained available for award as of July 12, 2004, would continue in effect in accordance with its terms upon approval of the Plan by the Company's shareholders.

In order to obtain shareholder approval of the Plan, a majority of the votes cast by shareholders present, in person or by proxy, at the Annual Meeting of Shareholders must be cast in favor of the Plan.

A FULL COPY OF THE PLAN IS ATTACHED AS APPENDIX F TO THIS PROXY STATEMENT. THE

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

MAJOR FEATURES OF THE PLAN ARE SUMMARIZED BELOW, BUT THIS IS ONLY A SUMMARY AND IS QUALIFIED IN ITS ENTIRETY BY REFERENCE TO THE ACTUAL TEXT OF THE PLAN. CAPITALIZED TERMS NOT OTHERWISE DEFINED HEREIN HAVE THE MEANINGS GIVEN THEM IN THE PLAN.

23

ADMINISTRATION

The Plan will be administered by the Compensation Committee of the Board of Directors of the Company (the "Committee"). The Committee will be comprised of Directors who meet the "non-employee director" standards of Rule 16b-3 under the Securities Act of 1934, as amended, or any similar successor rule, the "independent director" standards of the New York Stock Exchange and the "outside director" standards under Section 162(m) of the Internal Revenue Code. Subject to the provisions of the Plan, the Committee will determine, from those eligible to be Participants under the Plan, the persons to be granted stock options, stock appreciation rights, restricted stock, and rights to obtain performance shares and performance units, the amount of stock or rights to be optioned or granted to each such person, and the terms and conditions of any stock options, stock appreciation rights, restricted stock and rights to obtain performance shares and performance units. In addition, the Committee is authorized to interpret the Plan, to make, amend and rescind rules and regulations relating to the Plan and to make all other determinations necessary or advisable for its administration, all subject to the provisions of the Plan.

PLAN PARTICIPANTS

The selection of persons who are eligible to participate in the Plan and grants and awards to those individuals are determined by the Committee, in its sole discretion. The only established criterion to determine eligibility under the Plan is that individuals must be outside Directors or key employees (including officers who are also key employees) of the Company or any Subsidiary. Each grant or award under the Plan is to be evidenced by a written agreement which will contain such provisions as may be approved by the Committee.

SHARES SUBJECT TO GRANT OR AWARD

In general, the Plan limits the maximum number of shares of stock which may be issued pursuant to restricted stock awards, stock options and performance shares to 750,000 (of which no more than 500,000 shares may be issued pursuant to Incentive Options). In addition, the maximum number of stock options, stock appreciation rights, restricted stock or rights to obtain performance shares or performance units that can be granted to any Participant during any calendar year cannot exceed 200,000 shares and the maximum number of shares that can be granted to any outside Director Participant during a calendar year cannot exceed 10,000 shares.

The number of shares subject to each outstanding stock option, restricted stock award or performance share right, the option price with respect to outstanding stock options, the aggregate number of shares remaining available at any time under the Plan, and the maximum number of shares as to which grants or awards may be made to an individual Participant during any calendar year will be subject to adjustment by the Committee to reflect events such as stock dividends, stock splits, recapitalizations, mergers, consolidations or reorganizations of or by the Company.

For purposes of computing the total number of shares of stock available for grants of stock options, restricted stock or performance share awards under the Plan any shares of stock that were previously subject to grants or awards will again be available for grants or awards if they are forfeited, terminated,

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

expire unexercised, are settled in cash or are exchanged for other grants or awards.

AMENDMENT OR TERMINATION OF THE PLAN

The Board of Directors may, without shareholder approval, terminate or amend the Plan or any award or agreement pursuant to the Plan at any time, provided the Board may not, without shareholder approval, amend the Plan so as to increase the maximum number of shares in the aggregate which are subject to the Plan or with respect to which grants or awards may be made to individual Participants, modify the requirements as to eligibility for participation under the Plan or materially increase the benefits accruing to the Participants under the Plan, and the Board may not, without consent of the holder of a stock option, stock appreciation right, restricted stock award or

24

performance share or performance unit right, alter or amend any stock option, stock appreciation right, restricted stock, or right to performance shares or units previously granted or awarded under the Plan (except as specifically provided in the Plan).

Unless sooner terminated by the Board of Directors, the Plan will terminate on July 15, 2014, which is 10 years after its adoption by the Board of Directors. The termination of the Plan will not affect the validity of any stock option, stock appreciation right, restricted stock award or performance share or performance unit right outstanding on the date of termination.

STOCK OPTIONS

GRANT AND EXERCISE OF STOCK OPTIONS

Both Incentive Options and Nonqualified Options may be granted under the Plan. An Incentive Option is intended to qualify as an incentive stock option within the meaning of Section 422 of the Code. Any Incentive Option granted under the Plan will have an exercise price of not less than 100% of the fair market value of the shares on the date on which such option is granted. With respect to an Incentive Option granted to a Participant who owns more than 10% of the total combined voting stock of the Company or of any parent or Subsidiary of the Company, the exercise price for such option must be at least 110% of the fair market value of the shares subject to the option on the date the option is granted. A Nonqualified Option granted under the Plan (i.e., an option to purchase the Common Stock that does not meet the Code's requirements for Incentive Options) must have an exercise price of not less than 100% of the fair market value of the shares subject to the option on the date on which the option is granted.

The Committee is to specify in its grants of stock options the time or times at which such options will be exercisable. At the time of exercise of any option granted pursuant to the Plan, the Participant must pay the full option price of all shares purchased in cash or, with the consent of the Committee, (i) in common stock of the Company, (ii) by the Company retaining from the shares to be delivered upon exercise of the stock option that number of shares having a fair market value equal to the option price of the number of shares with respect to which the Participant exercises the option, (iii) by a broker delivering to the Company full payment for the shares with respect to which the option is exercised from the proceeds of the broker's sale of, or loan against, some or all of the shares, (iv) in the event the Company has in effect a stock repurchase program, by the Company paying to the Participant in cash the difference between the exercise price and the fair market value of the number of shares with respect to which the Participant exercises the option, less the

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

appropriate amount of withholding taxes, or (v) in such other manner as the Committee determines is appropriate, in its sole discretion. The fair market value of stock with respect to which Incentive Options are exercisable for the first time in any one year by a Participant under the Plan cannot exceed \$ 100,000.

No stock option may be exercised prior to six months (12 months for an outside Director) from the date of grant unless the Participant retires, dies or becomes disabled prior thereto.

TERM OF STOCK OPTIONS

No stock option granted under the Plan may remain outstanding for more than 10 years from the date of grant. With respect to an Incentive Option granted to a Participant who, at the time of the grant, owns more than 10% of the total combined voting stock of all classes of stock of the Company or of any parent or Subsidiary, such option will, however, expire not more than five years after the date of the grant.

CONTINUATION OF EMPLOYMENT

Unless the Committee in its discretion determines otherwise, stock options granted under the Plan may be exercised only while a Participant is an employee of the Company or a Subsidiary (or an outside Director). If the Participant's employment is terminated, the Committee may, in its

25

discretion and on certain terms and conditions specified in the Plan, extend the period of time in which the stock options may be exercised. Nevertheless, no stock option is to be exercisable after its expiration date and a stock option may only be exercised after termination of the Participant's employment to the extent that it would have been exercisable on the date of termination of the Participant's employment, provided, however, that if the termination of employment (or of an outside Director's service as a Director) is due to death or disability, all stock options granted to such Participant thereupon become exercisable in full, and provided further, that if the termination of a Participant's employment (or of an outside Director's service as a Director) is due to the Participant's retirement at a retirement age permitted under the Company's retirement plan, the Participant's stock options will become exercisable following the termination of employment or service as a Director in accordance with the provisions established at the time of grant in the relevant stock option agreement or agreements.

The Plan provides that, as a condition to granting a stock option under the Plan, the Committee may require that the prospective Participant agree in writing to remain in the employ of the Company or a Subsidiary for a designated minimum period from the date of the granting of such stock option and may further require that any Participant agree in writing to comply with any confidentiality, non-solicitation, non-competition and non-disparagement provisions. Nothing in the Plan or any grant or award confers any right to continued employment.

NON-TRANSFERABILITY OF STOCK OPTIONS

No stock option granted under the Plan is permitted to be transferred by a Participant other than by will or by the laws of descent and distribution, and such stock option may be exercisable, during the lifetime of the Participant, only by the Participant. The Committee may, however in its sole discretion and subject to such terms and conditions as it may prescribe, permit a Participant to transfer a Nonqualified Option.

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

REPRICING OF STOCK OPTIONS

No decrease in the option price (through amendment, cancellation or replacement grants, or any other means) of any stock option previously granted to a Participant where such decrease would be deemed to be a repricing thereof in accordance with Item 402(i) of Regulation S-K, or any similar or successor provision, promulgated by the Securities and Exchange Commission, shall be valid or effective unless such repricing shall be approved by a majority of the shareholders of the Company who vote on such repricing within 12 months of the date of such repricing.

STOCK APPRECIATION RIGHTS

Stock appreciation rights entitle a Participant to receive upon exercise an amount equal to the number of shares of Common Stock subject to the award multiplied by the excess of the fair market value of a share of Common Stock at the time of exercise over the grant price of such a share of Common Stock. Stock appreciation rights granted to Participants may relate to a specific stock option granted under the Plan (a tandem stock appreciation right), but may also be granted without relation to a stock option (a free-standing stock appreciation right).

A free-standing stock appreciation right may be granted by the Committee at any time and will become exercisable as determined by the Committee. The initial value per share of Common Stock of a free-standing stock appreciation right will be determined at the time of grant by the Compensation Committee, but will not be less than the fair market value of a share of Common Stock on the grant date.

A tandem stock appreciation right related to a Nonqualified Option may be granted at the same time such option is granted or at any time prior to the exercise, termination or expiration of the option. A tandem stock appreciation right related to an Incentive Option must be granted at the same time the related Incentive Option is granted. A tandem stock appreciation right will be exercisable only when the related stock option is exercisable, will be forfeited when the related stock option is forfeited and may expire no later than the expiration of the related stock option.

26

RESTRICTED STOCK

Subject to the terms of the Plan, the Committee may award shares of restricted stock to Participants. Generally, a restricted stock award will not require the payment of any share price by the Participant, but will call for the transfer of shares to the Participant subject to forfeiture, without payment of any consideration by the Company, if the Participant's employment terminates during a "restricted" period (which must be at least six months) specified in the award of the restricted stock. If the Participant's employment terminates as a result of his or her death or permanent disability or retirement at a permitted retirement age, the restrictions shall lapse. Although the Participant is not permitted to sell, transfer, pledge, hypothecate or otherwise encumber shares acquired upon the grant of restricted stock during the restricted period, the Participant has the right to vote and receive any dividends payable with respect to such shares. No action by the Committee confers upon any Participant any right to continuation of employment with the Company or a Subsidiary. The Committee may also prescribe other terms and conditions in connection with the award of restricted stock.

PERFORMANCE SHARES AND PERFORMANCE UNITS

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

Subject to the terms of the Plan, the Committee may grant to a Participant the right to obtain performance shares or performance units, or a combination thereof. The Participant's right to obtain performance shares or performance units is subject to the attainment of one or more performance goals over a performance period prescribed by the Committee. The performance goal applicable to an award to a Participant of the right to obtain performance shares or performance units would be based upon free cash flow and/or cash flow return on investment of the Company, a Subsidiary or a division or unit thereof. The performance goal may also be based upon stock price, market share, sales, revenues, earnings per share, return on equity, total shareholder return, costs, net income and/or margins of the Company, a Subsidiary or a division or unit thereof. The specific targets and other details of the performance goal are to be established by the Committee in its discretion.

The performance goal applicable to an award to a Participant of the right to obtain performance shares or performance units shall be established by the Committee in writing at any time during the period beginning on the date of the award and ending on the earlier of (i) ninety (90) days after the commencement of the performance period applicable to the award, or (ii) expiration of the first 25% of the performance period; provided, however, that there must be substantial uncertainty whether a performance goal will be attained at the time it is established by the Committee.

Unless otherwise determined by the Committee in the case of a Participant who dies or becomes permanently disabled, performance shares and performance units shall be issued to a Participant only after (i) expiration of the performance period and attainment of the performance goal applicable to the award, and (ii) issuance of a written certification by the Committee (including approved minutes of the meeting of the Committee at which the certification is made) that the performance goal and any other material terms of the award have been attained or satisfied.

No Participant shall have any of the rights of a shareholder of the Company in respect of the shares covered by a performance share award until the actual issuance of the shares to said Participant and, prior to such issuance, no adjustments shall be made for dividends, distributions or other rights in respect of such shares, except as provided in the Plan.

In its discretion and subject to such terms and conditions as it may impose, the Committee may permit a Participant to elect to defer receipt of performance shares or of the cash attributable to a performance unit to a time later than the time the shares or cash otherwise would be issued or paid to the Participant.

In the discretion of the Committee, in lieu of settling a performance share award by issuance of shares of common stock of the Company to a Participant, all or a portion of the award may be settled by payment of cash to the Participant in an amount equal to the then fair market value of the otherwise issuable shares; provided, however, that the amount of cash paid to any Participant during any calendar year in settlement of a performance share award shall not exceed \$ 1,000,000.

In its discretion, the Committee may subject a performance share or performance unit award to a Participant to any other terms or conditions not inconsistent with the foregoing, including, without limitation, a requirement that the Participant remain an employee of the Company or a Subsidiary (including at or above a specified salary grade) for the entire performance period applicable to the award.

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

CHANGE IN CONTROL

Notwithstanding any other provision of the Plan or any provision of a grant or award agreement, in the event the Committee determines that there has been or will be a change in control of the Company or of any Subsidiary, the Committee may provide for any treatment of outstanding stock options, stock appreciation rights, restricted stock, performance share or performance unit grants or awards which it determines, in its discretion, to be appropriate. Such treatment may include, without limitation, acceleration of vesting of stock options or stock appreciation rights, release of restrictions applicable to restricted stock, or deeming performance share or performance unit awards to have been earned. In determining whether there has been or will be a change in control of the Corporation or of any Subsidiary, the Committee may utilize a definition it deems appropriate of a change in control contained in any existing agreement between the Corporation or a Subsidiary and one of its senior executives.

FEDERAL INCOME TAX CONSEQUENCES

The rules governing the tax treatment of stock options, stock appreciation rights, restricted stock and performance shares and performance units are quite technical. Therefore, the description of federal income tax consequences set forth below is necessarily general in nature and does not purport to be complete. Moreover, statutory provisions are subject to change, as are their interpretations, and their application may vary in individual circumstances. Finally, the tax consequences under applicable state and local income tax laws may not be the same as under the federal income tax laws.

INCENTIVE OPTIONS

If the Participant makes no disposition of the shares acquired pursuant to exercise of an Incentive Option within one year after the transfer of shares to such Participant and within two years from the grant of the option, such Participant will realize no taxable income as a result of the grant or exercise of such option, and any gain or loss that is subsequently realized may be treated as long-term capital gain or loss, as the case may be. Under these circumstances, the Company will not be entitled to a deduction for federal income tax purposes with respect to either the issuance of such Incentive Options or the transfer of shares upon their exercise.

If shares acquired upon exercise of Incentive Options are disposed of prior to the expiration of the above time periods, the Participant will recognize ordinary income in the year in which the disqualifying disposition occurs, the amount of which will generally be the lesser of (i) the excess of the market value of the shares on the date of exercise over the option price, or (ii) the gain recognized on such disposition. Such amount will ordinarily be deductible by the Company for federal income tax purposes in the same year, provided that the amount constitutes reasonable compensation and that the Company satisfies any applicable federal income tax withholding requirements. In addition, the excess, if any, of the amount realized on a disqualifying disposition over the market value of the shares on the date of exercise will be treated as capital gain.

NONQUALIFIED OPTIONS

A Participant who acquires shares by exercise of a Nonqualified Option generally realizes as taxable ordinary income, at the time of exercise, the difference between the exercise price and the fair market value of the shares on the date of exercise. Such amount will ordinarily be deductible by the Company in the same year, provided that the amount constitutes reasonable compensation and that the Company satisfied certain federal income tax withholding requirements. Subsequent

appreciation or decline in the value of the shares on the sale or other disposition of the shares will generally be treated as a capital gain or loss.

RESTRICTED STOCK

A Participant granted shares of restricted stock under the Plan is not required to include the value of such shares in ordinary income until the first time such Participant's right in the shares are transferable or are not subject to substantial risk of forfeiture, whichever occurs earlier, unless such Participant timely files an election under Section 83(b) of the Code to be taxed on the receipt of the shares. In either case, the amount of such income will be equal to the excess of the fair market value of the stock at the time the income is recognized over the amount (if any) paid for the stock. The Company will ordinarily be entitled to a deduction, in the amount of the ordinary income recognized by the Participant, for the Company's taxable year in which the Participant recognizes such income, provided that the amount constitutes reasonable compensation and that the Company satisfies certain federal income tax withholding requirements; provided, however, that no deduction will be available to the Company to the extent the amount, together with other compensation payable to the Participant during such taxable year, exceeds \$1,000,000.

PERFORMANCE SHARES

A Participant generally will recognize ordinary income upon receipt of shares of Common Stock of the Company representing the performance shares (or cash received in lieu of the shares of Common Stock) in an amount equal to the fair market value of the earned performance shares at such time. Such amount will ordinarily be deductible by the Company in the same year, provided that the amount constitutes reasonable compensation, that the amount constitutes qualified performance-based compensation under Section 162(m) of the Code, and that the Company satisfies certain federal income tax withholding requirements.

OTHER AWARDS

In the case of stock appreciation rights and performance units, the Participant will generally recognize ordinary income in an amount equal to any cash received on the date of payment. The Company will generally be entitled to a corresponding tax deduction.

WITHHOLDING PAYMENTS

If, upon exercise of a Nonqualified Option, or upon the award of restricted stock or the expiration of restrictions applicable to restricted stock, or upon a disqualifying disposition of shares acquired upon exercise of an Incentive Option, or upon the receipt of common stock or cash representing performance shares, stock appreciation rights or performance units, the Company or any Subsidiary must pay amounts for income tax withholding, then in the Committee's sole discretion, either the Company will appropriately reduce the amount of stock or cash to be delivered or paid to the Participant or the Participant must pay such amount to the Company to reimburse the Company for such payment. The Committee may permit a Participant to satisfy such withholding obligations by electing to reduce the number of shares of the common stock delivered or deliverable to the Participant upon exercise of a stock option, award of restricted stock or receipt of Common Stock representing the performance shares, or by electing to tender an appropriate number of shares of the common stock back to the Company subsequent to exercise of a stock option, award of restricted stock or such performance shares (with such restrictions as the Committee may adopt). The Committee may also, in its discretion and subject to

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

such terms and conditions as it may impose, permit Participants to satisfy withholding tax obligations by other means.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR APPROVAL OF THE PROPOSED 2004 STOCK PLAN, AND YOUR PROXY WILL BE SO VOTED UNLESS YOU SPECIFY OTHERWISE.

APPENDIX A

CHARTER OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS OF HANDLEMAN COMPANY

This Charter sets forth the duties and responsibilities of the Audit Committee (the "Committee") of the Board of Directors (the "Board") of Handleman Company (the "Company").

MISSION STATEMENT

The Audit Committee's mission is to assist the Board in fulfilling its oversight responsibility relating to the Company's financial statements and the financial reporting processes; the systems of internal accounting and financial controls; the internal audit function; the annual independent audit of the Company's financial statements; the adequacy and effectiveness of the Company's financially-related legal, regulatory, and ethical compliance programs; and any other areas specified by the Board of potential significant financial risk to the Company.

COMPOSITION

The Committee is established by the Board and will consist of three or more members, with the exact number being recommended by the Corporate Governance and Nominating Committee. All members must be independent of the management of the Company, and free of any relationship that would interfere with their exercise of independent judgment as a Committee member. Each of the members of the Committee will be (i) an "independent director" as defined under the rules of the New York Stock Exchange, as may be amended from time to time (ii) a "non-employee director," as defined in Rule 16b-3 promulgated under Section 16 of the Securities and Exchange Act of 1934, as amended, and (iii) an "outside director" under Regulation Section 1.162-27 promulgated under Section 162(m) of

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

the Internal Revenue Code of 1986, as amended.

In addition, in order to be deemed independent of management of the Company, unless the Board of Directors determines otherwise, a member of the Committee cannot have engaged in any transaction or have been involved in any business relationship or otherwise that is described or set forth in Item 404 of Regulation S-K promulgated by the Securities and Exchange Commission.

Each member shall also be financially literate as such qualification is interpreted by the Board in its business judgment, or must become financially literate within a reasonable period of time after the member's appointment to the Audit Committee. At least one member must have accounting or related financial management expertise as the Board interprets such qualification in its business judgment.

Committee members may not simultaneously serve on audit committees of more than three public companies without Board determination and disclosure in the annual proxy statement that such service would not impair the ability of such member to serve on the Company's Audit Committee.

The Chairman of the Corporate Governance and Nominating Committee, with the assistance of the Presiding Director and Chairman of the Board, will recommend the annual appointment of the Committee members, as well as the Committee Chair. The Committee membership, including the Chair, will be determined by the entire Board of Directors.

The Committee Chair is responsible for reporting all activities and decisions of the Committee to the Board.

All members of the Committee serve at the discretion of the Board.

A-1

In the event a Director becomes disqualified from membership on the Audit Committee, such Director shall be removed as soon as practicable from service on the Audit Committee by the Board. In the event removal, resignation, retirement, death or other termination of a Director from service on the Audit Committee results in the Audit Committee comprising less than three members, the Board shall appoint a new qualified Director to the Audit Committee as soon as practicable.

PRINCIPAL FUNCTIONS

The Committee provides assistance to the Board of Directors in fulfilling its oversight responsibilities for the financial reporting process, the systems of internal control, the audit process, and the Company's process for monitoring compliance with laws and regulations and the Company's code of conduct.

APPENDIX B

HANDLEMAN COMPANY CORPORATE GOVERNANCE GUIDELINES

Handleman Company's stakeholders' interests are best served through the perpetuation of a growing, financially sound business enterprise which is committed to sound operating principals and values. The Board is responsible for determining that the Company is managed in such a way to ensure this result. This must be an active as opposed to passive responsibility. The Board has the responsibility to ensure that management is capably executing its responsibilities, and to regularly monitor the effectiveness of management policies and decisions, including the execution of its strategies.

In addition to fulfilling its obligations for increased shareholders value, the Board has responsibility to Handleman Company's customers, employees, suppliers and to the communities where it operates - all of whom are essential to a successful business. These responsibilities are best served through the successful perpetuation of the business.

The Corporate Governance and Nominating Committee ("Committee") of the Board has been empowered by its charter to review and recommend corporate governance practices and policies of Handleman Company, which may include comparing the

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

corporate governance practices of Handleman Company to those of other public companies and to make recommendations to the Board to assure the Company's leadership in this area. In this regard, the Committee reviews guidelines or practices adopted by other leading public companies, surveys and trend information. The Committee will report its findings and recommendations for action by the entire Board.

1. SELECTION OF CHAIRMAN AND CEO; PRESIDING DIRECTOR: Currently, the Chairman of the Board is the Chief Executive Officer (CEO) of Handleman Company. If the Board does not designate the Chairman of the Board as the CEO, then the President by virtue of his office is the CEO.

The Board has no policy respecting the need to separate or combine the offices of Chairman and CEO. The Board believes that this issue is part of the succession planning process and that it is in the best interests of the Company to make a determination whenever it elects a new CEO.

The Board will designate an independent Director to serve as Presiding Director. Duties and responsibilities of the Presiding Director include:

- a. Presiding over executive sessions of the independent Board members.
 - b. Advising the CEO of appropriate feedback from the executive session including any actions to be taken, as well as any issues or concerns raised by the independent Directors.
 - c. Advising on the agenda for the Board meetings.
 - d. Meeting with senior officers, if deemed appropriate, to discuss the business and issues facing the Company.
 - e. Working with the Chairman of the Corporate Governance and Nominating Committee in the selection of the Committee Chairs.
 - f. Meeting with shareholders, if appropriate, to discuss their concerns.
2. MEETING WITHOUT CEO: In those instances where the independent Directors meet without the Chairman and CEO, the Presiding Director will chair the meeting.
 3. NUMBER OF COMMITTEES: The Board has the following committees: Audit Committee, Compensation Committee and Corporate Governance and Nominating Committee. The Board has the flexibility to form a new committee or disband a current committee. It is the policy of the Board that only independent Directors serve on the Audit Committee, Compensation Committee and Corporate Governance and Nominating Committee.

B-1

4. ASSIGNMENT AND ROTATION OF COMMITTEE MEMBERS: The Chairman of the Corporate Governance and Nominating Committee with the assistance of the Presiding Director recommends the appointment of members to the committees, the composition of which is discussed and ratified by the entire Board, taking into account the desires and suggestions of individual Directors. It is the belief of the Board that committee rotation is a desirable principle, but should not be mandated as a policy since there may be reasons at a given point in time to maintain an individual Director's committee membership for a longer period or to shorten the period. The learning time to become an active contributor on a particular committee is also a factor.
5. COMMITTEE INDEPENDENCE: The Audit Committee, Compensation Committee and Corporate Governance and Nominating Committee are to be comprised entirely

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

of independent Directors.

6. COMMITTEE STRUCTURE: The Audit, Compensation, and Corporate Governance and Nominating Committees will adopt written charters which specify each committee's responsibilities and duties.
7. FREQUENCY AND LENGTH OF COMMITTEE MEETINGS: The Chair of each committee, in consultation with its members, determines the frequency and length of the meetings of the committee.
8. COMMITTEE AGENDA: The Chair of each committee, in consultation with the appropriate Officers, will develop the committee's agenda. At the beginning of the Board year (from annual shareholders meeting to annual meeting), each committee will establish a schedule of agenda subjects to be discussed during the year (to the extent these can be foreseen); the schedule for each committee will be furnished to all Directors. The agenda for each meeting will be distributed to all Directors in advance and suggestions for changes or additions will be solicited.
9. SELECTION OF AGENDA ITEMS FOR BOARD MEETINGS: At the beginning of the Board year, the Chairman will establish a schedule of agenda subjects to be discussed during the year (to the extent these can be foreseen). The Chairman will also establish the agenda for each Board meeting. The agenda for each meeting will be distributed to the Presiding Director in advance and suggestions for changes or additions will be solicited. Each Board member is free to suggest the inclusion of items on the agenda. The agenda will include reports from each committee that has held a meeting. At least one Board meeting each year will be a Board "retreat," the principal purpose of which will be a Board review of long-term strategic plans and the principal issues that Handleman Company will face in the future. The Board will have a minimum of six scheduled meetings per Board year and will be on call for additional meetings as needed.
10. BOARD MATERIALS: Information and data that are important to the Board's understanding of the business will be distributed in writing to the Board the week before the scheduled Board meeting. The Officers will strive to make the information concise yet comprehensive, and will make an ongoing effort to solicit suggestions from independent Directors on how to best meet their information needs. Interim financial and operational reports will be sent to the Directors monthly.
11. RETENTION OF CONSULTANTS: The Board has full authority to retain such financial, legal, or other consultants, as it deems appropriate. The necessary funds will be made available to pay for such services.
12. DIRECTOR RESPONSIBILITIES: Each Director is expected to use their best efforts to attend all Board and committee meetings on which such Director serves and the Annual Meeting of Shareholders. Attendance by phone is acceptable if a Director cannot attend meetings due to travel problems, schedule conflicts or similar causes.
13. REGULAR ATTENDANCE OF NON-DIRECTORS AT BOARD MEETINGS: The Chairman and CEO will invite Senior Officers to attend the meeting when their presence is expected to significantly enhance the quality of Board decisions. Generally, attendance of non-Directors will take place when their expertise is required or where attendance is encouraged as noted in Item 15 (e.g., at the Board retreat).

B-2

14. EXECUTIVE SESSIONS OF INDEPENDENT DIRECTORS: The independent Directors will

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

meet in executive session during each scheduled Board meeting. The Presiding Director will preside over the executive session and will report to the Chairman and CEO on the nature of the discussion immediately following the Board meeting. If the Presiding Director is unavailable to preside over an executive session, the Director designated to follow in the rotation as Presiding Director shall serve as Presiding Director for that meeting. The Chair of the Compensation Committee shall preside at such executive sessions of the Board as Presiding Director for fiscal year 2005, the Chair of the Audit Committee for fiscal year 2006, the Chair of the Corporate Governance and Nominating Committee for fiscal year 2007, and rotating in the same fashion thereafter.

15. **BOARD ACCESS TO SENIOR MANAGEMENT:** The Presiding Director will have complete access to the Company's Officers and counsel and will communicate issues brought up by management with the other outside Directors. It is assumed that the Presiding Director will use appropriate judgment to be sure that this contact is not distracting to the business operation of the Company and that such contact, if in writing, be copied to the Chairman and CEO under normal circumstances. Furthermore, the Board encourages the Chairman and CEO, from time to time, to bring executives into Board meetings who: (a) can provide additional insight into the items being discussed because of personal involvement in these areas or (b) represent executives with future potential that the Chairman and CEO believes should be given exposure to the Board. The Board may retain outside counsel of its choice with respect to any issue relating to its activities. The Chairman and CEO will be advised on each such occasion of the law firm selected and the issues to be addressed by it on behalf of the Board.
16. **BOARD COMPENSATION REVIEW:** Only non-employee Directors receive payment for serving in the Board. The Compensation Committee is responsible for annually evaluating and recommending Director compensation programs, including retainers, fees and stock grants, for discussion and concurrence by the full Board. Given the conflict inherent with Directors setting their own pay levels, these recommendations will be based upon information in relation to other comparable U.S. companies and in consideration of the most current best practices provided by outside consultants and/or director compensation surveys.
17. **SIZE OF THE BOARD:** It is the opinion of the Board that the optimal size of the Board under normal circumstances is 8 to 10 members. This size permits both a diversity of skills and views available to contribute to the duties of the Board and its Committees as well as the coordination and participation of all Directors in Board deliberations. However, the Board would be willing to go to a somewhat larger size in order to accommodate the availability of an outstanding candidate.
18. **MIX OF INSIDE AND OUTSIDE DIRECTORS:** The Board believes that, as a matter of policy, there should be a majority of independent Directors on the Handleman Board.
19. **DEFINITION OF INDEPENDENT DIRECTOR:** The Company has adopted the following definition of an independent Director: one who (a) is not and has not been employed by the Company or its subsidiaries in an executive capacity; (b) is not an advisor or consultant to the Company; (c) is not affiliated with a significant customer or supplier of the Company; (d) does not have a personal services contract or arrangement with the Company; (e) is not affiliated with a tax-exempt entity that receives significant contributions from the Company; and (f) is not a spouse, parent, sibling or child of a Board member or senior executive of the Company. The Board believes that all present outside Directors are independent. Compliance with the definition of independence is reviewed annually by the Corporate Governance and Nominating Committee.

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

The Board will establish and maintain standards used to determine which directors are independent. These standards shall consider the definition of (i) an "independent director" as defined under the rules of the New York Stock Exchange, as may be amended from time to time (ii) a "non-employee director," as defined in Rule 16b-3 promulgated under Section 16 of the Securities and Exchange Act of 1934, as amended, and (iii) an "outside director" under Regulation Section 1.162-27 promulgated under Section 162(m) of the Internal Revenue Code of 1986, as amended.

B-3

In addition, in order to be deemed independent of management of the Company, a Board member cannot have engaged in any transaction or have been involved in any business relationship or otherwise that is described or set forth in Item 404 of Regulation S-K promulgated by the Securities and Exchange Commission.

20. STOCK OWNERSHIP OF OUTSIDE DIRECTORS: The ownership of stock in the Company by outside Directors is required. The Board's policy is that each outside Director should, within five years of first election to the Board, own Company stock valued at market price equal to three times the annual retainer.
21. LOANS TO DIRECTORS AND EXECUTIVE OFFICERS: It is the policy of the Company not to make any personal loans to its Directors and Executive Officers.
22. FORMER CHIEF EXECUTIVE OFFICER'S BOARD MEMBERSHIP: The Board believes this is a matter to be decided in each individual instance. It is assumed that when the Chief Executive Officer resigns from that position, he/she should offer his/her resignation from the Board at the same time. Whether the individual continues to serve on the Board is a matter for discussion at that time with the new CEO and the Board.
23. BOARD MEMBERSHIP CRITERIA: The Corporate Governance and Nominating Committee is responsible for reviewing with the Board periodically the appropriate skills and characteristics required of Board members in the context of the current make-up of the Board. This assessment should include issues of diversity, age, skills such as understanding of marketing, finance, regulation and public policy, international background, other time demands (including service on other boards), commitment to Handleman's shared values, etc. - all in the context of an assessment of the perceived needs of the Company and the Board at that point in time. In order to optimize Directors' ability to represent the interest of the Company's shareholders and other constituencies, the Board has established a guideline whereby individuals nominated to serve as a Director of the Company can serve as a Director on a maximum of five other public company boards.
24. IDENTIFYING NEW DIRECTOR CANDIDATES/EXTENDING INVITATIONS TO THE BOARD: The Board itself should be responsible, in fact as well as procedure, for identifying new members. The Board delegates the screening process involved to the Corporate Governance and Nominating Committee and the Presiding Director with direct input from the Chairman and CEO. The Corporate Governance and Nominating Committee is responsible for evaluating and recommending criteria for Board membership. The invitation to join the Board should be extended by the Chairman and CEO and the Chair of the Corporate Governance and Nominating Committee.
25. ASSESSING THE BOARD'S PERFORMANCE: The Board commits to participate in a process of self-evaluation annually, led by the Corporate Governance and Nominating Committee. This will be discussed annually with the full Board.

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

This assessment should be of the Board's contribution as a whole and should specifically review areas in which the Corporate Governance and Nominating Committee or the Chairman and CEO believes a better contribution could be made. Its purpose is to increase the effectiveness of the Board. The purpose of the evaluation will be to discover if there are changes to the Board's structure and operations, which will maximize the value that the Board adds to the Company.

26. **DIRECTORS WHO CHANGE THEIR PRESENT JOB RESPONSIBILITY:** It is the sense of the Board that individual Directors who change in a substantial way the business responsibility they held when they were elected to the Board, or who develop a conflict as a Director of the Company with the person's position in, or role with, another entity should inform the Chairman and CEO and the Chair of the Corporate Governance and Nominating Committee of the change. In addition, they must volunteer to resign from the Board. It is not the sense of the Board that the Directors who retire from or change substantially the position they held when they became a Director should necessarily leave the Board. There should, however, be an opportunity of the Board via the Corporate Governance and Nominating Committee to review the continued appropriateness of Board membership under these circumstances.

B-4

27. **RETIREMENT AGE:** Directors will submit a written resignation to the Board upon reaching the age of 72. The Corporate Governance and Nominating Committee will review the desirability of continued service by that Director in light of the needs of the Company at that time and make a recommendation to the Board. If continued service is requested, that Director will then annually submit a written resignation to be considered by the Board.
28. **FORMAL EVALUATION OF THE CEO:** At the beginning of each fiscal year, the CEO will set forth in writing to the Chair of the Compensation Committee the CEO's personal goals for the performance of his duties and responsibilities during such fiscal year. The independent Directors should make this evaluation annually, and it should be communicated to the CEO by the Chair of the Compensation Committee. The evaluation should be based on objective criteria, including comparison of the CEO's goals for the year against actual results, performance of the business, accomplishment of long-term strategic objectives, management development and the like. The evaluation will be used by the Compensation Committee in the course of its deliberations when considering the compensation of the CEO.
29. **SUCCESSION PLANNING:** There will be an annual report by the CEO to the Board on succession planning. There should also be available, on a continuing basis, the CEO's recommendations as to a successor should the CEO be unexpectedly disabled.
30. **MANAGEMENT DEVELOPMENT:** There will be an annual report to the Board by the Chairman and CEO on Handleman's program for management development. This report should be given to the Board at the same time as the succession planning report.
31. **BOARD INTERACTION WITH INSTITUTIONAL INVESTORS, THE PRESS, CUSTOMERS, ETC.:** The Board believes that, in general, it is optimal for the appropriate Officers to speak for the Company and to communicate such feedback to the Board. The Presiding Director and individual outside Board members may, from time to time, meet or otherwise communicate with various constituencies that are involved with the Company, including investors. It is expected that Board members would do this with the knowledge of the Chairman and CEO and absent unusual circumstances, only at the request of the Chairman and CEO.

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

32. ADHERENCE TO CODE OF BUSINESS CONDUCT AND ETHICS: Each Director shall be familiar with and adhere to the Company's Code of Business Conduct and Ethics. The Directors shall annually acknowledge in writing that the Director has complied with the Code of Business Conduct and Ethics as it applies to the Director. Additionally, a Financial Integrity and Controls Hotline will be maintained for employees to report questionable accounting policies or practices on an anonymous basis. Management will report all such reports directly to the Audit Committee.
33. BOARD ORIENTATION: Each new Director will participate in an orientation program to be acquainted with the business, the financial position, compliance policies, and other policies relevant to Directors. In addition a "Director Information Book" is distributed to each Director, which contains information on director compensation, indemnification, meeting schedules, Company SEC filings and corporate by-laws.
34. CONTINUING EDUCATION FOR DIRECTORS: One of Handleman Company's core values is continuous learning and improvement. The Company encourages and supports this value throughout all levels of the organization. Board members also believe continuous learning is important to ensure the ongoing effectiveness of the Board. The Board encourages each Director to participate in at least one continuing education program during each Board term. Annually, management will provide the Board a list of certified continuing education programs available during the calendar year.
35. TRANSPARENCY: The Board believes that it is important that the Company's stakeholders and others are able to review its corporate governance practices. Accordingly, the Company's Corporate Governance Guidelines, Code of Business Conduct and Ethics and Committee Charters will be published on the Company's website.

APPENDIX C

HANDLEMAN COMPANY CODE OF BUSINESS CONDUCT AND ETHICS

INTRODUCTION

The foundation of the Handleman Company ("Handleman" or "Company") Code of Business Conduct and Ethics ("Code") is based upon conducting business as a good corporate citizen in strict compliance with the laws of the jurisdictions in which it does business, and promoting an environment which allows its employees, officers and Directors to practice and maintain high ethical standards. The Company proactively promotes ethical behavior among its various stakeholders. Ethical behavior requires one to go beyond minimum standards for legally acceptable behavior and act responsibly, with due regard for the well being of shareholders, customers and suppliers, as well as fellow employees and management.

Each employee, officer and Director at Handleman is responsible for his or her own behavior. While performing their job duties, employees are responsible for ensuring that they conduct themselves in a manner that reflects positively on the Company. All employees, officers and Directors should refrain from any action that reasonably might prejudice or embarrass them or the Company, or that might give or reasonably appear to give any organization an unfair competitive advantage over others similarly situated. If a situation arises which causes uncertainty as to proper conduct, and such situation is not covered by the Code of Business Conduct and Ethics, the employee should seek counsel from their supervisor, or, if necessary, executive officers or Directors of the Company.

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

This Code is supplemented in part by other corporate statements, but such other statements shall not be construed to replace or modify any of the policies in this Code. This Code applies to Handleman Company and each of its subsidiary companies.

HANDLEMAN CORE VALUES

Throughout its history, Handleman's growth, profitability and prosperity are linked to our employees' ability to make decisions that are consistent with the Company's business values and core ethical principles. By embedding these business values and principles in the Company's policies and practices, Handleman Company has established an ethical business culture that is accepted by its employees, officers and Directors, and woven into the fabric of the ways in which we work. Handleman is an exceptional company, committed to:

- HONESTY AND INTEGRITY - Honesty and integrity are defined as being free from deception, and being conscientious and adhering to a code of values. In other words, doing the right thing even when it's not in one's own self-interest.

An honest person understands that if he or she finds a wallet, it is the right thing to return it. A person with integrity will point out an error on a bill even when undercharged. As a member of the business community and representative of Handleman Company, honesty and integrity must be fundamental in all of our actions.

- ACCOUNTABILITY - In our industry we are accountable to our customers, vendors and each other. To be accountable, one must accept responsibility and be held accountable for the results. When results are not achieved, the person responsible will be held accountable, and when results are achieved that person shares in the rewards.

We are accountable to each other, and the Company is only as strong as the weakest link. In whatever area we work, the field, ADC or in the corporate office, we cannot operate in a vacuum. Instead we must interact and communicate to ensure that individual and mutual accountabilities are met and exceeded.

C-1

- CONTINUOUS LEARNING AND IMPROVEMENT - STAYING ONE STEP AHEAD OF THE INDUSTRY - Handleman's position as the leader in our industry demands that we must lead and not follow. We are obligated to create an environment of continuous learning and improvement. No matter what level of experience or knowledge we have, there is always room for improvement. The world is changing at a rapid pace; we must adapt to this change.

At the same time, continuous learning and improvement involves risks. It's easy to have a 100% success rate when you aren't taking risks; however, the true industry leader accepts failure and adapts while always moving forward. Staying one step ahead is paramount to our continued success.

- FOCUSED ON OUR STAKEHOLDERS - CUSTOMERS, EMPLOYEES, VENDORS AND SHAREHOLDERS - Shareholders win when the Company's customers, vendors and fellow employees win. This necessitates an environment of shared learning, risks and rewards. This must be our mutual goal. Everything we do and every decision we make must relate in a way

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

that benefits our customers, vendors, fellow employees, and shareholders.

Our organizational structure is designed to accomplish this goal and in doing so we are challenged to share best practices, communicate openly and honestly and have mutual respect throughout all parts of the Company.

These core values support and guide our leadership in establishing the strategic direction of the Company. The Company's employees, officers, Directors, representatives and vendors are expected to conduct their business in accordance with these ethical principles. We must work according to our ethical principles and endeavor to conduct ourselves in a manner beyond reproach. Handleman's reputation is based on the personal integrity of each of its employees, officers, Directors and those with whom we do business. Sound judgment must be exercised in the service of our reputation as a global business leader, employer of choice, and good corporate citizen

USE AND PROTECTION OF COMPANY ASSETS

All employees, officers and Directors should protect the Company's assets and ensure their efficient use. Theft, carelessness and waste have a direct impact on the Company's profitability. All Company assets should be used for legitimate business purposes. Use of corporate funds or other assets for any unlawful purpose is prohibited, local customs and traditions notwithstanding.

The improper removal of Company property from Company premises is forbidden. This includes unauthorized disclosure or transmittal of Company information to outside parties.

All work product generated by an employee, officer or Director during any period of time for which he/she is compensated by the Company is the sole property of the Company. The Company's Code does not intend that the Company would own the product of any work performed by an employee, officer or Director outside of Handleman work time, created without the use of Handleman facilities or equipment, and which is not in any way related to Handleman Company or its business.

During working hours and during any period of time that an employee is utilizing Company facilities or equipment, substantially all of the employee's time shall be devoted to his/her employment duties. Additionally, employees are responsible for the use of and control over all assets and resources employed or entrusted to them.

C-2

The Company's computer and network hardware, software, stored data and communication systems are key components of its business. Examples of communication systems are telephone, voicemail, e-mail, Internet/Intranet, fax machines and pagers. Access to the Internet is limited to business purposes only and should be made only from authorized connection points. Handleman reserves the right to review and disclose the contents of any electronic communication to others either inside or outside the Company. Employees, officers and Directors should not use any Handleman communications systems to transmit information or messages they wish to keep private. Each employee, officer and Director is responsible for protecting these resources from damage, destruction, viruses, alteration, theft, fraudulent manipulation, and unauthorized access, disclosure, or use. All employees are required to review and comply with the Company Information System Security Policies Manual and sign the Data Security Compliance Agreement form as requested.

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

ACCURATE AND COMPLETE RECORDS

Employees, officers and Directors are expected to observe and comply with generally accepted accounting principles, the system of internal accounting controls established by the Company and provisions of the Foreign Corrupt Practices Act and Sarbanes-Oxley Act requiring that corporate books and records accurately and fairly reflect, in reasonable detail, the transactions and dispositions of the assets of the Company. Employees, officers and Directors should also provide constituents with information that is full, fair, accurate, complete, objective, relevant, timely and understandable. In furtherance of these requirements:

- a. No false, misleading or artificial entries shall be made on corporate books, records and reports for any reason.
- b. No undisclosed or unrecorded corporate funds or assets shall be established for any purpose nor should any off-balance sheet transactions or financing occur without the knowledge and approval of the Chief Executive Officer ("CEO") and Chief Financial Officer ("CFO") of the Company.
- c. No payments from corporate funds or other assets shall be approved or be made with the intention or understanding that any part of such payment is to be used for any purpose other than that described by the documents supporting the payment. All payments must be supported with appropriately approved purchase orders, invoices or receipts, expense reports or other customary documents, all in accordance with established policy.
- d. Officers, Directors and persons under their direction are prohibited from improperly influencing the external auditors of the Company.

GIFTS, GRATUITIES AND BUSINESS COURTESIES

Reasonable business related expenditures for food and beverage are allowed.

Gifts and other gratuities, personal favors or benefits provided out of corporate funds or from other Company assets are prohibited, except for lawful items of nominal value which are customary in the industries in which the Company operates. Reasonable business related expenditures for food and beverage are to be properly accounted for on corporate records. Customary nominal gratuities for services performed are permitted.

Gifts, favors and entertainment may be provided at the Company's expense only if they are of sufficiently reasonable and limited value and in a form that could not be construed as a bribe, pay-off, kick back, or other illegal or unethical payment. If you feel that a gift is appropriate, please confer with your Senior Management Executive prior to giving any gifts.

C-3

Payments in the nature of a bribe or kickback from corporate funds or other assets are prohibited. Amounts received either directly or through a third party with an understanding that rebates or refunds will be made are prohibited. Rebates and refunds resulting from activities performed by or for the Company must be remitted to the Company.

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

No employee or Company sponsored or affiliated group may solicit or accept any gift, favor, support or sponsorship from an organization that does business, or seeks to do business, with the Company without the express written approval of the CEO. This includes Company athletic events or other Company recreational activity, such as a Christmas party or other Company sponsored gathering, consisting principally of Company employees.

POLITICAL CONTRIBUTION AND ACTIVITIES

The making of unlawful contributions from corporate funds or other assets to a political party, political committee or other political organization, or to a candidate for political office, is prohibited. Political contributions, if lawful, require Board of Directors' approval. Please contact Executive Assistant to the CEO, for a copy of the Company's Charitable Contribution Program for eligible contributions as well as the Matching Gifts Policy.

COMPLIANCE WITH THE LAWS, RULES AND REGULATIONS

Participation, in any capacity, by the Company or any employee, officer or Director on behalf of the Company in any action or scheme for any unlawful purpose is prohibited.

The Company and its employees, officers and Directors are expected to adhere strictly to the requirements of various laws, rules and regulations affecting the Company's business. In addition to other laws mentioned in this Code, these laws include the Internal Revenue Code and various applicable federal, state, provincial and local laws, appropriate private and public regulatory agencies, the Securities Act and the Securities Exchange Act (including prohibitions on various insider trading activities in the Company's stock and prohibitions on disclosure of material or confidential inside information), and various antitrust laws, such as the Sherman Act, the Clayton Act, the Robinson-Patman Act and the Federal Trade Commission Act (including prohibitions on price fixing, improper price inducements or allowances on the sale or purchase of merchandise, discriminatory allowances for various services or false and misleading advertising). It is not expected that every employee, officer and Director will have full knowledge of the laws affecting his or her responsibilities, but will have a general knowledge of prohibited activities related to his or her work and will seek guidance, either directly from an executive officer of the Company or from Company counsel, on any matter on which there is a question.

INSIDER TRADING

The Company's CFO or Corporate Secretary will notify individuals who are considered "restricted employees" with respect to trading in Company stock. No stock of Handleman Company should be purchased or sold by a Director or restricted employee without first clearing the proposed purchase or sale with the Company's CFO or Corporate Secretary (who will review the proposed transaction with our law firm Honigman Miller Schwartz and Cohn). In addition, the Company's policy is that any trading in the Company's stock should be made by a Director, officer or restricted employee only during the period beginning three calendar days after the date of the earnings release or release of other material information and through the end of such current fiscal quarter (the "open window period"). The open window period may be extended for up to two weeks after the close of a fiscal quarter when, upon consultation with the CFO and Honigman Miller Schwartz and Cohn, it is determined that there is no undisclosed material non-public information about the Company that could be expected to affect the investment decision of an investor. If, however, during the closed window period a release of preliminary financial results occurs, the Company's CFO or Corporate Secretary will make a determination, after consulting with the CEO and corporate counsel, if such release constitutes an earnings release sufficient to end the restricted period. If such a determination is

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

made, the restricted period will end three calendar days after the date of release

C-4

of preliminary financial results. The Company's CFO or Corporate Secretary will be responsible for advising Directors, officers and restricted employees of this change. If a personal hardship or other extenuating circumstances cause a need to sell Company stock during the restricted period, the Company's CFO or Corporate Secretary can approve sales of 500 shares or less.

In any event, however, no trading can take place at any time if there is material information regarding the Company that has not been publicly disclosed (in which event the "restricted period" shall be deemed to be in effect until the open period, beginning three calendar days after such information is publicly disclosed or is no longer material). Accordingly, since a restricted employee might not be aware of possible material developments concerning the Company, the restricted employee must always consult with the Company's CFO or Corporate Secretary before any trading occurs.

The exercise of a stock option pursuant to an existing stock option agreement may occur at any time; however, the sale of any shares of the Company's stock received as a result of the exercise of the option should be handled in the manner described in the previous paragraphs. This general rule may be further restricted, in the case of beneficial owners, Directors and Executive Officers, by the policy promulgated herein which requires adherence to various laws affecting the Company's business, including the Securities Act and the Securities Exchange Act. Such further restriction would relate to the prohibition against such individual realizing a profit by purchasing and selling, or selling and purchasing, any equity security of the Company within any period of less than six months.

Guidance for a restricted employee's participation in the Company's 401 (k) Plan ("401 (k)") follows :

- Upon first joining the 401 (k), an employee may begin contributing into the Company stock fund at any time.
- The Company match can occur at any time.
- An employee may reduce or stop deferring salary into the Company stock fund at any time.
- Once in the Plan, an employee may make a new deferral or increase a current deferral into the Company stock fund only during an open window period.
- Employee may make intra-Plan transfers into or out of the Company stock fund only during an open window period.

401 (k) transactions of Executive Officers are further regulated by the SEC. Requirements include the prohibition against realizing a profit by purchasing and selling, or selling and purchasing Company stock in the Plan within any period of less than six months.

Employees that are not considered "restricted employees" may purchase or sell Handleman Company stock at any time. If a non-restricted employee, however, becomes aware of financial results or other material information that has not been publicly disclosed, the individual will be subject to the same restricted trading periods as a restricted employee.

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

CONFLICT OF INTEREST

A "conflict of interest" occurs when an individual's private interest interferes in any way or even appears to interfere with the interests of the Company as a whole.

Employees, officers and Directors are expected to act with honesty and integrity, avoiding actual or apparent conflicts of interest in personal and professional relationships. Proper ethical handling of actual or apparent conflicts of interest between personal and professional relationships must be maintained.

It is important for all personnel to avoid conflicts of interest that could impair their independence of judgment concerning Company business. It is the desire of the Company to avoid not only actual and potential conflicts, but also the appearance of conflicts of interest involving any employee, officer or Director of the Company or its subsidiaries. The problem is not a simple one. No statement of policy, no matter how comprehensive and detailed, can possibly cover all situations and answer definitively the difficult questions of judgment involved. The Company must rely on the character, integrity and common sense of its personnel to avoid situations in which such conflicts might appear to exist.

C-5

Employees, officers and Directors must act in good faith, responsibly, with due care, competence and diligence, without misrepresenting material facts or allowing their independent judgment to be subordinated.

When there is any question that a conflict of interest might be involved in an existing situation, or in some proposed action, an employee, officer or Director should not attempt to judge his/her own case, but should resolve any doubt in favor of full disclosure of the facts to the Company.

A Director, officer or employee of the Company could be considered to have violated his/her obligation to the Company in any situation where such Director, officer or employee violates, or fails to disclose to the Company the activities of any other Director, officer or employee of the Company which violate, the guidelines outlined below.

- a. No employee, officer or Director shall engage in any activity that is or could foreseeable become competitive with any business activities and operations conducted from time to time by the Company.
- b. No employee, officer or Director shall engage in any part-time business consulting arrangements or other business activities that would affect his/her ability to perform his duties efficiently for the Company. This would not apply to normal civic or charitable duties.
- c. No employee, officer or Director or any of his/her immediate relatives shall sell or lease to, or buy or lease from, the Company any kind of property, facility, equipment or service directly or indirectly without the approval of the CEO (this section excludes the purchase of compact discs, tapes, books or other merchandise sold by the Company as permitted under normal Company operating guidelines).
- d. No employee, officer or Director or any of his/her immediate relatives shall have any interest, direct or indirect, in any vendor, supplier, customer, contractor or subcontractor doing business with the Company, except for the ownership of securities of a publicly traded company.
- e. No executive officer or Director shall obtain a personal loan from the

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

Company.

DUTY OF LOYALTY TO COMPANY

Employees, officers and Directors should not place themselves in a situation where they, rather than the Company profit from a business transaction in which the circumstances indicate that the business opportunity and the related profit rightfully should have been made available to the Company. In general, business opportunities which might reasonably be expected to be of interest to the Company should be brought to the CEO's attention for a determination as to whether the Company wishes to pursue it.

CONFIDENTIALITY

Employees, officers and Directors should maintain the confidentiality of information entrusted to them by the Company or its customers, except when disclosure is authorized or legally mandated. Confidential information includes all non-public information that might be of use to competitors, or harmful to the Company or its customers, if disclosed. Confidential information acquired in the course of an employee's, officer's, or Director's work must not be used for their personal advantage.

It is imperative that all information relating to the Company not be disclosed to any unauthorized persons. Even within your own unit or branch, information should only be revealed to those specific employees that have a need to know that information.

C-6

No employee, officer or Director shall disclose or use trade secrets, price lists, supplier lists or inside information or other confidential information which is obtained in the course of employment for such employee's, officer's or Director's or anyone else's, personal financial gain, or disclose such information to any outside person or party at any time, including after separation of employment from the Company.

FAIR DEALING

Each employee, officer and Director should endeavor to deal fairly with Handleman's customers, suppliers, competitors, shareholders and employees. No employee, officer or Director shall take unfair advantage of anyone through manipulation, concealment, abuse of privileged information, misrepresentation of material facts or any other intentional unfair dealing practice.

It is the policy of Handleman Company to recruit and hire, compensate, train, promote, discipline, demote and discharge employees in full compliance with state and federal laws relating to equal-employment opportunity.

Handleman views diversity as a business imperative that impacts sales, marketing, customer service, teamwork, recruitment, productivity, globalization and competitive advantage. The Company's aggressive growth goals, require that the workforce demographics and management of workforce diversity be an integral part of the organizational strategy.

Further, the Company has always taken pride in striving to provide a positive and harassment-free work environment, which offers each employee and officer the opportunity to perform to full potential. The Company prohibits harassment relating to an individual's race, color, creed, religion, age, national origin, citizenship status, gender, sexual orientation, weight, height, disability, marital status, veteran status or any other protected classification. Handleman's commitment to a harassment-free work environment applies to every

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

aspect of the relationship with the Company and includes employees, contractors, customers and members of the public.

REPORTING OF ILLEGAL OR UNETHICAL BEHAVIOR

All employees, officers and Directors have a duty to adhere to the Code.

The Company will not discharge, demote, suspend, threaten, harass or in any manner discriminate against any employee in terms and conditions of employment based upon any lawful actions of such employee with respect to good faith reporting of violations of laws, rules, regulations or the Code. All employees can be assured that the reporting of any known violations of others will not have an effect on their careers with Handleman Company.

The Company does not expect its employees and officers to monitor each others business policy and conduct, but expects employees and officers to maintain high ethical standards and personal integrity which may require reporting violations of this code. Any employees having information or knowledge of violation of this Code shall promptly report such matter to (i) your supervisor or other member of management, (ii) P.O. Box 206, Troy, MI 48099-0203, or (iii) the ethics e-mail at ethics@handleman.com.

Effective May 1, 2004, employees may anonymously submit concerns regarding questionable accounting or auditing matters by calling "The Network", an independent organization, which provides an anonymous reporting service for Handleman Company's Financial Integrity and Controls Hotline.

COMPLIANCE STANDARDS AND PROCEDURES

All employees, officers and Directors shall be responsible for compliance with this policy, including distribution to, and compliance by, the employees of their respective departments.

C-7

The Code of Business Conduct and Ethics is included on Handleman's Internet website www.handleman.com, and intranet website.

The CFO will update and distribute the Code to all employees, officers, and Directors, at least annually. Key employees, officers and Directors shall periodically certify compliance with this policy, and shall also require other employees to do so. The Company will discipline employees and officers who do not submit accurate acknowledgement letters in a timely manner.

Any violations of the Code must be reported as outlined above (Reporting of Illegal and Unethical Behavior).

The CEO of Handleman Company shall have overall responsibility for supervising compliance with the policy, establishing procedures whereby compliance can be monitored and investigating violations or suspected violations of this policy.

The Company's Audit Committee of the Board of Directors will oversee treatment of employee concerns of any violations or suspected violations of this policy.

Any employee or officer who violates the policies in this Code shall be subject to disciplinary action up to and including dismissal.

Any waiver of this Code for executive officers or Directors may be made only by the Board of Directors or a Board committee and will be promptly disclosed as required by law and/or NYSE regulation.

3. ADMINISTRATION: The Plan shall be administered by the Committee. Subject to the provisions of the Plan, the Committee shall determine, from those eligible to be Participants under the Plan, the persons to be granted stock options, Stock Appreciation Rights, Restricted Stock, Performance Shares and Performance Units, the amount of stock or rights to be optioned or granted to each such person, and the terms and conditions of any stock options, Stock Appreciation Rights, Restricted Stock, Performance Shares and Performance Units. Subject to the provisions of the Plan, the Committee is authorized to interpret the Plan, to promulgate, amend and rescind rules and regulations relating to the Plan and to make all other determinations necessary or advisable for its administration. 4. INDEMNIFICATION OF COMMITTEE MEMBERS: In addition to such other rights of indemnification as they may have, the members of the Committee shall be indemnified by the Company against the reasonable expenses, including attorneys' fees, actually and necessarily incurred in connection with the defense of any action, suit or proceeding, or in connection with any appeal therein, to which they or any of them may be a party by reason of any action taken or failure to act under or in connection with the Plan or any stock option, Stock Appreciation Right, Restricted Stock, Performance Share or Performance Unit granted hereunder, and against all amounts paid by them in settlement thereof (provided such settlement is approved by the Board of Directors of the Company) or paid by them in satisfaction of a judgment in any such action, suit or proceeding, except in relation to matters as to which it shall be determined in such action, suit or proceeding that such Committee member has acted in bad faith; provided, however, that within sixty (60) days after receipt of notice of institution of any such action, suit or proceeding a Committee member shall offer the Company in writing the opportunity, at its own cost, to handle and defend the same.

5. MAXIMUM NUMBER OF SHARES SUBJECT TO PLAN: The maximum number of shares of stock which may be issued pursuant to Restricted Stock or Performance Share awards or with respect to which stock options may be granted under the Plan shall not exceed in the aggregate 750,000 shares (subject to adjustments as provided in this Paragraph 5), of which no more than 500,000 shares in the aggregate (subject to adjustments as provided in this Paragraph 5) may be issued pursuant to Incentive Options.

The maximum number of shares with respect to which stock options, Stock Appreciation Rights, Restricted Stock, Performance Shares or Performance Units may be granted to any Participant (other than an Outside Director) during any calendar year shall not exceed 200,000 shares (subject to adjustments as provided in this Paragraph 5) and the maximum number of shares with respect to

F-2

which stock options, Stock Appreciation Rights or Restricted Stock may be granted to any Outside Director Participant during any calendar year shall not

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

exceed 10,000 shares (subject to adjustments as provided in this Paragraph 5).

For the purpose of computing the total number of shares of Common Stock available for grants of stock options, Restricted Stock or Performance Share awards under the Plan, there shall be counted against the foregoing limitations the number of shares of Common Stock subject to issuance upon exercise or settlement of grants or awards as of the dates on which such grants or awards are granted. The shares of Common Stock which were previously subject to grants or awards shall again be available for grants or awards under the Plan if any such grants or awards are forfeited, terminated, expire unexercised, settled in cash or exchanged for other grants or awards (to the extent of such forfeiture, termination, expiration, cash settlement or exchange of such grants or awards), or if the shares of Common Stock subject thereto can otherwise no longer be issued. Further, any shares of Common Stock which are used as full or partial payment to the Company by a Participant of the purchase price of shares of Common Stock upon exercise of a stock option shall again be available for grants or awards under the Plan. Notwithstanding the foregoing, all shares of Common Stock with respect to which a grant or award is granted shall be counted for purposes of the 200,000 and 10,000 shares per year, per Participant share limitations, regardless of whether the Participant does not realize the benefit of the grant or award as a result of forfeiture, cancellation, expiration, termination or other event. Consistent with the purposes of the Plan and with a view to avoiding over or under counting, the Committee shall, in its discretion, determine the number of shares of Common Stock to charge against the shares of Common Stock remaining available under the Plan as a result of the grant, exercise or settlement of, or other transactions relating to, grants or awards made under the Plan.

The number of shares subject to each outstanding stock option, Stock Appreciation Right, Restricted Stock, Performance Share or Performance Unit award, the option price with respect to outstanding stock options and Stock Appreciation Rights, the aggregate number of shares available at any time under the Plan, and the maximum number of shares as to which grants or awards may be made to an individual Participant during any calendar year shall be subject to such adjustment as the Committee, in its discretion, deems appropriate to reflect such events as stock dividends, stock splits, recapitalizations, mergers, consolidations or reorganizations of or by the Company; provided, however, that no fractional shares shall be issued pursuant to the Plan, no rights may be granted under the Plan with respect to fractional shares, and any fractional shares resulting from such adjustments shall be eliminated from any outstanding stock option or Restricted Stock or Performance Share award.

6. PARTICIPANTS: The Committee shall determine and designate from time to time, in its sole discretion, those Outside Directors and key employees (including officers who are also key employees) of the Company or any Subsidiary to whom stock options, Stock Appreciation Rights, Restricted Stock, Performance Shares or Performance Units are to be granted or awarded and who thereby become Participants under the Plan.

7. WRITTEN AGREEMENT: Each stock option and Stock Appreciation Right granted and each award of Restricted Stock, Performance Shares and Performance Units shall be evidenced by a written agreement between the Company and the Participant and shall contain such provisions as may be approved by the Committee. Such agreements shall constitute binding contracts between the Company and the Participant, and every Participant, upon acceptance of such agreement, shall be bound by the terms and restrictions of the Plan and of such agreement. The terms of each such agreement shall be in accordance with the Plan, but the agreements may include such additional provisions and restrictions determined by the Committee, provided that such additional provisions and restrictions do not violate the terms of the Plan.

8. ALLOTMENT OF SHARES: Subject to the provisions of Paragraph 5 of the Plan,

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

the Committee shall determine and fix the number of shares of stock with respect to which each Participant may be granted stock options and Stock Appreciation Rights and the number of Performance Shares and Performance Units and shares of Restricted Stock which each Participant may be awarded; provided, however, that no Incentive Option may be granted under the Plan to any one Participant which would result in the aggregate fair market value, determined as of the date the option is granted, of underlying

F-3

stock with respect to which Incentive Options are exercisable for the first time by such Participant during any calendar year under any plan maintained by the Company (or any parent or Subsidiary of the Company) exceeding \$100,000.

9. STOCK OPTIONS AND STOCK APPRECIATION RIGHTS: Subject to the terms of the Plan, the Committee may grant to Participants either Incentive Options, Nonqualified Options or any combination thereof, provided, however, that Outside Director Participants may only be granted Nonqualified Options and an employee of a Subsidiary may be granted an Incentive Option only if the Subsidiary is a Company (or is treated as a disregarded entity owned by a Company) fifty percent or more of the combined voting power of all classes of stock of which is owned, directly or indirectly, by the Company. Each option granted under the Plan shall designate the number of shares covered thereby, if any, with respect to which the option is an Incentive Option, and the number of shares covered thereby, if any, with respect to which the option is a Nonqualified Option. Stock Appreciation Rights may be granted hereunder to Participants either alone or in addition to or in conjunction with other awards granted under the Plan and may, but need not, relate to a specific option granted under this Paragraph 9. The provisions of Stock Appreciation Rights need not be the same with respect to each recipient. Any Stock Appreciation Right related to a Nonqualified Option may be granted at the same time such Nonqualified Option is granted or at any time thereafter before exercise or expiration of such Nonqualified Option. Any Stock Appreciation Right related to an Incentive Option must be granted at the same time such Incentive Option is granted, and may be exercised only if and when the fair market value of the Common Stock subject to the Incentive Option exceeds the aggregate exercise price for the Common Stock subject to the Incentive Option and the amount payable to the Participant upon exercise of such Stock Appreciation Right may not exceed the amount of such excess. Moreover, any Stock Appreciation Right related to an Incentive Option may be exercised only when such Incentive Option is eligible to be exercised, and shall be transferable only when such Incentive Option is transferable and under the same conditions. In the case of any Stock Appreciation Right related to any option, the Stock Appreciation Right or applicable portion thereof shall terminate and no longer be exercisable upon the termination or exercise of the related option, except that a Stock Appreciation Right granted with respect to less than the full number of shares of Common Stock covered by a related option shall not be reduced until the exercise or termination of the related option exceeds the number of shares of Common Stock not covered by the Stock Appreciation Right. Any option related to any Stock Appreciation Right shall no longer be exercisable to the extent the related Stock Appreciation Right has been exercised. The Committee may impose such conditions or restrictions on the exercise of any Stock Appreciation Right as it shall deem appropriate.

10. STOCK OPTION PRICE: Subject to the rules set forth in this Paragraph 10, at the time any stock option is granted, the Committee shall establish the price per share for which the shares covered by the option may be purchased. With respect to an Incentive Option, such option price shall not be less than 100% of the fair market value of the stock on the date on which such option is granted; provided, however, that with respect to an Incentive Option granted to an employee who at the time of the grant owns (after applying the attribution rules of Section 424(d) of the Code) more than 10% of the total combined voting stock

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

of the Company or of any parent or Subsidiary, the option price shall not be less than 110% of the fair market value of the stock on the date such option is granted. With respect to a Nonqualified Option, the option price shall not be less than 100% of the fair market value of the stock on the date such option is granted. Fair market value of a share shall be determined by the Committee and may be determined by taking the mean between the highest and lowest quoted selling prices of the Company's stock on any exchange or other market on which the shares of Common Stock of the Company shall be traded on such date. The option price shall be subject to adjustment in accordance with the provisions of Paragraph 5 of the Plan.

Notwithstanding anything to the contrary contained in the Plan, no decrease in the option price (through amendment, cancellation or replacement grants or any other means) of any stock option previously granted to a Participant, where such decrease would be deemed to be a repricing thereof in accordance with Item 402(i) of Regulation S-K, or any similar or successor provision, promulgated by the Securities and Exchange Commission, shall be valid or effective unless such repricing shall be approved by a majority of the shareholders of the Company who vote on such repricing within twelve (12) months of the date of such repricing.

F-4

11. PAYMENT OF STOCK OPTION PRICE: At the time of the exercise in whole or in part of any stock option granted hereunder, payment of the option price in full in cash or, with the consent of the Committee, in Common Stock of the Company, shall be made by the Participant for all shares so purchased. In the discretion of, and subject to such conditions as may be established by, the Committee, payment of the option price may also be made by the Company retaining from the shares to be delivered upon exercise of the stock option that number of shares having a fair market value on the date of exercise equal to the option price of the number of shares with respect to which the Participant exercises the option. In the discretion of the Committee, a Participant may exercise an option, if then exercisable, in whole or in part, by delivery to the Company of written notice of the exercise in such form as the Committee may prescribe, accompanied by irrevocable instructions to a stock broker to promptly deliver to the Company full payment for the shares with respect to which the option is exercised from the proceeds of the stock broker's sale of or loan against some or all of the shares (a "Regulation T Stock Option Exercise"). In the event the Company then has in effect a stock repurchase program, in its discretion and subject to such terms and conditions as it may impose, the Committee may permit a Participant to exercise an option and pay the option price by delivering to the Company a written notice of exercise which includes a request that the Company repurchase (and retain the repurchase price of) that number of the option shares having a fair market value on the date of exercise equal to the option price of the number of shares with respect to which the Participant exercises the option. Such payment may also be made in such other manner as the Committee determines is appropriate, in its sole discretion. No Participant shall have any of the rights of a shareholder of the Company under any stock option until the actual issuance of shares to said Participant, and prior to such issuance no adjustment shall be made for dividends, distributions or other rights in respect of such shares, except as provided in Paragraph 5.

12. GRANTING AND EXERCISE OF STOCK OPTIONS: Each stock option granted hereunder shall be exercisable at any such time or times or in any such installments as may be determined by the Committee at the time of the grant; provided, however, that no stock option may be exercisable prior to the expiration of six (6) months from the date of grant unless the Participant retires from employment at a retirement age permitted under the Company's retirement Plan or dies or becomes disabled prior thereto; and provided further that no Nonqualified Option granted to an outside Director Participant may be exercisable prior to the expiration of twelve (12) months from the date of grant unless the outside

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

director Participant dies or becomes disabled prior thereto or terminates services as an outside director prior thereto. In addition, the aggregate fair market value (determined at the time the option is granted) of the stock with respect to which Incentive Options are exercisable for the first time by a Participant during any calendar year shall not exceed \$100,000.

A Participant may exercise a stock option, if then exercisable, in whole or in part by delivery to the Company of written notice of the exercise, in such form as the Committee may prescribe, accompanied by payment for the shares with respect to which the stock option is exercised as provided in Paragraph 11. Except as provided in Paragraph 16, stock options may be exercised only while the Participant is an employee or an outside Director, as the case may be, of the Company or a Subsidiary.

Successive stock options may be granted to the same Participant, whether or not the stock option(s) previously granted to such Participant remain unexercised. A Participant may exercise a stock option, if then exercisable, notwithstanding that stock options previously granted to such Participant remain unexercised.

13. NON-TRANSFERABILITY OF STOCK OPTIONS: No stock option or Stock Appreciation Right granted under the Plan to a Participant shall be transferable by such Participant otherwise than by will, or by the laws of descent and distribution, and each such option and Stock Appreciation Right shall be exercisable, during the lifetime of the Participant, only by the Participant. Notwithstanding the foregoing, in its sole discretion and subject to such terms and conditions as it may prescribe, the Committee may permit a Participant to transfer a Nonqualified Option or related Stock Appreciation Right.

F-5

14. TERM OF STOCK OPTIONS: If not sooner terminated, each stock option granted hereunder shall expire not more than ten (10) years from the date of the granting thereof; provided, however, that with respect to an Incentive Option granted to a Participant who, at the time of the grant, owns (after applying the attribution rules of Section 424(d) of the Code) more than 10% of the total combined voting stock of all classes of stock of the Company or any parent or Subsidiary, such option shall expire not more than five (5) years after the date of granting thereof.

15. CONTINUATION OF EMPLOYMENT: The Committee may require, in its discretion, that any Participant under the Plan to whom a stock option or Stock Appreciation Right shall be granted shall agree in writing as a condition of the granting of such stock option or Stock Appreciation Right to remain in the employ of the Company or a Subsidiary for a designated minimum period from the date of the granting of such stock option or Stock Appreciation Right as shall be fixed by the Committee and may further require, in its discretion, that any Participant agree in writing to comply with any confidentiality, non-solicitation, non-competition and non-disparagement provisions and covenants that the Committee may require as a condition precedent to the exercise of a stock option or Stock Appreciation Right.

16. TERMINATION OF EMPLOYMENT: If the employment of a Participant by the Company or a Subsidiary shall be terminated (or an outside Director's service as a Director shall terminate), the Committee may, in its discretion, permit the exercise of stock options granted to such Participant (a) for a period not to exceed three months following such termination of employment (or one year following termination of employment on account of the Participant's death or permanent disability) with respect to Incentive Options, and (b) for a period not to extend beyond the expiration date with respect to Nonqualified Options. In no event, however, shall a stock option be exercisable subsequent to its expiration date. A stock option may only be exercised after termination of a

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

Participant's employment (or of an outside director's service as a director) to the extent exercisable on the date of termination of employment (or termination of service as an outside director); provided, however, that if the termination of a Participant's employment (or of an outside director's service as a director) is due to the Participant's death or permanent disability, all stock options granted to such Participant shall thereupon become exercisable in full; and provided further, that if the termination of a Participant's employment (or of an outside director's service as a director) is due to the Participant's retirement at a retirement age permitted under the Company's retirement Plan, the Participant's stock options will become exercisable following the termination of employment or service as a director in accordance with the provisions established at the time of grant in the relevant stock option agreement or agreements.

17. RESTRICTED STOCK AWARDS: Subject to the terms of the Plan, the Committee may award shares of Restricted Stock to Participants. All shares of Restricted Stock granted to Participants under the Plan shall be subject to the following terms and conditions (and to such other terms and conditions prescribed by the Committee):

- (a) At the time of each award of restricted shares, there shall be established for the shares a restricted period, which shall be no less than six (6) months. Such restricted period may differ among Participants and may have different expiration dates with respect to portions of shares covered by the same award.
- (b) Shares of Restricted Stock awarded to Participants may not be sold, assigned, transferred, pledged, hypothecated or otherwise encumbered during the restricted period applicable to such shares. Except for such restrictions on transfer, a Participant shall have all of the rights of a shareholder in respect of restricted shares awarded to him or her including, but not limited to, the right to receive dividends on, and the right to vote, the shares.
- (c) If a Participant ceases to be employed by the Company or a Subsidiary for any reason other than death, permanent disability or retirement at a retirement age permitted under the Company's retirement Plan, all shares theretofore awarded to the Participant which are still subject to the restrictions imposed by Paragraph

F-6

17(b) shall upon such termination of employment be forfeited and transferred back to the Company, without payment of any consideration by the Company; provided, however, that in the event such employment is terminated by action of the Company or a Subsidiary without cause or by agreement between the Company or a Subsidiary and the Participant, the Committee may, in its discretion, release some or all of the shares from the restrictions. For this purpose, the Committee's definition of "cause" shall be final and conclusive.

- (d) If a Participant ceases to be employed by the Company or a Subsidiary by reason of death, permanent disability or retirement at a retirement age permitted under the Company's retirement Plan, the restrictions imposed by Paragraph 17(b) shall lapse with respect to shares then subject to such restrictions.
- (e) Stock certificates may be issued in respect of shares of Restricted Stock awarded hereunder, in which event the certificates shall be registered in the name of the Participant. Such certificates, if

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

issued, shall be deposited with the Company or its designee, together with a stock power endorsed in blank, and, in the discretion of the Committee, a legend shall be placed upon such certificates reflecting that the shares represented thereby are subject to restrictions against transfer and forfeiture. In the discretion of the Committee, in lieu of issuing certificates for shares of Restricted Stock granted hereunder, the shares may be registered in the name of the Participant and held in book entry form by the Company's stock transfer agent.

- (f) At the expiration of the restricted period applicable to the shares, the Company shall deliver to the Participant or the legal representative of the Participant's estate stock certificates for the shares. If certificates for the shares have previously been issued and a legend has been placed on such certificates in accordance with Paragraph 17(e), the Company shall cause such certificates to be reissued without the legend.

In the case of events such as stock dividends, stock splits, recapitalizations, mergers, consolidations or reorganizations of or by the Company, any stock, securities or other property which a Participant receives or is entitled to receive by reason of his ownership of restricted shares shall, unless otherwise determined by the Committee, be subject to the same restrictions applicable to the restricted shares and shall be deposited with the Company or its designee or held in book entry form by the Company's stock transfer agent.

18. PERFORMANCE SHARES AND PERFORMANCE UNITS: The Committee may grant to a Participant the right to obtain Performance Shares or Performance Units, or some combination of each, subject to the following terms and conditions:

- (a) The Participant's right to obtain Performance Shares or Performance Units shall be subject to attainment of one or more performance goals over a performance period prescribed by the Committee.
- (b) The performance goal applicable to an award to a Participant of the right to obtain Performance Shares or Performance Units shall be based upon free cash flow and/or cash flow return on investment of the Company, a Subsidiary, or a division or unit thereof. The performance goal may also be based upon stock price, market share, sales, revenues, earnings per share, return on equity, total shareholders return, costs, net income, and/or margins of the Company, a Subsidiary, or a division or unit thereof. The specific targets and other details of the performance goal shall be established by the Committee in its discretion. A performance goal must, however, be objective so that a third party with knowledge of the relevant facts could determine whether the goal has been attained.

F-7

- (c) The performance goal applicable to an award to a Participant of the right to obtain Performance Shares or Performance Units shall be established by the Committee in writing at any time during the period beginning on the date of the award and ending on the earlier of (i) ninety (90) days after commencement of the performance period applicable to the award, or (ii) expiration of the first 25% of the performance period; provided, however, that there must be substantial uncertainty whether a performance goal will be attained at the time it is established by the Committee.
- (d) The performance goal established by the Committee must prescribe an

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

objective formula or standard, that could be applied by a third party having knowledge of the relevant performance results, to compute the number of Performance Shares or Performance Units issuable to the Participant if the goal is attained.

- (e) Unless otherwise determined by the Committee in the case of a Participant who dies or becomes permanently disabled, Performance Shares and Performance Units shall be issued to a Participant only after (i) expiration of the performance period and attainment of the performance goal applicable to the award, and (ii) issuance of a written certification by the Committee (including approved minutes of the meeting of the Committee at which the certification is made) that the performance goal and any other material terms of the award have been attained or satisfied.
- (f) No Participant shall have any of the rights of a shareholder of the Company in respect of the shares covered by a Performance Share or Performance Unit award until the actual issuance of the shares to said Participant and, prior to such issuance, no adjustments shall be made for dividends, distributions or other rights in respect of such shares, except as provided in Paragraph 5.
- (g) In its discretion and subject to such terms and conditions as it may impose, the Committee may permit a Participant to elect to defer receipt of Performance Shares or Performance Units to a time later than the time the shares otherwise would be issued or cash would otherwise be paid to the Participant. In such event, the Committee may, in its discretion, provide for the payment of a market rate of interest in respect of such deferral.
- (h) In the discretion of the Committee, in lieu of settling a Performance Share award by issuance of shares of Common Stock of the Company to a Participant, all or a portion of the award may be settled by payment of cash to the Participant in an amount equal to the fair market value of the otherwise issuable shares as of the end of the performance period applicable to the award; provided, however, that the amount of cash paid to any Participant during any calendar year in settlement of a Performance Share award shall not exceed \$1,000,000.
- (i) Unless otherwise determined by the Committee, Performance Shares, Performance Units or rights therein awarded to a Participant may not be sold, assigned, transferred, pledged, hypothecated or otherwise encumbered by the Participant at any time before actual issuance of the shares to the Participant.
- (j) In its discretion, the Committee may subject a Performance Share or Performance Unit award to a Participant to any other terms or conditions not inconsistent with the foregoing, including, without limitation, a requirement that the Participant remain an employee of the Company or a Subsidiary (including at or above a specified salary grade) for the entire performance period applicable to the award.

F-8

Performance Share and Performance Unit awards under the Plan are intended to constitute qualified performance-based compensation for purposes of Section 162(m) (4) (C) of the Code and the Treasury Regulations thereunder, and the provisions of this Paragraph 18 (and the other provisions of the Plan relating to Performance Share and Performance Unit awards) shall be interpreted and

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

administered to effectuate that intent. Moreover, the Committee may revise or modify the terms of an outstanding Performance Share or Performance Unit award to the extent the Committee determines, in its discretion, that such revision or modification is necessary for such award to constitute qualified performance-based compensation.

19. INVESTMENT PURPOSE: If the Committee in its discretion determines that as a matter of law such procedure is or may be desirable, it may require a Participant, upon any acquisition of stock hereunder (whether by reason of the exercise of stock options or the award of restricted or Performance Shares) and as a condition to the Company's obligation to deliver certificates representing such shares, to execute and deliver to the Company a written statement in form satisfactory to the Committee, representing and warranting that the Participant's acquisition of shares of stock shall be for such person's own account, for investment and not with a view to the resale or distribution thereof and that any subsequent offer for sale or sale of any such shares shall be made either pursuant to (a) a Registration Statement on an appropriate form under the Securities Act of 1933, as amended (the "Securities Act"), which Registration Statement has become effective and is current with respect to the shares being offered and sold, or (b) a specific exemption from the registration requirements of the Securities Act, but in claiming such exemption the Participant shall, prior to any offer for sale or sale of such shares, obtain a favorable written opinion from counsel for or approved by the Company as to the availability of such exemption. The Company may endorse an appropriate legend referring to the foregoing restriction upon the certificate or certificates representing any shares issued or transferred to the Participant under the Plan.

20. RIGHTS TO CONTINUED EMPLOYMENT: Nothing contained in the Plan or in any stock option, Stock Appreciation Right, Restricted Stock, Performance Share or Performance Unit granted or awarded pursuant to the Plan, nor any action taken by the Committee hereunder, shall confer upon any Participant any right with respect to continuation of employment by or service for the Company or a Subsidiary as an employee or outside director nor interfere in any way with the right of the Company or a Subsidiary to terminate such person's employment or service as an employee or outside director at any time with or without cause.

21. WITHHOLDING PAYMENTS: If, upon the exercise of a Nonqualified Option or Stock Appreciation Right, or upon the award of Restricted Stock or the expiration of restrictions applicable to Restricted Stock, or upon a disqualifying disposition (within the meaning of Section 421 of the Code) of shares acquired upon exercise of an Incentive Option, or upon the payment of cash pursuant to a Performance Unit award or the issuance of shares pursuant to (or the payment of cash in settlement of) a Performance Share award, there shall be payable by the Company or a Subsidiary an amount for income tax withholding, in the Committee's sole discretion, either the Company shall appropriately reduce the amount of stock or cash to be paid to the Participant or the Participant shall pay such amount to the Company or Subsidiary to reimburse it for such income tax withholding. The Committee may in its sole discretion permit Participants to satisfy such withholding obligations, in whole or in part, by electing to have the amount of Common Stock delivered or deliverable by the Company upon exercise of a stock option or upon award of Restricted Stock or Performance Shares appropriately reduced, or by electing to tender Common Stock back to the Company subsequent to exercise of a stock option or award of Restricted Stock or Performance Shares, to reimburse the Company for such income tax withholding, subject to such rules and regulations as the Committee may adopt. The Company or any of its Subsidiaries shall also have the right to withhold the amount of such taxes from any other sums or property due or to become due from the Company or any of its Subsidiaries to the Participant upon such terms and conditions as the Committee shall prescribe. The Company may also defer issuance of stock under the Plan until payment by the Participant to the Company or any of its Subsidiaries of the amount of any such tax. In the case of a Regulation T Stock Option Exercise, the Committee may in its discretion permit

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

the Participant to irrevocably instruct a stock broker to promptly deliver to the Company an amount (in addition to the option exercise price) equal to any withholding tax owing in respect of the option exercise from the proceeds of the stock broker's sale of or loan against some or all of the shares. In the event the Company then has in effect a stock repurchase program,

F-9

in its discretion and subject to such terms and conditions as it may impose, the Committee may permit Participants to satisfy their withholding tax obligations by requesting that the Company repurchase (and retain the repurchase price of) that number of shares issuable or issued under the Plan having a then fair market value equal to the amount of withholding tax due. The Committee may make such other arrangements with respect to income tax withholding as it shall determine.

22. CHANGE IN CONTROL: Notwithstanding any other provision of the Plan or any provision of a grant or award agreement, in the event the Committee determines that there has been or will be a change in control of the Company or of any Subsidiary, the Committee may provide for any treatment of outstanding stock options, Stock Appreciation Rights, Restricted Stock, Performance Share or Performance Unit grants or awards which it determines, in its discretion, to be appropriate. Such treatment may include, without limitation, acceleration of vesting of stock options and Stock Appreciation Rights, release of restrictions applicable to Restricted Stock, or deeming Performance Share or Performance Unit awards to have been earned. In determining whether there has been or will be a change in control of the Company or of any Subsidiary, the Committee may utilize a definition it deems appropriate of a change in control contained in any existing agreement between the Company or a Subsidiary and one of its senior executives.

23. GENERAL: Grants or awards may be made to Participants who are foreign nationals or employed outside the United States, or both, on such terms and conditions different from those specified in the Plan as may, in the judgment of the Committee, be necessary or desirable in order to recognize differences in local law or tax policy. The Committee also may impose conditions on the exercise or vesting of grants or awards in order to minimize the Company's obligation with respect to tax equalization for Participants on assignments outside their home country.

Except as otherwise provided in the Plan, the Committee shall be authorized to make adjustments in performance goal criteria in recognition of unusual or nonrecurring events affecting the Company or its financial statements or changes in applicable laws, regulations or accounting principles. The Committee may correct any defect, supply any omission or reconcile any inconsistency in the Plan or any Performance Share or Performance Unit award in the manner and to the extent it shall deem desirable to carry it into effect. In the event the Company shall assume outstanding employee benefit grants or awards or the right or obligation to make future such grants or awards in connection with the acquisition of another Company or business entity, the Committee may, in its discretion, make such adjustments in the terms of grants or awards under the Plan as it shall deem appropriate.

Notwithstanding any other provision of the Plan, in the case of any shares of stock that may be issued to a Participant, including upon exercise of a stock option, upon the grant of or release of restrictions applicable to Restricted Stock, or upon satisfaction of performance goals applicable to Performance Share grants, the Company may effect the issuance of the shares on a non-certificated basis, subject to applicable law or the applicable rules of any stock exchange.

24. EFFECTIVENESS OF PLAN: The Plan shall be effective as of July 16, 2004,

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

provided that the shareholders of the Company approve the Plan within twelve (12) months of that date. Stock options, Stock Appreciation Rights, Restricted Stock and rights to obtain Performance Shares and Performance Units may be granted or awarded prior to shareholder approval of the Plan, but each such stock option, Stock Appreciation Right, Restricted Stock, Performance Share or Performance Unit grant or award shall be subject to shareholder approval of the Plan. No stock option or Stock Appreciation Right may be exercised and no Performance Shares or Performance Unit may be issued prior to shareholder approval, and any Restricted Stock awarded is subject to forfeiture if such shareholder approval is not obtained.

F-10

25. TERMINATION, DURATION AND AMENDMENTS OF PLAN: The Plan may be abandoned or terminated at any time by the Board of Directors of the Company. Unless sooner terminated by the Board of Directors, the Plan shall terminate on the date ten (10) years after its adoption by the Board of Directors, and no stock options, Stock Appreciation Rights, Restricted Stock or rights to obtain Performance Shares or Performance Units may be granted or awarded thereafter. The termination of the Plan shall not affect the validity of any stock option, Stock Appreciation Right, Restricted Stock or award of a right to obtain Performance Shares or Performance Units outstanding on the date of termination.

For the purpose of conforming to any changes in applicable law or governmental regulations, or for any other lawful purpose, the Board of Directors shall have the right, without approval of the shareholders of the Company, to amend or revise the terms of the Plan or any award or agreement pursuant to the Plan at any time; provided, however that no such amendment or revision shall (i) with respect to the Plan, increase the maximum number of shares in the aggregate which are subject to the Plan or with respect to which grants or awards may be made to individual Participants (subject, however, to the provisions of Paragraph 5), materially change the class of persons eligible to be Participants under the Plan, establish additional and different business criteria on which Performance Share or Performance Unit goals are based or materially increase the benefits accruing to Participants under the Plan, without approval or ratification of the shareholders of the Company; or (ii) with respect to an award or agreement pursuant to the Plan, except as otherwise specifically provided in the Plan, alter or impair any stock option, Stock Appreciation Right, Restricted Stock or right to obtain Performance Shares or Performance Units which shall have been previously granted or awarded under the Plan, without the consent of the holder thereof.

The Plan was approved by the Compensation Committee of the Board of Directors on July 9, 2004. The Board of Directors adopted the Plan on July 16, 2004 subject to shareholder approval at the 2004 Annual Meeting of Shareholders.
